

Office of the City Manager

PUBLIC HEARING

April 26, 2022

To: Honorable Mayor and Members of the City Council

From: Dee Williams-Ridley, City Manager

Submitted by: Lisa Warhuus, Director, Health, Housing, and Community Services

Subject: Submission of the Program Year 2022 (FY 2023) Annual Action Plan
Containing Allocations of Federal Funds

RECOMMENDATION

Conduct a public hearing on the federal Program Year (PY) 2022¹ Annual Action Plan (AAP) for federal Housing and Urban Development Department (HUD) funds, including the allocation of federal funding for community agencies and, upon conclusion, adopt a Resolution:

1. Approving proposed funding allocations under the PY 2022 Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and Home Investment Partnerships Program (HOME);
2. Authorizing the execution of resultant agreements and amendments with community agencies for the above-mentioned funds;
3. Allocating 10% for HOME program administration, up to 5% to support Community Housing Development Organization (CHDO) operations, and the remaining (approximately 85%) of the PY 2022 HOME funds to the Housing Trust Fund;
4. Allocating 20% of the PY 2022 CDBG funds to Planning and Administration, up to 17.83% for public services, and the remaining to be distributed to Housing Services and Public Facility Improvements as outlined in Exhibit A with the Public Facility Improvements being a flexible line item should the HUD allocation, program income, or earlier unused funds, be more or less than estimated;
5. Allocating \$377,404 of the PY 2022 CDBG Public Facility Improvements program funding to the Fred Finch Youth Center Turning Point Facility, and an additional 10% for contingencies, for a total of \$415,144, as long as the HUD allocation and/or program income and earlier unexpended funds result in at least \$100,000 in additional funding for the facility Notice of Funding Availability (NOFA);

¹PY 2022 funding which is made available to the City of Berkeley in July 2022 coincides with the City's Fiscal Year 2023.

April 26, 2022

6. Allocating the allowable 7.5% of the PY 2022 ESG to Administration, \$6,676 to the HMIS system, up to the allowable 60% to emergency shelter/street outreach, and the remaining amount to Rapid Rehousing as outlined in Exhibit A;
7. Authorizing staff to finalize the PY 2022 Annual Action Plan for submission to the U.S. Department of Housing and Urban Development, including the planned expenditures of HUD funds, required HUD application forms and certifications, and all other HUD-required information; and
8. Authorizing the City Manager to execute and submit all documents necessary to receive the City's entitlement grants under the CDBG, ESG, and HOME Programs.

SUMMARY

As detailed in Attachment 1, Exhibit A, the Health, Housing and Community Services Department (HHCS), recommends allocating \$3,172,368 (anticipated) in CDBG funds; \$1,476,057 of which would be used for housing services activities, \$453,921 for public services and \$657,916 for the Public Facility Improvements program, which is currently operating on a rolling application basis as funds are available. HHCS also recommends allocating \$233,523 (anticipated) in ESG funds to be used to support people who are literally homeless; and \$774,813 (anticipated) in HOME funds, \$667,332 of which would be allocated to the Housing Trust Fund.

This report also includes authorization for the required submission of the Annual Action Plan (Attachment 2), which details the City's plans for implementing the CDBG, HOME, and ESG programs in federal PY 2022, which corresponds to the City's FY 2023 fiscal year.

FISCAL IMPACTS OF RECOMMENDATION

Approval of the PY 2022 AAP does not have an impact on the General Fund as it is solely committing the City's entitlement grant allocations under the Federal Department of Housing and Urban Development's CDBG, HOME, and ESG programs. General funds, including required leveraged funds for HUD programs, are awarded separately.

Since the Federal funding allocations for PY 2022 (FY23) have not been finalized, all of the award amounts in this report are estimates. Additionally, periodic program income payments from both HOME and CDBG funded activities are received through the end of the current fiscal year. If adjustments are needed due to an increase or decrease in the annual entitlement allocations, program income, or earlier unused funds, those adjustments will be allocated to the Public Facility Improvements program for CDBG, the Housing Trust Fund program for HOME, and up to the regulatory percent caps for administration of the funds.

April 26, 2022

CDBG

Staff is projecting receipt of \$250,000 PY 2021 (FY 2022) program income from CDBG-funded activities such as loan repayments, and also anticipates the availability of \$250,000 in unallocated funds from prior years. These amounts, combined with the anticipated \$2,672,368 HUD award of CDBG funds, will give the City a total of \$3,172,368 (anticipated) in CDBG funds to allocate for PY 2022.

Staff funding recommendations are summarized below in Table 1, with additional detail provided in the attached Exhibit A. Due to the expenditure caps on administration and public services, the program income and carry forward funds are only available for housing services, community facility projects, and the Housing Trust Fund. If the total CDBG funds available are more or less than the estimated \$3,172,368, the difference will either be added to or subtracted from the amount allocated to the Public Facility Improvements program alongside any adjustment necessary to adhere to the administration and public services caps.

Table 1: CDBG PY 2022 (FY 2023)	HUD Award	Program Income	Carry Forward Funds	Total
Funds Available (estimated)	\$2,672,368	\$250,000	\$250,000	\$3,172,368

Total Expenditures	\$2,672,368	\$250,000	\$250,000	\$3,172,368

HOME

The City will receive an estimated \$754,813 in HOME funds, plus an additional \$20,000 in HOME program income, for a total of \$774,813 in HOME funds available for PY 2022. Staff funding recommendations are summarized below in Table 2, with additional detail provided in the attached Exhibit A. Should the HOME allocation or program income receipts differ from the estimate, staff recommends that the City continue to utilize up to the maximum possible for administration (10%) and Community Housing Development Organization (CHDO) operations (5%), with the remaining adjustments applied to the Housing Trust Fund program.

ESG

The City's estimated ESG entitlement for PY 2022 is \$233,523. Staff funding recommendations are summarized below in Table 3 with additional detail provided in the attached Exhibit A. If HUD adjusts the actual ESG funding, staff recommends utilizing the maximum possible for administration (7.5% of the grant), allocating \$6,676 to Homeless Management Information System (HMIS) support, and using up to 60% for emergency shelter/street outreach; with the remainder going toward rapid rehousing. The same funding proportions will be applied should the amount either increase or decrease

CURRENT SITUATION AND ITS EFFECTS

The City is required to submit an Annual Action Plan to HUD by May 15 each year in order to receive its annual allocation of CDBG, ESG, and HOME funds. Council has typically allocated the majority of CDBG and ESG funds to community agencies for housing or other public services, and for community facility improvements. The majority of the HOME allocation is usually placed into the City's Housing Trust Fund, consistent with its narrow range of allowable uses. City Council is asked to approve the Annual Action Plan, including allocations of CDBG, ESG, and HOME funds, which must be submitted to HUD by May 15, 2022.

Accepting HUD funds and executing subsequent activities as defined in the Annual Action Plan advance our Strategic Plan Priority goal to create affordable housing and housing support service for our most vulnerable community members.

BACKGROUND

HUD regulations governing CDBG, ESG, and HOME funds require that the City of Berkeley submit an Annual Action Plan (AAP). HUD provides a template for the AAP which dictates much of the form and content of the document. The PY 2022 Annual Action Plan, covering the period July 1, 2022 through June 30, 2023, describes the City's strategy for achieving the goal of developing and maintaining a viable urban community through the provision of decent housing and a suitable living environment, while expanding economic, health and educational opportunities principally for households with incomes at or below 80% of Area Median Income (see Attachment 2).

The PY 2022 AAP is based on goals contained in the City's Five-Year Consolidated Plan² (2020 – 2024), which examines housing needs and establishes funding priorities in the areas of affordable housing and services for a wide range of low-income populations. HUD requires the involvement of the public in the creation of each Annual Action Plan. Berkeley's public participation process began on March 3, 2022 with a public meeting of the Housing Advisory (HAC) and will culminate in the April 26, 2022 public hearing. The HAC's mission includes advising City Council on allocations of CDBG and ESG funding.

The HAC, at its March 3, 2022 meeting, voted unanimously to recommend the City Council adopt the Annual Action Plan (AAP) for Federal Program Year (PY) 2022 including the Community Development Block Grant (CDBG) Public Facility Improvement proposal for the Fred Finch Youth Center application with an extra 10% contingency to the current proposal (M/S/C: Simon-Weisberg/Johnson. Vote - Ayes: Calavita, Fain, Johnson, Lee-Egan, Mendonca, Potter, Sanidad, and Simon-Weisberg. Noes: None. Abstain: None. Absent: Rodriguez.). The vote to include the additional 10% contingency for the Fred Finch Youth Center proposal, would increase the request from \$377,403.95 to \$415,144.

²The Consolidated Plan can be found at <http://www.ci.berkeley.ca.us/ContentDisplay.aspx?id=12160>

April 26, 2022

HHCS is in favor of the HAC recommendation to add the additional 10% to the Fred Finch Turning Point Facility application, on the condition that the PY 2022 HUD CDBG award, unexpended CDBG funds and/or CDBG generated program income, result in at least \$100,000 in funding available for another Public Facility Improvement project through the NOFA. If there is at least \$100,000 in funding available in funding for another Public Facility Improvement project, after allocating \$415,144 for the Fred Finch Turning Point Facility, then the total amount allocated to CDBG Public Facility Improvement projects would be a minimum of, \$668,052, instead of \$657,916, as is currently projected.

ENVIRONMENTAL SUSTAINABILITY AND CLIMATE IMPACTS

Upon release of the RFP for CDBG, ESG, and HOME funding in FY 2019 (PY 2018), applicants were encouraged to propose projects that met various City-wide goals, such as the Climate Action Plan. Projects funded with CDBG, ESG, and HOME are required to follow state and local regulations, including those related to green building and energy. CDBG funding for community facility projects places a priority on projects that promote energy efficiency and improve accessibility. Single family rehabilitation, including energy efficiency, was a funding priority in the FY 2019 RFP (PY 2018). With these recommendations (Attachment 1), the City will continue funding both City-administered and community agency-administrated programs. Each program funded by HUD funds also undergoes an Environmental Review to understand and mitigate possible environmental impacts.

RATIONALE FOR RECOMMENDATION

Submission of the PY 2022 Annual Action Plan is required to continue to receive CDBG, ESG, and HOME funds. The allocations recommended in this report and shown in Attachment 1, Exhibit A, are in keeping with the goals outlined in the City's five-year Consolidated Plan, which Council approved in April 2020. In addition, since the City shifted to a four-year allocation process for community agency funding, the proposed allocations continue to fund these agencies at the same levels for Fiscal Years 2020 through 2023 (PY 2019 – PY 2022).

ALTERNATIVE ACTIONS CONSIDERED

The PY 2022 Annual Action Plan includes opportunities for public and Housing Advisory Commission input and comments. Comments are considered throughout the process and are reflected in the report. No other alternative actions are currently being considered.

Failure to approve the PY 2022 Annual Action Plan for submission to HUD by May 15, 2022 could result in delays or loss of this funding.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

This Annual Action Plan is the 3rd Annual Action Plan for the current Consolidated Planning period.

2. Summarize the objectives and outcomes identified in the Plan

The City of Berkeley (COB) has ambitious objectives for spending its federal entitlement grant funding. Berkeley allocates these and other state and local funds to maximize assistance for its low and moderate-income households through:

- Housing acquisition, rehabilitation, repair, and accessibility improvements,
- Assisting homeless adults and families including those with disabilities and other special needs, through emergency shelter, transitional housing, and service-enriched affordable, supportive housing; and
- Funding public facilities improvements to protect and sustain the infrastructure critical to community services and economic vitality in Berkeley.

The COB has long placed a high priority on affordable housing and community services because they reflect important community values. The City now invests more General Fund dollars into related programs than it receives in federal funding for these activities. The City is committed to maintaining high-quality programs for those in need but faces challenges due to uncertainty in future federal funds available. At the same time, CARES Act, American Recovery Program, ESG, HOME, Consolidated Plan, and Annual Action Plan funding and/or requirements have substantially increased. Changing funding and increased administrative burdens impact the City's ability to address all of the many needs identified.

Approved Allocations. As summarized in **AP-38** and detailed in **Attachment 1**, the COB plans to allocate \$2,672,368 (anticipated) (HUD award) in Community Development Block Grant (CDBG) funds together with \$250,000 (anticipated) in prior years' carryover and \$250,000 (anticipated) in CDBG program income to fund:

- \$1,476,057 (anticipated) in housing projects and programs;
- \$453,921 (anticipated) in public services;
- \$657,916 (anticipated) for community and public facilities activities; and
- \$584,474 (anticipated) to administer all facets of the City's CDBG program.

The COB will utilize its PY22 ESG allocation of \$233,523 (anticipated) (HUD award) to serve literally homeless people through the City's Pathways STAIR Program (\$209,333 anticipated), support the County-wide Homeless Management Information System, (\$6,676) and support its program planning and administration activities at 7.5% (\$17,514 anticipated). The City takes care in calculating the shelter and outreach do not exceed 60% of our annual ESG grant. For PY22, the City's Pathways STAIR program allocation has been split with \$69,219 (anticipated) allocated to Rapid Re-Housing and \$140,114 (anticipated) allocated to Shelter and Outreach. This is evidenced in Attachment 1.

The COB will utilize its PY22 HOME allocation of \$754,813 (anticipated) (HUD award) and \$20,000 (projected) in program income for program administration at 10% (\$77,481 anticipated) including projected program income), Community Housing Development Organization (CHDO) operations (\$30,000 anticipated) and will allocate the remaining balance to its Housing Trust Fund (\$667,332 anticipated).

3. Evaluation of past performance

The City reviews and evaluates its performance through its annual submission of the Consolidated Annual Performance and Evaluation Report. The City tracks single family and multi-family housing rehabilitation efforts and housing development efforts.

The City's Single Family Rehabilitation (SFR) program comprised of 1) the City's Senior and/or Disabled Rehab Home Loan Program (SDRLP), 2) the Center for Independent Living, and 3) Habitat for Humanity Silicon Valley is evaluated on an ongoing basis to ensure that the most significant health and safety improvements are prioritized and that sufficient outreach is occurring to increase the number of unduplicated households served overtime.

The City currently operates the public facility improvement program as a rolling RFP/NOFA as funds become available and in PY19 held a release workshop with over 20 participants. Unused PY20 and available PY21 funds were applied for and awarded for the West Berkeley Service Center and the project is expected to be well underway in PY22. PY22 facility funds will once again be released and available for nonprofit and government applicants.

Outcomes for all public services community agency programs funded with federal funds are tracked, and prior outcomes are used to inform funding decisions. The City also uses countywide Homeless Count and program outcome data to inform its goals on homelessness.

4. Summary of Citizen Participation Process and consultation process

The City typically completes a fall public hearing with one or more commissions to obtain input on general community needs. However, due to the COVID-19 pandemic, commissions' work continued on an as needed basis, and the City satisfied the Citizen Participation Plan public hearing requirement by

conducting two public hearings (December 2021 and April 2022) one in response to HOME-ARP funding and the other in response to AAP planning.

The draft Annual Action was posted on the City's website, and shared with the Housing Advisory Commission (HAC) March 3, 2022 meeting. At its March meeting, the HAC approved/approved with modifications (TBD) the PY22 Draft Annual Action Plan. A Public Hearing on the PY22 Draft Annual Action Plan was held on April 26, 2022 before the Berkeley City Council. Outreach was accomplished via hard copy and electronic flyer mailings to interested parties, including Alameda County-wide Homeless Continuum of Care, community agencies serving low-income people, and public buildings such as recreation centers, senior centers, libraries and other government buildings.

5. Summary of public comments

There was TBD public comment and a discussion among commissioners at Housing Advisory Commission meetings on March 3, 2022. Comments included TBD.

Public comment at the April 26, 2022 City Council Public Hearing included testimony from TBD individuals. Comments from the public and Council discussion included: TBD

6. Summary of comments or views not accepted and the reasons for not accepting them

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

During the next year, the City of Berkeley will continue to coordinate the housing and community services activities within the department through regular senior staff meetings, such as regular Housing and Homeless Team meetings, coronavirus response for vulnerable and low-income populations meetings, and will continue to coordinate with other City Departments on specific topics. It will also consult with EveryOne Home, the countywide coordinating body and plan to end homelessness, and its partners at Alameda County Behavioral Health Care Services and Social Services Agency as well as community stakeholders in Berkeley.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

City staff continue to participate in the implementation of EveryOne Home. EveryOne Home spearheads Alameda County’s Homeless Continuum of Care. Staff will continue to participate in the initiative’s various committees and/or Leadership Board, which includes most public funders of housing and homeless services in the county, as well as leadership from key community-based organizations, including those which develop affordable housing. Leadership Board membership helps coordinate efforts across the county. In PY22, City will continue to work with EveryOne Home, Alameda County Behavioral Health Care Services, Social Service Agency and Office of Homeless Care and Coordination to continue to implement the Countywide Coordinated Entry System (CES) for homeless services and will participate in EveryOne Home’s ongoing implementation of multiple CES sites throughout the county. Other recent countywide collaboration efforts include planning for Alameda County’s 2022 Point In Time count, issuance of new Emergency Housing Vouchers continued CES redesign efforts, and the ongoing implementation of the Home Stretch registry, an initiative targeting people who are chronically homeless and highly vulnerable.

City homeless services and mental health staff will continue to participate in monthly meetings with the Berkeley Housing Authority and homeless service partners to coordinate mainstream and Emergency Housing voucher housing opportunities for the 91 Mainstream vouchers issued to BHA (90 of the 91 Mainstream Vouchers have been issued).

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

In PY22, the City will continue to work with EveryOne Home, Alameda County Behavioral Health Care Services, Social Service Agency Office of Homeless Care and Coordination to implement the newly redesigned North County Coordinated Entry System (CES), which includes the Berkeley, Emeryville and Albany, for homeless services and will participate in EveryOne Home’s ongoing implementation of the Coordinated Entry System throughout the county, particularly by supporting the North County Singles and Family Housing Resource Centers. These efforts have led to the redesign of the standardized screening, intake and assessments protocols across the Continuum of Care to streamline the assessment process and better match people who are homeless with the best fit available housing solution.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Consultation with EveryOne Home, the Alameda-Countywide Continuum of Care, City of Berkeley, the City of Oakland, and the Alameda County Housing and Community Services Department was initiated in 2012. The discussion focused on how to implement the new ESG requirements in a way that would be consistent countywide and would continue the collaboration launched in 2009 with American Recovery and Reinvestment Act (ARRA) Homelessness Prevention and Rapid Re-housing (HPRP) funds. The group held several meetings in PY12, resulting in the development of a policies and procedures manual that was used to implement the Priority Home Partnership Program. The most recent version, which includes policies and procedures for shelter and outreach activities was attached to the 2020 Consolidated Plan. Additionally, the Alameda-Countywide Continuum of Care, City of Berkeley, the City of Oakland, and the Alameda County Housing and Community Services Department have implemented new ESG-CV Rapid Rehousing Standards and Expectations (Attachment 3).

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Many of the housing and community services programs described in the Consolidated Plan will continue to be delivered by nonprofit community-based organizations. The City contracts with a wide range of housing and service providers using CDBG, HOME, ESG, Community Services Block Grant (CSBG), General Fund, and other sources of funding. These organizations leverage significant financial and in-kind support from individual community members, foundations, and private organizations that help meet the needs identified in this plan.

In addition to leveraging at the individual agency level, the City has historically matched the investment of CDBG, HOME, and ESG dollars with the investment of General Fund. In PY21 over three quarters of the funding for community agency programs came from local and General Fund dollars. The City meets the HOME 25 percent match requirement. The City meets the dollar for dollar match requirements for the ESG program by allocating General Funds to various homeless services providers. Shelter programs alone receive over \$767,447 in City General Funds each year.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City has long-term leases of City-owned property with non-profit organizations that address the needs identified. Programs operating in leased City-owned properties include:

- Dorothy Day House Emergency Storm Shelter;
- Dorothy Day House Veteran’s Building Shelter;
- Dorothy Day House Berkeley Community Resource Center;
- BOSS’ Harrison House Shelter for Homeless men, women and families;
- BOSS’ Sankofa House – emergency shelter for homeless families;
- Women’s Daytime Drop-In Center’s Bridget House – transitional housing for homeless families;
- Women’s Daytime Drop-In Center – a homeless daytime center for women and children;
- Bay Area Community Services (BACS) Pathways STAIR Center; and
- Options Recovery Services – substance use treatment services.
- Lifelong Medical Care – healthcare services for people who are homeless

The City also has long-term leases for affordable permanent housing at:

- Ocean View Gardens;
- UA Cooperative Housing; and
- William Byron Rumford Senior Plaza.

The City has committed more than \$27 million in local funding for the development of the City-owned Berkeley Way parking lot to address the needs identified in the plan. On September 9, 2014, after a Request for Qualifications process, the City Council approved the selection of a development team consisting of Bridge Housing, the Berkeley Food and Housing Project, and Leddy Maytum Stacy Architects (LMSA) as the preferred development team for the site. Since then the City has been working closely with the project team on a three-part project including homeless services and meal space, emergency shelter, permanent supportive housing, and affordable apartments. The project sponsors have secured all required funding and construction began in fall 2020. Construction is scheduled for completion in May or June 2022, and lease up is scheduled for May through September 2022. Berkeley Way will consist of 89 affordable housing for households at 50-60% AMI, 53 units of Permanent

Supportive Housing, 32-bed dormitory style shelter beds and 12 transitional housing beds for veterans.

The City is currently exploring the possible use of the City-owned Ashby BART station area air rights as well as the West Berkeley Services Center as possible future housing sites. Since Fall 2020, the City has been engaging in discussions with BART to plan for future development of affordable housing on two BART sites in Berkeley, including the Ashby BART station and North Berkeley BART station. In April 2021, the City reserved \$53 million in local funds for future housing developments with a goal of achieving a minimum of 35% affordable housing at both BART sites. The City and BART anticipate releasing RFQs for potential development teams in 2022.

Introduction

This section includes HOME-funded units only. The City has one HOME-assisted project under construction with project completion anticipated in late PY21 or early PY22. Jordan Court will add 34 affordable housing units to the City’s portfolio, including 17 HOME units. The City supported the project with over \$6 million in funding, including nearly \$2.5 million in HOME funds.

AP-60 Public Housing – 91.220(h)

Introduction

The Berkeley Housing Authority (BHA) is not a department of the City of Berkeley. BHA Board members are appointed by the Mayor and confirmed by the City Council. BHA is a Section 8 Housing Choice Voucher-only agency; BHA does not own any public housing units. Responses below pertain to BHA's voucher programs.

Actions planned during the next year to address the needs to public housing

Not applicable. As a Section 8-only agency, BHA is making special effort to increase the number of landlords participating with us to house voucher holders. We have received a grant from the City of Berkeley (\$150,000 in total) to implement a unit turnover program to incentivize landlords to participate with BHA to house voucher holders.

BHA was also recently selected as a participating Move To Work (MTW) agency in the landlord incentive cohort. After planning is concluded, staff will be able to utilize the programmatic flexibilities to further incentivize landlords into our programs so that more voucher holders may be housed in Berkeley.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Not applicable; unfortunately, the cost of housing in Berkeley prohibits BHA's ability to operate a homeownership program. Regarding involvement of our program participants, as a Section 8-only agency, BHA adheres to all of the required public processes including convening a Resident Advisory Board (RAB) to review and comment on proposed Admin. Plan changes. Additionally, the RAB provided input on the MTW application, and will provide input on the public process that will entail finalizing the MTW plans prior to implementation.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not applicable. BHA has been a high performing agency since 2010.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City uses a variety of approaches to support homeless and other vulnerable populations.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Goals for PY22 include 1) Converting ESG-Rapid Rehousing subsidies to Emergency Housing Vouchers for all eligible residents of the Safer Ground COVID-19 Respite hotels and the City's Respite Program, 2) if awarded State of California Project HomeKey funding, support a new Permanent Supportive Housing project by converting an old hotel, 3) entering into a contract and lease to support the development of 39 units of modular housing for unhoused residents of Berkeley, and 4) continue to fund and otherwise support the North County Berkeley/Albany/Emeryville Housing Resource Center – the front door to the homeless Coordinated Entry System which provides outreach, assessments, housing problem solving, housing navigation and tenancy sustaining services to unhoused residents. HRC staff will continue to implement the updated assessment process. It includes three phases: housing program solving (HPS), crisis assessment and housing assessment. The former will be focused on households that can be rapidly rehoused with limited support while the latter will be focused on households needing permanent supportive housing. This phased approach coupled with HPS flex funds will result in more varied households having access to needed supports. Staff will provide these assessments through 211 referrals, during HRC drop-in hours, and at street-based locations throughout Berkeley. Street based outreach staff will continue to engage people and provide basic necessities, such as water and hygiene kits.

Eligible people will be matched to appropriate and available resources including housing problem solving resources, housing navigation services, shelter, transitional and permanent housing programs, physical, mental health and addiction services and SSI advocacy.

The HRC will provide housing navigation services tied to rapid-rehousing and flexible financial assistance to support additional people in moving to permanent housing. Housing navigators support participants in a variety of ways from housing problem solving to assisting with identification documents and housing search activities. Once permanently housed, HRC staff will work with participants to maintain housing.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City will continue to provide funding for shelter and transitional housing as described in section MA-30 of the Consolidated Plan. The City funds multiple agencies to provide 298 year-round shelter beds, 30 seasonal shelter beds and 27 transitional housing beds. As part of the City's COVID-19 response, the census at these programs has been reduced by approximately 50% so staff and participants can maintain 6' social distancing. Additionally, funds have been provided to expand shelter operations to 24/7 and to provide three meals per day so participants don't have to leave during the day.

To offset the census reduction, while providing a safe space, the City implemented a non-congregate shelter program to house 18 households who meet the CDC's criteria for at-risk populations, 65+ or having an underlying medical condition requiring extra precautions against COVID-19. Rapid re-housing resources are being offered to help people move into permanent housing.

The City has submitted a proposal to the State of California's Encampment Resolution Funding Program to operate a 40-unit motel to support ongoing non-congregate shelter. If awarded, Berkeley will contract with the motel and a service provider to provide shelter, housing navigation and linkages to other needed services and permanent housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The North County HRC, operated by Bay Area Community Services (BACS), conducts Coordinated Entry System (CES) intakes and assessments, which prioritize people who are homeless for resources that best meet their needs, including rapid re-housing placements and placement on the County's Permanent Supportive Housing (PSH) Housing Queue. In both cases, the goal is to rapidly re-house households and support them for as long as retention services are needed and allowed.

The HRC's Housing Navigation resources will be allocated to people across the new CES housing queue, from people with the most needs and prioritized for permanent supportive housing to people who need shorter term financial assistance with little to no services support. Housing Navigators will help collect documents needed to apply for housing opportunities, housing searches and linking participants to services that will help to retain housing.

The North County HRC and the BACS Stair Program have flexible and rapid rehousing funds, which assist in reducing people's length of homelessness. The City will allocate ESG and local funds to support these efforts. While funding is available, there is still a lack of available units, within HUD's Fair Market Rent (FMR) to support households with extremely low incomes making it difficult to rapidly re-house households in the County. Often, households are being housed in neighboring counties making it challenging to provide ongoing housing retention services. This has resulted in some delays in spending City of Berkeley ESG funds for rapid re-housing. Starting in PY21, the City of Berkeley shifted its ESG allocation to fund the Pathway STAIR Center and HRC outreach. Also, the HRC has incorporated more shared housing opportunities through the use of larger units. This has provided people with limited income and a willingness to share housing more opportunities to be permanently housed.

The City's Shelter Plus Care programs fills all of its openings through HomeStretch and the "Housing First" approach in housing the target population. When an opening occurs, Home Stretch prioritizes unhoused people based on chronicity, need and date of referral, and provides participant information to the City of Berkeley, to be matched with a partner service agency that will provide case management and housing stabilization support. The case manager will support the participant to obtain and retain their housing, although services are not required in order to qualify for the rental assistance. Along the way, case managers work with participants to address issues that may have contributed to their housing instability or present obstacles to obtaining rental housing (such as poor credit, a lack of income, missing documents like a picture ID, outstanding legal issues, etc.).

In PY20, Berkeley's Health, Housing and Community Services (HHCS) Department administered two (formerly five grants, which have been consolidated to two) Permanent Supportive Housing (PSH) programs serving primarily people who are chronically homeless. The Shelter Plus Care COACH grant, with 86 Shelter Plus Care certificates, targets people who are chronically homeless. The program combines the federal housing subsidy with services provided by Berkeley Mental Health, Berkeley Case Management and Lifelong Medical Care.

The Supportive Housing Collaborative grant is the newly consolidated grant (formerly four grants) and provides a mixture of site based and scattered site housing opportunities:

129 Shelter Plus Care certificates and prioritizes people who are chronically homeless, although it is not limited to serving the chronically homeless.

14 Shelter Plus Care certificates primarily serving older adults who are living on the streets and disabled due to a serious mental illness and /or history of drug and alcohol dependence. The HHCS Department's Aging Services Division provides outreach, housing search assistance, and intensive case management for the participants enrolled in the project. 12 site-based units in partnership with Resources for Community (RCD) as the project sponsor. The contract serves 12 households. Participants are housed at one of 2 sites owned by RCD: MLK House and Erna P. Harris Court (EPHC). 11 site-based units in a collaboration between the City of Berkeley Health Housing and Community Services Department (HHCS) and Bonita House. The program targets adults who are dually diagnosed with a serious mental illness and history of alcohol and/or drug dependency.

The Square One program combines a locally funded housing subsidy, with services provided by Lifelong Medical Care. These programs are now being coordinated through HomeStretch. This new process includes prioritization for people who have the longest lengths of homelessness and the highest needs. It then connects these participants to Housing Navigators, to help support their application to HomeStretch and ultimate housing placement, as units become available.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly

funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City uses General Funds and CDBG-CV to fund services that prevent people who are not literally homeless but are at imminent risk of homelessness per the HUD Homeless definition (Category 2) from becoming homeless. Prevention assistance may include support to a household to retain its current housing or to move to other housing without having to become literally homeless. While the ESG regulations allow for federal funds to be provided to those categorized as “at-risk” but not necessarily at “imminent risk”, Berkeley uses its ESG funds for rapidly rehousing people who are literally homeless.

Berkeley funds prevention assistance for people who meet “immediate risk” criteria defined as:

“An individual or family who will imminently lose their primary nighttime residence, provided that:

- the primary nighttime residences will be lost within 14 days of the day of application for homeless assistance;
- No subsequent residence has been identified; and,
- The individual or family lacks the resources of support networks, e.g., family, friends, faith-based or other social networks, needed to obtain other permanent housing.”

Alameda County has mental health, foster youth, health care, and corrections discharge policies intended to prevent discharges of individuals from these systems into homelessness, described in detail in the Consolidated Plan.

During the coronavirus pandemic, the City expanded the housing retention program to assist households unable to pay rent due to a COVID-19 related loss of income. Households must provide a dated Notice of Eviction from landlord stating amount owed for back rent OR a letter of verification from landlord stating the amount owed for back rent, since there is currently an eviction moratorium.

The City is working with local hospitals to share information about the North County HRC and available homeless services in Berkeley to reduce discharges to local daytime drop-in centers and shelters that can’t support the needs of medically fragile people with severe disabling conditions. The City will continue to participate in countywide and regional efforts to reduce discharges into homelessness.

Discussion

The City of Berkeley supports a wide range of homeless programs, including emergency/crisis drop in centers and shelters, transitional housing, permanent supportive housing, prevention and rapid rehousing services. All contracted service providers report outcomes based on the countywide outcome standards developed by EveryOne Home, in order to inform future adjustments to the service system.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

None.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

As stated in section MA-40 of the Consolidated Plan, the following are considered potential constraints in Berkeley: accessory dwelling unit (ADU) requirements, infill development regulations and permit review process. On February 8, 2022, the City adopted a local ADU Ordinance that is both consistent with and more lenient than State law. Any residential parcel with an existing or proposed housing unit may establish an ADU with the approval of a building permit. The new ordinance exceeds the State's height limitation of 16 feet, allowing for the construction of ADUs with a maximum height of 20 feet and more flexibility in ADU design. The new ADU Ordinance is effective on March 14, 2022. While the City's ADU regulations are more lenient than State law, they may be a constraint to development of additional units; therefore, the 2015 Housing Element includes a housing program to evaluate the regulations and consider changes to development standards for ADUs. Additionally, while the zoning ordinance includes five multi-family zoning districts and the City has seen a number multi-family development projects, Housing Policy H-34 of the 2015 Housing Element encourages the review of infill development regulations in residential districts to identify and change possible constraints.

The permit process in Berkeley may be considered a constraint to housing production, although based on the amount of affordable and market-rate development that has been approved and the density of those projects, it does not appear to have deterred new development. However, Policy H-34 calls for the City to continue to improve and streamline the development review process and to evaluate regulations to identify and reduce unnecessary impediments to housing development and affordable housing projects.

With the passage of California Senate Bill (SB) 35 Berkeley, like all California cities, has an expedited path to planning and environmental approvals for affordable housing developments meeting certain State-established criteria. In 2021, the City approved one land use entitlements for a City-funded project under the SB35 rules: 1900 Fourth Street.

The City also anticipates a reduction in barriers to affordable housing with the passage of California Senate Bill 330 (2019) which reduces the number of allowable public hearings for Housing Accountability Act (HAA) compliant projects to five. In 2021, six development projects were submitted under the provisions of SB 330.

Additionally, the City also anticipates a reduction in barriers to affordable housing with the passage of California Senate Bill 9 (2021) that promotes strategic infill growth and could provide options for

homeowners to build intergenerational wealth by allowing up to four units to be established on a single-family parcel.

The City also adopted the Adeline Corridor Plan (December 2020) which introduced a local density bonus program that incentivizes the development of affordable housing in the corridor.

In 2021, the City initiated work on update of the Housing Element (2023-2031). The Housing Element serves as a comprehensive document for everyone in the Berkeley community. Racial and social equity, and protections for vulnerable and historically impacted communities, are key factors in this update to the City's housing plan. An essential component of the Housing Element is to identify sufficient sites that can accommodate future housing needs across income levels. The Housing Element must also develop various approaches in order to meet those needs, such as zoning updates or new affordable housing requirements and programs.

AP-85 Other Actions – 91.220(k)

Introduction:

The City of Berkeley uses a range of strategies to address the housing, homeless, and community development goals identified in the Consolidated Plan. This section discusses actions planned to foster and maintain affordable housing, to reduce lead-based paint hazards, to reduce the number of poverty-level families in Berkeley, and to coordinate activities in these areas with other entities.

Actions planned to address obstacles to meeting underserved needs

One of Berkeley's major obstacles to meeting underserved needs is the limited amount of federal, state, and local resources available given the diversity of needs in the community and high cost of housing in the Bay Area. The City of Berkeley will continue to pursue new State and Federal resources as available to meet underserved needs.

Actions planned to foster and maintain affordable housing

The City has several on-going programs which foster and maintain affordable housing in Berkeley:

- **Rent Stabilization Program.** In 1980, Berkeley residents passed the Rent Stabilization and Eviction for Good Cause Ordinance. The Ordinance regulates most residential rents in Berkeley, provides tenants with increased protection against unwarranted evictions and is intended to maintain affordable housing and preserve community diversity. In 2017 Council adopted the Tennant Protection Ordinance, to prohibit illegal evictions through the use of fraudulent and/or misleading representations, intimidating conduct, and coercive conduct.
- **Affordable Housing Mitigation Fee (AHMF).** This fee requires developers of new market rate rental housing to pay a fee into the Housing Trust Fund or to provide affordable apartments integrated into their development. Resulting units are affordable both to people with incomes less than 50 percent and less than 80 percent of Area Median Income (AMI). A portion of all 50% AMI units are set aside for Shelter+Care and Section 8 voucher holders. The Council adopted a formula for increasing the rate over time consistent with the Construction Costs Index (CCI).
- **Condominium Conversion Ordinance (CCO).** The CCO governs the conversion of rental apartments and tenancy-in-common buildings to condominiums, and other types of mutual or cooperative housing. A mitigation fee for production of permanently affordable housing is collected for each unit converted into a condominium and allocated to the Housing Trust Fund.
- **Commercial Linkage Fee.** The Affordable Housing Mitigation Program for commercial construction was approved on April 20, 1993. It imposes a fee on commercial new construction in which the newly constructed gross floor area is over 7,500 square feet that is allocated to the Housing Trust Fund.
- **Housing Trust Fund (HTF).** The City of Berkeley created its HTF in 1990 to help develop and preserve

below-market-rate housing. The HTF program pools funds for affordable housing construction from a variety of sources with different requirements, makes them available through one single application process to local developers, then monitors development and operation of the funded housing.

- Inclusionary Housing Ordinance for ownership housing. The ordinance requires developers of market rate ownership housing to include affordable ownership units or pay a fee allocated to the Housing Trust Fund.
- Relocation Ordinance. In 2011, the City of Berkeley adopted a local ordinance to prevent tenants from being permanently displaced if they must vacate their unit temporarily while repairs are completed to bring the unit into code compliance. The Ordinance requires the Owner to allow the tenants to move back into the unit once repairs are completed, and to provide financial compensation to tenants to mitigate the costs associated with being temporarily displaced.
- Mortgage Credit Certificate. MCC is a federal income tax credit that provides qualified low income homebuyers a tax credit worth up to 15 percent of their annual mortgage interest paid on their home loan. MCC recipients adjust their federal income tax withholding, which increases their take-home pay, making monthly mortgage payments more affordable. The City participates in the Alameda County MCC program.
- Senior and Disabled Loan Rehab Program. HHCS administers the program as an effort to preserve the City's housing stock and to assist low- and moderate-income senior and disabled homeowners, funded by CDBG and CalHOME. The applicants receive a zero interest loan, secured by a deed of trust on their home, which is repaid when title to the property changes hands, typically as a result of the sale of the property or inheritance by the owner's heirs.
- Fair Chance to Housing. In March of 2020, Berkeley City Council passed the Fair Chance Access to Housing Ordinance, prohibiting the use of criminal history and/or criminal background checks in the tenant selection process for rental housing.

Actions planned to reduce lead-based paint hazards

The City will continue to comply with the Environmental Protection Agency's Renovation, Repair, and Painting Program in its Senior and Disabled Rehabilitation Loan Program. Similarly, organizations working with the City of Berkeley on single family rehabilitation will work with the City and Alameda County Lead Poisoning Prevention Programs to increase awareness of lead issues among their clients and incorporate lead safe work practices into their activities.

The City of Berkeley Childhood Lead Poisoning Prevention Program collaborates with the Berkeley Health, Housing & Community Services Department's State lead-certified Risk Assessor/Inspector, Project Designer, and Project Monitor. Berkeley's program also provides case management services to families with children who have elevated blood lead levels. Public Health Nursing services include outreach, health education, and follow-up with providers and families for initial blood lead levels (BLLs)

of > 4.5 and < 9.5 µg/dL; follow-up/lead poisoning consultation for initial BLLS > 9.5 and < 14.5 (potential cases) and case management for children with blood lead levels > 14.5 µg/dL.

The Alameda County Healthy Homes Department (ACHHD) also provides HUD-funded lead hazard control grants for addressing lead hazards in qualifying Berkeley pre-1978 housing units that are occupied by a low income household with a priority for units with a child under 6 living in the unit, a pregnant occupant, or a child under 6 years who visits twice a week for at least three hours each time. Since July 1, 2020, ACHHD has completed lead evaluation at one unit in Berkeley which is under contract for lead hazard repair, has approved another unit for service and has seven units in the application process. The goal of the program is to make 144 housing units lead-safe county-wide over the 42-month grant period.

ACHHD also provides lead safety and healthy housing training. For coronavirus safety, in person trainings have been suspended under the County's Shelter-In-Place orders. The ACHHD has increased traditional media, social media, and web content to continue outreach and education.

The ACHHD's outreach and education activities promote lead safety, regulatory compliance, and participation in ACHHD lead hazard control grant programs to property owners, property managers. The ACHHD coordinates lead poisoning prevention outreach activities with the City of Berkeley Public Health. ACHHD also currently provides lead-safe painting supplies kit to eligible property owners.

Outreach partners and locations for property owner presentations, staff trainings, and literature distribution have included the Berkeley Rent Stabilization Board and Permit Office, the Berkeley Housing Authority, Tool Lending Library, North Berkeley Senior Center, YMCA, Berkeley Property Owners Association, the East Bay Rental Housing Association which is in Oakland but serves Berkeley property owners, the Ecology Center, and local paint and hardware stores. The ACHHD participates in local collaborations and with partners including the Berkeley Tobacco Prevention Coalition, Bay Area Lead Programs, Berkeley Black Infant Health, Kerry's Kids, Rebuilding Together East Bay North, Habitat, and the Safe Kids Coalition.

Actions planned to reduce the number of poverty-level families

The City funds a wide variety of social service programs designed to assist households with poverty level incomes. These programs include childcare and a range of services for special needs populations, which are outlined in other sections of this Consolidated Plan. This section will highlight the City's strategies to increase livable wage employment opportunities by supporting related community services and working with public and private regional partners. Strategies include:

- Funding and refinement of anti-poverty programs provided by community-based organizations and by the City. Federally funded community agency contracts are outlined in the Annual Action Plan.
- Continue implementation of the City of Berkeley's Living Wage Ordinance.
- Foster regional coordination on economic development to benefit low income Berkeley residents.

- The City of Berkeley Family Friendly and Environment Friendly Ordinance (BFFFWO) allows workers to seek a flexible or alternative work arrangements with their employer to accommodate needs such as child or elder care as well as consideration for a modified schedule to reduce environmental impacts associated with traveling to and from work.
- The City of Berkeley continues to serve as an integral partner for Berkeley’s 2020 Vision, a communitywide initiative that strives to eliminate racial disparities in academic achievement in Berkeley public schools. In the face of COVID-19, the role of Berkeley’s 2020 Vision shifted to focus on improving safety and equity among schools, child care and youth providers in the City of Berkeley. The City of Berkeley serves as a training and technical assistance hub for child- and youth-serving departments within the City and other child- and youth-serving agencies and programs throughout Berkeley.
- Linking homelessness and homelessness prevention programs, such as the coordinated entry system, to employment training and placement opportunities. The HRC has an employment position that primarily supports people who are literally homeless and in some cases people who were previously homeless but still receiving housing retention services.
- The City has contracted with a number of workforce development programs to provide training, education and job placement for low income, under-employed, and unemployed residents:
 - Inter-City Services provides employment, training, and education and continues to serve veterans as funded under the Governor’s 15% Discretionary pool of Workforce Investment Act (WIOA) funds.
 - Biotech Partners operates the Biotech Academy at Berkeley High School, targeting youth from under-represented populations in the fields of science and technology (African American, Latino, South East Asian, and female and low-income youth) and who may be at risk of not graduating from high school.
 - The Bread Project provides training in culinary arts and bakery production, and includes the formerly incarcerated as their target population. They operate a social enterprise (wholesale bakery) that creates opportunities for trainees to obtain crucial on-the-job experience.
 - Rising Sun Center for Opportunity (formerly known as Rising Sun Energy Center) Green Energy Training Services (GETS) provides pre-apprenticeship classroom and hands-on training in the Building and Construction trades which serves as a pathway for careers in construction including green and clean technologies. Rising Sun also operates the California Youth Energy Services (CYES) program funded by the CA Public Utilities Commission, providing summer jobs for youth conducting residential energy audits.
 - Berkeley Youth Alternatives (BYA) receives WIOA funding through Alameda County Workforce Development Board (ACWDB) to provide workforce development services to in-school and out-of-school youth. The area of workforce development is a focus area for increased coordination, including establishing methods to maximize and leverage resources. BYA, utilizing city funds, provides training to disadvantaged youth in all aspects of park and landscape maintenance in addition to summer and after-school programs for children and youth.

- UC Theatre Concert Careers Pathways (UCCCP) is a nine-month program for young people ages 17-25, providing workshops and paid internships for participants to learn all aspects of live music venue production.
- Continuing the City’s Local Hire policies which include the Community Workforce Agreement (CWA) between the City of Berkeley and the Building trades (created in 2011) which applies to publicly funded construction projects estimated at \$500,000 or above, and, the First Source local hiring policy which applies to both public infrastructure projects estimated between \$100,000 - \$499,999 and private development over 7,500 square feet. develop the
- The YouthWorks employment program continued its partnerships with City and nonprofit agencies. YouthWorks targets low income, at-risk youth and provides all youth with workplace skills training. City of Berkeley departments and local community agencies serve as worksites providing valuable work experience to Berkeley youth 14-25 years old.
- The City’s Recreation Division of the Park, Recreation & Waterfront Department partners with the Berkeley Unified School District and YouthWorks on the Achievers Program, which provides leadership development, career exploration and peer-led tutoring. This program is also used as a stepping stone for entry into the City’s YouthWorks program.
- Funded through the City’s Public Works Department, the Downtown Streets Team, a non-profit organization, homeless and low-income persons volunteer to beautify commercial districts while engaging in case management and employment services.

The City's anti-poverty strategy continues to be closely tied to the funding of approximately 50 community agencies to provide services as described above to enable people in poverty to attain self-sufficiency, support at-risk youth to succeed in school and graduate, and protect the health and safety of low-income people. The City also funds anti-poverty programs with general funds for job training and creation/job placement agencies.

Actions planned to develop institutional structure

During the next year, the City of Berkeley will continue to coordinate the housing and community services activities within the department through regular senior staff meetings and coordination on specific topics. The City’s Health & Human Services and its Housing Departments merged in PY12. Since that time, senior leadership of all Divisions meets weekly to share information on Division activities which promotes closer coordination. For example, in PY20, the senior leadership of each Division, facilitated by the City’s Homeless Services Coordinator, explored mechanisms to better coordinate housing, services, and public and mental health services. In PY21, Housing Community Services Division (HCS) increased its coordination with Berkeley Mental Health (BMH) and Aging Services (AS) Divisions to support people who were literally homeless and at risk if infected with COVID-19. This occurred through regular case conference meetings. The City’s Homeless Services Coordinator moved to the City Manager’s Office, resulting in increased outreach and service coordination between the HCS and the City Manager’s Neighborhood Services (NS) Division. This coordination among HCS, BMH, AS and NS

Divisions will continue to support existing and new projects in PY22. The Division leadership will continue to seek opportunities to increase coordination during PY22.

Actions planned to enhance coordination between public and private housing and social service agencies

City staff will also continue to participate in the implementation of EveryOne Home, the countywide plan to end homelessness. EveryOne Home spearheads Alameda County's Continuum of Care. Staff will continue to participate in the initiative's Leadership Board, which includes most public funders of housing and homeless services in the county, as well as leadership from key community-based organizations. Leadership Board membership helps coordination efforts across the county. Staff also participates in other committees composed of other funders (such as Alameda County Behavioral Health Care Services, Social Services Agency, and the Office of Homeless Care and Coordination) as well as many community-based organizations.

Recent countywide collaboration efforts include the ongoing refinement of the Coordinated Entry System Project Roomkey hotels, and the issuance of Emergency Housing Voucher (EHV) to support permanent housing for Project Roomkey participants. The City will continue to work with County partners on CES efforts, EHV lease ups and other efforts that increase permanent housing opportunities. Lastly, the City will continue to coordinate with the County, BHA and other partners to market landlord incentive programs to increase the portfolio of available private market units.

City staff continue to collaborate with service agencies, from legal advocacy assistance, to disability rights organizations for unit modifications, the VA for VASH vouchers, and the Berkeley Housing Authority (BHA) for Mainstream and Emergency Housing vouchers. Additionally, with Project-based voucher allocations and through work with owners of Below Market Rate units, BHA has partnered with both non-profit and for-profit developers of housing in Berkeley, to house those participating in our programs. In 2021 BHA received an allocation of 51 Emergency Housing Vouchers from HUD; City staff, and community/social services partners meet twice monthly to collaborate on the lease up of these vouchers for the formerly homeless, in Berkeley.

Discussion:

The majority of Berkeley's activities furthering the goals of the Consolidated Plan are provided by community agency partners. This will continue to be the case in PY22.

1. Include written standards for providing ESG assistance (Attachment 3)

The City's standards for providing ESG assistance were updated in 2020. The most recent version was attached to the 2020 Consolidated Plan Each Annual Action Plan and any subsequent amendment notification and request for public comment is sent to the Homeless and Housing Advisory Commissions for comment and dissemination. Both the Homeless and Housing Advisory Commissions are comprised of nine Council appointed community members. . The Housing Advisory Commission advises Council on housing matters in Berkeley including the Commission overseeing and advising Council on both CDBG and ESG programs and funding allocations. Berkeley's Homeless Commission advises City Council on homeless policy, program and funding recommendations and includes participation by people with lived expertise.

2. Describe performance standards for evaluating ESG.

The performance standards to be applied to ESG activities is attached as an image labeled Outcome Measures. These standards were developed in 2018 by EveryOne Home's Results Based Accountability Committee, which includes City of Berkeley staff. his matrix presents outcome standards for each type of program in the Continuum of Care. Most were established as a percentage of the average outcomes achieved by all County programs (for example, the average permanent housing placement rate of all emergency shelters) and will be adjusted over time to ensure continued improvement.

Together Priority Home Partnership and the Housing Retention program make up the housing retention and rapid rehousing segment of the City's continuum of services. The City will continue to work with EveryOne Home and community agencies to ensure that prevention and rapid rehousing funds are fully utilized and play an important role in ending homelessness in Berkeley.

Monitoring of Subrecipients

Introduction

The Emergency Solutions Grant (ESG) is a federal program administered by the US Department of Housing and Urban Development (HUD) and provides funding to eligible entities to address homelessness. The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act) significantly amended the legislation which authorizes the ESG program, updating and adding new requirements for compliance.

The ESG funds are distributed nationally to entitlement jurisdictions based on an approved HUD formula. The City of Berkeley (COB), an entitlement jurisdiction, receives the funding directly from HUD. The COB uses a competitive community agency request for proposal (RFP) process to select local organizations to carry out eligible programs and activities with the ESG funds.

Berkeley's ESG Policies and Procedures Manual is used to administer and implement eligible programs and activities including: Street Outreach, Emergency Shelter, Rapid Rehousing and Prevention Services. This manual includes the Priority Home Partnership Manual adopted by the County in 2014.

The City of Berkeley allocates the majority of its ESG funds to nonprofit agencies, known as "subrecipients", to carry out eligible activities.

This manual provides the policies and procedures to comply with federal requirements and locally established implementation policies which the COB has adopted to meet its responsibilities as a recipient of funding. Questions regarding any content of this manual should be directed to Kristen Lee in the Housing and Community Services Division of the City of Berkeley's Health, Housing and Community Services Department.

Interim Guidelines

The ESG Program requires that the Continuum of Care (CoC) develop and implement a centralized or coordinated assessment system, and a set of written standards for CoC and ESG funded activities. Once coordinated assessment is established, each ESG-funded program or project must use the assessment system, and recipients and subrecipients must work with the CoC to ensure that screening, assessment and referral of program participants are consistent with the written standards required for the ESG programs. Recipients should have prioritization policies in place that outline the process by which the agency will prioritize the most in need of services through its Coordinated Entry System (CES) process

A complete version of the ESG Interim Regulations can be found here:

https://files.hudexchange.info/resources/documents/24CFRPart91_11.21.11.pdf

Structure of the Manual

This manual is for ESG recipients, subrecipients, and interested parties. It provides detailed descriptions of eligible activities and costs, reporting requirements and steps that will be taken to determine eligibility, calculate financial assistance, recertify for eligibility, provide support and terminate ESG assistance for homeless prevention, street outreach, emergency shelter, rapid rehousing and prevention. Required and/or recommended forms and documents are provided in an Appendix of Forms and Documents at the end of the manual.

A document icon appears by every form that is referred to and clicking on the [highlighted hyperlinks](#) on the names of the form will take the reader directly to the referenced documents in the Appendix.

Some key forms and information are entered into the county-wide Homeless Management Information System (HMIS). Forms that are provided by HMIS are not included in this manual.

HUD Homelessness Definition

While HUD outlines four categories of eligible beneficiaries, the City of Berkeley targets its ESG funds to support households in Category 1 and 4 below.

Category 1 – Literally Homeless

An individual who is exiting an institution where s/he resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution also qualifies.

Category 4 – Fleeing/attempting to flee domestic violence

Defined as fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member that has either taken place within the individual's or family's primary nighttime residence or has made the individual or family afraid to return to their primary nighttime residence; has no other residence; and lacks the resources or support networks (e.g. family, friends, faith-based or other social networks) to obtain other permanent housing.

Section III. Homeless Prevention and Rapid Rehousing

A. Participant Eligibility

To be eligible to receive ESG prevention or rapid rehousing assistance, participant households in Alameda County must meet both national and local requirements, and this eligibility must be documented with an application and supporting documentation kept in a client file. These requirements include:

- Participants must be homeless or at imminent risk of homelessness, per the applicable HUD definitions in the ESG regulation (§576.2) supported by documentation;
- Participants must be one of the locally targeted populations for the program, as specified on the application and eligibility determination form;
- Participants must be willing to participate in the program and to meet the terms of a self-developed Housing Stability Plan;
- Participants may not have already received 24 months of ESG assistance during the past 36 months (§576.105(c));
- Participants must meet the local asset policy, including having cash or equivalent assets of less than \$2,000 per single individual and \$3,000 per couple;
- Participants receiving prevention assistance must have incomes at or below 30% of the Area Median Income (§576.103).

B. Eligibility for Rapid Rehousing

Rapid rehousing provides financial assistance and supportive services to individuals or families that are literally homeless, staying in shelter or transitional housing or on the streets or other places not suitable for human habitation, or exiting institutions and having entered from one of these locations. Eligibility for rapid rehousing includes those fleeing domestic violence who are living in one of the places named above.

In keeping with the intentions of the program, rapid rehousing assistance will be used primarily to serve households that are:

1. Adults or family households able to be rehoused rapidly without anticipation of an ongoing subsidy, with ESG financial assistance anticipated to be of six months or less duration;
2. Adults or family households able to be rehoused rapidly with an ongoing subsidy from another source anticipated within six months of ESG program participation
3. Transition-age youth, especially those recently discharged from foster care, who are able to be rehoused rapidly without anticipation of an ongoing subsidy, with ESG assistance of eighteen months or less duration.

C. Eligibility for Prevention Assistance

Prevention assistance will be directed to persons who are not literally homeless but are at imminent risk of homelessness per the HUD Homeless definition (Category 2). Prevention assistance may include support to a household to retain its current housing or to move to other housing without having to become literally homeless. While the ESG regulations allow for ESG prevention to be provided to those categorized as “at-risk” but not necessarily at “imminent risk”, Alameda County ESG programs will target prevention services specifically to those that are at “immediate risk” defined as:

- An individual or family who will imminently lose their primary nighttime residence, provided that:
- the primary nighttime residences will be lost within 14 days of the day of application for homeless assistance;
- no subsequent residence has been identified; and,
- the individual or family lacks the resources of support networks, e.g., family, friends, faith-based or other social networks, needed to obtain other permanent housing.

Within the category of “imminent risk” special attention and outreach will be done to target those households that are:

- doubled up with family and friends, must move within 14 days and are seeking to enter shelter;
- living in a hotel or motel using their own resources, must leave within 14 days, and are seeking to enter shelter;
- living in their own housing, are being evicted for non-payment of rent, must leave within 14 days, and are seeking shelter;
- fleeing domestic violence;
- imminently leaving foster care, or have recently left foster care and are at imminent risk of losing their current housing.

D. Eligibility Determination

Program operators must determine that potential participants are eligible for assistance, and document this eligibility, including verifying income and housing status. The Program Application and Eligibility Determination Form contains key questions and documentation requirements.

 A copy of the [ESG Program Application and Eligibility Determination Form](#) can be found in the Appendix. This document and all supporting documentation should be placed in the Participant’s File. A cover sheet for participant files with a list of program documents can be found [here](#).

Ineligible applicants: If a household is assessed and determined to be ineligible, the program operator must notify the household that they have been determined to be ineligible, provide them with appropriate referrals which should be noted on the application form, and create a client file documenting the assessment process and determination.

E. Enrollment

Once found eligible, to enroll the head of household must sign the ESG Participation Agreement complete the HMIS ROI and staff must complete an HMIS Standard Intake Form (SIF) for all household members.

A copy of the [ESG Program Participation Agreement](#) can be found in the appendix, immediately following the Application form.

☑ The HMIS Release of Information (ROI), and the Standardized Intake Form (SIF) are developed and updated by the staff at Alameda County Housing and Community Development Department, in accordance with HUD regulations. Housing Agency staff must ensure that the forms in use are the most recent ones, as HUD and local requirements change periodically. If you are unsure that the forms are the most recent, email HMIS@acgov.org.

F. Budget and Housing Stability Plan

The purpose of ESG Prevention and/or Rapid Rehousing assistance is to provide the support necessary to help the household retain or gain housing in the shortest period of time possible. Critical to being able to retain the housing is a budget and a housing plan. The budget is also needed to determine the amount of financial assistance to be provided.

The Housing Stability Plan should be updated as frequently as necessary to reflect changing situations. Once a participant has moved into housing, the housing specialist and participant should prepare a new Housing Stability Plan that emphasizes those steps or actions needed to retain housing.

A [Sample Budgeting Worksheet](#) and a sample [Housing Stability Plan](#) format can be found in the Appendix of Forms. **ESG-funded programs may use another version of these forms if approved by the recipient.** Be sure to make a copy of the Budget and Housing Plan for the participant and insert a signed copy in the participant's file.

G. Financial Assistance for Housing

• Eligible Financial Assistance Expenses

The ESG program has the ability to provide temporary financial assistance to participants on a short or medium-term basis. This assistance may include:

- **Security Deposits:** The housing agency may provide a maximum of two times the monthly rent for a unit as a security deposit to assist a participant to secure housing. At such time as the participant may leave the unit and the landlord return all or part of the deposit to the participant, the participant may retain any balance to use toward a new housing situation.
- **Utility Deposits:** If, in order to begin utility service, the household must provide a deposit to a utility company, the program may assist with this deposit.

H. Rental Assistance payments: If the participant cannot currently afford to rent a unit in the community but is reasonably anticipated to have sufficient income, either through employment or benefits, within approximately six months the program may provide a rental subsidy for the participant. Such subsidies will be as low as possible:

- If the participant has an income he/she is expected to contribute at least 50% of his/her

income toward the rent, unless the participant is expected to receive a permanent housing subsidy within approximately six months, in which case the participant may pay only 30% of their income. Documentation of the expectation of a permanent subsidy should be included in the file.

- If the participant has no income, the program may subsidize the entire rent for the first three months.
- Rental assistance may be conditioned on the participant fulfilling his or her agreements as part of the Housing Stability Plan and is never offered for more than three months at a time. To continue rental assistance after three months, the program must recertify the participant.

See Section [6: Three Month Reassessment of Eligibility](#)

- **Past due rent arrears:** If in order for a household to retain their housing they must pay past due rent the program will cover up to three months of rent arrears not to exceed \$3,000
- **Past due utility arrears:** In rare cases, the ESG program will provide funding for past due utilities. The program will only provide such funding for prevention clients if failure to do so will result in the loss of utilities and under the terms of the participants lease this would be grounds for eviction. The program will only provide utility arrears assistance to rapid rehousing clients if utility arrears mean that then household will be unable to establish utility service in their new housing.
- In addition, ESG funds may be used to cover the costs of rental applications provided this is a fee that is charged by the owner to all applicants.

I. Determining the Amount of Financial Assistance

- The amount of financial assistance is determined by the amount needed to secure the housing and by the amount of contribution the household is able to make toward the housing costs.
- For one-time costs, such as security deposits, and rent and utility arrears, the program will pay the entire amount if the household will have less than 50% of income available after paying rent, the household's budget does not contain any disposable income, and the household assets are less than
- \$500.00. If the household has assets greater than \$500, and/or the household budget indicates income is available to make a portion of the payment, the household should be required to provide a portion of the deposit and/or arrears. The household's payment may be made through a payment plan with the landlord or utility company if that is possible.
- With supervisor approval, households may be permitted to contribute less toward the rent for a brief period to cover other extraordinary costs. The program may pay the entire rent on behalf of households that have no income.

The [ESG Financial Assistance Calculation Form](#) can be found in the appendix. The program should complete the form with the participant and the participant should sign it. This calculation needs to be prepared every three months for households receiving medium-term rental assistance.

All financial assistance provided must be recorded in HMIS.

J. Supportive Services and Connection to Mainstream Resources

- Whether covered by ESG funds or other sources, ESG programs are expected to assist clients with housing stability case management and with housing search and placement services as needed.
- Housing stability case management includes:
 - Conducting the official evaluation of eligibility and need, including verifying and documenting eligibility
 - counseling
 - developing, securing, and coordinating services and assistance in obtaining Federal, state and local benefits
 - monitoring and evaluating participant progress;
 - providing information and referral to other providers;
 - developing an individualized housing plan to permanent housing stability; and
 - conducting reevaluations.

These services may not exceed 30 days during the period the program participant is seeking permanent housing, and may be provided for up to a total of 24 month within a 36-month period.

- While providing prevention or rapid rehousing financial assistance, the program must ensure that the participant meets with a case manager not less than once per month to assist the participant in ensuring long- term housing stability. Case management should be provided more frequently if needed.
- Housing search assistance are those services intended to assist program participants in locating, obtaining, and retaining suitable permanent housing, and are expected to be offered to all participants receiving rapid rehousing assistance or prevention assistance that includes moving to another unit. These include:
 - assessment of housing barriers, needs, and preferences;
 - development of a plan for locating housing;
 - housing search;
 - outreach and negotiations with landlords; and
 - assistance with submitting rental applications and understanding leases.

K. Links to Mainstream Services

As part of the stability case management, each participant is expected to be assisted, as needed to obtain other services and mainstream benefits including:

- appropriate supportive services including assistance in obtaining permanent housing, medical health treatment, mental health treatment, counseling, supervision, and other services essential for achieving independent living, and
- other federal, state, local, and private assistance available to assist the program participant in obtaining housing stability, including
- Medi-Cal or other medical insurance
- TANF
- Food Stamps/Supplemental nutrition assistance (SNAPS)
- WIC
- Unemployment insurance
- SSI/SDI
- Child and adult care food program
- Other mainstream programs from which the household could benefit

 While no specific form is provided for this documentation, all case management meetings must be documented in the participant file, and/or in the HMIS case management module. Documentation should include evidence of assistance provided to obtain mainstream resources and the results of that assistance. Subrecipients are encouraged to check with the recipient for approval of documentation.

L. Legal Services

- ESG funds may be used for legal services that are necessary to resolve a legal problem that prohibits the program participant from obtaining permanent housing or will likely result in the program participant losing the permanent housing in which the program participant currently resides. More detail on eligible legal services activities can be found at (§576.102 (a)(1)(vi) and (§576.105(b)(4).
- While legal services providers that do not provide financial assistance are not required to complete the financial assistance calculation form, they must ensure that all households assisted meet program eligibility ([Section 1](#) above) including completing the application for assistance to document participant eligibility, and must ensure that the units assisted meet the habitability standards in [Section 5](#) below.

M. Housing Unit Requirements

In addition to the household being eligible, the unit to be assisted must also meet eligibility requirements. These include that the rent is both reasonable and at or below the Fair Market Rent market rent, and that the unit meets habitability standards.

Rent Reasonableness and Compliance with Fair Market Rent

- ESG programs must perform both a rent reasonableness determination and document that the rent falls at or below the Fair Market Rent on every unit assisted, whether for prevention or rehousing.
- “Rent reasonableness” means that the total rent charged for a unit must be reasonable in relation to the rents being charged during the same time period for comparable units in the private unassisted market and must not be in excess of rents being charged by the owner during the same time period for comparable non-luxury unassisted units.
- To make this determination, the recipient or subrecipients should consider:
 - the location, quality, size, type, and age of the unit; and
 - any amenities, housing services, maintenance and utilities to be provided by the owner.
 - Comparable rents can be checked by using a market study, by reviewing comparable units advertised for rent, or with a note from the property owner verifying the comparability of charged rents to other units owned (for example, the landlord would document the rents paid in other units). NOTE that not every element in the suggested list of nine things to check for must be known to establish a comparable unit. See more guidance at http://portal.hud.gov/hudportal/documents/huddoc?id=DOC_11753.pdf
- The Fair Market Rent (FMR) is a benchmark established by HUD for regions. For ESG, the FMR is the maximum rent permitted even if other similar units rent for more.

Final FY 2020 FMRs By Unit Bedrooms				
Efficiency	One-Bedroom	Two-Bedroom	Three-Bedroom	Four-Bedroom
\$1,545	\$1,875	\$2,335	\$3,215	\$3,945

Source: <http://www.huduser.org/portal/datasets/fmr.html>

The above chart displays the Fair Market Rents applicable during FY2020. Fair Market Rents are updated and published by HUD every year. Programs must ensure that they are using the FMR’s in effect at the time of their determination.

A copy of a [Rent Reasonableness and FMR Certification](#) form can be found in the forms appendix. Subrecipients may use an alternative rent reasonableness determination form meets the requirements of the ESG regulations §576.106 and has been approved by the ESG recipient.

n. Housing Inspection

In order to ensure that ESG funds are used in housing that meets minimum habitability standards, an inspection must be performed on every unit assisted, whether for prevention or rehousing. This inspection includes compliance with the Lead Paint Poisoning Prevention Act.

A copy of a suggested [Habitability Standards Inspection](#) Form can be found in the forms appendix. Subrecipients may use an alternative inspection form as long as it covers all of the topic areas required under ESG regulations §576.403 and has been approved by the ESG recipient.

o. Rental Assistance Agreement

- Relationships with landlords are a central component of the program. The housing specialist assists both the participant and the landlord to make the housing successful.
- Once a unit has been identified and inspected, the housing agency must ensure that:
 - The tenant receives a written lease or rental agreement from the landlord which clearly outlines the terms of tenancy and conforms with applicable California and local law; and
 - a) The landlord is apprised of the nature of the program, the anticipated support to the participant, the obligations of the landlord, and the manner in which the landlord may contact the program if there are concerns.
- At a minimum, the housing agency will provide the landlord with a copy of the Rental Assistance Agreement Letter describing the program and outlining the basic support the participant is anticipated to receive. The landlord must sign the letter and return it to the agency. Some agencies may prefer to use a contract or housing assistance payments (HAP) agreement that outlines in greater detail the rights and obligations of the parties. Use of such an agreement is fine if it covers all requirements in the ESG regulations §576.106 and has been approved in advance by the ESG recipient.

In order to determine that the landlord named on the lease is the legitimate owner of the property, the housing agency will use a database service, such as Realquest, or another manner to verify and document the ownership. In addition, the housing agency shall collect a W-9 from the landlord or property management agency and follow all IRS reporting requirements.

A copy of the [Rental Assistance Agreement Letter](#) is included in the appendix. A copy of this letter or an acceptable substitute agreement should be kept in the participant's file, along with a copy of the tenant's lease and printout from the database used to verify the ownership of the unit and a copy of the W-9. The original W-9 must be given to the housing agency's finance division.

p. Three Month Reassessment of Eligibility

Any participant who receives more than three months of assistance from the program needs to be formally reassessed. This is distinguished from the more frequent check-ins and meetings with the

client, which should occur frequently and as needed, and are recorded in case notes.

During the reassessment process, the program is, at a minimum, confirming:

- The participant has not received more than 24 months of assistance, including any arrears coverage.
- The participant's income level is such that there is still a need to provide financial assistance in order to maintain housing stability, and income is not greater than 30% of the Area Median Income (AMI)
- The participant is making documented progress on their housing plan and taking the steps needed towards housing stability without program financial assistance.
- The participant lacks the financial resources or support networks to secure their housing without continued assistance.

The three-month reassessment is also used to update the participant's HMIS record with current information about housing and income.

Once the three-month reassessment of eligibility is completed, the household should be notified whether they will continue to receive assistance or not, including signing the reassessment form. If continuing to receive assistance, new documents, including an updated housing stability plan, budget and financial assistance calculation should be prepared and discussed with the client.

A copy of the [Three Month Reassessment of Eligibility](#) is included in the appendix. The Reassessment requires updated documentation of income, which should be attached to the form and included in the file.

☐ Key pieces of information from the Three-Month Reassessment Form, including any change in income or address is to be entered into HMIS. (In the future, the Three-Month Reassessment may be an HMIS provided form.)

Q. Termination of Housing Assistance or Program Participation

- Housing assistance under this program is intended to be temporary and to help participants secure housing that they can remain in without long-term financial support. Any housing assistance is contingent on the participant's active participation in carrying out the terms of his/her Housing Stability Plan. Failure to take steps agreed to in the plan, such as seeking work, applying for benefits, looking for housing or accepting housing that meets the participant's criteria are a reasonable basis for recommending termination of financial assistance.

R. Termination of Housing Assistance or Program Participation

- Housing assistance under this program is intended to be temporary and to help participants secure housing that they can remain in without long-term financial support. Any housing assistance is contingent on the participant's active participation in carrying out the terms of

his/her Housing Stability Plan. Failure to take steps agreed to in the plan, such as seeking work, applying for benefits, looking for housing or accepting housing that meets the participant's criteria are a reasonable basis for recommending termination of financial assistance.

- If a program participant is found to be violating the participation agreement, reasonable efforts will be made and documented by staff to assist the participant to address the issue or correct the violation prior to terminating services. Violations that endanger staff, any other participant, any other person, or the viability of the program as a whole will be acted upon immediately.
- If a participant is determined to be in continued or grave violation of the program rules, a written Notice of Termination of Assistance will be provided to the program participant containing a clear statement of the reasons for termination, the date on which the termination will become effective, and the process for appealing the decision.
- Participants receiving a Notice may request that the decision to terminate participation be reviewed by making a request to the designated supervisor within the agency. This request must be made in writing and must be reviewed the request within 14 calendar days. A written notice of the final decision will be issued to the participant.
- The program may also resume assistance to a program participant whose assistance was previously terminated with the approval of the Program Manager.

A sample [Notification of Termination of ESG Assistance](#) is provided in the Appendix of Forms. Subrecipients may use an alternative Termination form as long as it covers all of topic areas required under ESG regulations §576.402 and has been approved by the ESG recipient.

s. Grievances and Appeals

ESG subrecipients must notify participants of the agency's grievance policy at the time of program enrollment, including providing them with a written copy of the policy and keeping a copy of a signed version of the policy or other notification in the participant file. Housing agencies will follow their agency grievance and appeals process, through to the level of the highest ranking staff member of the agency or as may be otherwise specified in the agency's approved policy and procedures.

If there is a grievance specific to the ESG that has not been resolved through the agency grievance process, ESG program participants may appeal to the local recipient. Recipients will follow their appeal process.

T. Program Exit

Upon completion or termination of the program, all members of the household should be exited in HMIS. Information including household income, final address and housing status should be recorded and updated.

The Exit Form is an HMIS-provided form. A printed copy of the form(s) should be kept in the participants file and all data entered into HMIS.

Section IV. Housing Management Information System (HMIS)

CFR 576.107 [ESG-Program-HMIS-Manual.pdf](#)

ESG funds may be used to pay for the costs of participating in and contributing to the Homeless Management Information Systems (HMIS) designated by the Continuum of Care for the area.

1. Eligible Costs

- a. The recipient or subrecipient may use ESG funds to pay the costs of contributing data to the HMIS designated by the Continuum of Care for the area, including the costs of:
 - Purchasing or leasing computer hardware, purchasing software or software licenses, purchasing or leasing equipment, including telephones, fax machines, and furniture
 - Obtaining technical support
 - Leasing office space, charges for electricity, gas, water, phone service, and high speed data transmission necessary to operate or contribute data to HMIS

(The HMIS Lead
 - is the entity designated by the Continuum of Care to operate the area HMIS
 - If the subrecipient is a victim services provider or a legal services provider, it may use ESG funds to establish and operate a comparable database that collects client-level data over time and generates unduplicated aggregate reports based on the data. Note: information entered into a comparable database must not be entered directly into or provided to an HMIS.
 - Activities funded under this section must comply with HUD's standards on participation, data collection, and reporting under a local HMIS

Section V. Administration

CFR 576.108

a. Eligible Costs

- The recipient may use up to 7.5 percent of its ESG grant for the payment of administrative costs related to the planning and execution of ESG activities. This does not include staff and overhead costs directly related to carrying out activities eligible under 576.101 through 576.107, because those costs are eligible as part of those activities. Eligible administrative costs include:
 - General Management, oversight and coordination and can include salaries, wages, and related costs of the recipient's staff, the staff of subrecipients, or other staff engaged in program administration. In charging these costs to this category, the recipient may either include the entire salary, wages, and related costs allocable to the program of each person whose primary responsibilities with regard to the program involve program administration assignments, or the pro rata share of the salary, wages, and related costs of each person whose job includes any program administration assignments. The recipient may use only one of these methods for each fiscal year grant. Program administration assignments include the following: program budgets, schedules and amendments; developing systems for assuring compliance, developing interagency agreements and agreements with subrecipients; monitoring; reporting and preparing other documentation directly related to the ESG program for submission to HUD; coordinating resolution of audit and monitoring findings; evaluating program results; managing and supervising persons whose primary responsibilities with regard to the program as those described in (a)(1)(i)(A) through (G) of this section; travel costs incurred for monitoring; administrative services performed under third-party contracts or agreements, including general legal services, accounting services, and audit services; other costs for goods and services required for administration of the program, including rental or purchase of equipment, insurance, utilities, office supplies, and rental and maintenance (but not purchase) of office space.

 - Consolidated plan. Costs of preparing and amending the ESG and homelessness-related sections of the consolidated plan in accordance with ESG requirements and 24 CFR part 91.
 - Environmental Review. Costs of carrying out the environmental review responsibilities under 576.407

b. Sharing Requirements

If recipient is a State, the recipient must share its funds for administrative costs with its subrecipients that are units of general purpose local government. The amount shared must be reasonable under the circumstances. The recipient may share its funds for administrative costs with its subrecipients that are private nonprofit organizations. If the recipient is a territory, metropolitan city, or urban county, the recipient **may share** its funds for administrative costs with its subrecipients.

Section VI. City of Berkeley Monitoring of Subrecipients

The City of Berkeley require Sub-recipients to submit the below program and fiscal reports on a quarterly basis in the City of Berkeley's online contracting system:

- Program Report with client demographics
- Homeless Management Information Systems Program Report with outcomes
- Annual Status Report for CDBG/ESG/HOME funded projects only
- Advance Payment Request Form
- Statement of Expense

At the end of the fiscal year subrecipients must submit a year-end general ledger and profit and loss statement that supports the year-end statement of expense report. On a biennial basis, the City conducts a full monitoring of the program that includes a review of the agency's administrative, program, and financial practices and records. The monitoring is performed using the below City of Berkeley and HUD monitoring tools.

See Part III in Appendix for program monitoring forms:

1. City of Berkeley Administrative Review
2. City of Berkeley Program Review
3. City of Berkeley Financial Review
4. HUD Chapter 28-3 Guide for Review of ESG Sub recipient Grant Management
5. HUD Chapter 28-6 Guide for Review of ESG Rapid Rehousing and Homeless Prevention
6. HUD Chapter 28-8 Guide for Review of ESG Financial Management and Cost Allowability

Below is the City's monitoring protocol and timeline:

1. Identify time period to monitor. Recommend 4th quarter. Ensure you have the Program Report, Statement of Expense and GL before the planned monitoring visit. Monitors will email the Community Agency to schedule the monitoring visit and entrance conference and prepare Monitoring Guides in CDS and provide to Agency in preparation of the monitoring visit. CDS will send the Agency a standardized message about the upcoming monitoring visit as well.
2. In addition to City developed monitoring guides, the monitor will include Federal monitoring guides when reviewing federally funded agencies. For Emergency Solutions Grant (ESG) and Community Development Block Grant (CDBG) funded agencies, the monitor will provide appropriate CDBG and ESG monitoring guides found in Chapters 3 and 28 in the Community Planning Monitoring Handbook 6509.2 located here: https://portal.hud.gov/hudportal/HUD?src=/program_offices/administration/hudclips/handbooks/cpd/6509.2
3. Monitors should give at least several weeks' notice and negotiate a time that is mutually convenient, describe the information to be reviewed, provide Community Agency staff with a copy of the Monitoring Guides, indicate expected duration of the monitoring, agency staff needed for interviewing, and space required.

4. The entrance conference will provide an overview of the purpose, scope and schedule of document review to the Community Agency Contract Representative and staff that will be involved. This may be three separate meetings to cover the three areas: Administration, Financial and Program.
5. Attend monitoring visits and complete the monitoring guides.
 - a. Collect required documents
 - b. Review three budget line items from each program's Statement of Expense: salaries and two other expense line items that are material or appear to need verification.
 1. Salaries: Review Timesheets, Contract Exhibit B salaries, against payroll register - which would have the name/s and salaries, paid to the staff identified as working in the program. Timesheets should:
 - ii. Show # of hours worked on COB contract activities.
 - iii. Support number of hours worked and agree with the payroll register.
 - iv. Verify Agency is paying COB minimum wage and/or living wage if applicable.
 - v. Verify if Agency is paying fringe benefit expenses charged to the program are supported by invoices paid to health insurance and worker's compensation insurance companies.
 2. Line Items 2 & 3:
 - vi. Verify the expenses chosen in No. 2 above against the agency's ledger of detailed expenses. The ledger format would vary depending on the accounting software the agency is using (most agencies use Quick Books). The agency's account name, number, and balance can be found in the general ledger. Expense transaction details of how, when, and to whom payments were paid would show in a separate report. Generally, accounting software can generate a report showing these details sorted by funding source. The monitor must check that the expenses were:
 - a) Properly authorized and calculated, and
 - b) Expenses were charged to the proper funding sources. The monitor should note any deviation from these procedures as a concern (when immaterial or not quantifiable) or a finding (when it has material impact in the operations), and
 - c) Invoices were marked/stamped paid to avoid duplication of payments. Ideally, the account number used for the charge should be written on the face of the invoice. The monitor should note any deviation from these procedures as a concern (when immaterial or not quantifiable) or a finding (when it has material impact in the operations).
6. Exit Conference: At the Exit Conference, the monitor should:
 - i. Present tentative conclusions of monitoring;
 - ii. Provide an opportunity for the agency to correct any misconceptions or misunderstandings on your part Secure additional information from agency staff to clarify or support their position; and
 - iii. Provide an opportunity for subrecipient staff to report on any steps they are already taking to correct the matter.

7. Follow-Up Monitoring Report

1. The monitoring report, which is completed in CDS, provides a permanent, written record of the monitoring visit that is kept on file and provides an opportunity for the Community Agency to respond to recommendations, concerns and findings. The Report should recognize work performed well and point out corrections or improvements needed. It should identify all “findings” and “concerns,” and include specific recommendations for improvements. Findings must be supported by facts in the report. The letter should include deadlines for providing a written response and for correcting each deficiency identified. The letter is prepared by the Contract Monitor and reviewed and approved by the Contract Supervisor prior to sending to Agency. Monitoring Letter should be sent within 30 days of the visit.

8. Upon receipt of Agency response to monitoring report, the Contract Monitor will review agency answers to determine if the response and additional documentation, if needed and provided, is sufficient to regard the finding and/or concern resolved. The Contract Monitor will prepare a final response to either complete the monitoring or ask for additional information and submit to supervisor for review. The communication will continue until the finding and/or concerns are resolved.

ESG-CV Addendum

The purpose of ESG-CV funds is to prevent, prepare for, and respond to COVID-19 in order to prevent and mitigate the spread of COVID-19 among people experiencing homelessness and the staff that provide services to these individuals. Existing shelters will implement public health protocols identified below, establish a temporary isolation space where participants can stay while waiting to be transported to a County isolation hotel, and distribute personal protective equipment (PPE).

Each ESG-CV funded project will comply with ESG-CV regulations including:

- An established line of communication and a process for preventing duplication of benefits.
- Paying for furniture and/or household items and cell phones.
- Coordination of housing and services with the COC
- Not requiring participants to receive treatment or perform any other prerequisite activities as a condition for receiving shelter, rental assistance, or other services
- Each participant will be assessed through the Coordinated Entry System to determine service needs and will be offered available services
- Following the Lead Safe Housing Rule
- Ensuring participants are eligible for rapid rehousing financial assistance including six month reassessments
- Ensuring units covered by rental assistance are eligible

Shelters Operations:

Shelters receiving ESG-CV will provide expanded 24/7 hours of operation, provide three meals per day and will comply with the City's Public Health Officer's directive to:

- 1) Reduce the shelter census to maintain 6' social distance between beds;
- 2) Follow the City's COVID Shelter Response Plan;
- 3) Follow the approved Shelter Residential Snapshot;
- 4) Maintain staff and participant vaccination rates and tracking weekly test results for unvaccinated staff; and
- 5) Follow the below requirements for staff and guests:
 1. Maintain 6' physical distancing, including when sleeping by maintaining bed assignments that alternate between lower and top beds and by having participants sleep head to toe to further distance between each other;
 2. Mandatory mask wearing;
 3. Enhanced and increased frequency of cleaning and disinfection of facility;
 4. Minimum daily symptom checks and recording including every time someone enters the building.

Temporary Shelters

Temporary non-congregate and smaller shelter sites will be designated for people who meet the CDC criteria for being at risk if infected with COVID-19. In an effort to decompress shelters to comply with the 6' social distancing requirement, first priority will be given to existing shelter participants who meet the CDC criteria, including 65+, specific underlying health conditions and/or medical frailty. Future referrals will also require participants to meet CDC criteria and be closely coordinated with the North County Coordinated Entry System, the City of Berkeley, and street health and outreach teams in Berkeley.

All Shelters:

Shelters funded by ESG-CV may not turn away eligible program participants. Shelters must follow City of Berkeley and Alameda County COVID Response Plans including referrals to Alameda County isolation and quarantine hotels, if a client needs such services. Someone who presents at an ESG-funded shelter with respiratory symptoms (e.g., cough) should be referred to the County's isolation and quarantine hotels. Shelters will continue to not have

a maximum length of stay. Any ESG-funded shelter that is considering closing or not accepting new residents must immediately notify the City of Berkeley.

PPE, Testing and Vaccines

City of Berkeley will provide PPE and supplies for distribution at shelters and in encampments. Additionally, the City's Public Health Division will provide access to self-administered rapid and PCR tests and mobile on-site vaccine clinics at shelters and transitional housing sites. ESG-CV funded shelters and outreach programs should encourage (but may not require) people experiencing homelessness to get tested and vaccinated.

All other payments under the terms of the lease are the responsibility of the tenant.

[Name of Housing Agency] _____, will provide the above housing assistance payments to you beginning [date]. By signing below, you agree to apply all payments you receive on the tenant's behalf toward the specified housing-related costs on the check. The termination of housing assistance payments shall not affect the household's other rights under the lease.

The tenant is required to notify us if he or she moves; however, if you ever receive a subsidy check for a tenant who has moved, it is your responsibility to return the check to us. Financial assistance from this program can only be used toward the housing-related costs of the tenant named above while he/she resides in your housing. You also must notify us if during the term of this agreement you notify the tenant to vacate or if you lodge any complaint under state or local law to commence an eviction.

You are welcome to contact me if you have any questions or concerns regarding the program or this tenant's housing. [name, title at 510 XXX-XXXX or [housing specialist @ agency.org](mailto:housing.specialist@agency.org)]. Thank you for working with us.

Guide for Review of ESG Subrecipient Grant Management			
Name of Recipient:			
Name of Subrecipient(s):			
Staff Consulted:			
Name(s) of Reviewer(s)		Date	

NOTE: All questions that address requirements contain the citation for the source of the requirement (statute, regulation, or grant agreement). If the requirement is not met, HUD must select "NO" in response to the question and make a finding of noncompliance. All other questions that do not contain the citation for the requirement do not address requirements, but are included to assist the reviewer in understanding the participant's program more fully and/or to identify issues that, if not properly addressed, could result in deficient performance. Negative conclusions to these questions may result in a "concern" being raised, but not a "**finding**."

Instructions: This Exhibit is designed to assess the recipient's compliance with subrecipient grant management requirements of the Emergency Solutions Grants (ESG) program. HUD reviewers should use a combination of the information in program files and subrecipient staff interviews to answer the questions below. The Exhibit is divided into eight sections: Subgrants Management and Oversight; Systems Coordination Requirements; Recordkeeping; Homeless Management Information System (HMIS); Other ESG-Specific Requirements; Administrative Costs and Financial Management; Other Federal Requirements; and Additional 2 CFR 200 Review for Sub-Subawards.

As previously noted, the ESG rule at 24 CFR part 576 generally incorporates the uniform administrative requirements, cost principles, and audit requirements, which were recently revised and codified at 2 CFR part 200. This Exhibit contains both questions to monitor compliance with 2 CFR part 200 and questions to monitor compliance with the former uniform administrative requirements, cost principles, and audit requirements (i.e., 24 CFR parts 84 and 85 (2013), 2 CFR 225 and 230 (2013), OMB Circular A-133). For HUD's expectations on monitoring for compliance with the uniform administrative requirements, cost principles, and audit requirements during the period of transition to 2 CFR part 200, please see HUD's April 13, 2016, Notice CPD-16-04 (<http://portal.hud.gov/hudportal/documents/huddoc?id=16-04cpdn.pdf>).

The HUD reviewer must supplement this Exhibit with Exhibit 28-9 (covering the procurement requirements in 24 CFR parts 85 and 84) and Exhibit 34-3 (covering the procurement requirements in 2 CFR part 200), as applicable.

Where ESG funds were used for rental assistance or services, the HUD reviewer **MUST** complete the applicable Exhibits in Chapter 24 of this Handbook, *Lead-Based Paint Compliance*. NOTE: See Exhibit 24-2 (Services), Exhibit 24-3 (Tenant-Based Rental Assistance), or Exhibit 24-4 (Project-Based Rental Assistance).

This Exhibit can be used to either monitor a single subrecipient or multiple subrecipients. It is the responsibility of the HUD reviewer to ensure that the responses provide sufficient documentation to support the basis for the conclusions. Keep in mind that, if multiple entities are reviewed and a deficiency is identified for a single entity, a "No" response is required.

Guide for Review of ESG Rapid Re-housing and Homelessness Prevention Requirements			
Name of Recipient:			
Name of Subrecipient(s):			
Staff Consulted:			
Name(s) of Reviewer(s)		Date	

NOTE: All questions that address requirements contain the citation for the source of the requirement (statute, regulation, or grant agreement). If the requirement is not met, HUD must select “NO” in response to the question and make a finding of noncompliance. All other questions that do not contain the citation for the requirement do not address requirements, but are included to assist the reviewer in understanding the participant's program more fully and/or to identify issues that, if not properly addressed, could result in deficient performance. Negative conclusions to these questions may result in a "concern" being raised, but not a "finding."

Instructions: This Exhibit is designed to assess the recipient’s compliance with the Rapid Re-housing and/or Homelessness Prevention component(s) of the Emergency Solutions Grant (ESG) program. The eligible activity areas of review include: Housing Relocation and Stabilization Services – Services; Housing Relocation and Stabilization Services – Financial Assistance; and Short- and Medium-term Rental Assistance. These activities are eligible when necessary to either (1) help a homeless individual or family move as quickly as possible into permanent housing and achieve stability in that housing, or (2) prevent an individual or family from moving into an emergency shelter or another place described in paragraph (1) of the “homeless” definition in 24 CFR 576.2. The Exhibit is divided into three sections: General Requirements; Housing Relocation and Stabilization Services; and Short- and Medium-term Rental Assistance. Section B is broken down into sub-sections for Financial Assistance Costs and Services Costs. Section C is broken down into sub-sections for General Requirements and Project-based Rental Assistance. Every question has a header identifying the specific area of review. If the ESG recipient has not funded a particular activity or cost, check the N/A box and continue on to the next section, sub-section, or question of the Exhibit.

This Exhibit can be used to monitor a recipient, a single subrecipient, or multiple subrecipients. It is the responsibility of the HUD reviewer to ensure that the responses provide sufficient documentation to support the basis for the conclusions. Keep in mind that, if multiple entities are reviewed and a deficiency is identified for a single entity, a “No” response is required.

NOTE: All questions that address requirements contain the citation for the source of the requirement (statute and regulation). If the requirement is not met, HUD must select “NO” in response to the question and make a finding of noncompliance. All other questions (questions that do not contain the citation for the requirement) do not address requirements, but are included to assist the reviewer in understanding the participant's program more fully and/or to identify issues that, if not properly addressed, could result in deficient performance. Negative conclusions to these questions may result in a "concern" being raised, but not a "**finding.**"

Instructions: This Exhibit is designed to assess a recipient’s and/or its subrecipient’s financial management system, as well as the eligibility of the program’s expenditures. **Note:** This Exhibit is designed only to monitor compliance with the ESG interim rule, the Uniform Administrative Requirements (24 CFR part 84 and 85), and the cost principles at 2 CFR part 225 (OMB Circular A-87) and 2 CFR part 230 (OMB Circular A-122), as in effect prior to December 26, 2014. Accordingly, this Exhibit includes citations to regulations and OMB Circulars that pre-dated HUD’s implementation of 2 CFR Part 200 (e.g., 24 CFR Part 576 (2013 edition), OMB Circular A-87, 24 CFR Part 85 (2013), 24 CFR Part 84 (2013), and OMB Circular A-122). CPD staff should use the citations in this Exhibit when making findings.

To monitor compliance with the new requirements at 2 CFR part 200, the HUD reviewer must complete Exhibit 34-1, *Guide for Review of Financial Management and Audits* and Exhibit 34-2, *Guide for Review of Cost Allowability*. For HUD’s expectations on monitoring for compliance with the uniform administrative requirements, cost principles, and audit requirements during the period of transition to 2 CFR part 200, please see HUD’s April 13, 2016, Notice CPD-16-04 (<http://portal.hud.gov/hudportal/documents/huddoc?id=16-04cpdn.pdf>). When completing this Exhibit or Exhibits 34-1 and 34-2, the HUD reviewer must also complete Exhibit 28-7, *Guide for Review of ESG Match Requirements*.

This Exhibit can be used to either monitor the recipient alone, the recipient with a single subrecipient, or the recipient with multiple subrecipients. It is the responsibility of the HUD reviewer to ensure that the responses provide sufficient documentation to support the basis for the conclusions. Keep in mind that, if multiple entities are reviewed and a deficiency is identified for a single entity, a “No” response is required.

INCOME VERIFICATION: If program uses “presumed income” category, file must include verification of qualification for presumed category.

HOMELESS VERIFICATION: HUD guidelines indicate that third-party verification is best practice; self-certification and homeless history are also acceptable.

DISABILITY VERIFICATION: For programs funded to serve disabled, verification should be by a licensed professional.

ESG funds may be used to provide services for homeless youth, victim services, and services for people living with HIV/AIDS, so long as the costs of providing these services are eligible under paragraphs (a)(1) through (a)(5) of this section. The term *victim services* means services that assist program participants who are victims of domestic violence, dating violence, sexual assault, or stalking, including services offered by rape crisis centers and domestic violence shelters, and other organizations with a documented history of effective work concerning domestic violence, dating violence, sexual assault, or stalking.

(b) *Minimum period of use.* The recipient or subrecipient must provide services to homeless individuals and families for at least the period during which ESG funds are provided.

(c) *Maintenance of effort.* (1) If the recipient or subrecipient is a unit of general purpose local government, its ESG funds cannot be used to replace funds the local government provided for street outreach and emergency shelter services during the immediately preceding 12-month period, unless HUD determines that the unit of general purpose local government is in a severe financial deficit.

(2) Upon the recipient's request, HUD will determine whether the unit of general purpose local government is in a severe financial deficit, based on the recipient's demonstration of each of the following:

(i) The average poverty rate in the unit of general purpose local government's jurisdiction was equal to or greater than 125 percent of the average national poverty rate, during the calendar year for which the most recent data are available, as determined according to information from the U.S. Census Bureau.

(ii) The average per-capita income in the unit of general purpose local government's jurisdiction was less than 75 percent of the average national per-capita income, during the calendar year for which the most recent data are available, as determined according to information from the Census Bureau.

(iii) The unit of general purpose local government has a current annual budget deficit that requires a reduction in funding for services for homeless people.

(iv) The unit of general-purpose local government has taken all reasonable steps to prevent a reduction in funding of services for homeless people. Reasonable steps may include steps to increase revenue generation, steps to maximize cost savings, or steps to reduce expenditures in areas other than services for homeless people.

§ 576.103 Homelessness prevention component.

ESG funds may be used to provide housing relocation and stabilization services and short- and/or medium-term rental assistance necessary to prevent an individual or family from moving into an emergency shelter or another place described in paragraph (1) of the “homeless” definition in § 576.2. This assistance, referred to as homelessness prevention, may be provided to individuals and families who meet the criteria under the “at risk of homelessness” definition, or who meet the criteria in paragraph (2), (3), or (4) of the “homeless” definition in § 576.2 and have an annual income below 30 percent of median family income for the area, as determined by HUD. The costs of homelessness prevention are only eligible to the extent that the assistance is necessary to help the program participant regain stability in the program participant’s current permanent housing or move into other permanent housing and achieve stability in that housing. Homelessness prevention must be provided in accordance with the housing relocation and stabilization services requirements in § 576.105, the short-term and medium-term rental assistance requirements in § 576.106, and the written standards and procedures established under § 576.400.

§ 576.104 Rapid re-housing assistance component.

ESG funds may be used to provide housing relocation and stabilization services and short- and/or medium-term rental assistance as necessary to help a homeless individual or family move as quickly as possible into permanent housing and achieve stability in that housing. This assistance, referred to as rapid re-housing assistance, may be provided to program participants who meet the criteria under paragraph (1) of the “homeless” definition in § 576.2 or who meet the criteria under paragraph 4 of the “homeless” definition and live in an emergency shelter or other place described in paragraph (1) of the “homeless” definition. The rapid re- housing assistance must be provided in accordance with the housing relocation and stabilization services requirements in § 576.105, the short- and medium- term rental assistance requirements in § 576.106, and the written standards and procedures established under § 576.400.

§ 576.105 Housing relocation and stabilization services.

(a) *Financial assistance costs.* Subject to the general conditions under § 576.103 and § 576.104, ESG funds may be used to pay housing owners, utility companies, and other third parties for the following costs:

(1) *Rental application fees.* ESG funds may pay for the rental housing application fee that is charged by the owner to all applicants.

(2) *Security deposits.* ESG funds may pay for a security deposit that is equal to no more than 2 months’ rent.

(3) *Last month’s rent.* If necessary to obtain housing for a program participant, the last month’s rent may be paid from ESG funds to the owner of that housing at the time the owner is paid the security deposit and the first month’s rent. This assistance must not exceed one month’s rent and must be included in calculating the program participant’s total rental assistance, which cannot exceed 24 months during any 3-year period.

(4) *Utility deposits.* ESG funds may pay for a standard utility deposit required by the utility company for all customers for the utilities listed in paragraph (5) of this section.

(5) *Utility payments.* ESG funds may pay for up to 24 months of utility payments per program participant, per service, including up to 6 months of utility payments in arrears, per service. A partial payment of a utility bill counts as one month. This assistance may only be provided if the program participant or a member of the same household has an account in his or her name with a utility company or proof of responsibility to make utility payments. Eligible utility services are gas, electric, water, and sewage. No program participant shall receive more than 24 months of utility assistance within any 3-year period.

(6) *Moving costs.* ESG funds may pay for moving costs, such as truck rental or hiring a moving company. This assistance may include payment of temporary storage fees for up to 3 months, provided that the fees are accrued after the date the program participant begins receiving assistance under paragraph (b) of this section and before the program participant moves into permanent housing. Payment of temporary storage fees in arrears is not eligible.

(b) *Services costs.* Subject to the general restrictions under § 576.103 and § 576.104, ESG funds may be used to pay the costs of providing the following services:

(1) *Housing search and placement.*

Services or activities necessary to assist program participants in locating, obtaining, and retaining suitable permanent

housing, include the following:

- (i) Assessment of housing barriers, needs, and preferences;
 - (ii) Development of an action plan for locating housing;
 - (iii) Housing search;
 - (iv) Outreach to and negotiation with owners;
 - (v) Assistance with submitting rental applications and understanding leases;
 - (vi) Assessment of housing for compliance with Emergency Solutions Grant (ESG) requirements for habitability, lead-based paint, and rent reasonableness;
 - (vii) Assistance with obtaining utilities and making moving arrangements; and
 - (viii) Tenant counseling.
- (2) *Housing stability case management.* ESG funds may be used to pay cost of assessing, arranging, coordinating, and monitoring the delivery of individualized services to facilitate housing stability for a program participant who resides in permanent housing or to assist a program participant in overcoming immediate barriers to obtaining housing. This assistance cannot exceed 30 days during the period the program participant is seeking permanent housing and cannot exceed 24 months during the period the program participant is living in permanent housing. Component services and activities consist of:
- (A) Using the centralized or coordinated assessment system as required under § 576.400(d), to evaluate individuals and families applying for or receiving homelessness prevention or rapid re-housing assistance;
 - (B) Conducting the initial evaluation required under § 576.401(a), including verifying and documenting eligibility, for individuals and families applying for homelessness prevention or rapid re-housing assistance;
 - (C) Counseling;
 - (D) Developing, securing, and coordinating services and obtaining Federal, State, and local benefits;
 - (E) Monitoring and evaluating program participant progress;
 - (F) Providing information and referrals to other providers;
 - (G) Developing an individualized housing and service plan, including planning a path to permanent housing stability; and
 - (H) Conducting re-evaluations required under § 576.401(b).
- (3) *Mediation.* ESG funds may pay for mediation between the program participant and the owner or person(s) with whom the program participant is living, provided that the mediation is necessary to prevent the program participant from losing permanent housing in which the program participant currently resides.
- (4) *Legal services.* ESG funds may pay for legal services, as set forth in § 576.102(a)(1)(vi), except that the eligible subject matters also include landlord/tenant matters, and the services must be necessary to resolve a legal problem that prohibits the program participant from obtaining permanent housing or will likely result in the program participant losing the permanent housing in which the program participant currently resides.
- (5) *Credit repair.* ESG funds may pay for credit counseling and other services necessary to assist program participants with critical skills related to household budgeting, managing money, accessing a free personal credit report, and resolving personal credit problems. This assistance does not include the payment or modification of a debt.
- (c) *Maximum amounts and periods of assistance.* The recipient may set a maximum dollar amount that a program participant may receive for each type of financial assistance under paragraph (a) of this section. The recipient may also set a maximum period for which a program participant may receive any of the types of assistance or services under this section. However, except for housing stability case management, the total period for which any program participant may receive the services under paragraph (b) of this section must not exceed 24 months during any 3-year period. The limits on the assistance under this section apply to the total assistance an individual receives, either as an individual or as part of a family.
- (d) *Use with other subsidies.* Financial assistance under paragraph (a) of this section cannot be provided to a program participant who is receiving the same type of assistance through other public sources or to a program participant who has been provided with replacement housing payments under the URA, during the period of time covered by the URA payments.

§ 576.106 Short-term and medium-term rental assistance.

- (a) *General provisions.* Subject to the general conditions under § 576.103 and § 576.104, the recipient or subrecipient may provide a program participant with up to 24 months of rental assistance during any 3-year period. This assistance may be short-term rental assistance, medium-term rental assistance, payment of rental arrears, or any combination of this

assistance.

- (1) Short-term rental assistance is assistance for up to 3 months of rent.
- (2) Medium-term rental assistance is assistance for more than 3 months but not more than 24 months of rent.
- (3) Payment of rental arrears consists of a one-time payment for up to 6 months of rent in arrears, including any late fees on those arrears.
- (4) Rental assistance may be tenant-based or project-based, as set forth in paragraphs (h) and (i) of this section.
- (b) *Discretion to set caps and conditions.* Subject to the requirements of this section, the recipient may set a maximum amount or percentage of rental assistance that a program participant may receive, a maximum number of months that a program participant may receive rental assistance, or a maximum number of times that a program participant may receive rental assistance. The recipient may also require program participants to share in the costs of rent.
- (c) *Use with other subsidies.* Except for a one-time payment of rental arrears on the tenant's portion of the rental payment, rental assistance cannot be provided to a program participant who is receiving tenant-based rental assistance, or living in a housing unit receiving project-based rental assistance or operating assistance, through other public sources. Rental assistance may not be provided to a program participant who has been provided with replacement housing payments under the URA during the period of time covered by the URApayments.
- (d) *Rent restrictions.* (1) Rental assistance cannot be provided unless the rent does not exceed the Fair Market Rent established by HUD, as provided under 24 CFR part 888, and complies with HUD's standard of rent reasonableness, as established under 24 CFR 982.507.
(2) For purposes of calculating rent under this section, the rent shall equal the sum of the total monthly rent for the unit, any fees required for occupancy under the lease (other than late fees and pet fees) and, if the tenant pays separately for utilities, the monthly allowance for utilities (excluding telephone) established by the public housing authority for the area in which the housing is located.
- (e) *Rental assistance agreement.* The recipient or subrecipient may make rental assistance payments only to an owner with whom the recipient or subrecipient has entered into a rental assistance agreement. The rental assistance agreement must set forth the terms under which rental assistance will be provided, including the requirements that apply under this section. The rental assistance agreement must provide that, during the term of the agreement, the owner must give the recipient or subrecipient a copy of any notice to the program participant to vacate the housing unit, or any complaint used under state or local law to commence an eviction action against the program participant.
- (f) *Late payments.* The recipient or subrecipient must make timely payments to each owner in accordance with the rental assistance agreement. The rental assistance agreement must contain the same payment due date, grace period, and late payment penalty requirements as the program participant's lease. The recipient or subrecipient is solely responsible for paying late payment penalties that it incurs with non-ESG funds.
- (g) *Lease.* Each program participant receiving rental assistance must have a legally binding, written lease for the rental unit, unless the assistance is solely for rental arrears. The lease must be between the owner and the program participant. Where the assistance is solely for rental arrears, an oral agreement may be accepted in place of a written lease, if the agreement gives the program participant an enforceable leasehold interest under state law and the agreement and rent owed are sufficiently documented by the owner's financial records, rent ledgers, or canceled checks. For program participants living in housing with project-based rental assistance under paragraph (i) of this section, the lease must have an initial term of one year.
- (h) *Tenant-based rental assistance.*
 - (1) A program participant who receives tenant-based rental assistance may select a housing unit in which to live and may move to another unit or building and continue to receive rental assistance, as long as the program participant continues to meet the program requirements.
 - (2) The recipient may require that all program participants live within a particular area for the period in which the rental assistance is provided.
 - (3) The rental assistance agreement with the owner must terminate and no further rental assistance payments under that agreement may be made if:
 - (i) The program participant moves out of the housing unit for which the program participant has a lease;
 - (ii) The lease terminates and is not renewed; or
 - (iii) The program participant becomes ineligible to receive ESG rental assistance.
 - (i) *Project-based rental assistance.* If the recipient or subrecipient identifies a permanent housing unit that meets ESG requirements and becomes available before a program participant is identified to lease the unit, the recipient or subrecipient may enter into a rental assistance agreement with the owner to reserve the unit and

subsidize its rent in accordance with the following requirements:

1. The rental assistance agreement may cover one or more permanent housing units in the same building. Each unit covered by the rental assistance agreement (“assisted unit”) may only be occupied by program participants, except as provided under paragraph (i)(4) of this section.
2. The recipient or subrecipient may pay up to 100 percent of the first month’s rent, provided that a program participant signs a lease and moves into the unit before the end of the month for which the first month’s rent is paid. The rent paid before a program participant moves into the unit must not exceed the rent to be charged under the program participant’s lease and must be included when determining that program participant’s total rental assistance.
3. The recipient or subrecipient may make monthly rental assistance payments only for each whole or partial month an assisted unit is leased to a program participant. When a program participant moves out of an assisted unit, the recipient or subrecipient may pay the next month’s rent, *i.e.*, the first month’s rent for a new program participant, as provided in paragraph (i)(2) of this section.
4. The program participant’s lease must not condition the term of occupancy to the provision of rental assistance payments. If the program participant is determined ineligible or reaches the maximum number of months over which rental assistance can be provided, the recipient or subrecipient must suspend or terminate the rental assistance payments for the unit. If the payments are suspended, the individual or family may remain in the assisted unit as permitted under the lease, and the recipient or subrecipient may resume payments if the individual or family again becomes eligible and needs further rental assistance. If the payments are terminated, the rental assistance may be transferred to another available unit in the same building, provided that the other unit meets all ESG requirements.

(1) The rental assistance agreement must have an initial term of one year. When a new program participant moves into an assisted unit, the term of the rental assistance agreement may be extended to cover the initial term of the program participant’s lease. If the program participant’s lease is renewed, the rental assistance agreement may be renewed or extended, as needed, up to the maximum number of months for which the program participant remains eligible. However, under no circumstances may the recipient or subrecipient commit ESG funds to be expended beyond the expenditure deadline in § 576.203 or commit funds for a future ESG grant before the grant is awarded.

(j) *Changes in household composition.*

The limits on the assistance under this section apply to the total assistance an individual receives, either as an individual or as part of a family.

§ 576.107 HMIS component.

(a) *Eligible costs.*

(1) The recipient or subrecipient may use ESG funds to pay the costs of contributing data to the HMIS designated by the Continuum of Care for the area, including the costs of:

- (i) Purchasing or leasing computer hardware;
- (ii) Purchasing software or software licenses;
- (iii) Purchasing or leasing equipment, including telephones, fax machines, and furniture;
- (iv) Obtaining technical support; Leasing office space;
- (v) Paying charges for electricity, gas, water, phone service, and high-speed data transmission necessary to operate or contribute data to the HMIS;

(vi) Paying salaries for operating HMIS, including:

- (A) Completing data entry;
- (B) Monitoring and reviewing data quality;

(2) If the recipient is the HMIS lead agency, as designated by the Continuum of Care in the most recent fiscal year Continuum of Care Homeless Assistance Grants Competition, it may also use ESG funds to pay the costs of:

- (i) Hosting and maintaining HMIS software or data;
 - (ii) Backing up, recovering, or repairing HMIS software or data;
 - (iii) Upgrading, customizing, and enhancing the HMIS;
 - (iv) Integrating and warehousing data, including development of a data warehouse for use in aggregating data from subrecipients using multiple software systems;
 - (v) Administering the system;
 - (vi) Reporting to providers, the Continuum of Care, and HUD; and
 - (vii) Conducting training on using the system or a comparable database, including traveling to the training.
- (3) If the subrecipient is a victim services provider or a legal services provider, it may use ESG funds to establish and operate a comparable database that collects client-level data over time (*i.e.*, longitudinal data) and generates unduplicated aggregate reports based on the data. Information entered into a comparable database must not be entered directly into or provided to an HMIS.
- (b) *General restrictions.* Activities funded under this section must comply with HUD's standards on participation, data collection, and reporting under a local HMIS.

§ 576.108 Administrative activities.

- (a) *Eligible costs.* The recipient may use up to 7.5 percent of its ESG grant for the payment of administrative costs related to the planning and execution of ESG activities. This does not include staff and overhead costs directly related to carrying out activities eligible under § 576.101 through § 576.107, because those costs are eligible as part of those activities. Eligible administrative costs include:
- (1) *General management, oversight and coordination.* Costs of overall program management, coordination, monitoring, and evaluation. These costs include, but are not limited to, necessary expenditures for the following:
 - (i) Salaries, wages, and related costs of the recipient's staff, the staff of subrecipients, or other staff engaged in program administration. In charging costs to this category, the recipient may either include the entire salary, wages, and related costs allocable to the program of each person whose *primary* responsibilities with regard to the program involve program administration assignments, or the pro rata share of the salary, wages, and related costs of each person whose job includes *any* program administration assignments. The recipient may use only one of these methods for each fiscal year grant. Program administration assignments include the following:
 - (A) Preparing program budgets and schedules, and amendments to those budgets and schedules;
 - (B) Developing systems for assuring compliance with program requirements;
 - (C) Developing interagency agreements and agreements with subrecipients and contractors to carry out program activities;

 - (ii) Travel costs incurred for monitoring of subrecipients;
 - (iii) Administrative services performed under third-party contracts or agreements, including general legal services, accounting services, and audit services; and

 - (2) *Training on ESG requirements.* Costs of providing training on ESG requirements and attending HUD- sponsored ESG trainings.
 - (3) *Consolidated plan.* Costs of preparing and amending the ESG and homelessness-related sections of the consolidated plan in accordance with ESG requirements and 24 CFR part 91.
 - (4) *Environmental review.* Costs of carrying out the environmental review responsibilities under § 576.407.
- (b) *Sharing requirement.* (1) *States.* If the recipient is a State, the recipient must share its funds for administrative costs with its subrecipients that are units of general-purpose local government. The amount shared must be reasonable under the circumstances. The recipient may share its funds for administrative costs with its subrecipients that are private nonprofit organizations.
- (2) *Territories, metropolitan cities, and urban counties.* If the recipient is a territory, metropolitan city, or urban

county, the recipient may share its funds for administrative costs with its subrecipients.

Subpart C—Award and Use of Funds

§ 576.201 Matching requirement.

- (a) *Required amount of matching contributions.* (1) Except as provided under paragraphs (a)(2) and (a)(3) of this section, the recipient must make matching contributions to supplement the recipient's ESG program in an amount that equals the amount of ESG funds provided by HUD.
- (b) *Eligible sources of matching contributions.* (1) Subject to the requirement for States under paragraph (a)(2) of this section, the recipient may require its subrecipients to make matching contributions consistent with this section to help meet the recipient's matching requirement.
- (2) Matching contributions may be obtained from any source, including any Federal source other than the ESG program, as well as state, local, and private sources. However, the following requirements apply to matching contributions from a Federal source of funds:
- (i) The recipient must ensure the laws governing any funds to be used as matching contributions do not prohibit those funds from being used to match Emergency Solutions Grant (ESG) funds.
- (ii) If ESG funds are used to satisfy the matching requirements of another Federal program, then funding from that program may not be used to satisfy the matching requirements under this section.
- (c) *Recognition of matching contributions.* (1) In order to meet the matching requirement, the matching contributions must meet all requirements that apply to the ESG funds provided by HUD, except for the expenditure limits in § 576.100.
- (2) The matching contributions must be provided after the date that HUD signs the grant agreement.
- (3) To count toward the required match for the recipient's fiscal year grant, cash contributions must be expended within the expenditure deadline in § 576.203, and noncash contributions must be made within the expenditure deadline in § 576.203.
- (4) Contributions used to match a previous ESG grant may not be used to match a subsequent ESG grant.
- (5) Contributions that have been or will be counted as satisfying a matching requirement of another Federal grant or award may not count as satisfying the matching requirement of this section.
- (d) *Eligible types of matching contributions.* The matching requirement may be met by one or both of the following:
- (1) *Cash contributions.* Cash expended for allowable costs, as defined in OMB Circulars A-87 (2 CFR part 225) and A-122 (2 CFR part 230), of the recipient or subrecipient.
- (2) *Noncash contributions.* The value of any real property, equipment, goods, or services contributed to the recipient's or subrecipient's ESG program, provided that if the recipient or subrecipient had to pay for them with grant funds, the costs would have been allowable. Noncash contributions may also include the purchase value of any donated building.
- (e) *Calculating the amount of noncash contributions.* (1) To determine the value of any donated material or building, or of any lease, the recipient must use a method reasonably calculated to establish the fair market value.
- (2) Services provided by individuals must be valued at rates consistent with those ordinarily paid for similar work in the recipient's or subrecipient's organization. If the recipient or subrecipient does not have employees performing similar work, the rates must be consistent with those ordinarily paid by other employers for similar work in the same labor market.
- (3) Some noncash contributions are real property, equipment, goods, or services that, if the recipient or subrecipient had to pay for them with grant funds, the payments would have been indirect costs. Matching credit for these contributions must be given only if the recipient or subrecipient has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of those contributions.
- (f) *Costs paid by program income.*
Costs paid by program income shall count toward meeting the recipient's matching requirements, provided the costs are eligible ESG costs that supplement the recipient's ESG program.

Subpart E—Program Requirements

§ 576.400 Area-wide systems coordination requirements.

- (a) *Consultation with Continuums of Care.* The recipient must consult with each Continuum of Care that serves the recipient's jurisdiction in determining how to allocate ESG funds each program year; developing the performance standards for, and evaluating the outcomes of, projects and activities assisted by ESG funds; and developing funding, policies, and procedures for the administration and operation of the HMIS.

- (b) *Coordination with other targeted homeless services.* The recipient and its subrecipients must coordinate and integrate, to the maximum extent practicable, ESG-funded activities with other programs targeted to homeless people in the area covered by the Continuum of Care or area over which the services are coordinated to provide a strategic, community-wide system to prevent and end homelessness for that area. § 576.401 Evaluation of program participant eligibility and needs.

- (a) *Evaluations.* The recipient or its subrecipient must conduct an initial evaluation to determine the eligibility of each individual or family’s eligibility for ESG assistance and the amount and types of assistance the individual or family needs to regain stability in permanent housing. These evaluations must be conducted in accordance with the centralized or coordinated assessment requirements set forth under § 576.400(d) and the written standards established under § 576.400(e).

(b) *Re-evaluations for homelessness prevention and rapid re-housing assistance.* (1) The recipient or subrecipient must re-evaluate the program participant's eligibility and the types and amounts of assistance the program participant needs not less than once every 3 months for program participants receiving homelessness prevention assistance, and not less than once annually for program participants receiving rapid re-housing assistance. At a minimum, each re-evaluation of eligibility must establish that:

- (i) The program participant does not have an annual income that exceeds 30 percent of median family income for the area, as determined by HUD; and
- (ii) The program participant lacks sufficient resources and support networks necessary to retain housing without ESG assistance.

(2) The recipient or subrecipient may require each program participant receiving homelessness prevention or rapid re-housing assistance to notify the recipient or subrecipient regarding changes in the program participant's income or other circumstances (*e.g.*, changes in household composition) that affect the program participant's need for assistance under ESG. When notified of a relevant change, the recipient or subrecipient must re-evaluate the program participant's eligibility and the amount and types of assistance the program participant needs.

(c) *Annual income.* When determining the annual income of an individual or family, the recipient or subrecipient must use the standard for calculating annual income under 24 CFR 5.609.

(d) *Connecting program participants to mainstream and other resources.* The recipient and its subrecipients must assist each program participant, as needed, to obtain:

(1) Appropriate supportive services, including assistance in obtaining permanent housing, medical health treatment, mental health treatment, counseling, supervision, and other services essential for achieving independent living; and Other Federal, State, local, and private assistance available to assist the program participant in obtaining housing stability, including:

- (i) Medicaid (42 CFR chapter IV, subchapter C);
- (ii) Supplemental Nutrition Assistance Program (7 CFR parts 271–283);
- (iii) Women, Infants and Children (WIC) (7 CFR part 246);
- (iv) Federal-State Unemployment Insurance Program (20 CFR parts 601–603, 606, 609, 614–617, 625, 640,
- (v) Social Security Disability Insurance (SSDI) (20 CFR part 404);
- (vi) Supplemental Security Income (SSI) (20 CFR part 416);
- (vii) Child and Adult Care Food Program (42 U.S.C. 1766(t) (7 CFR part 226));
- (viii) Other assistance available under the programs listed in §576.400(c).

(e) *Housing stability case management.* (1) While providing homelessness prevention or rapid re-housing assistance to a program participant, the recipient or subrecipient must:

- (i) Require the program participant to meet with a case manager not less than once per month to assist the program participant in ensuring long-term housing stability; and
- (ii) Develop a plan to assist the program participant to retain permanent housing after the ESG assistance ends, taking into account all relevant considerations, such as the program participant's current or expected income and expenses; other public or private assistance for which the program participant will be eligible and likely to receive; and the relative affordability of available housing in the area.

(2) The recipient or subrecipient is exempt from the requirement under paragraph (e)(1)(i) of this section if the Violence Against Women Act of 1994 (42 U.S.C. 13701 *et seq.*) or the Family Violence Prevention and Services Act (42 U.S.C. 10401 *et seq.*) prohibits that recipient or subrecipient from making its shelter or housing conditional on the participant's acceptance of services.

§ 576.402 Terminating assistance.

(a) *In general,* If a program participant violates program requirements, the recipient or subrecipient may terminate the assistance in accordance with a formal process established by the recipient or subrecipient that recognizes the rights of individuals affected. The recipient or subrecipient must exercise judgment and examine all extenuating circumstances in determining when violations warrant termination so that a program participant's assistance is terminated only in the most severe cases.

(b) *Program participants receiving rental assistance or housing relocation and stabilization services.* To terminate rental assistance or housing relocation and stabilization services to a program participant, the required formal process, at a minimum, must consist of:

- (1) Written notice to the program participant containing a clear statement of the reasons for termination;

- (2) A review of the decision, in which the program participant is given the opportunity to present written or oral objections before a person other than the person (or a subordinate of that person) who made or approved the termination decision; and
- (3) Prompt written notice of the final decision to the program participant.
- (c) Ability to provide further assistance. Termination under this section does not bar the recipient or subrecipient from providing further assistance at a later date to the same family or individual.

§ 576.403 Shelter and housing standards.

- (a) Lead-based paint remediation and disclosure. The Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821–4846), the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851–4856), and implementing regulations in 24 CFR part 35, subparts A, B, H, J, K, M, and R apply to all shelters assisted under ESG program and all housing occupied by program participants.
- (b) Minimum standards for emergency shelters. Any building for which Emergency Solutions Grant (ESG) funds are used for conversion, major rehabilitation, or other renovation, must meet state or local government safety and sanitation standards, as applicable, and the following minimum safety, sanitation, and privacy standards. Any emergency shelter that receives assistance for shelter operations must also meet the following minimum safety, sanitation, and privacy standards. The recipient may also establish standards that exceed or add to these minimum standards.
 - (1) Structure and materials. The shelter building must be structurally sound to protect residents from the elements and not pose any threat to health and safety of the residents. Any renovation (including major rehabilitation and conversion) carried out with ESG assistance must use Energy Star and Water Sense products and appliances.
 - (2) Access. The shelter must be accessible in accordance with Section 504 of the Rehabilitation Act (29 U.S.C. 794) and implementing regulations at 24 CFR part 8; the Fair Housing Act (42 U.S.C. 3601 *et seq.*) and implementing regulations at 24 CFR part 100; and Title II of the Americans with Disabilities Act (42 U.S.C. 12131 *et seq.*) and 28 CFR part 35; where applicable.
 - (3) Space and security. Except where the shelter is intended for day use only, the shelter must provide each program participant in the shelter with an acceptable place to sleep and adequate space and security for themselves and their belongings.
 - (4) Interior air quality. Each room or space within the shelter must have a natural or mechanical means of ventilation. The interior air must be free of pollutants at a level that might threaten or harm the health of residents.
 - (5) Water supply. The shelter's water supply must be free of contamination.
 - (6) Sanitary facilities. Each program participant in the shelter must have access to sanitary facilities that are in proper operating condition, are private, and are adequate for personal cleanliness and the disposal of human waste.
 - (7) Thermal environment. The shelter must have any necessary heating/ cooling facilities in proper operating condition.
 - (8) Illumination and electricity. The shelter must have adequate natural or artificial illumination to permit normal indoor activities and support health and safety. There must be sufficient electrical sources to permit the safe use of electrical appliances in the shelter.
 - (9) Food preparation. Food preparation areas, if any, must contain suitable space and equipment to store, prepare, and serve food in a safe and sanitary manner.
 - (10) Sanitary conditions. The shelter must be maintained in a sanitary condition.
 - (11) Fire safety. There must be at least one working smoke detector in each occupied unit of the shelter. Where possible, smoke detectors must be located near sleeping areas. The fire alarm system must be designed for hearing-impaired residents. All public areas of the shelter must have at least one working smoke detector. There must also be a second means of exiting the building in the event of fire or other emergency.
- (c) Minimum standards for permanent housing. The recipient or subrecipient cannot use ESG funds to help a program participant remain or move into housing that does not meet the minimum habitability standards provided in this paragraph (c). The recipient may also establish standards that exceed or add to these minimum standards.
 - (1) Structure and materials. The structures must be structurally sound to protect residents from the elements and not pose any threat to the health and safety of the residents.
 - (2) Space and security. Each resident must be provided adequate space and security for themselves and their belongings. Each resident must be provided an acceptable place to sleep.
 - (3) Interior air quality. Each room or space must have a natural or mechanical means of ventilation. The interior air must be free of pollutants at a level that might threaten or harm the health of residents.

- (4) *Water supply.* The water supply must be free from contamination.
- (5) *Sanitary facilities.* Residents must have access to sufficient sanitary facilities that are in proper operating condition, are private, and are adequate for personal cleanliness and the disposal of human waste.
- (6) *Thermal environment.* The housing must have any necessary heating/cooling facilities in proper operating condition.
- (7) *Illumination and electricity.* The structure must have adequate natural or artificial illumination to permit normal indoor activities and support health and safety. There must be sufficient electrical sources to permit the safe use of electrical appliances in the structure.
- (8) *Food preparation.* All food preparation areas must contain suitable space and equipment to store, prepare, and serve food in a safe and sanitary manner.
- (9) *Sanitary conditions.* The housing must be maintained in a sanitary condition.
- (10) *Fire safety.* (i) There must be a second means of exiting the building in the event of fire or other emergency.
(ii) Each unit must include at least one battery-operated or hard-wired smoke detector, in proper working condition, on each occupied level of the unit. Smoke detectors must be located, to the extent practicable, in a hallway adjacent to a bedroom. If the unit is occupied by hearing impaired persons, smoke detectors must have an alarm system designed for hearing-impaired persons in each bedroom occupied by a hearing-impaired person.
(iii) The public areas of all housing must be equipped with a sufficient number, but not less than one for each area, of battery-operated or hard-wired smoke detectors. Public areas include, but are not limited to, laundry rooms, community rooms, day care centers, hallways, stairwells, and other common areas.

§ 576.404 Conflicts of interest.

- (a) *Organizational conflicts of interest.* The provision of any type or amount of ESG assistance may not be conditioned on an individual's or family's acceptance or occupancy of emergency shelter or housing owned by the recipient, the subrecipient, or a parent or subsidiary of the subrecipient. No subrecipient may, with respect to individuals or families occupying housing owned by the subrecipient, or any parent or subsidiary of the subrecipient, carry out the initial evaluation required under § 576.401 or administer homelessness prevention assistance under § 576.103.
- (b) *Individual conflicts of interest.* For the procurement of goods and services, the recipient and its subrecipients must comply with the codes of conduct and conflict of interest requirements under 24 CFR 85.36 (for governments) and 24 CFR 84.42 (for private nonprofit organizations). For all other transactions and activities, the following restrictions apply:
 - (1) *Conflicts prohibited.* No person described in paragraph (b)(2) of this section who exercises or has exercised any functions or responsibilities with respect to activities assisted under the ESG program, or who is in a position to participate in a decision-making process or gain inside information with regard to activities assisted under the program, may obtain a financial interest or benefit from an assisted activity; have a financial interest in any contract, subcontract, or agreement with respect to an assisted activity; or have a financial interest in the proceeds derived from an assisted activity, either for him or herself or for those with whom he or she has family or business ties, during his or her tenure or during the one-year period following his or her tenure.
 - (2) *Persons covered.* The conflict-of-interest provisions of paragraph (b)(1) of this section apply to any person who is an employee, agent, consultant, officer, or elected or appointed official of the recipient or its subrecipients.
 - (3) *Exceptions.* Upon the written request of the recipient, HUD may grant an exception to the provisions of this subsection on a case-by-case basis, taking into account the cumulative effects of the criteria in paragraph (b)(3)(ii) of this section, provided that the recipient has satisfactorily met the threshold requirements of paragraph (b)(3)(i) of this section.
 - (i) *Threshold requirements.* HUD will consider an exception only after the recipient has provided the following documentation:
 - (A) If the recipient or subrecipient is a government, disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure of the conflict and a description of how the public disclosure was made; and
 - (B) An opinion exception is sought would not violate state or local law.
 - (ii) *Factors to be considered for exceptions.* In determining whether to grant a requested exception after the recipient has satisfactorily met the threshold requirements under paragraph (b)(3)(i) of this section, HUD must conclude that the exception will serve to further the purposes of the ESG program and the effective and efficient administration of the recipient's or subrecipient's program or project, taking into account the cumulative effect of the following factors, as applicable:
 - (A) Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project that would otherwise not be available;

- (B) Whether an opportunity was provided for open competitive bidding or negotiation;
 - (C) Whether the affected person has withdrawn from his or her functions, responsibilities or the decision-making process with respect to the specific activity in question;
 - (D) Whether the interest or benefit was present before the affected person was in the position described in paragraph (b)(1) of this section;
 - (E) Whether undue hardship results to the recipient, the subrecipient, or the person affected, when weighed against the public interest served by avoiding the prohibited conflict; and
 - (F) Any other relevant considerations.
- (c) Contractors. All contractors of the recipient or subrecipient must comply with the same requirements that apply to subrecipients under this section.

§ 576.405 Homeless participation.

- (a) Unless the recipient is a State, the recipient must provide for the participation of not less than one homeless individual or formerly homeless individual on the board of directors or other equivalent policy- making entity of the recipient, to the extent that the entity considers and makes policies and decisions regarding any facilities, services, or other assistance that receive funding under Emergency Solutions Grant (ESG).
- (b) If the recipient is unable to meet requirement under paragraph (a), it must instead develop and implement a plan to consult with homeless or formerly homeless individuals in considering and making policies and decisions regarding any facilities, services, or other assistance that receive funding under Emergency Solutions Grant (ESG). The plan must be included in the annual action plan required under 24 CFR91.220.
- (c) To the maximum extent practicable, the recipient or subrecipient must involve homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under ESG, in providing services assisted under ESG, and in providing services for occupants of facilities assisted under ESG. This involvement may include employment or volunteer services.

§ 576.406 Faith-based activities.

- (a) Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to receive ESG funds. Neither the Federal Government nor a State or local government receiving funds under ESG shall discriminate against an organization on the basis of the organization's religious character or affiliation.
- (b) Organizations that are directly funded under the ESG program may not engage in inherently religious activities, such as worship, religious instruction, or proselytization as part of the programs or services funded under ESG. If an organization conducts these activities, the activities must be offered separately, in time or location, from the programs or services funded under ESG, and participation must be voluntary for program participants.
- (c) Any religious organization that receives ESG funds retains its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided that the religious organization does not use direct ESG funds to support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, faith-based organizations may use space in their facilities to provide ESG-funded services, without removing religious art, icons, scriptures, or other religious symbols. In addition, an ESG-funded religious organization retains its authority over its internal governance, and the organization may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents.
- (d) An organization that receives ESG funds shall not, in providing ESG assistance, discriminate against a program participant or prospective program participant on the basis of religion or religious belief.
- (e) ESG funds may not be used for the rehabilitation of structures to the extent that those structures are used for inherently religious activities. Solutions ESG funds may be used for the rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under the ESG program. Where a structure is used for both eligible and inherently religious activities, ESG funds may not exceed the cost of those portions of the rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to ESG funds. Sanctuaries, chapels, or other rooms that an ESG-funded religious congregation uses as its principal place of worship, however, are ineligible for funded improvements under the program. Disposition of real property after the term of the grant, or any change in use of the property during the term of the grant, is subject to government-wide regulations governing real property disposition (see 24 CFR parts 84 and 85).
- (f) If the recipient or a subrecipient that is a local government voluntarily contributes its own funds to supplement

federally funded activities, the recipient or subrecipient has the option to segregate the Federal funds or commingle them. However, if the funds are commingled, this section applies to all of the commingled funds.

§ 576.407 Other Federal requirements.

- (a) *General.* The requirements in 24 CFR part 5, subpart A are applicable, including the nondiscrimination and equal opportunity requirements at 24 CFR 5.105(a). Section 3 of the Housing and Urban Development Act of 1968, 12 U.S.C. 1701u, and implementing regulations at 24 CFR part 135 apply, except that homeless individuals have priority over other Section 3 residents in accordance with § 576.405(c).
- (b) *Affirmative outreach.* The recipient or subrecipient must make known that use of the facilities, assistance, and services are available to all on a nondiscriminatory basis. If it is unlikely that the procedures that the recipient or subrecipient intends to use to make known the availability of the facilities, assistance, and services will reach persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for those facilities and services, the recipient or subrecipient must establish additional procedures that ensure that those persons are made aware of the facilities, assistance, and services. The recipient and its subrecipients must take appropriate steps to ensure effective communication with persons with disabilities including, but not limited to, adopting procedures that will make available to interested persons information concerning the location of assistance, services, and facilities that are accessible to persons with disabilities. Consistent with Title VI and Executive Order 13166, recipients and subrecipients are also required to take reasonable steps to ensure meaningful access to programs and activities for limited English proficiency (LEP) persons.
- (c) *Uniform Administrative Requirements.* The requirements of 24 CFR part 85 apply to the recipient and subrecipients that are units of general purpose local government, except that 24 CFR 85.24 and 85.42 do not apply, and program income is to be used as match under 24 CFR 85.25(g). The requirements of 24 CFR part 84 apply to subrecipients that are private nonprofit organizations, except that 24 CFR 84.23 and 84.53 do not apply, and program income is to be used as the nonfederal share under 24 CFR 84.24(b). These regulations include allowable costs and non-Federal audit requirements.
- (d) *Environmental review responsibilities.* (1) Activities under this part are subject to environmental review by HUD under 24 CFR part 50. The recipient shall supply all available, relevant information necessary for HUD to perform for each property any environmental review required by 24 CFR part 50. The recipient also shall carry out mitigating measures required by HUD or select alternate eligible property. HUD may eliminate from consideration any application that would require an Environmental Impact Statement (EIS).
- (2) The recipient or subrecipient, or any contractor of the recipient or subrecipient, may not acquire, rehabilitate, convert, lease, repair, dispose of, demolish, or construct property for a project under this part, or commit or expend HUD or local funds for eligible activities under this part, until HUD has performed an environmental review under 24 CFR part 50 and the recipient has received HUD approval of the property.
- (e) *Davis-Bacon Act.* The provisions of the Davis-Bacon Act (40 U.S.C. 276a to 276a-5) do not apply to the ESG program.
- (f) *Procurement of Recovered Materials.* The recipient and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Subpart F—Grant Administration

§ 576.500 Recordkeeping and reporting requirements.

- (a) *In general.* The recipient must have policies and procedures to ensure the requirements of this part are met. The policies and procedures must be established in writing and implemented by the recipient and its subrecipients to ensure that ESG funds are used in accordance with the requirements. In addition, sufficient records must be established and maintained to enable the recipient and HUD to determine whether ESG requirements are being met.
- (b) *Homeless status.* The recipient must maintain and follow written intake procedures to ensure compliance with the homeless definition in § 576.2. The procedures must require documentation at intake of the evidence relied upon to establish and verify homeless status. The procedures must establish the order of priority for obtaining evidence as third-

party documentation first, intake worker observations second, and certification from the person seeking assistance third. However, lack of third-party documentation must not prevent an individual or family from being immediately admitted to emergency shelter, receiving street outreach services, or being immediately admitted to shelter or receiving services provided by a victim service provider. Records contained in an HMIS or comparable database used by victim service or legal service providers are acceptable evidence of third-party documentation and intake worker observations if the HMIS retains an auditable history of all entries, including the person who entered the data, the date of entry, and the change made; and if the HMIS prevents overrides or changes of the dates on which entries are made.

(1) If the individual or family qualifies as homeless under paragraph (1)(i) or (ii) of the homeless definition in § 576.2, acceptable evidence includes a written observation by an outreach worker of the conditions where the individual or family was living, a written referral by another housing or service provider, or a certification by the individual or head of household seeking assistance.

(2) If the individual qualifies as homeless under paragraph (1)(iii) of the homeless definition in § 576.2, because he or she resided in an emergency shelter or place not meant for human habitation and is exiting an institution where he or she resided for 90 days or less, acceptable evidence includes the evidence described in paragraph (b)(1) of this section and one of the following:

(i) Discharge paperwork or a written or oral referral from a social worker, case manager, or other appropriate official of the institution, stating the beginning and end dates of the time residing in the institution. All oral statements must be recorded by the intake worker; or

(ii) Where the evidence in paragraph (b)(2)(i) of this section is not obtainable, a written record of the intake worker's due diligence in attempting to obtain the evidence described in paragraph (b)(2)(i) and a certification by the individual seeking assistance that states he or she is exiting or has just exited an institution where he or she resided for 90 days or less.

(3) If the individual or family qualifies as homeless under paragraph (2) of the homeless definition in § 576.2, because the individual or family will imminently lose their housing, the evidence must include:

(i)(A) A court order resulting from an eviction action that requires the individual or family to leave their residence within 14 days after the date of their application for homeless assistance; or the equivalent notice under applicable state law, a Notice to Quit, or a Notice to Terminate issued under state law;

(B) For individuals and families whose primary nighttime residence is a hotel or motel room not paid for by charitable organizations or federal, state, or local government programs for low-income individuals, evidence that the individual or family lacks the resources necessary to reside there for more than 14 days after the date of application for homeless assistance; or

(C) An oral statement by the individual or head of household that the owner or renter of the housing in which they currently reside will not allow them to stay for more than 14 days after the date of application for homeless assistance. The intake worker must record the statement and certify that it was found credible. To be found credible, the oral statement must either:

(I) be verified by the owner or renter of the housing in which the individual or family resides at the time of application for homeless assistance and documented by a written certification by the owner or renter or by the intake worker's recording of the owner or renter's oral statement; or (II) if the intake worker is unable to contact the owner or renter, be documented by a written certification by the intake worker of his or her due diligence in attempting to obtain the owner or renter's verification and the written certification by the individual or head of household seeking assistance that his or her statement was true and complete;

(ii) Certification by the individual or head of household that no subsequent residence has been identified; and

(iii) Certification or other written documentation that the individual or family lacks the resources and support networks needed to obtain other permanent housing.

(4) If the individual or family qualifies as homeless under paragraph (3) of the homeless definition in § 576.2, because the individual or family does not otherwise qualify as homeless under the homeless definition but is an unaccompanied youth under 25 years of age, or homeless family with one or more children or youth, and is defined as homeless under another Federal statute or section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)), the evidence must include:

(i) For paragraph (3)(i) of the homeless definition in § 576.2, certification of homeless status by the local private nonprofit organization or state or local governmental entity responsible for administering assistance under the Runaway and Homeless Youth Act (42 U.S.C. 5701 *et seq.*), the Head Start Act (42 U.S.C. 9831 *et seq.*), subtitle N of the Violence Against Women Act of 1994 (42 U.S.C. 14043e *et seq.*), section 330 of the Public Health Service Act (42 U.S.C. 254b), the

Food and Nutrition Act of 2008 (7 U.S.C. 2011 *et seq.*), section 17 of the Child Nutrition Act of 1966 (42 U.S.C. 1786), or subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 *et seq.*), as applicable;

(ii) For paragraph (3)(ii) of the homeless definition in § 576.2, referral by a housing or service provider, written observation by an outreach worker, or certification by the homeless individual or head of household seeking assistance;

(iii) For paragraph (3)(iii) of the homeless definition in § 576.2, certification by the individual or head of household and any available supporting documentation that the individual or family moved two or more times during the 60-day period immediately preceding the date of application for homeless assistance, including: recorded statements or records obtained from each owner or renter of housing, provider of shelter or housing, or social worker, case worker, or other appropriate official of a hospital or institution in which the individual or family resided; or, where these statements or records are unobtainable, a written record of the intake worker's due diligence in attempting to obtain these statements or records. Where a move was due to the individual or family fleeing domestic violence, dating violence, sexual assault, or stalking, then the intake worker may alternatively obtain a written certification from the individual or head of household seeking assistance that they were fleeing that situation and that they resided at that address; and

(iv) For paragraph (3)(iv) of the homeless definition in § 576.2, written diagnosis from a professional who is licensed by the state to diagnose and treat that condition (or intake staff- recorded observation of disability that within 45 days of date of the application for assistance is confirmed by a professional who is licensed by the state to diagnose and treat that condition); employment records; department of corrections records; literacy, English proficiency tests; or other reasonable documentation of the conditions required under paragraph (3)(iv) of the homeless definition.

(5) If the individual or family qualifies under paragraph (4) of the homeless definition in § 576.2, because the individual or family is fleeing domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions related to violence, then acceptable evidence includes an oral statement by the individual or head of household seeking assistance that they are fleeing that situation, that no subsequent residence has been identified and that they lack the resources or support networks, *e.g.*, family, friends, faith-based or other social networks, needed to obtain other housing. If the individual or family is receiving shelter or services provided by a victim service provider, the oral statement must be documented by either a certification by the individual or head of household; or a certification by the intake worker. Otherwise, the oral statement that the individual or head of household seeking assistance has not identified a subsequent residence and lacks the resources or support networks, *e.g.*, family, friends, faith-based or other social networks, needed to obtain housing must be documented by a certification by the individual or head of household that the oral statement is true and complete, and, where the safety of the individual or family would not be jeopardized, the domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening condition must be verified by a written observation by the intake worker or a written referral by a housing or service provider, social worker, legal assistance provider, health-care provider, law enforcement agency, legal assistance provider, pastoral counselor, or any other organization from whom the individual or head of household has sought assistance for domestic violence, dating violence, sexual assault, or stalking. The written referral or observation need only include the minimum amount of information necessary to document that the individual or family is fleeing, or attempting to flee domestic violence, dating violence, sexual assault, and stalking.

(c) *At risk of homelessness status.* For each individual or family who receives Emergency Solutions Grant (ESG) homelessness prevention assistance, the records must include the evidence relied upon to establish and verify the individual or family's "at risk of homelessness" status. This evidence must include an intake and certification form that meets HUD specifications and is completed by the recipient or subrecipient. The evidence must also include:

(1) If the program participant meets the criteria under paragraph (1) of the "at risk of homelessness" definition in § 576.2:

(i) The documentation specified under this section for determining annual income;

(ii) The program participant's certification on a form specified by HUD that the program participant has insufficient financial resources and support networks; *e.g.*, family, friends, faith-based or other social networks, immediately available to attain housing stability and meets one or more of the conditions under paragraph (1)(iii) of the definition of "at risk of homelessness" in § 576.2;

(iii) The most reliable evidence available to show that the program participant does not have sufficient resources or support networks; *e.g.*, family, friends, faith-based or other social networks, immediately available to prevent them from moving to an emergency shelter or another place described in paragraph (1) of the "homeless" definition. Acceptable evidence includes:

(A) Source documents (*e.g.*, notice of termination from employment, unemployment compensation statement, bank statement, health-care bill showing arrears, utility bill showing arrears);

- (B) To the extent that source documents are unobtainable, a written statement by the relevant third party (*e.g.*, former employer, public administrator, relative) or the written certification by the recipient's or subrecipient's intake staff of the oral verification by the relevant third party that the applicant meets one or both of the criteria under paragraph (1)(ii) of the definition of "at risk of homelessness" in § 576.2; or
- (C) To the extent that source documents and third-party verification are unobtainable, a written statement by the recipient's or subrecipient's intake staff describing the efforts taken to obtain the required evidence; and
- (iv) The most reliable evidence available to show that the program participant meets one or more of the conditions under paragraph (1)(iii) of the definition of "at risk of homelessness" in § 576.2. Acceptable evidence includes:
- (A) Source documents that evidence one or more of the conditions under paragraph (1)(iii) of the definition (*e.g.*, eviction notice, notice of termination from employment, bank statement);
- (B) To the extent that source documents are unobtainable, a written statement by the relevant third party (*e.g.*, former employer, owner, primary leaseholder, public administrator, hotel or motel manager) or the written certification by the recipient's or subrecipient's intake staff of the oral verification by the relevant third party that the applicant meets one or more of the criteria under paragraph (1)(iii) of the definition of "at risk of homelessness"; or To the extent that source documents and third-party verification are unobtainable, a written statement by the recipient's or subrecipient's intake staff that the staff person has visited the applicant's residence and determined that the applicant meets one or more of the criteria under paragraph (1)(iii) of the definition or, if a visit is not practicable or relevant to the determination, a written statement by the recipient's or subrecipient's intake staff describing the efforts taken to obtain the required evidence; or

Introduction

The Emergency Solutions Grant (ESG) is a federal program that provides funding to states and local governments for emergency services and housing supports for homeless and at-risk households. Under the 2009 HEARTH Act, eligible activities under ESG were expanded from traditional shelter and outreach services to also include rapid rehousing and targeted homeless prevention. Per the ESG regulations (§576.400) ESG recipients must consult with the Continuum of Care entity in their region to determine how to allocate ESG funds, develop performance standards and evaluate the outcomes of projects and activities funded with ESG. They also must develop written policies and procedures for determining which households will receive assistance and for determining the type, amount, and length of assistance to be offered to eligible households.

Program Purpose

The primary purpose of local ESG-funding for prevention and/or rapid rehousing is to serve households as close to the “front door” of homelessness as possible – either by diverting them from entry into homelessness, and particularly to shelter, through prevention assistance, or assisting persons as soon as possible after becoming homeless, including after entering shelter, to end their homelessness quickly and shorten lengths of stay in shelter and time spent homeless. In some cases, particular subpopulations may be targeted for this assistance, consistent with plans to end homelessness.

This manual of policies and procedures covers all ESG recipients and subrecipients operating prevention and/or rapid rehousing programs in Alameda County, as these areas are all contained in HUD-recognized Continuum of Care 502. ESG entitlement recipients in Alameda County currently include the Cities of Berkeley and Oakland and the County of Alameda on behalf of the Urban County. Additional ESG subrecipients within the County may be selected by the State of California or, from time to time, additional cities may become entitlement for ESG. This manual was developed collaboratively by the CoC Entity, EveryOne Home, and all current entitlement recipients and State ESG subrecipients.

Interim Guidelines

The ESG and CoC regulations require that the Continuum of Care develop and implement a centralized or coordinated assessment system, and a set of written standards for CoC funded activities. Once coordinated assessment is established, each ESG-funded program or project must use the assessment system, and recipients and subrecipients must work with the Continuum of Care to ensure that screening, assessment and referral of program participants are consistent with the written standards required for ESG programs. This manual and the written standards contained herein for prevention and rapid rehousing are considered interim for the period until a broader coordinated assessment system and written standards for assistance have been developed and adopted across the Continuum.

A complete version of the ESG Interim Regulations can be found here:

Structure of the Manual

This manual is for ESG recipients, subrecipients, and interested parties. It provides a detailed description of the steps that will be taken to determine eligibility, calculate financial assistance, recertify for eligibility, provide support and terminate ESG assistance for rapid rehousing and prevention. Required and/or recommended forms and documents are provided in an Appendix of Forms and Documents at the end of the manual. In some cases, recipients or subrecipients may target their programs more specifically to subpopulations, such as survivors of domestic violence or seniors who are otherwise eligible.

Items in bold italics that are highlighted in grey, are changes to the manual specific to how the City of Berkeley will implement the program.

A document icon appears by every form that is referred to and clicking on the [highlighted hyperlinks](#) on the names of the form will take the reader directly to the referenced documents in the Appendix.

☒ Some key forms and information are entered into the county-wide InHOUSE Homeless Management Information System. Forms that are provided by InHOUSE are not included in this manual but are indicated by a computer icon.

Acknowledgments: The development of the ESG Manual was supported by Alameda County EveryOne Home and the City of Berkeley. The manual was prepared by Katharine Gale Consulting with input from local government and community agency staff including the following persons: Kerry Abbot, Erika Bernheimer, Elaine DeColigny, Geoff Green, Kristin Lee, Susan Shelton, Liz Varela, Jennifer Vasquez, and Riley Wilkerson.

1: Participant Eligibility

As stated above, the primary purpose of ESG-funded rapid rehousing and prevention is to reduce entries into homelessness and/or shorten stays in homelessness to the greatest extent feasible.

To be eligible to receive ESG prevention or rapid rehousing assistance, participant households in Alameda County must meet both national and local requirements, and this eligibility must be documented with an application and supporting documentation kept in a client file. These requirements include:

- Participants must be homeless or at imminent risk of homelessness, per the applicable HUD definitions in the ESG regulation (§576.2) supported by documentation;
- Participants must be one of the locally targeted populations for the program, as specified on the application and eligibility determination form;
- Participants must be willing to participate in the program and to meet the terms of a self-developed Housing Stability Plan;
- Participants may not have already received 24 months of ESG assistance during the past 36 months (§576.105(c));
- Participants must meet the local asset policy, including having cash or equivalent assets of less than \$2,000 per single individual and \$3,000 per couple;

In addition:

- Participants receiving prevention assistance must have incomes at or below 30% of the Area Median Income (§576.103).

Eligibility for Rapid Rehousing

Rapid rehousing provides financial assistance and supportive services to individuals or families that are literally homeless, staying in shelter or transitional housing or on the streets or other places not suitable for human habitation, or exiting institutions and having entered from one of these locations. Eligibility for rapid rehousing includes those fleeing domestic violence who are living in one of the places named above.

In keeping with the intentions of the program, rapid rehousing assistance will be used primarily to serve households that are:

- 1) Adults or family households able to be rehoused rapidly without anticipation of an ongoing subsidy, with ESG financial assistance anticipated to be of six months or less duration;
- 2) Adults or family households able to be rehoused rapidly with an ongoing subsidy from another source anticipated within six months of ESG program participation
- 3) Transition-age youth, especially those recently discharged from foster care, who are able to be rehoused rapidly without anticipation of an ongoing subsidy, with ESG assistance of eighteen months or less duration.

Eligibility for Prevention Assistance

Prevention assistance will be directed to persons who are not literally homeless but are at imminent risk of homelessness per the HUD Homeless definition (Category 2). Prevention assistance may include support to a household to retain its current housing or to move to other housing without having to become literally homeless. While the ESG regulations allow for ESG prevention to be provided to those categorized as “at-risk” but not necessarily at “imminent risk”, Alameda County ESG programs will target prevention services specifically to those that are at “immediate risk” defined as:

“An individual or family who will imminently lose their primary nighttime residence, provided that:

- *the primary nighttime residences will be lost within 14 days of the day of application for homeless assistance;*
- *no subsequent residence has been identified; and,*
- *the individual or family lacks the resources of support networks, e.g., family, friends, faith-based or other social networks, needed to obtain other permanent housing.”*

Within the category of “imminent risk” special attention and outreach will be done to target those households that are:

- 1) doubled up with family and friends, must move within 14 days and are seeking to enter shelter;
- 2) living in a hotel or motel using their own resources , must leave within 14 days, and are seeking to enter shelter;
- 3) ~~living in their own housing, are being evicted for non-payment of rent, must leave within 14 days, and are seeking shelter;~~ **Not eligible under the City of Berkeley Priority Home Partnership (PHP). These households may be eligible for the Housing Retention Program (HRP).**
- 4) fleeing domestic violence;
- 5) imminently leaving foster care, or have recently left foster care and are at imminent risk of losing their current housing.

Eligibility Determination

Program operators must determine that potential participants are eligible for assistance, and document this eligibility, including verifying income and housing status. The Program Application and Eligibility Determination Form contains key questions and documentation requirements.

A copy of the [ESG Program Application and Eligibility Determination Form](#) can be found in the Appendix. This document and all supporting documentation should be placed in the Participant’s File.

A cover sheet for participant files with a list of all of the program documents can be found [here](#).

Ineligible applicants: If a household is assessed and determined to be ineligible, the program operator must notify the household that they have been determined to be ineligible, provide them with appropriate referrals which should be noted on the application form, and create a client file documenting the assessment process and determination.

2: Enrollment

Once found eligible, to enroll the head of household must sign the ESG Participation Agreement complete the HMIS ROI and staff must complete an HMIS Standard Intake Form (SIF) for all household members.

A copy of the [ESG Program Participation Agreement](#) can be found in the appendix, immediately following the Application form.

■ The HMIS Release of Information (ROI), and the Standardized Intake Form (SIF) are developed and updated by the InHOUSE staff at Alameda County Housing and Community Development Department, in accordance with HUD regulations. Housing Agency staff must ensure that the forms in use are the most recent ones, as HUD and local requirements change periodically. If you are unsure that the forms are the most recent, email HMIS@acgov.org.

Budget and Housing Stability Plan

The purpose of ESG Prevention and/or Rapid Rehousing assistance is to provide the support necessary to help the household retain or gain housing in the shortest period of time possible. Critical to being able to retain the housing is a budget and a housing plan. The budget is also needed to determine the amount of financial assistance to be provided.

The Housing Stability Plan should be updated as frequently as necessary to reflect changing situations. Once a participant has moved into housing, the housing specialist and participant should prepare a new Housing Stability Plan that emphasizes those steps or actions needed to retain housing.

A [Sample Budgeting Worksheet](#) and a sample [Housing Stability Plan](#) format can be found in the Appendix of Forms. ***ESG-funded programs may use another version of these forms if approved by the recipient.*** Be sure to make a copy of the Budget and Housing Plan for the participant and insert a signed copy in the participant's file.

3: Financial Assistance for Housing

Eligible Financial Assistance Expenses

The ESG program has the ability to provide temporary financial assistance to participants on a short or medium-term basis. This assistance may include:

Security Deposits: The housing agency may provide a maximum of two times the monthly rent for a unit as a security deposit to assist a participant to secure housing. At such time as the participant may leave the unit and the landlord return all or part of the deposit to the participant, the participant may retain any balance to use toward a new housing situation.

Utility Deposits: If, in order to begin utility service, the household must provide a deposit to a utility company, the program may assist with this deposit.

Rental Assistance payments: If the participant cannot currently afford to rent a unit in the community but is reasonably anticipated to have sufficient income, either through employment or benefits, within approximately six months the program may provide a rental subsidy for the participant. Such subsidies will be as low as possible:

- If the participant has an income he/she is expected to contribute at least 50% of his/her income toward the rent, unless the participant is expect to receive a permanent housing subsidy within approximately six months, in which case the participant may pay only 30% of their income. Documentation of the expectation of a permanent subsidy should be included in the file.
- If the participant has no income, the program may subsidize the entire rent for the first three months.

Rental assistance may be conditioned on the participant fulfilling his or her agreements as part of the Housing Stability Plan and is never offered for more than three months at a time. To continue rental assistance after three months, the program must recertify the participant. See Section [6: Three Month Reassessment of Eligibility](#)

Past due rent arrears: ~~If in order for a household to retain their housing they must pay past due rent the program will cover up to three months of rent arrears not to exceed \$3,000~~ **Not eligible under the City of Berkeley PHP.**

Past due utility arrears: In rare cases, the ESG program will provide funding for past due utilities. The program will only provide such funding for prevention clients if failure to do so will result in the loss of utilities and under the terms of the participants lease this would be grounds for eviction. The program will only provide utility arrears assistance to rapid rehousing clients if utility arrears mean that then household will be unable to establish utility service in their new housing.

In addition, ESG funds may be used to cover the costs of rental applications provided this is a fee that is charge by the owner to all applicants.

Determining the Amount of Financial Assistance

The amount of financial assistance is determined by the amount needed to secure the housing and by the amount of contribution the household is able to make toward the housing costs.

For one-time costs, such as security deposits, and rent and utility arrears, the program will pay the entire amount if the household will have less than 50% of income available after paying rent, the household's budget does not contain any disposable income, and the household assets are less than \$500.00. If the household has assets greater than \$500, and/or the household budget indicates income is available to make a portion of the payment, the household should be required to provide a portion of the deposit and/or arrears. The household's payment may be made through a payment plan with the landlord or utility company if that is possible.

For rental assistance payments, households with any income are expected to contribute either 50% of their income, or 50% of the rent, whichever is lower. An exception to this rule may be made for persons with disabilities who are anticipated to receive a permanent subsidy within six months of their ESG program enrollment.

With agency supervisor approval, households may be permitted to contribute less toward the rent for a brief period to cover other extraordinary costs. The program may pay the entire rent on behalf of households that have no income.

The [ESG Financial Assistance Calculation Form](#) can be found in the appendix. The program should complete the form with the participant and the participant should sign it. This calculation needs to be prepared every three months for households receiving medium-term rental assistance.

☐ All financial assistance provided must be recorded in HMIS.

4: Supportive Services and Connection to Mainstream Resources

Whether covered by ESG funds or other sources, ESG programs are expected to assist clients with housing stability case management and with housing search and placement services as needed.

Housing stability case management includes:

- conducting the official evaluation of eligibility and need, including verifying and documenting eligibility
- counseling
- developing, securing, and coordinating services and assistance in obtaining Federal, state and local benefits
- monitoring and evaluating participant progress;
- providing information and referral to other providers;
- developing an individualized housing plan to permanent housing stability; and
- conducting reevaluations.

These services *may not exceed* 30 days during the period the program participant is seeking permanent housing, and may be provided for up to a total of 24 months within a 36 month period.

While providing prevention or rapid rehousing financial assistance, the program must ensure that the participant meets with a case manager not less than once per month to assist the participant in ensuring long-term housing stability. Case management should be provided more frequently if needed.

Housing search assistance are those services intended to assist program participants in locating, obtaining, and retaining suitable permanent housing, and are expected to be offered to all participants receiving rapid rehousing assistance or prevention assistance that includes moving to another unit. These include:

- assessment of housing barriers, needs, and preferences;
- development of a plan for locating housing;
- housing search;
- outreach and negotiations with landlords; and
- assistance with submitting rental applications and understanding leases.

Links to Mainstream Services

As part of the stability case management, each participant is expected to be assisted, as needed to obtain other services and mainstream benefits including:

- appropriate supportive services including assistance in obtaining permanent housing, medical health treatment, mental health treatment, counseling, supervision, and other services essential for achieving independent living, and
- other federal, state, local, and private assistance available to assist the program participant in obtaining housing stability, including
 - Medi-Cal or other medical insurance
 - TANF
 - Food stamps/Supplemental nutrition assistance (SNAPS)
 - WIC
 - Unemployment insurance
 - SSI/SSDI
 - Child and adult care food program
 - Other mainstream benefit programs from which the participant household could benefit.

While no specific form is provided for this documentation, all case management meetings must be documented in the participant file, and/or in the HMIS case management module. Documentation should include evidence of assistance provided to obtain mainstream resources and the results of that assistance. Subrecipients are encouraged to check with the recipient for approval of documentation.

Legal Services

ESG funds may be used for legal services that are necessary to resolve a legal problem that prohibits the program participant from obtaining permanent housing or will likely result in the program participant losing the permanent housing in which the program participant currently resides. More detail on eligible legal services activities can be found at (§576.102 (a)(1)(vi)) and (§576.105(b)(4)).

While legal services providers that do not provide financial assistance are not required to complete the financial assistance calculation form, they must ensure that all households assisted meet program eligibility ([Section 1](#) above) including completing the application for assistance to document participant eligibility, and must ensure that the units assisted meet the habitability standards in [Section 5](#) below.

5: Housing Unit Requirements

In addition to the household being eligible, the unit to be assisted must also meet eligibility requirements. These include that the rent is both reasonable and at or below the Fair Market Rent market rent, and that the unit meets habitability standards.

A. Rent Reasonableness and Compliance with Fair Market Rent

ESG programs must perform both a rent reasonableness determination and document that the rent falls at or below the Fair Market Rent on every unit assisted, whether for prevention or rehousing.

“Rent reasonableness” means that the total rent charged for a unit must be reasonable in relation to the rents being charged during the same time period for comparable units in the private unassisted market and must not be in excess of rents being charged by the owner during the same time period for comparable non-luxury unassisted units.

To make this determination, the recipient or subrecipients should consider

- (a) the location, quality, size, type, and age of the unit; and
- (b) any amenities, housing services, maintenance and utilities to be provided by the owner.

Comparable rents can be checked by using a market study, by reviewing comparable units advertised for rent, or with a note from the property owner verifying the comparability of charged rents to other units owned (for example, the landlord would document the rents paid in other units). NOTE that not every element in the suggested list of nine things to check for must be known to establish a comparable unit. See more guidance at http://portal.hud.gov/hudportal/documents/huddoc?id=DOC_11753.pdf

The Fair Market Rent (FMR) is a benchmark established by HUD for regions. For ESG, the FMR is the maximum rent permitted even if other similar units rent for more.

The above chart displays the Fair Market Rents applicable during FY2013. Fair Market Rents are updated and published by HUD every year. Programs must ensure that they are using the FMR’s in effect at the time of their determination.

A copy of a [Rent Reasonableness and FMR Certification](#) form can be found in the forms appendix. Subrecipients may use an alternative rent reasonableness determination form meets the requirements of the ESG regulations §576.106 and has been approved by the ESG recipient.

B. Housing Inspection

In order to ensure that ESG funds are used in housing that meets minimum habitability standards, an inspection must be performed on every unit assisted, whether for prevention or rehousing. This inspection includes compliance with the Lead Paint Poisoning Prevention Act.

A copy of a suggested [Habitability Standards Inspection](#) Form can be found in the forms appendix. Subrecipients may use an alternative inspection form as long as it covers all of topic areas required under ESG regulations §576.403 and has been approved by the ESG recipient.

C. Rental Assistance Agreement

Relationships with landlords are a central component of the program. The housing specialist assists both the participant and the landlord to make the housing successful.

Once a unit has been identified and inspected, the housing agency must ensure that:

- a) The tenant receives a written lease or rental agreement from the landlord which clearly outlines the terms of tenancy and conforms with applicable California and local law; and
- b) The landlord is apprised of the nature of the program, the anticipated support to the participant, the obligations of the landlord, and the manner in which the landlord may contact the program if there are concerns.

At a minimum, the housing agency will provide the landlord with a copy of the Rental Assistance Agreement Letter describing the program and outlining the basic support the participant is anticipated to receive. The landlord must sign the letter and return it to the agency. Some agencies may prefer to use a contract or housing assistance payments (HAP) agreement that outlines in greater detail the rights and obligations of the parties. Use of such an agreement is fine if it covers all requirements in the ESG regulations §576.106 and has been approved in advance by the ESG recipient.

In order to determine that the landlord named on the lease is the legitimate owner of the property, the housing agency will use a database service, such as Realquest, or another manner to verify and document the ownership. In addition, the housing agency shall collect a W-9 from the landlord or property management agency and follow all IRS reporting requirements.

A copy of the [Rental Assistance Agreement Letter](#) is included in the appendix. A copy of this letter or an acceptable substitute agreement should be kept in the participants file, along with a copy of the tenant's lease and ~~printout from the database used to verify the ownership of the unit~~ and a copy of the W-9. The original W-9 must be given to the housing agency's finance division ***the City of Berkeley. The City of Berkeley will verify property ownership.***

6: Three Month Reassessment of Eligibility

Any participant who receives more than three months of assistance from the program needs to be formally reassessed. This is distinguished from the more frequent check-ins and meetings with the client, which should occur frequently and as needed, and are recorded in case notes.

During the reassessment process, the program is, at a minimum, confirming:

- The participant has not received more than 24 months of assistance, including any arrears coverage.
- The participant's income level is such that there is still a need to provide financial assistance in order to maintain housing stability.
 - Income is not greater than 30% of the Area Median Income (AMI)
 - Rent is more than 50% of participant income (unless the participant is awaiting a permanent subsidy and is currently paying 30% of income.)
- The participant is making documented progress on their housing plan and taking the steps needed towards housing stability without program financial assistance.
- The participant lacks the financial resources or support networks to secure their housing without continued assistance.

The three month reassessment is also used to update the participant's HMIS record with current information about housing and income.

Once the three month reassessment of eligibility is completed, the household should be notified whether they will continue to receive assistance or not, including signing the reassessment form. If continuing to receive assistance, new documents, including an updated housing stability plan, budget and financial assistance calculation should be prepared and discussed with the client.

A copy of the [Three Month Reassessment of Eligibility](#) is included in the appendix. The Reassessment requires updated documentation of income, which should be attached to the form and included in the file.

☒ Key pieces of information from the Three Month Reassessment Form, including any change in income or address is to be entered into HMIS. (In the future, the Three Month Reassessment may be an HMIS provided form.)

7: Termination of Housing Assistance or Program Participation

Housing assistance under this program is intended to be temporary and to help participants secure housing that they can remain in without long-term financial support. Any housing assistance is contingent on the participant's active participation in carrying out the terms of his/her Housing Stability Plan. Failure to take steps agreed to in the plan, such as seeking work, applying for benefits, looking for housing or accepting housing that meets the participant's criteria are a reasonable basis for recommending termination of financial assistance.

If a program participant is found to be violating the participation agreement, reasonable efforts will be made and documented by staff to assist the participant to address the issue or correct the violation prior to terminating services. Violations that endanger staff, any other participant, any other person, or the viability of the program as a whole will be acted upon immediately.

If a participant is determined to be in continued or grave violation of the program rules, a written Notice of Termination of Assistance will be provided to the program participant containing a clear statement of the reasons for termination, the date on which the termination will become effective, and the process for appealing the decision.

Participants receiving a Notice may request that the decision to terminate participation be reviewed by making a request to the designated supervisor within the agency. This request must be made in writing and must be reviewed within 14 calendar days. A written notice of the final decision will be issued to the participant.

The program may also resume assistance to a program participant whose assistance was previously terminated with the approval of the agency supervisor.

A sample [Notification of Termination of ESG Assistance](#) is provided in the Appendix of Forms. Subrecipients may use an alternative Termination form as long as it covers all of topic areas required under ESG regulations §576.402 and has been approved by the ESG recipient, **the City of Berkeley**.

Grievances and Appeals

Agencies ESG subrecipients must notify participants of the agency's grievance policy at the time of program enrollment, including providing them with a written copy of the policy and keeping a copy of a signed version of the policy or other notification in the participant file. Housing agencies will follow their agency grievance and appeals process, through to the level of the highest ranking staff member of the agency or as may be otherwise specified in the agency's approved policy and procedures.

If there is a grievance specific to the ESG which has not been resolved through the agency grievance process, ESG program participants may appeal to the local recipient, **the City of Berkeley**. Recipients will follow their appeal process.

8: Program Exit

Upon completion of the program, or upon termination prior to completion, all members of the household should be exited from the program in HMIS. At this time all information including household income, final address and housing status are recorded and updated.

☐ The Exit Form is an HMIS-provided form. A printed copy of the form(s) should be kept in the participant file and all data entered into HMIS.

Homelessness Solutions in Alameda County

ESG-CV STANDARDS AND EXPECTATIONS

Applicable in all participating jurisdictions of Alameda County

INTRODUCTION

This document provides policies and standards for the provision of Rapid Rehousing funded by the Emergency Solutions Grant program under the CARES Act (ESG-CV) in Alameda County.

Providers funded with ESG-CV are expected to follow the guidance in this document which pulls from and enlarges upon guidance issued by the U.S. Department of Housing and Urban Development for the general ESG program and for the specific funds made available through the CARES Act, with additional prioritization and design determinations developed locally in response to COVID-19.

The Complete [ESG Interim Regulations](#) as of April 1, 2017, including amendments made to incorporate VAWA requirements, can be found at this link. The Notice issued September 1, 2020 regarding [Waivers and Alternative Requirements for the Emergency Solutions Grants \(ESG\) Program Under the CARES Act](#) can be found at this link.

This document serves in lieu of the ESG Prevention and Rapid Rehousing Policy and Procedure Manual adopted in 2012 for ESG-CV funded programs only.

PRIORITIZATION AND REFERRAL

1. Prioritization

ESG-CV funds are specifically awarded and designated for rehousing those impacted, or more likely to be impacted, by the COVID-19 pandemic.

- 1.1 First priority for ESG-CV Rapid Rehousing are individuals and households assisted and staying in hotel rooms provided via Project RoomKey/Safer Ground or a similar program specifically designed to provide non-congregate or safe and distanced temporary shelter during COVID-19 for people who have been impacted by or are at risk from COVID-19.
- 1.2 Secondary priority are other persons on the Coordinated Entry By-Name List/Housing Queue who are deemed at higher risk for complications from COVID-19, based on criteria adopted in the Temporary Resource Prioritization Policy During COVID-19. The full policy for prioritization as adopted by the System Coordination Committee in January 2021 can be found [HERE](#).

2. Referrals

- 2.1 Any resident of a site mentioned in 1.1 above is eligible to be offered an ESG-CV supported RRH Bridge Subsidy, as long as they are eligible under ESG-CV requirements. Such referrals do not need to come through Coordinated Entry as they have already been through a prioritization process. Referrals will be made via communication from the Health Care Services Agency Office of Homeless Care and Coordination and the City of Berkeley directly to contracted providers.
- 2.2 Potential participants in ESG-CV funded Rapid Rehousing in category 1.2 will be referred to contracted providers if there are additional openings using the Alameda County Coordinated Entry process. Contracted providers must accept Coordinated Entry referrals as long as potential participants meet eligibility criteria.
- 2.3 Time expectations for responding to referrals will be established in the Coordinated Entry policies and, when established, will apply to ESG-CV contracted providers.

PARTICIPANT ELIGIBILITY AND ENROLLMENT

3. Eligibility

In addition to being referred through Coordinated Entry, households must be eligible for ESG-CV funded Rapid Rehousing. Program operators must determine that potential participants are eligible for assistance, and document this eligibility, including either verifying homeless status/chronic homeless status or receiving such verification from Coordinated Entry.

3.1 Literal or Chronic Homelessness

3.1.1 To be eligible for the ESG-CV program the participant must be “Literally Homeless” and without other identified housing options at the time of referral. This includes households that meet the HUD Homeless Definition under Category 1, and households that meet the Definition under Category 4, Fleeing or attempting to flee domestic violence *and also meet one of the following conditions.*

- Living/staying in a shelter. This includes staying at a hotel or motel under Project RoomKey or a similar program that provides temporary shelter for people who have been impacted by or are at risk from COVID-19.
- Living on the streets, a car, an encampment or a place not meant for human habitation.
- Living/staying in transitional housing.
- Exiting an institution where s(he) resided for 90 days or less and previously resided in a shelter or the streets or a place not meant for human habitation.

Documentation requirements to verify homelessness can be found [HERE](#).

3.1.2 Because many participants in ESG-CV funded Rapid Rehousing may have been Chronically Homeless prior to participation in the program, and should continue to remain eligible for PSH and other resources that may be targeted to chronically homeless, chronic homeless verification is encouraged.

Verification requirements and a suggested tool for how to document chronic homelessness can be found [HERE](#).

3.2 Required Documentation

To demonstrate eligibility at the time of enrollment, the enrolling provider must obtain:

1. Referral from a referring entity or Coordinated Entry
2. Verification of homelessness or chronic homelessness with required back up documentation

All required documentation should be uploaded into HMIS if participant has an HMIS record, or kept in a participant file.

3.3 Income verification

3.3.1 Income Verification is **not** a required eligibility criteria and is not needed for referral by Coordinated Entry nor for enrollment. However, income verification will be needed to establish rent payments. (See 6.3 Financial Assistance Approach.) Inability to document income at the time of referral must not prevent a participant from being enrolled, but may delay the household getting rehoused.

3.3.2 Persons with zero income are eligible for ESG-CV funded Rapid Rehousing and will be offered services to increase income through employment and/or connection to benefits.

3.3.3 For any participant who remains in the program for more than 12 months, income must be certified at annual recertification and must be below 30% of Area Median Income for the participant to continue to receive assistance (See 11.1 Annual Reassessment.)

3.4 Ineligible applicants

If a household is determined to be ineligible after referral and before enrollment, the program operator must notify the referring entity that they have been determined ineligible, provide the potential participant with the Notice of Occupancy Rights and Certification Form, and create a participant file documenting the process and determination.

4. Program Enrollment

4.1 Participation Agreement

All heads of household enrolled in the program will sign a Participant Agreement. This agreement must state what the program will provide and what the expectations of the participant are, and the circumstances that can lead to their being terminated prior to completing the program. Programs may use the attached [ESG-CV Participation Agreement](#) or a program agreement that covers the same items, including all certifications, and does not conflict with ESG-CV regulations.

Enrolled participants should receive a copy of the Program's grievance and appeals process (See Grievance and Appeals 13.1)

4.2 Notice of Occupancy Rights and Certification

At the time of enrollment, or if a potential participant is denied enrollment for any reason, the participant must be provided with form HUD-5380 Notice of Occupancy Rights and Certification. This document describes protections for victims of domestic violence, dating violence, sexual assault, or stalking under VAWA. Forms and other guidance regarding VAWA can be found [HERE](#).

4.3 HMIS Enrollment

4.3.1 ROI: For all households participating in HMIS, all Adults must have an HMIS Release of Information (ROI) that is in effect. If an up to date ROI has not been executed and on file for each adult, one must be completed.

4.3.2 Program enrollment: Staff must complete a program enrollment in HMIS for all members of the household. Enrollment will be in one of the four designated projects within HMIS (Oakland, Berkeley, Urban County, State) based on information provided by Coordinated Entry.

5. Bridge and Rapid Program Tracks

Rapid Rehousing funding may be used to provide rehousing support on a more traditional rapid rehousing track designed to serve households anticipated to take over full rent within a 6-24 month period (“Rapid”) or to provide subsidies that are intended to be used as a “bridge” to another longer-term or permanent housing resource for persons with greater needs (“Bridge”). While these tracks are not distinguished by different program enrollments they should be established from the outset in collaboration between the referring and contracting entity and periodically reassessed or modified as needed.

At the time of referral an initial determination of whether the household is beginning on the Rapid or Bridge track should be included. ***Unless otherwise specified at time of referral, persons referred from a Project Roomkey/Safer Ground/similar program site, or from the second priority group of high risk for complications from COVID-19 will be considered on the Bridge Track.***

5.1 Bridge Track

Participants on the Bridge track are anticipated to participate in the ESG-CV program until another housing resource has been identified and secured for the participant.

5.1.1 Securing another resource: Program providers will work closely with the Health Care Services Agency (HCSA) and with the ESG Recipient for the jurisdiction in which they operate in to identify a housing resource for each enrolled household on the Bridge track. Processes for determining which resources are offered to a specific client will be worked out with the provider.

5.1.2 Reevaluation: If a Bridge Track participant has not been successfully transferred to another resource within 11 months of enrollment, and the program has the ability to retain them for more than 12 months, a reassessment will occur within 30 days of the participant's program anniversary as part of the Annual Reevaluation (See Annual Reevaluation 11.1)

5.2 Rapid Track

ESG-CV is targeted to assist those at high risk from COVID who are anticipated to have higher needs. However, it is possible that within the second priority group there may be some participants who can benefit from a more traditional Rapid Track. Any participants on the Rapid Track are anticipated to take over full rent of their housing during their participation in the program. Providers must work with the household to determine program and household rent contributions and offer appropriate services to support this progress (See 6.3 Financial Assistance – Rapid Track).

FINANCIAL ASSISTANCE AND SUPPORTIVE SERVICES

ESG-CV funds may be used for specific financial assistance expenditures related to securing and maintaining housing. Each type of assistance requires specific documentation be kept on file to support the expenditures.

6. Financial Assistance

6.1 Maximum Assistance

6.1.1 24-month limitation: For first round ESG-CV awards and for second round awards covered under a HUD-approved Consolidated Plan amendment or waiver that allows for up to 24 months assistance, the maximum allowable assistance is 24 months within a 36 month period, consistent with the ESG regulations.

6.1.2 12-month limitation: For second round awards received after September 1, 2020, unless covered by a Consolidated Plan amendment or a waiver approved by HUD, the maximum period of allowed assistance is 12 months.

Changes or updates to the ESG-CV program requirements through law, regulation or Notice may change the maximum assistance time frames. Providers must be aware of the applicable maximum assistance requirements that are in effect for the funding they are using to assist any participant.

6.2 Expense Categories, Limitations and Requirement Documentation

The following tables lists each allowable expense category for financial assistance, any limitations on time, amounts or cost, and the required documentation for the expenditure.

Expense Category	Permitted Expenditures and Limitations	Required Documentation
Security Deposit	Up to the equivalent of two (2) months of rent.	<input type="checkbox"/> Copy of W9 and Receipt <input type="checkbox"/> One year Lease Agreement. <input type="checkbox"/> Confirmation of property ownership
Utility Deposit	Standard utility deposits that the utility company requires for all customers.	<input type="checkbox"/> Copy of bill or receipt of payment. A billing statement is necessary if assistance for multiple months is provided with a single payment.
Application Fees	Costs associated with applications for rental housing required by property owners/managers	<input type="checkbox"/> Receipt
Moving Costs	Reasonable costs associated with assisting participants to move themselves and their belongings into housing, including vehicle rentals and movers if needed	<input type="checkbox"/> Cost Estimate <input type="checkbox"/> Receipt
Landlord Incentives	Signing bonuses, security deposits, repairing damages incurred by the program participant not covered by the security deposit or that are incurred while the program participant is still residing in the unit, and cost of extra cleaning or maintenance. Landlord incentives may not exceed three months' rent including any funds spent on deposits under Security Deposits above. Landlord incentives do not count against the 12- or 24-month cap on assistance but the three-month maximum includes the amount offered in Security Deposit.	Documentation required depends on the category of assistance being provided. All Landlord Incentives must be documented with a receipt by the landlord or a third-party receipt for coverage of allowable costs such as repairs or cleaning.
Rental Assistance	A portion of the contract rent of up to 100% of rent for up to maximum number of months <i>permitted under the applicable grant agreement with the Recipient.</i>	<input type="checkbox"/> Habitability Inspection <input type="checkbox"/> One year Lease/Rental Agreement <input type="checkbox"/> Letter of payment or a Housing Assistance Payment (HAP) agreement <input type="checkbox"/> W9
Utility Assistance	Up to total number of months of rental assistance provided. Total utility assistance includes the first month's payment.	<input type="checkbox"/> Copy of Bill for each utility for each month paid.
Rental Arrears	Only if necessary to successfully re-house; maximum two (2) months of arrears. Counts against the total months of assistance permitted.	<input type="checkbox"/> Statement or Bill that includes the cost of each month paid.

Expense Category	Permitted Expenditures and Limitations	Required Documentation
Utility Arrears	Only if necessary, to re-house; maximum two (2) months of arrears per utility. Eligible utilities include gas, electricity, water, & trash. Counts against the total months of assistance permitted.	<input type="checkbox"/> Statement or Bill that includes the cost of each month paid.

6.3 Financial Assistance Approach

For one-time costs, such as security deposits, move in expenses and application fees, the ESG-CV program may pay the entire amount.

For rental assistance payments, households with income are expected to contribute *at least* 30% of their adjusted gross income. To make this determination, verification of income will be required.

6.3.1 Bridge Housing track: If a household is determined to be on a **Bridge Housing track** (See 5.1 above) the participant contribution may be set at 30% of adjusted gross income, consistent with many permanent housing subsidy programs, and may continue at 30% of adjusted gross income for the duration of their time in the program.

6.3.1.a. If a participant household on the Bridge Housing track significantly increases their income or demonstrates a likelihood to be able to pay full rent without assistance, they should be reclassified to the Rapid track and financial assistance should be adjusted as specified for the Rapid Track.

6.3.1. b. The program may pay the entire rent on behalf of households that have no income.

6.3.2 Rapid track: If a household is determined to be on **Rapid track** (anticipated to be able to take over the full rent within the time frame of permitted assistance) the amount that the household is expected to contribute will be expected to fluctuate and to grow over time based on the ongoing assessment of the program operator.

6.3.2.a. Households with any income are expected to contribute 30% of adjusted gross income toward their rent from the start of the program and to assume a greater portion of the rent over time. Expectations must be made clear to the participant household and reviewed periodically, and not less than every three months.

6.3.2.b. With supervisor approval, households may be permitted to contribute less toward their rent for a limited period to assist them to cover extraordinary costs. The program may pay the entire rent on behalf of households that have no income.

6.3.2.c. For participants on the Rapid track, programs should use a progressive engagement approach to assistance, offering the least amount of support needed to ensure the participant household remains housed, with the potential to increase financial assistance and services if needed.

6.4. Prohibition on Duplication of Benefits

Financial assistance cannot be provided to a program participant who is receiving any other form of tenant-based rental assistance or to a program participant who has been provided with replacement housing payments under the [Uniform Relocation Act \(URA\)](#) during the period of time covered by the URA payments. Participants should be asked to certify that they are not receiving such assistance. Language to this effect is included in the provided Participation Agreement.

6.5 Recording Financial Assistance

All financial assistance provided must be recorded in HMIS. Supporting documentation must be kept in participant files.

7. Supportive Services

7.1 Services may not be required

Regular ESG funding and other Rapid Rehousing programs typically require that programs assist participants with housing search and housing stability case management. This includes a requirement that a participant meet with a housing stability case manager not less than once per month for the period that they are enrolled. However, under the ESG-CV Notice, Recipients and Subrecipients **may not require** individuals or families experiencing homelessness to receive treatment or perform prerequisite activities as a condition for receiving assistance funded by ESG-CV. This specifically includes any requirement to participate in Housing Stability Case Management.

7.2 Services must be made available

ESG-CV funded Rapid Rehousing in Alameda County must offer and provide, as requested by participants, housing search and placement assistance, case/care management and connections to other services, benefits and supports. These services should be offered regularly, minimally monthly, to participants to ensure they are aware that services are available if they wish to use them.

7.3 Housing Search Assistance

Housing search assistance are those services intended to assist participants in locating, obtaining, and retaining suitable permanent housing. These may include:

- assessment of housing barriers, needs, and preferences;
- development of a plan for locating housing;
- assistance with a housing search or searching on behalf of a participant;
- outreach and negotiations with landlords; and
- assistance with submitting rental applications and understanding leases.
- assessment of housing for compliance with Emergency Solutions Grant (ESG) requirements for habitability, lead-based paint, and rent reasonableness;
- assistance with obtaining utilities and making moving arrangements; and
- tenant counseling.

7.4 Housing Stability Case Management or Care Management

Housing stability case management may include:

- conducting the official evaluation of eligibility and need, including verifying and documenting eligibility
- counseling
- developing, securing, and coordinating services and assistance in obtaining Federal, state and local benefits
- monitoring and evaluating participant progress;
- providing information and referral to other providers;
- developing an individualized housing plan to permanent housing stability, including referrals to and support with submitting applications to affordable housing projects; and
- conducting required reevaluations to determine (i) The program participant does not have an annual income that exceeds 30 percent of median family income for the area, as determined by HUD; and (ii) The program participant lacks sufficient resources and support networks necessary to retain housing without ESG assistance.

Given that ESG-CV is targeted to those at risk from COVID-19 and first priority is for persons participating in Project RoomKey/Safer Ground or a similar program, ESG-CV participants may be already participating in, or eligible for, case or care management through the Alameda County or Berkeley Health Departments and their subcontractors. In these cases, agencies offering housing stability case management may provide services in line with their approved care management approach, provided that the services are voluntary and individualized and include a focus on assisting the participant to stabilize in and retain housing.

7.5 Recording Services

Services that are provided directly to or specifically associated with a participant household must be recorded in HMIS.

Some contractors may be funded to hire specialists to recruit landlords and secure units for a number of participants which are not provided as specific services to any one participant. Such services are not expected to be recorded in HMIS.

Some participants in a Rapid Rehousing program funded by ESG-CV may be offered and receive services paid for by other sources than ESG-CV and offered by organizations other than the ESG-CV provider. Such services should be recorded in the client record for the ESG-CV program if considered part of the ESG-CV program, or under a separate program enrollment.

HOUSING RELATED REQUIREMENTS

8. Unit Requirements

8.1 Rent Reasonableness

Units rented by participants in an ESG-CV funded Rapid Rehousing program must meet the standard for rent reasonableness. “Rent reasonableness” means that the total rent charged for a unit must be reasonable in relation to the rents being charged during the same time period for comparable units in the private unassisted market and must not be in excess of rents being charged by the same owner during the same time period for comparable non-luxury unassisted units. See more guidance regarding Rental Reasonableness [HERE](#).

A sample [Rent Reasonableness form](#) is provided in the appendix. Subrecipients may use an alternative rent reasonableness determination form that meets the requirements of the ESG regulations §576.106.

8.2 Checking Against applicable Payment Standards

The Fair Market Rent (FMR) is a benchmark established by HUD by region. The regular ESG program requires that the rent for units assisted meet *both* standards for rent reasonableness and rent at or below the Fair Market Rent (FMR). ***ESG-CV waives the requirement for use of the FMR.***

However, under the design for ESG-CV to serve in many circumstances as a bridge to a longer subsidy including subsidies provided under the Housing Choice Voucher, is strongly recommended that households expected to receive a long-term subsidy not be assisted to move into units that rent for more than the FMR or the applicable Payment Standard in the jurisdiction in which the unit is located.

Housing Providers must document decisions to rent a unit above the Payment Standard, including either documentation of a plan for the participant to take over the full rent, receive a subsidy that does not require units rent at FMR, or a plan for the tenant to move to another location that the participant has agreed to.

8.3 Habitability

8.4.1 Habitability Standard: In order to ensure that ESG funds are used in housing that meets minimum habitability standards, an inspection must be performed on every unit assisted. A description of the standard for permanent housing and a form that can be used to record the results of an inspection can be found [HERE](#).

8.4.2 Lead-based paint remediation and disclosure. The Lead-Based Paint Poisoning Prevention Act, the Residential Lead-Based Paint Hazard Reduction Act of 1992 and implementing regulations apply to all housing occupied by program participants. More information can be found at the HUD Lead Safe Housing site [HERE](#).

8.4.3. Use of HQS: The ESG Habitability Standards are different from, and generally not as stringent as the Housing Quality Standards (HQS) used for other programs such as CoC Rental Assistance programs (i.e. Shelter Plus Care) and Housing Choice Vouchers. Because some participants in the ESG-CV program are anticipated to receive a HCV, Shelter Plus Care or other potential resources that may require the unit to meet HQS, operators are strongly encouraged to ensure that units either meet HQS initially or can be made to meet HQS prior to the transfer of the subsidy. HQS will be accepted in lieu of Habitability Standards, provided that compliance with Lead Paint Poisoning Act is included.

9. Leases and Rental Assistance Agreements

9.1. Leases

Once a unit has been identified and inspected, the housing agency must ensure that the participant/tenant receives a written one year lease or rental agreement from the landlord which clearly outlines the terms of tenancy and conforms with applicable California and local law.

9.1.1 VAWA-Mandated Requirements: Participant leases must include the following provisions in order to comply with the Violence Against Women Act:

The Landlord may not consider incidents of domestic violence, dating violence or stalking as serious or repeated violations of the lease or other "good cause" for termination of assistance, tenancy or occupancy rights of the victim of abuse.

The Landlord may not consider criminal activity directly relating to abuse, engaged in by a member of a tenant's household or any guest or other person under the tenant's control, cause for termination of assistance, tenancy, or occupancy rights if the tenant or an immediate member of the tenant's family is the victim or threatened victim of that abuse.

The Landlord may request in writing that the victim, or a family member on the victim's behalf, certify that the individual is a victim of abuse and that the Certification of Domestic Violence, Dating Violence or Stalking, Form HUD-91066, or other documentation as noted on the certification form, be completed and submitted within 14 business days, or an agreed upon extension date, to receive protection under the VAWA. Failure to provide the certification or other supporting documentation within the specified timeframe may result in eviction.

If the lease does not cover the terms of the Violence Against Women Act then a lease addendum should be executed that covers these requirements. A copy of a [HUD VAWA Lease Addendum](#) can be found here.

9.1.2 Lease Bifurcation: Housing providers may bifurcate leases to evict, remove, or terminate assistance to a household member who engages in domestic-violence-related criminal activity without evicting, removing, or terminating assistance to, or otherwise penalizing, a victim of such criminal activity who is also a tenant or lawful occupant.

Financial assistance shall continue for the family member(s) who are not evicted or removed.

9.2 Rental Assistance Agreements

Providers of Rapid Rehousing assistance must ensure that the Landlord to whom payment is being made is apprised of the nature of the program, the anticipated support to the participant, the obligations of the landlord, and the manner in which the landlord may contact the program if there are concerns.

9.2.1 Rental Assistance Agreement Letter: At a minimum, the agency providing financial assistance will provide the landlord with a [Rental Assistance Agreement Letter](#) describing the program and outlining the basic support the participant is anticipated to receive. If using the letter, the landlord must sign the letter and return it to the agency.

9.2.2 Housing Assistance Payment (HAP) or other contract agreement: Agencies may prefer to use a contract or housing assistance payments (HAP) agreement that outlines in greater detail the rights and obligations of the parties. Use of such an agreement is acceptable if it covers all requirements in the ESG regulations §576.1 and this guidance.

9.3 Ownership/Tax Document

9.3.1 W-9: In addition, the housing agency shall collect a W-9 from the landlord or property management agency and follow all IRS reporting requirements.

9.3.2 Evidence of ownership: In order to determine that the landlord named on the lease is the legitimate owner of the property, the housing agency will use a database service, such as Realquest, or another manner to verify and document the ownership.

9.4 Documentation

Documentation related to the housing unit that must be kept in the Participant File includes:

1. An original or copy of the Rent Reasonableness/FMR determination
2. An original or copy of the Habitability or HQS inspection.
3. A copy of the Rental Assistance Agreement Letter or Housing Assistance Payment contract.
4. A copy of the tenant's lease, including the VAWA Lease Addendum if not included in lease.
5. Printout from the database used to verify the ownership of the unit.
6. Copy of the W-9 from the landlord. The original W-9 must be given to the program operator's finance division.

10. Emergency Transfer Plan

10.1 Qualifications for Emergency Transfer

A participant qualifies for an emergency transfer if:

1. The participant is a survivor of domestic violence, dating violence, sexual assault or stalking;
2. The participant expressly requests the transfer; *and*
3. Either:
 - a. The participant reasonably believes there is a threat of imminent harm from further violence if the participant remains in the same dwelling unit; or
 - b. If the participant is a survivor of sexual assault, the sexual assault occurred on the premises during the 90-calendar-day period preceding the date of the request for transfer.

10.2 Emergency Transfer Process

A participant may submit an emergency transfer request directly to program staff. A participant may seek an internal and external emergency transfer, or both at the same time if a safe unit is not immediately available. The program will take reasonable steps to support them in securing a new safe unit as soon as possible and a transfer may not be necessary.

Programs will ensure strict confidentiality measures are in place to prevent disclosure of the location of the participant's new unit to a person who committed or threatened to commit an act of domestic violence, dating violence, sexual assault, or stalking against the participant.

Where a family separates as part of the emergency transfer, the family member(s) receiving the emergency transfer will retain the rental assistance when possible. The program will work with the CoC and the household to support an effective transfer in situations where the program is not a good fit for the family member(s) receiving the emergency transfer.

10.2.1 Internal Transfer: Where the participant requests an internal emergency transfer within the same building or program, the program should take steps to immediately transfer the participant to a safe unit if a unit is available. Requests for internal emergency transfers should receive at least the same priority as the program provides to other types of transfer requests.

If a safe unit is not immediately available, program staff will inform the participant that a unit is not immediately available and explain the options to:

1. Wait for a safe unit to become available for an internal transfer,
2. Request an external emergency transfer, and/or
3. Pursue both an internal and external transfer at the same time in order to transfer to the next available safe unit in the CoC.

10.2.2 External Transfer: If a participant requests an external emergency transfer, the participant has priority over all other applicants, provided the household meets all eligibility criteria required by HUD and the program. After the agency communicates the participant's emergency transfer request, the Coordinated Entry Management Entity will refer the participant to the next available appropriate unit through the Coordinated Assessment System. The household retains their original homeless status for purposes of the transfer.

10.3 Documentation and Record Keeping

To request an emergency transfer, the participant should submit a written request to program staff, certifying that they meet the emergency transfer qualification requirements. The program may – but is not required to – request additional documentation of the occurrence for which the participant is requesting an emergency transfer. No other documentation is required.

Programs must retain records of all emergency transfer requests and their outcomes for a period of 5 years following the grant year of the program in which the household was a participant and report them to HUD annually. A model emergency transfer plan can be found [HERE](#).

REEVALUATION

11. Reevaluation of Need and of Eligibility

11.1 Annual Reevaluation

For programs operating with ESG-CV funding that is capped at 12 months of assistance, it is not expected that formal reevaluation will occur during the period in which assistance is provided. Households should be informed from the beginning that assistance is limited to a maximum of

12 months and focus should be placed on identifying a long-term resource or housing strategy for after the program is over.

Annual Reevaluation is required for any participant receiving more than 12 months of assistance. This applies to programs operating with ESG-CV funding covered by an approved Consolidated Plan amendment, waiver or revised Notice of HUD guidance permitting greater than 12 months assistance. The reevaluation must determine:

1. The participant has not received more than the permitted number of months of assistance.
2. The participant's income level is such that there is still a need to provide financial assistance in order to maintain housing stability.
 - a. Income is not greater than 30% of the Area Median Income (AMI)
3. The participant lacks the financial resources or support networks to secure their housing without continued assistance.

Annual reevaluation should be documented, including updated income verification and an updated participation agreement which certifies lack of resources to secure housing without assistance.

11.2 HMIS Update

The annual reevaluation is recorded in HMIS and used to update the participant's HMIS record with current information about housing and income.

11.3 Notification and Update Documents

Once the annual reevaluation of eligibility is completed, the household should be formally notified whether they will continue to receive assistance or not. If continuing to receive assistance, new documents, including an updated Participation Agreement should be prepared and discussed with the participant. If a household is not expected to have the subsidy extended, they should be notified of this determination at the earliest possible time and assisted to develop an alternative housing plan.

11.4 Periodic Reassessment of Need

Alameda County has adopted a more frequent reassessment standard for ESG-funded Rapid Rehousing which includes a review of need and ability to pay every three months during participation. ***This requirement does not apply to participants in the ESG-CV program who are on the Bridge Track.*** However, frequent and ongoing review of the participant's situation and needs should occur throughout the program to determine whether the participant is likely to be able to transition to the Rapid track or off of assistance or will need to be connected to an ongoing subsidy or move to a permanently affordable location such as affordable housing or PSH (Bridge Track).

PROGRAM TERMINATION, APPEALS AND EXIT**12. Ending Program Participation**

Assistance under this program is intended to be temporary and to help participants secure housing that they can remain in without long-term financial support *or* to successfully bridge to another resource or unit with an ongoing subsidy.

12.1 No Termination for Lack of Service Participation

Under ESG-CV participants cannot be required to take part in services. However, they must provide the program with information needed to continue to determine eligibility, and to ensure that the program and the participant remain in good standing with the landlord.

12.2 Violation of Participation Agreement

Consistent violations of the Participation Agreement, including failure to provide required information to the Program as needed to continue to determine eligibility, may result in termination. If a program participant is violating the participation agreement, reasonable efforts will be made and documented by staff. Staff will provide written notice to the participant outlining program and/or lease violations and assist the participant to address the issue or correct the violation prior to terminating enrollment. ***Threatening or violent behavior towards staff, any other participant, or any other person connected to the property which they reside may be acted upon immediately.***

12.3 Written Notice

If a participant is determined to be in continued or grave violation of the participation agreement, a written Notice of Termination of Assistance will be provided to the program participant containing a clear statement of the reasons for termination, the date on which the termination will become effective, and the process for appealing the decision.

Participants receiving a Notice may request that the decision to terminate participation be reviewed by making a request to the designated supervisor within the agency – following the agency’s grievance policy. This request must be made in writing and must be reviewed within 10 calendar days. A written notice of the final decision will be issued to the participant within 14 calendar days.

A sample [Notification of Termination of ESG-CV Assistance](#) is provided in the Appendix of Forms. Subrecipients may use an alternative Notice of Termination form as long as it covers all of topic areas required under ESG regulations §576.402 and has been approved by the ESG-CV recipient.

12.4 Resuming Assistance

A program may resume assistance to a program participant whose assistance was previously terminated with the approval of the Program Manager, provide that continued assistance does not violate the applicable maximum subsidy period.

12.5 Program Exit

Upon completion of the program, or upon termination prior to completion, all members of the household should be exited from the program in HMIS. At this time, all information including household income, final address and housing status are recorded and updated.

- a. Participants who complete or leave the ESG-CV RRH program having received another permanent housing resource should be recorded as permanently housed with a subsidy.
- b. Participants who complete or leave the ESG-CV RRH program without another resource but still in housing should be recorded as permanently housed without an ongoing subsidy.

13. Grievances and Appeals

13.1 Program Appeals

ESG-CV subrecipients must notify participants of the agency's grievance policy at the time of program enrollment, including providing them with a written copy of the policy and keeping a copy of a signed version of the policy or other notification in the participant file.
