

How to Register an Out-of-Hospital Birth

Dear Parents,

Congratulations to you and your newborn baby!

City of Berkeley Office of Vital Statistics wants to help you register your baby's birth and get a birth certificate.

We are offering this help because you did not give birth in a hospital – where hospital staff would have registered the birth. If a physician or certified nurse midwife/ licensed midwife attended the birth, this person may help you complete the enclosed worksheet.

Please read this pamphlet very carefully. It will walk you through the process of registering your baby's birth.

This pamphlet includes a worksheet that must be completed and taken to the local Health Department **within 21 days of the birth.**

Chief Deputy Registrar Vital Records

City of Berkeley Office of Vital Statistics

1947 Center Street - Berkeley, CA 94704

Phone: (510) 981-5320, Fax: (510) 981-5395 Email: vitalrecords@berkeleyca.gov

- City of Berkeley Birth Certificate Application Form.....23

Dear Physician or Midwife:

The California Department of Public Health-Vital Records (CDPH-VR) understands you recently attended the birth of a child outside of a hospital. Health and Safety Code Section 102415 requires that you register the birth of this child with the local Health Department within ten days of birth.

This pamphlet provides instructions on how to register the birth. It also contains an important worksheet that **must** be completed to register the birth.

1. Please review this pamphlet and complete the enclosed worksheet documents. Share the worksheet with the parent(s) of the child so they can help gather the required information and bring to their appointment:
 - Parents' valid government-issued photo identification (ID);
 - Letter from the midwife (or birth center) stating pregnancy;
 - Completed Worksheet for Out-of-Hospital Births (2 pages);
 - Affidavit of Birth Information for Out-of-Hospital Births (1 page);
 - PKU Results (Newborn screening test) or the pink slip
2. Please advise the parents that they need to visit the local Health Department office to sign the birth certificate. Although CDPH-VR suggests that the parent sign the certificate at the time of the appointment, a separate appointment can be made to accommodate their schedule.
3. Call the local Health Department to schedule an appointment to register the birth.
City of Berkeley Office of Vital Statistics
1947 Center Street - Berkeley, CA 94704
Phone: (510) 981-5320, Fax: (510) 981-5395 Email: vitalrecords@berkeleyca.gov
www.berkeleyca.gov/city-services/birth-death-certificates
4. Please advise the child's parents that if they are not married to each other or in a State-Registered Domestic Partnership with each other, the non-birthing parent shall not be listed on the birth certificate unless the parents sign a Voluntary Declaration of Parentage before the birth certificate is registered. Local registrar staff are authorized witnesses for the Voluntary Declaration of Parentage. The birth certificate may be amended to add another parent's name at a later date only if parentage for the child has been established by a judgment of a court or by the filing of a voluntary declaration of parentage (HSC 102425). For information on the Parentage Opportunity Program, contact (916) 464-1982 or askpop@dcss.ca.gov, or visit <https://childsupport.ca.gov/establishing-legalparentage/>.

REQUIREMENTS and INSTRUCTIONS for REGISTERING OUT-OF-HOSPITAL BIRTHS OCCURRING in the CITY OF BERKELEY

→ **Complete and fax or email the “Worksheet for Out-of-Hospital” available in this packet before your appointment.**

→ **Fax to: 510-981-5395 or email to: vitalrecords@berkeleyca.gov**

Please contact the office with any questions at 510-981-5320 (let operator know you have an Out-of-Hospital Birth question) or send questions via email.

This worksheet will be used to register the baby’s birth and prepare the birth certificate. Fill out the worksheet accurately with facts as of the day the baby was born. The City of Berkeley Office of Vital Statistics prefers that all items be completed or accounted for, including the public health data portion of the worksheet (HSC 102425).

If the birth was attended by a physician or midwife, they should complete form **VS 10A**, which provides supplemental medical information.

Registrar’s Right to Refuse to Register Birth

If the requirements of Health and Safety Code (HSC) Section 102415 and of the registration packet or other bona fide evidence are not presented to the registrar, then the registrar must refuse to register the birth certificate. In these cases, the birth certificate may be registered only by authority of a Superior Court (HSC Section 103450).

Evidence of Live Birth in California

This section applies only if a physician or midwife was not in attendance at the birth, and the parents are registering the birth.

Please bring to your appointment evidence to prove *five facts*:

1. Identity of the parent(s)
2. Pregnancy of the person giving birth
3. Baby was born alive
4. Birth occurred in California
5. Identity of the witness (if applicable)

Note: If a physician or midwife attended the birth, their signed Affidavit is sufficient evidence to prove 2, 4, and 5 above, but the parents always need to provide evidence for facts 1 and 3.

Additional information about these five items is provided below.

Verification of Information

As the local representative of this office, the County Registrar reserves the right to verify the accuracy of all information provided. Should there be any question of the documents provided the Registrar shall refer the case to the California Department of Public Health, Sacramento Office of Vital Records.

Declaration of Paternity

If the person giving birth is not married or in a State Registered Domestic Partnership (SRDP), the other parent's name shall not be listed in Items 6A-6C unless both are biological parents and both sign a voluntary Declaration of Paternity (CS 909).

Call the Paternity Opportunity Program at (916) 464-1982 or the local Health Department if you have any questions or need to obtain forms.

1. Identity of the Parents

A valid picture identification card issued to the parents by a government agency must be provided to prove identity. Following are some recommended documents that can be used (only the original or a **certified** copy is acceptable):

- A driver's license or identification card issued by a United States (U.S.) Department of Motor Vehicles Office.
- U.S. passport.
- U.S. military identification card.
- Temporary resident identification card (green card).
- Other valid picture identification card issued by a foreign government. (If the parents gave birth in California but are not here legally, they may be able to get identification verification from their consulate.)

2. Pregnancy of the Person Giving Birth

To prove the pregnancy of the person giving birth, provide a pregnancy test verification form or a letter that meets **all** of the following conditions:

- From a doctor, midwife, or clinic.
- Written on the doctor's, midwife's, or clinic's official stationery (not on a prescription pad).
- Signed (not stamped) by the doctor, midwife, or clinic representative or nurse.
- Contains the current issued professional license number of the physician or midwife who signed the letter.

The pregnancy test verification form or letter must include **all** of the following information:

- The name of person giving birth.
- The date when the person giving birth was first seen by the doctor or midwife (this date may be after the date of birth).
- The results of the person giving birth's prenatal or postpartum exams or pregnancy tests.
- The date of the person giving birth's last menstrual period.
- The date the baby was born, or was expected to be born (due date).

3. Infant was Born Alive

- Bring the baby to the appointment.
- The appointment will not be conducted if the baby is not present.

If birth was unattended by a licensed physician or midwife, the following is required:

Hospital/Pediatrician's medical summary on letterhead (not a prescription pad) from a visit within the first 30 days. **The original summary with original MD signature** must state the following:

- Date the child was born
- Baby's health conditions
- Baby's weight at the time of the visit
- The Baby's complete name and address
- MD License number

4. Birth Occurred in the City of Berkeley

The City of Berkeley needs information showing that the person giving birth was in the City of Berkeley on the date that the birth occurred. Documentation to confirm the person giving birth's presence in the City of Berkeley on the date the birth occurred may include any of the following:

- If the birth occurred at the person giving birth's residence, provide an electric power, natural gas, or water bill for the period when the birth occurred. The copy of the bill (or statement from the company) must include the name of the utility company, the address of the residence where the birth occurred, and the name of either parent who is listed on the birth certificate.
- An affidavit from someone who was with the person giving birth at the time of the baby's birth. The affidavit must contain the address of the person with the person giving birth, and the location of the birth.
- A current rent receipt or other similar document that shows the name of either parent and current address.
- A statement from a state or local government agency that requires proof of residency in California that the person giving birth was receiving services on the date of the baby's birth (e.g., WIC or Medi-Cal).

5. Birth Occurred in the City of Berkeley

If a physician or midwife did not attend the birth, and if a witness did attend, the should accompany you to the appointment. A witness may include any of the following:

- Spouse.
- Friend.
- Paramedic or fire department staff.

5. Birth Occurred in the City of Berkeley (continued)

If a paramedic or fire department staff was present at the birth, you can obtain a copy of the official report stating the treatment or service they provided (there may be a fee for the report). The staff does not have to be present at the appointment, nor do you have to bring a copy of their identification.

If the paramedic arrived after the baby's birth, bring a copy of the 911 call or an official report of the contents of the 911 call, along with a copy of the paramedic's report.

- If the paramedic cut the umbilical cord, or was present when the umbilical cord was cut, the report should so state.
- If the paramedic delivered the placenta, the report should so state.

Valid ID for Witness: A valid picture identification card issued to the witness by a government agency must be provided to prove identity. Refer to page 5 under the Identity of the Parent(s) for a list of the recommended documents.

Certified Copies of Birth Certificates

You will not automatically receive a copy of your baby's birth certificate. Once the birth has been registered locally and by the State, you can purchase a certified copy of the birth certificate from the City of Berkeley Office of Vital Statistics.

Delayed Registrations

Any birth registered on or after the child's first birthday must be processed by the California Department of Public Health (CDPH) Vital Records Office in Sacramento as a Delayed Registration of Birth, or Court order registration of Birth. If your child is registered after the child's first year, there are fees involved. Contact CDPH Office of Vital Records 916-445-2684, <https://www.cdph.ca.gov/Programs/CHSI/Pages/Delayed-Registration-of-Birth.aspx>

What You Need to Know about Your Child's Birth Certificate

Your child's birth certificate lasts forever. Please be certain the information on the certificate is accurate and complete *before* you sign it.

- The birth certificate is a legal document.
- An amendment form is required to make corrections to the birth certificate.
- The birth certificate will become a two-page document if an amendment is requested after the original has been processed.
- Many changes on the birth certificate require the applicant to go to court for a court order, including reversing the order of last names (surnames).
- Parents may have problems receiving benefits, traveling on an airline, or obtaining a passport or Social Security Number (SSN) for their child if the birth certificate is not true and correct.
- It can take several weeks to apply an amendment. The processing time for amendments can be located on the California Department of Public Health-Vital Records website (<https://www.cdph.ca.gov/Programs/CHSI/Pages/Vital-Records-Processing-Times.aspx>).

Common mistakes that require amendments or court orders:

- Misspelled first, middle, or last names of child and/or parents
- Incorrect birth place or date of birth of parent(s)
- Reversed order of last names (surnames)
- Adding additional names to parent(s) or child later
- Incorrect sex of child
- Incorrect birth date

Errors on birth certificates
cannot be corrected on the original certificate.

The **original** birth certificate **does not** change, but an amendment is attached to create a **two-page** document.

- ✓ Parents, please review the information on the birth certificate carefully before you sign it.
- ✓ Your signature confirms that you have reviewed the information and that the facts are correct.

Amendment forms may be obtained at the local health department or county recorder's office, or online (<https://www.cdph.ca.gov/Programs/CHSI/Pages/Correcting-or-Amending-Vital-Records.aspx>).

Importance of Collecting Complete and Accurate Birth Certificate Information

Why is the birth certificate information collected?	The birth certificate information is collected based on California Health and Safety Code (HSC) sections 102425 and 102426. This law lists all the information required on the California birth certificate. This law also makes all medical information confidential.
What is the birth certificate information used for?	The information collected is used to record what happened during pregnancy, labor and delivery, and any issues the newborn experienced. The information will be used to understand and help prevent birth defects, preterm births, maternal deaths, and other labor, delivery and birth outcomes. Information collected also assists local and state public health leaders in making decisions that address programs needed in the community such as diabetes care, teen pregnancy, Women, Infants & Children (WIC), etc.
What birth certificate information is confidential on the birth certificate?	All medical information is considered confidential and is not released to the public. This includes the parents' race, education, occupation, SSNs, and address. Access to the confidential portion of the birth certificate is limited to the California Department of Public Health, California Department of Health Care Services, California Department of Finance, ScholarShare Investment Board, local health department, persons with a valid scientific interest as determined by the State Registrar, Committee for Protection of Human Subjects, parent who signed the certificate or parent giving birth, the child named on the birth certificate, and the hospital responsible for preparing and submitting the birth record. Reference HSC 102430.
What if the parent does not want to provide the information?	All information is required by law with the exception of the parents' race, occupation, education, and SSNs. Although not required, race, occupation, and education are very important for understanding negative outcomes and developing needed programs.
Who collects the birth certificate information?	The birth certificate information is collected by the birth clerk and it is sent to the local health department who forwards it to the California Department of Public Health - Vital Records. State registered birth certificate information is then sent to the National Center for Health Statistics, and the Centers for Disease Control and Prevention.
Who should I contact if I still have questions?	Please contact the California Department of Public Health - Vital Records at (916) 445-2684.

Worksheet for Out-of-Hospital Births

Please Bring This Completed Form to Register This Child's Out-of-Hospital Birth

Child's Information	First Name	Middle	Last (Birth)	
	Sex	This Birth Specify 1=Single, 2=Twin, 3=Triplet, Etc.		
	Date of Birth	Time of Birth <input type="checkbox"/> a.m. <input type="checkbox"/> p.m.		
	Place of Birth	Street Address		
	City	County	Zip Code	
Parent's Information	First Name	Middle	Last (Birth)	<input type="checkbox"/> Mother <input type="checkbox"/> Father <input type="checkbox"/> Parent
	State of Birth	Date of Birth		
Parent's Information (Person Giving Birth)	First Name	Middle	Last (Birth)	<input type="checkbox"/> Mother <input type="checkbox"/> Father <input type="checkbox"/> Parent
	State of Birth	Date of Birth

See reverse side for codes to Birth Items 30 and 31 and Fetal Death Items 34 and 35.

Item 30 (Birth)

COMPLICATIONS AND PROCEDURES OF LABOR AND DELIVERY

Item 34 (Fetal Death)

(Enter up to 9 codes, separated by commas, for the most important complications/procedures.)

ONSET OF LABOR

- 10 Premature rupture of membranes (greater than or equal to 12 hours)
- 07 Precipitous labor (less than 3 hours)
- 08 Prolonged labor (greater than or equal to 20 hours)

CHARACTERISTICS OF LABOR AND DELIVERY

- 11 Induction of labor
- 12 Augmentation of labor
- 32 Non-vertex presentation
- 33 Steroids (glucocorticoids) for fetal lung maturation received by the mother prior to delivery
- 34 Antibiotics received by the mother during labor
- 35 Clinical chorioamnionitis diagnosed during labor or maternal temperature greater than or equal to 38°C (100.4°F)
- 19 Moderate/heavy meconium staining of the amniotic fluid
- 36 Fetal intolerance of labor such that one or more of the following actions was taken: in-utero resuscitative measures, further fetal assessment, or operative delivery
- 37 Epidural or spinal anesthesia during labor
- 25 Mother transferred for delivery from another facility for maternal medical or fetal indications

COMPLICATIONS OF PLACENTA, CORD, AND MEMBRANES

- 38 Rupture of membranes prior to onset of labor
- 13 Abruptio placenta
- 39 Placental insufficiency
- 20 Prolapsed cord
- 17 Chorioamnionitis

MATERNAL MORBIDITY

- 24 Maternal blood transfusion
- 40 Third or fourth degree perineal laceration
- 41 Ruptured uterus
- 42 Unplanned hysterectomy
- 43 Admission to ICU
- 44 Unplanned operating room procedure following delivery

NONE OR OTHER COMPLICATIONS/PROCEDURES NOT LISTED

- 00 None
- 31 Other Labor/Delivery Complications/Procedures not Listed

Item 31 (Birth) **ABNORMAL CONDITIONS AND CLINICAL PROCEDURES RELATING TO THE NEWBORN**
Item 35 (Fetal Death) **ABNORMAL CONDITIONS AND CLINICAL PROCEDURES RELATING TO THE FETUS**
(Enter up to 10 codes, separated by commas, for the most important conditions/procedures.)

CONGENITAL ANOMALIES (NEWBORN OR FETUS)

ABNORMAL CONDITIONS (NEWBORN OR FETUS)

- 01 Anencephaly
- 02 Meningocele/Spina bifida
- 76 Cyanotic congenital heart disease
- 77 Congenital diaphragmatic hernia
- 78 Omphalocele
- 79 Gastroschisis
- 80 Limb reduction defect (excluding congenital amputation and dwarfing syndromes)
- 28 Cleft palate alone
- 29 Cleft lip alone
- 30 Cleft palate with cleft lip
- 57 Down's Syndrome—Karyotype confirmed
- 81 Down's Syndrome—Karyotype pending
- 82 Suspected chromosomal disorder—Karyotype confirmed
- 83 Suspected chromosomal disorder—Karyotype pending
- 35 Hypospadias
- 88 Aortic stenosis
- 89 Pulmonary stenosis
- 90 Atresia
- 62 Additional and unspecified congenital anomalies not listed above

- 66 Significant birth injury (skeletal fracture(s), peripheral nerve injury, and/or soft tissue/solid organ hemorrhage which requires intervention)

ADDITIONAL ABNORMAL CONDITIONS/PROCEDURES (NEWBORN ONLY)

- 71 Assisted ventilation required immediately following delivery
- 85 Assisted ventilation required for more than 6 hours
- 73 NICU admission
- 86 Newborn given surfactant replacement therapy
- 87 Antibiotics received by the newborn for suspected neonatal sepsis
- 70 Seizure or serious neurological dysfunction
- 74 Newborn transferred to another facility within 24 hours of delivery

NONE OR OTHER ABNORMAL CONDITIONS/PROCEDURES NOT LISTED

- 00 None (Newborn or Fetus)
- 75 Other Conditions/Procedures not Listed (Newborn Only)
- 67 Other Conditions/Procedures not Listed (Fetal Death Only)

EPIDEMICS AND/OR DISASTERS

- 91 COVID-19 Confirmed

1 Ounce = 28.35 Grams 1 Pound = 453.60 Grams EXAMPLE: 8 Pounds, 2 Ounces = 3,686 Grams

(Out-of-Hospital Birth Registration)

5 WHO MAY APPLY?

- The registrant
- Parent or court assigned legal guardian of the registrant
- Grandparent, grandchild, sibling, spouse, or domestic partner of the registrant.
- A party entitled to receive the record as a result of court order or an attorney or licensed adoption agency seeking the birth record in order to comply with requirements of Section 3140 or 7603 of the Family Code. (Please include a copy of the court order.
- A member of a law enforcement agency
- Governmental agency conducting official business
- An attorney representing the registrant/the registrant's estate.
- Any person or agency empowered by statute or appointed by a court to act on behalf of the registrant/the registrant's estate.

6 INSTRUCTIONS

In person:

- Complete Items 1 through 3 (**wait to sign in the presence of a clerk**).
- Have your payment and ID ready when you get to the counter.
- **No refunds will be issued for events occurring outside of Berkeley.**

By Mail:

- Complete Items 1 through 4. **PLEASE NOTE: Item 3 must be signed in the presence of a Notary Public.**
- Notarize the application.
- Enclose the fee amount (do not mail cash). (You must send the fee for each certified copy requested).
- Mail the request to: **City of Berkeley – Office of Vital Statistics, 1947 Center St, Rm 147 - Berkeley, CA 94704**

By Internet:

- Visit www.vitalchek.com to place your order for **records two years from date of event occurring in the City of Berkeley.**
- Look for a confirmation email (Authorization Form attached) sent to you by VitalChek.com.
- Print/Complete the Authorization Form and have it notarized. (Ink seal only)
- Fax the Authorization Form to the number listed on the upper left corner of it.
- After that, just wait to receive your order by the carrier you picked.
- Just as a reminder: VitalChek charges a fee for their services. Please check their website for the current fee.

7 ADDITIONAL INFORMATION

Note: The City of Berkeley only maintains records for 3 years from the date of event. All other records need to be obtained from the Alameda County Clerk-Recorder's office.

- If no record is found, a search fee will be retained as required by statute and a "**Certificate of No Record**" will be issued.
- Processing time is **2-3 weeks** from the receiving date of your request.
- Use a separate application form for each individual.
- Only one notarized sworn statement is required when requesting multiple certificates at the same time. Simply list all the names on your sworn statement.
- If the registrant has been adopted, please fill out the request with the **adopted name**.
- Forms of payment accepted by mail:
 - Personal check (pre-printed by the bank with name and address)
 - Postal or bank money order (International Money Order only for out-of-country requests)
- Make checks and money orders payable to: **City of Berkeley**

8 NOTICE

If you applied by mail and did not receive the requested certificate(s), you must file a claim with our office within 3 months of your original request. After 3 months, our office will not accept any claims of lost mail and you will have to submit another notarized request with the required fee.
