CONSENT CALENDAR
June 30, 2026

To: Honorable Mayor and Members of the City Council

From: Paul Buddenhagen, City Manager

Submitted by: Janelle Rodrigues, Director of Human Resources

Subject: Adopt Resolution Approving Historical Publicly Available Pay Schedules

RECOMMENDATION

Adopt a Resolution approving historical publicly available pay schedules, pursuant to the Public Employees' Retirement Law (PERL), the Public Employees' Pension Reform Act of 2013 (PEPRA), and Title 2 of the California Code of Regulations (CCR).

FISCAL IMPACTS OF RECOMMENDATION

There are no direct fiscal impacts associated with the adoption of the historical publicly available pay schedules. The action does not modify employee compensation, create new positions, or require additional appropriations. All salary ranges included in the historical schedules were previously approved by the City Council as part of prior labor agreements or classification and compensation actions.

This item is administrative in nature and supports compliance with CalPERS reporting requirements resulting from the recent CalPERS audit.

CURRENT SITUATION AND ITS EFFECTS

Historically, the City of Berkeley has consistently met requirements for publicly available pay schedules. A compliant salary schedule is retained for at least five years, posted on the City's website, and available for public inspection in the Human Resources Department. The City amends the publicly available pay schedule when the City Council approves the changes to any salary range or classification. The City's governing body (City Council) has approved every tentative agreement or side letter containing salary increases that arise from negotiations with the City's various bargaining units.

As an action item from a recent audit by the California Public Employees' Retirement System (CalPERS), the City was asked to bring historical publicly available pay schedules ranging from January 2019 through May 2024 to the governing body for retroactive approval.

BACKGROUND

CalPERS Circular Letter 200-003-20 issued January 8, 2020 (Exhibit B), the Public Employees' Retirement Law (PERL), Public Employees' Pension Reform Act of 2013

(PEPRA), and Title 2 of the California Code of Regulations (CCR) require employees to be paid pursuant to a publicly available pay schedule that meets the requirements of CCR Section 570.5(a) to qualify as both compensation earnable and pensionable compensation that is reportable to the California Public Employees' Retirement System (CalPERS). Action to adopt a single, unified, pay schedule is required by the CalPERS Circular Letter. Adoption of the unified pay schedule does not affect the salary or compensation paid to any City employee but merely restates pay rates that have already been approved by the City Council at public meetings.

There are eight (8) requirements that must be met by a publicly available pay schedule per the CalPERS Circular Letter:

1) Be duly approved and adopted by the employer's governing body in accordance with requirements of applicable public meetings laws.

2) Identify the position title for every employee position.

3) Show the pay rate as a single amount or as multiple amounts within a range for each identified position.

4) Indicate the time base, including, but not limited to, whether the time base is hourly, daily, biweekly, monthly, bi-monthly, or annually.

5) Be posted at the office of the employer or immediately accessible and available for public review from the employer during normal business hours or posted on the employer's website.

6) Indicate an effective date and date of any revisions.

7) Be retained by the employer and available for public inspection for not less than five years.

8) Not reference another document in lieu of disclosing the pay rate.

As an action item from a recent audit by the California Public Employees' Retirement System (CalPERS), the City was asked to bring historical publicly available pay schedules to the governing body for retroactive approval. The publicly available pay schedules span the dates from January 2019 through May 2024.

ENVIRONMENTAL SUSTAINABILITY AND CLIMATE IMPACTS

There are no identifiable environmental effects or opportunities associated with the subject of this report.

RATIONALE FOR RECOMMENDATION
CalPERS Circular Letter 200-003-20 issued January 8, 2020 (Exhibit B), the Public Employees' Retirement Law (PERL), Public Employees' Pension Reform Act of 2013 (PEPRA), and Title 2 of the California Code of Regulations (CCR) require a single unified pay schedule to be duly approved and adopted by the employer's governing body in accordance with applicable public meetings laws.

ALTERNATIVE ACTIONS CONSIDERED
None. The City risks penalties by not adopting a publicly available pay schedule pursuant to the Public Employees' Retirement Law.
