To: Honorable Mayor and Members of the City Council
From: Paul Buddenhagen, City Manager
Submitted by: Mark Numainville, City Clerk
Subject: Initiative Petition – Ordinance Creating a Parcel Tax to Fund a Public Bank

RECOMMENDATION

- 1) Adopt a Resolution submitting the measure, without alteration, to a vote of the people at the November 3, 2026 General Municipal Election.
- 2) If the Council wishes, designate by motion specific members of the Council to file ballot measure arguments on this measure as provided for in Elections Code Section 9282.

FISCAL IMPACTS OF RECOMMENDATION

No direct fiscal impacts related to the recommended action.

CURRENT SITUATION AND ITS EFFECTS

An initiative petition titled “Initiative Ordinance Creating a Parcel Tax to Fund a Public Bank” was filed with the City Clerk on May 7, 2026. The proponents of this petition submitted 5,764 prima facie signatures.

Under Berkeley City Charter Article XIII, the number of valid signatures required for a sufficient petition is at least 5% of the votes for all candidates for Mayor in the previous mayoral election. In November 2024, there were 52,493 votes for candidates for Mayor, with 5% of that number equaling 2,625.

The Alameda County Registrar of Voters verified the signatures based on the random sample examination set forth in accordance with California Elections Code Sections 9211 and 9115. The petition was certified by the Registrar of Voters as being sufficient on May 20, 2026.

Additionally, with respect to who can author arguments for measures placed on the ballot by petition, Elections Code Section 9282 provides the City Council may authorize the Council as a whole, or members of the Council, to submit an argument against the initiative ordinance. The Council may also decline to designate an author to file an argument against the measure.

BACKGROUND

Pursuant to the City Charter, Article XIII, Section 92, once a petition has been found to have a sufficient amount of signatures, the City Council must consider whether to a) Adopt said ordinance without alteration within twenty days after the attachment of the City Clerk's certificate of sufficiency to the accompanying petition (subject to a referendary vote, under the provision of Article XIV of this Charter); or b) Submit the ordinance to the voters of the City of Berkeley at the next general election. However, since this initiative imposes a tax, it must be placed on the ballot and cannot be adopted by the Council.

ENVIRONMENTAL SUSTAINABILITY AND CLIMATE IMPACTS

There are no identifiable environmental effects or climate impacts associated with the subject of this report.

RATIONALE FOR RECOMMENDATION

The proposed action is mandated by state codes and the provisions of the City Charter.

ALTERNATIVE ACTIONS CONSIDERED

MEASURE TO BE SUBMITTED TO THE VOTERS AUTHORIZING THE CITY OF BERKELEY TO LEVY A PARCEL TAX TO FINANCE AFFORDABLE HOUSING, GREEN ENERGY/INFRASTRUCTURE, AND SMALL BUSINESSES THROUGH A PUBLIC BANK

AF

The People of the city of Berkeley do ordain as follows:

Section 1. Title

Increasing long term investments for Affordable Housing, Green Energy, and Small Business through Public Banking Parcel Tax

Section 2. Findings

The People of the City of Berkeley find and declare as follows:

- A. Berkeley faces overlapping challenges of high housing costs, climate vulnerability, a challenging small business environment, overreliance on big corporate banks that extract wealth from the community, and unreliable federal funding.
- B. First, housing costs are too high in Berkeley, with more than 40% of long-term Berkeley tenants being rent burdened according to the City's 2022 Tenant Survey. Reducing housing costs can increase city residents' ability to live and thrive.
- C. Second, climate change threatens Berkeley through rising sea levels, heatwaves, wildfires, and more. Transitioning to green energy can help reduce pollution, increase community resilience, and lower energy bills while also reducing climate threats.
- D. Third, Berkeley's small businesses are struggling in part due to a lack of access to capital. Increasing their access to loans and financing can help them grow and thrive.
- E. Fourth, big corporate banks prioritize shareholder profits, rather than Berkeley's needs. Big banks lend Berkeley's taxpayer dollars outside of our communities and against our values, including supporting fossil fuels, the war economy, and private prisons. Lending that prioritizes Berkeley's needs would include loans for affordable housing, green energy/infrastructure, and small businesses.
- F. Fifth, 2025 saw the longest federal government shutdown in history and unprecedented cuts to federal funding including to UC Berkeley's research grants. A robust public banking structure builds local financial institutions and helps communities manage the demands of natural disasters, economic downturns, and veering winds of federal policy.
- G. In the face of these challenges, Berkeley can use public dollars to make long-term investments in affordable housing, green energy/infrastructure, and small businesses.
- H. While big corporate banks invest our public tax dollars outside of our community, a public bank can recirculate our money in our community to fund projects and build a stronger, more resilient, local community aligned to our values.

JAN 20 2026

CITY OF BERKELEY
CITY CLERK DEPARTMENT

- I. At a time when the federal government has made many sudden grant cancellations, a public bank can provide local resilience to changes in federal funding flows or from federal government shutdowns while building community wealth.
- J. A special parcel tax within the City provides an equitable mechanism for funding capital investments in the City's future. An exemption from the tax for low-income homeowners helps ensure the cost of the measure is not a burden for residents on fixed or limited incomes. A split-roll tax under which commercial properties pay more than residential properties, as used in numerous prior parcel taxes, ensures equity in raising funds.
- K. A public bank is a powerful tool for community development. Because banks create money in the process of lending, public banks can multiply the impact of every dollar invested, and increase community wealth.
- L. A public bank will make Berkeley and the broader region a place where more families can afford to stay, more entrepreneurs can thrive, and more neighborhoods are resilient and full of opportunity.

Section 3. Code Amendment

A new Chapter 7.03 is hereby added to the Berkeley Municipal Code as follows:

Chapter 7.03

Increasing long term investments for Affordable Housing, Green Energy, and Small Business through Public Banking Parcel Tax

7.03.010 Special Tax - Purpose.

- A. A special tax for the purpose of funding long term investments for affordable housing, green energy/infrastructure, and small businesses is hereby authorized to be imposed on all improvements in the City of Berkeley as more fully set forth in this Chapter. To accomplish this purpose, tax revenue collected by this measure will go into a special fund to capitalize and support a public bank (the "Bank") that includes Berkeley in its service area.
- B. The City Council shall impose the tax authorized by this Chapter up to the rate, and subject to inflation adjustments, set forth in Section 7.03.020.
- C. All funds received from the tax are subject to the review, allocation, and approval by the City Council, subject to the terms of this paragraph 7.03.010.
- D. The proceeds of the tax imposed by this Chapter shall be placed in a special fund to be used only for the purposes set forth in this Chapter.

E. Returns earned by the special fund shall be reinvested in the special fund and used only in furtherance of the purposes set forth in this Chapter.

F. If the Bank does not secure authorization to conduct business by or before June 30, 2033, the special fund may be used to offer loans which support affordable housing, green energy/ infrastructure, and/or small businesses until such authorization has been secured, consistent with this Chapter.

G. Proceeds of the tax may be used to pay or reimburse the City for actual, verifiable costs of City staff when they are performing work necessary to accomplish Section 7.03.010(F).

7.03.020 Tax Authorized - Tax Rate and Allocation - Adjustments for Inflation

A. The City Council is hereby authorized to impose and allocate a special tax as follows:

- 1) **Residential Rate:** For all dwelling units, the tax shall be imposed at the rate of up to \$0.06 per square foot of improvements.
- 2) **Non-Residential Rate:** For all other property, the tax shall be imposed at the rate of up to \$0.09 per square foot of improvements.

B. Annually in May, the City Council shall increase the previous year's rate by up to the greater of the cost of living in the immediate San Francisco Bay Area or per capita personal income growth in the state, as verified by official United States Bureau of Labor Statistics data. If either index referred to above is discontinued, the City shall use any successor index specified by the applicable agency, or if there is none, the most similar existing index then in existence.

7.03.030 Duration and Renewal

A. This measure shall remain in place for 6 years from the effective date, unless extended by the voters.

7.03.040 Reporting and Accountability

A. The City Manager shall prepare and submit to the City Council an annual report of performance metrics, outcomes, and accomplishments that reflects progress of the Bank capitalization and charter. This report shall contain the amount of funds collected and expended.

B. All expenditures, and verification of progress towards the goals set forth in Section 7.03.010, shall be subject to an independent performance audit by the City Auditor, at least once every three years, to confirm that the tax expenditures and reports are accurate and consistent with the intent of this chapter.

7.03.050 Definitions

For the purposes of this chapter, the following terms shall be defined as set forth below:

A. A “public bank” (the “Bank”) shall be a bank as defined in Section 57600 of the state Government Code, which was added to the Government Code in the California Public Banking Act adopted by the State of California in November 2019:

“Public bank” means a corporation, organized under the Nonprofit Mutual Benefit Corporation Law (Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code) or the Nonprofit Public Benefit Corporation Law (Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code) for the purpose of engaging in the commercial banking business or industrial banking business, that is wholly owned by a local agency, local agencies, or a joint powers authority formed pursuant to the Joint Exercise of Powers Act (Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1) that is composed only of local agencies.

B, “Affordable housing” is defined as housing below 120% of AMI (Area Median Income), based on the City of Berkeley’s most current data on income levels, housing costs, and housing availability.

C. “Green energy/infrastructure” is defined as improvements to residential, commercial, and/or public property, buildings and structures, designed to further net zero carbon and Fossil Fuel Free City commitments. This initiative includes but is not necessarily limited to energy savings in the built environment, community resilience, zero-carbon energy generation, electrified transportation and industry, sustainable materials management, and waste reduction.

D, “Small businesses” is defined as businesses (especially those run by minorities, women, and people of color) within the Bank’s geographical lending area, including Berkeley, which meet any of the following criteria 1) growing but still too small to receive adequate support from traditional banks; 2) start-up support for entrepreneurs and businesses in early stages, 3) businesses whose accounts receivable are on longer terms and whose accounts payable are on shorter terms; 4) funds that specialize in employee ownership transitions; and 5) any other businesses which the Bank’s management believes can grow and thrive with loan support that they cannot obtain from traditional banks.

7.03.060 Exemptions.

A. The tax imposed by this Chapter shall not apply to parcels and improvements exempt from taxation by the City pursuant to the laws or constitutions of the United States and the State of California.

B. The tax imposed by this Chapter shall not apply to any property owned by any person whose total personal income, from all sources, for the previous calendar year, does not exceed that level which shall constitute “very low-income,” as may be established by resolution of the City Council. Any taxpayer claiming the exemption under this section shall be required to demonstrate their entitlement thereto annually by submitting an application and supporting documentation to the City Manager or their designee in the manner and at the time established

in regulations and/or guidelines hereafter promulgated by the City Manager subject to review by the City Council in its discretion. 7.03.080 Collection with Property Tax - Penalties and Interest.

The special tax imposed by this Chapter shall be due in the same manner, on the same dates, and subject to the same penalties and interest as established by law for other charges and taxes fixed and collected by the County of Alameda on behalf of the City of Berkeley. The special tax imposed by this Chapter, together with all penalties and interest thereon, shall constitute a lien upon the parcel upon which it is levied until it has been paid, and shall constitute a personal obligation of the owners of the parcel on the date the tax is due.

7.03.090 Collection.

The amount of any tax, penalty, or interest imposed under the provisions of this chapter shall be deemed a debt to the City. Any person owing money under the provisions of this chapter shall be liable to an action brought in the name of the City for the recovery of such amount. The City shall be entitled to reasonable attorneys' fees and its costs of suit in any such action.

7.03.100 Refunds.

Whenever the amount of any tax, penalty, or interest has been paid more than once or has been erroneously or illegally collected or received by the City under this chapter, it may be refunded as provided in Chapter 7.20 of the Berkeley Municipal Code or any such successor chapter.

7.03.110 Savings clause - Severability.

The provisions of this chapter shall not apply to any person, association, corporation, entity, or property as to whom or which it is beyond the power of the City of Berkeley to impose the tax herein provided. If any sentence, clause, section, or part of this chapter, or any tax against any individual or any of the several groups specified herein is found to be unconstitutional, illegal, or invalid, such sentence, clause, section or part shall be severable and such unconstitutionality, illegality, or invalidity shall affect only such clause, sentence, section, or part of this chapter and

shall not affect or impair any of the remaining provisions, sentences, clauses, sections, or other parts of this chapter. It is hereby declared to be the intention of the City Council and the People of the City of Berkeley that this chapter would have been adopted had such unconstitutional, illegal, or invalid sentence, clause, section, or part thereof not been included herein.

7.03.120 Violation - Penalty.

Any person who fails to perform any duty or obligation imposed by this chapter shall be guilty of an infraction as set forth in Chapter 1.20 of the Berkeley Municipal Code. The penalties provided in this section are in addition to the several remedies provided in this chapter.

Section 5. Effective date.

The tax imposed by this Chapter shall be operative on January 1, 2027.

Section 6. Conflicting Ballot Measures

(a) In the event that this measure and another measure(s) relating to local taxes to fund any or all of the uses permitted in this measure are approved by a majority of the voters at the same election, and this measure receives a greater number of affirmative votes than any other such measure(s), this measure shall control in its entirety, and the other measure(s) shall be rendered void and without any legal effect. If this measure is approved by a majority of the voters but does not receive a greater number of affirmative votes than the other measure(s), this measure shall take effect to the extent permitted by law.
