Land Acknowledgement Statement: *The City of Berkeley recognizes that the community we live in was built on the territory of xučyun (Huchiun (Hooch-yoon)), the ancestral and unceded land of the Chochenyo (Cho-chen-yo)-speaking Ohlone (Oh-low-nee) people, the ancestors and descendants of the sovereign Verona Band of Alameda County. This land was and continues to be of great importance to all of the Ohlone Tribes and descendants of the Verona Band. As we begin our meeting tonight, we acknowledge and honor the original inhabitants of Berkeley, the documented 5,000-year history of a vibrant community at the West Berkeley Shellmound, and the Ohlone people who continue to reside in the East Bay. We recognize that Berkeley's residents have and continue to benefit from the use and occupation of this unceded stolen land since the City of Berkeley's incorporation in 1878. As stewards of the laws regulating the City of Berkeley, it is not only vital that we recognize the history of this land, but also recognize that the Ohlone people are present members of Berkeley and other East Bay communities today. The City of Berkeley will continue to build relationships with the Lisjan Tribe and to create meaningful actions that uphold the intention of this land acknowledgement.*

8. **Large Vehicle Parking Regulations in the Public Right-of-Way** *(Reviewed by the Health, Life Enrichment, Equity & Community Committee)*

From: Councilmember Taplin (Author), Councilmember Blackaby (Co-Sponsor), Councilmember Humbert (Co-Sponsors)

Recommendation: That the City Council:

1. Refer to the City Attorney and City Manager a Review of Amendments to the Berkeley Municipal Code (BMC) 12.98 to ensure the language authorizes the abatement of abandoned vehicles creating public health and safety nuisances in the public right-of-way, clarify the definition of "abandoned" vehicle, and increase the City Manager's discretion in the establishment of abatement timelines.
2. Refer to the City Manager the study of recently adopted legislation across the nine-county Bay Area regarding the management of long-term large vehicle parking in the public right-of-way. Based on this study, staff shall return to the City Council with draft policy and enforcement recommendations that are: a. Regionally consistent; b. Aligned with the City of Berkeley's environmental, housing, and transportation priorities; c. Reflective of the City's ability to enhance the impact and scale of its coordinated alternative housing initiatives via participation in a county-wide RV parking program or joining a comparable program maintained in a neighboring jurisdiction; and d. Operationally feasible given available outreach, enforcement, financial constraints, and site capacity. Including an examination of geographically targeted parking restrictions in high-sensitivity areas such as: a. Manufacturing and industrial zones designated by an "M" zoning classification; and b. Environmentally sensitive water resources, including but not limited to open lagoons, riparian corridors, and critical stormwater infrastructure,
3. Request that the City Attorney and City Manager provide clarity and guidance on how the city's encampment resolution policy intersects with the Berkeley Municipal Code in the absence of shelter availability.
4. Refer to the City Manager the drafting of an ordinance amending BMC Chapter 7.18.010 to authorize City Manager approval of contracts up to \$250,000 for the abatement of abandoned, dismantled, or inoperative vehicles pursuant to BMC 12.98.040(A).

Council Action Items

9. Waterfront Specific Plan Environmental Review Authorization and Near-Term Priority Adjustments

From: Councilmember Taplin (Author)

Recommendation:

1. Authorize the City Manager to initiate environmental review of the Waterfront Specific Plan pursuant to the California Environmental Quality Act (CEQA) and to prepare a Program Environmental Impact Report (EIR), using Scenario 1 (Highest Buildout, approximately 1,215,000 gross square feet) as the maximum development alternative for purposes of the EIR's environmental analysis and Project Description. As staff noted in the November 18, 2024 Worksession Report, analyzing Scenario 1 for CEQA purposes preserves the Council's full flexibility to scale the final plan to Scenario 2 or Scenario 3 at adoption, while ensuring no additional cost or delay would be incurred if the Council later wishes to pursue higher-density development.
2. Defer and hold in abeyance the November 18, 2024 Council direction to prepare a standalone nature-and-recreation-based conceptual plan for César E. Chávez Park, consistent with the ongoing administrative hold on that work pending resolution of environmental compliance obligations at the former landfill (City Manager Off-Agenda Memorandum, June 5, 2025). Incorporate the park's long-term improvement priorities into the Waterfront Park (WP) zone provisions of the Waterfront Specific Plan as part of the EIR scoping process.
3. Refer \$310,000 to the November 2026 AOO1 process to conduct the EIR.
4. Request that the City Manager return to Council with a certified EIR, a Final Waterfront Specific Plan, and companion Berkeley Municipal Code and General Plan amendments for adoption.

Financial Implications: See report

Land Acknowledgement Statement: *The City of Berkeley recognizes that the community we live in was built on the territory of xučyun (Huchiun (Hooch-yoon)), the ancestral and unceded land of the Chochenyo (Cho-chen-yo)-speaking Ohlone (Oh-low-nee) people, the ancestors and descendants of the sovereign Verona Band of Alameda County. This land was and continues to be of great importance to all of the Ohlone Tribes and descendants of the Verona Band. As we begin our meeting tonight, we acknowledge and honor the original inhabitants of Berkeley, the documented 5,000-year history of a vibrant community at the West Berkeley Shellmound, and the Ohlone people who continue to reside in the East Bay. We recognize that Berkeley’s residents have and continue to benefit from the use and occupation of this unceded stolen land since the City of Berkeley’s incorporation in 1878. As stewards of the laws regulating the City of Berkeley, it is not only vital that we recognize the history of this land, but also recognize that the Ohlone people are present members of Berkeley and other East Bay communities today. The City of Berkeley will continue to build relationships with the Lisjan Tribe and to create meaningful actions that uphold the intention of this land acknowledgement.*

23a. Resolution Rescinding Resolution No. 51,408-N.S. Restricting the Use of Air Support and Canine Units And Updating Mutual Aid Policies *(Reviewed by the Public Safety Policy Committee)*

From: Councilmember Kesarwani (Author)

Recommendation: Adopt a Resolution to rescind Resolution No. 51,408-N.S. which currently restricts the use of helicopters and police canine units by the Berkeley Police Department (BPD) and to update policies authorizing BPD to deploy these resources through mutual aid agreements directly with external agencies. The policy will continue to explicitly prohibit the use of canines for crowd control and will codify additional categorical prohibitions on canine deployments for low-level offenses.

Policy Committee Recommendation: To send the item with a Qualified Positive recommendation to Council that includes: 1) clarifying Section 3(a) to more clearly define the purposes for which the canine team may be deployed, and 2) attaching the communication from the Police Accountability Board to the agenda item for consideration by the full City Council.

Land Acknowledgement Statement: *The City of Berkeley recognizes that the community we live in was built on the territory of xučyun (Huchiun (Hooch-yoon)), the ancestral and unceded land of the Chochenyo (Cho-chen-yo)-speaking Ohlone (Oh-low-nee) people, the ancestors and descendants of the sovereign Verona Band of Alameda County. This land was and continues to be of great importance to all of the Ohlone Tribes and descendants of the Verona Band. As we begin our meeting tonight, we acknowledge and honor the original inhabitants of Berkeley, the documented 5,000-year history of a vibrant community at the West Berkeley Shellmound, and the Ohlone people who continue to reside in the East Bay. We recognize that Berkeley's residents have and continue to benefit from the use and occupation of this unceded stolen land since the City of Berkeley's incorporation in 1878. As stewards of the laws regulating the City of Berkeley, it is not only vital that we recognize the history of this land, but also recognize that the Ohlone people are present members of Berkeley and other East Bay communities today. The City of Berkeley will continue to build relationships with the Lisjan Tribe and to create meaningful actions that uphold the intention of this land acknowledgement.*

Recommendation: Refer to the City Manager the development of a set of commercial vacancy blight mitigation strategies that include but are not limited to:

1. Performance Standards: Establish performance standards for commercial district properties, where a building has been demolished, partially demolished, or partially constructed, and the property has remained in that condition for an established time period without any documentation showing that the project is advancing within the defined near-term timeframe. Council Action Items

27. Referral to Schedule Hopkins Street for Paving with Enhanced Safety Improvements for all Users *(Reviewed by the Facilities, Infrastructure, Transportation, Environment & Sustainability Committee)*

From: Councilmember Kesarwani (Author), Councilmember Humbert (Co-Sponsor), Mayor Ishii (Co-Sponsor)

Recommendation: Given new information presented by the Fire Department that pedestrian and bike safety infrastructure on Hopkins Street “retains workable emergency access,” refer to the City Manager to repave Hopkins Street from Sutter Street to San Pablo Avenue with inclusion of one-way Class IV separated bikeways on each side from The Alameda to Peralta Avenue / Ohlone Greenway with a minimum width of five feet. Of the various cycle track and protected bikeway conceptual options that Public Works reviewed, staff deemed this configuration of separated cycle tracks to be the safest, while also providing the opportunity to retain the greatest amount of curbside parking.

Further, incorporate the following specific additional safety, parking management, and other features:

- From Sutter Street to The Alameda on Hopkins, install Class II buffered bike lanes on each side (similar to Monterey Avenue) and incorporate traffic calming to the extent feasible;

- From Peralta Avenue / Ohlone Greenway to Stannage Avenue on Hopkins, incorporate traffic calming speed cushions to the extent feasible, along with any other pedestrian safety features recommended by Public Works staff that are compatible with potential future bike lanes;

- Install a raised intersection, in which the entire intersection is elevated to approximate sidewalk grade as a vertical traffic-calming and pedestrian-priority treatment (similar to the raised intersection constructed at Bancroft Way and Telegraph Avenue as part of the Southside Complete Streets project), where Hopkins Street connects to Monterey Avenue and California Street;

- Incorporate pedestrian safety features included in the 2022-2023 conceptual design that continue to be deemed appropriate by Public Works staff;

- Redesign and reconstruct the intersection of Hopkins and Sacramento Streets to promote safety of all users;

- Assess improvement of the intersection of Hopkins Street and The Alameda to promote safety of all users, with redesign and reconstruction contingent upon available funding;

- Install bus boarding islands (floating bus stops) at AC Transit stops with the bikeway routed behind the boarding platform;

- Address street and curb damage from old street trees including removal of trees that are intruding into the usable street width, impacting storm drainage, with replacement trees required at a 1:1 ratio;

- Develop and implement a comprehensive Curb Management Plan for the commercial, recreational, and residential areas around Hopkins Street that includes ADA parking spaces, loading zones, short-term parking zones, waste collection service needs, and metering adjacent to commercial and/or recreational uses to encourage parking turnover;

- In addition, as part of the comprehensive Curb Management Plan, explore the

Council Action Items

feasibility of expanding the Residential Preferential Parking (RPP) Eligibility Map to the Hopkins Street corridor, along with the ability of Hopkins Street residents living on or adjacent to a block with parking loss to obtain an RPP permit for the nearest street.

As part of advancing the Council-directed Class IV separated bikeway into detailed engineering plans, Public Works staff will conduct outreach to businesses, schools, houses of worship, residents, and other stakeholders along Hopkins Street. This outreach will focus on refining the design of the safety infrastructure to be responsive to operational needs along the corridor, particularly loading zones, short-term parking zones, ADA parking, waste collection service needs, and metered parking, with the Class IV separated bikeway design serving as the established foundation for this work. The Hopkins Street commercial district is a neighborhood institution, and the goal of this design process is to ensure that safety improvements strengthen rather than undermine its vitality.

Policy Committee Recommendation: To send the item to council with a qualified negative recommendation to be rejected unless amended to include; protected bike lanes on Hopkins Street from Sutter to Gilman; direction to staff to develop and present options for extending the bike lane infrastructure westward to Acton, Peralta, or Stannage; direction to staff to immediately identify and secure funding for all proposed pedestrian, transit and bicycle improvements, and direction to staff to utilize existing completed traffic studies and prior public process outcomes to limit unnecessary delays and costs.

Add:

- Placemaking elements may be considered based on available funds after prioritizing paving and safety infrastructure.
- This referral supersedes all other prior Council action related to the design of Hopkins Street.
