

Tom Bates Regional Sports Complex

Community Facility, Pickleball Courts, and U8 Soccer Field

Project Information

This project will bring important upgrades to the site, adding facilities that are currently missing: restrooms and spaces for community gatherings, six pickleball courts, a natural turf U8 soccer field, and new landscaping.

There will be NO impacts to field use during construction. However, temporary parking for the complex will be provided in the GREEN outline shown to the bottom right for the duration of construction.
