

Office of the City Manager

07CONSENT CALENDAR

June 11, 2019

To: Honorable Mayor and Members of the City Council
 From: Dee Williams-Ridley, City Manager
 Submitted by: Henry Oyekanmi, Director, Finance Department
 Subject: FY 2020 Tax Rate: Business License Tax on Large Non-Profits

RECOMMENDATION

Adopt first reading of an Ordinance setting the FY 2020 tax rate for Business License Tax on large non-profits at \$0.6420 (64.20 cents) per square foot of improvements.

FISCAL IMPACTS OF RECOMMENDATION

The increase in the tax rate from \$0.6173 (61.73 cents) per square foot of improvements in FY 2019 to \$0.6420 (64.20 cents) per square foot of improvements in FY 2020, based on the 4.015% increase in the Consumer Price Index (CPI) in the immediate San Francisco Bay Area, will result in estimated total collections of approximately \$441,858 from \$424,803 in FY 2019.

CURRENT SITUATION AND ITS EFFECTS

The non-profit organizations with over 120,000 square feet of business improvements were taxed at a rate of \$0.6173 (61.73 cents) in FY 2019, as approved by the voters with Measure G on November 3, 1998. That measure also approved the indexing of tax for inflation, based on the CPI in May. The CPI reported on May 10, 2019 by the U.S. Department of Labor's Bureau of Labor Statistics was 4.015%

BACKGROUND

In 1994, the voters of California adopted Article XIII, Section 26 of the California Constitution, which prohibits local governments from taxing non-profit organizations based on their gross receipts. Prior to this date, the City's business license tax ordinance had imposed a gross receipts tax on non-profit organizations, which raised approximately \$250,000 per year. Article XIII, Section 26 does not prohibit local agencies from taxing non-profit organizations on bases other than gross receipts. On November 3, 1998, the voters approved Measure G with over 61% of the votes cast. Measure G amended the City's business license tax ordinance to impose a charge of \$0.51 (51 cents) on the square footage of business improvements over the first 120,000 square feet, and would be indexed for inflation, according to the cost of living in the immediate San Francisco Bay Area in May.

ENVIRONMENTAL SUSTAINABILITY

There are no identifiable environmental opportunities or impacts associated with the subject of this report.
