Section 2. That Berkeley Municipal Code Section 23E.84.090 [Findings] is amended as follows:

23E.84.090 Findings

- A. In order to approve any Use Permit under this chapter the Zoning Officer or Board must make the finding required by Section [23B.32.040](#). The Zoning Officer or Board must also make the findings required by the following paragraphs of this section to the extent applicable:

B. A proposed use or structure must:

1. Be consistent with the purposes of the District;
2. Be consistent with the normal use and operation of surrounding uses and buildings, including residential and industrial buildings;
3. Be consistent with the adopted West Berkeley Plan;
4. Not be likely, under reasonably foreseeable circumstances, to either induce or contribute to a cumulative change of use in buildings away from residential; live/work; light industrial, or arts and crafts uses;
5. Be designed in such a manner to be supportive of the character and purposes of the District; and
6. Be able to meet any applicable performance standards as described in Section 23E.84.070.H.

C. In order to approve a Use Permit under Section 23E.84.040, the Zoning Officer or Board must find that the space formerly occupied by the protected use has been replaced with a comparable space in the West Berkeley Plan area, which is reserved for use by any protected use in the same category:

1. For purposes of this section, such replacement space shall not qualify for exemption under Section 23E.84.040.I or by reason of having been established after July 6, 1989;
2. In considering whether a project will be detrimental, consideration shall be limited to the potential detriment associated with the new use, and dislocation of any specific previous occupant or use shall not be a basis for finding detriment.

D. In order to approve a Use Permit for the establishment or expansion of Live/Work Units in this District, the Zoning Officer or Board must make all applicable findings for approval of Live/Work Units required by Section 23E.20.090 and must also make the following findings:

1. Establishment of Live/Work Unit will not interfere with the lawful operation of manufacturers and other industries existing in or adjacent to the District, and will not impede

the lawful future establishment of manufacturers and other industries permitted under the West Berkeley Plan;

2. The applicant has recorded with the County Recorder a statement acknowledging that the Live/Work Unit is being established in a District where manufacturers and other industries operate lawfully and that they will not seek to impede their lawful operation. In addition, the applicant will require any tenants to sign such a statement, and require all persons purchasing Live/Work Units to sign and record such a statement;

3. If the applicant is proposing to change one or more dwelling units to Live/Work Units, that the elimination of dwelling unit(s) and the change of use would not be materially detrimental to the housing needs and public interest of the affected neighborhood and the City.

E. In order to approve a Use Permit for a change of use from manufacturing, wholesale trade, or warehouse space to another use, the Zoning Officer or Board must make both of the following findings:

1. The change of use of the space will not have a materially detrimental impact on the character of the MU-R District as a light industrial district, with particular reference to the character of the blocks and parts of blocks in the part of the District that is contiguous with the site;

2. Appropriate mitigation pursuant to a payment schedule adopted by resolution has been made for loss of the manufacturing space through providing such space elsewhere in Berkeley, through payment into the West Berkeley Building Acquisition Fund, or by other appropriate means as determined by the Zoning Officer or the Board. However, no mitigation shall be required for manufacturing, warehousing, or wholesale trade space which is less than or equal to 25% of the floor area currently or most recently used for manufacturing, warehousing or wholesale trade.

F. In order to approve a Permit for the establishment or expansion of a food service use, the Zoning Officer or Board must find that the establishment of the food service use, given its size, location, physical appearance and other relevant characteristics, will not have a significant detrimental impact on the industrial or residential character of the area. In order to approve an Administrative Use Permit for a Food Service Establishment less than 5,000 square feet, the

Zoning Officer must find that a substantial portion of the food consists of goods manufactured on site.

G. In order to approve an Administrative Use Permit or Use Permit for a Home Occupation with customer visits and/or shipping and handling of goods, the Zoning Officer or Board must make the findings set forth in Section 23C.16.030.

H. In order to approve a Use Permit for the establishment or expansion of a school, child care center, or recreational or educational facility to be used by children, the Zoning Officer or Board must make all of the following findings:

1. Development of the school, child care center, or recreational facility to be used by children is not, in the particular circumstances of the project, incompatible with adjacent and nearby uses;
2. An appropriate risk analysis or risk assessment, as defined by the City, has been made and has shown that there is not significant risk to children in the use from other activities near the site;
3. The applicants have made adequate provisions to ensure that all parents of students or children in the school, child care center, or recreational facility to be used by children will be notified in writing (on a form approved by the City) that the school is in the West Berkeley Plan MU-R District, and that light manufacturing is a permitted activity in the District and that Primary Production Manufacturing or Construction Products Manufacturing may be permitted uses in adjacent districts, including a requirement that each parent will indicate that they have read and understood this information by means of a written statement returned to the school or child care center and available for review.

I. In order to approve a Use Permit for the establishment or expansion of a mixed use containing a residential use the Zoning Officer or Board must find that the specific combination of residential and non-residential use proposed by the applicant will not be hazardous or detrimental, either to persons living and/or working on the site, or to persons living or working in its vicinity.

J. In order to approve a Use Permit for the substitution of bicycle and/or motorcycle parking under Section 23E.84.080.F, the Zoning Officer or Board must find that the substitution will not

lead to an undue shortage of automobile parking spaces and that it can be reasonably expected that there will be demand for the bicycle and/or motorcycle parking spaces.

K. In order to approve a Use Permit for the establishment or expansion of a manufacturing use abutting one or more dwelling units located in the MU-R District, the Zoning Officer or Board must find:

1. The manufacturer is capable of meeting all applicable performance standards; and
2. Conditions of the Use Permit will specify all reasonable steps to minimize noise, odors, dust, vibration, glare and any other potential impacts on the abutting dwelling units.

L. 1. To deny a Use Permit to establish one or more dwelling units the Board must find that the proposed residential use would unreasonably interfere with existing or reasonably foreseeable adjacent land uses in the M and/or MM District, or that the existing or reasonably foreseeable adjacent land uses in the M and/or MM District would have a material adverse effect on the proposed residential use. The owner(s) of record of the residential property shall also record an acknowledgement that existing or reasonably foreseeable adjacent land uses in the M and/or MM District may create noise, dust, odors, light/glare, and other impacts that shall not be considered a nuisance if they are developed and conducted pursuant to the standards of the District.

2. To deny an Administrative Use Permit for a major residential addition, the Zoning Officer must find that the proposed addition would unreasonably interfere with existing or reasonably foreseeable adjacent land uses in the M and/or MM District, or that the existing or reasonably foreseeable adjacent land uses in the M and/or MM District would have a material adverse effect on the use of the proposed addition. The owner(s) of record of the residential property shall also record an acknowledgement that existing or reasonably foreseeable adjacent land uses in the M and/or MM District may create noise, dust, odors, light/glare, and other impacts that shall not be considered a nuisance if they are developed and conducted pursuant to the standards of the District. (Ord. 7358-NS § 9, 2014; Ord. 7323-NS § 9, 2014; Ord. 7167-NS §§ 25 – 27, 2011; Ord. 6478-NS § 4 (part), 1999)

Section 3. That Berkeley Municipal Code Section 23F.04.010 is amended to revise the definitions of “Home Occupation” and “Home Occupation, Teaching-Related” as follows:

23F.04.010 Definitions

Home Occupation: A business use conducted on property developed with Residential use, which is incidental and secondary to the Residential use, does not change the residential character thereof, is limited so as not to substantially reduce the Residential use of the legally established dwelling, Accessory Dwelling Unit, Accessory Building, or Group Living Accommodation room and is operated only by the residents of the subject residence. There are three classification of Home Occupations. For the purposes of this section, a “customer” is considered a single paying customer, but may include more than one person receiving the services at the same time:

1. **Class I Home Occupation** - Involves no more than five customer visits per day, with no more than four persons receiving services at a time. This class does not allow shipping of goods directly from the subject residence.
2. **Class II Home Occupation** - Involves no more than ten customer visits per day, with no more than four persons receiving services at a time and no more than one non-resident engaging in business-related activities on-site. This class does not allow shipping of goods directly from the subject residence.
3. **Class III Home Occupation** - Involves more than ten customer visits per day, with no more than four persons receiving services at a time and no more than one non-resident engaging in business-related activities on-site and/or involves shipping of goods directly from the subject residence.
