FISCAL IMPACTS OF RECOMMENDATION

The City of Berkeley will receive funds in the amount of \$541,430 from Alameda County for Fiscal Year (FY) 2022 from the sources listed below. There is no local match required for any of these grants, however, the City does provide a significant amount of general fund to support these important programs. Each contract has been entered into the citywide contract management system database:

1. **Foster Care Program:** Revenue Budget Code 326-51-506-556-2046-000-000-431110-. This contract is anticipated to be for \$93,187 in FY 2022.
2. **Berkeley High School Health Center and Berkeley Technology Academy Programs:** Revenue Budget Code 326-51-506-561-0000-000-000-433110-. This contract is anticipated to be for \$178,778 in FY 2022.

3. **School Linked Health Services Program (Measure A Funding):** Revenue Budget Code 326-51-506-560-0000-000-000-432110-. This contract is anticipated to be for \$193,175 in FY 2022.
4. **Tobacco Prevention Program:** Revenue Budget Code 326-51-506-559-2053-000-000-433110-. This contract is anticipated to be for \$76,290 in FY 2022.

Spending of all referenced grant funds is subject to Council approval of the budget for each fiscal year and the Annual Appropriations Ordinances. Depending on the timing of when grants are officially awarded and the amounts are determined, the grant budgets will be adjusted as part of a future amendment to the FY 2022 Annual Appropriations Ordinance.

CURRENT SITUATION AND ITS EFFECTS

As a local health jurisdiction, the City of Berkeley provides a broad range of public health programs and services to the community, with the goals of addressing health inequities, promoting healthy environments and behaviors, protecting residents from disease, and preventing illness, disability, and premature death. Alameda County revenue is an important source of support for these City public health programs. In FY 2022, there are no significant changes to this support.

1. **Foster Care Program:** Meets State mandated Child Health and Disability Prevention (CHDP) requirements. This is the Health Care Program for Children in Foster Care (HCPFC) which provides preventive health services for Berkeley children in foster care. Services include: medical and health care case planning; referrals for medical, dental, mental health and developmental services; coordination of health services for children in out-of-county and out-of-state placements; and the provision of medical education through the interpretation of medical reports and training for foster care team members on the special health care needs of children and youth in foster care.
2. **Berkeley High School and Berkeley Technology Academy Health Center Programs:** Provides clinical and health education services to adolescents attending Berkeley High School and Berkeley Technology Academy.
3. **School Linked Health Services Program (Measure A Funding):** Increases the capacity of Berkeley Unified School District to meet the health, medical, and dental needs of K-5 students, and to create the infrastructure to more effectively perform public health surveillance for communicable diseases, promote school connectedness, and reduce chronic absenteeism.
4. **Tobacco Prevention Program:** Provides tobacco cessation services, enforcement of tobacco retail licensing requirements and youth prevention education.

BACKGROUND

The Division is committed to providing services to the community to promote healthy environments and prevent the spread of disease.

ENVIRONMENTAL SUSTAINABILITY

There are no identifiable environmental effects or opportunities associated with the subject of this report.

RATIONALE FOR RECOMMENDATION

These funds provide necessary revenue to support vital services related to the City of Berkeley's mandates as a Public Health jurisdiction. They also support the Department's work to reduce health inequities in Berkeley and improve the health of our community.

ALTERNATIVE ACTIONS CONSIDERED

The Public Health Division assesses each funding source to ensure that it supports the City's mission and goals. The alternative action of not seeking any of these funding sources would result in significant reduction in public health services to the community.
