

Health and Safety Protocols for In-Person Meetings of Berkeley Boards and Commissions February 2023

The policy below applies to in-person meetings of Berkeley Boards and Commissioners held in accordance with the Government Code (Brown Act) after the end of the State-declared emergency on February 28, 2023.

Issued By: City Manager's Office

Date: February 14, 2023

I. **Vaccination Status**

All attendees are encouraged to be fully up to date on their vaccinations, including any boosters for which they are eligible.

II. **Health Status Precautions**

For members of the public who are feeling sick, including but not limited to cough, shortness of breath or difficulty breathing, fever or chills, muscle or body aches, vomiting or diarrhea, or new loss of taste or smell, it is recommended that they do not attend the meeting in-person as a public health precaution. In these cases, the public may submit comments in writing in lieu of attending in-person.

If an in-person attendee has been in close contact, as defined below, with a person who has tested positive for COVID-19 in the past five days, they are advised to wear a well-fitting mask (N95s, KN95s, KF94s are best), test for COVID-19 3-5 days from last exposure, and consider submitting comments in writing in lieu of attending in-person.

Close contact is defined as someone sharing the same indoor airspace, e.g., home, clinic waiting room, airplane, etc., for a cumulative total of 15 minutes or more over a 24-hour period within 2 days before symptoms of the infected person appear (or before a positive test for asymptomatic individuals); or having contact with COVID-19 droplets (e.g., being coughed on while not wearing recommended personal protective equipment).

A voluntary sign-in sheet will be available at the meeting entry for in-person attendees. This will assist with contact tracing in case of COVID-19 contact resulting from the meeting.

Members of City Commissions are encouraged to take a rapid COVID-19 test on the day of the meeting.

Health and Safety Protocols for In-Person Meetings of Berkeley Boards and Commissions February 2023

III. Face Coverings/Mask

Face coverings or masks that cover both the nose and mouth are encouraged for all commissioners, staff, and attendees at an in-person City Commission meeting. Face coverings will be provided by the City and available for attendees to use at the meeting. Members of Commissions, city staff, and the public are encouraged to wear a mask at all times, except when speaking publicly from the dais or at the public comment podium, although masking is encouraged even when speaking.

IV. Physical Distancing

Currently, there are no physical distancing requirements in place by the State of California or the Local Health Officer for an indoor event similar to a Commission meeting.

Audience seating capacity will be at regular allowable levels per the Fire Code. Capacity limits will be posted at the meeting location. However, all attendees are requested to be respectful of the personal space of other attendees. An area of the public seating area will be designated as “distanced seating” to accommodate persons that need to distance for personal health reasons.

Distancing will be implemented for the dais as space allows.

V. Protocols for Teleconference Participation by Commissioners

Upon the repeal of the state-declared emergency, all standard Brown Act requirements will be in effect for Commissioners participating remotely due to an approved ADA accommodation. For Commissioners participating remotely, the agenda must be posted at the remote location, the remote location must be accessible to the public, and the public must be able to participate and give public comment from the remote location.

- A Commissioner at a remote location will follow the same health and safety protocols as in-person meetings.
- A Commissioner at a remote location may impose reasonable capacity limits at their location.

VI. Hand Washing/Sanitizing

Hand sanitizing stations are available at the meeting locations. The bathrooms have soap and water for handwashing.

VII. Air Flow/Circulation/Sanitizing

Air filtration devices are used at all meeting locations. Window ventilation may be used if weather conditions allow.
