ZONING ADJUSTMENTS BOARD

STAFF REPORT

FOR BOARD ACTION
DECEMBER 12, 2024

2274 Shattuck Avenue

Use Permit #ZP2023-0079 to demolish the commercial building (preserving and renovating the front façade and lobby), and construct a 17-story (183 feet, plus 5-foot parapet), 214,032-square-foot, mixed-use residential building with 227 dwelling units (including 23 Very Low-Income Density Bonus qualifying units), and one ADA parking space.

I. Background

A. Land Use Designations:

- General Plan: DT – Downtown; Downtown Area Plan
- Zoning: C-DMU (Corridor) – Downtown Mixed-Use Commercial District – Corridor Sub-Area

B. Zoning Permits Required:

- Use Permit under BMC Section 23.326.070(A) to demolish a non-residential building
- Use Permit under BMC Section 23.204.020(A) to construct a new mixed-use residential development
- Use Permit under BMC Section 23.204.020(A) to construct dwelling units
- Use Permit under BMC Section 23.204.030(B)(1) to create new floor area of 10,000 square feet or more
- Use Permit under BMC Section 23.204.130(E)(1) to exceed the maximum building height limit, up to 75 feet (plus 5-foot parapet, by right)
- Use Permit under BMC Section 23.04.130(E)(3)(b) to modify front and side setback requirements
- Administrative Use Permit under BMC Section 23.304.050(A) to exceed building height limits with rooftop architectural elements which exceed the maximum height limit for the district

C. Concessions and Waivers Requested Pursuant to State Density Bonus Law (California Government Code Section 65915):

- Concession – none.

1947 Center Street, Berkeley, CA 94704 Tel: 510.981.7410 TDD: 510.981.7474 Fax: 510.981.7420
E-mail: ZAB@berkeleyca.gov

- Waiver of BMC Section 23.04.130(E)(1) to exceed building height limits – to be 183 feet to roof (plus 5-foot parapet, by right), where 75 feet is the limit (plus 5-foot parapet by right)
- Waiver of BMC Section 23.204.130(E)(3)(b) to waive front and side setback minimums
- Waiver of BMC Section 23.204.130(E)(3) to increase front setback maximum to 7-foot, 1 inch, where 5 feet maximum is required, at 0-20-foot building height;
- Waiver of BMC Section 23.204.130(E)(3)(b)(i) to exceed 120 feet in width in diagonal measurement above 120 feet in height – to be 178 feet, 9 inches in width, where 120 feet is required
- Waiver of BMC Section 23.204.130(E)(4) to reduce the usable open space requirement – to provide 7,737 square feet, where 18,160 square feet is required
- Waiver of BMC Section 23.322.090(A) to provide 72 long term residential bicycle parking, where 210 is required

D. The California Environmental Quality Act (CEQA) Exemption Determination: Pursuant to Government Code Section 65589.5, it is staff's determination that the project is categorically exempt under Section 15332 ("Infill Development Projects") of the CEQA Guidelines.

E. Project Recommendation: Approve Use Permit #ZP2023-0079, pursuant to BMC Section 23.406.040(D).

F. Parties Involved:

- Applicant — Isaiah Stackhouse, 2421 Fourth St., Berkeley, CA 94710
- Property Owner — 2274 Shattuck QOZB, LLC, C/O JP Walsh, 2539 Telegraph Avenue, Suite 101, Berkeley CA 94704

Location		Existing Use	Zoning District	General Plan Designation
Subject Property		United Artists Theater (closed)	C-DMU Corridor Sub-Area	DT
Surrounding Adjacent Properties	North	Government (Berkeley Public Library, Main Branch, City Landmark) / Restaurant	C-DMU Corridor Sub-Area	
	East	Commercial (Tupper and Reed, Hezlett's Silk Store, City Landmarks) / Mixed-use Commercial (retail and offices, Masonic Temple City Landmark)	C-DMU Outer Core Sub-Area	
	Southeast	Mixed-use Commercial (retail and offices, Morse Block Building City Landmark)	C-DMU Corridor Sub-Area	
	West	Government (Berkeley Public Library)	C-DMU Buffer Sub-Area	
	South	Multi-family Residential (Broad House and Broad Apartment Building City Landmarks)/ Commercial (Corder Building City Landmark)	C-DMU Buffer / Corridor Sub-Area	

Table 2: Special Characteristics

Characteristic	Applies to Project?	Explanation
Affordable Child Care Fee & Affordable Housing Fee for qualifying non-residential projects (Per Resolutions 66,618-N.S. & 66,617-N.S.)	No	These fees apply to projects with more than 7,500 square feet of net new non-residential gross floor area. The project provides no net new non-residential gross floor area. Therefore, the project is not subject to these fees.
Affordable Housing Fee for qualifying non-residential projects (Per Resolution 66,617-N.S.)		
Affordable Housing Mitigations for rental housing projects (Per BMC 22.20.065)	Yes	The project vested policies in place at the time of submittal of an SB 330 Preliminary Application on November 29, 2022 and is therefore subject to this section.[a] To meet the requirements of BMC Section 22.20.065, the project will include 23 Very Low-Income units. The remainder of the mitigation will be paid in fee to the Housing Trust Fund. Prior to the finalizing the affordable unit Regulatory Agreement (prior to Certificate of Occupancy), affordable units in the building will be designated in floor plans to ensure distribution per BMC Section 22.20.065 requirements, and additional affordable in-lieu units may be added by the applicant to reduce the fee further.
Alcohol Sales/Service	No	The project is not proposing any alcohol sales or service.
Bird Safe Buildings (BMC Section 23.304.150)	No	The project was vested under the Housing Crisis Act of 2019 prior to the July 27, 2023 effective date of the ordinance, and therefore these provisions do not apply.
Coast Live Oaks	No	There are no oak trees on the project site.
Creeks	No	The project site is not within a creek buffer.
Density Bonus	Yes	The project would provide 23 Very Low-Income units, or 15 percent of the 151 Base Project units, and qualifies for a 50 percent density bonus, or 76 bonus units, under Government Code Section 65915. See Section III.B for discussion.
Green Building Score	Yes	The project is designed to achieve a Leadership in Energy and Environmental Design (LEED) - Gold (or equivalent) rating. The project is proposing GreenPoint Rated Silver certification, which is equivalent to LEED Gold.
Hard Hats (BMC Chapter 13.107)	No	The project was vested under the Housing Crisis Act of 2019 prior to the January 1, 2024 effective date of the ordinance, and therefore these provisions do not apply.[a]

Characteristic	Applies to Project?	Explanation
Historic Resources	Yes	The project would involve the demolition of all but the front façade and lobby of the existing United Artists movie theater, which is listed in the California Register of Historical Resources. See Section IV.C for discussion of Landmarks Preservation Commission action, and Section V.A for Environmental Review.
Housing Accountability Act (HAA) (Gov't Code Section 65589.5(j))	Yes	The project meets the definition of a "Housing Development Project" per Government Code Section 65589.5(h)(2).[b] The base project complies with applicable, objective general plan and zoning standards, and thus section (j) of the Housing Accountability Act applies, and the project cannot be denied at the density proposed unless the findings for denial can be made. See Section VI.A of this report for additional discussion on compliance with the Housing Accountability Act.
Housing Crisis Act of 2019 (SB 330)	Yes	The project meets the definition of a "Housing Development Project" per Government Code Section 65589.5(h)(2).[b] See Section VI.B of this report for additional discussion on the sections of SB 330 that apply to the project.
Public Art on Private Projects (BMC Chapter 23.316)	Yes	The project is subject to the Percentage for Public Art on Private Projects Ordinance. The applicant is electing to provide pay the in-lieu fee (equal to 8% of total building permit valuation) to comply.
Rent Controlled Units	No	The project involves the demolition of non-residential structures and no rent-controlled units would be demolished.
Residential Preferred Parking (RPP)	No	The site is located in RPP zone "I". The project is not eligible for RPP permits per BMC Section 14.72.080(C)(1) as no permits shall be issued to residents in newly constructed residential units.
Seismic Hazards	No	The project site is not located in an area susceptible to liquefaction, as shown on the State Seismic Hazard Zones map.[c] No further study is required.
Soil/Groundwater Contamination	No	The project site is located within the City's Environmental Management Area. The project site is not listed on the Cortese List.[d] The applicant submitted a Phase I report which found no evidence of Recognized Environmental Conditions on the site. The applicant also submitted a Water Quality Impact Analysis, which concluded that the project would result in less than significant impacts to water quality after incorporation of the City's Standard COAs, compliance with the federal and State regulations, and compliance with City's plans, policies, and regulations. Standard Conditions of Approval related to hazardous materials would apply to the project.

Characteristic	Applies to Project?	Explanation
Transit	Yes	The project site is served by multiple bus lines (local, rapid, and Transbay) that operate along Shattuck Avenue, one-half block west of the site and is two blocks away from the Downtown Berkeley Bay Area Rapid Transit (BART) Station.

Notes:
a Project vested under SB 330 on/before April 1, 2023, prior to effective date of new inclusionary housing requirements and is therefore subject to the Affordable Housing Mitigations in BMC 22.20.065 that was in effect at the time of vesting.
b. Government Code Section 65589.5(h)(2) "Housing development project" means a use consisting of any of the following: (A) residential units only, (B) mixed-use developments consisting of residential and nonresidential uses in which at least two-thirds of the square footage is designated for residential use, and (C) transitional or supportive housing.
c. California Department of Conservation. DOC Maps: Geologic Hazards. Available: https://maps.conservation.ca.gov/geologichazards/
d. The Cortese List is an annually updated list of hazardous materials sites complied pursuant Government Code Section 65962.5.

Table 3: Project Chronology

Date	Action
November 29, 2022 (vesting date)	SB 330 Preliminary Application complete

		>65’ from frontage	0’ 0’ n/a	+11’-7” +11’-7” n/a	11’-7” 11’-7” 11’-7”	0’ (bldg. ht.≤20’) 5’ (bldg. ht.>20’ ≤75’) 15’ (bldg. ht.>75’)
	Interior Side (west)	0’-65’ from frontage	0’ 0’ n/a	+10’ +10’ n/a	10’ 10’ 10’	0’ (bldg. ht.≤75’) 5’ (bldg. ht.>75’ ≤120’) 15’ (bld1g. ht.>120’)
		>65’ from frontage	0’ 0’ n/a	+10’-3” +10’-3” n/a	10’-3” 10’-3” 10’-3”	0’ (bldg. ht.≤20’) 5’ (bldg. ht.>20’ ≤75’) 15’ (bldg. ht.>75’)
	Interior Side (east)	0’-65’ from frontage	1’-3” 1’-3” n/a	+8’-9” +8’-9” n/a	10’ 10’ 10’	0’ (bldg. ht.≤75’) 5’ (bldg. ht.>75’ ≤120’) 15’ (bld1g. ht.>120’)
		>65’ from frontage	1’-3” 1’-3” n/a	+8’-9” +8’-9” n/a	10’ 10’ 10’	0’ (bldg. ht.≤20’) 5’ (bldg. ht.>20’ ≤75’) 15’ (bldg. ht.>75’)

[1] A use permit to allow height up to 75 feet (is included in the Base Project for the calculation of the density bonus, and is not a requested waiver. Additional height beyond 75 feet is being requested as a waiver.

[2] The use permit to allow modified front and side setbacks below 75 feet building height is included in the Base Project for the calculation of the density bonus, and is not a requested waiver. Setback reductions above 75’ are being requested as waivers.

[3] The existing theater marquee (to be preserved) overhangs approximately 18” into the right-of-way.

[4] Per BMC 23.204.130(E)(3)(d)(iv), “For lots with frontage on the Shattuck Avenue right-of-way south of Durant Avenue, a new building shall be set back 15 feet from the Shattuck Avenue property line where the building exceeds 65 feet in height”.

= Waiver requested to modify the district standard.

II. Project Setting

A. Neighborhood/Area Description: The project site is located on the west side of Shattuck Avenue and north side of Bancroft Way, within the Downtown Mixed-Use District (C-DMU), Corridor Sub-Area, as identified in the City's Downtown Area Plan (DAP). The project site is surrounded by commercial, residential, institutional and mixed-use commercial/residential buildings ranging in height from one to five stories. Directly north is the Berkeley Public Library Main Branch, a City Landmark. Along Shattuck Avenue to the east are one- and two-story retail and restaurant uses, and a four-story, mixed commercial (retail and office) building. To the southeast, at the northeast corner of Shattuck and Bancroft is three-story, mixed commercial (retail and office) building, also known as the Morse Block Building, a City Landmark. To the west is a three-story, public library administrative building. To the south are residential buildings known as the Broad House and the Broad Apartment Building City Landmarks, Further southeast at the southwest corner of Shattuck and Bancroft, is a four-story commercial building known as the Corder Building City Landmark. (See Figure 1: Zoning Map and Figure 2: Aerial View.)

The project site is served by multiple bus lines (local, rapid, and Transbay) that operate along its frontage on Shattuck Avenue, and is two blocks away from the Downtown Berkeley Bay Area Rapid Transit (BART) Station, the University of California at Berkeley Shuttle, and a bike share station at the Shattuck Avenue and Center Street intersection.

B. Site Conditions/Background: The project site is associated with the address 2274 Shattuck Avenue and Assessor's Parcel Number 57-2028-3. The 22,112-square-foot (0.51-acre) project site is an irregular, L-shaped parcel that has a 36-foot frontage on Shattuck Avenue and a 104-foot, 6-inch frontage on Bancroft Way. The site is occupied by a 23,289-square-foot, movie theater (United Artists (UA) Theater) that was originally constructed in 1932 and operated until its closure in February 2023. The UA Theater is listed on the California Register of Historical Resources (CRHR), and was designated a City Landmark in March 2024. (See section IV.C for discussion).

III. Project Description

A. Proposed Project Details:

The project proposes to demolish the commercial building (UA Theater) on the landmarked site, and construct a mixed-use residential building that utilizes the State Density Bonus, with the following main components:

- Preservation and renovation of the UA Theater Shattuck façade and theater lobby
- 17 stories, 183 feet in height, plus 5-foot parapet
- 227 dwelling units – 32 studios, 49 two-bedroom, 80 two-bedroom, 66 four-bedroom
- 634 bedrooms total
- 23 Very Low Income (VLI) units

- 7,737 square feet of usable open space – ground-floor common space, private patios, roof deck
- 72-space bike room and 18 short-term bike parking spaces
- 865-square-foot, ground-floor café

B. Base Project and Density Bonus: By committing to provide 23 VLI units, the project is eligible for a density bonus under Government Code Section 65915. Under the City's density bonus procedures, the Base Project was calculated to have 151 units, as the maximum allowable density for the site.[1] The Base Project has an average unit size of 917 square feet in a seven-story building. Twenty-three VLI units, or 15 percent of the Base Project, qualifies the project for a 50 percent density bonus or 76 bonus units. The resulting proposed project would be a 17-story building with 227 units, with an average unit size of 922 square feet (see Table 5: Density Bonus).

Table 5: Density Bonus – Government Code 65915

Base Project Units*	Qualifying Units	Percent Density Bonus	Number of Density Bonus Units*	Proposed Project Units
151	23 VLI (15 percent of BP)	50 percent	76 max. (50 percent x 151)	227
*Per Government Code 65915(q), all unit calculations are rounded up to the nearest whole number.				

IV. Community Discussion

A. Neighbor/Community Concerns: Prior to submitting the use permit application to the City on June 2, 2023, the applicant installed yellow Proposed Development Project signs at the project site.

On April 25, 2023 a virtual neighborhood outreach meeting was held by the applicant. Eleven members of the public attended and discussed questions about the lack of affordable housing in the City and the impact of the project to the downtown area, including questions on: the preservation of the entire historic movie theater building (as opposed to only the façade and lobby), the preservation of a downtown arts culture, the building design, construction impact, excessive building height and massing, empty storefronts, a decrease in quality of life, and inadequate parking.

Numerous letters and emails were received by staff during the application review period from individuals and organizations with concerns for the loss of the UA Theater building as a cultural and historic resource, the loss of movie theaters in the downtown, and

[1] Per the City's Density Bonus Procedures (DBP), the Base Project is the largest project allowed on the site that is fully compliant with district development standards (i.e. height, setbacks, usable open space, parking, etc.), or, the *maximum allowable density* for the site. The City uses the DBP to calculate the maximum allowable density for a site where there is no density standard in the zoning district, and to determine the number of units in the Proposed Project, which is the number of Base Project units plus the number of density bonus units that can be added according to the percentage of BMR units proposed, per Government Code, §65915(f).

arguing for rehabilitation of the building into a live performance venue. All correspondence received by staff during project review can be found at this link:
https://aca.cityofberkeley.info/CitizenAccess/Default.aspx
Click on Zoning tab; enter permit number #ZP2023-0079; click on the "Record Info" drop down menu; click on Attachments for a list of all application materials.

On November 26, 2024, the City mailed public hearing notices to property owners and occupants within 300 feet of the project site, and to interested neighborhood organizations., and to interested neighborhood organizations, and posted notices within the neighborhood in three locations. On December 2, 2024, two email correspondence and on December 4, 2024, one email correspondence was received by staff, expressing opposition to the demolition of the UA Theater and support for the rehabilitation of the building into a live performance venue.

No further communications regarding the project were received as of the writing of this staff report.

B. Design Review Committee:

This project proposes development in a non-residential zoning district; therefore, it is subject to review by Design Review Committee (DRC) pursuant to BMC Section 23.406.070(B)(1). The project was referred to the DRC for Preliminary Design Review on November 21, 2024. The DRC provided a favorable recommendation to ZAB with the following conditions and recommendations for Final Design Review (FDR) [VOTE (6-0-0-1) Kahn: recused]:

Recommendations

- Look at color palette at FDR; look for more contrast between the theater and the tower as this may highlight the theater.
- Consider more symmetry in the tower, with additional details to add interest and some asymmetry.
- Consider more reference in the tower to the theater structure.
- Look carefully at the Shattuck façade, including the blank horizontal band.
- Landmark Designation 'features to be preserved' should guide restoration.
- Consult an architectural historian to identify the original colors of the Landmark façade and consider colors that reference that palette.
- Interior of the landmarked building should be more open for more visual connection to the sidewalk.
- Consider the historic character of the interior space when finalizing the ground floor design.
- Consider an alternate location for building signage at FDR; building identification should come down to the horizontal band.
- Consider more transparency at the Shattuck entrance.
- Further develop the design of the tower façade; the shoulders, the parapet, and some wall and window ratios may need further refinement.

- Further develop the trellis design on the roof deck for shade and design consistency.
- Bird-safe glazing is recommended wherever possible, but at least at upper levels.
- Parking space on Bancroft is not recommended unless needed for an accessible space.
- Pollinator plants recommended at the front entry.
- Consider shading when selecting plants in the courtyard.
- Recommend that the applicant work closely with the Library Staff.
- Recommend that any public art be seen from the sidewalk.
- Consider a larger commercial space on Shattuck, and the main residential entry being on Bancroft.
- Recommending historic plaque on the Shattuck facade, consistent with LPC direction.

C. Landmarks Preservation Commission:

The existing building, known as the United Artists Theater, was constructed in 1932. In 2004, the building was found to be eligible for the National Register of Historic Places (NAHP) through survey evaluation. In 2006, the existing building was listed in the CRHR and determined eligible for the NAHP by a consensus through the Section 106 process. In 2015, the City's Shattuck Avenue Commercial Corridor Historic Context and Survey concluded that the subject building is located in a potential Historic District and serves as a contributor to the district.[2] Regal Cinemas, which inhabited the UA Theater, ceased operations in February 2023.

Because the project involves demolition of a commercial building over 40 years in age, the proposed demolition was referred to the Landmarks Preservation Commission (LPC) pursuant to BMC Section 23.326.070(C). In addition, a Landmark Initiation Application (LMIN2023-0003) was submitted on December 6, 2023. The LPC reviewed the demolition referral and the landmark initiation concurrently at a meeting on February 1, 2024.

On February 1, 2024, the LPC reviewed the demolition referral and Landmark Initiation Application and designated the building a City Landmark, with the following distinguishing features to be preserved and restored: the upper portion of the Shattuck Avenue building façade in relation to the overall height and massing of the façade, and the architectural and decorative features of the upper portion of the Shattuck Avenue building façade. The Notice of Decision (NOD) was issued and was effective on March 20, 2024.

The project's SB 330 Preliminary Application vested the site's historical resource status on November 29, 2022. The SB 330 Preliminary Application serves to vest for the project the policies, standards, and fees that are in effect at the time that it is complete. This includes the determination of whether the site is an historic site, which shall remain valid during the pendency of the housing development project for which the application was made.[3] The preliminary application vested the site's status at the time – it was not a local historic

[2] The Historic District was never officially established by the City Council.
[3] Pursuant to Government Code Section 65913.10(a).

resource (City Landmark). Therefore, the LPC and the City are prohibited by state law from denying the project or imposing conditions related to cultural or historic resources protections on the project after the date on which the SB 330 Preliminary Application was complete. Although the site is currently a designated City Landmark, the requirements that typically apply do not apply to the project.

The project's impact on cultural resources under CEQA is not affected by the LPC determination. See Section V for a discussion of CEQA.

V. CEQA Categorical Exemption

On October 4, 2024, staff determined that the project is categorically exempt from the provisions of CEQA under Section 15332 ("Infill Development Projects") of the CEQA Guidelines, pursuant to Assembly Bill (AB) 1633. (See Attachment 1, Exhibit A.) AB 1633, which became effective on January 1, 2024, revised a provision in the Housing Accountability Act (HAA, Government Code Section 65589.5) that allows developers to file a petition to enforce the HAA's protections where a local agency fails to make a determination that the project is exempt from CEQA when it is eligible for the exemption.

The project applicant filed an AB 1633 Notice with the City on March 4, 2024 and attached technical reports that supported the project's eligibility for a Class 32 Categorical Exemption from CEQA and the inapplicability of any Exceptions to the exemption (CEQA Guidelines, Section 15300.2). (See Attachment 3.) Submitted technical reports included the following: Traffic Impact Analysis, Historic Resources Evaluation, Project Impacts Analysis, Air Quality Impacts Analysis, Noise Impact Analysis, and Water Quality Impact Analysis. All technical reports were peer reviewed by a CEQA consultant, and were revised or supplemented for adequacy.

Upon review of all evidence on the record, staff determined that the project would meet all of the requirements of the Class 32 Infill Exemption, as follows:

1. The project is consistent with the applicable General Plan designation and policies, and with the applicable zoning designation and regulations.
2. The project occurs within the Berkeley City limits on a project site of no more than five acres, and is surrounded by urban uses.
3. The parcels within the project site have previously been developed and have no value as habitat for endangered, rare or threatened species.
4. The project would not result in any significant effects relating to traffic, noise, air quality or water quality. The Traffic Impact Analysis prepared for the project was reviewed by the City Transportation Division which concurred with the findings of less than significant impacts. City Standard Conditions would address potential impacts related to traffic, noise, air quality, and water quality.
5. The site can be adequately served by all required utilities and public services.

Further, staff determined that the project would not result in a substantial adverse change to the historical resource because it would preserve and rehabilitate the main character defining feature of the historical resource (the Art Deco upper façade on Shattuck Avenue). Thus, staff determined that the project would not meet the criteria for the historical resource exception to the use of a categorical exemption [CEQA Guidelines Section 15300.2(f)].[4] Staff also determined that none of the other exceptions in Section 15300.2 apply to the project – (a) Location, (b) Cumulative Impact, (c) Significant Effect, and (d) Scenic Highways.

Staff issued an AB 1633 Determination Letter on October 4, 2024 with the determination that the project is exempt under the Class 32 Infill Exemption. Government Code Section 65950(a)(5) requires a public agency to approve or disapprove a project within 60 days from the determination that the project is exempt from the CEQA. The deadline for the City's decision on the project was extended the by written mutual agreement with the applicant to the December 12, 2024 ZAB hearing. The ZAB must approve or disapprove the project at this hearing.

VI. Issues and Analysis

A. Housing Accountability Act: The Housing Accountability Act (HAA), California Government Code Section 65589.5(j), requires that when a proposed housing development complies with the applicable, objective general plan and zoning standards, but a local agency proposes to deny the project or approve it only if the density is reduced, the agency must base its decision on written findings supported by substantial evidence that:

1. The development would have a specific adverse impact on public health or safety unless disapproved, or approved at a lower density; and
2. There is no feasible method to satisfactorily mitigate or avoid the specific adverse impact, other than the disapproval, or approval at a lower density.

The project is a "housing development project" consisting of a mixed-use building with at least two-thirds of the floor area in residential use/transitional or supportive housing. The Base Project includes Use Permits and/or Administrative Use Permits[5] to allow building height over the district limit and rooftop architectural projections above the height limit, and complies with applicable, objective general plan and zoning standards. Government Code Section 65589.5(j)(3) provides that a request for a density bonus "shall not constitute a valid basis on which to find a proposed housing development project is inconsistent, not in compliance, or not in conformity, with an applicable plan, program, policy, ordinance, standard, requirement, or other similar provision specified in this subdivision." Therefore, the City may not deny the Base Project or density bonus request or reduced the density

[4] CEQA Guidelines Section 15300.2(f). "Historical Resources. A categorical exemption shall not be used for a project which may cause a substantial adverse change in the significance of a historical resource."
[5] The City has determined that the "protections afforded by the HAA and the definition of a base project for density bonus calculations apply to a housing development project up to and including the maximum development allowed with use permits and/or administrative use permits."

with respect to those units without basing its decision on the written findings under Section 65589.5(j), above.

As shown in Table 4, Development Standards, the project complies with the zoning standards. The project includes Use Permits or Administrative Use Permits to modify standards to represent the maximum allowable density on the site. There are no objective criteria in the permit findings; therefore, the project still complies with the HAA. The ZAB has the discretion to approve, deny or modify the request according to the zoning findings, provided the action does not reduce the project density or effectively deny the project by making it infeasible, unless the ZAB is also able to make the required findings for denial set forth under Section 65589.5(j), above.

Staff is not aware of specific adverse impacts that could occur with the construction of the of the project.

B. Senate Bill 330 – Housing Crisis Act of 2019: The Housing Crisis Act, also known as Senate Bill (SB) 330, seeks to boost homebuilding throughout the State with a focus on urbanized zones by expediting the approval process for and suspending or eliminating restrictions on housing development projects. A "housing development project" means a use that is: all residential; mixed use with at least two-thirds of the square footage as residential; or transitional or supportive housing. Sections of SB 330 that apply to the proposed project include the following:

1. **Government Code Section 65905.5(a)** states that if a proposed housing development project complies with the applicable, objective general plan and zoning standards in effect at the time an application is deemed complete, then the city shall not conduct more than five hearings in connection with the approval of that housing development project. This includes all public hearings in connection with the approval of the housing development project and any continuances of such public hearings. The city must consider and either approve or disapprove the project at any of the five hearings consistent with applicable timelines under the Permit Streamlining Act [Chapter 4.5 (commencing with Section 65920)].

   The December 12, 2024 ZAB Hearing represents the third public hearing for the proposed project since the project was deemed complete. The application must be approved or disapproved at tonight's hearing. See Section VI.B.3 for details. One hearing must be reserved for a potential appeal to the City Council.

2. **Government Code Section 65913.10(a)** requires that the City determine whether the proposed development project site is an historic site at the time the application for the housing development project is deemed complete. The determination as to whether the parcel is an historic site must remain valid during the pendency of the housing development project, unless any archaeological, paleontological, or tribal cultural resources are encountered during any grading, site disturbance, or building alteration activities.

As discussed in Section IV.C, the United Artists Theater building at 2274 Shattuck Avenue is an historic resource that is on the CRHR, is eligible for listing on the NAHP, and was designated a City Landmark on March 20, 2024. The building was not a City Landmark (local historic resource) at the time that the project's SB 330 Preliminary Application was complete on November 29, 2022. The City determined the project to be exempt from environmental review under CEQA, despite the presence of an historic resource, because the project would preserve and rehabilitate the main character defining feature of any historical resource. Standard conditions of approval have also been included to halt work if any unanticipated discovery of archeological, paleontological, or tribal cultural resources.

3. **Government Code Section 65950(a)(5)** requires a public agency to approve or disapprove a project within 60 days from the determination that the project is exempt from the California Environmental Quality Act. Staff determined that the project was categorically exempt from CEQA review (under Class 32, CEQA Guidelines, Section 15332, "Infill Development Project") on October 4, 2024. The 60-day deadline for the City's decision on the project was extended by written mutual agreement with the applicant to the December 12, 2024 ZAB hearing. The application must be approved or disapproved at tonight's hearing.

C. Density Bonus Waivers and Concessions: The project is entitled to three concessions (or incentives), under Government Code Section 65915(d) for providing at least 15 percent of total units to very low-income households, and an unlimited number of waivers, under Section 65915(e).

1. **Concessions:** A concession or incentive is a modification of a zoning code requirement that results in identifiable and actual cost reductions to provide for affordable housing costs. The applicant is requesting no concessions for the project.

2. **Waivers**: A waiver is a modification of a development standard that would otherwise physically preclude the construction of the project with the permitted density bonus and concessions. Waivers for height (maximum height and rooftop projections), front and side setbacks, diagonal width, private (usable) open space, and long-term bicycle parking are requested. The waivers are requested because they are necessary to physically accommodate the additional 76 units as allowed under the density bonus project on the site.

   The City may only deny the waivers if it finds that the waivers would have a specific adverse impact upon public health and safety, or the physical environment, or on any real property listed in the California Register of Historical Resources, and there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the development unaffordable to low-income, very-low income, and moderate-income households, or if the waiver would be contrary to State or Federal law. Staff believes such a finding cannot be made.

D. Use Permit for Demolition of Commercial Structures: Pursuant to BMC Section 23.326.070 main non-residential buildings may be demolished provided that the demolition will not be materially detrimental to the commercial needs and public interest of the impacted neighborhood and one of the following findings can be made: that the demolition of the structure is required to allow a proposed new building or other proposed new use; will remove a building which is unusable for activities which are compatible with the purposes of the District in which it is located or which is infeasible to modify for such uses; will remove a structure which represents an un-abatable attractive nuisance to the public; or is required for the furtherance of specific plans or projects sponsored by the City or other local district or authority.

Although proposed demolition of the majority of the existing movie theater building would replace the existing commercial building with a mixed-use residential building that would reduce the amount of commercial floor area on the site, the project would not be materially detrimental to the commercial needs and public interest of the neighborhood because the movie theater business had ceased operations in February 2023, and the new project would contain a ground-floor café to bring more services to residents and workers in the vicinity. The project would also provide a significant amount of new housing to the neighborhood and the City at large. The existing structure to be demolished is a 23,289-square-foot movie theater. This commercial use would be replaced by an 865-square-foot café and 227 new residential units, including 23 very low-income affordable units. The demolition is required in order to allow the proposed mixed-use residential project to be built. The proposed development would be compatible with the C-DMU District purposes and the adjacent permitted uses, as discussed in the Section VII, Other Considerations.

In addition, if demolishing a non-residential building more than forty years old, the demolition may be allowed if the LPC, upon review, does not recommend against granting the permit. The LPC reviewed the demolition referral for the project and did not recommend against the demolition permit.

VII. Other Considerations (Zoning and Land Use Considerations)

The following analyses of conformance with district purposes, the Downtown Area Plan (adopted 2012), and the 2002 General Plan goals and policies are provided for informational purposes only, to provide context, because the proposed project is HAA-compliant. The following permits have been determined by the City to be included in the Base Project of the proposal, and are subject to Section 65589.5(j) of the HAA. See section VI.A for discussion of the HAA. All permits are subject to the C DMU District permit findings and General Non-Detriment findings discussed in sections VII.A and VII.B.

A. Findings for Use Permits in C-DMU District: Pursuant to BMC Section 23.204.130(I), in order to approve any Use Permit in the district, the Board must make the findings that the proposed use or structure:

1. *Is compatible with the purposes of the district:*

The purpose of the C-DMU Downtown Mixed-Use District is to implement the vision and goals of the Downtown Area Plan (DAP). Summarized below are the principal goals of the DAP that are applicable to the project, in each of the main areas of concentration: Environmental Sustainability and Access, Land Use, Housing and Community Health and Services, Economic Development, Historic Preservation and Urban Design, and Streets and Open Space.

- Environmental Sustainability and Access. *DAP goals: Integrate environmentally sustainable development and sustainability best practices; encourage high density, highly livable development to utilize regional transit and improve the availability of diverse walk-to destinations; promote "green" buildings; promote ecologically beneficial landscaping and stormwater features; minimize waste generated Downtown; improve options that increase access to Downtown on foot, by bicycle, and via transit; provide parking to meet the needs of Downtown, while discouraging commuter parking; promote transit as an efficient, attractive choice and as a primary mode of travel.*

  The project would be a high-density development in proximity to regional transit, shops and amenities, and would provide more housing in the Downtown to increase access to local services and amenities by foot, by bicycle and via transit, while promoting public transit as an efficient and attractive choice through its location and through its Transportation Demand Management measures and other associated Conditions of Approval. The project is designed to achieve GreenPoint Rated Silver certification, which is equivalent to LEED Gold, and satisfies this DAP requirement. The project would also comply with the State's Model Water Efficient Landscape Ordinance (MWELO), and would feature a number of native plant species in its landscape palette.

- Land Use. *DAP goals: Encourage a thriving, livable Downtown that is a focal point for the city and a major destination for the region, with a unique concentration of housing, jobs and cultural destinations near transit, shops and amenities; new development contributes fair share toward Downtown improvements; cultivate Downtown as an attractive residential neighborhood with a range of housing opportunities, with an emphasis on affordable housing and family housing; new development enhances Downtown's vitality, livability, sustainability, and character through appropriate land use and design; enhance Downtown as a center for employment and innovative businesses.*

  The mixed-use residential project, which includes 23 VLI units, would add affordable housing to the Downtown area. The rehabilitated movie theater front façade and café (repurposed from a theater lobby) would contribute to the area's vitality, livability, sustainability, and character. New street trees and landscaping along Bancroft Way would add to the cultivation of the Downtown as an attractive residential neighborhood.

- Housing and Community Health and Services: *DAP Goals: Encourage Downtown as a thriving, livable, diverse residential neighborhood with a mix of supportive uses; offer diverse housing opportunities for persons of different ages and incomes, households of varying size, and persons of varying abilities; preserve existing affordable housing Downtown, and expand the supply of affordable housing to low-income, very low-income and working-class households in Downtown.*

  The project will involve construction of a mixed-use residential building with a total of 227 dwelling units, including 23 VLI units. The project would expand the supply of affordable housing and contribute to a thriving, livable, diverse residential neighborhood with a mix of supportive uses in Downtown.

- Economic Development: *DAP Goals: Make Downtown a more attractive regional destination, by building on Downtown's unique blend of cultural, historic, entertainment and by promoting successful retail businesses and other attractions with daytime and nighttime populations to support them; make Downtown more attractive and economically successful, encourage place-making through the preservation of historic buildings, street and open space improvements, and high-quality new construction; Invest in civic improvements (such as streets, open spaces, and community facilities) to enhance Downtown as a place to live, work, and visit; Increase the number of Downtown jobs that go to Berkeley residents, and support the development of job skills for Berkeley residents – especially Berkeley's youth; serve the housing needs of all income groups and provide a growing base of residents who support a broad range of Downtown retail and other business.*

  The project would introduce 227 new residential units, in a mix of unit sizes – studio, two-bedroom and four-bedroom units – and 23 very low-income units to the neighborhood, to help broaden the range of household incomes in the area and contribute to diversifying housing opportunities for households of different ages, incomes, varying sizes, and abilities in the Downtown, while preserving the character of the Downtown Historic neighborhood through the rehabilitation of the UA Theater façade.

- Historic Preservation and Urban Design: *DAP goals: Conserve Downtown's historic resources and unique character and sense of place; enhance areas of special character in Downtown, such as clusters of historic resources; provide continuity and harmony between the old and the new in the built environment; improve the visual and environmental quality of Downtown, with an emphasis on pedestrian environments that are active, safe and visually engaging.*

  The 2274 Shattuck building, also known as the United Artists Theater, is an historic resource listed in the CRHR and was found to be eligible for NAHP designation, as well as a contributor to the Shattuck Avenue Commercial Corridor Historic District.[6]

[6] The Historic District was never officially established by the City Council.

The LPC designated the building a City Landmark in February 2024, with the upper portion of the Shattuck Avenue building façade as the distinguishing features to be preserved and restored (see Section IV.C for discussion). The project proposes to demolish the entire building, excepting the Shattuck Avenue façade and theater lobby, which would be rehabilitated and repurposed.

The DRC evaluated the project design's consistency with DAP Design Guidelines and its impact to the Shattuck Avenue Downtown Historic District, and conditioned the project approval to provide further design refinements at FDR, in order to enhance compatibility of building design with the Downtown District.

- Streets and Open Space: *DAP Goals: Enhance public open spaces and streets to benefit pedestrians, improve Downtown's livability, and foster an exceptional sense of place; promote watershed health through the use of ecologically beneficial landscaping and other features; adequately fund Streets and open space improvements, maintenance, and cleaning; new development contributes to greenery and open space*.

  The project would include new street trees along Bancroft Way and 7,737 square feet of private open space in the form of private patios, ground-floor common space and a roof deck for residents, that would comply with the State's MWELO requirements. In addition, the project would be required to contribute to the Streets and Open Space Improvement Plan (SOSIP) fund via Condition of Approval.

2. *Is compatible with surrounding uses and buildings.*

   Uses on properties surrounding the project site include retail, the Berkeley Public Library, restaurants, retail and offices, and multi-family residential. The project features primarily a multi-family residential use with a ground-floor café, a similar mixture of uses that already exists on the site and in the vicinity. Thus, the project would not introduce new land uses that do not already exist in the Downtown, and would further the vision and goals of the DAP. The DRC approved the project with conditions for further design refinement, and deemed the project consistent with DAP design guidelines.

B. General Non-Detriment Finding: BMC Section 23.406.040 states that before the ZAB approves an application for a Use Permit, it must find that the project, under the circumstances of this particular case existing at the time at which the application is granted, would not be detrimental to the health, safety, peace, morals, comfort, and general welfare of the persons residing or working in the neighborhood of such proposed use or be detrimental or injurious to property and improvements of the adjacent properties, the surrounding area or neighborhood, or to the general welfare of the City.

1. The project is consistent with all applicable C-DMU District standards and qualifies for concessions and waivers for the listed district standards granted pursuant to State Density Bonus, Government Code, Section 65915.

2. Shadows: According to the shadow studies submitted for the project (see Attachment 2, Project Plans – Sheets A0.4A through A0.4C), new shadow impacts would occur: a) in the summer months in the hours after sunrise on the residential buildings at 2120 Bancroft Way and 2020 Kittredge Street to the west, and in the hours before sunset on the mixed-use residential buildings at 2295 and 2319 Shattuck Avenue to the east; and b) in the winter months in the hours after sunrise on the residential buildings at 2020 Kittredge Street to the west, and in the hours before sunset on the mixed-use residential building at 2231 Shattuck Avenue to the east. All other new shadows would impact commercial buildings in the vicinity. The extent of the new shadow impact from the project on the site's adjacent areas would not be unreasonable for a development in the dense, downtown district Corridor Sub-Area that allows building heights up to 60 feet by right (75 feet with use permit), with 0 to 5-foot setbacks from property lines, by right.

   The additional height above the district limits would cast shadows in the affected directions further than if the project were limited to the base district height standards. The proposal would include a waiver for additional height beyond the district height limits to accommodate the density bonus units (see Section VI.C for a discussion of waivers) and allow a 183-foot-tall, 17-story building. Overall, the shadow impacts from the project would be reasonable and not detrimental.

3. Non-Detriment: The project is subject to the City's standard conditions of approval regarding construction noise and air quality, waste diversion, toxics, and stormwater requirements, thereby ensuring the project would not be detrimental to the health, safety, peace, morals, comfort or general welfare of persons residing or working in the area or neighborhood of such proposed use or be detrimental or injurious to property and improvements of the adjacent properties, the surrounding area or neighborhood or to the general welfare of the City.

C. Administrative Use Permit for Architectural Projections to Exceed Height Limit: BMC Section 23.304.050(A) requires an Administrative Use Permit for roof-top projections, such as mechanical penthouses, elevator equipment rooms or stair towers, that would exceed the maximum height limit. Such projections are limited to no more than 15 percent of the average floor area of all of the building's floors and cannot be used as habitable space or for commercial purposes. The project would include mechanical and staircase/elevator penthouses and an architectural frame totaling 1,891 square feet on the roof that would extend 15 feet over the roof height. These areas represent 15 percent of the 12,659-square-foot average of all the floor areas. The total area of rooftop projections does not exceed the limit of 15 percent of the average floor area, and are therefore permissible.

D. Use Permit to Reduce Setbacks: Pursuant to BMC Section 23.204.130(E)(3), the ZAB may approve a permit to modify setbacks upon finding that the modifications will not unreasonably limit solar access or create significant increases in wind experienced on the public sidewalk.

The project requests reduced side setback (65 feet from the front) above 20 feet in building height in the Base Project. The findings in this section are not applicable to reduced setbacks above 75 feet building height that are requested waivers in the proposed Density Bonus project. The setback encroachment in the Base Project would result in a minimal contribution to new shadow impact relative to the increase in shadow impact from the Density Bonus project height and reduced setbacks that are requested as waivers. See section VII.B for shadow study analysis. Thus, the setback reduction the Base Project would not unreasonably limit solar access.

A wind study was not provided to satisfy this finding. However, wind studies have been prepared for projects in the vicinity that are much taller and have similar setback reductions, and which can be used for reference analysis. A Wind and Comfort Impact Analysis was prepared in March, 2022 for an approved use permit at 2190 Shattuck, a site that is two blocks to the north of the subject site, for a 25-story building proposal with 0 to 5-foot setbacks up to 268 feet in height, that concluded that the building would not cause significant additional wind impact on the street level at Shattuck Avenue and Allston Way. Staff believes that the proposal at 2274 Shattuck Avenue for a 17-story building with similar setback reductions up to 183 feet in height, would also result in insignificant changes to wind patterns on the sidewalk at the site along Shattuck Avenue or Bancroft Way.

E. General Plan Consistency: The 2002 General Plan contains several policies applicable to the project, including the following:

1. Policy LU-3–Infill Development: Encourage infill development that is architecturally and environmentally sensitive, embodies principles of sustainable planning and construction, and is compatible with neighboring land uses and architectural design and scale.
2. Policy LU-7-A Neighborhood Quality of Life, Action: Require that new development be consistent with zoning standards and compatible with the scale, historic character, and surrounding uses in the area.
3. Policy UD-16–Context: The design and scale of new or remodeled buildings should respect the built environment in the area, particularly where the character of the built environment is largely defined by an aggregation of historically and architecturally significant buildings.
4. Policy UD-24–Area Character: Regulate new construction and alterations to ensure that they are truly compatible with and, where feasible, reinforce the desirable design characteristics of the particular area they are in.

   Staff Analysis: The project would reinforce the City's effort to redevelop underutilized sites in a way that would increase the quality of the built environment and provide new housing and commercial opportunities. The project would further improve the neighborhood character and quality of life by increasing existing street level activity and bringing in new residents and new business patrons along a major commercial and transit corridor.

5. Policy LU-23–Transit-Oriented Development: Encourage and maintain zoning that allows greater commercial and residential density and reduced residential parking requirements in areas with above-average transit service such as Downtown Berkeley.

   Staff Analysis: The project would help to encourage transit use and reduce greenhouse gas emissions from motor vehicles by constructing additional housing in close proximity to transit, the university, jobs, and basic goods and services. Multiple transit lines operate along the Shattuck Avenue frontage and the Downtown Berkeley BART station, which has connecting service throughout the Bay Area, is located two blocks from the project site.

6. Policy H-33–Regional Housing Needs: Encourage adequate housing production to meet City needs and the City's share of regional housing needs.

   Staff Analysis: The project would provide 23 VLI units in addition to increasing the City's housing supply by adding a total of 227 new dwelling units in close proximity to the university and transit.

7. Policy EM-5–"Green" Buildings: Promote and encourage compliance with "green" building standards. (Also see Policies EM-8, EM-26, EM-35, EM-36, and UD-6.)

8. Policy UD-33–Sustainable Design: Promote environmentally sensitive and sustainable design in new buildings.

   Staff Analysis: The proposed project would be constructed to the latest building codes which include green building standards. The building would be required to attain either LEED Gold rating or higher as defined by the U.S. Green Building Council or attain a building performance that is equivalent to this rating. Roof-top solar would be provided.

F. Area Plan Consistency: The Downtown Area Plan, adopted in 2012, also contains several policies applicable to the project, including the following:

- Goal ES-3: Encourage high density, highly livable development to take advantage of Downtown's proximity to regional transit and to improve the availability of diverse walk-to destinations – such as retail, services, culture, and recreation.
- Goal ES- 4: Promote "green" buildings.
- Goal LU-4: New development should enhance Downtown's vitality, livability, sustainability, and character through appropriate land use and design.
- Goal HD-4: Improve the visual and environmental quality of Downtown, with an emphasis on pedestrian environments that are active, safe and visually engaging. Encourage appropriate new development Downtown.
- Goal HC-1: Encourage Downtown as a thriving, livable, diverse residential neighborhood with a mix of supportive uses.
- Goal HC-3: Offer diverse housing opportunities for persons of different ages and incomes, households of varying size, and persons of varying abilities. Give Downtown a significant role in meeting Berkeley's continuing need for additional housing.

The project would be consistent with the aforementioned goals and policies of the Downtown Area Plan. The project is for a 227-unit high density, mixed-use building that

provides 23 dwelling units for very low-income households and a ground-floor café. The project is located close to other commercial uses, shopping and restaurants, and in proximity to multiple modes of public transit.

VII. Recommendation

Because of the project's consistency with the Zoning Ordinance and General Plan, and minimal impact on surrounding properties, staff recommends that the Zoning Adjustments Board **APPROVE** Use Permit #ZP2023-0079, pursuant to BMC Section 23.406.040(D) subject to the attached Findings and Conditions (Attachment 1).

RE: Response to AB 1633 Notice for Use Permit #ZP2023-0079 – 2274 Shattuck Avenue

Dear Mr. Baral,

The City of Berkeley has received the AB 1633 Notice of CEQA Exemption prepared by Hanson Bridgett, LLC, dated March 4, 2024, with the attached technical reports (Traffic Impact Analysis, Historic Resource Evaluation, Project Impacts Analysis, and Air Quality, Noise, and Water Quality reports). With this letter, staff is fulfilling its obligation to provide a determination on the AB 1633 Notice within 180 days, plus the extension of time in the Tolling Agreement executed on September 3, 2024.

Staff has determined that this project meets the criteria for a Categorical exemption pursuant to CEQA Guidelines, Section 15332, "In-Fill Development Projects" (Class 32).

Next Steps

1. ZAB Decision. Pursuant to Government Code Section 65950, the project shall be approved or disapproved within 60 days of staff's determination that the project is exempt from CEQA (December 3, 2024). However, the Berkeley Municipal Code requires the permit application to undergo Preliminary Design Review (DRCP2023-0008) at a public meeting before the Design Review Committee (DRC) prior to a decision on the use permit (ZP2023-0079) by the Zoning Adjustments Board (ZAB). The earliest that the design review application can be scheduled for DRC review is November 21, 2024. Following the DRC review, the earliest that the permit application can be scheduled for a decision hearing before the ZAB is December 14, 2024.

   Pursuant to Government Code Section 65957, the project applicant and lead agency may extend the time limit once, up to 90 days, by mutual written agreement. To meet the time limits afforded by Section 65950, staff is recommending a time extension agreement to allow the DRC meeting to occur on November 21 and ZAB hearing to occur on December 14.

   Please provide written confirmation that you agree to an extension of the time limit set forth in Government Code section 65950.

2. Notice of Exemption. The City will be filing the Notice of Exemption (NOE) for projects that go to the ZAB or City Council. Filing the NOE starts a 35-day statute of limitations period on legal challenges to the agency's decision that a project is exempt from CEQA. If the NOE is not filed, a 180- day statute of limitations applies. The NOE needs to be filed with the State Clearinghouse and with the County Clerk's office. The City will post with the State Clearinghouse, but the posting with the County Clerk's office can be done by either the City or the applicant. If the City completes the posting, there is a fee of $920. Otherwise, the applicant can file with the County and provide the $50 filing fee directly to the County. The NOE is filed after the use permit becomes effective.

   Please complete the attached form to state your preference and return it to me via email.

Note that additional information may be required to correct, clarify, or amplify the materials submitted in the application, to prepare the project for a ZAB decision hearing. Please provide the information requested by staff in a timely manner in order to maintain the discussed project schedule.

Please feel free to contact me with any questions regarding this letter or your application.

Sincerely,

Sharon Gong

From: City of Berkeley Planning & Development

Project Address/Permit # (ZP): _____

Subject: Private Projects – Filing Notice of Exemption (NOE) form with the Alameda County Clerk-Recorder

---

Following decision-maker approval of a project exempt from the provisions of the California Environmental Quality Act (CEQA), a NOE may be filed with the Alameda County Clerk-Recorder. It is strongly recommended that the NOE be filed in a timely manner. The filing of a NOE starts a 35-day statute of limitations period on legal challenges to the agency's decision that the project is exempt from the provisions of CEQA. If the NOE is not filed a 180-day statute of limitations will apply, refer to CEQA Guidelines Section 15062(d). Please note that recent legislation requires the City to file the NOE with the State Clearinghouse in the Office of Planning and Research.

Please review the attached NOE and indicate how you would like to proceed with filing by selecting one of the options below:

- ☐ **Berkeley Planning & Development to file the NOE**: Within 30-days of deeming the project complete, the Applicant will be invoiced for the NOE filing fee, refer to the current fee schedule linked here. Please note that Berkeley Planning staff will schedule the public hearing once all outstanding fees are paid. Once the project receives final approval and after the 15-day appeal period expires, Berkeley Planning staff will file the NOE with the Alameda County Clerk-Recorder and the State Clearinghouse.
- ☐ **Applicant to file the NOE**: Applicant shall submit a copy to the Alameda County Clerk-Recorder in accordance with CEQA Guidelines Section 15062 after the project receives final approval and the 14-day appeal period expires. The Office of the County Clerk-Recorder is located at 1106 Madison Street, Oakland, CA 94607. The Clerk will stamp the NOE, return the original set, and post the NOE for a period of 30 days. Once recorded, the applicant shall provide a stamped copy to the Berkeley Planning staff person assigned to the project. Refer to Alameda County Clerk-Recorder's website linked here for more information on hours of operation, fees, and payment methods.

Applicant Name (please print): _____

Applicant Signature: _____

Date: _____

Please note that categorical exemptions are not subject to the California Department of Fish and Wildlife environmental document filing fee and do not require a no effect determination (Cal. Code Regs., tit. 14, §§ 15260-15333; Fish & Game Code §711.4, subd. (d)(1)).

ATTACHMENT 1

FINDINGS AND CONDITIONS

DECEMBER 12, 2024

2274 Shattuck Avenue

Use Permit #ZP2023-0079 to demolish the commercial building (preserving and renovating the front façade and lobby), and construct a 17-story (183 feet, plus 5-foot parapet), 214,032-square-foot, mixed-use residential building with 227 dwelling units (including 23 Very Low-Income Density Bonus qualifying units), and one ADA parking space.

ZONING PERMITS REQUIRED

- Use Permit under BMC Section 23.326.070(A) to demolish a non-residential building
- Use Permit under BMC Section 23.204.020(A) to construct a new mixed-use residential development
- Use Permit under BMC Section 23.204.020(A) to construct dwelling units
- Use Permit under BMC Section 23.204.030(B)(1) to create new floor area of 10,000 square feet or more
- Use Permit under BMC Section 23.204.130(E)(1) to exceed the maximum building height limit, up to 75 feet (plus 5-foot parapet, by right)
- Use Permit under BMC Section 23.04.130(E)(3)(b) to modify front and side setback requirements
- Administrative Use Permit under BMC Section 23.304.050(A) to exceed building height limits with rooftop architectural elements which exceed the maximum height limit for the district

CONCESSIONS/WAIVERS UNDER GOVERNMENT CODE SECTION 65915-65918

- Concession – none.
- Waiver of BMC Section 23.04.130(E)(1) to exceed building height limits – to be 183 feet to roof (plus 5-foot parapet, by right), where 75 feet is the limit (plus 5-foot parapet by right)
- Waiver of BMC Section 23.204.130(E)(3)(b) to waive front and side setback minimums
- Waiver of BMC Section 23.204.130(E)(3) to increase front setback maximum to 7-foot, 1 inch, where 5 feet maximum is required, at 0-20-foot building height
- Waiver of BMC Section 23.204.130(E)(3)(b)(i) to exceed 120 feet in width in diagonal measurement above 120 feet in height – to be 178 feet, 9 inches in width, where 120 feet is required
- Waiver of BMC Section 23.204.130(E)(4) to reduce the usable open space requirement – to provide 7,737 square feet, where 18,160 square feet is required
- Waiver of BMC Section 23.322.090(A) to provide 72 long term residential bicycle parking, where 210 is required

I. CEQA FINDINGS

A. On October 4, 2024, the City determined that the project is categorically exempt from the provisions of CEQA under Section 15332 ("Infill Development Projects") of the CEQA Guidelines, pursuant to Assembly Bill (AB) 1633. (See Exhibit A.)

The project applicant filed an AB 1633 Notice with the City on March 4, 2024 and attached technical reports that supported the project's eligibility for a Class 32 Categorical Exemption from CEQA and the inapplicability of any Exceptions to the exemption (CEQA Guidelines, Section 15300.2). Submitted technical reports included the following: Traffic Impact Analysis, Historic Resources Evaluation, Project Impacts Analysis, Air Quality Impacts Analysis, Noise Impact Analysis, and Water Quality Impact Analysis. All technical reports were peer reviewed by a CEQA consultant, and were revised or supplemented for adequacy.

B. Upon review of all evidence on the record, the City determined that the project is categorically exempt from the provisions of the California Environmental Quality Act (CEQA, Public Resources Code §21000, et seq. and California Code of Regulations, §15000, et seq.) pursuant to Section 15332 ("Infill Development Projects") of the CEQA Guidelines.

The project meets the requirements under CEQA Guidelines Section 15332, as follows:

1. The project is consistent with the applicable General Plan designation and policies, and with the applicable zoning designation and regulations.
2. The project occurs within the Berkeley City limits on a project site of no more than five acres, and is surrounded by urban uses.
3. The parcels within the project site have previously been developed and have no value as habitat for endangered, rare or threatened species.
4. The project would not result in any significant effects relating to traffic, noise, air quality or water quality. The Traffic Impact Analysis prepared for the project was reviewed by the City Transportation Division which concurred with the findings of less than significant impacts. City Standard Conditions would address potential impacts related to traffic, noise, air quality, and water quality.
5. The site can be adequately served by all required utilities and public services.

C. Furthermore, none of the exceptions in CEQA Guidelines Section 15300.2 apply, as follows: (a) the site is not located in an environmentally sensitive area, (b) there are no cumulative impacts, (c) there are no significant effects on the environment due to unusual circumstances, (d) the project is not located near a scenic highway, (e) the project site is not located on a hazardous waste site pursuant to Government Code Section 65962.5, and (f) the project would not cause a substantial adverse change in the significance of any historical resource.

II. HOUSING ACCOUNTABILITY ACT FINDINGS

A. The Housing Accountability Act, Government Code Section 65589.5(j) requires that when a proposed housing development complies with applicable, objective general plan and zoning standards, a local agency may not deny the project or approve it with reduced density unless the agency makes written findings supported by substantial evidence that: (1) the development would have a specific adverse impact on public health or safety unless disapproved or approved at a lower density; and (2) there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact, other than the disapproval or approval at a lower density.

B. The project includes construction of 227 dwelling units. Because the base project complies with applicable, objective general plan and zoning standards, §65589.5(j) does apply to this project. No significant, quantifiable, direct and unavoidable impacts, based on objective, identified written public health or safety standards, polices, or conditions, have been identified.

III. DENSITY BONUS FINDINGS

A. Pursuant to Government Code Section 65915, the Zoning Adjustments Board finds that:

1. Under the City's methodology for implementing density bonuses, the "base project" consists of 151 units;
2. The project will provide at least 23 Very Low-Income (VLI) qualifying units in the 151-unit "base project";
3. The project is entitled to a density increase of 50 percent over the otherwise maximum allowable residential density under the Zoning Ordinance and General Plan Land Use Element, under the requirements of Government Code Section 65915(b) and (f), plus three concessions or incentives. This equates to a density bonus of 76 units above the Base Project, for a total of 227 units.

B. In accordance with Government Code Section 65915(e) the Zoning Adjustments Board hereby grants the following waivers to modify development standards as necessary to accommodate these density bonus units:

1. Waiver of BMC Section 23.04.130(E)(1) to exceed building height limits – to be 183 feet to roof (plus 5-foot parapet, by right), where 75 feet is the limit (plus 5-foot parapet by right)
2. Waiver of BMC Section 23.204.130(E)(3)(b) to waive front and side setback minimums
3. Waiver of BMC Section 23.204.130(E)(3) to increase front setback maximum to 7-foot, 1 inch, where 5 feet maximum is required, at 0-20-foot building height
4. Waiver of BMC Section 23.204.130(E)(3)(b)(i) to exceed 120 feet in width in diagonal measurement above 120 feet in height – to be 178 feet, 9 inches in width, where 120 feet is required
5. Waiver of BMC Section 23.204.130(E)(4) to reduce the usable open space requirement – to provide 7,737 square feet, where 18,160 square feet is required
6. Waiver of BMC Section 23.322.090(A) to provide 72 long term residential bicycle parking, where 210 is required

D. In accordance with Government Code Section 65915(e), in order to allow construction of the proposed project with the density permitted under State law, the Zoning Adjustments Board finds approval of waivers is required 1) construct the proposed project at the density permitted under State law; 2) approval of requested waivers will not have a specific adverse impact upon

public health and safety, or the physical environment, or on any real property listed in the California Register of Historical Resources; and 3) approval of the requested waivers will not be contrary to State or Federal law.

IV. FINDINGS FOR APPROVAL

A. As required by Section 23.406.040(E) of the BMC, the project, under the circumstances of this particular case existing at the time at which the application is granted, will not be detrimental to the health, safety, peace, morals, comfort, and general welfare of the persons residing or working in the neighborhood of such proposed use or be detrimental or injurious to property and improvements of the adjacent properties, the surrounding area or neighborhood, or to the general welfare of the City because:

1. The project is consistent with all applicable C-DMU District standards and qualifies for waivers and concessions for the listed district standards granted pursuant to State Density Bonus, Government Code, Section 65915;
2. New shadow impacts will occur: a) in the summer months in the hours after sunrise on the residential buildings at 2120 Bancroft Way and 2020 Kittredge Street to the west, and in the hours before sunset on the mixed-use residential buildings at 2295 and 2319 Shattuck Avenue to the east; and b) in the winter months in the hours after sunrise on the residential buildings at 2020 Kittredge Street to the west, and in the hours before sunset on the mixed-use residential building at 2231 Shattuck Avenue to the east. All other new shadows will impact commercial buildings in the vicinity. The extent of the new shadow impact from the project on the site's adjacent areas will not be unreasonable for a development in the dense, downtown district that allows building heights up to 60-foot, with zero to five-foot setbacks from property lines, by right.
3. The project will be subject to the City's standard conditions of approval regarding construction noise and air quality, waste diversion, toxics, and stormwater requirements, which will ensure that the project will not be detrimental to the health, safety, peace, morals, comfort or general welfare of persons residing or working in the area or neighborhood of such proposed use or be detrimental or injurious to property and improvements of the adjacent properties, the surrounding area or neighborhood or to the general welfare of the City.

V. OTHER FINDINGS FOR APPROVAL

A. As required by BMC Section 23.326.070(A), in order to approve a Use Permit to demolish a commercial structure, the Zoning Adjustments Board finds that:

1. Although proposed demolition of the majority of the existing movie theater building will replace the existing commercial building with a mixed-use residential building that would reduce the amount of commercial floor area on the site, the project will not be materially detrimental to the commercial needs and public interest of the neighborhood because the movie theater business ceased operations in February 2023, and the new project will contain a ground-floor café, to bring more services to residents and workers in the vicinity.
2. The existing structure to be demolished is a 23,289-square-foot movie theater. This commercial use will be replaced by a 865-square-foot café and 227 new residential units, including 23 very low-income affordable units. The demolition is required in order to allow the proposed mixed-use residential project to be built.

3. The LPC reviewed the demolition referral for the project and did not recommend against the demolition permit.

B. As required by BMC Section 23.204.130(I) of the, the Zoning Adjustments Board finds that the proposed use or structure:

1. *Is compatible with the purposes of the district to implement the vision and goals of the Downtown Area Plan (DAP)*:

   a. Environmental Sustainability and Access: The project will be a high-density development in proximity to regional transit, shops and amenities, and will provide more housing in the Downtown to increase access to local services and amenities by foot, by bicycle and via transit, while promoting public transit as an efficient and attractive choice through its location and through its Transportation Demand Management measures and other associated Conditions of Approval. The project is designed to achieve GreenPoint Rated Silver certification, which is equivalent to LEED Gold, and satisfies this DAP requirement. The project will also comply with the State's Model Water Efficient Landscape Ordinance (MWELO), and will feature a number of native plant species in its landscape palette.
   b. Land Use: The mixed-use residential project, which includes 23 VLI units, will add affordable housing to the Downtown area. The rehabilitated movie theater front façade and café (repurposed from a theater lobby) will contribute to the area's vitality, livability, sustainability, and character. New street trees and landscaping along Bancroft Way will add to the cultivation of the Downtown as an attractive residential neighborhood.
   c. Housing and Community Health and Services: The project will involve construction of a mixed-use residential building with a total of 227 dwelling units, including 23 VLI units. The project will expand the supply of affordable housing and contribute to a thriving, livable, diverse residential neighborhood with a mix of supportive uses in Downtown.
   d. Economic Development: The project will introduce 227 new residential units, in a mix of unit sizes – studio, two-bedroom and four-bedroom units – and 23 very low-income units to the neighborhood, to help broaden the range of household incomes in the area and contribute to diversifying housing opportunities for households of different ages, incomes, varying sizes, and abilities in the Downtown, while preserving the character of the Downtown Historic neighborhood through the rehabilitation of the UA Theater façade.
   e. Historic Preservation and Urban Design: The 2274 Shattuck building, also known as the United Artists Theater, is an historic resource listed in the CRHR and was found to be eligible for NAHP designation, as well as a contributor to the Shattuck Avenue Commercial Corridor Historic District. The LPC designated the building a City Landmark in February 2024, with the upper portion of the Shattuck Avenue building façade as the distinguishing features to be preserved and restored . The project will demolish the entire building, excepting the Shattuck Avenue façade and theater lobby, which will be rehabilitated and repurposed.
   f. Streets and Open Space: The project will include new street trees along Bancroft Way and 7,737 square feet of private open space in the form of private patios, ground-floor common space and a roof deck for residents, that will comply with the State's MWELO requirements. In addition, the project will be required to contribute to the Streets and Open Space Improvement Plan (SOSIP) fund via Condition of Approval.

2. *Is compatible with surrounding uses and buildings:* Uses on properties surrounding the project site include retail, the Berkeley Public Library, restaurants, retail and offices, and multi-family residential. The project features primarily a multi-family residential use with a ground-floor café, a similar mixture of uses that already exists on the site and in the vicinity. Thus, the project will not introduce new land uses that do not already exist in the Downtown, and will further the vision and goals of the DAP. The DRC provided a favorable recommendation of the project with conditions for further design refinement, and deemed the project consistent with DAP design guidelines.

C. As required by Section 23.304.050(A) of the BMC, the Zoning Adjustments Board finds that the proposed rooftop equipment, which exceeds the district height limit, does not exceed 15 percent the average floor area of the building's floors. None of the equipment structures will be used as habitable or commercial space. The project will include mechanical and staircase/elevator penthouses and an architectural frame totaling 1,891 square feet on the roof that will extend 15 feet over the roof height. These areas represent 15 percent of the 12,659-square-foot average of all the floor areas.

D. As required by BMC Section 23.204.130(E), the Zoning Adjustments Board finds that:

1. The setback encroachment in the Base Project will result in a minimal contribution to new shadow impact relative to the increase in shadow impact from the Density Bonus project height and reduced setbacks that are requested as waivers. Thus, the setback reduction the Base Project will not unreasonably limit solar access.

2. A Wind and Comfort Impact Analysis was prepared in March, 2022 for an approved use permit at 2190 Shattuck, a site that is one block to the east of the subject site, for a 25-story building proposal with zero to five-foot setbacks up to 268 feet in height, that concluded that the building will not cause significant additional wind impact on the street level at Shattuck Avenue and Allston Way. Based on that study, the project, which consists of a 17-story building with similar setback reductions up to 183 feet in height, will also result in insignificant changes to wind patterns on the sidewalk at the site along Shattuck Avenue or Bancroft Way.

VI. STANDARD CONDITIONS OF APPROVAL FOR ALL PROJECTS

The following conditions, as well as all other applicable provisions of the Zoning Ordinance, apply to this Permit:

1. **Conditions Shall be Printed on Plans.** The conditions of this Permit shall be printed on the *second* sheet of each plan set submitted for a building permit pursuant to this Use Permit, under the title 'Use Permit Conditions.' *Additional sheets* may also be used if the *second* sheet is not of sufficient size to list all of the conditions. The sheet(s) containing the conditions shall be of the same size as those sheets containing the construction drawings.
2. **Compliance Required (BMC Section 23.102.050).** All land uses and structures in Berkeley must comply with the Zoning Ordinance and all applicable City ordinances and regulations. Compliance with the Zoning Ordinance does not relieve an applicant from requirements to comply with other federal, state, and City regulations that also apply to the property.
3. **Approval Limited to Proposed Project and Replacement of Existing Uses (BMC Sections 23.404.060(B)(1) and (2)):**

A. This Permit authorizes only the proposed project described in the application. In no way does an approval authorize other uses, structures or activities not included in the project description.

B. When the City approves a new use that replaces an existing use, any prior approval of the existing use becomes null and void when permits for the new use are exercised (e.g., building permit or business license issued). To re-establish the previously existing use, an applicant must obtain all permits required by the Zoning Ordinance for the use.

4. **Conformance to Approved Plans (BMC Section 23.404.060(B)(4)).**
All work performed under an approved permit shall comply with the approved plans and any conditions of approval.

5. **Exercise and Expiration of Permits (BMC Section 23.404.060(C)):**

A. A permit authorizing a land use is exercised when both a valid City business license is issued (if required) and the land use is established on the property.

B. A permit authorizing construction is exercised when both a valid City building permit (if required) is issued and construction has lawfully begun.

C. The Zoning Officer may declare a permit lapsed if it is not exercised within one year of its issuance, except if the applicant has applied for a building permit or has made a substantial good faith effort to obtain a building permit and begin construction. The Zoning Officer may declare a permit lapsed only after 14 days written notice to the applicant. A determination that a permit has lapsed may be appealed to the ZAB in accordance with Chapter 23.410 (Appeals and Certification).

D. A permit declared lapsed shall be void and of no further force and effect. To establish the use or structure authorized by the lapsed permit, an applicant must apply for and receive City approval of a new permit.

6. **Permit Remains Effective for Vacant Property (BMC Section 23.404.060(D)).** Once a Permit for a use is exercised and the use is established, the permit authorizing the use remains effective even if the property becomes vacant. The same use as allowed by the original permit may be re-established without obtaining a new permit, except as set forth in Standard Condition #5 above.

7. **Permit Modifications (BMC Section 23.404.070).** No change in the use or structure for which this Permit is issued is permitted unless the Permit is modified by the Board. The Zoning Officer may approve changes to plans approved by the Board, consistent with the Board's policy adopted on May 24, 1978, which reduce the size of the project.

8. **Permit Revocation (BMC Section 23.404.080).** The City may revoke or modify a discretionary permit for completed projects due to: 1) violations of permit requirements; 2) Changes to the approved project; and/or 3) Vacancy for one year or more. However, no lawful residential use can lapse, regardless of the length of time of the vacancy. Proceedings to revoke or modify a permit may be initiated by the Zoning Officer, Zoning Adjustments Board (ZAB), or City Council referral.

9. **Pay Transparency Acknowledgement (BMC Section 13.104.030).** Prior to the issuance of a building permit for any Project subject to this Chapter:

A. A Responsible Representative of the Permittee shall certify under penalty of perjury that: (1) the Permittee has reviewed Chapter 13.104 of the Berkeley Municipal Code; and (2) the Permittee will be responsible for demonstrating compliance with this Chapter.

B. The Permittee shall provide to the City a Contractor Pay Transparency Acknowledgment on a form approved by the City for this purpose. A Responsible Representative of the Permittee shall certify under penalty of perjury that the Contractor and all Qualifying Subcontractors performing work on the Project will comply with Chapter 13.104 of the Berkeley Municipal Code and with Labor Code sections 226(a) and 2810.5 for each employee who works on the Project.

10. **Pay Transparency Attestations following Project Completion (BMC Section 13.104.040).** Within 10 days of the approved final inspection of any Project subject to this Chapter, each Permittee shall provide to the City for each Contractor and Qualifying Subcontractor a Pay Transparency Attestation on a form approved by the City. On each Pay Transparency Attestation, a Responsible Representative of the Contractor or Qualifying Subcontractor shall attest under penalty of perjury that the Contractor or Qualifying Subcontractor complied with Chapter 13.104 of the Berkeley Municipal Code and Labor Code sections 226(a) and 2810.5 for each employee who performed work on the Project. The City will maintain Pay Transparency Attestation forms for period of at least three years after their date of receipt by the City.

11. **Posting of Wage Theft Ordinance (BMC Section 13.104.050).** Each day work is performed on the Project, each Permittee shall post, and keep posted in a conspicuous location where it may be easily read by employees during the hours of the workday, a notice that: (A) contains the text of Chapter 13.104 of the Berkeley Municipal Code; (B) explains that workers can report violations of Labor Code sections 226 and 2810.5 to the Labor Commissioner of the State of California; and (C) provides current contact information, including office address, telephone number, and email address of the Labor Commissioner of the State of California.

12. **Wage Theft Prevention Conditions of Approval (BMC Section 13.104.060).** The requirements of Sections 13.104.030 through 13.104.050 shall be included as conditions of approval of any Use Permit or Zoning Certificate for any Project that is subject to this Chapter. Failure to comply with the requirements of any provision of this Chapter shall be grounds for issuance of an administrative citation under Chapter 1.28 and/or the revocation or modification of any Use Permit issued for the Project under BMC Chapter 23.404.

13. **Hold Harmless.** The permittee agrees as a condition of approval of this application to indemnify, protect, defend with counsel selected by the City, and hold harmless, the City, and any agency or instrumentality thereof, and its elected and appointed officials, officers, employees and agents, from and against any and all liabilities, claims, actions, causes of action, proceedings, suits, damages, judgments, liens, levies, costs and expenses of whatever nature, including reasonable attorney's fees and disbursements (collectively, "Claims") arising out of or in any way relating to the approval of this application, any actions taken by the City related to this entitlement, or any environmental review conducted under the California Environmental Quality Act, Public Resources Code Section 210000 et seq., for this entitlement and related actions. The indemnification shall include any Claims that may be asserted by any person or entity, including the permittee, arising out of or in connection with the approval of this application, whether or not there is concurrent, passive or active negligence on the part of the City, and any agency or instrumentality thereof, and its elected and appointed officials, officers, employees and agents. The permittee's duty to defend the City shall not apply in those instances when the permittee has asserted the Claims, although the permittee shall still have a duty to indemnify, protect and hold harmless the City.

VII. ADDITIONAL CONDITIONS IMPOSED BY THE ZONING ADJUSTMENTS BOARD

Pursuant to BMC 23.404.050(H), the Zoning Adjustments Board attaches the following additional conditions to this Permit:

Prior to Submittal of Any Building Permit:

14. **Project Liaison.** The applicant shall include in all building permit plans and post onsite the name and telephone number of an individual empowered to manage construction-related complaints generated from the project. The individual's name, telephone number, and responsibility for the project shall be posted at the project site for the duration of the project in a location easily visible to the public. The individual shall record all complaints received and actions taken in response, and submit written reports of such complaints and actions to the project planner on a weekly basis. Please designate the name of this individual below:

☐ **Project Liaison** _____

Name Phone #

15. **Address Assignment.** The applicant shall file an "Address Assignment Request Application" with the Permit Service Center (1947 Center Street) for any address change or new address associated with this Use Permit. The new address(es) shall be assigned in accordance with BMC 16.28.030, and, except for new buildings on vacant lots, entered into the City's database after the building permit is issued but prior to final inspection.

16. **Construction Noise Reduction Program.** The applicant shall develop a site-specific noise reduction program prepared by a qualified acoustical consultant to reduce construction noise impacts to the maximum extent feasible, subject to review and approval of the Zoning Officer. The noise reduction program shall include the time limits for construction listed above, as measures needed to ensure that construction complies with BMC Section 13.40.070. The noise reduction program should include, but shall not be limited to, the following available controls to reduce construction noise levels as low as practical:

A. Construction equipment should be well maintained and used judiciously to be as quiet as practical.

B. Equip all internal combustion engine-driven equipment with mufflers, which are in good condition and appropriate for the equipment.

C. Utilize "quiet" models of air compressors and other stationary noise sources where technology exists. Select hydraulically or electrically powered equipment and avoid pneumatically powered equipment where feasible.

D. Locate stationary noise-generating equipment as far as possible from sensitive receptors when adjoining construction sites. Construct temporary noise barriers or partial enclosures to acoustically shield such equipment where feasible.

E. Prohibit unnecessary idling of internal combustion engines.

F. If impact pile driving is required, pre-drill foundation pile holes to minimize the number of impacts required to seat the pile.

G. Construct solid plywood fences around construction sites adjacent to operational business, residences or other noise-sensitive land uses where the noise control plan analysis determines that a barrier would be effective at reducing noise.

H. Erect temporary noise control blanket barriers, if necessary, along building facades facing construction sites. This mitigation would only be necessary if conflicts occurred which were irresolvable by proper scheduling. Noise control blanket barriers can be rented and quickly erected.

I. Route construction related traffic along major roadways and away from sensitive receptors where feasible.

17. **Damage Due to Construction Vibration.** The project applicant shall submit screening level analysis prior to, or concurrent with demolition building permit. If a screening level analysis shows that the project has the potential to result in damage to structures, a structural engineer or other appropriate professional shall be retained to prepare a vibration impact assessment (assessment). The assessment shall consider project specific information such as the composition of the structures, location of the various types of equipment used during each phase of the project, as well as the soil characteristics in the project area, in order to determine whether project construction may cause damage to any of the structures identified as potentially impacted in the screening level analysis. If the assessment finds that the project may cause damage to nearby structures, the structural engineer or other appropriate professional shall recommend design means and methods of construction that to avoid the potential damage, if feasible. The assessment and its recommendations shall be reviewed and approved by the Building and Safety Division and the Zoning Officer. If there are no feasible design means or methods to eliminate the potential for damage, the structural engineer or other appropriate professional shall undertake study of existing conditions (study) of any structures (or, in case of large buildings, of the portions of the structures) that may experience damage.

1. This study shall establish the baseline condition of these structures, including, but not limited to, the location and extent of any visible cracks or spalls; and include written descriptions and photographs.
2. The study shall be reviewed and approved by the Building and Safety Division and the Zoning Officer prior to issuance of a grading permit. Upon completion of the project, the structures (or, in case of large buildings, of the portions of the structures) previously inspected will be resurveyed, and any new cracks or other changes shall be compared to pre-construction conditions and a determination shall be made as to whether the proposed project caused the damage. The findings shall be submitted to the Building and Safety Division and the Zoning Officer for review. If it is determined that project construction has resulted in damage to the structure, the damage shall be repaired to the pre-existing condition by the project sponsor, provided that the property owner approves of the repair.

18. **Compliance with Conditions of Approval and Environmental Mitigations.** The building permit application is subject to verification of compliance of these Conditions of Approval and the DAP Mitigation Monitoring and Reporting Program (Attachment 4). The applicant shall be responsible for demonstrating compliance with all conditions of approval and mitigation measures per the timeline set forth by this use permit. The applicant shall deposit $10,000 with the City, or less with the approval of the Zoning Officer, to pay for the cost of monitoring compliance with these Conditions of Approval and other applicable conditions and regulations. Should compliance-monitoring expenses exceed the initial deposit, the applicant shall deposit additional funds to cover such additional expenses upon the request of the Zoning Officer; any unused deposit will be refunded to the applicant.

Prior to Issuance of Any Building & Safety Permit (Demolition or Construction)

19. **Demolition.** Demolition of the existing building cannot commence until a complete application is submitted for the replacement building. In addition, all plans presented to the City to obtain a permit to allow the demolition are subject to these conditions.
20. **Construction Noise Management -** Public Notice Required. At least two weeks prior to initiating any construction activities at the site, the applicant shall provide notice to businesses and residents within 500 feet of the project site. This notice shall at a minimum provide the following: (1) project description, (2) description of construction activities during extended work hours and reason for extended hours, (3) daily construction schedule (i.e., time of day) and expected duration (number of months), (4) the name and phone number of the Project Liaison for the project that is responsible for responding to any local complaints, and (5) that construction work is about to commence. The liaison would determine the cause of all construction-related complaints (e.g., starting too early, bad muffler, worker parking, etc.) and institute reasonable measures to correct the problem. A copy of such notice and methodology for distributing the notice shall be provided in advance to the City for review and approval.

21. **Construction Phases.** The applicant shall provide the Zoning Officer with a schedule of major construction phases with start dates and expected duration, a description of the activities and anticipated noise levels of each phase, and the name(s) and phone number(s) of the individual(s) directly supervising each phase. The Zoning Officer or his/her designee shall have the authority to require an on-site meeting with these individuals as necessary to ensure compliance with these conditions. The applicant shall notify the Zoning Officer of any changes to this schedule as soon as possible.

22. **Construction and Demolition Diversion.** Applicant shall submit a Construction Waste Management Plan that meets the requirements of BMC Chapter 19.37 including 100 percent diversion of asphalt, concrete, excavated soil and land-clearing debris and a minimum of 65 percent diversion of other nonhazardous construction and demolition waste.

23. **Toxics.** The applicant shall contact the Toxics Management Division (TMD) at 1947 Center Street or (510) 981-7470 to determine which of the following documents are required and timing for their submittal:

    A. Phase I and Phase II Environmental Site Assessment (ESA) (per ASTM 1527). A recent Phase I ESA (less than 2 years old) shall be submitted to the Toxics Management Division for developments for: all new commercial, industrial and mixed-use developments and all improvement projects that require work 5 or more feet below grade, and all new residential buildings with more than four dwelling units located in the Environmental Management Area (or EMA). The EMA can be viewed at: City of Berkeley Community GIS Portal (arcgis.com)

    B. Depending on the findings in the Phase I, a Phase II or additional investigation may be necessary. Any available soils and groundwater analytical data available for projects listed in this section must also be submitted to TMD.

    C. Environmental Site Clearance. The applicant shall provide environmental screening clearance from either the San Francisco Bay Regional Water Quality Control Board (RWQCB), Department of Toxic Substances Control (DTSC), or the Alameda County Department of Environmental Health's Local Oversight Program (LOP). Clearance from one of these regulatory agencies will ensure that the property meets development investigation and cleanup standards for the specific use proposed on the property. Environmental screening clearance shall be submitted to the City of Berkeley's Toxics Management Division prior to issuance of any building permits.

    D. Soil and Groundwater Management Plan. A site-specific Soil and Groundwater Management Plan (SGMP) shall be submitted to Toxics Management Division (TMD) for all non-residential projects, and residential or mixed-use projects with more than four dwelling units, that: (1) are in the Environmental Management Area (EMA), as shown on the most recent City of Berkeley EMA map, and (2) propose any excavations deeper than 5 feet below grade or if significant soils removal is anticipated. The SGMP shall be submitted to the TMD with the project's building permit application and shall be approved by TMD prior to issuance of the building permit.

The SGMP shall comply with the hazardous materials and waste management standards required by BMC Section 15.12.100, the stormwater pollution prevention requirements of San Francisco Bay Regional Water Quality Control Board's Order No. R2-2009-0074, California hazardous waste generator regulations (Title 22 California Code of Regulations (CCR) 66260 et seq.), and the East Bay Municipal Utility District's Ordinance 311, and shall include the following:

i. procedures for soil and groundwater management including identification of pollutants and disposal methods;

ii. procedures to manage odors, dust and other potential nuisance conditions expected during development;

iii. notification to TMD within 24 hours of the discovery of any previously undiscovered contamination; and

iv. the name and phone number of the individual responsible for implementing the SGMP and who will respond to community questions or complaints.

TMD may require additional information or impose additional conditions as deemed necessary to protect human health and the environment. All requirements of the approved SGMP shall be deemed conditions of approval.

E. Demolitions & Renovations – Building Materials Survey. A hazardous materials survey for building materials and plans on hazardous materials and hazardous waste removal and disposal is required and must be prepared by qualified professionals, and submitted to the Toxics Management Division (TMD) prior to issuance of the building permit.

i. The survey shall include the identification of all materials to be disturbed for lead-based paints, PCB containing equipment and caulking, hydraulic fluids, refrigerants, treated wood, and mercury containing devices (including fluorescent light bulbs and mercury switches), asbestos and other hazardous materials and chemicals.

ii. If asbestos is identified, Bay Area Air Quality Management District Regulation 11-2-401.3 a notification must be made and the J number must be made available to the City of Berkeley Permit Service Center. Contractors must follow state regulations where there is asbestos-related work involving 100 square feet or more of asbestos containing material (8 Cal. Code Regs. §1529, §341.6 et seq.)

iii. The report to the TMD shall include, in addition to the survey, plans on hazardous materials and hazardous waste removal and disposal that comply with State and Federal codes including California Code of Regulations (CCR) 66260 et seq.

iv. Documentation evidencing disposal of hazardous waste in compliance with the survey shall be submitted to TMD within 30 days of the completion of the demolition.

Please note, the PCB Screening Form required by Public Works, Engineering, is a separate requirement and does not address the PCB identification requirement of the Toxics Management Division.

F. Hazardous Materials Business Plan. A Hazardous Materials Business Plan (HMBP) in compliance with BMC Section 15.12.040 and California Health & Safety Code, Chapter 6.95 Div. 20, shall be submitted to the Toxics Management Division through the California Environmental Reporting System: http://cers.calepa.ca.gov/ for chemicals used or stored on site during construction that exceed reporting thresholds. The reporting is required if your facility stores or handles hazardous materials in aggregate quantities equal to or greater than 55 gallons for liquids, 500 pounds for solids, or 200 cubic feet of compressed gases, or generates any quantity of hazardous waste. This includes welding gases, emergency generator fuel, paints, etc.

Additionally, the business occupant must submit an HMBP within 30 days of starting operations.

G. Petroleum Storage. An (SPCC) Plan is required to be prepared and implemented for facilities with any one of the following:

i. aggregate aboveground petroleum storage capacities of 1,320 gallons or more stored in aboveground storage containers, tanks, oil-filled equipment, or

ii. one or more tank(s) in an underground area (TIUGA) with petroleum storage capacities of 55 gallons or greater. More information on TIUGAs can be found here: https://osfm.fire.ca.gov/divisions/pipeline-safety-and-cupa/certified-unified-program-agency-cupa/aboveground-petroleum-storage-act/tank-in-an-underground-area-tiuga/

The SPCC plan must be prepared prior to beginning operations and you must submit facility information to Toxics Management Division (TMD) through the California Environmental Reporting System: http://cers.calepa.ca.gov/. The SPCC plan will be reviewed during the site inspection and shall not be submitted in CERS or to the TMD.

Prior to Issuance of Any Building (Construction) Permit

24. Final Design Review. The Project requires approval of a Final Design Review application by the Design Review Committee.

25. Percent for Public Art. Consistent with BMC Section 23.316, the applicant shall either pay the required in-lieu fee or provide the equivalent amount in a financial guarantee to be released after installation of the On-Site Publicly Accessible Art.

26. Affordable Housing Mitigation Fee. Consistent with BMC Section 22.20.065, and fee resolution applicable to this project, the applicant shall provide a schedule, consistent with a schedule approved by the City Manager or her designee, outlining the timeframe for payment of the AHMF, and they shall pay this fee.

27. HVAC Noise Reduction. Prior to the issuance of building permits, the project applicant shall submit plans that show the location, type, and design of proposed heating, ventilation, and cooling (HVAC) equipment. In addition, the applicant shall provide product specification sheets or a report from a qualified acoustical consultant showing that operation of the proposed HVAC equipment will meet the City's exterior noise requirements in BMC Section 13.40.050. The City's Planning and Development Department shall review the submitted plans, including the selected HVAC equipment, to verify compliance with exterior noise standards.

28. **Interior Noise Levels.** Prior to issuance of a building permit, the applicant shall submit a report to the Building and Safety Division and the Zoning Officer by a qualified acoustic engineer certifying that the interior residential portions of the project will achieve interior noise levels of no more than 45 Ldn (Average Day-Night Levels). If the adopted Building Code imposes a more restrictive standard for interior noise levels, the report shall certify compliance with this standard.

29. **Streets and Open Space Improvement Plan.** Street Frontage Improvements. Consistent with the Downtown Streets and Open Space Improvement Plan (SOSIP) (or subsequent iterations as adopted by the City), the developer shall construct improvements along Oxford Street and Center Street to the centerline. Such improvements shall be included with the building permit submittal, designed and constructed as directed by the Public Works Engineering, Public Works Transportation, and Fire Departments, and constructed prior to certificate of occupancy.

30. **Streets and Open Space Improvement Plan.** Impact Fee: As required by BMC Section 23.204.130(F), the project shall pay an impact fee to implement the Streets and Open Space Improvement Plan (SOSIP) per the fee schedule adopted by the Council by resolution. The City shall deposit this payment into the Downtown Streets and Open Space Improvement Fund (SOSIF), or its equivalent, to pay for the design and construction of the SOSIP Major Projects. The fee shall apply to the project's "Gross Floor Area" as defined in BMC Section 23.106.030, less any existing Gross Floor Area removed as part of the project.

    At the City's discretion, the City Manager or her designee may reduce the required SOSIP Impact Fee, on a $1 to $1 ratio, as a credit for constructing all or a portion of a Major SOSIP Improvement Project beyond the frontage improvements already required by this Permit. The first half of this fee shall be paid prior to issuance of a building permit, and the second half shall be paid prior to issuance of a certificate of occupancy.

31. **Green Building Certification.** The applicant shall submit documentation demonstrating that the building will attain LEED Gold or higher, or attain a building performance equivalent to this rating that has been approved by the Zoning Officer for this project. Documentation shall include proof of payment of the registration/application fee to the organization administering the green building certification system (e.g. USGBC/GBCI for LEED, Build It Green for GreenPoint Rated, etc.), a copy of the updated green building checklist that reflects anticipated points, and a statement from the appropriate project team professional (e.g. LEED Accredited Professional, GreenPoint Rater, etc.) verifying that the project is on track for certification at the required level or above. The submitted green building checklist must be a type that is appropriate for the project and a version that is being accepted by the organization granting the green building certification at the time of building permit application. Whenever applicable, measures from the green building checklist shall be incorporated and noted on site plans.

32. **Solar Photovoltaic (Solar PV) and Battery Energy Storage Systems (ESS).** A solar PV system shall be installed, subject to specific limited exceptions, as specified by the Berkeley Energy Code (BMC Chapter 19.36). Energy storage system (ESS) readiness (new single-family, duplex, and townhouse homes) or ESS installation (new multifamily and most nonresidential buildings) shall be completed as specified by BMC Chapter 19.36. Location of the solar PV system and the ESS, if applicable, shall be noted on the construction plans. (Project required to meet applicable code at time of building permit application, if different from above.)

33. **Nonresidential Electric Vehicle (EV) Charging.** At least 10 percent of project parking spaces for nonresidential use shall have installed Level 2 (40 amp) electric vehicle (EV) charging stations and/or DC Fast Charging Stations, and least 40 percent shall be "EV Capable" equipped with raceway, electrical panel service capacity, and an electrical system to support future Level 2 (40 amp) EV charging stations, or any more stringent EV charging requirements, as specified by the Berkeley Green Code (BMC Chapter 19.37). EV charging station installations and EV Capable spaces shall be noted on the construction plans. Public access parking spaces shall provide any applicable mandatory accessibility provisions. (Project required to meet applicable code at time of building permit application, if different from above.)

34. **Water Efficient Landscaping.** Landscaping, totaling 500 square feet of more of new landscaping or 2,500 square feet or more of renovated irrigated area, shall comply with the State's Model Water Efficient Landscape Ordinance (MWELO). MWELO-compliant landscape documentation including a planting, grading, and irrigation plan shall be included in site plans. Water budget calculations are also required for landscapes of 2,500 square feet or more and shall be included in site plans. The reference evapotranspiration rate (ETo) for Berkeley is 41.8.

35. **Recycling and Organics Collection.** Applicant shall provide recycling and organics collection areas for occupants, clearly marked on plans, which comply with the Alameda County Organics Reduction and Recycling Ordinance (2021-02). Contact the Zero Waste Division's Recycling Program Manager, Julia A. Heath, at jheath@berkeleyca.gov.

36. **Public Works ADA.** Plans submitted for building permit shall include replacement of sidewalk, curb, gutter, and other streetscape improvements, as necessary to comply with current City of Berkeley standards for accessibility.

BELOW MARKET RATE UNITS

37. **Affordable Housing Mitigation Fee (AHMF).** Consistent with BMC 22.20.065 and fee resolution No. 68,074-N.S., the applicant shall provide a schedule, consistent with a schedule approved by the City Manager or her designee, outlining the timeframe for payment of the AHMF, or provide an alternative to the fee payment as permitted by the BMC. Payment of the AHMF may be reduced if paid prior to the building permit per resolution No. 68,074-N.S., and shall be paid no later than prior to the issuance of a certificate of occupancy for the project.

As indicated on the development application, the applicant shall provide below market rate rental dwelling units ("BMR Units") – 23 VLI units, in perpetuity – and will be required to pay the AHMF as calculated in BMC Section 22.20.065(D). The applicant may elect to avoid the AHMF by providing, for the life of the project, a number of units equal to 20 percent of the total units in the project at rental rates affordable to Low-Income and Very Low-Income Households in accordance with the BMC. The applicant may also elect to provide BMR units below 20 percent of total units for a reduced AHMF as calculated in BMC Section 22.20.065(D). The applicant must contact and coordinate with the Department of Health, Housing and Community Services (HHCS) via email to affordablehousing@berkeleyca.gov for review and approval. The final number of affordable onsite units must be declared prior to issuance of the first building permit for the project.

38. **Number of Below Market Rate Units.** The project shall provide below market rate rental dwelling units ("BMR Units") – 23 VLI units, in perpetuity – which are required to comply with the State Density Bonus Law (Government Code Section 65915) and BMC Section 22.20.065. The BMR Units shall be designated in the Regulatory Agreement and shall be reasonably dispersed throughout the project; be of the same size and contain, on average, the same number of bedrooms as the non-BMR units in the project; and be comparable with the design or use of non-BMR units in terms of appearance, materials and finish quality. The designation of BMR Units shall conform to the addresses assigned to the building by the City.

39. **Affordable Housing: Regulatory Agreement.** Prior to the issuance of a building permit, the applicant shall enter into a Regulatory Agreement that implements Government Code Section 65915 and this Use Permit should they elect to provide BMR units to avoid or reduce their AHMF obligation. The Regulatory Agreement shall include any terms and affordability standards determined by the City to be necessary to ensure such compliance. The maximum qualifying household income for very low income BMR Units shall be 50 percent of Area Median Income (AMI), and their maximum housing payment shall be 30 percent of 50 percent of AMI. The maximum qualifying household income for Low Income BMR units shall be 80 percent of Area Median Income (AMI), and their maximum housing payment shall be 30 percent of 80 percent of AMI for Low-Income households, as set forth in the following paragraphs of this condition. If the BMR units are occupied by Very Low-Income tenants receiving a rental subsidy through the Section 8 or Shelter Plus Care programs, the rent received by the project sponsor may exceed the restricted rent to the payment standards allowed under those programs so long as the rent allowed under the payment standards is not greater than the market rents charged for comparable units in the development. The applicant shall submit the Regulatory Agreement to the Department of Health, Housing and Community Services (HHCS) via email to affordablehousing@berkeleyca.gov for review and approval.

40. **Affordable Housing: Below Market Rate Program.** In addition, affordable units must adhere to the administrative guidelines for the City's Below Market Rate program. These guidelines can be found online at https://berkeleyca.gov/community-recreation/affordable-housing-berkeley/below-market-rate-rental-information-owners-and.The guidelines are updated annually by HHCS and posted online. Please note the following key provisions from the guidelines:

    A. Maximum rent shall be adjusted for the family size appropriate for the unit pursuant to

    B. California Health & Safety Code Section 50052.5 (h).

    C. Rent shall include a reasonable allowance for utilities, as published and updated by the

    D. Berkeley Housing Authority, including garbage collection, sewer, water, electricity, gas, and other heating, cooking and refrigeration fuels. Such allowance shall take into account the cost of an adequate level of service. Utilities do not include telephone service. Rent also includes any separately charged fees or service charges assessed by the lessor which are required of all tenants, other than security deposits.

    E. BMR units will be provided for the life of the project under Section 22.20.065.

    F. Determination of Area Median Income (AMI):

- The AMI shall be based on the income standards for the Oakland Primary Metropolitan Statistical Area reported by the United States Department of Housing and Urban Development (HUD). In the event HUD discontinues establishing such income standards, AMI shall be based on income standards determined by the California State Department of Housing and Community Development (HCD). If such income standards are no longer in existence, the City will designate another appropriate source or method for determining the median household income.
- The applicable AMI for the purpose of determining the allowable rent for each unit (but not for the purpose of determining eligibility for occupancy of an inclusionary unit) shall be determined in accordance with the following table:

Unit Size	AMI Standard
Studio unit	AMI for a one-person household
One-bedroom unit	AMI for a two-person household
Two-bedroom unit	AMI for a three-person household
Three-bedroom unit	AMI for a four-person household

41. **Affordable Housing.** Nothing in these conditions shall be interpreted to prohibit, or to require modification of the Use Permit or Regulatory Agreement to allow, the provision of additional BMR units, or additional affordability, then are required in the foregoing provisions.

42. **Affordable Housing.** Dwellings that are approved as rental units, but in which a condo map is approved prior to issuance of an occupancy permit, shall be subject to the affordability requirements within BMC 23.328 in effect on March 31, 2023. (A) Residential housing projects for the construction of five or more Dwelling Units; (B) Residential housing projects for the construction of one to four new Dwelling Units, when such Units are added to an existing one to four-unit property, which has been developed after August 14, 1986, and the resulting number of units totals five or more. All Units in such a property are subject to the requirements of this chapter; (C) Residential housing projects proposed on lots whose size and zoning designation is such to allow construction of five or more Dwelling Units.

43. **Affordable Housing – Density Bonus.** If a density bonus was granted for the project, the regulatory agreement shall reflect the number of qualifying units set forth in Section 65915(f)(4) that are needed to support the bonus that was granted.

Prior to Demolition or Start of Construction:

44. **Construction Meeting.** The applicant shall request of the Zoning Officer an on-site meeting with City staff and key parties involved in the early phases of construction (e.g., applicant, general contractor, foundation subcontractors) to review these conditions and the construction schedule. The general contractor or applicant shall ensure that all subcontractors involved in subsequent phases of construction aware of the conditions of approval.

45. **Transportation Construction Plan.** The applicant and all persons associated with the project are hereby notified that a Transportation Construction Plan (TCP) may be required, particularly for the following activities:

    A. Alterations, closures, or blockages to sidewalks, pedestrian paths or vehicle travel lanes (including bicycle lanes);

    B. Storage of building materials, equipment, dumpsters, debris anywhere in the public ROW;

    C. Provision of exclusive contractor parking on-street; or

    D. Significant truck activity.

    Please contact the Office of Transportation at (510) 981-7010, or 1947 Center Street, and ask to speak to a traffic engineer. In addition to other requirements of the Traffic Engineer, this plan shall include the locations of material and equipment storage, trailers, worker parking, a schedule of site operations that may block traffic, and provisions for traffic control. The TCP shall be stamped and signed by a registered engineer prior to submittal. The TCP shall be consistent with any other requirements of the construction phase. A current copy of this Plan shall be available at all times at the construction site for review by City Staff.

46. **Construction/No Parking Permits.** Contact the Permit Service Center (PSC) at 1947 Center Street or 981-7500 for details on obtaining Construction/No Parking Permits (and associated signs and accompanying dashboard permits). Please note that the Zoning Officer and/or Traffic Engineer may limit off-site parking of construction-related vehicles if necessary to protect the health, safety or convenience of the surrounding neighborhood.

During Construction:

47. **Construction Hours.** Construction activity shall be limited to between the hours of 7:00 AM and 6:00 PM on Monday through Friday, and between 9:00 AM and 4:00 PM on Saturday. No construction-related activity shall occur on Sunday or any Federal Holiday.

48. **Construction Hours- Exceptions.** It is recognized that certain construction activities, such as the placement of concrete, must be performed in a continuous manner and may require an extension of these work hours. Prior to initiating any activity that might require a longer period, the developer must notify the Zoning Officer and request an exception for a finite period of time. If the Zoning Officer approves the request, then two weeks prior to the expanded schedule, the developer shall notify businesses and residents within 500 feet of the project site describing the expanded construction hours. A copy of such notice and methodology for distributing the notice shall be provided in advance to the City for review and approval. The project shall not be allowed more than 15 extended working days.

49. Project Construction Website. The applicant shall establish a project construction website with the following information clearly accessible and updated monthly or more frequently as changes warrant.

A. Contact information (i.e. "hotline" phone number, and email address) for the project construction manager

B. Calendar and schedule of daily/weekly/monthly construction activities

C. The final Conditions of Approval, Mitigation Monitoring and Reporting Program, Transportation Construction Plan, Construction Noise Reduction Program, and any other reports or programs related to construction noise, air quality, and traffic.

50. Public Works - Implement Bay Area Air Quality Management District (BAAQMD)- Recommended Measures during Construction. For all proposed projects, BAAQMD recommends implementing all the Basic Construction Mitigation Measures, listed below to meet the best management practices threshold for fugitive dust:

A. All exposed surfaces (e.g., parking areas, staging areas, soil piles, graded areas, and unpaved access roads) shall be watered two times per day.

B. All haul trucks transporting soil, sand, or other loose material off-site shall be covered.

C. All visible mud or dirt track-out onto adjacent public roads shall be removed using wet power vacuum street sweepers at least once per day. The use of dry power sweeping is prohibited.

D. All vehicle speeds on unpaved roads shall be limited to 15 mph.

E. All roadways, driveways, and sidewalks to be paved shall be completed as soon as possible. Building pads shall be laid as soon as possible after grading unless seeding or soil binders are used.

F. Idling times shall be minimized either by shutting equipment off when not in use or reducing the maximum idling time to 5 minutes (as required by the California airborne toxics control measure Title 13, Section 2485 of California Code of Regulations [CCR]). Clear signage shall be provided for construction workers at all access points.

G. All construction equipment shall be maintained and properly tuned in accordance with manufacturer specifications. All equipment shall be checked by a certified visible emissions evaluator.

H. Post a publicly visible sign with the telephone number and person to contact at the lead agency regarding dust complaints. This person shall respond and take corrective action within 48 hours. The Air District's phone number shall also be visible to ensure compliance with applicable regulations.

51. Air Quality - Diesel Particulate Matter Controls during Construction. All off-road construction equipment used for projects with construction lasting more than 2 months shall comply with one of the following measures:

A. The project applicant shall prepare a health risk assessment that demonstrates the project's on-site emissions of diesel particulate matter during construction will not exceed health risk screening criteria after a screening-level health risk assessment is conducted in accordance with current guidance from BAAQMD and OEHHA. The health risk assessment shall be submitted to the Land Use Planning Division for review and approval prior to the issuance of building permits; or

B. All construction equipment shall be equipped with Tier 2 or higher engines and the most effective Verified Diesel Emission Control Strategies (VDECS) available for the engine type (Tier 4 engines automatically meet this requirement) as certified by the California Air Resources Board (CARB). The equipment shall be properly maintained and tuned in accordance with manufacturer specifications.

C. In addition, a Construction Emissions Minimization Plan (Emissions Plan) shall be prepared that includes the following:

i. An equipment inventory summarizing the type of off-road equipment required for each phase of construction, including the equipment manufacturer, equipment identification number, engine model year, engine certification (tier rating), horsepower, and engine serial number. For all VDECS, the equipment inventory shall also include the technology type, serial number, make, model, manufacturer, CARB verification number level, and installation date.

ii. A Certification Statement that the Contractor agrees to comply fully with the Emissions Plan and acknowledges that a significant violation of the Emissions Plan shall constitute a material breach of contract. The Emissions Plan shall be submitted to the Public Works Department for review and approval prior to the issuance of building permits.

52. **Construction and Demolition Diversion.** Divert debris according to your plan and collect required documentation. Get construction debris receipts from sorting facilities in order to verify diversion requirements. Upload recycling and disposal receipts if using Green Halo and submit online for City review and approval prior to final inspection. Alternatively, complete the Construction Waste Management Plan and present it, along with your construction debris receipts, to the Building Inspector by the final inspection to demonstrate diversion rate compliance. The Zoning Officer may request summary reports at more frequent intervals, as necessary to ensure compliance with this requirement.

53. **Low-Carbon Concrete.** The project shall maintain compliance with the Berkeley Green Code (BMC Chapter 19.37) including use of concrete mix design with a cement reduction of at least 25 percent. Documentation on concrete mix design shall be available at all times at the construction site for review by City Staff. (Project required to meet applicable code at time of building permit application, if different from above.)

54. Avoid Disturbance of Nesting Birds. Initial site disturbance activities, including vegetation and concrete removal, shall be prohibited during the general avian nesting season (February 1 to August 30), if feasible. If nesting season avoidance is not feasible, the applicant shall retain a qualified biologist to conduct a preconstruction nesting bird survey to determine the presence/absence, location, and activity status of any active nests on or adjacent to the project site. The extent of the survey buffer area surrounding the site shall be established by the qualified biologist to ensure that direct and indirect effects to nesting birds are avoided. To avoid the destruction of active nests and to protect the reproductive success of birds protected by the MBTA and CFGC, nesting bird surveys shall be performed not more than 14 days prior to scheduled vegetation and concrete removal. In the event that active nests are discovered, a suitable buffer (typically a minimum buffer of 50 feet for passerines and a minimum buffer of 250 feet for raptors) shall be established around such active nests and no construction shall be allowed inside the buffer areas until a qualified biologist has determined that the nest is no longer active (e.g., the nestlings have fledged and are no longer reliant on the nest). No ground-disturbing activities shall occur within this buffer until the qualified biologist has confirmed that breeding/nesting is completed and the young have fledged the nest. Nesting bird surveys are not required for construction activities occurring between August 31 and January 31.

55. Archaeological Resources (*Ongoing throughout demolition, grading, and/or construction*). Pursuant to CEQA Guidelines section 15064.5(f), "provisions for historical or unique archaeological resources accidentally discovered during construction" should be instituted. Therefore:

A. In the event that any prehistoric or historic subsurface cultural resources are discovered during ground disturbing activities, all work within 50 feet of the resources shall be halted and the project applicant and/or lead agency shall consult with a qualified archaeologist, historian or paleontologist to assess the significance of the find.

B. If any find is determined to be significant, representatives of the project proponent and/or lead agency and the qualified professional would meet to determine the appropriate avoidance measures or other appropriate measure, with the ultimate determination to be made by the City of Berkeley. All significant cultural materials recovered shall be subject to scientific analysis, professional museum curation, and/or a report prepared by the qualified professional according to current professional standards. There shall be no destructive or invasive testing on sacred items, burial goods and Native American human remains (invasive procedures include photography of cultural materials).

C. In considering any suggested measure proposed by the qualified professional, the project applicant shall determine whether avoidance is necessary or feasible in light of factors such as the uniqueness of the find, project design, costs, and other considerations.

D. If avoidance is unnecessary or infeasible, other appropriate measures (e.g., data recovery) shall be instituted. Work may proceed on other parts of the project site while mitigation measures for cultural resources is carried out.

E. If significant materials are recovered, the qualified professional shall prepare a report on the findings for submittal to the Northwest Information Center.

56. **Human Remains (*Ongoing throughout demolition, grading, and/or construction*).** In the event that human skeletal remains are uncovered at the project site during ground-disturbing activities, all work shall immediately halt and the Alameda County Coroner shall be contacted to evaluate the remains, and following the procedures and protocols pursuant to Section 15064.5 (e)(1) of the CEQA Guidelines. If the County Coroner determines that the remains are Native American, the City shall contact the California Native American Heritage Commission (NAHC), pursuant to subdivision (c) of Section 7050.5 of the Health and Safety Code, and all excavation and site preparation activities shall cease within a 50-foot radius of the find until appropriate arrangements are made. If the agencies determine that avoidance is not feasible, then an alternative plan shall be prepared with specific steps and timeframe required to resume construction activities. Monitoring, data recovery, determination of significance and avoidance measures (if applicable) shall be completed expeditiously.

57. **Paleontological Resources (*Ongoing throughout demolition, grading, and/or construction*).** In the event of an unanticipated discovery of a paleontological resource during construction, excavations within 50 feet of the find shall be temporarily halted or diverted until the discovery is examined by a qualified paleontologist (per Society of Vertebrate Paleontology standards [SVP 1995,1996]). The qualified paleontologist shall document the discovery as needed, evaluate the potential resource, and assess the significance of the find. The paleontologist shall notify the appropriate agencies to determine procedures that would be followed before construction is allowed to resume at the location of the find. If the City determines that avoidance is not feasible, the paleontologist shall prepare an excavation plan for mitigating the effect of the project on the qualities that make the resource important, and such plan shall be implemented. The plan shall be submitted to the City for review and approval.

58. **Halt Work/Unanticipated Discovery of Tribal Cultural Resources.** In the event that cultural resources of Native American origin are identified during construction, all work within 50 feet of the discovery shall be redirected. The project applicant and project construction contractor shall notify the City Planning Department within 24 hours. The City will again contact any tribes who have requested consultation under AB 52, as well as contact a qualified archaeologist, to evaluate the resources and situation and provide recommendations. If it is determined that the resource is a tribal cultural resource and thus significant under CEQA, a mitigation plan shall be prepared and implemented in accordance with State guidelines and in consultation with Native American groups. If the resource cannot be avoided, additional measures to avoid or reduce impacts to the resource and to address tribal concerns may be required.

59. **Stormwater Requirements.** The applicant shall demonstrate compliance with the requirements of the City's National Pollution Discharge Elimination System (NPDES) permit as described in BMC Section 17.20. The following conditions apply:

    A. The project plans shall identify and show site-specific Best Management Practices (BMPs) appropriate to activities conducted on-site to limit to the maximum extent practicable the discharge of pollutants to the City's storm drainage system, regardless of season or weather conditions.

B. Trash enclosures and/or recycling area(s) shall be covered; no other area shall drain onto this area. Drains in any wash or process area shall not discharge to the storm drain system; these drains should connect to the sanitary sewer. Applicant shall contact the City of Berkeley and EBMUD for specific connection and discharge requirements. Discharges to the sanitary sewer are subject to the review, approval and conditions of the City of Berkeley and EBMUD.

C. Landscaping shall be designed with efficient irrigation to reduce runoff, promote surface infiltration and minimize the use of fertilizers and pesticides that contribute to stormwater pollution. Where feasible, landscaping should be designed and operated to treat runoff. When and where possible, xeriscape and drought tolerant plants shall be incorporated into new development plans.

D. Design, location and maintenance requirements and schedules for any stormwater quality treatment structural controls shall be submitted to the Department of Public Works for review with respect to reasonable adequacy of the controls. The review does not relieve the property owner of the responsibility for complying with BMC Chapter 17.20 and future revisions to the City's overall stormwater quality ordinances. This review shall be shall be conducted prior to the issuance of a Building Permit.

E. All paved outdoor storage areas must be designed to reduce/limit the potential for runoff to contact pollutants.

F. All on-site storm drain inlets/catch basins must be cleaned at least once a year immediately prior to the rainy season. The property owner shall be responsible for all costs associated with proper operation and maintenance of all storm drainage facilities (pipelines, inlets, catch basins, outlets, etc.) associated with the project, unless the City accepts such facilities by Council action. Additional cleaning may be required by City of Berkeley Public Works Engineering Dept.

G. All private or public projects that create and/or replace 10,000 square feet or more of impervious surface must comply with Provision C.3 of the Alameda County NPDES permit and must incorporate stormwater controls to enhance water quality. Permit submittals shall include a Stormwater Requirement Checklist and detailed information showing how the proposed project will meet Provision C.3 stormwater requirements, including a) Site design measures to reduce impervious surfaces, promote infiltration, and reduce water quality impacts; b) Source Control Measures to keep pollutants out of stormwater runoff; c) Stormwater treatment measures that are hydraulically sized to remove pollutants from stormwater; d) an O & M (Operations and Maintenance) agreement for all stormwater treatment devices and installations; and e) Engineering calculations for all stormwater devices (both mechanical and biological). (Project required to meet applicable code at time of building permit application, if different from above.)

H. All on-site storm drain inlets must be labeled “No Dumping – Drains to Bay” or equivalent using methods approved by the City.

I. Most washing and/or steam cleaning must be done at an appropriately equipped facility that drains to the sanitary sewer. Any outdoor washing or pressure washing must be managed in such a way that there is no discharge or soaps or other pollutants to the storm drain. Sanitary connections are subject to the review, approval and conditions of the sanitary district with jurisdiction for receiving the discharge.

J. All loading areas must be designated to minimize "run-on" or runoff from the area. Accumulated waste water that may contribute to the pollution of stormwater must be drained to the sanitary sewer or intercepted and pretreated prior to discharge to the storm drain system. The property owner shall ensure that BMPs are implemented to prevent potential stormwater pollution. These BMPs shall include, but are not limited to, a regular program of sweeping, litter control and spill cleanup.

K. Restaurants, where deemed appropriate, must be designed with a contained area for cleaning mats, equipment and containers. This contained wash area shall be covered or designed to prevent run-on or run-off from the area. The area shall not discharge to the storm drains; wash waters should drain to the sanitary sewer, or collected for ultimate disposal to the sanitary sewer. Employees shall be instructed and signs posted indicating that all washing activities shall be conducted in this area. Sanitary connections are subject to the review, approval and conditions of the waste water treatment plant receiving the discharge.

L. Sidewalks and parking lots shall be swept regularly to prevent the accumulation of litter and debris. If pressure washed, debris must be trapped and collected to prevent entry to the storm drain system. If any cleaning agent or degreaser is used, wash water shall not discharge to the storm drains; wash waters should be collected and discharged to the sanitary sewer. Discharges to the sanitary sewer are subject to the review, approval and conditions of the sanitary district with jurisdiction for receiving the discharge.

M. The applicant is responsible for ensuring that all contractors and sub-contractors are aware of and implement all stormwater quality control measures. Failure to comply with the approved construction BMPs shall result in the issuance of correction notices, citations, or a project stop work order.

60. **Public Works.** Subject to approval of the Public Works Department, the applicant shall repair any damage to public streets and/or sidewalks by construction vehicles traveling to or from the project site.

61. **Public Works.** All piles of debris, soil, sand, or other loose materials shall be covered at night and during rainy weather with plastic at least one-eighth millimeter thick and secured to the ground.

62. **Public Works.** The applicant shall ensure that all excavation accounts for surface and subsurface waters and underground streams so as not to adversely affect adjacent properties and rights-of-way.

63. **Public Works.** The project sponsor shall maintain sandbags or other devices around the site perimeter during the rainy season to prevent on-site soils from being washed off-site and into the storm drain system. The project sponsor shall comply with all City ordinances regarding construction and grading.

64. **Public Works.** Prior to any excavation, grading, clearing, or other activities involving soil disturbance during the rainy season the applicant shall obtain approval of an erosion prevention plan by the Building and Safety Division and the Public Works Department. The applicant shall be responsible for following these and any other measures required by the Building and Safety Division and the Public Works Department.

65. **Public Works.** The removal or obstruction of any fire hydrant shall require the submission of a plan to the City's Public Works Department for the relocation of the fire hydrant during construction.

66. **Public Works / Building and Safety.** If underground utilities leading to adjacent properties are uncovered and/or broken, the contractor involved shall immediately notify the Public Works Department and the Building & Safety Division, and carry out any necessary corrective action to their satisfaction.

Prior to Final Inspection or Issuance of Occupancy Permit:

67. **Compliance with Conditions and Environmental Mitigations.** The project shall conform to the plans and statements in the Use Permit. The developer is responsible for providing sufficient evidence to demonstrate compliance with the requirements throughout the implementation of this Use Permit. Occupancy is subject to verification of compliance to the Mitigation Monitoring and Reporting Program.

68. All landscape, site and architectural improvements shall be completed per the attached approved drawings dated **December 8, 2023**.

69. **Number of Below Market Rate Units.** Should the Applicant elect to provide BMR units prior to receiving a building permit for the Project, they are entitled to eliminate or receive a proportional reduction in the AHMF consistent with BMC Section 22.20.065. The BMR Units shall be designated in the Regulatory Agreement; comply with the City's BMR administrative guidelines; shall be reasonably dispersed throughout the project; be of the same size and contain, on average, the same number of bedrooms as the non-BMR units in the project; and be comparable with the design or use of non-BMR units in terms of appearance, materials and finish quality. The designation of BMR Units shall conform to the addresses assigned to the building by the City. Any additional BMR units the applicant may choose to provide must also conform with these conditions.

70. **Transportation Demand Management.** Prior to issuance of a Certificate of Occupancy, the property owner shall facilitate a site inspection by Land Use Division staff to confirm that the physical improvements required in BMC Section 23.322.060 have been installed. A Parking and Transportation Demand Management (PTDM) compliance report documenting that the programmatic measures required in BMC Section 23.322.060 are implemented shall be submitted to the Land Use Division prior to occupancy, and on an annual basis thereafter, which demonstrates that the project is compliant with the applicable requirements in this section:

A. For new structures or additions over 20,000 square feet, the property owner shall provide transportation benefits at no cost to every employee, residential unit, and/or group living accommodation resident, one pass for unlimited local bus transit service; or (subject to the review and approval of the Zoning Officer in consultation with the Transportation Division) a functionally equivalent transit benefit in an amount at least equal to the price of a non-discounted adult monthly local bus pass. A notice describing these transportation benefits shall be posted in a location or locations visible to all employee and residents.

71. **Green Building Certification.** The applicant shall submit updated documentation demonstrating that the building will attain LEED Gold or higher, or attain a building performance equivalent to this rating that has been approved by the Zoning Officer for this project. Documentation expected at this stage includes proof of submission of the final application materials and payment of the certification fee. If this submission has not yet occurred, a detailed explanation and timeline indicating when it will it happen must be submitted to the Zoning Officer for review and approval. Once awarded by the organization administering the green building certification system, the applicant shall forward a copy of the certification award to the Zoning Officer.

At All Times:

72. **Compliance with Approved Plan.** The project shall conform to the plans and statements in the Use Permit.
73. **Exterior Lighting.** All exterior lighting shall be energy efficient where feasible; and shielded and directed downward and away from property lines to prevent excessive glare beyond the subject property.
74. **Rooftop Projections.** No additional rooftop or elevator equipment shall be added to exceed the approved maximum roof height without submission of an application for a Use Permit Modification, subject to Board review and approval.
75. **Design Review.** Signage and any other exterior modifications, including but not limited to landscaping and lighting, shall be subject to Design Review approval.
76. **Drainage Patterns.** The applicant shall establish and maintain drainage patterns that do not adversely affect adjacent properties and rights-of-way. Drainage plans shall be submitted for approval of the Building & Safety Division and Public Works Department, if required.
77. **Electrical Meter.** Only one electrical meter fixture may be installed per dwelling unit.
78. **Loading.** All loading/unloading activities associated with deliveries to all uses shall be restricted to the hours of 7:00 a.m. to 10:00 p.m. daily.
79. **Residential Permit Parking.** No Residential Permit Parking (RPP) permits shall be issued to project residents, nor shall commercial placards be issued to non-residential occupants and/or users of the site. The Finance Department, Customer Service Center shall add these addresses to the list of addresses ineligible for RPP permits. The property owner shall notify all tenants of rental units, and/or buyers of condominium units, of this restriction in leases and/or contracts.
80. **Required Bike Parking.** Secure and on-site bike parking for a minimum of 72 bicycles shall be provided for the life of the building.

81. **Nonresidential Electric Vehicle (EV) Charging.** Required Level 2 charging stations and DC Fast Charge stations, as specified by the Berkeley Green Code (BMC Chapter 19.37) shall be maintained in *good working condition and made available for building occupant and/or visitor* use. (Project required to meet applicable code at time of building permit application, if different from above.)

82. **Tenant Notification.** The developer shall provide tenant notification, via a lease rider or deed covenant, that each dwelling unit is located in a mixed-use area that includes commercial, food service, and entertainment uses, and that each occupant shall not seek to impede their lawful operation.

83. **Guaranteed Ride Home.** If qualifying for participation in the Alameda County Guaranteed Ride Home program (or successor program), shall participate in the "Guarantee Ride Home" program to reduce employee single occupant vehicle trips by providing alternate means of leaving work in an emergency. Enrollment shall be encouraged by providing Guarantee Ride Home information to all employees. An affidavit/statement indicating number of participating employees shall be provided annually to the Transportation Division Manager

84. **Transit Subsidy Condition.** If 10 or more employees, the business operator shall reimburse employees the maximum non-taxable cost of commuting to and from work on public transportation (e.g., monthly passes) if they so commute, and a notice informing employees of the availability of such subsidy shall be permanently displayed in the employee area as per BMC Chapter 9.88.

LEGAL DESCRIPTION

THE LAND REFERRED TO IN THIS REPORT IS SITUATED IN THE COUNTY OF ALAMEDA, CITY OF BERKELEY, STATE OF CALIFORNIA AND IS DESCRIBED AS FOLLOWS:

PARCEL ONE:

BEGINNING AT A POINT ON THE WESTERN LINE OF SHATTUCK AVENUE, DISTANT THEREON NORTH 5° 17' 30" WEST 136.00 FEET FROM THE INTERSECTION THEREOF WITH THE NORTHERN LINE OF BANCROFT WAY, AS SAID WAY AND AVENUE ARE SHOWN ON THE MAP HEREINAFTER REFERRED TO; RUNNING THENCE SOUTH 5° 17' 30" EAST ALONG SAID LINE OF SHATTUCK AVENUE, 36.00 FEET; THENCE SOUTH 80° 39' WEST 113.14 FEET; THENCE SOUTH 9° 30' EAST 100.03 FEET TO THE SAID NORTHERN LINE OF BANCROFT WAY; THENCE SOUTH 80° 30' WEST ALONG SAID LINE OF BANCROFT WAY 70.00 FEET; THENCE NORTH 9° 30' WEST 168.64 FEET; THENCE NORTH 80° 30' EAST 13.10 FEET TO THE CORNER COMMON TO LOT 3 AND 22, BLOCK 6 AS PER MAP HEREINAFTER REFERRED TO; THENCE NORTH 81° 32' 30" EAST 61.91 FEET; THENCE SOUTH 9° 30' EAST 31.88 FEET; THENCE NORTH 80° 30' EAST 105.78 FEET TO THE POINT OF BEGINNING.

BEING A PORTION OF LOTS 4 AND 22, BLOCK 6, MAP ENTITLED, "SHATTUCK TRACT MAP NO. 2", FILED JULY 24, 1900, MAP BOOK 16, AT PAGE 10, ALAMEDA COUNTY RECORDS.

PARCEL ONE-A:

AN EASEMENT FOR INGRESS AND EGRESS AND FOR LIGHT AND AIR AS GRANTED IN THE DEED TO UNITED ARTISTS THEATRES OF CALIFORNIA, LTD., A CORPORATION, RECORDED MAY 5, 1931, BOOK 2616, AT PAGE 56, ALAMEDA COUNTY RECORDS, DESCRIBED AS FOLLOWS:

BEGINNING AT A POINT ON THE NORTHERN LINE OF BANCROFT WAY, DISTANT THEREON SOUTH 80° 30' WEST 85.8 FEET FROM THE INTERSECTION THEREOF WITH THE WESTERN LINE OF SHATTUCK AVENUE, AS SAID AVENUE AND WAY ARE SHOWN ON THE MAP HEREINAFTER REFERRED TO; RUNNING THENCE SOUTH 80° 30' WEST 10.00 FEET; THENCE NORTH 9° 30' WEST 100.03 FEET; THENCE NORTH 80° 30' EAST 10.00 FEET; THENCE SOUTH 9° 30' EAST 100.00 FEET TO THE POINT OF BEGINNING.

BEING A PORTION OF LOT 22, BLOCK 6, "SHATTUCK TRACT, MAP NO. 2", FILED JULY 24, 1900, MAP BOOK 16, AT PAGE 10, ALAMEDA COUNTY RECORDS.

SAID EASEMENT TO BE APPURTENANT TO PARCEL ONE HEREIN ABOVE DESCRIBED.

PARCEL TWO:

BEGINNING AT A POINT ON THE NORTHERN LINE OF BANCROFT WAY, DISTANT THEREON WESTERLY 210.20 FEET FROM THE INTERSECTION THEREOF WITH THE LINE OF SHATTUCK AVENUE, AS SAID WAY AND AVENUE ARE SHOWN ON THE MAP HEREINAFTER REFERRED TO; RUNNING THENCE NORTHERLY AT RIGHT ANGLES TO SAID LINE OF BANCROFT WAY 134.64 FEET; THENCE AT RIGHT ANGLES EASTERLY 2.56 FEET TO THE WESTERN BOUNDARY LINE OF LOT 4, BLOCK 6, AS PER MAP HEREINAFTER REFERRED TO; THENCE AT RIGHT ANGLES NORTHERLY ALONG SAID WESTERN BOUNDARY LINE OF SAID LOT 4, 34.00 FEET; THENCE AT RIGHT ANGLES WESTERLY 31.90 FEET TO THE WESTERN LINE OF THE PROPERTY CONVEYED TO UNITED ARTISTS THEATRES OF CALIFORNIA, LTD., A CORPORATION BY DEED RECORDED MAY 5, 1931, BOOK 2616, AT PAGE 56, ALAMEDA COUNTY RECORDS; THENCE SOUTH 9° 30' EAST 168.64 FEET TO THE NORTHERN LINE OF BANCROFT WAY; THENCE WESTERLY ALONG SAID LINE OF BANCROFT WAY 34.40 FEET TO THE POINT OF BEGINNING.

BEING A PORTION OF LOTS 4 AND 22, BLOCK 6, SHATTUCK TRACT MAP NO. 2, FILED JULY 24, 1900, MAP BOOK 16, AT PAGE 10, ALAMEDA COUNTY RECORDS.

PARCEL THREE:

COMMENCING AT THE NORTHWESTERN CORNER OF THAT CERTAIN PARCEL OF LAND CONVEYED BY ELLEN G. MORSE TO HOMESTEAD LOAN ASSOCIATION OF BERKELEY, A CORPORATION BY DEED DATED MAY 8, 1905, RECORDED IN BOOK 1063 OF DEEDS, AT PAGE 20, ALAMEDA COUNTY RECORDS; THENCE SOUTH 9° 30' EAST ALONG THE WESTERN BOUNDARY LINE THEREOF 31.80 FEET TO THE SOUTHWESTERN CORNER THEREOF, SAID CORNER BEING ON THE BOUNDARY LINE OF THAT CERTAIN PARCEL OF LAND CONVEYED BY A. D. DONOGH AND MARION E. DONOGH, HIS WIFE TO UNITED ARTISTS THEATRES OF CALIFORNIA, LTD., A CORPORATION, BY DEED DATED APRIL 16, 1931, RECORDED IN BOOK 2616, PAGE 56, ALAMEDA COUNTY RECORDS; THENCE ALONG LAST SAID BOUNDARY LINE SOUTH 80° 30' WEST 5.78 FEET TO A CORNER THEREOF; THENCE NORTHERLY ALONG LAST SAID BOUNDARY LINE NORTH 9° 30' WEST 31.88 FEET TO A CORNER THEREOF ON LINE OF LOT 22, BLOCK 6, AS PER MAP HEREINAFTER REFERRED TO; THENCE EASTERLY ALONG THE NORTHERLY LINE OF SAID LOT 22, 5.76 FEET TO THE POINT OF BEGINNING.

BEING A PORTION OF LOT 22, BLOCK 6, SHATTUCK TRACT NO. 2, FILED JULY 24, 1900, MAP BOOK 16, AT PAGE 10, ALAMEDA COUNTY RECORDS.

APN: 057-2028-003

TABLE A NOTES

1. FOUND MONUMENTS ARE SHOWN ON THIS SHEET OF THE SURVEY.
2. THE STREET ADDRESS OF THE PROPERTY IS 2274 SHATTUCK AVENUE, BERKELEY, CA 94704
3. FLOOD ZONE DESIGNATION: THE PREMISES ARE LOCATED IN ZONE "X" (NON-SHADED) DEFINED AS "AREAS OF MINIMAL FLOOD," PER FLOOD INSURANCE RATE MAP COMMUNITY PANEL NO. 06001C0057G, EFFECTIVE DATE: AUGUST 3, 2009.
4. THE TOTAL GROSS LAND AREA IS: 22,112 SQUARE FEET +/- OR 0.508 ACRES MORE OR LESS.
6. (A/B) ZONING REQUIREMENTS: PER THE CITY OF BERKELEY PLANNING AND ZONING DEPARTMENT, THE PROPERTY IS ZONED "C-DMU" DEFINED AS "DOWNTOWN MIXED-USE DISTRICT."

   REFERENCE FOR "C-DMU" ZONING IS MADE HERE TO THE CITY OF BERKELEY CODE, CHAPTER 23.204.130, REGARDING PROPERTY DEVELOPMENT STANDARDS; MINIMUM SETBACKS, BUILDING HEIGHT LIMITATION, AND PARKING REQUIREMENTS ARE AS FOLLOWS:

   SETBACKS
   MINIMUM FRONT: 0 FEET
   MINIMUM INTERIOR SIDE: 0 FEET
   MINIMUM STREET SIDE: 0 FEET
   MINIMUM REAR: 0 FEET

   MAXIMUM HEIGHT: 60 FEET, 75 FEET WITH USE PERMIT

   MINIMUM PARKING REQUIREMENTS: NONE REQUIRED
7. (A/B1/C) EXTERIOR DIMENSIONS AND SQUARE FOOTAGE OF BUILDING AT GROUND LEVEL, AND NUMBER OF STORIES ARE SHOWN ON SHEET 2 OF THE SURVEY.
8. SUBSTANTIAL IMPROVEMENTS OBSERVED IN THE PROCESS OF CONDUCTING THE SURVEY ARE SHOWN.
9. THERE ARE NO PARKING SPACES LOCATED ON THE SUBJECT PROPERTY.
10. THERE ARE NO DIVISIONS OR PARTY WALLS LOCATED ON THE SUBJECT PROPERTY WITH RESPECT TO ADJOINING PROPERTIES.
11. (A) LOCATION OF UTILITIES EXISTING ON OR SERVING THE SURVEYED PROPERTY AS DETERMINED BY OBSERVED EVIDENCE TOGETHER WITH EVIDENCE FROM PLAN OBTAINED FROM UTILITY COMPANIES OR PROVIDED BY CLIENT ARE SHOWN ON SHEET 2.
12. GOVERNMENTAL AGENCY SURVEY-RELATED REQUIREMENTS ARE SHOWN.
13. NAMES OF ADJOINING OWNERS OF PLATTED LANDS ARE SHOWN ON THIS SHEET OF THE SURVEY.
14. DISTANCE TO THE NEAREST INTERSECTING STREET IS SHOWN ON THIS SHEET OF THE SURVEY.
16. THERE IS NO OBSERVABLE EVIDENCE OF CURRENT EARTH MOVING WORK, BUILDING CONSTRUCTION OR BUILDING ADDITIONS.
17. THERE IS NO OBSERVED EVIDENCE OF RECENT STREET OR SIDEWALK CONSTRUCTION OR REPAIRS.
18. THERE ARE NO OFFSITE EASEMENTS TO THE SUBJECT PROPERTY.
19. PROFESSIONAL LIABILITY INSURANCE IN THE AMOUNT OF $2,000,000 IS HELD BY THE SURVEYOR.

GENERAL PLANTING AND IRRIGATION NOTES

1. LANDSCAPE AND IRRIGATION PLANS SHALL COMPLY WITH THE CRITERIA OF THE CALIFORNIA MODEL WATER EFFICIENCY ORDINANCE AND APPLY THOSE CRITERIA FOR THE EFFICIENT USE OF WATER IN THE LANDSCAPE DESIGN PLAN.

2. LANDSCAPE AND IRRIGATION PLANS SHALL COMPLY WITH ALL APPLICABLE CITY CODES AND ORDINANCES.

3. ALL PLANTING AREAS SHALL BE TOP-DRESSED WITH A 3" LAYER OF ORGANIC, UN- DYED MULCH RECYCLED FROM LOCAL ORGANIC MATERIALS SUCH AS TREE TRIMMINGS, PLANT, OR CLEAN WOOD WASTE. COMPOST APPLICATION TO ACHIEVE A MINIMUM OF 6% ORGANIC MATTER IN SOIL COMPOSITION BASED ON MWELO SPECIFIED SOIL ANALYSIS RESULS FOR THE SITE SOIL PER [CGBSC 4.304].

4. 50% OF ALL SHRUBS AND GROUNDCOVER SHALL BE A MINIMUM OF 5-GALLON SIZE OR LARGER.

5. IRRIGATION SYSTEM IS TO BE A FULLY AUTOMATIC WEATHER-BASED SYSTEM USING LOW FLOW DRIP AND BUBBLER SYSTEM.

6. STREET TREES SHALL BE TIED INTO IRRIGATION SYSTEM.

7. 75% OF ALL PLANTS PROPOSED ARE NATIVE AND WILD-LIFE SUPPORTING.

8. PLANT SELECTION AND DESIGN TO COMPLY WITH BAY-AREA FRIENDLY BASICS LANDSCAPE CHECKLIST.

IRRIGATION SYSTEM DESIGN INTENT

1. THIS PLAN SHALL COMPLY WITH THE REQUIREMENTS OF THE STATE OF CALIFORNIA'S MODEL WATER EFFICIENT LANDSCAPE ORDINANCE (MWELO), CITY OF BERKELEY, AND EAST BAY MUNICIPAL UTILITY DISTRICT (EBMUD) WATER DISTRICT.

2. THE IRRIGATION SYSTEM SHALL BE DESIGNED TO PROVIDE THE MINIMUM AMOUNT OF WATER NECESSARY TO SUSTAIN GOOD PLANT HEALTH.

3. THE IRRIGATION SYSTEM IS TO BE A FULLY AUTOMATIC, WEATHER-BASED SYSTEM USING RAIN SENSOR, LOW FLOW DRIP, BUBBLER DISTRIBUTION, AND ROTOR WITH MATCHED PRECIPITATION RATE NOZZLES DESIGNED FOR HEAD-TO-HEAD COVERAGE.

4. ALL SELECTED COMPONENTS SHALL BE PERMANENT, COMMERCIAL GRADE, SELECTED FOR DURABILITY, VANDAL RESISTANCE AND MINIMUM MAINTENANCE REQUIREMENT, INSTALLED BELOW-GRADE, AND DESIGNED FOR 100% COVERAGE.

5. THE SYSTEM SHALL INCLUDE A MASTER CONTROL VALVE, RAIN SENSOR AND FLOW SENSING CAPABILITY CONNECTED TO THE IRRIGATION CONTROLLER WHICH WILL SHUT DOWN ALL OR PART OF THE SYSTEM IF LEAKS ARE DETECTED.

6. THE IRRIGATION SYSTEM SHALL BE DESIGNED TO DELIVER WATER TO HYDROZONES BASED ON MOISTURE REQUIREMENTS OF THE PLANT GROUPING.

7. COLOR CODED HYDROZONE LANDSACPING HYDROZONE MAP WITH GROUPING AND COLLOCATING PLANTING MATERIAS BY WUCOLS WATER USE CATEGORY VL, L, M, OR H, PER [CGBSC 4.304}, TO BE PROVIDED IN PERMIT DRAWINGS.

8. RAIN SENSOR AND CONTROLLER LOCATION TO BE PROVIDED IN PERMIT DRAWINGS.

LANDSCAPE AREA CALCULATION:

	LANDSCAPE AREA
LEVEL 1:	2,559 SF
ROOF LEVEL:	1,525 SF
TOTAL:	4,084 SF (69%)

STORMWATER TREATMENT AREA:

REQUIRED STORMWATER TREATMENT AREA= 4% OF THE ROOF AREA (16810 SF) = 672 SF

PROPOSED STORMWATER TREATMENT AREA= 762 SF

BIKE PARKING CALCULATIONS:

(1) COMMERCIAL BIKE PARKING STALL

(16) SHORT TERM RESIDENTIAL BIKE PARKING STALLS

TOTAL SHORT TERM BIKE PARKING STALLS REQUIRED: 17 STALLS
TOTAL SHORT TERM BIKE PARKING STALLS PROVIDED: 18 STALLS (9 BIKE RACKS)

Re: 2274 Shattuck Avenue – AB 1633 Notice of CEQA Exemption

Dear Ms. Gong:

As you know, our office represents the applicant team for the proposed mixed-use project at 2274 Shattuck Avenue ("Project"). In accordance with Assembly Bill 1633 ("AB 1633"),[1] we request that the City find the Project exempt from review under the California Environmental Quality Act ("CEQA") pursuant to the "Class 32" exemption for Infill Development Projects,[2] as well as the "Class 31" exemption for Historical Resource Restoration/Rehabilitation.[3]

Substantial evidence supports the application of both the Class 32 and Class 31 exemptions for this Project, as documented in the technical reports submitted with the Project application and concurrently with this letter. Moreover, substantial evidence supports that no exceptions to the exemptions apply.[4] We therefore request that the City find the Project exempt from CEQA under Class 32 as well as Class 31, as those exemptions are now mandated by the Housing Accountability Act ("HAA"),[5] within the next 90 days.

AB 1633 makes CEQA exemptions mandatory under the Housing Accountability Act for eligible high-density infill residential projects.

AB 1633 amended the HAA as of January 1, 2024, to require that cities find certain high-density infill residential projects, such as this Project, exempt from CEQA. AB 1633 redefines an unlawful disapproval of a housing development project under the HAA (for eligible projects) to now include "*any* instance in which a local agency… fails to make a determination of whether the project is exempt from [CEQA] or commits an abuse of discretion as defined in [the HAA]."[6]

[1] Gov. Code § 65589.5
[2] 14 Cal. Code Reg. § 15332
[3] 14 Cal. Code Reg. § 15331
[4] 14 Cal. Code Reg. § 15300.2(c) and (f)
[5] Gov. Code § 65589.5(h)(6)(D)
[6] *Id.*

AB 1633 also amended the HAA to include a new statutory definition of "abuse of discretion" as follows: "'abuse of discretion' means the conditions set forth [by AB 1633] are satisfied, but the local agency does not determine that the project is exempt from [CEQA]."[7] The legislature therefore expressly modified the standard of review under CEQA to *require that* cities find eligible, high-density infill residential projects such as this one exempt in *any* instance in which there is substantial evidence to support a CEQA exemption and lack of exception.[8] As a result, an unlawful denial or abuse of discretion now occurs, for eligible high-density infill residential projects, if (1) an applicant provides substantial evidence that the project is eligible for a CEQA exemption and there are no exceptions to the exemption, but (2) the agency fails to find the project exempt.[9] The legislature therefore revised the substantial evidence standard to establish that an HAA violation occurs if a city fails to make a *mandatory* AB 1633/CEQA exemption finding for eligible infill projects.

AB 1633 requires that the City find this Project exempt within 90 days.

By rewriting the substantial evidence standard to favor housing production, the legislature intended that AB 1633 CEQA exemption findings be made promptly – i.e., within 90 days after the submission of this notice.[10] The HAA allows cities to extend the 90-day deadline by an additional 90 days. An extension, however, is only authorized if "necessary to determine if there is substantial evidence in the record that the housing development project is eligible for the exemption."[11] In this case, the applicant has provided all of the reports and studies needed to support the exemption. The reports submitted concurrently with this letter constitute substantial evidence to support all of the necessary findings for the Class 32 and Class 31 CEQA exemptions. As such, there is no legal basis or need for the City to peer review or provide additional studies to document the Class 32 and Class 31 CEQA exemptions for this Project.

The applicant therefore requests that the City promptly find that the Project is exempt under both the Class 31 and Class 32 CEQA exemptions, and that no exceptions to these exemptions apply. We request that this decision be made within the next 30-60 days but in no case should the determination require more than 90 days for this Project.

This Project meets all of the requirements for a mandatory Class 32 CEQA exemption.

Project Description

Trachtenberg Architects is the applicant for this Project, which proposes to construct a 214,082 square-foot mixed-use project at 2274 Shattuck Avenue, at the corner of Shattuck Avenue and Bancroft Way. The project sponsor is 2274 Shattuck QOZB, LLC (Panoramic Interests). The Project is located on the east side of Shattuck Avenue, with frontage on Shattuck Avenue and the north side Bancroft Way. The Project entails renovation of the commercial frontage on Shattuck Avenue, and renovations to the interior foyer and lobby, with a café and repurposed commercial space that celebrates the site's prior use as a theater. The ground floor and roof will include open space and other amenities for Project residents. The subdivided theater space will be demolished to facilitate the construction of 227 housing units. The units will be diverse in

[7] Gov. Code § 65589.5(h)(6)(D)(ii)(I)
[8] Gov. Code § 65589.5(h)(6)(D)(i)(IV)
[9] Gov. Code § 65589.5(h)(6)(D)(i)(IV)
[10] Gov. Code § 65589.5(h)(6)(D)(i)(V)(ia)
[11] *Id.* subd. (h)(6)(D)(i)(V)(ic)

size, consisting of 32 studios, 49 two-bedrooms, 80 three-bedrooms, and 66 four-bedrooms. In accordance with state density bonus law, 23 of those units will be reserved for very-low income households earning no more than 50% of the area median income (AMI) for Alameda County.

The following reports support the findings for the Class 32 CEQA exemption: (1) Traffic Impact Analysis, 2274 Shattuck Avenue Project, Abrams Associates, dated August 9, 2023 (**Attachment 1**); (2) 2274 Shattuck Avenue Historic Resources Evaluation Memorandum, West Coast Architectural History, dated December 7, 2023 (**Attachment 2**); (3) 2274 Shattuck Avenue Project Impacts Analysis Memorandum, Left Coast Architectural History, dated March 1, 2024 (**Attachment 3**); (4) Air Quality Impacts Analysis for the 2274 Shattuck Avenue Mixed Use Project in Berkeley, California, FirstCarbon Solutions, dated March 1, 2024 (**Attachment 4**); (5) Noise Impact Analysis for the 2274 Shattuck Avenue Mixed Use Project in Berkeley, California, FirstCarbon Solutions, dated March 1, 2024 (**Attachment 5**), and (6) Water Quality Impact Analysis for the 2274 Shattuck Avenue Mixed Use Project in Berkeley, California, FirstCarbon Solutions, dated March 1, 2024 (**Attachment 6**). The Historic Resources Evaluation and Project Impact Analysis also support the findings for the Class 31 CEQA exemption.

AB 1633 Eligibility Criteria

The HAA requires the Project to meet the following criteria in order to qualify for a mandatory CEQA exemption:

1. The Project cannot be on an environmentally sensitive site or a site subject to certain environmental hazards;

2. The Project must be on a legal parcel, in an urbanized area that is also a transit priority area, low vehicle miles traveled area, or amenity-rich area;

3. The density of the housing development project must meet or exceed 15 dwelling units per acre; and

4. There must be substantial evidence in the record that the Project qualifies for an exemption and is not subject to any exceptions.

As detailed below, the Project satisfies each criterion and is therefore subject to a mandatory Class 32 CEQA exemption under AB 1633. In other words, this Project meets all requirements imposed by the state legislature to facilitate expedited review under the HAA for high-density residential infill projects. The applicable findings, backed by substantial evidence as detailed below, demonstrate that this Project is categorically exempt under CEQA, and that a decision to the contrary would constitute an unlawful denial under the HAA.[12]

1. The Project is not located on an environmentally sensitive site and it is not subject to certain environmental hazards.

AB 1633 requires the Project to not be located on any site that is environmentally sensitive, subject to certain environmental hazards, or within a very high fire hazard severity zone.[13] The following environmentally sensitive sites and hazards must be avoided: (A) coastal zones;

[12] Gov. Code § 65589.5(h)(6)(D)(i)
[13] *See* Gov. Code § 65589.5(h)(6)(D)(i)(I), citing Gov. Code § 65913.4(a)(6)(A)-(C) and (E)-(K)

(B) prime farmland; (C) wetlands; (D) hazardous waste sites; (E) earthquake fault zones; (F) flood hazard areas; (G) regulatory floodways; (H) conservation lands; (I) habitat for protected species; (J) conservation easements; and (K) very-high fire severity zones. As detailed below, the Project site does not contain any of these characteristics.

A. The Project is not in the Coastal Zone.

AB 1633 applies to projects that are generally not located in an area of the Coastal Zone.[14] The "Coastal Zone" is the land and water area along the entire the California Coast that generally extends 1,000 yards from the mean high tide line of the sea, and is identified on a detailed map adopted by the Coastal Commission.[15] The City of Berkely is not within the Coastal Zone, as documented in **Attachment 7** attached to this letter.

B. The Project is not located on prime farmland.

AB 1633 applies to projects that are not (i) located on prime farmland or farmland of statewide importance, as defined by the United States Department of Agriculture and designated on the maps prepared by the Farmland Mapping and Monitoring Program of the Department of Conservation, or (ii) zoned or designated for agricultural protection or preservation by a local ballot measure that was approved by the voters of that jurisdiction.[16] It should be abundantly clear that the existing site is not located on prime farmland or farmland of statewide importance, and is not otherwise zoned for agricultural protection. Substantial evidence to support this finding is provided by reference to the Department of Conservation's Important Farmland Finder Map, where the Project site is identified as Urban and Built Up Land. (See **Attachment 7**).[17]

C. The Project site is not located in a wetland.

AB 1633 applies to projects that are not located on federally designated wetlands.[18] The Project site is an infill, urbanized location that has no water features. Accordingly, the U.S. Fish & Wildlife Service has determined the site does not contain any potential for wetlands or aquatic resources.(See National Wetlands Inventory in **Attachment 7**).[19]

[14] *See*, e.g., Gov. Code, §§ 65913.4(a)(6)(A)(ii) ["An area of the coastal zone that is not subject to a certified local coastal program or certified land use plan."]; 65913.4(a)(6)(A)(iv) ["In a parcel within the coastal zone that is not zoned for multifamily housing."]; 65589.5 (h)(6)(D)(i)(I)(ia); 65913.4(a)(6)(A).)
[15] Pub. Res. Code § 30103.
[16] Gov. Code, §§ 65589.5(h)(6)(D)(i)(I)(ia); 65913.4(a)(6)(B).
[17] California Department of Conservation, California Important Farmland Finder [https://maps.conservation.ca.gov/DLRP/CIFF/], last accessed on February 21, 2024
[18] Gov. Code, §§ 65589.5 (h)(6)(D)(i)(I)(ia); 65913.4(a)(6)(C)
[19] See U.S. Fish and Wildlife Service, National Wetlands Inventory https://www.fws.gov/wetlands/, last accessed on February 21, 2024

D. The Project is not located on a hazardous waste site.

AB 1633 generally applies to projects that are not located on the "Cortese List" or on hazardous waste sites designated by the Department of Toxic Substances Control ("DTSC").[20] The Project site is not listed on either of these lists and is not located on a hazardous waste site.[21]

E. The Project is not located in a fault zone.

AB 1633 applies to projects that are not located "[w]ithin a delineated earthquake fault zone as determined by the State Geologist in any official maps published by the State Geologist, unless the development complies with applicable seismic protection building code standards adopted by the California Building Standards Commission under the California Building Standards Law.[22] The Project is not located within a delineated earthquake fault zone on an official map published by the United States Geologic Service ("USGS") (see **Attachment 7**).[23]

F. The Project is not located in a special flood hazard area or regulatory floodway.

AB 1633 applies to projects that are not located "[w]ithin a special flood hazard area subject to inundation by the 1 percent annual chance flood (100-year flood) as determined by the Federal Emergency Management Agency ("FEMA") in any official maps published by [FEMA],"[24] and to projects that are not located "[w]ithin a regulatory floodway as determined by [FEMA] in any official maps published by [FEMA]. The Project is not located in a special flood hazard area[25] or regulatory floodway[26] as determined by FEMA (see **Attachment 7**).

G. The Project site is not identified in a natural resource protection plan.

AB 1633 applies to projects that are not located on land identified for conservation in (i) an adopted natural community conservation plan under the California Fish and Game Code, (ii) a habitat conservation plan pursuant to the federal Endangered Species Act, or (iii) another adopted natural resource protection plan.[27] The Project is located on an urban, infill site in Downtown Berkeley. It is not located in an adopted natural community conservation plan,

[20] Gov. Code, §§ 65589.5 (h)(6)(D)(i)(I)(ia); 65913.4(a)(6)(E); 65962.5; Health and Safety Code § 78760. Note that certain sites on the Cortese List may still be eligible under AB 1633, however those provisions do not apply here as this site is not on the Cortese List.
[21] DTSC, Hazardous Waste and Substance Site List, https://www.envirostor.dtsc.ca.gov/public/search?cmd=search&reporttype=CORTESE&site_type=CSITES,FUDS&status=ACT,BKLG,COM&reporttitle=HAZARDOUS+WASTE+AND+SUBSTANCES+SITE+LIST+%28CORTESE%29, last accessed on February 21, 2024.) The Cortese list as of February 21, 2024, is incorporated by refence into the project's administrative record of proceeding

[23] See USGS, U.S. Quaternary Faults Map https://www.usgs.gov/programs/earthquake-hazards/faults, last accessed on February 21, 2024
[24] Gov. Code §§ 65589.5(h)(6)(D)(i)(I)(ia); 65913.4(a)(6)(G)
[25] See FEMA, National Flood Hazard Layer Viewer https://www.fema.gov/flood-maps/national-flood-hazard-layer, last accessed on February 21, 2024
[26] *Id.*
[27] Gov. Code §§ 65589.5 (h)(6)(D)(i)(I)(ia); 65913.4(a)(6)(I)

habitat conservation plan or any other adopted natural resource protection plan (see **Attachment 7**).[28]

H. The Project site is not habitat for protected species.

AB 1633 applies to projects that are not located on habitat for candidate, sensitive, or special status species as identified under the federal Endangered Species Act, the California Endangered Species Act, or the Native Plant Protection Act.[29] The Project site is located in the urban landscape of Downtown Berkeley and has no value as habitat for any listed species.

I. The Project site is not under a conservation easement.

AB 1633 applies to projects that are not located on lands under conservation easement.[30] The Project site is in an entirely urbanized infill location, and accordingly is not encumbered by any conservation easement (see **Attachment 7**).[31]

J. The Project is not located in a Very High Fire Hazard Severity Zone.

AB 1633 applies to projects that are not located within a very high fire hazard severity zone, as determined by the Department of Forestry and Fire Protection, or within a high or very high fire hazard severity zone as indicated on maps adopted by the Department of Forestry and Fire Protection.[32] The Project is not located in a very high fire hazard severity zone (see **Attachment 7**).[33]

2. The Project is located on a legal parcel, in an urbanized area as defined by AB 1633.

AB 1633 applies to a housing development project "located on a legal parcel or parcels within an urbanized area" that meets at least one of the following criteria:

> (ia) The housing development project is located within one-half mile walking distance to either a high-quality transit corridor or a major transit stop;
>
> (ib) The housing development project is located in a very low vehicle travel area; or
>
> (ic) The housing development project is proximal to six or more of the following amenities pursuant to subclause (IV) of clause (ii) as of the date of submission of the project application:

[30] Gov. Code §§ 65589.5 (h)(6)(D)(i)(I)(ia); 65913.4(a)(6)(K)
[31] (See California Natural Resources Agency, California Conservation Easement Database [https://data.cnra.ca.gov/dataset/california-conservation-easement-database]; [https://databasin.org/datasets/65202ded0d40478a847f019630950570/], last accessed on February 21, 2024
[32] Gov. Code, § 65589.5(h)(6)(D)(i)(I)(ia)
[33] See Dept. of Forestry and Fire Protection https://osfm.fire.ca.gov/what-we-do/community-wildfire-preparedness-and-mitigation/fire-hazard-severity-zones/fire-hazard-severity-zones-maps, last accessed on February 21, 2024

(IV) “Proximal” to an amenity means either of the following:

(ia) Within one-half mile of either of the following amenities:

(Ia) A bus station.

(Ib) A ferry terminal.

(ib) Within two miles of any of the following amenities:

(Ia) A supermarket or grocery store.

(Ib) A public park.

(Ic) A community center.

(Id) A pharmacy or drugstore.

(Ie) A medical clinic or hospital.

(If) A public library.

(Ig) A school that maintains a kindergarten or any of grades 1 to 12, inclusive

(id) Parcels that are developed with urban uses adjoin at least 75 percent of the perimeter of the project site or at least three sides of a four-sided project site. For purposes of this clause, parcels that are only separated by a street or highway shall be considered to be adjoined.[34]

Although only required to meet one of the four "urbanized area" scenarios, the Project meets all four, as the Project is:

- Located within a transit priority area designated by the City of Berkeley, which means it is within 1/2-mile from a rail station and/or 1/4-mile from bus stops with service at least every 15 minutes. This is supported by the transit priority area map included in the City's VMT Criteria and Thresholds guidance, which establishes that the Project site is within 1/2-mile from a rail station or 1/4-mile from bus stops with service at least every 15 minutes. (See **Attachment 7**.)

- Located in a very low vehicle travel area. A “very low vehicle travel area” means an urbanized area, as designated by the United States Census Bureau, where the existing residential development generates vehicle miles traveled ("VMTs") per capita that is below 85 percent of either regional vehicle miles traveled per capita or city vehicle miles traveled per capita. (Gov. Code, § 659159(o)(9).) The City defines low-VMT areas based on the results of the Alameda County Transportation Commission model, and depicts these areas in the map included

[34] Gov. Code §65589.5 (h)(6)(D)(i)(II)

in Exhibit I. The areas shaded green are those identified as "Low VMT Areas," where "VMT per capita … is 15% lower than the baseline regional average."[35] The Project is located in a Low VMT Area (see **Attachment 7**).

- Located proximal to the following amenities:
  - Numerous bus stops;
  - Within one mile of a supermarket or grocery store (Trader Joe's);
  - Within one mile of a public park (Martin Luther King Jr. Civic Center Park and Ohlone Park);
  - Within one mile of a community center (Multicultural Community Center);
  - Within one mile of a pharmacy or drugstore (CVS pharmacy);
  - Within one mile of a public library (Berkeley Public Library);
  - Within one mile of a school that maintains a kindergarten or any of grades 1 to 12, inclusive (Washington Elementary School).
- Located in an urban area, on a property surrounded on all sides by urban uses.

The Project therefore meets all of the urbanized criteria for a mandatory CEQA exemption.

3. The Project's density qualifies under AB 1633.

AB 1633 applies to projects that meet or exceed 15 dwelling units per acre.[36] Here, the Project proposes 227 dwelling units on 0.51 acres, resulting in a density of more than 440 dwelling units per acre.

4. Substantial evidence establishes that the Project is exempt under Class 32 and Class 31, and there are no applicable exceptions.

A. Substantial evidence supports the Class 32 exemption.

The Class 32 exemption applies to infill development projects that are (a) consistent with the applicable general plan and zoning designation, (b) on a site smaller than five acres and substantially surrounded by urban uses with no potential value as habitat for endangered, rare or threatened species, and where (c) approval of the project would not result in any significant effects relating to traffic, noise, air quality or water quality, and (d) the site can be adequately served by all required utilities and public services.[37]

---

[35] City of Berkeley VMT Criteria and Thresholds, June 29, 2020, p. 7 and attachments https://berkeleyca.gov/sites/default/files/2022-02/VMT-Criteria-and-Thresholds.pdf, last accessed on February 21, 2024.
[36] Gov. Code § 65589.5(h)(6)(D)(i)(III)
[37] 14 Cal. Code Reg. § 15332

Here, the City has already conclusively established that the Project is consistent with the applicable general plan and zoning standards, given that no notice or other documentation was provided to the applicant within 30 days after the City deemed the zoning application complete.[38] The site is approximately one-half acre and, as noted above, has no potential habitat value.

The applicant submitted a traffic report with the zoning application to confirm that the Project meets the City's local VMT threshold and is screened from further review due to its location within a transit priority area. Concurrently submitted with this letter are additional reports confirming that the Project will not result in impacts related to air quality, noise and water quality.

B. Substantial evidence supports the Class 31 exemption.

While the Class 32 exemption is sufficient for clearing this Project from environmental review, the Class 31 exemption also applies here. Class 31 "consists of projects limited to maintenance, repair, stabilization, rehabilitation, restoration, preservation, conservation or reconstruction of historical resources in a manner consistent with the Secretary of the Interior's Standards for the Treatment of Historic Properties with Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing Historic Buildings."[39] The Historic Resources Evaluation recently conducted for the Project site, and submitted as part of the zoning application, establishes the remaining historical context of the Project site. The Project Impact Analysis (PIA) analyzes the Project in connection with the site's historical context and with the proposed Shattuck Avenue Downtown Historic District. The PIA concludes that the Project will not cause a significant impact on any historical resources. In connection with that finding, the PIA establishes that implementation of the Project will be consistent with the Secretary of Interior's Standards for Rehabilitation pursuant to the SOI Standards for the Treatment of Historic Properties with Guidelines for Preserving, Rehabilitating, Restoring, & Reconstructing Historic Buildings (1995, rev. 2017).

C. Substantial evidence supports the finding that no exceptions may be found to the Class 32 or Class 31 CEQA exemptions for this Project.

Under CEQA, an exception may prohibit the application of a categorical exemption if the Project (a) is located in an environmentally sensitive area; (b) causes cumulative impacts due to successive projects implemented of the same type, in the same place; (c) causes a significant impact due to unusual circumstances; (d) causes damage to scenic resources within a state scenic highway; (e) is on the "Cortese List" of hazardous sites; or (f) causes a substantial adverse change in the significance of a historical resource.[40]

None of these exceptions apply here. The Project is located in Downtown Berkeley, and does not contain environmentally sensitive features, as the building envelope is virtually coextensive with the entire parcel. There are no cumulative impacts resulting from the City's implementation of the Downtown Area Plan, which the City adopted for the purpose of *reducing* environmental impacts, such as vehicle-miles traveled, by locating higher density housing near high-quality public transit and near the University of California, Berkeley campus. There are no unusual circumstances associated with this Project, as it proposes a high-quality mixed-use development in the Downtown Berkeley core area, consistent with the goals of the Downtown

[38] Gov. Code § 65589.5(j)(2)(A)(i)
[39] 14 Cal. Code Reg. § 15331
[40] 14 Cal. Code Reg. § 15300.2

Area Plan. The site will cause no impacts to scenic resources within a state scenic highway (to the extent this criterion even applies after the enactment of SB 743), and the site is not located on the Cortese List. With regard to historical resources, the PIA submitted concurrently with this letter confirms that the Project will not have an impact on any mandatory or potential historical resources, and that implementation of the Project will be consistent with the SOI Standards for Rehabilitation. Given the project's eligibility for a Class 31 exemption, and the findings in the PIA, the Project cannot legally be deemed to have a significant impact on historical resources.

As a result, substantial evidence in the zoning application, materials submitted concurrently with this letter, and the record of proceedings as a whole supports the finding that there are no impacts to historical resources, unusual circumstances, nor any other exceptions that could apply to the Class 31 and Class 32 exemptions for this Project.

In summary, this Project meets all of the criteria under the HAA to qualify as an eligible high-density residential infill project subject to an expedited CEQA exemption under AB 1633.

Given the mandatory effect of the HAA as to this Project, the applicant requests that the City find that the Project is subject to the Class 32 and Class 31 CEQA exemptions and that there are no applicable exceptions to these exemptions. While up to 90 days may be allowed for this decision, the applicant respectfully requests that a decision be made sooner, if possible. As noted above, there is no basis that would justify the City in needing an additional 90 days to respond, given that there is no basis for seeking a peer review of the submitted studies, or preparing additional studies to support the Class 32 exemption.

Thank you for considering this request and please do not hesitate to contact me if you have any questions regarding the applicability of the mandatory Class 32 and Class 31 CEQA exemptions under AB 1633 for this Project.

Very truly yours,

Robin R. Baral
Senior Counsel

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
Aesthetics & Visual Quality			
DAP MM AES-1: Conduct Site-Specific Visual Analysis for Buildings Proposed Between Shattuck Avenue and Oxford Street. In order to reduce development-related impacts on existing views of the Berkeley Hills for observers traveling east along east-west streets in the Downtown Area, the City should require site-specific visual analysis for proposed buildings that have the potential to affect existing view corridors to determine the extent to which such structures may interfere with existing views of the Berkeley Hills, and should consider whether stepping back such buildings is feasible and would result in a substantial reduction in impact.	a) Has the project conducted site-specific visual analysis for buildings proposed between Shattuck Avenue and Oxford Street. In order to reduce development-related impacts on existing views of the Berkeley Hills for observers traveling east along east-west streets in the Downtown Area? b) Has the project considered whether stepping back such buildings is feasible and would result in a substantial reduction in impact?	CoB	P
DAP MM AES-2: Evaluate Shadow Effects for Proposed Structures near the Eastern Edge of the Downtown Area. The extent of the impact on the Crescent will depend on the location, height and bulk of structures to the southwest. While the impact may be significant, it is not possible to determine with any certainty the level of impact. Accordingly, all structures with a proposed height of 85 feet or more to be located within an area bounded by Addison Street on the north, Oxford Street on the east, Allston Way on the south, and Shattuck Avenue/Shattuck Square on the west shall be evaluated in a site-specific basis to determine the extent to which such buildings may cast shadows within the Crescent. Modifications to building heights, bulk or location should be considered as a way to reduce such shadowing.	a.) Has the proposed structure with a proposed height of 85 feet or more, located within an area bounded by Addison Street on the north, Oxford Street on the east, Allston Way on the south, and Shattuck Avenue/Shattuck Square on the west shall been evaluated in a site-specific basis to determine the extent to which such buildings may cast shadows within the Crescent? b) Have modifications to building heights, bulk or location been considered as a way to reduce such shadowing?	CoB	P
Air Quality			
DAP MM AIR-1: None listed in draft DAP	a) N/A	CoB	O
DAP MM AIR-2: Buffer Toxics Air Contaminants (TAC) and Odor Emission Sources and Sensitive Land Uses. Consider potential air pollution and odor impacts from future development that may emit pollution and/or odors when locating (a) air pollution sources, and (b) residential and other pollution-sensitive land users in the vicinity of air pollution sources (which may include areas where buses idle, diesel generators, parking garage vents, restaurants, and other similar uses). Buffer sensitive receptors from TACs whenever possible, and if buffering is not feasible, apply appropriate mitigation to reduce impacts to a less than significant level, such as air filtration systems or other technologies.	a) Has the project considered potential air pollution and odor impacts from future development that may emit pollution and/or odors when locating air pollution sources?. b) Has the project considered potential air pollution and odor impacts from future development that may emit pollution and/or odors when locating residential and other pollution-sensitive land users in the vicinity of air pollution sources (which may include areas where buses idle, diesel generators, parking garage vents, estaurants, and other similar uses)? c) If buffering is not feasible, have appropriate mitigation measures been incorporated into the project to reduce the impact on sensitive receptors?	CoB	P

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
DAP MM AIR-3: Implement BAAQMD Recommended Measures to Control PM10 Emissions during Construction. Measures to reduce diesel particulate matter and PM10 from construction are recommended to ensure that short-term health impacts to nearby sensitive receptors are avoided. Dust (PM10) Control Measures: • Water all active construction areas at least twice daily and more often during windy periods. Active areas adjacent to residences should be kept damp at all times. • Cover all hauling trucks or maintain at least two feet of freeboard. • Pave, apply water at least twice daily, or apply (non-toxic) soil stabilizers on all unpaved access roads, parking areas, and staging areas. • Sweep daily (with water sweepers) all paved access roads, parking areas, and staging areas and sweep streets daily (with water sweepers) if visible soil material is deposited onto the adjacent roads. • Hydroseed or apply (non-toxic) soil stabilizers to inactive construction areas (i.e., previously-graded areas that are inactive for 10 days or more). • Enclose, cover, water twice daily, or apply (non-toxic) soil binders to exposed stockpiles. • Limit traffic speeds on any unpaved roads to 15 mph. • Replant vegetation in disturbed areas as quickly as possible. • Suspend construction activities that cause visible dust plumes to extend beyond the construction site. Measures to Reduce Diesel Particulate Matter and PM2.5: • Clear signage at all construction sites will be posted indicating that diesel equipment standing idle for more than five minutes shall be turned off. This would include trucks waiting to deliver or receive soil, aggregate, or other bulk materials. Rotating drum concrete trucks could keep their engines running continuously as long as they were onsite or adjacent to the construction site. • Opacity is an indicator of exhaust particulate emissions from off-road diesel powered equipment. The project shall ensure that emissions from all construction diesel powered equipment used on the project site do not exceed 40 percent opacity for more than three minutes in any one hour. Any equipment found to exceed 40 percent opacity (or Ringelmann 2.0) shall be repaired immediately • The contractor shall install temporary electrical service whenever possible to avoid the need for independently powered equipment (e.g. compressors). • Properly tune and maintain equipment for low emissions.	a) Have the following BAAQMD recommended measures to control particulate matter PM (10) and diesel emissions during construction been implemented? (Indicate each measure implemented in questions b - l) b) Have all active construction areas been watered at least twice daily and more often during windy periods? c) Have active areas adjacent to residences been kept damp at all times? d) Has the project hydroseeded or applied (non-toxic) soil stabilizers to inactive construction areas (i.e., previously-graded areas that are inactive for 10 days or more)? e) Have exposed stockpiles been enclosed covered, watered twice daily, or applied with (non-toxic) soil binders? f) Has traffic speeds on any unpaved roads been limited to 15 mph? g) Has vegetation been replanted in disturbed areas as quickly as possible? h) Have construction activities been suspended if and when visible dust plumes extended beyond the construction site? i) Has clear signage been posted to limit unnecessary diesel idling exceeding 5 minutes? j) Has the project ensured that exhaust from all construction diesel powered equipment used on the project site does not exceed 40 percent opacity for more than three minutes in any one hour AND that any equipment found to exceed 40 percent opacity was repaired immediately? k) Has temporary electrical service been installed whenever possible to avoid the need for independently powered equipment (e.g. compressors)? l) Has all equipment been properly tuned and maintained to ensure emission standards are not exceeded? MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
DAP MM CUL-2: Establish Parameters for Compatible Infill Development in the Downtown Area within Updated Design Guidelines. Using the Secretary of the Interior's "Standards" as a starting point (in compliance with DAP Policy HD-1-1a), the Design Guidelines for future development in the Downtown Area should be updated to ensure that new construction respects the authentic character, significance and integrity of the existing building stock in areas that may have the potential for designation as historic districts. Specific guidelines that could be added for this purpose include, but are not limited to, the following: • Consider the difference in character of individual blocks. The scale of buildings change within the potential historic district(s) and new construction should reflect the appropriate scale per block. • Priorities for new construction and additions include: build-to-the-street, particularly at corners; construct infill buildings at vacant or underutilized sites along major streets; and modify non-historic buildings so that they contribute visual interest and quality. • Construct new buildings, of compatible design with the surrounding neighborhood. • Encourage creative and innovative contemporary designs for new buildings in the downtown. • Streetscape plays an important role in drawing individuals to a particular area of the city. Use signage, lighting, and paving to improve the pedestrian experience. • Build consistently with the street wall, particularly at corner sites. Continue dominant rhythms for structural bays, bay windows, large pilasters, and other repeating vertical elements. Also, continue dominant cornice lines, such as between ground floors and upper stories, and at the top of facades that meet a street. • Design new buildings to respond to the existing building context within a block, and provide continuity to the overall streetscape. Frequently, a new building will be inserted on a site between two existing buildings of disparate scale and design. • Set back upper floors where taller buildings are permitted, so that dominant roof and cornice lines remain generally consistent in the Downtown, as seen from the street. • Explore options for multi-use buildings, combining residential, commercial, and other compatible uses where appropriate. • Provide multi-tenant retail space and other active publicly-accessible uses at the street level. These should be accessible directly from the sidewalk,	a) Have design guidelines for future development in the Downtown Area been updated to ensure that new construction respects the authentic character, significance and integrity of the existing building stock in areas that may have the potential for designation as historic districts, and is the proposed project consistent with the design guidelines? b) If revised design guidelines have not been adopted, is the proposed project consistent with the guidelines contained within the mitigation measure?	CoB	p

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
rather than through common interior lobbies. • Provide easy-to-locate building entrances on all street-facing facades. Where a building extends through an entire block or is located at a corner, connect its entrances with a suitably scaled public lobby. Highlight entrances with signage and lighting to distinguish them from storefronts. • Use vertically-proportioned windows. Group such windows in sets where a horizontally proportioned window opening is desired, especially for the expression of structural bays.			
DAP MM CUL-3: Halt Work/ Archaeological Evaluation/Site-Specific Mitigation. If archaeological resources are uncovered during construction activities, all work within 50 feet of the discovery shall be redirected until a qualified archaeologist can be contacted to evaluate the situation, determine if the deposit qualifies as an archaeological resource, and provide recommendations. If the deposit does not qualify as an archaeological resource, then no further protection or study is necessary. If the deposit does qualify as an archaeological resource, then the impacts to the deposit shall be avoided by project activities. If the deposit cannot be avoided, adverse impacts to the deposit must be mitigated. Mitigation may include, but is not limited to, archaeological data recovery. Upon completion of the archaeologist's assessment, a report should be prepared documenting the methods, findings and recommendations. The report should be submitted to the City, the project proponent and the NWIC.	a) Have archaeological resources been uncovered during construction activities? b) If the answer to (a) is yes, has all work within 50 feet of the discovery been redirected until a qualified archaeologist could be contacted to evaluate the situation, determine if the deposit qualifies as an archaeological resource, and provide recommendations? c) If the answer to (a) is yes AND if the deposit does qualify as an archaeological resource, have impacts to the deposit been avoided or mitigated by project activities? d) If the answer to (a) is yes, was the archaeologist's assessment or report documenting the methods, findings and recommendations been prepared and submitted to the City, the project proponent and the NWIC?	CoB	C W
DAP MM CUL-4: Halt Work/ Paleontological Evaluation/Site-Specific Mitigation. Should paleontological resources be encountered during construction or site preparation activities, such works shall be halted in the vicinity of the find. A qualified paleontologist shall be contacted to evaluate the nature of the find and determine if mitigation is necessary. All feasible recommendations of the paleontologist shall be implemented. Mitigation may include, but is not limited to, in-field documentation and recovery of specimen(s), laboratory analysis, the preparation of a report detailing the methods and findings of the investigation, and curation at an appropriate paleontological collection facility.	a) Was work halted if paleontological resources were discovered during construction? b) If answer to (a) is yes, was a qualified paleontologist contacted to evaluate the find and determine if further mitigation is necessary? c) If mitigations were deemed necessary by the paleontologist, were all feasible measures implemented?	CoB	C W

MITIGATION MONITORING AND REPORTING PROGRAM

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
DAP MM CUL-5: Halt Work/Coroner's Evaluation/Native American Heritage Consultation/ Compliance with Most Likely Descendent Recommendations. If human remains are encountered during construction activities, all work within 50 feet of the remains should be redirected and the County Coroner notified immediately. At the same time, an archaeologist shall be contacted to assess the situation. If the human remains are of Native American origin, the Coroner must notify the Native American Heritage Commission within 24 hours of this identification. The Native American Heritage Commission will identify a Native American Most Likely Descendant (MLD) to inspect the site and provide recommendations for the proper treatment of the remains and any associated grave goods. The archaeologist shall recover scientifically-valuable information, as appropriate and in accordance with the recommendations of the MLD. Upon completion of the archaeologist's assessment, a report should be prepared documenting methods and results, as well as recommendations regarding the treatment of the human remains and any associated archaeological materials. The report should be submitted to the City, the project proponent and the NWIC.	a) Was work halted if any human remains were found at the construction site? b) If the answer to (a) is yes, was the county coroner notified immediately and an archaeologist contacted to assess the situation? c) If the answer to (a) is yes, and the human remains were of Native American origin, was an archaeologist's report prepared and submitted to the City, the Project Proponent amd the NWIC? Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
Noise			
DAP MM NOI-1: Site-Specific Noise Studies/Site Planning/Noise Control Treatments. Future residential units proposed under the DAP would be exposed to outdoor noise levels in excess of 60 Ldn and indoor levels in excess of 45 Ldn, which would exceed the City's and state's established land use compatibility thresholds. In areas where residential development would be exposed to an Ldn of greater than 60 dBA, site-specific noise studies should be conducted to determine the area of impact and to present appropriate mitigation measures, which may include the following: • Utilize site planning to minimize noise in shared residential outdoor activity areas by locating these areas behind the buildings, in courtyards, or orienting the terraces to alleyways rather than streets, whenever possible. • The California Building Code and the City of Berkeley require project specific acoustical analyses to achieve interior noise levels of 45 dBA Ldn or lower in residential units exposed to exterior noise levels greater than 60 dBA Ldn. Building sound insulation requirements would need to include the provision of forced-air mechanical ventilation in noise environments exceeding 70 dBA Ldn so that windows could be kept closed at the occupant's discretion to control noise. Special building construction techniques (e.g., sound-rated windows and building façade treatments) may be required where exterior noise levels exceed 65 dBA Ldn. These treatments include, but are not limited to, sound rated windows and doors, sound rated exterior wall assemblies, acoustical caulking, etc. The specific determination of what treatments are necessary will be conducted on a unit-by-unit basis during project design. Results of the analysis, including the description of the necessary noise control treatments, will be submitted to the City along with the building plans and approved prior to issuance of a building permit. Feasible construction techniques such as these would adequately reduce interior noise levels to 45 dBA Ldn or lower.	a) In areas where residential development would be exposed to L (dn) exceeding 60 dBA, were site specific noise studies conducted to determine the area of impact and to present mitigation measures, and were appropriate mitigation measures incorporated into the proposed project?	CoB	P W

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
DAP MM NOI-2: Site-Specific Noise Studies/Activities Scheduling. The following measures should be implemented to reduce noise exposure of Downtown Area residents to noise associated with nearby commercial activities: • Noise levels at residential property lines from commercial development should be maintained not in excess of the Berkeley Municipal Code Limits. The approvals of the commercial development should require a noise study demonstrating how the business (including loading docks, refuse areas, and ventilation systems) would meet, and be consistent with, the City's noise standards. • Ensure that noise-generating activities, such as maintenance activities and loading and unloading activities are limited to the hours of 7:00 AM to 9:00 PM.	a) Have studies been provided to demonstrate how a proposed business would comply with the City's noise standards to ensure that noise levels at residential property lines from commmercial development will not exceed Berkeley Municipal Code limits? b) Have noise generating activities, such as maintenance, refuse collection and loading dock functions been limited to the hours of 7:00 AM to 9:00 PM?	CoB	O P
DAP MM NOI-3: Site-Specific Noise Analysis/Noise Barriers/Pavement Modifications/Traffic Calming/Sound Insulation. Where anticipated noise levels would exceed City of Berkeley standards for interior noise, methods available to mitigate DAP-related noise level increases would need to be studied on a case-by-case basis as individual development projects are proposed at receivers that would be considered noise impacted along Shattuck Avenue between University Avenue and Allston Way, and along Allston Way between Shattuck Avenue and Oxford Street. Since these increases in noise levels are related to the closure of Center Street and the elimination of travel lanes on Shattuck Avenue assumed under the DAP, retaining existing travel lane configurations in the Downtown Area street network would reduce this impact to a level of less than significant. With the proposed DAP street network modifications in place, however, noise reduction methods could include the following: • Installing traffic calming measures to slow traffic. Typically, each 5 mph reduction in travel speeds equates to 1 dBA of noise reduction. • Affected residences could be provided building sound insulation such as sound-rated windows and doors on a case-by-case basis as a method of reducing noise levels in interior spaces.	a) In projects where noise levels will exceed COB standards for interior noise, have impacts and mitigations been studied?	CoB	P

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
DAP MM NOI-5: Develop Site-Specific Noise Reduction Programs and Implement Noise Abatement Measures during Construction. Prior to the issuance of building permits, the applicant shall develop a site specific noise reduction program prepared by a qualified acoustical consultant to reduce construction noise impacts to the maximum extent feasible, subject to review and approval of the Zoning Officer. The noise reduction program shall include appropriate time limits for construction (7:00 AM to 7:00 PM on weekdays and between the hours of 9:00 AM and 8:00 PM on weekends or holidays) as well as technically and economically feasible controls to meet the requirements of the Berkeley Municipal Code. The noise reduction program should include, but shall not be limited to, the following available controls to reduce construction noise levels as low as practical: • Construction equipment should be well maintained and used judiciously to be as quiet as practical. • Equip all internal combustion engine-driven equipment with mufflers, which are in good condition and appropriate for the equipment. • Utilize "quiet" models of air compressors and other stationary noise sources where technology exists. Select hydraulically or electrically powered equipment and avoid pneumatically powered equipment where feasible. • Locate stationary noise-generating equipment as far as possible from sensitive receptors when adjoining construction sites. Construct temporary noise barriers or partial enclosures to acoustically shield such equipment where feasible. • Prohibit unnecessary idling of internal combustion engines. • If impact pile driving is required, predrill foundation pile holes to minimize the number of impacts required to seat the pile. • Construct solid plywood fences around construction sites adjacent to operational business, residences or other noise-sensitive land uses where the noise control plan analysis determines that a barrier would be effective at reducing noise. • Erect temporary noise control blanket barriers, if necessary, along building facades facing construction sites. This mitigation would only be necessary if conflicts occurred which were irresolvable by proper scheduling. Noise control	a) Has a site specific noise reduction program been prepared by a qualified acoustical consultant to reduce construction noise impacts to the maximum extent feasible? b) Has a construction liaison been identified to address local complaints?	CoB	C W

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
blanket barriers can be rented and quickly erected. • Route construction related traffic along major roadways and away from sensitive receptors where feasible. • Businesses, residences or other noisesensitive land uses within 500 fect of construction sites should be notified of the construction schedule in writing prior to the beginning of construction. Designate a "construction liaison" that would be responsible for responding to any local complaints about construction noise. The liaison would determine the cause of the noise complaints (e.g., starting too early, bad muffler, etc.) and institute reasonable measures to correct the problem. Conspicuously post a telephone number for the liaison at the construction site.			

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
DAP MM NOI-6: Avoidance of Pile- Driving/Site-Specific Vibration Studies/ Monitoring/Contingency Planning. The following measures are recommended to reduce vibration from construction activities: • Avoid impact pile-driving where possible. Drilled piles causes lower vibration levels where geological conditions permit their use. • Avoid using vibratory rollers and tampers near sensitive areas. • In areas where project construction is anticipated to include vibration generating activities, such as piledriving in close proximity to existing above ground and below ground structures, site-specific vibration studies should be conducted to determine the area of impact and to present appropriate mitigation measures that may include the following: • Identification of sites that would include vibration compaction activities such as pile-driving and that have the potential to generate groundborne vibration, and the sensitivity of nearby above ground and below ground structures to groundborne vibration. Vibration limits should be applied to all vibration-sensitive structures located within 200 feet of the project. A qualified structural engineer should conduct this task. • Development of a vibration monitoring and construction contingency plan to identify above ground and below ground structures where monitoring would be conducted, set up a vibration monitoring schedule, define structure specific vibration limits, and address the need to conduct photo, elevation, and crack surveys to document before and after construction conditions. • Construction contingencies would be identified for when vibration levels approached the limits. • At a minimum, vibration monitoring should be conducted during initial demolition activities and during pile driving activities. Monitoring results may indicate the need for more or less intensive measurements. • When vibration levels approach limits, suspend construction and implement contingencies to either lower vibration levels or secure the affected structures. • Conduct post-survey on above ground and below ground structures where either monitoring has indicated high levels or complaints of damage has been	a) Does the project avoid the use of pile driving? b) Does the project avoid the use of vibratory rollers and tampers near sensitive areas? c) In ares where vibration inducing activities cannot bc avoided, has a site specific vibration study been conducted to present appropriate mitigation measures?	CoB	C W

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
made. Make appropriate repairs or compensation where damage has occurred as a result of construction activities.			
Transportation & Traffic			
DAP MM TRA-1: Modify Lane Configuration at Martin Luther King Jr. Way/Hearst Avenue Intersection. A lane should be added for left turns in the westbound direction, changing the right lane to throughright. Implementation of this mitigation would still result in LOS F in the PM peak hour, but delay would be reduced to 131.2s, eliminating the significant DAP-related impact. The implementation of this mitigation measure requires re-striping of Hearst Avenue east of Martin Luther King Jr. Way to accommodate the new lane, eliminating the bike lane in part of the block; or the acquisition of additional right-of-way on this segment of Hearst Avenue to accommodate the new lane and maintain the bike lane. This measure is not anticipated to cause significant impacts to pedestrian traffic.	a) Has lane reconfiguration been implemented at MLK and Hearst Ave intersection?	CoB	O
DAP MM TRA-10: Modify Lane Configurations at Oxford Street/University Avenue Intersection. The existing eastbound lane configuration should be maintained. This mitigation measure will result in change of LOS to D in the AM peak hour, with delay of 40.2s. Proposed lane reduction on University could be maintained west of the intersection. The implementation of this mitigation measure requires the maintenance of the eastbound lane configuration. This measure is not anticipated to cause significant impacts to pedestrian traffic.	a) Has the lane configuration been maintained at University Ave. and Oxford St. intersection?	CoB	O

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
DAP MM TRA-11: Modify Lane Configurations at Oxford Street/Allston Way Intersection and Alter Signal Cycle Timing. One lane should be added in the southbound direction, changing the lane configuration to two through and one right turn lane. One lane should be added to the northbound direction, changing the configuration to one left turn and two through lanes. One lane should be added in the eastbound direction, changing the configuration to one left turn lane and one right turn lane. Cycle length should beincreased to 25s and to provide a protected left turn signal phase in the northbound direction. This mitigation measure would result in change of LOS to C in the PM peak hour, with delay of 33.6s. On Oxford Street, the implementation of this mitigation measure would require the removal of 5 of the parking spaces in the southbound direction and the restriping of the segment in the block north of Allston Way. In the northbound direction there is the need to use the median space, as well as re-stripe the roadway. On Allston Way, the addition of the extra lane would require the loss of 4 on-street parking spaces on the south side of the street, as well as re-striping. This measure is not anticipated to cause significant impacts to pedestrian traffic. The loss of onstreet parking spaces on Oxford Street and Allston Way is not anticipated to generate significant impacts.	a) Has lane reconfiguration been implemented at Oxford St. and Allston Way intersection? b) Has signal cycle timing been altered to meet LOS level standards?	CoB	O
DAP MM TRA-13: Incorporate Emergency Access Lane in Design for Center Street Pedestrian Corridor. In order to maintain adequate emergency access to buildings located along Center Street between Shattuck Avenue and Oxford Street, the design of the proposed Center Street pedestrian corridor shall be required to incorporate a clear area, a minimum of 20 feet in width, where permanent and temporary structures, landscaping, and other physical features are prohibited. This area shall be designated as an emergency access lane, and must be accessible from both Shattuck Avenue and Oxford Street.	a) Have emergency access lanes been incorporated in the design for the Center St. pedestrian corridor?	CoB	O

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
DAP MM TRA-14a: Install Class 2 Bike Lanes on Milvia Street between University Avenue and Allston Way. This mitigation measure may result in the loss of on-street parking stalls along Milvia Street in order to accommodate the bike lanes. Up to 35 on-street parking stalls could be impacted by this mitigation measure. As noted in the parking demand discussion, sufficient public parking capacity is anticipated in the Year 2030 With Project condition, so the loss of these parking stalls would not be anticipated to cause a Install Class 2 Bike Lanes on Milvia Street between University Avenue and Allston Way. This mitigation measure may result in the loss of on-street significant impact. This mitigation measure would also not preclude the implementation of the traffic mitigation measures at the University Avenue/Milvia Street intersection and the Center Street/Milvia Street intersection.	a) Have Class 2 bike lanes been installed on Milvia St between University Avc. and Allston Way?	CoB	O
DAP MM TRA-14b: Install Traffic Calming Devices. Traffic calming devices should be installed on Milvia Street either between University Avenue and Allston Way or immediately north and south of this segment to discourage through vehicle traffic from traveling on this section of the roadway. Traffic calming devices could include speed humps, turn restrictions/prohibitions, or other measures determined by the City of Berkeley.	a) Have traffic calming devices been installed on Milvia St. between University Ave and Allston Way to discourage through traffic?	CoB	O
DAP MM TRA-2: Modify Lane Configuration at Martin Luther King Jr. Way/Allston Way Intersection. The eastbound lane configuration should be changed, turning the existing through-left lane to left turn only and the right lane to a throughright. A right turn lane to Martin Luther King Jr. Way in the southbound direction should be added, changing the through-right lane to through only. This mitigation measure would result in changing the LOS to D, with delay of 49.8s. The implementation of this mitigation measure requires re-striping of Allston Way west of Martin Luther King Jr. Way to accommodate the lane changes, and the acquisition of right-of-way north of Allston Way to accommodate the southbound right turn lane. This measure is not anticipated to cause significant impacts to pedestrian traffic.	a) Has lane reconfiguration been implemented at MLK and Allston Way Intersection?	CoB	O

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
DAP MM TRA-3: Modify Lane Configuration at Milvia Street/University Avenue Intersection. A right turn lane should be added to University Avenue to the eastbound direction and one left turn lane should be added to University Avenue in the westbound direction. In the eastbound direction, the configuration of lanes would be one through-left lane, one through and one right turn lane. In the westbound direction, the configuration of lanes would be one left turn lane, one through lane and one through-right lane. This mitigation measure would change LOS to B, with delay of 14.9s in the AM peak hour, and to LOS C with delay of 25.8s in the PM peak hour. The implementation of this mitigation measure requires the removal of the median east of the intersection in order to accommodate the extra lane, and the restriping of University Avenue on both sides of Milvia Street. This measure is not anticipated to cause significant impacts to pedestrian traffic, but a right turn on green only with an advance stop bar can be implemented on University Avenue to avoid conflicts with pedestrians crossing Milvia Street. This measure would increase pedestrian safety and does not change the LOS of the intersection. The implementation of a bicycle waiting area placed ahead of the cars waiting to turn right can reduce the conflicts through bicycle flows and right-turn vehicle movements on Milvia Street in the southbound direction. This measure requires re-striping of Milvia Street.	a) Has lane reconfiguration been implemented at Milvia St. and University Ave. intersection?	CoB	O
DAP MM TRA-4: Modify Lane Configuration at Milvia Street/Center Street Intersection. One left turn lane should be added to Milvia Street in the northbound and southbound directions, changing the lane configuration to one through-right and one left turn lane. This mitigation measure would result in change of LOS to C, with delay of 24.0s in the PM peak hour. The implementation of this mitigation measure requires the removal of onstreet parking spaces in the northbound and southbound directions to accommodate the left turn, and the re-striping of Milvia Street on both sides of Center Street. This measure is not anticipated to cause significant impacts to pedestrian traffic. Milvia Street would remain a Bicycle Boulevard and sufficient traffic lane width would be provided for bicycles and vehicles to make through movements at this intersection. This improvement would result in the loss of about eight on-street parking spaces, but is not anticipated to generate significant impact with regard to parking.	a) Has lane reconfiguration been implemented at Milvia St. and Center St. intersection?	CoB	O

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
DAP MM TRA-5: Modify Lane Configuration at Shattuck Avenue/Center Street. The significant impact at this intersection is mitigated by maintaining at least two traffic through lanes in the northbound direction on Shattuck Avenue along with a left turn lane, as provided by the DAP under consideration for adoption (dated July 6, 2009). No further mitigation is needed.	a) Have at least two traffic through lanes in the northbound direction on Shattuck Avenue been maintained along with a left turn lane?	CoB	O
DAP MM TRA-6: Modify Lane Configurations at Shattuck Avenue/Allston Way Intersection. The existing number of lanes in the northbound and southbound directions (i.e. three in each direction) should be configured to have a minimum one left turn lane, one through lane and one right turn lane, as provided by the DAP under consideration for adoption. Furthermore, a right turn land will be added in the westbound direction of Allston Way.	a) Has lane reconfiguration been implemented at Shattuck Ave and Allston Way intersection?	CoB	O
DAP MM TRA-7: Modify Lane Configurations at Shattuck Avenue/ Bancroft Way Intersection. The existing number of lanes in the southbound direction should be maintained, changing lane configuration to one through lane and one through-right lane. This mitigation measure would result in change of LOS to D, with delay of 37.6s in the PM peak hour. The proposed mitigation measure would not maintain the single through concept of the Shattuck Boulevard plan. On Shattuck Avenue, the implementation of this mitigation measure would require the reconfiguration of the parking spaces and sidewalk in the southbound direction and the re-striping of the segment of the block north of Bancroft Way. This measure is not anticipated to cause significant impacts to pedestrian traffic.	a) Has lane reconfiguration been implemented at Shattuck Ave and Bancroft Way intersection?	CoB	O
DAP MM TRA-8: Modify Lane Configurations at Shattuck Avenue/Durant Avenue Intersection. The existing number of lanes in the northbound direction should be maintained, changing the lane configuration to one left turn lane, one through and one right turn lane. This mitigation measure will result in change of LOS to B in the AM peak hour (17.8s delay). LOS C is achieved in the PM peak hour (21.6s delay) applying the mitigation measures described above plus a 20s increase in cycle time. On Shattuck Avenue, the implementation of this mitigation measure would require the reconfiguration of the parking spaces and sidewalk in the northbound direction and the re-striping of the segment in the block south of Durant Avenue. This measure is not anticipated to cause significant impacts to pedestrian traffic.	a) Has lane reconfiguration been implemented at Shattuck Ave. and Durant Ave intersection?	CoB	O

MITIGATION MONITORING AND REPORTING PROGRAM

Project Name: All (*) **Dept:** CoB **Phase:** P, W, C, O

Mitigation Measure or Continuing Best Practice	Question for Checklist	Responsible for Implementation	When Implemented
DAP MM TRA-9: Maintain Existing Lane Geometry in the Westbound Direction. The DAP-proposed lane reduction on Hearst Avenue would be maintained to the west of the intersection, with the lane reduction occurring in a transition to the west of the intersection. Add one lane in southbound direction, changing lane configuration to one left-turn, one through and one through-right lane. Change the eastbound direction lane configuration to one through-left lane one through-right lane. Maintain split signal phasing for eastbound and westbound directions. Add a right turn only lane to the northbound direction and provide right turn overlap signal phasing for this movement. The right turn only lane would not be a free-right turn, but a striped, exclusive right turn lane adjacent to the northbound through lanes. Change northbound and southbound signal phasing to protected + permitted for left turns. This mitigation measure would change LOS to D in the AM peak hour (54.9 seconds delay). In the PM peak hour, the 2030 LOS is improved to LOS D, with delay reduced from 166.4 seconds With Project to 54.4 seconds. On Oxford Street, the implementation of this mitigation measure requires the removal of seven parking spaces in the southbound direction and the re-striping of the segment in the block north of Hearst Avenue. On Hearst Avenue, existing configuration should be maintained in both directions. This measure is not anticipated to cause significant impacts to pedestrian traffic. The loss of on-street parking spaces on Oxford is not anticipated to generate significant impacts.	a) Has lane reconfiguration been implemented at Oxford St. and Hearst Ave. intersection? b) Has signal cycle timing been adjusted to meet LOS AM and PM peak hour targets?	CoB	O
Utilities & Service Systems			
DAP MM USS-1: Site-Specific Analysis of Project-Related Effects on the Sanitary Sewer conveyance System/Project-Related Contribution to Necessary Capacity Expansion. As individual development projects are proposed in the Downtown Area, each project will be subject to site-specific analysis by the City of Berkeley to determine whether the development proposed would exceed the capacity of the sanitary sewer conveyance system that directly serves the project. In the event that existing sanitary sewer modeling demonstrates that sanitary sewer conveyance system capacity would be exceeded by the proposed project, then the project proponents and the City shall enter into negotiations to determine the financial contribution required from the project proponents to enable the City to expand sanitary sewer conveyance capacity as necessary to accommodate the project as proposed.	a) Has a project/site specific analysis been conducted to determine whether the project would exceed the sanitary sewer system capacity that directly serves the project? b) If modeling demonstrates that sewer capacity will be exceeded, have negotiations between the project proponents and city been held to determine the financial contribution necessary to expand the sewer system to accommodate the project, and have contributions been required? ZONING ADJUSTMENTS BOARD

NOTICE OF PUBLIC HEARING

2274 Shattuck Avenue

Use Permit #ZP2023-0079 to demolish the commercial building (preserving and renovating the front façade and lobby), and construct a 17-story (183 feet, plus 5-foot parapet), 214,032-square-foot, mixed-use residential building with 227 dwelling units (including 23 Very Low-Income Density Bonus qualifying units), and one ADA parking space.

The Zoning Adjustments Board of the City of Berkeley will hold a public hearing on the above matter, pursuant to Zoning Ordinance, Section 23.404.050 (Public Hearings and Decisions)

When: Thursday, December 12, 2024, 7:00 pm
Where: Berkeley Unified School District meeting room, 1231 Addison Street, (wheelchair accessible) with remote/hybrid option (via Zoom).

Please visit: https://berkeleyca.gov/your-government/boards-commissions/zoning-adjustments-board and click on the hearing date to access the most up-to-date meeting information, or call the Land Use Planning division (510) 981-7410.

PUBLIC ADVISORY*: *THIS MEETING WILL BE CONDUCTED IN A HYBRID MODEL WITH BOTH IN-PERSON ATTENDANCE AND VIRTUAL PARTICIPATION AVAILABLE FOR MEMBERS OF THE PUBLIC.

For in-person attendees, face coverings or masks that cover both the nose and mouth are encouraged. If you're feeling sick, please do not attend the meeting in-person as a public health precaution.

Currently, there are no physical distancing requirements in place by the State of California or the Local Health Officer for an indoor event similar to a Commission meeting. However, all attendees are requested to be respectful of the personal space of other attendees. An area of the public seating area will be designated as "distanced seating" to accommodate persons that need to distance for personal health reasons.

Land Use Planning Division
1947 Center Street, Second Floor, Berkeley, CA 94704 Tel: 510.981.7410 TDD: 510.981.7474 Fax: 510.981.7420
E-mail: zab@berkeleyca.gov

A. Land Use Designations:

- General Plan: DT – Downtown; Downtown Area Plan
- Zoning: C-DMU (Corridor) – Downtown Mixed-Use Commercial District – Corridor Sub-Area

B. Zoning Permits Required:

- Use Permit under BMC Section 23.326.070(A) to demolish a non-residential building
- Use Permit under BMC Section 23.204.020(A) to construct a new mixed-use residential development
- Use Permit under BMC Section 23.204.020(A) to construct dwelling units
- Use Permit under BMC Section 23.204.030(B)(1) to create new floor area of 10,000 square feet or more
- Use Permit under BMC Section 23.204.130(E)(1) to exceed the maximum building height limit, up to 75 feet (plus 5-foot parapet, by right)
- Use Permit under BMC Section 23.04.130(E)(3)(b) to modify front and side setback requirements
- Administrative Use Permit under BMC Section 23.304.050(A) to exceed building height limits with rooftop architectural elements which exceed the maximum height limit for the district

C. Concessions and Waivers Requested Pursuant to State Density Bonus Law (California Government Code Section 65915):

- Concession – none.
- Waiver of BMC Section 23.04.130(E)(1) to exceed building height limits – to be 183 feet to roof (plus 5-foot parapet, by right), where 75 feet is the limit (plus 5-foot parapet by right)
- Waiver of BMC Section 23.204.130(E)(3)(b) to waive front and side setback minimums
- Waiver of BMC Section 23.204.130(E)(3) to increase front setback maximum to 7-foot, 1 inch, where 5 feet maximum is required, at 0-20-foot building height;
- Waiver of BMC Section 23.204.130(E)(3)(b)(i) to exceed 120 feet in width in diagonal measurement above 120 feet in height – to be 178 feet, 9 inches in width, where 120 feet is required
- Waiver of BMC Section 23.204.130(E)(4) to reduce the usable open space requirement – to provide 7,737 square feet, where 18,160 square feet is required
- Waiver of BMC Section 23.322.090(A) to provide 72 long term residential bicycle parking, where 210 is required

D. CEQA Exemption Determination: Pursuant to Government Code Section 65589.5, it is staff's determination that the project is categorically exempt under Section 15332 ("Infill Development Projects") of the CEQA Guidelines.

D. Project Recommendation: Approve Use Permit #ZP2023-0079, pursuant to BMC Section 23.406.040(D)

E. Parties Involved:

- Applicant — Isaiah Stackhouse, 2421 Fourth St., Berkeley, CA 94710
- Property Owner — 2274 Shattuck QOZB, LLC, C/O JP Walsh, 2539 Telegraph Avenue, Suite 101, Berkeley CA 94704

Further Information:
All application materials are available online at:
https://aca.cityofberkeley.info/CitizenAccess/Welcome.aspx.

The Zoning Adjustments Board final agenda and staff reports will be available online 6 days prior to this meeting at: https://berkeleyca.gov/your-government/boards-commissions/zoning-adjustments-board.

Questions about the project should be directed to the project planner, Sharon Gong, at (510) 981-7429 or sgong@berkeleyca.gov.

Written comments or a request for a Notice of Decision should be directed to the Zoning Adjustments Board Secretary at zab@berkeleyca.gov.

Communication Disclaimer:
Communications to Berkeley boards, commissions or committees are public record and will become part of the City's electronic records, which are accessible through the City's website. **Please note: e-mail addresses, names, addresses, and other contact information are not required, but if included in any communication to a City board, commission or committee, will become part of the public record.** If you do not want your e-mail address or any other contact information to be made public, you may deliver communications via U.S. Postal Service or in person to the secretary of the relevant board, commission or committee. If you do not want your contact information included in the public record, please do not include that information in your communication. Please contact the secretary to the relevant board, commission or committee for further information.

Written Comments, Communications, and Reports:
Written comments must be directed to the ZAB Secretary at the Land Use Planning Division (Attn: ZAB Secretary), or via e-mail to: zab@berkeleyca.gov. All materials will be made available via the Zoning Adjustments Board Agenda page online at this address: https://berkeleyca.gov/your-government/boards-commissions/zoning-adjustments-board

All persons are welcome to attend the hearing and will be given an opportunity to address the Board. Comments may be made verbally at the public hearing and/or in writing before the hearing. The Board may limit the time granted to each speaker.

Correspondence received by 5:00 PM, eight days before this public hearing, will be provided with the agenda materials provided to the Board. Note that if you submit a hard copy document of more than 10 pages, or in color, or with photos, you must provide 15 copies. Correspondence received after this deadline will be conveyed to the Board in the following manner:

- **Correspondence received by 5:00 PM two days before** this public hearing, will be conveyed to the Board in a Supplemental Communications and Reports, which is released around noon one day before the public hearing; or
- **Correspondence received after 5:00 PM two days before** this public hearing will be saved in the project administrative record.

Accessibility Information / ADA Disclaimer:
To request a disability-related accommodation(s) to participate in the meeting, including auxiliary aids or services, please contact the Disability Services specialist at 981-6342 (V) or 981-6345 (TDD) at least three business days before the meeting date.

SB 343 Disclaimer:
Any writings or documents provided to a majority of the Commission regarding any item on this agenda will be made available to the public. Please contact the Land Use Planning Division (zab@berkeleyca.gov) to request hard-copies or electronic copies.

Notice Concerning Your Legal Rights:
If you object to a decision by the Zoning Adjustments Board regarding a land use permit project, the following requirements and restrictions apply:

1. If you challenge the decision of the City in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice.
2. You must appeal to the City Council within 14 days after the Notice of Decision of the action of the Zoning Adjustments Board is mailed. It is your obligation to notify the Land Use Planning Division in writing of your desire to receive a Notice of Decision when it is completed.
3. Pursuant to Code of Civil Procedure Section 1094.6(b) and Government Code Section 65009(c)(1), no lawsuit challenging a City Council decision, as defined by Code of Civil Procedure Section 1094.6(e), regarding a use permit, variance or other permit may be filed more than 90 days after the date the decision becomes final, as defined in Code of Civil Procedure Section 1094.6(b). Any lawsuit not filed within that 90-day period will be barred.
4. Pursuant to Government Code Section 66020(d)(1), notice is hereby given to the applicant that the 90-day protest period for any fees, dedications, reservations, or other exactions included in any permit approval begins upon final action by the City, and that any challenge must be filed within this 90-day period.
5. If you believe that this decision or any condition attached to it denies you any reasonable economic use of the subject property, was not sufficiently related to a legitimate public purpose, was not sufficiently proportional to any impact of the project, or for any other reason constitutes a “taking” of property for public use without just compensation under the California or United States Constitutions, the following requirements apply:
    a. That this belief is a basis of your appeal.
    b. Why you believe that the decision or condition constitutes a "taking" of property as set forth above.
    c. All evidence and argument in support of your belief that the decision or condition constitutes a “taking” as set forth above. If you do not do so, you will waive any legal right to claim that your property has been taken, both before the City Council and in court.

Subject: Stop the demolition of the historic UA theater

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Dear Berkeley city staff, ZAB, and City Council,

I'm writing to demand that city staff, the Zoning Adjustments Board, and the City Council take action to prevent the destruction of the historic United Artists theater at 2274 Shattuck Ave. in downtown Berkeley. It is unacceptable to let a developer retain a fraction of the facade and lobby while tearing down the palatial four-story theater itself.

Built in 1932, the UA is on the California Register of Historical Resources, is National Register-eligible, and is also now a city landmark, thanks to an LPC decision earlier this year. Without a doubt, the building is a cultural and historical resource under the CEQA statute; the proposal to demolish it is a "substantial adverse change" requiring extensive CEQA review. The city must insist that all oversight laws and processes are followed and not give baseless exemptions to the developer.

Constructed during the Great Depression by Hollywood icons Charlie Chaplin and Mary Pickford, the UA Berkeley is arguably the finest theater ever built in the city and one of the few Art Deco movie palaces of its kind in the state that could be preserved. Despite being converted to a multiplex 50 years ago, the theater is resplendent with Art Deco architectural detail, decor, and furnishings; it has been relatively well-maintained over the decades, its historic features surviving various retrofits thanks to local preservationists who insisted the original auditorium be preserved behind false walls. The Historical Resource Evaluation on the UA, paid for by the developer, is not an honest and credible assessment; it would be unethical for city officials to consider this document the final word on the status of this landmark property.

The UA presents a tremendous opportunity for Berkeley. It has the potential to be restored as a glorious, midsize live performance venue like Oakland's Paramount, galvanizing an economic and cultural renaissance in the downtown. The many cities in the Bay Area and nationwide that have chosen to preserve their historic theaters never regret doing so. Another option is for the UA to remain a historic multiplex theater that serves a public eager to resume moviegoing after the pandemic. The future possibilities for this splendid building are numerous—but not if complacent city leaders allow a developer to level it into oblivion.

Berkeley citizens are watching with alarm as a mass extinction event for movie theaters unfolds: The Shattuck Cinemas has been freshly demolished while the beloved art deco California and the most valuable of them all, the UA, sit on the precipice of ruin. This all goes against the city's Downtown Area Plan, which was the product of over 200 public meetings and explicitly calls for the retention and support of downtown cinemas. This plan is still in effect.

Building more housing is no doubt vitally important, but it does not have to cost Berkeley one of its most magnificent landmark buildings in the UA. City officials must maintain control over land use decisions, fostering downtown development that maintains a mix of arts and culture and commerce alongside residential growth.

The UA Berkeley served as a community hub and entertainment venue for 91 years, and that tradition should continue. Its destruction would be an irreparable blow to the city's historic and cultural fabric that leaders must avoid at all costs.

Architecture is part of what makes a community, not more ticky tacky housing. Let the generations to come view that art AND function. can co-exist...should co-exist. Do not destroy this beauty, it is a treasure and should be treated as such.

Thank you for your consideration.

Subject: Please approve housing at 2274 Shattuck
Date: Tuesday, December 10, 2024 6:41:25 PM

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Commission Zoning Adjustments Board Berkeley,

I am writing to urge you to approve the proposed housing development at 2274 Shattuck, ASAP and with urgency.

Opponents have argued that this site should be preserved as a historic building, but there is no practical, safe, or affordable way for that to happen, as demonstrated by in-depth structural and historical analyses of the building. The interior of the building has been renovated extensively, such that it resembles a modern-day, utilitarian multiplex. Only the façade and lobby retain their original architectural features, and the developer has proposed restoring and preserving those features.

Despite an extreme overreach by staff that requested landmarking the entire structure, even the Landmarks Preservation Commission dialed back the preservation portion to cover only the façade and lobby, as the developer had proposed. The existing building is seismically unsound and poses a health and safety risk to the public, but the housing development proposed at the site could address these issues.

There is a way to honor the history of the theater while also building badly-needed housing, and this proposal aims to do just that.

This project will provide 227 affordable-by-design units which are suitable for students, young professionals, and families. The project also provides 23 very low-income affordable units. It will contribute more than $7M in Building Permit and Impact Fees to the City of Berkeley, and it will also contribute ~$2M annually to the property tax base.

It's long past time for this project to break ground. Please support it so that we can move forward.

Sincerely,
Michelle Trame

Subject: Letter of protest for item #6, Dec 12 meeting, 2274 Shattuck Avenue
Date: Tuesday, December 10, 2024 5:05:37 PM

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

To whom it may concern at the Zoning Administration Board:

Downtown Berkeley is becoming nothing more than a series of bland, boxy apartment buildings, some of which are practically forming a high-rise wall around the U.C. Berkeley campus. Historic building after historic building is demolished instead of being adapted or reused in the quest to build more housing.

Now, the city is about to lose one of its most fantastic resources, the United Artists movie theatre at 2274 Shattuck Avenue, a stunning Art Deco masterpiece that would attract visitors to the currently dismal downtown. It has the potential to offer affordable culture as a movie theatre, or to even be turned into a performing arts center or a community center.

But the City of Berkeley is instead letting yet another developer run amok, who will alter the landscape forever, destroying a historic resource that can never be replaced. The city has ignored report after report about the theatre's architectural significance, including its own downtown plan.

Unlike Berkeley, the City of Albany is trying to find solutions to help save the now shuttered Albany Twin theatre on Solano Avenue, because it listens to the needs of its community. Many decades ago, the City of Oakland was convinced by preservationists to help save the Fox Theatre, which is today a thriving entertainment venue and brings crowds and revenue to Oakland's Uptown District. Berkeley could do the same, look for solutions, engage with your constituents. But instead, it only listens to developers.

Your short sightedness and that of the City Council is turning downtown Berkeley, a once-vibrant downtown, into an unremarkable bedroom community with barely any cultural venues left, let alone affordable ones, without character or Berkeley's former quirkiness, with its rapidly disappearing historic fabric. Architect John Galen Howard's original plan for the U.C. Berkeley campus is being destroyed, as more and more walls of buildings surround its perimeter.

Please reconsider allowing yet another developer carte blanche in developing the UA Theatre. Once the theatre is gone, there is no turning back. This is your one chance to save something of major value with unlimited potential.

Thank you for your attention.

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

To the Berkeley Zoning Adjustment Board:

I am a Berkeley native and lifelong resident who grew up with downtown Berkeley's magnificent cultural life, including the wonderful film education I got from the UC theater and so many of Berkeley's once-thriving cinemas, all but one of which have now been or are slated to be destroyed. The UA theatre is absolutely deserving of protection and preservation both as a historical building that ought to fall under CEQA protection and as the last possible chance to preserve Berkeley's film culture and revitalize Berkeley's downtown, which has been devastated by so many destructive inappropriate, and ill-conceived greedy developer projects. I am writing to urge you to do the right thing and act to save the UA Theatre from yet another devastating developer project that does nothing to solve Berkeley's affordable housing, as other cities in the Bay Area and elsewhere have done with their precious historic theaters. Thank you for your consideration.

Sincerely,
Lois Yuen

The future possibilities for this splendid building are numerous—but not if complacent city leaders allow a developer to level it into oblivion.

Berkeley citizens are watching with alarm as a mass extinction event for movie theaters unfolds: The Shattuck Cinemas has been freshly demolished while the beloved art deco California and the most valuable of them all, the UA, sit on the precipice of ruin. This all goes against the city's Downtown Area Plan, which was the product of over 200 public meetings and explicitly calls for the retention and support of downtown cinemas. This plan is still in effect.

Building more housing is no doubt vitally important, but it does not have to cost Berkeley one of its most magnificent landmark buildings in the UA. City officials must maintain control over land use decisions, fostering downtown development that maintains a mix of arts and culture and commerce alongside residential growth.

The UA Berkeley served as a community hub and entertainment venue for 91 years, and that tradition should continue. Its destruction would be an irreparable blow to the city's historic and cultural fabric that leaders must avoid at all costs.

Thank you for your consideration.

Greetings.

The members of the zoning board have a very large responsibility as you consider the proposal to demolish Berkeley's last downtown movie theater in favor of more housing, predominantly priced at market rate rather than the middle- and low-income housing we need. Building for that level of pricing does not suit developers' drive for as much profit as possible.
But we've already built more than our quota of above-middle-income housing.

Anyone who considers the promises of the president-elect can anticipate a huge impact on the construction industry, since it is dependent upon many low-paid workers who now are under threat of deportation. As appears with our now-demolished treasure the Shattuck Cinemas, the developer may be unwilling to go forward because the anticipated profits are turning into liabilities in this suddenly unpredictable economy.

What I have treasured most about living in Berkeley for more than 50 years has been its diversity of all sorts—cultural, racial, economic. But beginning in the 80s the greed of real estate investors and developers has relentlessly reduced that diversity, making Berkeley now unaffordable to all but the wealthy, unless they bought homes decades ago. This process has made Berkeley a much less interesting, culturally-rich place to live, too expensive for many former residents—teachers, librarians, artists, food service workers, students, ordinary people.

Emblematic of this loss of cultural diversity is the city council's failure to ensure that downtown Berkeley has a public venue for film. In 2015 a group of Berkeley residents began to alert filmgoers that our cultural treasure the Shattuck Cinemas had been targeted by a developer, prepared to destroy it and replace it with an 18-story highrise. At that time the Cinemas were selling 250-300,000 tickets a year, drawing ticket-buyers from across the East Bay and enlivening the downtown economy. We managed to help hold off demolition for five years until the developer refused to address some of the ZAB requirements and sold the property. The new buyer planned on a less ambitious scale and initially assured us he'd protect and build atop the Cinemas instead of demolishing them, and then he broke that promise and demolished our treasure. And the site still lies in rubble months later. The housing bubble may be about to burst, so we may have had our cultural treasure demolished without even seeing its replacement by

market-rate housing (NOT what is needed).

I write now to urge your thoughtful attention to the possibility of saving Berkeley's one remaining, magnificent venue for film (the California Theatre having been closed if not yet demolished). The 1932 United Artists Theatre opened to great fanfare during the Great Depression by the company founded by Mary Pickford, Douglas Fairbanks, and Charlie Chaplin. Surely this architectural gem, on the California Register of Historical Resources, is worth protecting for current and future generations of Berkeley and East Bay residents. One cannot see great films (or even well-made entertaining films) adequately in our private homes on smaller screens. We need not only more affordable housing but affordable culture and entertainment as well, if we
are to be a city loved by its residents. We need a venue where film can be seen on a big screen and in community with others.

The city can preserve this historic cultural venue by requiring any development to preserve the theater intact and to design a building that can be constructed atop the existing building.

Sincerely,

Charlene M. Woodcock

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

To the City of Berkeley Zoning Adjustments Board and the City Council
cc'ed to Shoshana O'Keefe whose email address is not yet on the City's website;
Office of Economic Development; to the Save UA Theater

With thanks for your service, and your consideration, I write to encourage your reconsideration of the destruction of the UA Theater. From what I read - see below - there appears to be an egregious lack of transparency. As the City Council begins a new era of leadership with Mayor Ishii and first time District 5 Council Member Shoshana O'Keefe.

Berkeley has a proud tradition in Movies from the Saul Zaentz | Fantasy Center, home now to many internationally prominent independent filmmaker. to the Pacific Film Archive, unequalled for its preservation and screening of films.

Rethinking how to restore the UA Theater on Shattuck could help revitalize the downtown area and remind us of our prominence in cinematic arts.

The Paramount in Oakland, embattled Castro Theater in San Francisco,, Cascade Theater in Redding and Englert Theater in Iowa City, sources of enormous civic pride, are but a few examples of cultural attractions and economic drivers.

Movie going has perhaps never been more scraping bottom - with the exception of the Pandemic Years - but it might well turn around. If some of you reading this dumped your vinyl collections and record players for cassettes and CD's and later to CD's moved to download and streaming services may regret that move. Theater owners clearly lack for the most part the imagination to rethink the movie-going experience, a collective one that cannot be matched by 85" Flat Panel in homes. But Berkeley doesn't lack imagination or forward thinking!

I am not fully aware of the CEQA issues, but again, the lack of transparency regarding this irreversible decisions seems a terrible way to usher in the New Year and a the new era of municipal government so many of us voted for.

Again, thank you for your time and time, and consideration. Please don't hesitate to contact me.

Subject: Call to action: The destruction of the UA is on the ZAB agenda Thursday night!

Call to Action: Zoning Board Hearing on Thursday night!!! The destruction of the UA is on the agenda. Attend in person or online. Also, email city officials before 5pm Tuesday.

After city officials unjustly granted a full exemption to CEQA after a secretive deliberation process, the apartment tower project that would result in the destruction of the United Artists theater at 2274 Shattuck Ave. is going before ZAB for approval. (Reminder that ZAB is considered final approval for housing projects, not the City Council.)

Make note that we will speak during the hearing, which is the last item on the agenda. More meeting details further down. Also see info on how to write a letter to ZAB in time for the meeting.

Berkeley city officials say that, now that the categorical exemption to CEQA under AB 1633 has been granted, the zoning board has no choice but to approve the project. ZAB members can't make any changes or even continue the hearing to another date for further input, they say, due to the strictures of the state housing fast-track laws, Housing Affordability Act and AB 1633.

But let's make it difficult for them! Let's turn this sham hearing into something meaningful! Let's decry the injustice of destroying a beautiful landmark theater in a process that was nontransparent, secretive at times, and a fuck you to citizen input and participation. Let's SHOUT TO THE ROOFTOPS about how the city granted the CEQA exemption despite obtaining two peer-review reports that disagreed with the developer and supported the UA being a "historic resource" under CEQA. The city purposefully kept those reports under wraps until AFTER handing the developer the fateful end-run around CEQA.

See link to the ZAB agenda which includes a Zoom link and rules for

participation. To see the staff report, click on agenda item #6, 2274 Shattuck Avenue. As for when to show up, the hearing on the UA most likely won't happen until 8pm or later BUT it's hard to know for sure. ZAB staff told us that sometimes the board will change the order of the agenda on a whim, at the start of the meeting. Please keep that in mind.

WRITING LETTERS FOR THE MEETING

If you have time to send an email by 5pm Tuesday, you can write a letter to be included in the agenda packet on Thursday night (see background and talking points below). Just make sure to say the correspondence is for item #6 of the Dec. 12 ZAB agenda and list 2274 Shattuck Ave. email: zab@berkeleyca.gov

DEADLINE TO SEND EMAIL TUESDAY AT 5PM. Correspondence received by 5:00 PM two days before this public hearing will be conveyed to the Board in a Supplemental Communications and Reports, which is released around noon one day before the public hearing.

LATE CORRESPONDENCE -- SEND BY NOON ON THURSDAY. Correspondence received by 12:00 PM the day of this public hearing will be provided to the Board at the hearing.

• Correspondence received after 12:00 PM the day of this public hearing will be saved in the project administrative record.

Meeting background and talking points

BACKGROUND

In January, the city planner handling the developer's application informed the developer that the housing project would need to under go "an Infill Environmental Checklist with a potential for an Infill Environmental Impact Report (EIR)." This is because construction of the 17-story apartment tower would result in the destruction of United Artists Theater at 2274 Shattuck Avenue, except for parts of the facade and lobby, and because the UA is on the California Register of Historical Resources and is thus an historic resource under CEQA.

In early March, the developer demanded that the project be granted a categorical exemption from CEQA under a new state law, AB 1633. The city made a point of not telling our group about this exemption request, despite phone calls and emails seeking this information. Instead, the planner said the developer had the project "on hold." The letter demanding the categorical exemption was not posted to the city's public records archive until more than two months later.

At some point after that, in the spring, the city sought the "peer-review" opinion of architectural historians who reviewed the Historical Resource Evaluation (HRE) submitted by the developer, a report that dramatically and unethically downplayed the theater's historical and architectural value. Again, the city was not being forthcoming about what was going on. Our group had been asking for the city to do this very thing—seek a second opinion on the HRE. But the city made a point of keeping the public in the dark about these reports—which disagreed with the developer's HRE in multiple ways and supported the theater's historic resource status—until it finalized its fateful decision to grant the full categorical exemption under CEQA in early October.

And so, after months of closed-door deliberations and keeping pivotal reports from the public, the city determined in early Oct. that the developer is eligible for a categorical exemption to the California Environmental Quality Act (CEQA) under AB 1633. According to city officials, this determination ensures the development project's approval at the Zoning Adjustments Board meeting next week, meaning that if the project goes to fruition the 1932 art deco UA theater will be destroyed. The city made this decision DESPITE ample evidence that the UA is a "historic resource" under the CEQA statute, which says that projects that destroy historic resources are not eligible for categorial exemptions. When asked, city leaders would not specify which evidence caused it to grant the categorical exemption.

TALKING POINTS:

- **CITIES AND CITIZENS ROBBED OF INPUT AND OVERSIGHT** Now that the city has found the project eligible for the full CEQA exemption, city officials say that ZAB has no choice but to approve the project, no matter what citizens say or what evidence there is (a lot) to demonstrate the theater's protections under CEQA.

- **STATE LAWS—AND THE COMPLICITY OF CITY OFFICIALS—MAKE A MOCKERY OF CITIZEN INPUT AND LOCAL CONTROL OF PLANNING** Several state laws conspire to speed up and ensure approval of housing projects and limit input by local officials and citizens (the HAA, SB 330 and AB 1633). But it's also because the city of Berkeley caved preemptively to the developer when it gave the developer a categorical exemption to CEQA in early

October. There is strong evidence that it didn't have to.

- **THUS, THE ZAB HEARING WILL BE A CHARADE—NOT A LEGITIMATE PUBLIC HEARING WHERE THE INPUT OF CITIZENS IS TAKEN INTO ACCOUNT**

- **CITY OFFICIALS SHOULD DECRY THIS LOSS OF CONTROL AND DO SOMETHING ABOUT IT. Something is wrong when a major housing project—which would result in the destruction of an art deco theater on the California Register of Historical Resources—is going to be rubber-stamped by a so-called public body despite evidence that it is a historic resource under CEQA and despite what citizens say.**

- **THE CITY KOWTOWED TO THE DEVELOPER WHEN IT HAD LEGIT EVIDENCE TO STAND ON TO IMPOSE CEQA REVIEW.** Yes, because of these housing fast-track laws, the city has legitimate fears of lawsuits and financial penalties by not doing what the developer wants. BUT it had legitimate evidence to support imposing the CEQA review as initially planned. CEQA says that categorical exemptions are not allowed if a project presents an "adverse change" to a historic resource, which the UA is.

- **TWO REPORTS FROM ARCHITECTURAL HISTORIANS SHOW THE THEATER SHOULD BE PROTECTED UNDER CEQA** The zoning board will approve the housing project DESPITE the city seeking two peer- review reports from architectural historians over the summer who disagreed with the developer and asserted the theater's protections under CEQA.

- **SAVE THE UA BERKELEY HAD BEEN ASKING SINCE THE SPRING FOR PEER-REVIEW REPORTS, AND THE CITY OBTAINED TWO BUT KEPT THEM SECRET UNTIL CITY MADE THE FATEFUL CEQA EXEMPTION.** Members of Save the UA Berkeley had been

emailing and calling the city asking for it to obtain "peer review" reports of the developer-bought Historic Resource Evaluation. In letters we said the developer's HRE "is not an honest and credible assessment; it would be unethical for city officials to consider this document the final word on the status of this landmark property." We only found out a few weeks ago that the city buried these "peer review" reports for months, purposefully didn't make them public until after it had decided to grant the CEQA exemption in early October, ensuring the development project's approval. (Under AB 1633, if categorical CEQA exemption is granted, the project must go to a hearing within weeks and be approved.)

- **CEQA REVIEW WOULD NOT HAVE STOPPED THE HOUSING PROJECT BUT IT IS A PROCESS THAT SEEKS PUBLIC INPUT ON WHAT IT MEANS TO DESTROY "HISTORIC RESOURCES" LIKE THE UA.**

- **HOUSING CONSTRUCTION IS IMPORTANT BUT THERE MUST BE SOME ABILITY TO PRESERVE HIGHLY HISTORIC BUILDINGS** The pendulum has swung too far in favor of developers and away from local control.

- **THE UA, THE CAL, AND THE SHATTUCK CINEMAS ARE BEING SACRIFICED FOR MARKET RATE HOUSING, NOT HOUSING THAT WILL HELP THE POOR AND WORKING CLASS** It's important to note that the high-rise apartment buildings going up around the city are market rate housing, with a small fraction of affordable units, which many experts say will not remedy the housing crisis.

WHY THE UA SHOULD BE SAVED

- **UA FINEST THEATER EVER BUILT IN BERKELEY** Built in 1932, the UA is the finest movie theater ever built in Berkeley that is critically located in the heart of the downtown. It is chock full of architectural detail and decor.

- **PERHAPS THE BIGGEST REASON WHY THE UA IS UNIQUE AND HIGHLY VALUABLE IS BECAUSE, IN THE '70S, PRESERVATIONISTS MADE SURE THAT THE ORIGINAL GRAND AUDITORIUM WAS PRESERVED BEHIND THE MULTIPLEX RETROFIT'S FALSE WALLS.** The original gilded ceiling, stage, proscenium arch, while damaged, still exist behind the retrofit. That's not including all of the splendid murals, fixtures and other decor that is in great shape in the lobby, hallways, and multiplex screening rooms.

- **UA HAS POTENTIAL IF IT IS NOT DESTROYED** The UA could remain a uniquely historic multiplex theater or be restored as a live performance venue like the Paramount in Oakland.

- **KEEP HISTORIC CHARACTER IN THE DOWNTOWN** The people who move into the downtown's new buildings, and the whole city and region, will appreciate and benefit from the retention of buildings of high architectural, cultural, and historic value.

- **ONLY ONE COMMERCIAL THEATER LEFT IN A CITY THAT WAS ONCE THE REPUTED CENTER OF CINEMA CULTURE**

- **DESTRUCTION OF THEATERS VIOLATES DOWNTOWN AREA PLAN** This all goes against the city's Downtown Area Plan, which was the product of over 200 public meetings and explicitly calls for the retention and support of downtown cinemas. This plan, adopted in 2012, is still in effect.

- **EIGHT YEARS AGO, A CITY-COMMISSIONED STUDY FOUND THAT NEARLY 700,000 PEOPLE PATRONIZED THE DOWNTOWN'S THREE COMMERCIAL MOVIE THEATERS.** Yes, movie attendance has dropped dramatically, but are you sure that the

downtown wouldn't benefit from a movie theater or more?

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Hello,

We need housing built at 2274 Shattuck! This would be right next to BART and close to jobs, and would provide twenty-three affordable homes. This building also preserves the facade of the vacant theater it would replace.

When it comes to historic preservation, I value the parts of buildings I, as a random citizen, actually interact with. I pass by this theater all the time when running errands downtown. Now that the theater has closed, I don't interact with the newer insides. What I interact with is the older parts of it visible right on the street. By preserving the facade, we preserve history. By preserving a vacant theater (which are endangered partly due to the fact that no one has the money to live here anymore), we don't.

And don't forget that the housing being built helps us too! I can barely afford to live here as it is, renting a room in a duplex from an older retired woman, and there's no way, even at age 43, could I afford to live here if I had kids to support. Get us some more homes built, right where they are needed!

Thank you,

Paul Bickmore

Subject: Please approve housing at 2274 Shattuck
Date: Wednesday, December 11, 2024 11:00:10 PM

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Commission Zoning Adjustments Board Berkeley,

I am writing to urge you to approve the proposed housing development at 2274 Shattuck, ASAP and with urgency.

Opponents have argued that this site should be preserved as a historic building, but there is no practical, safe, or affordable way for that to happen, as demonstrated by in-depth structural and historical analyses of the building. The interior of the building has been renovated extensively, such that it resembles a modern-day, utilitarian multiplex. Only the façade and lobby retain their original architectural features, and the developer has proposed restoring and preserving those features.

Despite an extreme overreach by staff that requested landmarking the entire structure, even the Landmarks Preservation Commission dialed back the preservation portion to cover only the façade and lobby, as the developer had proposed. The existing building is seismically unsound and poses a health and safety risk to the public, but the housing development proposed at the site could address these issues.

There is a way to honor the history of the theater while also building badly-needed housing, and this proposal aims to do just that.

This project will provide 227 affordable-by-design units which are suitable for students, young professionals, and families. The project also provides 23 very low-income affordable units. It will contribute more than $7M in Building Permit and Impact Fees to the City of Berkeley, and it will also contribute ~$2M annually to the property tax base.

It’s long past time for this project to break ground. Please support it so that we can move forward.

Sincerely,

> From the beginning of this theater's history, Berkeley's has never looked into to finding ways to keep this historic resource safe, even though cities and towns all over the country have done and are doing just that. The artistry and materials used in art deco buildings can never be duplicated again.
>
> Throughout our efforts to landmark the UA, the Landmark Preservation Committee (hereinafter "LPC") and ZAB have gone out of their way to muddy the process and divulge the least amount of information to us possible. Indeed we have been treated with disdain and in one case ridicule from various members of the city's personnel.
>
> There seems little to no reason to have an LPC committee or a zoning board if Berkeley refuses to preserve their most important property.
>
> LPC member Steve Finacom said at the final hearing for the UA, and I paraphrase; "If we do not save the UA, we might as well lock our office door and throw away the key. Downtown Berkeley will be nothing but a bunch of bedrooms."
>
> Berkeley will now have just one small commercial movie theater when it could have an equivalent of the Oakland Paramount in its downtown area. This building could be used as a multipurpose center for culture and arts, for the symphony, ballet, film and public events.
>
> At no time did any Berkeley city official look at creative ways to keep this building from demolition. Berkeley certainly went to bat for the Ohlone sacred ground and rightly so, it was saved from developers. No one was crying NIMBY for that rescue mission.
>
> We understand Berkeley has to follow current state laws for affordable housing. You all know this is not truly affordable for low income residents when the rates are based on a medium income of $100,000. What city will say that enough is enough. It's time to stand up and demand the housing laws take into account our precious historic properties, in particular our Art Deco movie theaters, of which very few are left.
>
> It is heartbreaking and criminal that none of city officials cared enough to save this public building built by Charlie Chaplin, Mary Pickford, and Douglas Fairbanks. Berkeley's city officials will all go down in history as the people that allowed the destruction of this Art Deco masterpiece.

Commission Zoning Adjustments Board Berkeley,

I am writing to urge you to approve the proposed housing development at 2274 Shattuck, ASAP and with urgency.

There could just…be homes there. People living downtown, keeping it lively and safe, mere blocks from BART and the university. But instead it's a shuttered movie theater. No aesthetic, no matter how nominally historical, is worth the lives of the people suffering in tents and RVs two blocks from my house because they can't afford anything else in Berkeley.

This is a good project. Let downtown evolve into something new and useful. Let new people find new things to love there.

Thanks.

Adam Rogers

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Dear ZAB Commissioners,

I am writing to urge you to approve the proposed development at 2274 Shattuck at once so this project can continue to move forward as intended under SB 330.

Opponents have argued that this site should be preserved as a historic building, but there is no practical, safe or affordable way for that to happen, as demonstrated by in-depth structural and historical analyses of the building.

Unfortunately, a faux “grassroots” Facebook group (many of whose members are from out of town and some of whom don’t even live in this country, not to mention the scores who appear to be bots or manufactured personas) tried to dredge up support and used false information to try to undercut this project when it came before theLandmark Preservation Commission (LPC).

Despite an extreme overreach by staff that requested landmarking the entire structure, even the LPC dialed back the preservation portion to what the developer had proposed. Additionally, the City agrees with over 10 third-party consultant reports that the project should be exempt from CEQA. The existing building poses a health and safety risk to the public. The project complies with SB 330 and SB 1633.

There is a way to honor the history of the theater while also building badly-needed housing, and this proposal aims to do just that.

To wit:

- The developer has agreed to restore and renovate the façade on Shattuck. The developer has also agreed to restore the lobby and not replace the lobby with housing.
- This project will provide 227 affordable-by-design units which are suitable for students, young professionals, and families. The project also provides 23 very low-income affordable units.
- This project will contribute more than $7M in Building Permit and Impact Fees to

the City of Berkeley. It will also contribute ~$2M annually to the property tax base.

It's long past time for this project to break ground. Please support it so that we can move forward.

Regards,

Phyllis Orrick

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Consider how much BERKELEY has lost in of architectural & cultural treasures. A long list of treasures that gave Berkeley a unique charm and drew businesses and tourists. And made Berkeley a highly liveable and walkable city.

ONCE THE REPUTED CENTER OF CINEMA CULTURE, now almost every theater is gone!

KEEP HISTORIC **CHARACTER IN DOWNTOWN**

The people who move into the downtown's new buildings, and the whole city and region, will appreciate and benefit from the retention of buildings of high architectural, cultural, and historic value. **THE UA, THE CAL, AND THE SHATTUCK CINEMAS ARE BEING SACRIFICED FOR MARKET RATE HOUSING, NOT HOUSING THAT WILL HELP POOR/WORKING CLASS.**

HOUSING CONSTRUCTION IS IMPORTANT BUT SO IS PRESERVING HIGHLY HISTORIC BUILDINGS!

AND DESTRUCTION OF THEATERS VIOLATES DOWNTOWN AREA PLAN!

Something is wrong when a major housing project—which would result in the destruction of an art deco theater on the California Register of Historical Resources—is going to be rubber-stamped by a so-called public body despite evidence that it is a historic resource under CEQA and despite what citizens say.

DON'T LET THE UA BE DESTROYED!

Thank you.

Date: Monday, December 9, 2024 6:30:14 PM

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Dear Zoning Adjustments Board,

Berkeley's theater destruction project is almost complete. Here in Berkeley where Pauline Kael once changed film review and culture from the comically uncomfortable seats of close to fifty local theaters large and small, we are reduced to a greed-based view of a barren landscape designed for and about profit alone.

Some of us are fortunate to be old enough to remember a town when one's choice of theaters in walking distance was so large and attendance so reliable that film and the truly human shared experience of it was a natural part of an evening's entertainment, a dating pattern, a celebration, a Sunday matinee moment. The films never stopped, but the theaters were slowly eaten by developers' overwhelming hunger and complete lack of vision including a social myopia content with smaller and even smaller screens.

Building housing without parks, building cities without playgrounds, movie houses, and theaters makes sense if money and loneliness is the goal. But it makes no sense to those who live with a natural understanding of the clarity of music and art's necessity.

You think you can sit on the Zoning Adjustments Board and feel no responsibility for this. But you know the public's opportunities to participate are so constrained at this point that common sense itself is excluded. This is now the public opinion-free public process. Please don't rubber-stamp this insane epidemic.

Save our landmarked UA Theater. Put this matter on hold and reflect on what you're doing to the landscape of our once beautiful town.

Sincerely,

Carol Denney

Subject: correspondence re:Item #6 of the Dec. 12 ZAB agenda (ie: 2274 Shattuck Ave)
Date: Monday, December 9, 2024 6:28:06 PM

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Dear Members of the Berkeley Zoning Adjustments Board,

I am writing regarding Item #6 of your December 12 agenda, the proposed project at 2274 Shattuck Avenue. I strongly urge the Zoning Adjustments Board to reject the project in its current form, which would result in the destruction of the historic UA Berkeley Theater. This correspondence is an appeal for thoughtful consideration of the facts and the preservation of Berkeley's architectural and cultural heritage.

The City's decision to grant a categorical exemption from the California Environmental Quality Act (CEQA) for this project has effectively robbed citizens of their right to provide meaningful input and participate in local planning oversight. This decision dismisses strong evidence demonstrating the UA Theater's protections under CEQA as a historic resource. Two peer-reviewed reports commissioned by the City over the summer concluded that the UA Theater qualifies as a historic resource under CEQA. These reports, however, were kept hidden until after the exemption decision was made.

The UA Berkeley Theater, built in 1932, is a significant architectural gem in downtown Berkeley. Its grand auditorium, original gilded ceiling, stage, and proscenium arch remain intact behind later retrofits, along with splendid murals, fixtures, and Art Deco décor. The theater has enormous potential for adaptive reuse, whether as a restored multiplex or a live performance venue akin to Oakland's Paramount Theater.

Furthermore, approving this project contradicts Berkeley's Downtown Area Plan, which explicitly calls for the retention and support of downtown cinemas. Destroying this historic theater for market-rate housing—much of which will not serve the poor or working class—fails to balance the city's need for housing with the preservation of its unique character and cultural landmarks.

The pendulum has swung too far in favor of developers, driven by state laws like SB 330 and AB 1633. These laws expedite housing projects while sidelining local control and public participation. But the City of Berkeley had legitimate evidence to challenge the developer's categorical exemption under CEQA. CEQA is not a roadblock to housing—it is a tool for informed public dialogue and balanced decision-making.

Once lost, Berkeley's historic character cannot be replaced. The destruction of the UA Theater would be a devastating blow to our community's architectural and cultural heritage. I urge the Zoning Adjustments Board to reject this project and push for a solution that respects both the need for housing and the preservation of this irreplaceable landmark.

Thank you for your attention to this critical matter.

Sincerely,
Adam Wooley

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

To the Members of the Zoning Adjustment Board,

My name is Samuel Siegel, I am a UC Berkeley alumnus; researcher, urban designer, planner, preservationist, and historian who is a member of "Save the United Artists Theatre Berkeley."

I am writing in protest and condemnation of the Zoning Adjustment Board's decision to grant the United Artists Theater at 2274 Shattuck Avenue a full exemption from undergoing the California Environmental Quality Act's Environmental Impact Review process.

The city has consistently ignored the outcry of thousands of its citizens and community members who are demanding this historic 1932 theatre be saved. Designed by Clifford Balch of the architecture firm Walker & Eisen, featuring decor from the Heinsbergen Decorating Company, and opened in a grand ceremony featuring United Artists founders Charlie Chaplin, Mary Pickford, and Douglas Fairbanks—it is an irreplaceable Art Deco treasure.

Berkeley's own peer review experts, The Rincon Group, stated in two reports that, despite the review limitations and fast-tracking procedures of SB 33 and AB 1633, the United Artists Berkeley should NOT be exempted from an EIR, underscoring that the UA is recognized as a property of historic interest on both state and national registers.

As a trained planner and designer, I am well aware that a CEQA review will not prevent this abhorrent project from going forward, but an EIR would reveal what a unique and nearly fully intact example of Art Deco architecture the UA Berkeley is, showing the world what exactly the city is bending over backwards to allow to be removed from the face of this earth. Truly, a crime against architecture, history, and heritage.

The developer has gone to great lengths to obfuscate the historic and architectural significance of this theatre from the public. Their reason for doing so is simple: revealing the majesty of what they are callously proposing to destroy would undoubtedly result in further outcry, and heavens forbid, the developer not getting their way.

A full investigation into the significance of the structure may have attracted monied interest groups eager to buy the theater and save it from destruction, rather than allowing this issue to wallow in relative obscurity as municipal officials and real estate interests collaborated to elevate luxury housing above invaluable architectural heritage.

From the beginning of the UA's history, the City of Berkeley has never once looked into ways to safeguard this landmark, despite cities across California and the nation doing just that. The artistry and materials used in Art Deco cinema palaces such as the UA Berkeley can never be duplicated again.

What reason should the Landmarks Preservation Committee or Zoning Adjustment Board even exist if not to preserve such an architecturally and historically significant structure as the UA Berkeley? It is a clear dereliction of their respective duties to the people of the City of Berkeley and the State of California.

The wanton destruction of the UA Berkeley will leave California's most famous college town with but a single, small commercial movie theater in the form of the Elmwood Theatre on College Avenue following the unprecedented and entirely avoidable losses of the historic California Theatre and the former Hink's Department Store which had served as the Shattuck Cinemas for decades.

Do not allow these tragedies to be repeated again.

With minimal due diligence on the part of the ZAB regarding the project at 2274 Shattuck Avenue, Berkeley could be home to a grandiose and iconic major event venue akin to the Paramount and Fox Theatres in Oakland; the Castro, Golden Gate, Curran, Geary, and Orpheum Theatres in San Francisco; and the Pantages, El Capitan, United Artists, Orpheum, and Egyptian Theatres in Los Angeles.

The UA Berkeley could EASILY be adaptively re-used as a multipurpose artistic and cultural entertainment venue for orchestral performances, concerts, comedy shows, ballets and operas, modern/historic/international film screenings and festivals, stage plays, lectures, public events, and more.

In fact, for inspiration as to the proper path ahead, the ZAB need look no further than Westwood Village—another California college town with its own large UC campus—where an ownership consortium headed by Director Jason Reitman is spearheading a transformation of the 1931 Fox Westwood Village Theatre through a combination of historic preservation and adaptive re-use involving seismic upgrades, restoration work, the addition of new screening rooms, and the conversion of adjoining retail space into lounges, film memorabilia museums, and restaurants.

In doing so, the previously declining theatre will become the beating heart of the Westwood and UCLA communities, home to modern, historic, and international film screenings and premieres, rotating film history exhibits, bustling lounges and restaurants, and, with the potential co-programming of the adjacent Fox Bruin Theatre, film festivals as well.

Yet at no time did any Berkeley city official examine such creative means to spare the UA from demolition. Is the City of Berkeley really so lacking in imagination that it can see no future for the UA Berkeley apart from being leveled for a generic luxury apartment tower? In a place home to so many great artists, academics, and thinkers over the decades…I think not. For the sake of those that came before you and those that will follow in your footsteps, do not disgrace your own legacy and do not condemn future generations to mediocrity.

The City fought extensively to preserve Ohlone sacred grounds from developers despite multiple complications with historical records due to extensive changes to the site, yet it can't be bothered to lift a finger to save the largest and grandest theatre ever built in Berkeley city limits?

A theatre that, beneath readily removable modifications, remains mostly intact and has

extensive documentation to highlight both its historic significance and enable its restoration? The notion is preposterous and absurd. So much so, that to demolish it would require circumventing the law and hiding the truth, which quite clearly seems to be the case here.

As echoed by Henry David Thoreau and Martin Luther King Junior, if a law is unjust, one has not only the right, but the moral obligation to oppose it.

To the members of the Zoning Adjustment Board, I implore you, serve the interests of the people of the City of Berkeley and the State of California, not corporate greed. Take a stand against California's imperfect housing laws that both fail to provide for truly affordable housing and fail to preserve our built heritage and historic spaces and places.

Per the states' recent housing laws, in the City of Berkeley alone, low-income rates for affordable housing are based upon a median income of $100,000; and beyond a gutted and clearly ineffective CEQA EIR process susceptible to developer interference and municipal collusion, no specialized protections exist for any professionally recognized architectural, historic, and culturally significant resources endangered by housing developments, whether allegedly "affordable" or otherwise.

But *you* can make a difference. *You* can seize this moment and stand against a corrupt system and a corrupt developer seeking to manipulate SB 33 and AB 1633 to deprive Berkeley of a community space, grand entertainment venue, and a historical cultural asset.

Do your due diligence as planners, stand in solidarity with the people's best interests, take a bold act of civil disobedience and DENY the approval of the project at 2274 Shattuck Ave.

You serve the PEOPLE of Berkeley, not developers. There is no reason whatsoever why this project must necessitate the destruction of the theatre. It is possible to both preserve the UA Berkeley and allow for high-rise housing construction.

If you refuse to stand up to this blatant abuse of the law and deny the project outright, then at the very least, build a powerful compromise between your past spinelessness and submission to wealthy developers and your duty to both preserve Berkeley's past and provide an exciting new entertainment and cultural venue for future generations of residents.

This compromise can exist in two forms of conditional approval.

(1) Approve the project with a stipulation that the developer provide a secondary site within city limits upon which the entire theatre can be disassembled and relocated to.

(2) Approve a land swap between 2274 Shattuck and a property owned by the City of Berkeley; whereupon the city will sell the theatre to a preservation consortium while allowing the developer to construct an augmented project at the alternate site via height exemptions from 2274 Shattuck's air rights, or a special zoning exemption.

It is heartbreaking and criminal that no city officials cared enough to save this iconic building born out of the fruits of Charlie Chaplin, Mary Pickford, and Douglas Fairbanks' work. Should the UA Berkeley be demolished, it will forever be a stain on Berkeley's history and legacy, and the city officials in office today will all go down in history as the people that allowed the destruction of an Art Deco masterpiece.

Regards,
Sam Siegel, M.U.R.P.

Zoning Adjustments Board
City of Berkeley
1947 Center Street, 2nd Floor
Berkeley, CA 94704

Re: 2274 Shattuck Avenue - Use Permit #ZP2023-0079

Dear Zoning Adjustments Board:

Hanson Bridgett LLP represents the applicant and project sponsor for the above-referenced project. We submit this correspondence in response to two peer reviews – one for the project's Historic Resource Evaluation ("HRE") and the other for its Project Impact Analysis ("PIA"). The applicant team learned very recently that the two peer reviews were published, and that those peer reviews arrived at different opinions regarding the purported historical features of the site.

We want to reiterate to this Board – and to the public – that the City's CEQA review for this project was completed in accordance with AB 1633, a new law under the Housing Accountability Act ("HAA").[1] AB 1633 applies to a small subset of housing projects: high-density, infill residential development located close to major transit corridors or stations (along with numerous other checklist items). AB 1633 *requires* cities to find those high-density infill projects exempt from CEQA, if substantial evidence supports the findings for the exemption.

The law makes a significant change to the substantial evidence standard, *in favor of high-density infill housing production*. AB 1633 puts the state's finger on the scale "to significantly increase the approval and construction of new housing…and effectively curb the capability of local governments to deny, reduce the density for, or render infeasible housing development projects." As a result, cities must disregard professional differences of opinion in favor of *expediting the approval* of new, high-density infill housing.

As noted in the staff report, this project meets all of the eligibility requirements of AB 1633. On October 4, 2024, the City found that the project met all requirements of the Class 32 exemption. **To clarify, the City *was required* to approve a CEQA exemption for this project pursuant to the HAA because substantial evidence provided by *the applicant* supports the use of the Class 32 Infill Exemption, and no exceptions apply to the exemption in this case.**[2]

[1] Gov. Code § 65589.5, subd. (h)(6)(D). AB 1633 became effective on January 1, 2024. Since then, it was recodified and, after January 1, 2025, will appear as Gov. Code § 65589.5.2.

[2] Gov. Code § 65589.5, subd. (h)(6)(D)(i) and (ii).

This is exactly the type of project that AB 1633 intended to protect from CEQA delay. The project will add 227 new housing units, including 23 affordable to very-low-income households. The project is located near BART and other high-quality transit, with close proximity to the UC Berkeley campus, and the project meets all of the other AB 1633 checklist items. The only issue raised during the City's CEQA review involved the historical designation of the site.

With regard to the site's historical designation, the applicant's HRE extensively documented the building's alteration over time, and concluded that the building has lost "*integrity by serial alteration, damage, and destruction of its most important interior and exterior features*" as it was divided from a single screen theater into a seven-screen multiplex.[3] The HRE also reviewed inconsistent findings in earlier surveys and found that the sheer concrete façade on Bancroft Way is not a character-defining historical feature of the site.

The City's Landmark Preservation Commission concurred with the HRE when it reviewed a citizens' petition to landmark the site, on February 1, 2024. In discussing the Bancroft Way façade, after a lengthy discussion, the LPC voted to not include the Bancroft Way façade as part of the Features to be Preserved as a City Structure of Merit.

The PIA found that the project will preserve and restore the upper (original) part of the façade facing Shattuck Avenue, replace its current incompatible storefront, and renovate the lobby, and that those changes will not have an impact on historical resources under CEQA.

The peer reviews claimed, on the other hand, that the existing façade along Bancroft Way is a character-defining feature of the site, based on a cursory statement in a 2015 survey. The peer reviews, however, did not address the HRE's review and findings regarding the 2015 survey, namely that the 2015 survey was contradicted and superseded by an earlier evaluation in 1978, which characterized the Bancroft Way façade as "a massive irregularly shaped concrete block… with service entrances and little else."[4] As the HRE noted, the 1978 report constituted the primary basis for the site's listing on the California Register of Historic Places. In addition, as the City's staff report noted, the 2015 survey was prepared in connection with the City's review of a *proposed* Shattuck Avenue Commercial Corridor Historic District. Although that District was never finalized, the PIA evaluated potential impacts of the project to the proposed district, as required under CEQA. The HRE and PIA relied on substantial evidence in the record (i.e., the 1978 report) to establish that the Bancroft Way façade, and the entire area proposed for demolition, does not contain character-defining features worthy of preservation.

Reasonable minds, and architectural historians, can differ in opinion on the historic merits of the sheer concrete façade on Bancroft Way, or other features of the site. Under AB 1633, however, differences in opinion do not establish a valid basis for revisiting the CEQA exemption that was approved for this project. The City approved the Class 32 Infill Exemption in October of 2024, after deliberation by the City Council and in coordination with the City Attorney. As a result, the CEQA determination is not subject to further review by this Board, and we find it unnecessary to address other areas where the peer reviews lack credibility.

[3] HRE at p.1 of 51, emphasis in original

[4] See HRE, p. 43 of 51

In March 2024, when the applicant's initial AB 1633 request was submitted, we requested that the City refrain from obtaining peer reviews given that they would have no legal bearing on the project, and could needlessly confuse and delay the City's CEQA review and processing of the project. In any event, in submitting this letter the applicant is not taking issue with any of the findings in the City's staff report, but merely addressing why any discrepancy with regard to the peer review findings has no bearing on the City's CEQA review of this project. We appreciate that the City properly found this project exempt from CEQA under the framework provided by AB 1633, and we respectfully request that the Board approve this project.

Sincerely,

Robin R. Baral

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Greetings.

The members of the zoning board have a very large responsibility as you consider the proposal to demolish Berkeley's last downtown movie theater in favor of more housing, predominantly priced at market rate rather than the middle- and low-income housing we need. Building for that level of pricing does not suit developers' drive for as much profit as possible.
But we've already built more than our quota of above-middle-income housing.

Anyone who considers the promises of the president-elect can anticipate a huge impact on the construction industry, since it is dependent upon many low-paid workers who now are under threat of deportation. As appears with our now-demolished treasure the Shattuck Cinemas, the developer may be unwilling to go forward because the anticipated profits are turning into liabilities in this suddenly unpredictable economy.

What I have treasured most about living in Berkeley for more than 50 years has been its diversity of all sorts—cultural, racial, economic. But beginning in the 80s the greed of real estate investors and developers has relentlessly reduced that diversity, making Berkeley now unaffordable to all but the wealthy, unless they bought homes decades ago. This process has made Berkeley a much less interesting, culturally-rich place to live, too expensive for many former residents—teachers, librarians, artists, food service workers, students, ordinary people.

Emblematic of this loss of cultural diversity is the city council's failure to ensure that downtown Berkeley has a public venue for film. In 2015 a group of Berkeley residents began to alert filmgoers that our cultural treasure the Shattuck Cinemas had been targeted by a developer, prepared to destroy it and replace it with an 18-story highrise. At that time the Cinemas were selling 250-300,000 tickets a year, drawing ticket-buyers from across the East Bay and enlivening the downtown economy. We managed to help hold off demolition for five years until the developer refused to address some of the ZAB requirements and sold the property. The new buyer planned on a less ambitious scale and initially assured us he'd protect and build atop the Cinemas instead of demolishing them, and then he broke that promise and demolished our treasure. And the site still lies in rubble months later. The housing bubble may be about to burst, so we may have had our cultural treasure demolished without even seeing its replacement by market-rate housing (NOT what is needed).

I write now to urge your thoughtful attention to the possibility of saving Berkeley's one remaining, magnificent venue for film (the California Theatre having been closed if not yet demolished). The 1932 United Artists Theatre opened to great fanfare during the Great Depression by the company founded by Mary Pickford, Douglas Fairbanks, and Charlie Chaplin. Surely this architectural gem, on the California Register of Historical Resources, is worth protecting for current and future generations of Berkeley and East Bay residents. One cannot see great films (or even well-made entertaining films) adequately in our private homes on smaller screens. We need not only more affordable housing but affordable culture and entertainment as well, if we
are to be a city loved by its residents. We need a venue where film can be seen on a big screen and in community with others.

The city can preserve this historic cultural venue by requiring any development to preserve the theater intact and to design a building that can be constructed atop the existing building.

Sincerely,

Charlene M. Woodcock
Berkeley

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Commission Zoning Adjustments Board Berkeley,

I am writing to urge you to approve the proposed housing development at 2274 Shattuck, ASAP and with urgency.

Opponents have argued that this site should be preserved as a historic building, but there is no practical, safe, or affordable way for that to happen, as demonstrated by in-depth structural and historical analyses of the building. The interior of the building has been renovated extensively, such that it resembles a modern-day, utilitarian multiplex. Only the façade and lobby retain their original architectural features, and the developer has proposed restoring and preserving those features.

Despite an extreme overreach by staff that requested landmarking the entire structure, even the Landmarks Preservation Commission dialed back the preservation portion to cover only the façade and lobby, as the developer had proposed. The existing building is seismically unsound and poses a health and safety risk to the public, but the housing development proposed at the site could address these issues.

There is a way to honor the history of the theater while also building badly-needed housing, and this proposal aims to do just that.

This project will provide 227 affordable-by-design units which are suitable for students, young professionals, and families. The project also provides 23 very low-income affordable units. It will contribute more than $7M in Building Permit and Impact Fees to the City of Berkeley, and it will also contribute ~$2M annually to the property tax base.

It’s long past time for this project to break ground. Please support it so that we can move forward.

Sincerely,
Jackson

RE: Item #6 of ZAB agenda, meeting on December 12, 2024

Before you acquiesce to the developer's plan to destroy the historic UA Theater in our downtown, please take an objective look at what our downtown has become under the thumb of market-rate housing development over any considerations of other community benefits and amenities.

The monolithic, faceless apartment/condo edifices that dominate our downtown space demonstrate an abnegation on the part of our mayor and city council to preserve cultural facilities and public open space so essential to sustaining a viable city center. And these buildings do not represent affordable housing requirements; they are market-rate. We are left with a downtown devoid of character, save the Addison Street performance spaces and the PFA and Museum complex. How can the remaining restaurants, cafes, and retail establishments survive without any civic cohesion?

Preserving the grand UA Theater as a cultural center would do much to anchor our downtown. As an important historic structure, its destruction does not qualify for a "categorical exemption" to full CEQA review. And our Downtown Area Plan of 2012 is still in effect. This alone should have required a full review and extensive public involvement in the fate of 2274 Shattuck.

Thank you for your consideration.

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Dear ZAB Members,

Regarding: Item #6 for Dec. 12meeting (2274 Shattuck Ave).

Berkeley's approval of the proposed destruction of the 1932 United Artists Theatre would be the most tragic Bay Area land-use decision in sixty years. The UA is an Art Deco masterpiece. Removing the seven smaller theaters installed in the 1970s would reveal a nearly preserved movie palace including a gold and silver leafed proscenium, organ chambers and a breathtaking, forty-foot starburst which graces its gold, untouched ceiling.

I am extremely concerned that the City has granted CEQA exemptions to the developer despite the city obtaining two peer-review reports from architectural historians that disagreed with the developer and supported the UA being a "historic resource" under CEQA. It appears that the city has handled those reports in a non-transparent way that has prevented appropriate public input from the very citizens who paid for these reviews.

The United Artists could transform Berkeley into a nationally renowned performing arts venue. If you doubt this, look to Oakland. One block away from the iconic Paramount theatre is the Oakland Fox. Both theaters were months away from demolition and are now both showcases and thriving destination points for their city.

I and hundreds of your citizens ask that you save Berkeley's last remaining downtown theater and an architectural building unlike any other on the West Coast.

Sincerely,

Dan Ondrasek

To whom it may concern:
I was born and raised in Berkeley
and it saddens me to think that anyone would consider tearing down this building. Over the years growing up I saw numerous movies here with my friends. I was always amazed by the art decor color and
the plush carpets. It would be a crime to destroy this historic work of art for the sake of housing when there are other sites around. Please throughly consider changing the scope of this and future planning. Thank you.

Berkeley Zoning Adjustments
1947 Center Street, 2nd Floor
Berkeley, CA 94704

Dear Berkeley Zoning Adjustments Board,

As a full-time MBA student at UC Berkeley, I am writing to express my strong support for the proposed development project at 2274 Shattuck Avenue. This project is crucial for addressing the severe housing shortage that students like myself face in Berkeley.

The difficulty of finding suitable student housing in Berkeley is a pressing issue that I have experienced firsthand. Many of my fellow classmates have been forced to couch surf while juggling their studies, simply because they couldn't secure housing before the academic year began. This situation is not only stressful but also detrimental to their academic performance and overall well-being.

The proposed development at 2274 Shattuck Avenue offers a much-needed solution to this problem. With 227 new housing units, including 23 designated as affordable for low-income residents, this project will significantly increase the housing stock available to students and local residents alike. As someone who has struggled to find a place to live in Berkeley, I can attest to the urgent need for more housing options in the area.

While I understand the concerns raised by groups like Save the UA Berkeley regarding the preservation of the United Artists Theater, I believe that addressing the housing crisis should take precedence over maintaining an underutilized movie theater. The developer's commitment to restoring and renovating the facade on Shattuck Avenue and the lobby demonstrates a thoughtful approach to preserving the building's historical elements while meeting the city's critical housing needs. This housing development will provide immediate and tangible benefits to Berkeley residents, particularly students struggling to find affordable housing options.

In conclusion, I urge you to support this vital project at 2274 Shattuck Avenue. By approving this development, you will be taking a significant step towards alleviating the housing crisis that affects so many Berkeley students and residents. The benefits of providing 227 new housing units, including affordable options, far outweigh the preservation of an unused theater space. Let's prioritize the pressing needs of Berkeley's current and future residents by moving forward with this essential housing development.

Sincerely,
Kendenn Rose
Full-time MBA Student, UC Berkeley

RE: Item #6 of Dec 12th ZAB agenda

Dear ZAB,

As a long time resident of Berkeley, I am writing to express my horror at the destruction on our local UA Theater and the my disappointment at the city's ***nontransparent, fast tracking*** of the CEQA approval thereby allowing for the destruction of this beautiful landmark theater.

The UA Berkeley is a paragon of Art Deco architecture that, if destroyed, can never be replaced. It was found eligible for the National Register of Historic Places and it is on the California Register of Historical Resources.

I strongly urge the ZAB to deny approval for the destruction of this irreplaceable theater.

Sincerely,
Andrea Yankowski

1. INTRODUCTION

Rowan Williams Davies & Irwin Inc. (RWDI) was retained to conduct a pedestrian wind assessment for the proposed project at 2274 Shattuck Avenue in Berkeley, CA. The objective of this assessment is to provide an evaluation of the potential impact of the proposed development on pedestrian-level wind conditions.

The project site is located in downtown Berkeley, west of Shattuck Avenue, between Kittredge Street and Bancroft Way (Image 1), and is surrounded by mid-rise buildings in all directions.

The project will consist of a 17-story mixed-use development with a main entrance link on Shattuck Avenue (Image 2). In addition to sidewalks and properties near the project site, key areas of interest for this assessment include main building entrances and amenities at grade (Image 3).

Image 1: Aerial view of the existing site and surroundings (Source: Google Maps).

Image 2: Conceptual rendering of the proposed project (east side).

1. INTRODUCTION

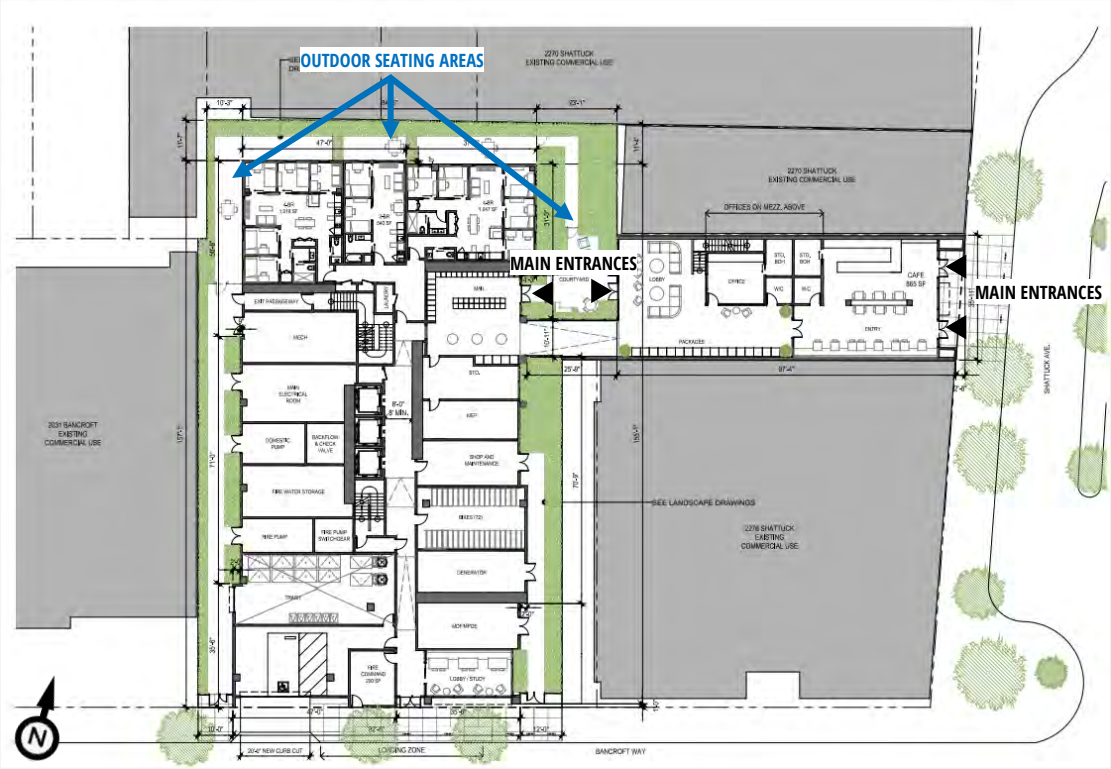

Image 3: Site plan highlighting the location of the main entrances and outdoor seating areas at grade (landscaping not included in simulations).

2. METHODOLOGY

2.1 Objective

The objective of this assessment is to provide an evaluation of the potential impact of the proposed development on wind conditions in pedestrian areas on and around it based on Computational Fluid Dynamics (CFD). The assessment is based on the following:

- A review of the regional long-term meteorological data from the Metropolitan Oakland International Airport;
- 3D model and architectural drawings of the proposed project received on June 21, 2023;
- The use of *Orbital Stack*, an in-house CFD tool;
- RWDI's engineering judgment, experience, and expert knowledge of wind flows around buildings[1-3]; and,
- The Lawson wind comfort and safety criteria.

Note that other microclimate issues such as those relating to cladding and structural wind loads, door operability, air quality, snow impact, noise, vibration, etc. are not part of the scope of this assessment

2.2 CFD for Wind Simulation

Computational Fluid Dynamics (CFD) is a numerical technique that can be used for simulating wind flows in complex environments. For this analysis, CFD techniques were used to generate a virtual wind tunnel where flows around the site and its surroundings were simulated in full scale. The computational domain that covered the site and its surroundings was divided into millions of small cells where calculations were performed, yielding a prediction of wind conditions across the entire study domain. CFD excels as a tool for wind modeling, presenting early design advice, comparing different design and site scenarios, resolving complex flow physics, and helping diagnose problematic wind conditions.

While the computational modeling method used in the current assessment does not explicitly simulate the transient behavior of turbulent wind, its effects were estimated based on other calculated quantities. RWDI has found this approach to be appropriate for the assessment of typical wind comfort conditions. Wind safety issues, which relate to transient, higher-speed gusts, are discussed qualitatively, based on the CFD predictions and our extensive wind-tunnel experience for similar projects.

In order to quantify the transient behavior of wind and refine any conceptual mitigation measures, a more detailed assessment would be required using either boundary-layer wind tunnel or more detailed transient computational modeling.

2. METHODOLOGY

2.3 Simulation Model

CFD simulations were completed for two scenarios:

- **Existing**: Existing site and surroundings.
- **Proposed**: Proposed building and existing surroundings

The computer model of the proposed building is shown in Image 4, and the Existing and Proposed configurations with the proximity model are shown in Images 5a and 5b, respectively. The 3D models were simplified to include only the necessary building and terrain details that would affect the local wind flows in the area and around the site. Landscaping and other smaller architectural and accessory features were not included in the computer model in order to provide more conservative wind conditions (as is the norm for this level of assessment).

The wind approaching the modelled area were simulated for 16 directions (starting at 0°, at 22.5° increments around the compass), accounting for the effects of the atmospheric boundary layer and terrain impacts. Wind data were obtained in the form of ratios of wind speeds at 5 ft above levels of interest, to the mean wind speed at a reference height. The data was then combined with meteorological records obtained from Metropolitan Oakland International Airport to determine the wind speeds and frequencies in the simulated areas.

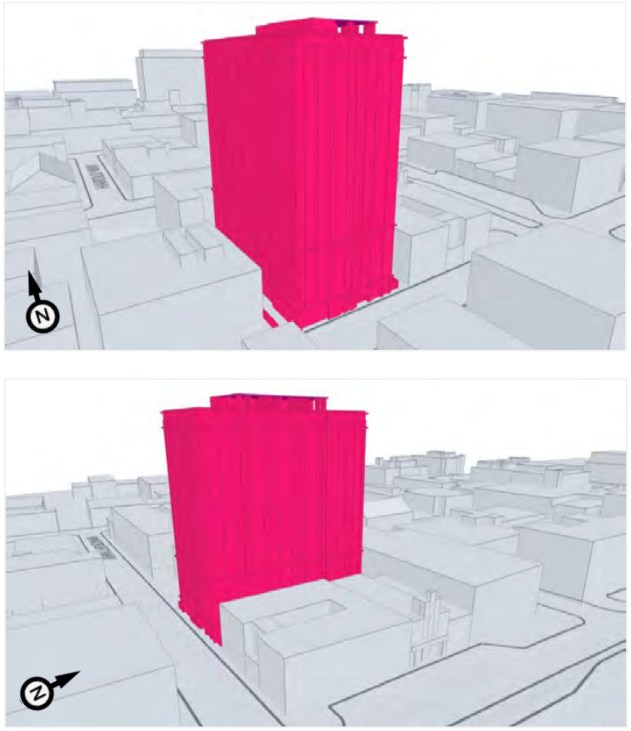

Image 4: Computational model of the proposed project.

2. METHODOLOGY

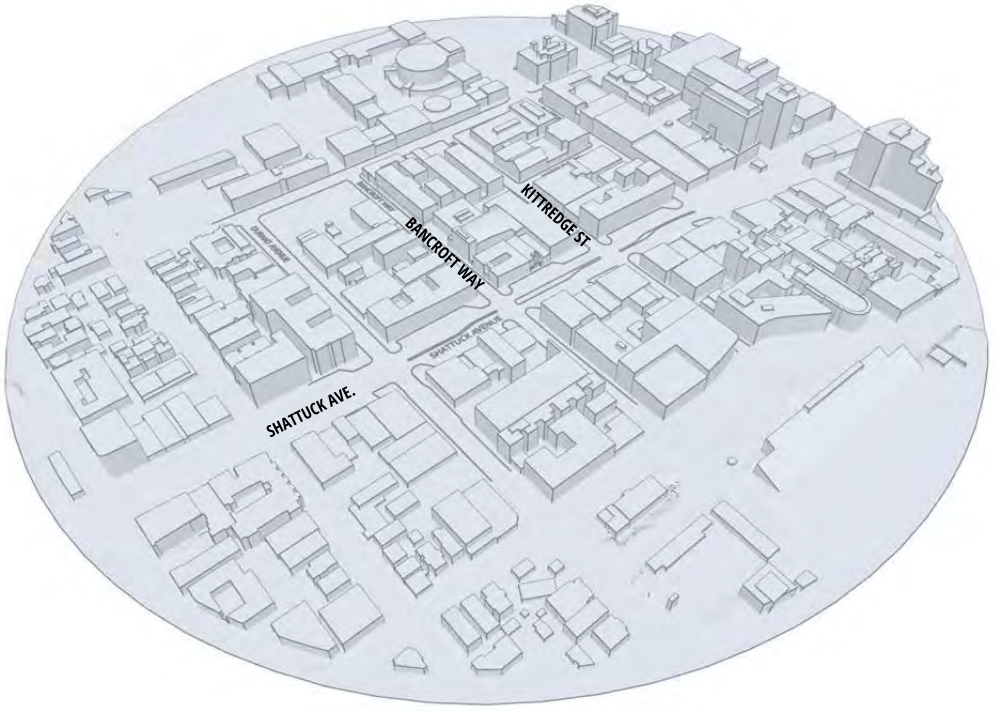

Image 5a: Computational model of the existing site and extended surroundings.

2. METHODOLOGY

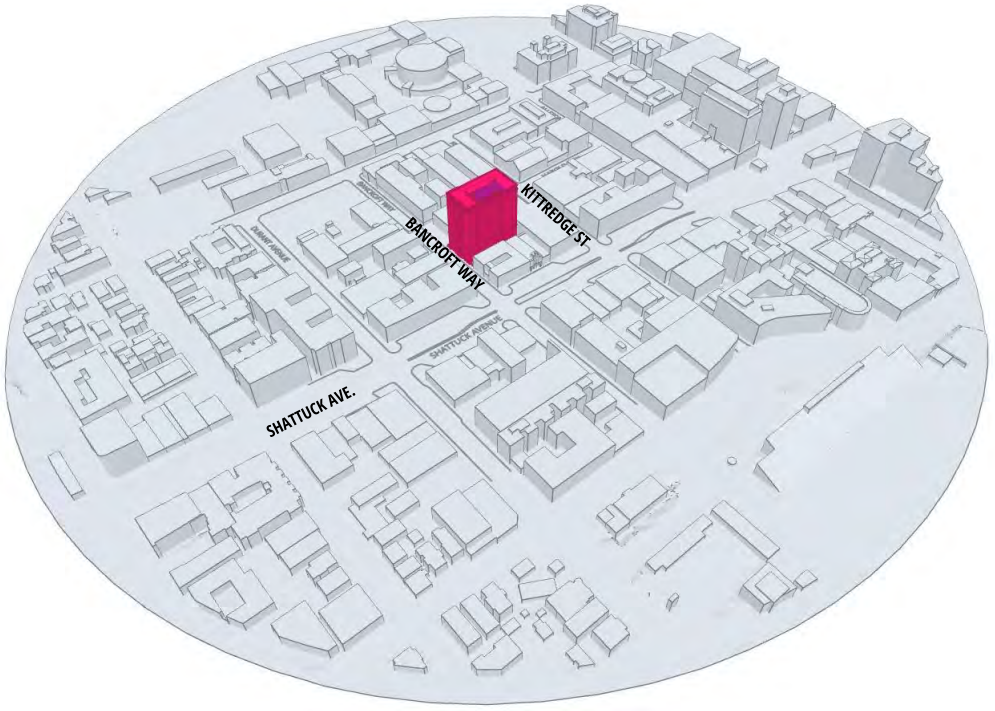

Image 5b: Computational model of the proposed building and extended surroundings.

3. METEOROLOGICAL DATA

Long-term wind data recorded at Metropolitan Oakland International Airport between 1990 and 2020 were analyzed for four seasonal periods – spring (March to May), summer (June to August), fall (September to November) and winter (December to February). Image 6 graphically depicts the directional distributions of wind frequencies and speeds for these periods.

Winds from the west-southwest through northwest directions are predominant throughout the year, as indicated by the wind roses. Winds from the southeast are also frequent during the winter. Moderate to strong winds of a mean speed greater than 15 mph measured at the airport (at an anemometer height of 30 ft) could potentially interact with tall buildings to result in a notable increase in ground-level wind speeds. (yellow and red bands in Image 6).

Wind statistics were combined with the simulated data to predict the wind conditions at the project site and assessed against the wind criteria for pedestrian comfort.

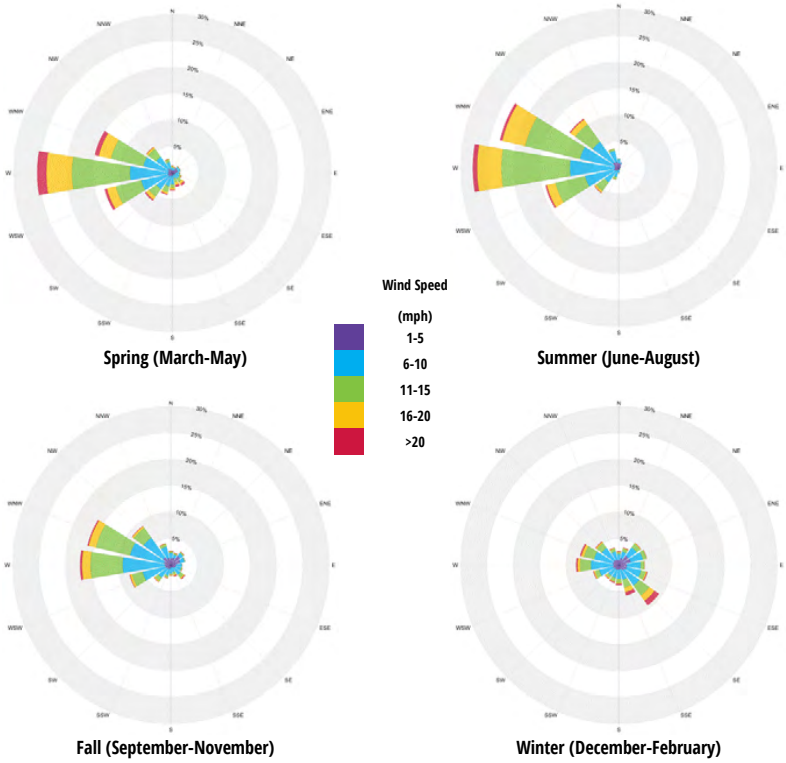

Image 6: Directional distribution of winds approaching Metropolitan Oakland International Airport from 1990 to 2020.

4. WIND CRITERIA

The pedestrian wind comfort criteria used in this study were developed by T.V. Lawson at Bristol University, UK. These criteria are well-established as the benchmark against which to assess the wind microclimate around buildings. Generally, wind conditions are considered acceptable if they produce conditions suitable for the intended activities in the area. The categories listed in the table below are based on these criteria.

4.1 Pedestrian Comfort

Pedestrian comfort is associated with common wind speeds conducive to different levels of human activity. Wind conditions are considered suitable for a given comfort category if the associated mean wind speeds are expected for at least 95% of the time (considering winds occurring for all hours of the day). These criteria for wind speeds represent average wind tolerance. They are sometimes subjective and regional differences in wind climate and thermal conditions as well as variations in age, health, clothing, etc. can also affect people's perception of the wind climate.

Comfort Category	GEM Speed (mph)	Description (Based on seasonal compliance of 95%)
Pedestrian Sitting	≤ 9	Low wind speed where, for example, one could read a newspaper without having it blown away
Pedestrian Standing	≤ 13.5	Comfortable for standing for a short time of exposure at main building entrances, bus stops, and other places
Pedestrian Walking	≤ 18	Wind speeds that would be acceptable for window shopping or strolling along a downtown street
Business Walking	≤ 22	Wind conditions where the objective is to walk from A to B or for cycling
Uncomfortable	> 22	Strong winds considered a nuisance for all pedestrian activities. Wind mitigation is typically recommended

4.2 Pedestrian Safety

Pedestrian safety is associated with excessive Gust Speeds that can adversely affect a person's balance and footing. These are usually infrequent events but deserve special attention due to the potential impact on pedestrian safety.

Safety Criterion		Gust Speed (mph)	Description (Based on a seasonal exceedance of 0.04% and annual exceedance of 0.022% of the time)
Exceeded	Frequent Pedestrian Area	> 33.5	Excessive gust speeds that can adversely affect a pedestrian's balance and footing.
	Infrequent Pedestrian Area	> 45	

5. RESULTS AND DISCUSSION

5.1 General Wind Flow Mechanisms

Wind tends to flow over buildings of uniform height, without disruption. Buildings that are taller than their surroundings tend to intercept and redirect winds around them and to the ground level. The mechanism in which winds are directed down the height of a building is called *Downwashing*. These flows subsequently move around exposed building corners and in the gaps between buildings (Corner Acceleration and *Channeling Effect*). Podiums, canopies, and large trees can help reduce the impact of these effects at ground level. These flow patterns are illustrated in Image 7.

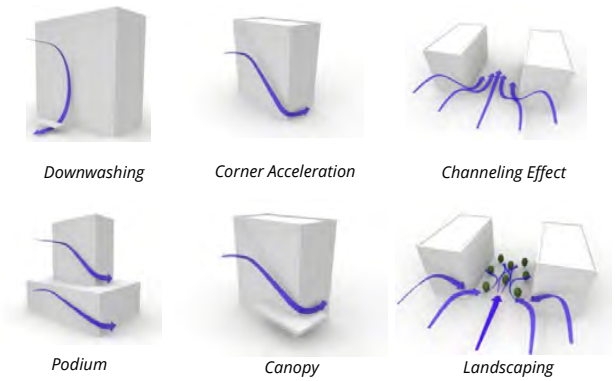

Image 7: Generalized wind flow patterns

5.2 Presentation of Results

The results of the assessment are presented and discussed in detail in Sections 5.3 and 5.4. The graphical presentation is in the form of color contours of wind speeds calculated based on the wind comfort criteria described in Section 4.1, at 5 ft above the ground (Images 8 through 11).

The assessment against the Safety Criterion (Section 4.2) was conducted qualitatively based on the predicted wind conditions and our extensive experience with wind tunnel assessments.

Target Conditions

Wind speeds that meet the criterion for "Pedestrian Walking" or "Business Walking" are appropriate for sidewalks and walkways where pedestrians are likely to be active and moving intentionally. Lower wind speeds that meet the criterion for "Pedestrian Standing" are suitable for entrances and areas where people are expected to be engaged in passive activities. Calm wind speeds that meet the criterion for "Pedestrian Sitting" are desired in areas where prolonged periods of passive activities are anticipated, such as outdoor amenity areas.

COMFORT: PEDESTRIAN SITTING | PEDESTRIAN STANDING | PEDESTRIAN WALKING | BUSINESS WALKING | UNCOMFORTABLE

▶ MAIN ENTRANCE

Image 10: Predicted wind conditions at grade level – Fall

5. RESULTS AND DISCUSSION

(a) EXISTING

(b) PROPOSED

Image 11: Predicted wind conditions at grade level – Winter

5. RESULTS AND DISCUSSION

5.3 Existing Scenario

The existing building on site is low-rise and does not redirect winds to create any notable wind impact at grade. Wind conditions on and around the site meet the criterion for "Pedestrian Sitting" or "Pedestrian Standing" throughout the year (Images 8a, 9a, 10a, and 11a) . Wind speeds at all areas near the project site are predicted to meet the Safety Criterion.

5.4 Proposed Scenario

The proposed building is taller than its immediate surroundings in the prevailing wind directions (west-southwest through north-northwest) and has a broad west-facing façade. As a result, winds intercepted by the western façade of the tower at high elevations are expected to 'downwash' to ground level and accelerate around building corners. Wind speeds at grade are expected to be higher than in the Existing Scenario. This effect is expected to be moderated by the low roofs of the adjacent buildings to the west, which act as a horizontal break for downwashing winds (see Image 7). No safety exceedances are predicted in the Proposed Scenario.

5.4.1 Sidewalks and nearby areas

Wind conditions in the spring and summer are anticipated meet the criterion for "Pedestrian Standing" on most sidewalks around the site (Images 8b and 9b). Higher wind speeds that meet the criterion for "Pedestrian Walking" or "Business Walking" are expected along a segment of Bancroft Way, which may be considered appropriate.

In the fall and winter, wind speeds are generally lower. Wind conditions that meet the criterion for "Pedestrian Standing" are still predicted for most locations around the project site, with increased wind speeds that meet the criterion for " Pedestrian Walking" occurring around the southwest corner of the building (Images 10b and 11b).

5.4.2 Entrances

Wind conditions at all main entrances are expected meet the criterion for "Pedestrian Sitting" in all seasons, which is appropriate.

5.4.3 Outdoor amenities at grade

Wind conditions on the north and northeast sides of the building are anticipated to meet the criterion for "Pedestrian Standing" or "Pedestrian Walking", depending on the season. These speeds are adequate for pedestrians passing by but higher than ideal for outdoor seating areas. We note that the simulations were conducted without landscaping, and the addition of tall landscaping elements to these areas would help to improve wind conditions locally. Other methods for improving wind comfort conditions may include installing tall wind screens or planters near sitting areas (perpendicular to the façade), and/or installing overhead structures (canopies/trellises) around the northwest corner of the building. RWDI can help guide the placement of wind control features if desired, and as the programming of the outdoor seating spaces evolves.

6. SUMMARY

RWDI was retained to provide an assessment of the potential pedestrian level wind impact of the proposed project at 2274 Shattuck Avenue in Berkeley, CA. The assessment was based on computational modeling, simulation and analysis of wind conditions for the proposed development design, in conjunction with the local wind climate data and the RWDI wind criteria for pedestrian comfort and safety. Findings from the assessment are summarized as follows:

1. The existing site is occupied by a low-rise building, and wind speeds onsite are generally calm and suitable for pedestrian use.
2. After the construction of the proposed building wind speeds on the sidewalks around the site are anticipated to remain appropriate for pedestrian use throughout the year.
3. Wind speeds at all main entrances are expected to be appropriate yearlong.
4. The Safety Criterion is predicted to be met within the area considered in this assessment.
5. Wind speeds at the outdoor seating spaces on the north and northeast sides of the building are expected to be higher than ideal for passive uses. Recommendations are provided to improve wind conditions in these areas.

7. DESIGN ASSUMPTIONS

The findings/recommendations in this report are based on the building geometry and architectural drawings communicated to RWDI on June 21, 2023, listed below. Should the details of the proposed design and/or geometry of the building change significantly, results may vary.

File Name	File Type	Date Received (mm/dd/yyyy)
2023.05.22 - 2201 - 2274 Shattuck Zoning Drawings	.PDF	06/21/2023
2201 - 2023.06.21 - Sketchup Model	.SKP	06/21/2023

Changes to the Design or Environment

It should be noted that wind comfort is subjective and can be sensitive to changes in building design and operation that are possible during the life of a building. These could be, for example: outdoor programming, operation of doors, elevators, and shafts pressurizing the tower, changes in furniture layout, etc.. In the event of changes to the design, construction, or operation of the building in the future, RWDI could provide an assessment of their impact on the discussions included in this report. It is the responsibility of Others to contact RWDI to initiate this process.

8. STATEMENT OF LIMITATIONS

This report was prepared by Rowan Williams Davies & Irwin Inc. for Hanson Bridget LLP ("Client"). The findings and conclusions presented in this report have been prepared for the Client and are specific to the project described herein and authorized scope. The conclusions and recommendations contained in this report are based on the information available to RWDI when this report was prepared. Because the contents of this report may not reflect the final design of the Project or subsequent changes made after the date of this report, RWDI recommends that it be retained by Client to verify that the results and recommendations provided in this report have been correctly interpreted in the final design of the Project.

The conclusions and recommendations contained in this report have also been made for the specific purpose(s) set out herein. Should the Client or any other third party utilize the report and/or implement the conclusions and recommendations contained therein for any other purpose or project without the involvement of RWDI, the Client or such third party assumes any and all risk of any and all consequences arising from such use and RWDI accepts no responsibility for any liability, loss, or damage of any kind suffered by Client or any other third party arising therefrom.

Finally, it is imperative that the Client and/or any party relying on the conclusions and recommendations in this report carefully review the stated assumptions contained herein and to understand the different factors which may impact the conclusions and recommendations provided.

The UA theater is a local treasure, art Deco and a great place to have events in Berkeley, and especially wonderfull for Movies!
should it be restored

Its is (or was) the heart of our town.

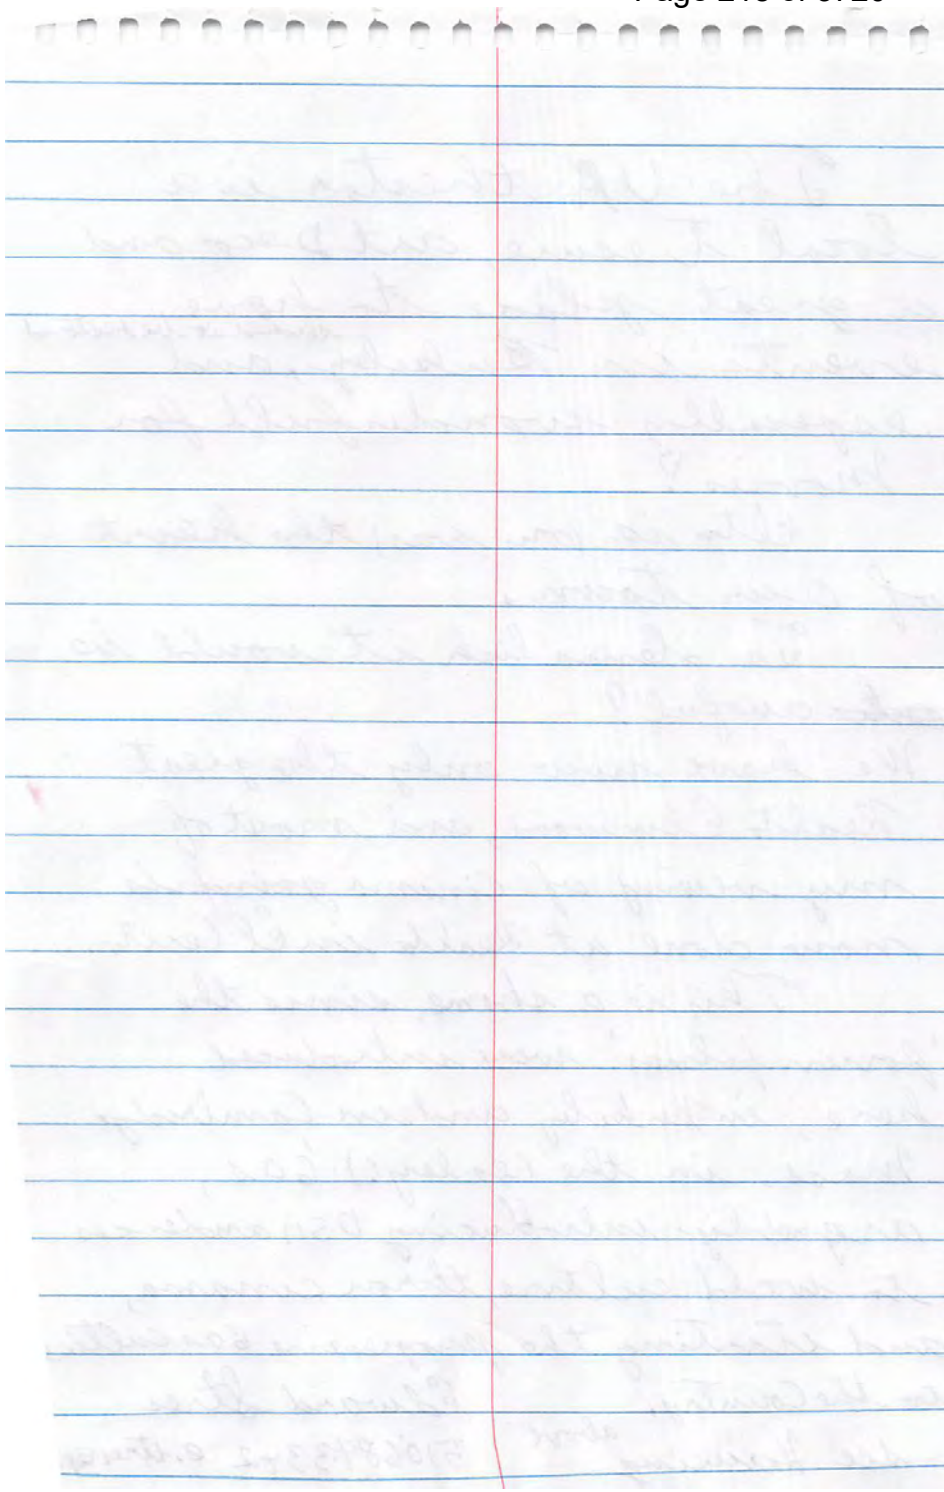
To demolish it would be ~~sick~~ awful!

We have now only the great Realto Elmwood, and most of my veiwing of Cinama going is now done at Realto in El Cerito.

This is a shame, since the 'foreign films' were introduced here, in Berkeley and in Cambridge Mass. in the (early?) 60's, arguably introducing USA audences to world culture, thron cinama, and starting the progressive 60's culture to the country.

Edward Stres
5106842302

see Housing above



The UA theatre is a Berkeley treasure. It would be a great place to see movies, or any event, if restored.

It is ashame that we dont have a first run movie house in Berkeley except for the wonderful Rialto Elmwood,

Berkeley and Cambridge Mass. were the 2 origins of the entroduction of 'Europion' + wold cultures, into USA insular cultures, starting the changes that led to the 60's, of witch Berkeley is famous. The University keeps taking our town away.

It deserves an Enviromental Revue

Subject: 2274 Shattuck Avenue HRE and Project Impact Analysis Peer Review

Dear Ms. Gong:

The City of Berkeley (City) retained Rincon Consultants, Inc. (Rincon) to conduct a peer review of the Historic Resources Evaluation (HRE) memorandum prepared for 2274 Shattuck Avenue by Left Coat Architectural History (December 2023) and the report titled *2274 Shattuck Avenue Project Impacts Analysis* prepared by Left Coast Architectural History (March 2024). The peer review presented below assesses reporting accuracy and adequacy relative to the field and research methods and evaluation results using industry-accepted best practice and guidance provide by the National Park Service (NPS) and the California Office of Historic Preservation (OHP). The peer review was limited to the HRE memorandum and the impacts analysis report and did not involve field work, recordation, or reevaluation of any resources. We understand that the purpose of the peer review is to support the California Environmental Quality Act (CEQA) environmental review process for a proposed 17-story mixed-use commercial and residential development.

Rincon Architectural Historian JulieAnn Murphy, MSHP, conducted the peer review, with oversight by Cultural Resources Director Steven Treffers. Both Ms. Murphy and Mr. Treffers meet the Secretary of the Interior's Professional Qualification Standards for architectural history and history (36 CFR Part 61).

Summary of Previous Reports

HRE Memorandum

In December 2023, Caitlin Hibma of Left Coast Architectural History prepared an evaluation of the building at 2274 Shattuck Avenue (APN 57-208-3). The evaluation was completed for the project applicant, who proposes to redevelop the property with a 17-story mixed-use commercial and residential development that would include retaining the building façade and the lobby portion of the building. Hibma meets the Secretary of the Interior's Professional Qualification Standards for architectural history.

The evaluation noted that 2274 is a two-to-four-story commercial building constructed in 1932 for use as a United Artists movie theater, and was designed by Walker & Eisen Architects with Clifford A. Balch. Hibma outlined that the building was the subject of three previous evaluations – a 1978 survey that produced a Historic Resource Inventory Form (precursor to the current form) and resulted in the assignment of a "3" National Register Status Code, suggesting eligibility for listing in the National Register of Historic Places (NRHP); a 2005 updated Department of Parks and Recreation (DPR) Series 523 Form prepared as part of a Section 106 review of the National Historic Preservation Act that determined the property was eligible for listing in the NRHP under Criteria A and C and resulted in a

2S2 status code, indicating NRHP eligibility and listing in the CRHR; and a 2015 evaluation as part of the potential Shattuck Avenue Commercial Corridor Historic Context Survey which affirmed the 2S2 status code and further recommended the building as a contributor to the establishment of the potential Shattuck Avenue Commercial Corridor Historic District.

The HRE then asserted that the previous evaluations did not comprehensively analyze the present condition of the building under the current professional standards and are, therefore, inadequate for CEQA determinations and for local planning decisions. It then provided an updated evaluation, finding that it did appear architecturally significant under CRHR Criterion 3 for its Art Deco design, but that it no longer retains sufficient integrity to support listing. It was also recommended ineligible for listing as a City of Berkeley Landmark and as a City of Berkeley Structure of Merit for a lack of historical and architectural significance. The HRE does not make any conclusions regarding the property's previously identified status as a contributor to the Shattuck Avenue Commercial Corridor Historic District.

2274 Shattuck Avenue Project Impacts Analysis

In March 2024, Caitlin Hibma of Left Coast Architectural History prepared a memorandum report to assess the impact of the redevelopment project on historical resources. Though Hibma previously recommended the property ineligible as a historical resource due, in part, to diminished integrity, the property is listed in the CRHR and is an identified contributor to the potential Shattuck Avenue Commercial Corridor Historic District. Additionally, the Berkeley Landmark Preservation Commission (LPC) subsequently approved a City of Berkeley Landmark application in February 2024. The provisions of the Landmark only extend to the upper Shattuck Avenue façade, above the exiting non-historic marquee.[1]

The analysis considers the project's compliance with Secretary of the Interior's Standards for Rehabilitation (Standards), the Berkeley LPC's permit application review standards, and the Berkeley Downtown Design Guidelines. The memorandum outlines the current historical status; provides a list of the character-defining features of the building according to the Landmark designation; a review of the proposed project; a Standards analysis; a Berkeley Municipal Code compliance analysis; and a Downtown Berkeley Design Guidelines compliance analysis. The proposed project was concluded to be compliant with Standards 1 through 10. It was also resolved to be compliant with the applicable provisions of the Berkeley Municipal Code and consistent with the relevant Downtown Berkeley Design Guidelines. The memorandum report concludes that the proposed project would not result in an impact to a historical resource pursuant to CEQA.

Peer Review

HRE Memorandum

The HRE memorandum generally follows the accepted standard format of historical resource evaluation reporting guidelines and includes an introduction, executive summary, methodology, regulatory context, a review of previous evaluations, and evaluative findings. The information summarized in the architectural descriptions reflected the site's existing conditions, including a comprehensive list of alterations, at their time of recordation, accurately.

---

[1] The City of Berkeley Landmark application was forwarded to the Berkeley City Council for notice of decision on March 19, 2024. The building's Landmark status does not extend to the current project application because it predated the Landmark designation.

As stated in the HRE memorandum, it is an update to previous survey and evaluation efforts. It accurately outlines the previous findings noting it was found eligible for listing in the NRHP in 1978; its eligibility was affirmed in 2004 and was subsequently listed in the CRHR by consensus through the Section 106 process; and it was further identified as a contributor to the potential Shattuck Avenue Commercial Corridor Historic District in 2015.

As outlined by the Office of Historic Preservation (OHP) in *Instructions for Recording Historical Resources*, it is important to update information about historical resources to ensure accuracy. The HRE memorandum argues that an update was necessary because the past documentation and evaluations relied on the 1978 documentation, which does not accurately describe alterations and was not completed according to current evaluation standards. OHP guidance provides that updates "may amplify or correct information about a resource, or simply confirm that the existing record remains accurate at the time of a subsequent field examination" (OHP 1995). It further instructs that documentation for historical resources should be updated under the following conditions:

- When it is reevaluated;
- When changes occur to the resource or its setting;
- When erroneous information needs correcting; and/or
- When additional information is necessary for planning decisions.

The effort to update the historical resource record with accurate information is generally consistent with OHP guidance. The HRE memorandum continues, providing a detailed description of the existing conditions, and includes a comprehensive list of the alterations that have occurred since it was constructed, augmenting and correcting missing information in the original and subsequent records. It then continues to include an updated evaluation for its inclusion in the NRHP, CRHR, City of Berkeley Landmark, and City of Berkeley Structure of Merit.

It recommended the building ineligible for listing in the NRHP or CRHR under Criterion A/1, B/2, and D/4. It further argues that because the Art Deco theater building is a well-represented type and style locally and nationally, is modest in comparison to other theaters locally and nationally, and it has lost its integrity that it is not eligible for listing in the NRHP under Criterion C for its architecture. It continues that it did appear eligible for listing in the CRHR as originally constructed, but that alterations have resulted in loss of integrity necessary for listing and it is therefore ineligible for listing in the CRHR under Criterion 3. It finds that the property is also not eligible for listing as City of Berkeley Landmark or as a Structure of Merit for lack of historical significance and for a lack of architectural significance due, in part, to the changes that have occurred to the building resulting in the removal of original features and design elements.

Though updating the historical resource record is consistent with OHP guidance, a reevaluation for eligibility for listing in the CRHR, in this case, was not necessary because the property is already listed in the CRHR and is considered a historical resource as defined in PRC Section 5024.1(g) and is, therefore, a historical resource under CEQA. The property was listed in the CRHR in 2005 through a consensus determination, meaning that the determination was arrived at through an agreement between the federal lead agency and OHP. Changes outlined in the HRE memorandum that have occurred since its listing in 2006 are relatively minor and are limited to interior updates. Its overall appearance and condition, based on photographs provided in the DPR form which helped to inform OHP's determination of eligibility, has remained largely unchanged since it was listed in 2006. The HRE memorandum's conclusion that the property is not a historical resource, therefore, not supported.

The update does provide additional and current information about the building, but it was not recorded on a DPR Form. Per OHP instructions, the updated physical description, current photographs, and

additional alteration information should be recorded on a DPR Continuation Sheet (DPR L) and submitted to the Northwest Information Center (NWIC) to be added to the property's existing record in the California Historical Resources Information Center (CHRIS).

2274 Shattuck Avenue Project Impacts Analysis

The project impact analysis report generally follows the accepted format for an impact analysis and provides an introduction and methodology section, a review of existing designations, a list of character-defining features, a description of the proposed project, and an analysis of the proposed project. The analysis provides the regulatory context including the definitions of substantial adverse change and material impairment provided in Section 15064.5 of the CEQA Guidelines and accurately provides that, per the Guidelines, a project that follows the Secretary of the Interior's Standards for the Treatment of Historic Properties shall be considered as mitigated to a level of less than significant on the historical resource. It then continues to provide an in-depth discussion of the project's conformance with the Secretary of the Interior's Standards for Rehabilitation (Standards), which were identified as the most applicable of the four treatment standards.

The subsequent discussion of the project's compliance with the Standards includes a Standard-by-Standard review of the proposed project, asserting that the project will successfully meet all ten of the Standards. As described, however, the project proposes demolition of more than half of the building. Demolition is not a rehabilitation treatment and is generally only acceptable as part of rehabilitation to remove non-historic additions or material. The analysis provided erroneously relies on the presumption that the only portions of the building that are historic are limited to what was identified in the March 2024 City of Berkeley Landmark nomination, which includes only the upper portion of the Shattuck Avenue façade, above the non-historic marquee. The building's current status, however, and its reason for being a historical resource pursuant to CEQA, is tied to its listing in the CRHR, which extends to the whole building. As clarified in *National Register Bulletin 15:-How to Apply the National Register Criteria for Evaluation,* for which the CRHR is based, "parts of buildings, such as interiors, facades, or wings are not eligible independent of the rest of the existing building" (NPS 1997). The Standards analysis, therefore, cannot disqualify the proposed treatment of the rear portion of the building.

Compliance with the Standards, however, is not the only way to demonstrate that a project would avoid causing a substantial adverse change in the significance of a historical resource. The argument provided would be strengthened by acknowledging the aspects of the project that are not Standards-compliant and would benefit from being reframed to analyze if the proposed changes to 2274 Shattuck Avenue amount to substantial adverse change. The project impacts discussion is recommended to be revised and analyzed to consider if the changes proposed to the historical resource (the whole building) would result in material impairment as defined in Section 15064.5 (b)(2)(A) of the CEQA Guidelines.

The analysis continues to a discussion of the proposed project's conformity with the Berkeley Municipal Code provisions for the treatment of historic resources, noting that they do not apply to the current application because it is an SB330 application, and that the analysis is provided as an informative item. The analysis provides a clear discussion of the impact of the project as it relates to the Landmark designation, which only applies to the upper portion of the Shattuck Avenue elevation. The discussion of the impact of the project to the potential Shattuck Avenue Commercial Corridor Historic District, provides a thorough discussion of the impact of the project to the district as it relates to the portion of the building which is included in the Landmark designation. Similar to the Standards analysis, however, there is nothing in the district record to suggest that the whole building is not included as a contributor to the district. It is recommended that the analysis, if required for the project

application, be updated to acknowledge the demolition of a portion of the building and any potential impact to the building as a contributor to the proposed district.

Finally, the analysis continues to a discussion of the proposed project's conformance with the Downtown Berkeley Design Guidelines. Similar to the Berkeley Municipal Code provisions for the treatment of historic resources, the design standards are noted as not applicable because the project is pursuing a SB330 application. The discussion provides a thorough and robust analysis of the relevant guidelines as it relates to the portion of the building included in the Landmark designation. The whole building was previously identified as being subject to the Downtown Berkeley Design Guidelines. As such, it is recommended that, if a requirement of the project application, that the discussion be updated to include all the applicable guidelines as outlined in the "Procedures" portion of the guidelines, including those that discuss roof forms, site design, and special sites, buildings, and subareas in order to adequately address the proposed project's conformance with the Downtown Berkeley Design Guidelines.

Conclusion

In summary, the HRE Memorandum provides useful updated information on the current condition of the building and additional information on the building's alterations. It is recommended that that information be provided on DPR Continuation Sheets and submitted to the NWIC to update the current record, as recommended by OHP guidance. The updated evaluation provided, however, was not necessary to determine if the building is a historical resource pursuant to CEQA since the building is listed in the CRHR. The *2274 Shattuck Avenue Project Impacts Analysis* generally follows the best practices and industry-accepted guidance for the impacts analysis reporting. However, the analysis discussion is limited to the portion of the building which was recently identified as City of Berkeley Landmark. The building's historical status, however, is established by its listing in the CRHR, which applies to the whole building. It is recommended, therefore, that the analysis provided in *2274 Shattuck Avenue Project Impacts Analysis* be revised to include a discussion of the project's impacts to the historical resource.

Should you have any questions regarding this memorandum, please do not hesitate to contact me at 510-834-4455 or jmurphy@rinconconsultants.com.

Sincerely,
Rincon Consultants, Inc.

Subject: 2274 Shattuck Avenue Project Impact Analysis
2274 Shattuck Avenue, Berkeley, California 94704

Dear Ms. Gong:

Rincon Consultants, Inc. (Rincon) was retained by the City of Berkeley (City) to conduct a historical resources impacts assessment for a proposed project at 2274 Shattuck Avenue, also known as the United Artists Theater, in Berkeley, California. The proposed project includes demolition of most of the former theater building for construction of a 17-story mixed-use commercial and residential building with 227 units. The building was previously determined eligible for listing in the National Register of Historic Places (NRHP) and is listed in the California Register of Historical Resources (CRHR). It has also been identified as a contributing building to the potential City of Berkeley Shattuck Avenue Commercial Corridor Historic District. As a result of its eligibility for the NRHP and listing in the CRHR, the subject property is a qualifying historical resource pursuant to the California Environmental Quality Act (CEQA) and as defined by Section 15064.5 of the CEQA Guidelines.

The current assessment was prepared to determine if the project conforms with the Secretary of the Interior's Standards for Rehabilitation (Standards) and would result in an impact to a historical resource.[1] Pursuant to Section 15064.5(b)(3) of the CEQA Guidelines, a project that is found to comply with the Standards generally mitigates impacts to a historical resources to a less than significant level. Methods for the current assessment included a review of project plans and relevant historic documentation and preparation of this memorandum to present the results.

The impacts assessment was conducted by Architectural Historian Project Manager JulieAnn Murphy with oversight from Cultural Resources Director Steven Treffers, both of whom meet the Secretary of the Interior's Professional Qualification Standards (PQS) for architectural history and history (36 CFR Part 61). With over 10 years of experience in historic preservation, Ms. Murphy has extensive experience with CEQA compliance reviews and historical resources assessments.

Project Description

The proposed project includes demolition of the theater portion of the 1932 United Artists building that fronts Bancroft Way and construction of a 17-story mixed-use building with 227 dwelling units (Figure 1). The residential tower portion of the building would have a stucco exterior finish with recessed aluminum windows, metal fin details, and metal spandrels. The top story would have a roof

[1] Kay Weeks and Anne Grimmer, *The Secretary of the Interior's Standards for the Treatment of Historic Properties with Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing Historic Buildings*. National Park Service, Washington, D.C., 2017.

deck with a glass railing. The Bancroft elevation would have a secondary residential entrance as well as a vehicular entrance for an accessible parking spot (Figure 2).

The one-story, double-volume portion of the building that formerly served as the theater entry on Shattuck Avenue would be partially retained. The existing storefront entry would be reconfigured for two entries – one to the residential tower offices and lobby and one for a proposed ground floor café. The existing marquee would be removed and replaced with a new awning with a simple, painted stucco finish. The bas relief details of the Art Deco façade above the marquee would be painted, while the rest of the façade would be finished in white stucco. A new vertical dimensional letter sign would be installed at the center of the decorative elevation (Figure 3).

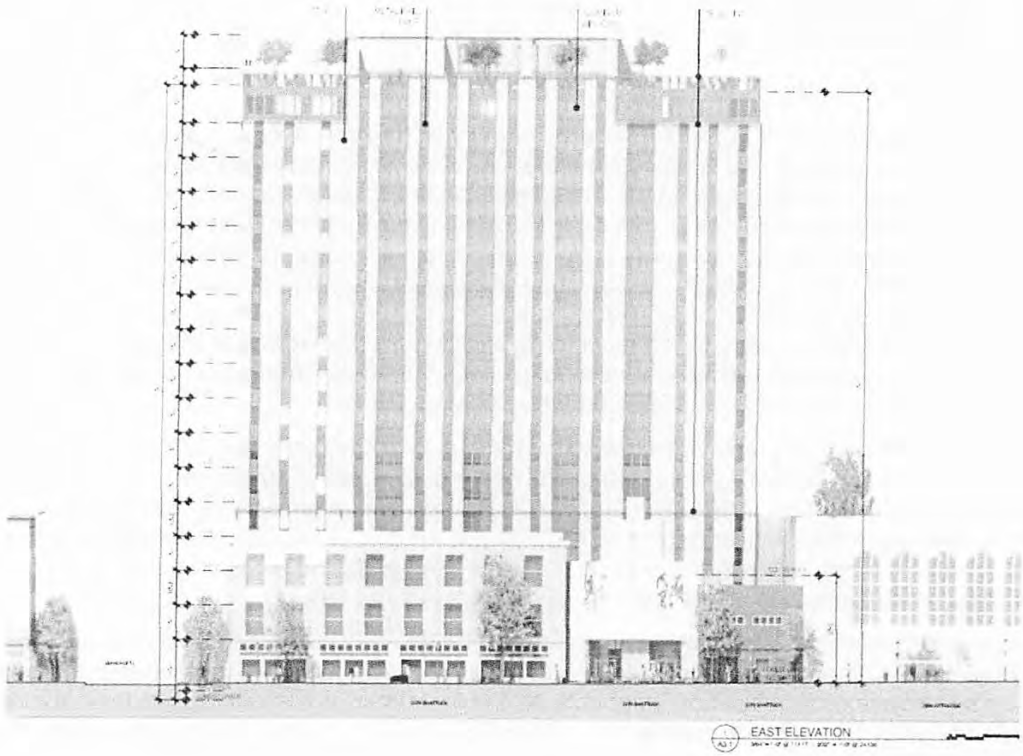

Figure 2 Proposed Bancroft Way Elevation

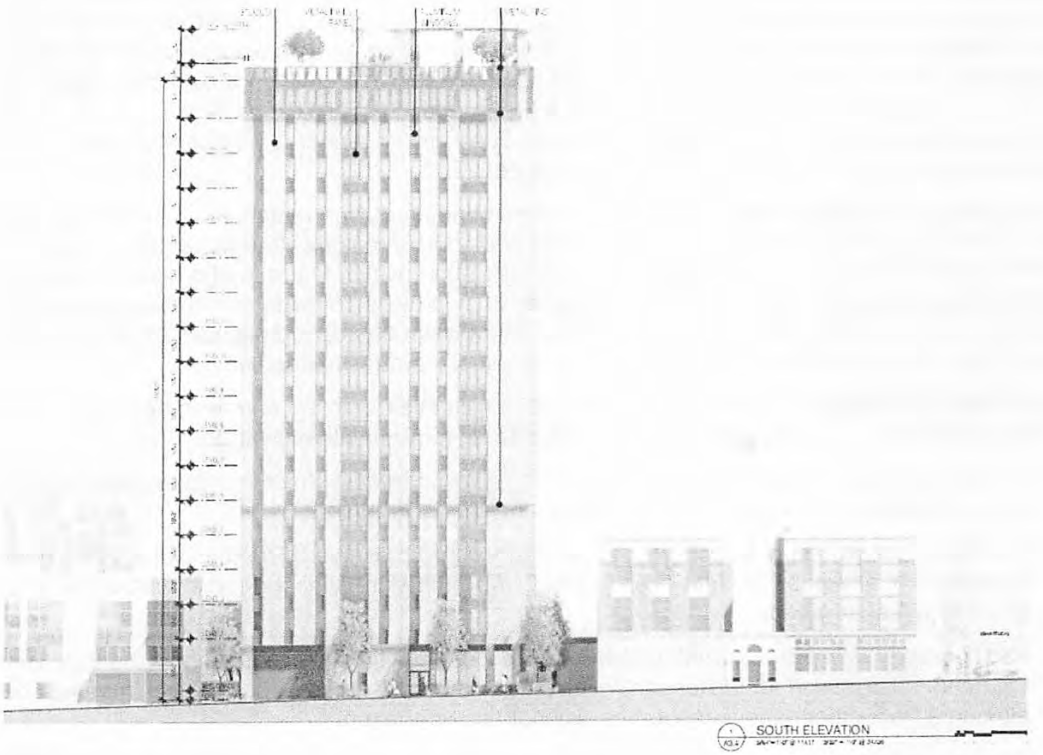

Figure 3 Proposed Primary Elevation Changes

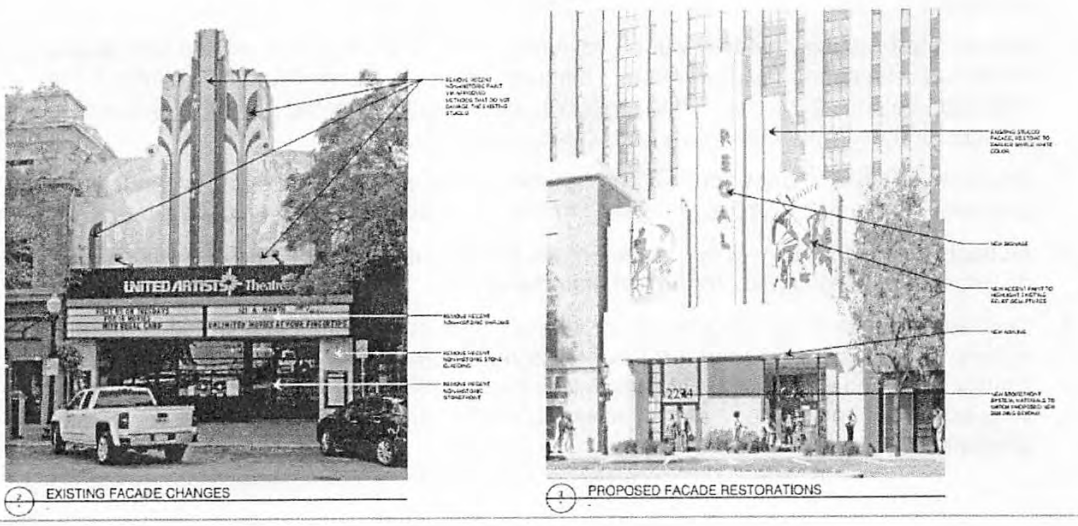

Standards for Rehabilitation

CEQA Section 21084.1 requires a lead agency to determine whether a project may have a significant effect on the environment, which includes historical resources. Impacts to a historical resource occur when there is a substantial adverse change in the significance of a resource such that it is materially impaired. Material impairment is defined as demolition or alteration "in an adverse manner [of] those characteristics of an historical resource that convey its historical significance and that justify its inclusion in, or eligibility for inclusion in, the [CRHR]." Under Section 10564.5(b)(3) of the CEQA Guidelines, a project that is found to conform with the Secretary's Standards is generally found to not result in significant impacts to historical resources under CEQA.

The Secretary's Standards make broad-brush recommendations for maintaining, repairing, and replacing historic materials, as well as designing new additions or making alterations. They cannot, in and of themselves, be used to make essential decisions about which features of a historic property should be saved and which might be changed. Rather, they provide philosophical consistency to the work. There are Secretary's Standards for four distinct, but interrelated, approaches to the treatment of historic properties: preservation, rehabilitation, restoration, and reconstruction.

The Secretary's Rehabilitation Standards are the most applicable treatment and have been utilized in the review of the current project. The Secretary's Standards for Rehabilitation state:

1. A property will be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.
2. The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, spaces, and spatial relationships that characterize a property will be avoided.
3. Each property will be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, will not be undertaken.
4. Changes to a property that have acquired historic significance in their own right will be retained and preserved.
5. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property will be preserved.
6. Deteriorated historic features will be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature will match the old in design, color, texture, and, where possible, materials. Replacement of missing features will be substantiated by documentary and physical evidence.
7. Chemical or physical treatments, if appropriate, will be undertaken using the gentlest means possible. Treatments that cause damage to historic materials will not be used.
8. Archeological resources will be protected and preserved in place. If such resources must be disturbed, mitigation measures will be undertaken.
9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.

10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Historical Resources Status

In 1978, Historic Resources Inventory documentation prepared by Betty Marvin of Berkeley Architectural Heritage Association recommended 2274 Shattuck Avenue, also known as United Artists Theaters, eligible for listing in the NRHP. It was assigned a National Register Status Code (now known as California Historical Resource Status Code) "3" indicating it appeared eligible for listing in the NRHP.

In 2004-2005, the property was evaluated for the Alameda-Contra Costa County Transit East Bay Rapid Transit Project by JRP Historical Consulting and was documented on a DPR 523 Continuation Sheet. It was field checked and noted that, "it does not appear to have undergone any alteration that would warrant a change in its National Register status code." It was assigned a California Historical Resource Status Code "3S," which indicates it appears eligible for NRHP individually through survey evaluation. A subsequent Finding of Effect documentation prepared for the project as part of the Section 106 process summarized that the building was significant under Criterion A as a locally operated movie theater and Criterion C for its Art Deco architecture. As a result of this project, the building was designated in the CRHR on March 15, 2006.

In 2015, the property was evaluated as part of the Shattuck Avenue Commercial Corridor Historic Context and Survey by Archives & Architecture and was recorded on a full set of DPR 523 forms. Its evaluation found that it was historically significant to important development patterns in the downtown core and for its Art Deco architecture. It was assigned a California Historical Resource Code of "2S2" indicating it was individually determined eligible for the NRHP by consensus through Section 106 process and listed in the CRHR and "5B" indicating it is locally significant both individually and as a contributor to a multi-component resource, as part of the Shattuck Avenue Commercial Corridor Historic District. The local historic district has not been formally adopted by the City of Berkeley.

The building retains the same appearance documented and described in 2004-2005 to support its 2006 CRHR designation. There have been no visible alterations and no evidence to suggest that it would no longer be eligible for listing in the CRHR. As a result of its eligibility for the NRHP and listing in the CRHR, the subject property is a qualifying historical resource pursuant to the California Environmental Quality Act (CEQA) and as defined by Section 15064.5 of the CEQA Guidelines.

Character Defining Features

The intent of the Standards is to provide for the long-term preservation of a property's significance through the preservation of its historic materials and features. These historic materials and features are commonly referred to as character-defining features and are indispensable in a historic property's ability to convey the reasons for its historical significance. To ensure a proposed project's compliance with the Standards, a historic property's character-defining features should therefore be identified and preserved as part of the final design.

According to Preservation Brief 17, *Architectural Character: Identifying the Visual Aspects of Historic Buildings as an Aid to Preserving Their Character*, there is a three-step process to identifying character-defining features.[2] Step 1 involves assessing the distinguishing physical aspects of the exterior of the

[2] Lee H. Nelson. *Architectural Character: Identifying the Visual Aspects of Historic Buildings as an Aid to Preserving Their Character*, Preservation Brief No. 17. U.S. Department of the Interior, National Park Service, Technical Preservation Services.

building as a whole, including its setting, shape and massing, orientation, roof and roof features, projections, and openings. Step 2 looks at the building more closely—at materials, trim, secondary features, and craftsmanship. Step 3 encompasses the interior, including individual spaces, relations or sequences of spaces (floor plan), surface finishes and materials, exposed structure, and interior.

The building was recommended eligible for inclusion in the NRHP and is listed in the CRHR. Its historical significance derives from its role in the Depression-era development of Downtown Berkeley, specifically as a purpose-built entertainment venue for motion pictures and for its distinctive Art Deco design. No period of significance was identified when the building was added to the CRHR in 2006. The 2015 evaluation prepared for the Shattuck Avenue Commercial Corridor Historic District identified the building's period of significance as 1932, beginning with the building's date of constriction, and ending in 1958 to coincide with the proposed District's end of period of significance. This study recommends the period of significance from 1932, when the building was originally constructed, until 1973, when the original single-screen theater was subdivided for multiple screens, resulting in several functional and aesthetic changes to the building.

The building's character-defining features include the following:

- Irregular lot shape
- Two-part massing with theater entrance portion and theater auditorium portion
- Sheer form concrete wall with vertical speed stripes along Bancroft Way
- Recessed main entry with original tile floor
- Stepped Art Deco upper façade with tower plume on Shattuck Avenue
- Bas relief detailing of "Artistry" and "Unity" on upper façade

Project Impacts Analysis

The proposed project includes substantial demolition of the building for the construction of a 17-story residential tower to house 227 dwelling units. As detailed above, other changes include updating the one-story, double volume theater entry portion of the building for a café and residential lobby and offices at the interior and retaining and updating the Art Deco exterior. The following presents a Standards and impacts analysis of the proposed project.

Rehabilitation Standard No. 1

A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.

The proposed project includes demolition of the former theater auditorium portion of the building to accommodate the construction of a 17-story residential building. Though the introduction of residential use in a former commercial building is generally compatible with Standard No. 1, the proposed demolition of approximately 75 percent of the building requires more than minimal change and would interfere with the building's character-defining features. Demolition is not considered a rehabilitation treatment under the Standards and is generally only acceptable as part of rehabilitation to remove non-historic additions or material. The proposed project would result in the removal of the building's distinctive two-part massing as well as the sheer form concrete wall with vertical speed stripes along Bancroft Way. Rehabilitation Standard No. 1 is not satisfied.

Rehabilitation Standard No. 2
The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.

The historic character of 2274 Shattuck Avenue is comprised of the physical characteristics that reflect its significance as a building that represents the development of Downtown Berkeley during the Great Depression and for its Art Deco design. The proposed project includes retaining and updating the Shattuck Avenue elevation. The proposed work includes removing the non-historic storefront system (installed in 1989, after the period of significance) for new entries and removal of the non-historic marquee (installed in 1974, after the period of significance). It also includes retaining the character-defining Art Deco detailing, like the bas relief artwork and is consistent with Standard No. 2.

Constructed as a purpose-built entertainment venue for motion pictures, one of the essential spaces that characterizes the property is its theater auditorium. Its proposed removal is not consistent with the guidance and Rehabilitation Standard No. 2 is not satisfied.

Rehabilitation Standard No. 3
Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, will not be undertaken.

The proposed project does not include the addition of conjectural features or architectural elements from other buildings. Rehabilitation Standard No. 3 is not applicable.

Rehabilitation Standard No. 4
Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.

The marquee was installed in 1974, and though outside the building's period of significance, is 50 years old, the age when resources are generally accepted as historic-age. Unlike the original marquee which it replaced, the existing marquee is a mass-produced installment and does not appear to have been manufactured specifically for this building. Furthermore, it has been updated several times since its installation with additional panels and lighting. The building is significant for its role in the role in the Depression-era development of Downtown Berkeley and for its distinctive Art Deco design. The marquee is not related to either significant theme. Its proposed removal is compliant with Rehabilitation Standard No. 4.

Rehabilitation Standard No. 5
Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.

As described above, many of the building's distinctive features are related to its Art Deco design. The proposed retention and rehabilitation of the Shattuck Avenue elevation is consistent with Rehabilitation Standard No. 5.

Other distinctive features, however, are related to its historic use as a movie theater. The proposed demolition that will result in the loss of the theater auditorium will result in the loss of a distinctive feature that characterizes the property and conveys its historical and architectural significance. It will also result in the loss of the form concrete wall, which demonstrates the building's construction. Rehabilitation Standard No. 5 is not met.

Rehabilitation Standard No. 6
Deteriorated historic features shall be repaired rather than replaced. Where the severity of

deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.

The proposed scope of work includes removal of existing, non-historic features like the marque, exterior cladding, and storefront system. The presence and/or condition of historic features beneath existing features is unknown. The exact treatment and approach for these project elements has not yet been determined, but could conceptually be in accordance with Rehabilitation Standard No. 6 if completed by qualified professionals and in accordance with National Park Service (NPS) guidance.

Rehabilitation Standard No. 7
Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.

The proposed scope of work includes removing existing paint finish on the Shattuck Avenue elevation for a new, white painted finish. Plan documents note that work will be undertaken "via approved methods that do not damage the existing stucco". Information for this analysis did not include additional details on the proposed method. This work could conceptually be in accordance with Rehabilitation Standard No. 7 if completed by qualified professionals and in accordance with National Park Service (NPS) guidance.

Rehabilitation Standard No. 8
Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.

Because the proposed project includes ground-disturbing activities, there is a chance of encountering archaeological resources. Provisions required by the California Environmental Quality Act (CEQA) would ensure that archaeological resources, if encountered, are treated appropriately. There is nothing to suggest that work cannot be completed in accordance with Rehabilitation Standard No. 8.

Rehabilitation Standard No. 9
New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.

As proposed, the project includes the demolition of the former theater auditorium for a 17-story residential building. As described above, demolition is not a rehabilitation treatment and is generally only acceptable as part of rehabilitation to remove non-historic additions or material under the Standards. The proposed demolition of the theater auditorium and its replacement with a new addition is not consistent with Rehabilitation Standard No. 9.

While the proposed new residential tower is consistent with the Standards in that it would be differentiated from the historic through the use of compatible, yet distinctive materials, it is not compatible with the massing, size, and scale of the historic building. Guidance from Preservation Brief 14, *New Exterior Additions to Historic Buildings: Preservation Concerns* explains that large additions to historic buildings are seldom found to be compatible.[3] Though the design is consistent with NPS

[3] Anne E. Grimmer and Kay D. Weeks. *New Exterior Additions to Historic Buildings: Preservation Concerns*, Preservation Brief No. 14. U.S. Department of the Interior, National Park Service, Technical Preservation Services.

guidance that suggests that new large additions can be successful if they read as a separate volume, as proposed here, the scale, massing, and proportions of the addition still need to be compatible with the historic building. A 17-story tower addition to a one-story, double volume building is not consistent with the existing scale, massing, and proportions. The proposed project is not consistent with Rehabilitation Standard No. 9.

Rehabilitation Standard No. 10
New additions and adjacent or related new construction will be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Because the proposed addition requires the demolition of a substantial portion of the building, the essential form and integrity of the historic property would be lost to accommodate the new addition. The proposed project is not consistent with Rehabilitation Standard No. 10.

Conclusions

As detailed above, several elements of the proposed project are not consistent with the Secretary of the Interior's Standards for Rehabilitation. Although the alteration of the character-defining features should typically be avoided, their alteration does not automatically amount to a substantial adverse change causing material impairment. Pursuant to Section 15064.5(b) of the CEQA Guidelines, material impairment of a historical resource occurs when a property is altered such that it is no longer able to convey its historical significance. The proposed project would result in material impairment. Though several aspects of its distinctive Art Deco design are proposed to be retained, the proposed demolition of the former theater auditorium would result in loss of integrity of design, materials, workmanship, feeling and association. It would no longer reflect its historic significance for its role in the Depression-era development of Downtown Berkeley, specifically as a purpose-built entertainment venue for motion pictures. The proposed project would result in a substantial adverse change and it would no longer retain its architectural and historic identity for which it is significant, resulting in a ***significant and unavoidable impact to historical resources*** pursuant to CEQA. Should you have any questions or comments regarding this report, please do not hesitate to contact me at 925-326-1159 or at jmurphy@rinconconsultants.com.

Sincerely,
Rincon Consultants, Inc.

Item #6, 2274 Shattuck Ave,
Berkeley Zoning Board Hearing 12/12/2024

To the ZAB,

DEC 12 2024

@ ZAB hearing (8a)

To the Berkeley Zoning Adjustments Board,
My name is Anastasia Rose Ellis. I am head of the group "Save the United Artists Theater" along with my partner Laura Linden. Our group protests the Zoning Adjustment Board's (hereinafter "ZAB") decision to grant the United Artists Theater (hereinafter the "UA") a full exemption from undergoing the California Environmental Quality Act (hereinafter "CEQA") environmental review process (hereinafter "EIR.")

The attorney for Bridget and Hansen sent ZAB a letter dated 9/10/24 wherein he states "The LPC concurred with the HRE when it reviewed a citizen's petition to landmark the building. It is not the job of the LPC to determine the fitness of a building.

The attorney states that our group is "confused" about CEQA and the theater's historic significance. We disagree in the extreme.

Berkeley's own peer review consultants, The Rincon Group, stated in two reports that the building should NOT be exempted from an EIR. The Rincon group underscored that UA is recognized as a property of historic interest on both the state and national registers.

We understand the CEQA review will not stop the building project from going forward, but an EIR would reveal to the world what a truly unique and almost fully intact example of Art Deco that the United Artists is. The developer has gone to great lengths to hide and obfuscate the condition of the theater from the public and the city.

The developer claims they intend to preserve important areas of the building. They mean the *front facade. Their designs show that they will tear out the lobby, the fixtures and destroy the* auditorium.

From the beginning of this theater's history, Berkeley's has never looked into to finding ways to keep this landmark safe, even though cities and towns all over the country have done and are doing just that. The artistry and materials used in art deco buildings can never be duplicated again.

Throughout our efforts to landmark the UA, the Landmark Preservation Committee (hereinafter "LPC") and ZAB have gone out of their way to muddy the process and divulge the least amount of information to us possible. Indeed we have been treated with disdain and in

one case ridicule from various members of the city's personnel.

There seems little to no reason to have an LPC committee or a zoning board if Berkeley refuses to preserve their most important property.
LPC member Steve Finacom said at the final hearing for the UA, and I paraphrase; "If we do not save the UA, we might as well lock our office door and throw away the key. Downtown Berkeley will be nothing but a bunch of bedrooms.

Berkeley will now have just one small commercial movie theater when it could have an equivalent of the Oakland Paramount in its downtown area. This building could be used as a multipurpose center for culture and arts.

What city will say that enough is enough. It's time to stand up and demand the housing laws take into account our precious historic properties, in particular our Art Deco movie theaters, of which very few are left.

It is heartbreaking and criminal that none of city officials cared enough to find creative ways save this public building built by Charlie Chaplin, Mary Pickford, and Douglas Fairbanks. It fought for a very important historic resource recently and found a way to have a happy ending.

Berkeley's city officials will all go down in history as the people that allowed the destruction of this Art Deco

Sincerely,

Anastasia Rose Ellis

EL CERRITO, CA 94530

Saving the United Artists Theater of Berkeley, California, now and for the future !

I knew I needed to do my part to preserve this iconic movie theater, and this is why.

I was born and raised in Berkeley and therefore have many memories of going to the movies there.
But tonight, I am not only representing myself.
My mother would see a movie in downtown Berkeley at least once a week, alone or with a friend, and my father was a Film Critic for local newspapers.
I also represent my homies from Berkeley High School who went with their friends and family to see their first films. They still do and they want their Grandchildren to be able to have the same opportunity.

There are also groups of local actors and artists who are without a venue to perform, so a Stage and an Auditorium would be of great benefit!

ZONING ADJUSTMENT BOARD MEETING

DECEMBER 12, 2024

PLEASE STAND BY... [NO AUDIO]

>> CLERK: THANK YOU, EVERYONE FOR YOUR PATIENCE. WE WILL GET STARTED IN JUST ANOTHER MINUTE.

>> CHAIR DUFFY: GOOD EVENING, EVERYONE. WELCOME TO THE ZONING ADJUSTMENTS BOARD MEETING, THURSDAY, DECEMBER 12, 2024. AND IT'S 7:03 P.M. I FEEL LIKE WE ALWAYS START AT 7:03 P.M. WELCOME. AND I KNOW THOSE OF YOU HAVE TRAVELED HERE FROM FAR AND WIDE AND NEAR. BUT ALL OF US IN THE RAIN. I'M GLAD TO SEE NOT ONLY MEMBERS OF THE PUBLIC HERE IN PERSON. THANK YOU FOR COMING. THOSE OF YOU ONLINE, THANK YOU ALSO FOR ATTENDING. AND OUR BOARD, SOME OF WHICH, NEW BOARD MEMBERS YOU WILL GET TO MEET THIS EVENING. THANK YOU FOR COMING. AND THANK YOU, EVERYBODY FOR BEING ON TIME AND BEING WELL-PREPARED. AS USUAL, I HAVE A BIT OF

READING TO DO, A PUBLIC ADVISORY, RELATED TO COVID. IT'S MANDATORY I READ IT FOR OUR SAFETY. AND THEN I ALSO HAVE A LAND ACKNOWLEDGMENT AND THEN WE WILL GET INTO ROLL CALL AND SOME INTRODUCTIONS BEFORE WE EVEN BEGIN PUBLIC COMMENT OR GETTING INTO THE ACTION CALENDAR. WELCOME, EVERYBODY. THE PUBLIC ADVISORY, THIS MEETING WILL BE CONDUCTED IN HYBRID WITH BOTH IN-PERSON AND VIRTUAL PARTICIPATION. FOR IN-PERSON ATTENDEES FACE COVERINGS OR MASKS THAT COVER BOTH THE NOSE AND MOUTH ARE ENCOURAGED. FACE COVERINGS WILL BE PROVIDED BY THE CITY AND AVAILABLE FOR ATTENDEES TO USE AT THE MEETING. MEMBERS OF THE COMMISSION, CITY STAFF ARE ENCOURAGED TO WEAR MASKS AT ALL TIMES EXCEPT WHEN SPEAKING PUBLICLY, THOUGH MASKING IS ENCOURAGED EVEN WHEN PUBLIC SPEAKING. FOR THOSE FEELING SICK, PLEASE DO NOT ATTEND. CURRENTLY THERE'S NO SOCIAL DISTANCING MEASURES IN PLACE, HOWEVER ALL ATTENDEES ARE ASKED TO BE RESPECTFUL OF THE PERSONAL SPACE OF OTHER ATTENDEES. THERE'S AN AREA BY THE BACK CORNER BY THE RESTROOM, IF YOU DO NEED TO HAVE DISTANCED SEATING TO ACCOMMODATE PEOPLE WHO NEED TO DISTANCE FOR PERSONAL HEALTH REASONS. THERE'S A LIVE CAPTIONED BROADCAST OF THIS MEETING AND ALL ZAB MEETINGS ON CABLE BTV AND ALSO ON THE LIVE VIDEO STREAM YOU CAN FIND ON THE AGENDA. TO ACCESS THE MEETING REMOTELY, YOU CAN JOIN FROM A PC, MAC, DEVICE, ANDROID DEVICE, YOU CAN USE THE URL IN THE AGENDA. IF YOU DON'T WISH YOUR NAME TO APPEAR, YOU CAN RENAME YOURSELF AND CAN BE ANONYMOUS. BUT TO REQUEST TO

SPEAK, USE THE RAISE HAND ICON BY ROLLING OVER THE BOTTOM OF THE SCREEN. TO JOIN BY PHONE YOU HAVE TO DIAL A NUMBER THAT'S IN THE AGENDA. AND YOU ENTER THE WEBINAR ID. THAT'S IN THE AGENDA. IF YOU WISH TO COMMENT DURING THE PUBLIC COMMENT PORTION OF THE AGENDA, PRESS *9 AND YOU CAN WAIT AND YOU WILL BE RECOGNIZED BY MYSELF. PLEASE BE MINDFUL THIS TELECONFERENCE IS RECORDED AS ANY ZAB MEETING IS RECORDED AND ALL OTHER RULES OF PROCEDURE AND DECORUM APPLY FOR ZAB MEETINGS CONDUCTED BY TELECONFERENCE OR VIDEO. THERE'S A LITTLE BIT MORE READING TO DO. PUBLIC TESTIMONY GUIDELINES. THIS MEETING IS CONDUCTED IN ACCORDANCE OF THE BROWN ACT, 54954.3. ANY MEMBER OF THE PUBLIC MAY ATTEND THIS MEETING. THE CHAIR MAY LIMIT THE NUMBER OF SPEAKERS AND LENGTH OF TIME FOR EACH SPEAKER. TO SPEAK, PLEASE SUBMIT A GREEN SPEAKER CARD THAT LOOKS LIKE THIS, AVAILABLE IN THE BACK CORNER TO PLANNING STAFF AS EARLY AS POSSIBLE, AT THE MEETING. IN FACT, I ENCOURAGE ANYONE HERE TO SUBMIT IT BEFORE WE BEGIN, JUST LIKE THESE VERY RESPONSIBLE PEOPLE HAVE. AT THE START OF THE MEETING, THE CHAIR MAY REARRANGE THE AGENDA OR PLACE ADDITIONAL AGENDA ITEMS ON THE CONSENT CALENDAR, SO IT'S IMPORTANT TO BE PRESENT AT THE START OF THE MEETING TO AVOID LOSING THE CHANCE TO SPEAK TO AN ITEM. THE BOARD ENCOURAGES THE PUBLIC TO SUBMIT COMMENTS BY WRITING OR EMAIL IN ADVANCE OF THE MEETING. YOUR EMAILS AND YOUR WRITINGS THAT WERE SUBMITTED IN ADVANCE OF THE MEETING, THEY ARE IN FRONT OF US AS SUPPLEMENTAL MATERIALS AND THEY HAVE BEEN EMAILED TO US

AS WELL. LASTLY, I HAVE BERKELEY'S LAND ACKNOWLEDGMENT STATEMENT. THE CITY OF BERKELEY RECOGNIZES THAT THE COMMUNITY WE LIVE IN WAS BUILT ON THE TERRITORY OF XUCYUN (HUCHIUN (HOOCH-YOON)), THE ANCESTRAL AND UNCEDED LAND OF THE CHOCHENYO (CHO-CHEN-YO)-SPEAKING OHLONE (OH-LOW-NEE) PEOPLE, THE ANCESTORS AND DESCENDANTS OF THE SOVEREIGN VERONA BAND OF ALAMEDA COUNTY. THIS LAND WAS AND CONTINUES TO BE OF GREAT IMPORTANCE TO ALL OF THE OHLONE TRIBES AND DESCENDANTS OF THE VERONA BAND. AS WE BEGIN OUR MEETING TONIGHT, WE ACKNOWLEDGE AND HONOR THE ORIGINAL INHABITANTS OF BERKELEY, THE DOCUMENTED 5,000-YEAR HISTORY OF A VIBRANT COMMUNITY AT THE WEST BERKELEY SHELLMOUND, AND THE OHLONE PEOPLE WHO CONTINUE TO RESIDE IN THE EAST BAY. WE RECOGNIZE THAT BERKELEY’S RESIDENTS HAVE AND CONTINUE TO BENEFIT FROM THE USE AND OCCUPATION OF THIS UNCEDED STOLEN LAND SINCE THE CITY OF BERKELEY’S INCORPORATION IN 1878. AS STEWARDS OF THE LAWS REGULATING THE CITY OF BERKELEY, IT IS NOT ONLY VITAL THAT WE RECOGNIZE THE HISTORY OF THIS LAND, BUT ALSO RECOGNIZE THAT THE OHLONE PEOPLE ARE PRESENT MEMBERS OF BERKELEY AND OTHER EAST BAY COMMUNITIES TODAY. THE CITY OF BERKELEY WILL CONTINUE TO BUILD RELATIONSHIPS WITH THE LISJAN TRIBE AND TO CREATE MEANINGFUL ACTIONS THAT UPHOLD THE INTENTION OF THIS LAND ACKNOWLEDGEMENT. THANK YOU FOR YOUR PATIENCE, EVERYBODY. THAT IS IT FOR ALL OF THE INITIAL ITEMS BEFORE WE BEGIN ROLL CALL. LET'S FIRST BEGIN WITH ROLL CALL AND PLEASE, FOR OUR COMMISSIONERS, OF

COURSE THAT ARE HERE, STATE "PRESENT". AND IF YOU HAVE ANYTHING TO REPORT REGARDING EX PARTE, PLEASE DO SO AT THIS TIME. ALSO, IF YOU HAVE ANY OTHER EX PARTE OR ANY EX PARTE, IT NEEDS TO BE SUBMITTED IN WRITING TO STAFF THIS EVENING AND IT WILL BE STAMPED. OKAY, THANK YOU, EVERYBODY FOR FILLING OUT GREEN CARDS. ANYONE WHO RECENTLY ARRIVED AND YOU WISH TO SPEAK, NOW IS YOUR CHANCE TO FILL OUT A CARD AND SUBMIT IT TO STAFF AND WE WILL MAKE SURE THAT YOU GET THE OPPORTUNITY TO SPEAK.

>> CLERK: THANK YOU, CHAIR DUFFY. WHEN I CALL YOUR NAME INDICATE IF YOU ARE PRESENT, AND IF YOU HAVE EX PARTE. CHAIR DUFFY?

>> CHAIR DUFFY: PRESENT AND I HAVE EX PARTE, I VISITED THE THEATER TO SEE THE CONDITION OF THE BUILDING YESTERDAY, MEETING WITH ONE STAFF MEMBER FROM PANORAMIC INTEREST, NO OTHER INFORMATION REGARDING THE PROJECT OR APPLICATION WERE DISCUSSED.

>> CLERK: VICE CHAIR GAFFNEY?

>> VICE CHAIR GAFFNEY: PRESENT, MY ONLY EX PARTE IS AN EMAIL ORIGINALLY FROM PATRICK KENNEDY AND FORWARDED TO JP WALSH ABOUT VISITING THE U.A. THEATER WHICH I DID NOT RESPOND TO.

>> CLERK: THANK YOU. COMMISSIONER THOMPSON?

>> M. THOMPSON: PRESENT, NO EX PARTE.

>> CLERK: COMMISSIONER JERSEY?

>> T. JERSEY: PRESENT, NO EX PARTE.

>> COMMISSIONER ALLEN?

>> PRESENT, NO EX PARTE.

>> COMMISSIONER,

>> PRESENT AND I MET A YEAR AGO WITH REPRESENTATIVES FROM U.A. ATTEMPTING TO SALVAGE 30 YEARS AGO. AND I SPOKE WITH PATRICK KENNEDY PROBABLY FOR FIVE MINUTES ON TUESDAY EVENING.

>> CLERK: THANK YOU. COMMISSIONER PLESE?

>> PRESENT, NO EX PARTE.

>> CLERK: COMMISSIONER SANDERSON?

>> D. SANDERSON: PRESENT, ONE EX PARTE, 2274 SHATTUCK, I VISITED THE BUILDING TO SEE FOR MYSELF THE PHYSICAL CONDITIONS AND RECEIVED NO OTHER INFORMATION THAT I HADN'T ALREADY RECEIVED IN THE PACKET.

>> CHAIR DUFFY: THANK YOU. IT HAS PASSED. THIS IS APPEALABLE WITHIN A TWO-WEEK WINDOW AFTER THE NOTICE OF DECISION, IF IT'S NOT APPEALED THEN YOU HAVE YOUR USE PERMIT. THANK YOU. OKAY, WHO IS GOING TO GET BOARD MEMBER JERSEY OUT OF THE BACK? HE IS COMING BACK, BUT BOARD MEMBER ALLEN WENT THE OTHER WAY. BEAR WITH US FOR A MOMENT. WE WILL BEGIN ON OUR FINAL ITEM, ITEM #6, 2276 SHATTUCK AVENUE. OUR NEW PUBLIC HEARING FOR A USE PERMIT TO DEMOLISH THE COMMERCIAL BUILDING WITH PRESERVATION, RENOVATION, FACADE AND LOBBY AND CONSTRUCT A 17-STORY MIXED USE RESIDENTIAL BUILDING WITH 227 DWELLING UNITS AND ONE PARKING SPACE. THE RECOMMENDATION FROM STAFF IS TO APPROVE. I KNOW THIS STACK OF GREEN CARDS ALL HAS ITEM #6 ON IT. THIS IS THE TIME IF YOU HAVE COME TO THE HEARING ONLINE OR IN PERSON AND YOU WOULD LIKE TO

SPEAK AND YOU HAVEN'T YET FILLED OUT A GREEN CARD, PLEASE DO. THIS IS THE TIME WE ARE COLLECTING ALL THE GREEN CARDS. THAT WINDOW DOES CLOSE ONCE WE BEGIN THE HEARING. THE PUBLIC HEARING ON THIS PARTICULAR PROJECT. SO FOR THOSE OF YOU ONLINE, THAT ALSO APPLIES TO ALL OF YOU. I SEE A VARIETY OF HANDS ONLINE, THAT'S GREAT. ALL THOSE ONLINE WHO WISH TO SPEAK PLEASE RAISE YOUR HAND NOW. IT WILL ENSURE YOU A PLACE TO SPEAK. FILLING OUT A GREEN CARD NOW WILL ENSURE YOU A PLACE TO SPEAK. THANK YOU. THIS IS ACTUALLY NOT YOUR LAST CHANCE, RIGHT BEFORE THE PUBLIC COMMENT BEGINS, SO IF ANYONE JOINS DURING THE PRESENTATION YOU CAN SUBMIT A GREEN CARD OR RAISE YOUR HAND ONLINE AND JOIN THE CONVERSATION AS A PUBLIC COMMENTER. AS IS TYPICAL OF PREVIOUS ZONING BOARD MEETINGS AND ALSO OFTEN ON COUNCIL, IF THERE ARE MORE THAN 10 PEOPLE WHO WISH TO SPEAK, THE CHAIR WILL LIMIT THE SPEAKERS’ TIME TO ONE MINUTE EACH. PLEASE BE PREPARED TO SPEAK FOR YOUR ONE MINUTE AND THERE WILL BE A TIMER ON THE SCREEN. AND IF YOU CANNOT SEE THE TIMER, I WILL ALSO LET YOU KNOW THAT YOUR TIME IS UP. SO EACH PERSON HAS ONE MINUTE TO SPEAK. AND WE WILL BEGIN WITH PEOPLE THAT ARE HERE. ONCE THE PROJECT HAS BEEN PRESENTED. SO FIRST. WE WILL BEGIN WITH THE PROJECT PRESENTATION FROM STAFF.

>> S. UPDEGRAVE: THANK YOU, CHAIR DUFFY. PRESENTING TONIGHT IS SHARON GONG.

>> CHAIR DUFFY: STAFF PERSON SHARON GONG, IT'S GREAT TO HAVE YOU

HERE IN PERSON. I KNOW OFTEN WE HAVE YOU ONLINE. IT'S GREAT TO HAVE YOU IN PERSON.

>> THANK YOU, IT'S GREAT TO BE HERE. GOOD EVENING, ZAB MEMBERS AND MEMBERS OF THE PUBLIC. I AM SHARON GONG, I'M THE STAFF PROJECT PLANNER FOR 2274 SHATTUCK, MIXED USE RESIDENTIAL PROJECT, PERMIT APPLICATION. USE PERMIT ZP2023-0079 IS AN APPLICATION TO DEMOLISH THE EXISTING MOVIE THEATER, PRESERVING AND RENOVATING THE FRONT FACADE AND LOBBY AND CONSTRUCT A 17-STORY MIXED USE RESIDENTIAL BUILDING WITH 227 UNITS. THE PROJECT SITE IS AN IRREGULAR-SHAPED PARCEL LOCATED WITHIN THE DOWNTOWN PLAN C-DMU. WITH MAIN FRONTAGE ON SHATTUCK AND SECONDARY FRONTAGE ON BANCROFT WAY. IT'S SURROUNDED BY PROPERTIES IN THE SAME C-DMU AND ABUTS PROPERTIES TO THE NORTH AND SOUTH BUT ABUTS PARCELS IN THE BUFFER AREA IN THE WEST AND CONFRONTS PARCELS IN THE OUTER CORE SUBAREA TO THE EAST ACROSS SHATTUCK AVENUE. THE CORRIDOR SUBAREA WHERE THE PROJECT SITE IS LOCATED GENERALLY HAS THE SAME HEIGHT STANDARD AS THE OUTER CORE AREA TO THE EAST. IT ALLOWS LESS HEIGHT THAN THE CORE AREA TO THE NORTH AND ALLOWS GREATER HEIGHT THAN THE BUFFER AREA TO THE WEST. THE SITE HAS IMMEDIATE ACCESS TO MULTIPLE A.C. TRANSIT BUS LINES ALONG SHATTUCK AVENUE AND IS TWO BLOCKS AWAY FROM THE DOWNTOWN BAY AREA RAPID TRANSIT. SHUTTLE AT SHATTUCK AND ANDERSON. IN THE VICINITY TO THE NORTH IS THE PUBLIC LIBRARY AND WEST ADMINISTRATIVE, TO THE SOUTH ARE TWO- AND THREE-STORY

RESIDENTIAL BUILDINGS SO THE SOUTHEAST ARE THREE- AND FOUR-STORY COMMERCIAL BUILDINGS. TO THE EAST ON SHATTUCK ARE THREE-TO FOUR STORY COMMERCIAL BUILDINGS. IT'S OCCUPIED BY UNITED ARTISTS MOVIE THEATER ORIGINALLY CONSTRUCTED IN 1932 AND OPERATED AS A MOVIE THEATER VENUE UNTIL IT'S CLOSURE IN FEBRUARY 2023. THE PROJECT PROPOSES TO DEMOLISH THE MOVIE THEATER EXCEPT FOR THE FRONT FACADE WHICH WILL BE RESTORED AND THE LOBBY WHICH WILL BE RENOVATED. PROJECTED IS A MIXED USE RESIDENTIAL WITH 17 STORIES, 183 FEET IN HEIGHT, 227 DWELLING UNITS, 32 STUDIOS, 49 TWO-BEDROOM, 80 THREE-BEDROOM, 66 FOUR-BEDROOM FOR TOTAL OF 634 BEDROOMS TOTAL. 23 VERY LOW-INCOME UNITS, 8,000 SQUARE FEET OF USABLE OPEN SPACE, GROUND FLOOR COMMON SPACE, PRIVATE PATIOS AND ROOF DECK, 72 SPACE BIKE ROOM AND 900 SQUARE FOOT GROUND FLOOR CAFE IN THE LOBBY. ADDING 76 BONUS UNITS TO THE 151 TO THE TOTAL OF 227 UNITS IN THE FINAL PROJECT. WAIVERS ARE REQUESTED FOR HEIGHT, FRONT AND SIDE SETBACKS, DIAGONAL WITH PRIVATE USABLE OPEN SPACE AND LONG-TERM BIKE PARKING TO PHYSICALLY ACCOMMODATE THE SITE, NO OTHER CONCESSIONS ARE REQUESTED FOR THE PROJECT. AS I MENTIONED, THE SITE IS CURRENTLY OCCUPIED BY A MOVIE THEATER WHICH CEASED OPERATIONS IN FEBRUARY 2023, THE UNITED ARTIST THEATER SITE IS LISTED ON THE CALIFORNIA REGISTER OF HISTORICAL RESOURCES. IT WAS ALSO FOUND TO BE ELIGIBLE FOR THE NATIONAL REGISTRY FOR HISTORIC PLACES AND SHATTUCK AVENUE HISTORIC DISTRICT, THOUGH THE SHATTUCK DISTRICT WAS NEVER OFFICIALLY

ESTABLISHED BY THE CITY. IN ADDITION U.A. THEATER WAS A CITY LANDMARK IN MARCH THIS YEAR. IN ITS IDENTIFICATION, THEY IDENTIFIED THE UPPER PORTION OF THE BUILDING FACADE, SEEN HERE, AS THE CHARACTER-DEFINING FEATURE THAT SHOULD BE PRESERVED AND RESTORED. HOWEVER, BECAUSE THE PROJECT SB 330 VESTED THE RESOURCE STATUS NOVEMBER 2023 AS NOT A CITY LANDMARK, THE LPC/CITY ARE PROHIBITED FROM STATE LAW FROM DENYING THE PROJECT BASED ON THE CITY DESIGNATION, WHICH OCCURRED AFTER THE VESTING DATE. HERE IS A COMPARISON OF THE EXISTING FACADE AND PROPOSED BUILDING FACADE WITH THE NEW 17-STORY VOLUME SETBACK BEHIND IT. THIS COMPARISON SHOWS HOW THE PROJECT PROPOSES TO PRESERVE AND RESTORE THE DEFINING FEATURE OF THE U.A. THEATER IN THE DESIGNATION. AT THIS POINT I WOULD LIKE TO PROVIDE BACKGROUND ON STAFF'S PROCEDURE DETERMINING ELIGIBILITY FOR CEQA EXEMPTION. THE CITY'S STANDARD PRACTICE FOR DETERMINING A USE PERMIT'S EXEMPTION FOR CEQA IS FOR STAFF TO REVIEW ALL TECHNICAL EVIDENCE SUBMITTED WITH THE PROJECT AND MAKE A RECOMMENDATION ON THE EXEMPTION TO THE ZAB, WHICH MAKES THE FINAL DECISION AT THE PUBLIC HEARING. HOWEVER, AB 1633 NECESSITATES THAT STAFF -- IT REVISES THE HOUSING ACCOUNTABILITY ACT TO ALLOW DEVELOPERS TO CLAIM THAT A VIOLATION WAS MADE IF THE LOCAL AGENCY FAILS TO DETERMINE THE DESIGNATION FROM CEQA WHEN THE PROJECT IS ELIGIBLE. THE PROJECT APPLICANT SENT STAFF AN AB 1633 NOTICE WITH TECHNICAL REPORTS TO SUPPORT THE EXEMPTION. STAFF REVIEWED

ALL THE EVIDENCE ON THE PROJECT RECORD AND OCTOBER 4, 2024, DETERMINED THAT THE PROJECT IS CATEGORICALLY EXEMPT FROM PROVISIONS OF CEQA FOR IN-FILL PROJECTS BECAUSE IT MEETS ALL THE REQUIREMENTS FOR THE IN-FILL EXEMPTION. FURTHER, THE PROJECT WOULD NOT RESULT IN A SUBSTANTIAL ADVERSE CHANGE TO THE HISTORICAL RESOURCE DUE TO PRESERVATION AND RESTORATION OF THE MAIN CHARACTER-DEFINING FEATURE, NAMELY THE UPPER FRONT FACADE. THEREFORE THE PROJECT WOULD ALSO NOT MEET THE CRITERIA FOR THE HISTORICAL RESOURCE EXCEPTION TO THE EXEMPTION. IN CONCLUSION, I WILL REITERATE THAT STAFF HAS DETERMINED THE PROJECT MAKES THE FINDINGS FOR THE IN-FILL EXEMPTION FROM CEQA. IN ADDITION, THE PROJECT IS ELIGIBLE FOR APPROVAL ACCORDING TO THE STATE HOUSING ACCOUNTABILITY ACT. PURSUANT TO THE H.A.A., BECAUSE THE PROJECT IS COMPLIANT WITH ALL OBJECTIVE GENERAL PLAN AND ZONING STANDARDS IT CANNOT BE DENIED NOR THE DENSITY BE REDUCED UNLESS FINDINGS COULD BE MADE IT WOULD CAUSE ADVERSE IMPACT THAT COULD NOT BE FEASIBLY MITIGATED. AND FINALLY FOR PROJECTS DEEMED CATEGORICALLY EXEMPT FOR CEQA AND ZAB MUST APPROVE. ACCORDING TO STREAMLINE REVIEW ONE PUBLIC HEARING IS RESERVED FOR POTENTIAL APPEAL TO THE CITY COUNCIL. THANK YOU. AND I CAN TAKE ANY QUESTIONS THAT THE BOARD HAS.

>> CHAIR DUFFY: THANK YOU. AT THIS TIME ARE THERE ANY QUESTIONS FROM THE BOARD? BOARD MEMBER SANDERSON?

>> D. SANDERSON: THANK YOU. I THOUGHT I WAS A PERSON WHO

UNDERSTOOD CEQA, BUT THIS ONE I'M CONFUSED ON. I READ THE HISTORIC PRESERVATION ANALYSIS THAT WAS DONE BY, I FORGET HER NAME. LEFT COAST SOMETHING OR OTHER. IT SEEMED VERY THOROUGH AND STEP-BY-STEP BY STEP EXPLAINED HER THINKING PROCESS AND QUESTIONS AND THE STANDARDS. AND THEN TONIGHT, WE GET ONE FROM , WHERE IS IT? IT WAS AT OUR TABLE. I JUST LOST IT ALREADY. BUT I READ THROUGH THAT AS CAREFULLY AS I COULD, WHILE EVERYBODY WAS TALKING AT THE BEGINNING. AND I LOOKED AT THE CONCLUSIONS. AND I DON'T UNDERSTAND HOW THE CONCLUSIONS FROM THAT RINCON STUDY JIVE WITH THE CONCLUSION FROM THE HISTORIC PRESERVATION STUDY, THE OTHER ONE. CAN YOU HELP ME FIGURE -- I MEAN, THERE'S A LOT OF IN'S AND OUT'S AND IT'S A LITTLE CONFUSING. WHAT'S THE BOTTOM LINE BETWEEN THESE TWO STUDIES, AS IT AFFECTS PROJECT APPROVAL? GOOD LUCK.

>> CERTAINLY, THAT'S A QUESTION THAT WOULD NEED TO COME UP. AB 1633 IS A NEW LAW AND STAFF WORKED VERY CLOSELY WITH THE CITY ATTORNEY'S OFFICE TO SORT OUT THE INTERPRETATION AND HOW TO INTERPRET THAT LAW. AND IN THE END, WHAT NEEDED TO BE DONE WAS TO CONSIDER ALL OF THE EVIDENCE ON THE RECORD. SO EVEN THOUGH IT MAY NOT BE APPARENT BETWEEN THE TWO STUDIES, THE STUDY FROM THE APPLICANT AND THE PEER REVIEW FROM RINCON, WITH CONSIDERATION OF ALL THE EVIDENCE ON THE RECORD AND CONSIDERING THAT THERE'S PRESERVATION AND RESTORATION OF THE MAIN DEFINING CHARACTERISTICS OF THE HISTORIC RESOURCE, STAFF CAME TO A

CONCLUSION THAT THE PROJECT IS ELIGIBLE FOR THE CEQA EXEMPTION.

>> D. SANDERSON: OKAY. THANK YOU.

>> CHAIR DUFFY: BOARD MEMBER ALLEN?

>> I JUST WANT TO PILE ONTO THAT. AS SOMEONE WHO FANCIES THEMSELVES A CEQA EXPERT I WAS PERPLEXED A LITTLE WHEN I READ IT AND HAD TO GO THROUGH ALL THE STEPS TO FIND THE MATERIALS ONLINE. I THINK THE THINGS THAT HIT IT FOR ME, THAT SHARON YOU, SENIOR PLANNER GONG, GOT IN YOUR PRESENTATION IS THIS CONSIDERATION OF THE RECORD OF THE WHOLE. DISAGREEMENTS AMONGST EXPERTS IS CERTAINLY NOTHING NEW. AND FOR ME, WHEN THERE'S SOME LANGUAGE OF THE PRESERVATION OF THE FACADE BUT LATER BETTER DESCRIBED AS PRESERVATION OF THE FACADE AND LOBBY AND IT'S ALMOST 100 FEET DEEP ON THE SHATTUCK FRONTAGE, THAT HELPS ME THINK, YES, THERE CAN BE SOME DEMOLITION BUT THE IMPACT TO THE HISTORIC RESOURCE IS STILL LESS THAN SIGNIFICANT.

>> D. SANDERSON: THE OTHER, THE REAR PART OF THE BUILDING WHERE THE THEATERS ARE IS NOT PART OF THAT HISTORIC RESOURCE THAT IS DESIGNATED AND PRESERVED.

>> I WILL LET SOMEONE ELSE CORRECT MY LANGUAGE, IT'S PART OF THE CONTRIBUTING ELEMENT.

>> CHAIR DUFFY: I JUST HAVE A CLARIFYING QUESTION. I THINK I KNOW THE ANSWER. BUT TYPICALLY ARE OFTEN ON THE ZONING BOARD, IT IS WITHIN OUR PURVIEW TO APPROVE OR TO INTERPRET WHETHER A PROJECT MEETS THE IN-FILL EXEMPTION OR NOT, AND IN THIS CASE WE

DO NOT HAVE THAT OPTION. IN THIS CASE, BECAUSE OF AB 1633, IT IS NOT WITHIN OUR ABILITY TO DECIDE WHETHER IT'S AN IN-FILL EXEMPTION OR NOT, THE CITY HAS MADE THAT DECISION AND IT'S NOT OUR DECISION, IS THAT CORRECT? OR IF YOU CAN HELP EXPLAIN?

>> THE LAW AB 1633 HAS A VERY SPECIFIC TIMELINE. AND STAFF, IT KIND OF NECESSITATES THAT STAFF MAKE THAT DECISION WITHIN A CERTAIN AMOUNT OF DAYS AFTER THE AB 1633 NOTICE IS GIVEN TO THE CITY. AND SO WE HAD TO MAKE THAT DECISION. AND IT WAS MADE BEFORE IT CAME TO ZAB.

>> CHAIR DUFFY: THANK YOU VERY MUCH. ANY OTHER QUESTIONS? WE HAVEN'T HAD THE APPLICANT PRESENT YET. NO OTHER QUESTIONS FROM THE BOARD AT THIS TIME. NOW WE HAVE FIVE MINUTES FOR THE APPLICANTS. WELCOME. AND TO THOSE MEMBERS OF THE PUBLIC WHO ARE ATTENDING ONLINE, DO KNOW THERE ARE ALSO, I ASSUME SOME OF THE BOARDS THAT ARE HERE, HOPEFULLY ARE IN YOUR PRESENTATION TOO AND THEY CAN SEE THEM. THERE ARE PHYSICAL BOARDS AND THERE'S A PHYSICAL PRESENTATION TOO. SOME OF THE BOARDS ARE BLOCKING THE VIEW OF THE ATTENDEES. AND I WOULD APPRECIATE IF YOU COULD MOVE THE BOARDS BEFORE YOU BEGIN. THANK YOU.

>> OF COURSE.

>> CHAIR DUFFY: IT'S A RECORD NUMBER OF BOARDS WE HAVE EVER SEEN. NEW TERRITORY. YOU ARE OLD SCHOOL. THANK YOU, AND FIVE MINUTES.

>> [OFF MIC]

>> CHAIR DUFFY: SORRY, YOU GOT TO HIT THAT LITTLE SPEAKY-BUTTON.

>> CAN YOU HEAR ME NOW?

>> CHAIR DUFFY: YES.

>> HEAR ME NOW?

>> YES.

>> I'M MR. STACKHOUSE WITH TRACHTENBERG. THANK YOU FOR A THOROUGH PRESENTATION, SHARON. I WILL TRY TO BE BRIEF. WE HAVE A GREAT PROJECT SITE. A BLOCK AND A HALF FROM B.A.R.T., TWO BLOCKS TO CAMPUS IN THE C-DMU IN THE DOWNTOWN. I WILL WALK YOU THROUGH THE SITE PLAN, ENTRY ON SHATTUCK, IT SHARES WITH A CAFE, MOVING BACK INTO THE LOBBY, THERE'S AN OUTDOOR COURTYARD AND CLASSY LINK BETWEEN WHAT IS BEING PRESERVED AND RESTORED AND THE NEW BUILDING IN THE BACK. MOVING TO MAIL ROOM AND ELEVATOR CORE, BIKES. THERE'S AN EXIT AND LOUNGE ONTO BANCROFT. A.D.A. PARKING TO PROVIDE PARKING FOR DISABLED WITHIN THE BUILDING. AND THREE UNITS ON THE GROUND LEVEL. HERE IS A TYPICAL RESIDENTIAL LEVEL PLAN. IT INCLUDES A FULL MIX, WIDE RANGE OF UNIT TYPES, FROM STUDIOS, TWO BEDROOMS, THREE- AND FOUR-BEDROOM UNITS, TOTAL OF 227 UNITS WHICH WILL INCLUDE 23 VERY LOW-INCOME UNITS. HERE IS A ROOF DECK PLAN. 5,840 SQUARE FOOT LANDSCAPED ROOF DECK, WITH A VIEW TOWARDS CAMPUS AND THE BAY. HERE ARE BEFORE AND AFTER IMAGES TO SHOW THE BUILDING IN THE WIDER CONTEXT. HERE IS SHATTUCK LOOKING SOUTH. SHATTUCK LOOKING NORTH. BANCROFT LOOKING EAST. AND BANCROFT LOOKING WEST. AND THEN ZOOMING IN CLOSER,

HERE IS A VIEW ACROSS SHATTUCK SHOWING THE HISTORIC THEATER FACADE, THAT WILL BE RESTORED AND ACTIVATED BY THE NEW COMMERCIAL USE AND LOBBY AND THE RESIDENTIAL TOWER SETBACK WILL INCORPORATE HARMONIOUS MATERIALS. HERE IS A CLOSE-UP VIEW OF THE ENTRY ON SHATTUCK. HERE IS A VIEW OF THE CAFE INTERIOR. A VIEW OF THE COURTYARD FROM THE RESIDENTIAL LOBBY LOOKING BACK TOWARDS THE NEW BUILDING. HERE IS A GLASSY LINK. HERE IS A VIEW FROM THE COURTYARD LOOKING BACK TOWARDS THE LOBBY IN THIS DIRECTION AND THE NEW BUILDING OVER TO THE RIGHT. HERE IS A VIEW LOOKING WEST ON BANCROFT. HERE IS A VIEW OF THE RESIDENTIAL LOBBY ON BANCROFT, VIEW LOOKING WEST ON BANCROFT, VIEW ON SHATTUCK AND VIEW LOOKING SOUTHWEST ON SHATTUCK. IN CONCLUSION, IT'S CONSISTENT WITH THE CITY PLANNING GOALS AND OBJECTIVES. IT'S EXEMPT FROM CEQA AS DETERMINED BY CITY STAFF ON OCTOBER 4TH THIS YEAR. IT'S CONSISTENT WITH THE CITY'S GOALS, OBJECTIVES AND POLICIES TO PROMOTE CREATION HELP BERKELEY MEET ITS REGIONAL REQUIREMENTS BY ADDING 227 NEW APARTMENTS INCLUDING VERY LOW-INCOME UNITS. CONSISTENT WITH THE STATE AND LOCAL ZONING POLICIES. LPC APPROVED THE DEMOLITION PERMIT AND LANDMARKING JUST THE UPPER PORTION OF THE RECOMMENDED FOR APPROVAL BY BERKELEY PLANNING STAFF AND UNIVERSITY APPROVAL AT D.R.C. IT PRESERVES HISTORIC FACADE, PER LPC RECOMMENDATIONS AND RESTORES ART DECO LOBBY. FOR THESE REASONS WE ASK YOU TO APPROVE THE APPLICATION. PATRICK HAS SOME COMMENTS AS WELL.

>> CHAIR DUFFY: AS A QUICK TIME CHECK YOU HAVE 1:30.

>> FIRST OFF I WOULD LIKE TO SAY I LOVE MOVIE THEATERS AND IN FACT MY NOW 31-YEAR-OLD DAUGHTER SAW HER FIRST DISNEY MOVIE "TOY STORY", GUESS IT WAS PIXAR THEN, IN THE U.A. THEATER. BUT SHE DIDN'T FINISH IT, IT WAS TOO SCARY FOR HER AND I HAD TO TAKE HER HOME. I AM MINDFUL OF THE HISTORIC PAST OF THIS BUILDING. BUT IN THE INTERVENING 92 YEARS SINCE IT OPENED IT'S BEEN MODIFIED BEYOND RECOGNITION. I THINK YOU CAN SEE THAT IN THE PHOTOGRAPHS WE HAVE HERE IN FRONT OF YOU. HISTORIC RESOURCE EVALUATION REPORT. I AM ACUTELY AWARE OF THE ASPECTS OF THE BUILDING THAT STILL REMAIN THAT WE ARE SAVING, WE ARE SAVING THEM. WE WILL SAVE THE FACADE AND WE WILL COMPLETELY RENOVATE THE 3,000 SQUARE FOOT LOBBY. I THINK THAT IS ONLY POSSIBLE BECAUSE WE ARE BUILDING A NEW APARTMENT BUILDING BEHIND IT THAT WILL PROVIDE THE HUNDREDS OF THOUSANDS OR MILLIONS OF DOLLARS NECESSARY TO DO A SEISMIC RENOVATION OF THE SALVAGEABLE PORTION OF THE BUILDING. THE SECOND POINT I WANT TO MAKE, I'VE BEEN DEVELOPING IN BERKELEY FOR ALMOST FOUR DECADES. I STARTED IN 1989. I THINK THIS IS PROBABLY ONE OF THE MOST EXCITING TIMES TO BE IN BERKELEY, EVEN THOUGH WE ARE GOING THROUGH SOME HARD TRANSITIONS. U.A. THEATER SOLD THIS BUILDING TO US TWO YEARS AGO BECAUSE THEY COULDN'T MAKE A GO OF IT AT THAT LOCATION WITH A 7-SCREEN MULTIPLEX. WE OFFERED THE BUILDING TO THEM FOR FREE AFTER WE BOUGHT IT AND THEY STILL CLOSED ONE MONTH LATER. IS THAT IT?

>> CHAIR DUFFY: THAT'S YOUR TIME. YOU CAN WRAP IT UP WITH WHERE YOU ARE GOING.

>> I ENCOURAGE YOU TO APPROVE THE NEXT GENERATION OF BUILDINGS FOR DOWNTOWN BERKELEY AND USHER IN WHAT I THINK IS GOING TO BE ITS NEXT GOLDEN AGE. I WOULD LIKE TO THINK OUR BUILDING WILL BE PART OF THAT WITH THE RESTORED OLD AND THE DYNAMIC NEW. THANK YOU.

>> CHAIR DUFFY: THANK YOU. ANY QUESTIONS FROM THE BOARD FOR THE APPLICANT? JUST QUESTIONS. THEN WE WILL HEAR FROM THE PUBLIC. THIS IS TIME FOR BOARD QUESTIONS.

>> WHO DID THE HISTORIC RESOURCES EVALUATION? WHAT ENTITY?

>> IT WAS CAITLIN HIBNA OF LEFT COAST ARCHITECTURE.

>> THANK YOU, CAITLIN HIBNA.

>> CHAIR DUFFY: OKAY, SEEING NO QUESTIONS. THEN WE WILL MOVE TO THE PUBLIC COMMENT PORTION OF THE EVENING. WE HAVE A LIST OF PUBLIC COMMENTERS. SOME IN PERSON AND SOME ONLINE. WE WILL BEGIN WITH THOSE IN PERSON. AND THEN WE WILL GO TO THOSE ONLINE. NOW BACK TO MY ORIGINAL COMMENT, IF ANYONE HAS JOINED AND WISHES TO SPEAK PUBLICLY ON THIS PROJECT, THIS IS YOUR CHANCE TO RAISE YOUR HAND ONLINE AND THIS IS A CHANCE TO FILL OUT A GREEN CARD AND SPEAK IN PUBLIC. AT THAT POINT, ONCE WE BEGIN THE PUBLIC COMMENT PERIOD THAT DOOR CLOSES AND EVERYBODY WHO HAS MADE IT IN THE DOOR GETS TO SPEAK. I'M FOLLOWING COUNCIL'S PRECEDENT HERE. SO WE'VE GOT A LIST OF PEOPLE IN PERSON. THOSE OF YOU, I

BELIEVE, HOLD ON ONE SECOND. ANOTHER LAYER OF CITY COUNCIL PRECEDENT, EACH SPEAKER GETS ONE MINUTE. HOWEVER, ANOTHER SPEAKER MAY YIELD THEIR MINUTE TO SOMEBODY ELSE. AND THE PERSON WHO GETS YIELDED TO HAS A MAXIMUM OF FOUR MINUTES. SO FOR ANY SPEAKER, WHETHER YOU ARE HERE IN THE STACK OF GREEN CARDS OR ONLINE, IF YOU WISH TO YIELD YOUR TIME THERE'S A MAXIMUM OF FOUR MINUTES FOR PUBLIC COMMENTER. WE HAVE DONE OUR BEST TO ACTUALLY TAKE THESE IN ORDER. YOU MIGHT KNOW, I KNOW SOMETIMES PEOPLE LIKE TO KNOW WHEN THEY ARE GOING TO SPEAK. I WILL GENERALLY GIVE WHO IS COMING UP NEXT. BUT THOSE THAT I RECEIVED FIRST ARE HERE ON THE BOTTOM. THOSE I RECEIVED THE LATEST ARE ON THE TOP, I WILL DRAW FROM THE BOTTOM. THEN WE WILL GO ONLINE. DO KNOW THAT AT 9:00 WE WILL TAKE A CAPTIONER BREAK. THIS IS YOUR CHANCE TO RAISE YOUR HAND. ALSO, THOSE OF YOU ONLINE WHO RAISE YOUR HANDS YOU CAN SPEAK IN THE ORDER OF HANDS RAISED. IT SHOWS UP IN OUR LITTLE LIST HERE. BEFORE WE BEGIN PUBLIC COMMENT, AND BEFORE WE CLOSE THE DOOR ON ANYBODY WHO WISHES TO SPEAK, GOING ONCE, GOING TWICE. ANDREW TALBOT IS THE LAST PERSON ON THE LIST ONLINE. LET'S BEGIN. FIRST WE WILL BEGIN ONE MINUTE, WE HAVE ANASTASIA. AND THEN WE HAVE SPRECK AND THEN WE HAVE TOVA. AND YOU ARE WELCOME TO PLEASE COME UP TO THE PODESTA TRUMP AND WE WILL MAKE SURE THAT IF YOU SPEAK INTO THE MIC, THEN EVERYBODY CAN HEAR YOU ONLINE TOO.

>> JUST TO CLARIFY, HOW MANY PEOPLE NEED TO CEDE THEIR MINUTES

FOR ME TO GET FOUR MINUTES.

>> CHAIR DUFFY: THREE.

>> I HAVE AILEEN, GARY PARK, AND CHARLEEN IN THE BACK. GAYLE SAID NO. GAYLE, YOU WILL BE ABLE TO SPEAK YOUR OWN MINUTE. LOIS. THANK YOU FOR WORKING THAT OUT WITH US. WELCOME.

>> HI, MY NAME IS ROSE ELLIS, I'M THE FOUNDER OF THE SAVE THE UNITED ARTIST GROUP THAT IS OBVIOUSLY TRYING TO SAVE THE UNITED ARTISTS. I HAVE A PARTNER LAURA LINDEN WHO IS ON ZOOM. I'M A LITTLE DISCOMBOBULATED, ALTHOUGH I GAVE THE RINCON REPORTS TO ALL OF YOU THAT WERE ORIGINALLY SENT TO THE ZAB JUNE 23RD, WHY WERE THEY NOT INCLUDED IN THE REPORT TONIGHT, THAT'S HIGHLY IRREGULARLY AND I PROTEST THAT.

>> CHAIR DUFFY: WE HAVE A RINCON REPORT HERE.

>> I GAVE THEM TO YOU, THAT'S WHY YOU HAVE THEM. WHY WERE THEY NOT INCLUDED IN THE AGENDA?

>> CHAIR DUFFY: WE CAN ASK AFTER.

>> I QUESTION THE LEGALITY OF NOT PUTTING THESE ON RECORD. IT JUST BRINGS TO MIND THAT OUR GROUP HAS BEEN THWARTED BY THE LPC, ZAB, THEY MADE THE PROCESS VERY MUDDY, THEY HAVEN'T DIVULGED INFORMATION, THEY HAVE BEEN SLOW TO DIVULGE INFORMATION AND WE HAVE BEEN TREATED WITH DISDAIN AND EVEN A COUPLE OF PEOPLE WERE PERSONALLY INSULTED BY SOMEBODY ON THE LPC. WE ARE REALLY DISTURBED THE WAY THIS HAS GONE ON. THE RINCON REPORTS ARE VERY IMPORTANT. YOU JUST GOT THEM, HOW CAN YOU DECIDE THE FATE OF

THIS THEATER IF YOU DIDN'T HAVE A CHANCE TO STUDY THAT AND UNDERSTAND THERE'S A VERY CLEAR OPPOSING VIEWPOINT TO MR. KENNEDY'S DEVELOPMENT? I DON'T UNDERSTAND WHAT IS THE POINT TO HAVE A ZONING BOARD OR LPC COMMITTEE IF YOU GUYS HAVE NO DISCRETION? I FEEL THE AFFORDABLE HOUSING LAWS ARE VERY NEEDED, ARE OVERREACHING, CITIES HAVE NO CONTROL OR SAY WHAT HAPPENS TO THEIR COMMUNITY. I'M WONDERING WHAT CITY IS GOING TO SAY THIS IS TOO MUCH, TOO FAR. WE ARE LOSING VITAL HISTORIC RESOURCES IN OUR COMMUNITY. WE CAN'T PLAN OUR COMMUNITY WITH ALL THESE HOUSES. IS THERE GOING TO BE ENOUGH ROOM OR ENOUGH SCHOOLS? ARE THERE GOING TO BE GROCERY STORES IN THE AREA. I MEAN, IT'S PRETTY RIDICULOUS. THE JEWEL IN THE CROWN WAS THE AUDITORIUM. MR. KENNEDY AND HIS TEAM FEEL IT'S DETERIORATED TOO MUCH, BUT OUR EXPERTS DON'T AGREE TO THAT. I INCLUDE SEAN, GREG KING, AND OTHERS WHO I'M NOT GOING TO DISCLOSE RIGHT NOW. SORRY, GREG KIMMEL WENT THERE IN 2016 AND SAW FOR HIMSELF. MULTIPLEX TOOK OVER THE ART DECO INTERIOR WITH HOPES TO SAVE THE THEATER. WE DON'T JUST WANT IT FOR A MOVIE THEATER, WE REALIZE THAT'S NOT A POPULAR GOAL. BUT THIS COULD BE A COMMUNITY CENTER JUST LIKE THE OAKLAND PARAMOUNT. THE OAKLAND PARAMOUNT WAS IN WORSE CONDITION WHEN THEY RENOVATED IT AND LOOK AT IT TODAY. IT'S FULL, IT IS DOING VERY WELL. THEATERS ARE COMING BACK. EVERYONE IS SHORT SIGHTED TO SAY MOVIES ARE OVER, THAT'S NOT TRUE. IT COULD BE USED FOR SYMPHONY, THEATER, COMMUNITY GROUPS, GRADUATIONS,

PRIVATE PARTIES, THE LIST GOES ON AND ON. I REALIZE YOU ARE HINDERED BY CEQA BUT WE ARE HOPING AT SOME POINT, SOMEBODY STANDS UP AND SAYS THIS IS TOO MUCH. WE HAVE TO HAVE A FEW -- YOU DID THIS FOR THE OHLONE, WE ARE NOT DISPUTING THAT IS THE MOST IMPORTANT ENDEAVOR THAT YOU UNDERTOOK. BUT YOU DID TRY TO FIND CREATIVE WAYS OF SAVING IT AND WE DID SAVE IT. AND WE ARE THRILLED AS A COMMUNITY FOR THAT. BUT WHY DID YOU NOT ATTEMPT ANY SORT OF THOUGHT PROCESS TO SAVE THIS THEATER?

>> CHAIR DUFFY: THANK YOU. THANK YOU FOR YOUR COMMENTS. AND I JUST WANT EVERYONE TO KNOW THAT WE DON'T ALWAYS RESPOND IMMEDIATELY. WE TAKE NOTES AND WE RESPOND COLLECTIVELY. IF WE DON'T RESPOND NOW, EXPECT THAT WE MIGHT DISCUSS OR RESPOND IN THE FUTURE. OKAY. NEXT SPEAKER WE HAVE IS SPRECK. WELCOME.

>> THANK YOU FOR THE OPPORTUNITY TO SPEAK. I GREW UP IN BERKELEY IN THE 60'S, I RUN A SMALL BUSINESS HERE NOW, I WENT TO ALL THE MOVIE THEATERS AND THIS BY FAR WAS THE JEWEL OF ALL THE MOVIE THEATERS. NONE OF THE OTHERS COMPARED AT ALL. IT WOULD BE REALLY A SHAME TO LET IT BE TORN DOWN. I SUPPORT HOUSING. I SUPPORT THE STATE LAW. BUT I DON'T THINK THE PUBLIC PROCESS HAS BEEN, THE PUBLIC REVIEW WAS PROPER HERE. I DON'T HAVE TIME TO RESPOND TO THE STAFF REPORT. BUT THERE'S BEEN A LACK OF PUBLIC PROCESS, DUE PROCESS AND PUBLIC REVIEW. AND I THANK YOU, THE COUPLE OF YOU WHO WENT IN THERE, BUT I WONDER IF YOU REALLY SAW WHAT IS BEHIND THE FACADE, WHAT WENT UP IN THE 70S THAT COVERED UP ALL THE

ORIGINAL ART DECO STUFF. I HAVE 14 SECONDS LEFT. I'VE JUST GOT TO SAY, I ASK YOU IF YOU HAVEN'T IMAGINED WHAT IS THERE, IF YOU HAVEN'T SEEN WHAT IS THERE, DON'T ALLOW IT TO BE RESTORED. VOTE NO. LET'S TURN THIS BACK TO THE PUBLIC PROCESS, PLEASE. THANK YOU.

>> CHAIR DUFFY: THANK YOU SO MUCH. NEXT WE HAVE TOVA, JOHN, AND CAROL.

>> HELLO, EVERYBODY. I KNEW I NEEDED TO DO MY PART TO PRESERVE THIS ICONIC MOVIE THEATER AND THIS IS WHY. I WAS BORN AND RAISED IN BERKELEY AND THEREFORE HAVE MANY MEMORIES OF GOING TO MOVIES THERE, TONIGHT I'M NOT ONLY REPRESENTING MYSELF, MY MOTHER, MY FATHER IS A FILM CRITIC FOR LOCAL NEWSPAPERS. I ALSO REPRESENT MY -- FROM BERKELEY HIGH SCHOOL WHO WENT THERE TO SEE THEIR FIRST FILMS AND STILL DO, AND THEY WANT THEIR GRANDCHILDREN TO HAVE THE SAME OPPORTUNITY. THERE ARE GROUPS OF LOCAL ACTORS AND ARTISTS WITHOUT A VENUE TO PERFORM. SO A STAGE THERE, AN AUDITORIUM WOULD BE A GREAT BENEFIT. HOW SHORT-SIGHTED THIS PROJECT IS. THIS PROJECT WILL NOT PROVIDE PROVISION OF ENTERTAINMENT OR BENEFIT THE AREA OR PLACES TO SOCIALIZE AND FOR STUDENTS OF UNIVERSITY OF CALIFORNIA TO TAKE IN AMERICAN CULTURE. CHOOSE ANOTHER SITE, I'M NOT OPPOSED TO MORE HOUSING, THIS IS NOT THE GOLDEN AGE.

>> CHAIR DUFFY: THANK YOU.

>> THANK YOU.

>> CHAIR DUFFY: TOVA, WE HAVE JOHN, CAROL, AND JEFF. WELCOME.

>> THANK YOU, BOARD MEMBERS. MY NAME IS JOHN BOON. I WORK FOR A COMPANY CALLED CONOCO, A CONCRETE CONTRACTOR IN THE BAY AREA. I'M IN SUPPORT OF THIS PROJECT. WE HAVE WORKED WITH PANORAMIC INTERESTS IN THE PAST. IT'S, FROM OUR PERSPECTIVE, AN EXCITING JOB, EXCITING PROJECT. IT WILL PROVIDE LOTS OF NEW HOUSING AND LOTS OF JOBS DURING CONSTRUCTION. I AGREE WITH PATRICK WHEN HE WAS DESCRIBING HIS VIBRANT EXCITING PROJECT THAT WILL BRING SOME LUSTER TO DOWNTOWN BERKELEY. SO THAT'S ALL I HAVE. THANK YOU.

>> CHAIR DUFFY: THANK YOU SO MUCH. JOHN. NEXT WE HAVE CAROL AND JEFF.

>> MY NAME IS CAROL DENNY. THIS PROJECT, AS PROPOSED IS A MONUMENT TO HELL, PIECE BY PIECE, BERKELEY IS SELLING ITS SOUL. I GO BACK FAR ENOUGH I REMEMBER US HAVING, EASILY, AROUND 50 THEATERS IN TOWN, LARGE AND SMALL. IT WAS THE BIRTHPLACE, AS FAR AS I'M CONCERNED OF PAULINE KALE -- [PLEASE STAND BY...TECHNICAL DIFFICULTIES]

>> CHAIR DUFFY: HERE WE GO. COMING BACK UP. ZOOM IS COMING BACK ONLINE. LET'S JUST MAKE SURE THAT IT IS ALL WORKING. THAT EVERYBODY IS STILL HERE. I SEE THE ATTENDEES. ALL THE HANDS ARE STILL UP. THAT'S GREAT. I SEE IT'S STILL ... JUST SO THERE'S PREDICTABILITY ON THIS BREAK, WE WILL BE BACK AT 8:45. I THINK WE HAVE IT BACK TOGETHER BUT IF YOU CAN JUST HOLD ON, 8:45 WE WILL START.

>> CHAIR DUFFY: CHECK, ONE, TWO. WE ARE BACK, IT'S 8:46. WE ARE GOING TO JUMP BACK INTO PUBLIC COMMENT. THANK YOU FOR YOUR PATIENCE, EVERYBODY. THE HYBRID MEETING SITUATION HAS ALWAYS PRESENTED CHALLENGES BUT WE HAVE OVERCOME THEM EVERY TIME. WE HAVE THE BOARD BACK. THE BOARD IS BACK, YOU ARE PATIENT AND QUIET AND WAITING. JEFF BAKER, AND HEATHER, ALICE, AND CHARLEEN.
>> I'M GOING TO READ FROM MY COPY OF THE ART DECO CRISIS ACT OF 2019. OH HEAVENS THIS IS EMBARRASSING, THERE IS NO SUCH THING, I WAS CONFUSED BECAUSE ALL THESE THEATERS TOLD ME THERE WAS AN ART DECO CRISIS, BUT I REMEMBER NOW IT'S THE HOUSING CRISIS THAT I THINK HAS BEEN UNDER APPRECIATED BY MEMBERS OF THE PUBLIC. I APPRECIATE IN THE STAFF REPORT IT IS STRONGLY UNDERLINED THE LEGISLATURE HAS STATED THE CITY DOESN'T HAVE MUCH OF A CHOICE, WITH AB 1633 THEY HAVE DELETED A GREAT DEAL OF JURISPRUDENCE AND WHAT THEY ARE TELLING US IS THIS PROJECT MUST BE APPROVED.
>> CHAIR DUFFY: THANK YOU. I APPRECIATE EVERYONE STICKING TO THEIR ONE MINUTE. ALICE AND HEATHER.
>> HI, I WOULD LIKE TO YIELD MY TIME TO HEATHER.
>> CHAIR DUFFY: OKAY.
>> HI, I'M HEATHER, I'M WONDERING IF IT'S POSSIBLE FOR ANYONE ONLINE TO YIELD THEIR TIME TO ME SO I HAVE A FULL THREE MINUTES?
>> CHAIR DUFFY: THAT'S OKAY WITH ME, I DON'T KNOW HOW. LAURA? LAURA LINDEN. IF LAURA LINDEN WOULD PUT THEIR HAND DOWN THEN WE WOULD KNOW. NOPE. OKAY. THAT'S ALL RIGHT. SHE WILL CONTINUE MY -

- SORRY.

>> CHAIR DUFFY: WE'VE NEVER DONE THIS BEFORE, IT MAKES LOGICAL SENSE IF IT'S POSSIBLE. LAURA LINDEN, IF YOU PUT YOUR HAND DOWN, YOU WILL YIELD YOUR MINUTE. IF YOU DO NOT, THEN YOU DON'T. OKAY, SO YOU HAVE TWO MINUTES.

>> THANK YOU. MY NAME IS HEATHER RIPLEY, I'M ACTUALLY READING FROM LAURA'S TEXT. A LONG TIME AGO VICTOR HUGO WROTE ARCHITECTURE RECORDED THE GREAT IDEAS OF THE HUMAN RACE, NOT ONLY RELIGIOUS SYMBOL BUT EVERY HUMAN THOUGHT. BERKELEY'S SPIRIT AND CIVIC HISTORY IS EMBODIED IN THIS UNITED ARTIST THEATER ON SHATTUCK AVENUE, WHICH SERVED AS AN ENTERTAINMENT VENUE FOR 91 YEARS. AT LEAST 200 CITIZENS SENT YOU LETTERS SAVING THE THEATER. SAYING THE HISTORICAL DEVELOPER'S RESOURCE IS BIASED. TURNS OUT THE CITY QUIETLY SOUGHT TWO REPORTS. WHAT DO YOU KNOW, THOSE TWO REPORTS CONCLUDED THAT THE U.A. IS INDEED A HISTORIC RESOURCE UNDER THE LAW. IT IS WHY THE REPORTS WEREN'T MADE PUBLIC FOR MONTHS UNTIL AFTER THE CEQA EXEMPTION WAS GRANTED. THEY SAY NEVER MIND THE PESKY REPORTS, NOTHING TO SEE HERE. ARE YOU SURE? THE PROPOSED DEMOLITION OF THE FORMER THEATER AUDITORIUM WOULD RESULT IN LOSS OF INTEGRITY OF DESIGN, MATERIALS, WORKMANSHIP, FEELING AND ASSOCIATION, IT WOULD NO LONGER HAVE ITS SIGNIFICANCE FOR IT'S ROLE IN THE DEVELOPMENT OF DOWNTOWN BERKELEY. THE REPORT SAYS THE PROPOSED PROJECT WOULD RESULT IN ADVERSE CHANGE AND NO LONGER RETAIN IT'S ARCHITECTURAL

AND DESIGN IDENTITY, CAUSING IMPACT PURSUANT TO CEQA. I THINK THAT'S THE END OF MY TIME BUT I THANK YOU VERY MUCH FOR LISTENING.

>> CHAIR DUFFY: THANK YOU VERY MUCH. ARE YOU CHARLEEN?

>> YES.

>> CHAIR DUFFY: GO AHEAD.

>> THIS PROJECT DOESN'T CITY OF RIVERSIDE BERKELEY'S NEED, WE HAVE A GLUT OF MARKET RATE AND CLOSE TO OUR QUOTA FOR VERY LOW-INCOME HOUSING. I'M HERE SO SERIOUSLY OBJECT TO GRANTING THIS. THIS BUILDING WITH ITS LONG HISTORY IN BERKELEY AT LEAST DESERVES A PUBLIC HEARING AND PUBLIC RESPONSE TO THE PLAN TO DEMOLISH IT. IT'S TOO IMPORTANT OF A DECISION, THANKS TO NANCY SKINNER AND THE STATE LEGISLATURE WHICH OVERREACHED. THEY HAVE TAKEN OVER LOCAL CONTROL. IT'S GONE TOO FAR. IF IT WAS GETTING US THE HOUSING WE NEED THAT WOULD BE ONE THING BUT WE ARE GETTING MARKET RATE FOR THE VAST MAJORITY.

>> CHAIR DUFFY: CHARLEEN, THANK YOU. NEXT WE HAVE KATIA, KATE, AND MADELAINE RICH.

>> GOOD EVENING, MEMBERS OF THE ZONING ADJUSTMENTS BOARD, I'M KATIA, I'M A STUDENT AT U.C. BERKELEY. I UNDERSTAND FIRSTHAND THE CHALLENGES OF FINDING AFFORDABLE HOUSING IN THIS CITY. MANY YOUNG STUDENTS AND PROFESSIONALS ARE HAVING A HARD TIME FINDING A PLACE TO LIVE. I UNDERSTAND THIS IS A PLACE OF CULTURAL HISTORICAL SIGNIFICANCE FOR THE CITY. HOWEVER IT'S UNDERGONE SO

MANY CHANGES IT NO LONGER REFLECTS ITS ORIGINAL CHARACTER. AND IT'S A RISK TO PUBLIC SAFETY. THIS IS ABOUT CREATING A VIBRANT AND LIVABLE COMMUNITY. HOUSING IN BERKELEY IS MORE CRITICAL THAN EVER. WHEN YOUNG PEOPLE HAVE A PLACE TO LIVE THEY DRIVE THE COMMUNITY. THIS PROJECT IS A RESPONSIBLE AND SUSTAINABLE WAY TO ADDRESS OUR HOUSING CRISIS WHILE CONTRIBUTING TO THE CITY'S VIBRANCY.

>> CHAIR DUFFY: THANK YOU. NEXT WE HAVE KATE AND THEN MADELAINE.

>> MY NAME IS KATE. BORN AND RAISED IN THE BAY. I'M FULLY AWARE WE HAVE A HOUSING CRISIS, I'M STUCK IN EL CERRITO, BUT I DON'T THINK THIS BUILDING IS THE WAY TO DO IT. I THINK THERE'S BEEN A LOT OF SHADY STUFF HAPPENING AT THE CITY COUNCIL WHERE THINGS WEREN'T COMPLETELY TRANSPARENT HOW HISTORICAL THIS PLACE IS. ESPECIALLY THE BACK UNIT. THERE'S A WHOLE ENTIRE TREASURE TROVE BEHIND THAT AREA NOT LOOKED AT WITH FULL TRANSPARENCY, I THINK WE NEED TO CONTINUE TO BUILDUP WARDS SINCE WE DON'T HAVE SO MUCH SPACE, BUT I DON'T THINK THIS IS THE RIGHT WAY TO DO IT. THANK YOU FOR YOUR TIME AND CONSIDERATION.

>> CHAIR DUFFY: THANK YOU SO MUCH. MADELAINE RICH? AND WE HAVE A CARD OF SOMEONE HERE IN PERSON WHO IS YIELDING THEIR MINUTE TO MADELAINE RICH, SO YOU HAVE TWO MINUTES. WELCOME.

>> HI, I'M A BERKELEY HIGH ALUM, FOR THE REST OF MY LIFE I WILL SUPPORT THE YOUNG PEOPLE OF BERKELEY AND VIBRANCY, PARTICULARLY AS IT RELATES TO SHATTUCK AVENUE. I'M AN ENORMOUS YIMBY. MY

PROBLEM WITH THIS PROJECT IS LACK OF TRANSPARENCY AND IT ERODES TRUST. YOU JUST RECEIVED TWO PEER-REVIEWED REPORTS FROM RINCON BEFORE THE MEETING THAT REFUSED THE RESOURCE EVALUATION THAT WAS DONE EARLIER THIS YEAR. I BELIEVE THEY WERE COMMISSIONED BY PLANNER KAHN, AND THEY REFUTE THOSE FINDINGS. JUST THE FACT YOU RECEIVED THOSE REPORTS TELLS ME YOU DIDN'T HAVE TIMELY ACCESS TO COMPREHENSIVE INFORMATION TO MAKE A DEFINITIVE DECISION TONIGHT. BUT THE REPORTS, THE BOTTOM LINE YOU ASKED ABOUT EARLIER, THIS PROPERTY IS ON THE CALIFORNIA REGISTER OF HISTORICAL RESOURCES AND HAS BEEN SINCE 2006 FOR A GOOD REASON. AS SUCH, IF YOU LOOK AT SB 330 AND AB 1663 BOTH LAWS DEFER TO CEQA. IN FACT, THEY SAY HERE, NEITHER SHALL ANYTHING IN THIS SECTION CONSTRUE OR MISLEAD LOCAL AGENCY MAKING FINDINGS REQUIRED OF A PUBLIC RESOURCES CODE OR OTHERWISE COMPLY WITH CEQA. IF YOU GO TO CALIFORNIA ENVIRONMENTAL QUALITY ACT, CALIFORNIA CODE REGULATIONS, TITLE 14, SUBSECTION 15.300.2 UNDER HISTORICAL RESOURCES IT STATES CATEGORICAL EXEMPTION SHALL NOT BE USED. LISTEN TO THAT LANGUAGE CAREFULLY. IT SHALL NOT BE USED FOR A PROJECT WHICH MAY CAUSE SUBSTANTIAL ADVERSE CHANGE TO SIGNIFICANCE OF A HISTORIC RESOURCE. 2104.81 SPECIFIES THAT IT'S A RESOURCE ELIGIBLE CALIFORNIA REGISTER OF HISTORICAL RESOURCES. THIS HAS BEEN IN THERE SINCE 2006. I THINK THE WHOLE PROCESS HAS BEEN REALLY RUSHED AND I THINK THE CONCLUSION THIS CEQA EXEMPTION IS A FOREGONE CONCLUSION IS NOT TRUE. I DON'T THINK YOU WERE PROVIDED

THE RINCON REPORTS AND YOU DON'T HAVE SUBSTANTIAL AND COMPLETE INFORMATION.

>> CHAIR DUFFY: THANK YOU.

>> YOU'RE WELCOME.

>> CHAIR DUFFY: OKAY, NEXT WE HAVE KAYLA BINS .

>> HELLO, EVERYONE. MY NAME IS KARA BINS, I'M A HOMEOWNER OFF SHATTUCK AVENUE AND I'M RAISING MY FAMILY IN BERKELEY. MY FAMILY HAS LIVED IN BERKELEY ALMOST 100 YEARS AND I, TOO, HAVE ATTENDED MOVIES AT THIS THEATER BUT I'M HERE TO EXPRESS MY ENTHUSIASTIC SUPPORT FOR THIS PROJECT. THIS IS EXACTLY THE KIND OF PROJECT WE NEED FOR BERKELEY, IN-FILL DENSITY FOR CAR-FREE LIVING, THIS IS THE KIND OF FUTURE I WANT MY KIDS TO HAVE AND PROVIDES DESPERATELY NEEDED HOUSING INCLUDING AFFORDABLE HOUSING AND WILL GREATLY ADD TO THE AREA. I ENCOURAGE YOU TO MOVE IN SUPPORT OF THIS.

>> CHAIR DUFFY: THANK YOU. IT'S NOW 8:59 P.M., WE HAVE FOUR MORE SPEAKER CARDS FOR PEOPLE IN PERSON. WE WILL HAVE TO WAIT FOR OUR CAPTIONER'S BREAK. IT IS TEN MINUTES. FOR THOSE OF YOU WHO SPOKE AND LOOKING TO, PERHAPS HAVE YOUR COMMENTS ADDRESSED, STICKING AROUND, SOMETIMES THEY DO GET ADDRESSED. SO EVEN THOUGH YOU MAY HAVE SPOKEN, I THINK IT'S IMPORTANT IF YOU WISH TO HEAR THE OUTCOME AND THE VERY IMPORTANT DISCUSSION THAT HAPPENS AFTERWARDS. IT'S 9:00 P.M. SO WE HAVE A TEN-MINUTE BREAK. THANK YOU VERY MUCH. [10-MINUTE BREAK]

>> CHAIR DUFFY: THANK YOU. JUST A TIME CHECK. IT'S 9:00. WE ARE GOING TO RESUME OUR MEETING. I WOULD LIKE TO SAY THANKS TO THE CAPTIONERS. WE HAVE FOUR MORE PUBLIC SPEAKERS IN PERSON. AND WE HAVE A NUMBER OF SPEAKERS, 17 HANDS RAISED ONLINE. THANK YOU, EVERYONE. JUST GETTING OUR TECHNOLOGY BACK UP TO SPEED. THANK YOU. WELCOME BACK, EVERYBODY. WE CAN JUST JUMP RIGHT IN. SO YOU KNOW, WE HAVE 18 HANDS RAISED ONLINE. WE HAVE FOUR GREEN CARDS LEFT HERE. WE HAVE DAVID, ALEX, SARAH AND THEN ZACKARY FOR ALL THE LAST PUBLIC COMMENT IN PERSON. AND EACH OF YOU HAVE ONE MINUTE. IN ALL FAIRNESS, PLEASE DO STICK TO IT. AND WELCOME.

>> THANK YOU. MY NAME IS DAVID MENDELSOHN, WHEN I WAS A KID IN THE 80S I WOULD SEE MOVIES AT THE U.A. I HAVE TO SAY 200 PLUS APARTMENTS, HOUSING 600 PLUS PEOPLE SEEMS LIKE A MUCH BETTER USE OF THIS SPACE THAN A MOVIE THEATER IN AN ERA WHEN NOBODY GOES TO MOVIE THEATERS ANYMORE. SO I'M HOPING THE CITY WILL BE MORE GENEROUS TO FUTURE GENERATIONS RATHER THAN INDULGE IN EXCESSIVE NOSTALGIA FOR THE PAST. PLACES FOR PEOPLE TO LIVE IS MORE IMPORTANT FOR TODAY THAN PRESERVING A MID 20TH CENTURY MOVIE HOUSE. IT'S TIME TO PRIORITIZE THE FUTURE OF BERKELEY, RATHER THAN ITS PAST. THANK YOU.

>> CHAIR DUFFY: THANK YOU. NEXT WE HAVE SARAH AND ZACKARY. AND ALEX.

>> GOOD EVENING, ZAB COMMITTEE, THANK YOU FOR GIVING US ALL THE AUDIENCE TO GIVE OUR PUBLIC OPINION. I'VE BEEN A LOCAL RESIDENT

FOR A DECADE WITH MY YOUNG FAMILY THAT LIVES TEN MINUTES AWAY. I'M A PROUD HOUSING COALITION ACTION BOARD MEMBER. I'M A VICE PRESIDENT OF A UNION NAMED SUFFOLK CONSTRUCTION THAT'S BUILT MORE HIGH-RISE TOWERS IN ALAMEDA COUNTY THAN ANY OTHER BUILDER IN THE AREA. I'M A FULL PROPONENT OF THIS PROJECT FOR THREE CORE REASONS. THERE'S AN ACUTE HOUSING SHORTAGE FOR PEOPLE WHO WORK FOR US, HERE IN THE BAY THAT WANT TO COME BERKELEY HOME. PRIMARILY YOUNG PROFESSIONALS I'M TALKING ABOUT AND THE STUDENTS WHO GO TO LOCAL HIGHER INSTITUTIONS HERE IN BERKELEY. BERKELEY IS A VIBRANT PLACE. IT HAS GOT AN IMMENSE FOOD AND BEVERAGE OPTION AND AN AMAZING DOWNTOWN AND THIS WILL ADD TO THAT VIBRANCY. LAST BUT NOT LEAST WE HAVE BEEN FORTUNATE TO PARTNER WITH PANORAMIC, THEY HAVE BEEN LOOKING OUT FOR THE INTERESTS OF ALL, THIS WILL CREATE A LOT OF JOBS. THANK YOU.

>> CHAIR DUFFY: THANK YOU, ALEX. SARAH AND ZACKARY.

>> HI, I'M SARAH BELL, BERKELEY RESIDENT. AND YES, I ALWAYS DRESS LIKE THIS WHEN I COME TO ZAB. I LOVE ART DECO ARCHITECTURE, I'M HERE TO ASK YOU TO PRESERVE THIS BUILDING BY APPROVING THE PROPOSED DEVELOPMENT. PEOPLE ARE GOING TO MOVIE THEATERS LESS AND LESS, AT THE SAME TIME OUR HOUSING CRISIS KEEPS MOUNTING. THE BEST THING IS TO RESTORE THE ORIGINAL PIECE AND USE THE REMAINDER FOR WHAT OUR CITY REALLY NEEDS, HOUSING. THIS IS A GORGEOUS PROPOSAL AND HOUSING SO CLOSE TO B.A.R.T. IT IS FANTASTIC FOR THE ENVIRONMENT. INDEED, THE BEST WAY TO KEEP

MORE MOVIE THEATERS FROM CLOSING IS TO HAVE MORE RESIDENTS IN BERKELEY. I DON'T THINK I NEED TO REMIND YOU BUT ALL CITY PROCESSES HAVE FOUND MOST OF THE THEATER HAS BEEN RENOVATED BEYOND RECOGNITION. I DON'T NEED TO REMIND YOU STATE LAWS LIKE AB 1633 AND SB 330 REQUIRE YOU TO APPROVE THIS PROJECT, BUT I DID JUST REMIND YOU. BUT ALSO BECAUSE IT'S THE RIGHT THING TO DO. THANK YOU.

>> CHAIR DUFFY: THANK YOU. ZACKARY?

>> ZACKARY RUSS. D-1 RESIDENT. MY FIRST EXPERIENCE WITH THIS THEATER IS 2008 WHERE I SAW SOME KIND OF MARVEL MOVIE, I'VE SEEN SEVERAL SINCE, I'VE BEEN TRYING TO KEEP THE FRANCHISE GOING. THE FACT IS I GREW UP IN THE SUBURBS, I'VE BEEN IN A LOT OF MOVIE THEATERS, IT'S A MOVIE THEATER, I WAS UNABLE TO IDENTIFY ANYTHING EXCEPT FOR THE FACADE WHICH IS GOING TO BE RESTORED. THE FACT OF THE MATTER WE NEED TO BUILD MORE HOUSING SO WE CAN SAVE THE ENVIRONMENT AND BUILD A FUTURE FOR ALL THESE PEOPLE. SO YOU CAN LOOK AT EITHER WATCHING A THEATER ROT RIGHT IN FRONT OF US, WHICH IT IS DOING AS I WALK BY IT EVERY DAY OR DOT I'S ON PAPER TO HOUSE PEOPLE. URGE YOU TO APPROVE IT AND THANK YOU FOR SPENDING YOUR EVENING WITH ALL OF US. THANK YOU SO MUCH.

>> CHAIR DUFFY: THANK YOU. THAT CONCLUDES THE IN-PERSON PUBLIC COMMENT PERIOD. WE WILL NOW GO ONLINE. I WILL ALSO GIVE YOU THE LIST OF NAMES. THAT WAY YOU KNOW WHO IS NEXT. WE WILL BEGIN WITH ANDREW. LET'S ALLOW YOU TO TALK. ANDREW TALBOT. I'M SEEING MY

ABILITY TO DO IT YET. WE ARE GOING TO FIGURE THIS OUT. I DON'T HAVE THE ALLOW TO TALK.

>> CLERK: SORRY, IT MIGHT HAVE --

>> CHAIR DUFFY: KICKED ME OUT OF BEING A PANELIST.

>> CLERK: I THINK IT KICKED YOU OUT OF BEING A CO-HOST. IF YOU GIVE ME 30 SECONDS, I WILL GET THAT BACK FOR YOU.

>> CHAIR DUFFY: WONDERFUL. THANKS, EVERYBODY.

>> CLERK: WHEN WE HAD OUR ZOOM BLIP IT TOOK AWAY MY HOST CAPABILITY. SO I CAN'T ASSIGN YOU CO-HOST. OUR CAPTIONER HAS BEEN MADE HOST. IF YOU CAN MAKE ME A HOST.

>> CHAIR DUFFY: OF COURSE THE CAPTIONER CAN HEAR US. THANK YOU.

>> CLERK: THANK YOU.

>> CHAIR DUFFY: ANDREW TALBOT. HERE YOU GO. ALLOW HIM TO TALK. HERE WE GO.

>> YES, THANK YOU. MUCH APPRECIATE THE CAPTIONER AS WELL, IN APPRECIATION TO THE ZAB BOARD FOR THE CHANCE TO SPEAK ON THIS. REALLY EXCITED TO SEE HOW THE WORK THAT WE AS CALIFORNIANS HAVE DONE AT THE STATE LEVEL HAS PLACED US IN A GOOD POSITION TO APPROVE MORE HOUSING TODAY. I'M REALLY EXCITED SOME FOLKS MENTIONED THAT APPROVING THIS PROJECT REALLY HELPS PRESERVE WHAT I THINK MOST PEOPLE SEEM TO BE EXCITED ABOUT FROM A BUILDING PERSPECTIVE, THE FACADE. AS SOMEONE WHO LIVED IN BERKELEY FOR A LONG TIME, I'VE BEEN TO MY SHARE OF MOVIES IN THAT THEATER AS WELL, IT WAS A LOVELY THEATER BUT WITHOUT MORE PEOPLE WE WON'T

BE ABLE TO SUPPORT AMENITIES. I'M REALLY GLAD WE ARE GOING TO BE ABLE TO APPROVE THIS PROJECT TONIGHT. THANK YOU.

>> CHAIR DUFFY: THANK YOU, ANDREW. NEXT WE HAVE CHANCE AND THEN CHRISTINE AND THEN HARVEY.

>> I THANK THE CHAIR. MY NAME IS CHANCE BORECZKY, HERE FOR EAST BAY FOR EVERYONE. THANK YOU. I SYMPATHIZE WITH THE DESIRE OF MANY OF THE SPEAKER'S TONIGHT TO PRESERVE COMMUNITY AND THEATER SPACE DOWNTOWN. UNFORTUNATELY THE PRESERVATION INCLUDES THAT, IT WAS ONLY ABLE TO INCLUDE THAT AND MAKE THAT FINANCIALLY FEASIBLE BY ALSO INCLUDING 200 UNITS OF HOUSING. I GUESS THE DESIRE TO PRESERVE THE THEATER IS LAUDABLE, BUT IN ABSENCE OF A FEASIBLE IDEA TO USE THE SITE, THE CHOICES ARE TO BUILD HOUSING OR REMAIN VACANT AND IT WILL BE URBAN BLIGHT. THAT'S AN UNFORTUNATE STARK REALITY BUT IN THE ABSENCE OF AN ALTERNATIVE PROPOSAL AND STATE LAW BEING WHAT IT IS, THERE ARE OTHER REASONS FOR THE ABSENCE OF A PROPOSAL, I FEEL THERE IS NO OTHER OPTION BUT TO APPROVE THIS PROJECT.

>> CHAIR DUFFY: CHANCE, THANK YOU. NEXT, CHRISTINE.

>> I HAVE SOME QUESTIONS FOR THE BOARD. I'M CONCERNED THAT THE DEVELOPMENT AS PICTURED IN THE PRESENTATION DOESN'T PRESERVE THE MARQUIS WHICH HAS BEEN LANDMARKED BECAUSE IT SHOWS THE DETAILS OF THE CENTER COLUMN SHEERED OFF, I'M ALSO CONCERNED THE LOBBY ISN'T PRESERVED, THE ORIGINAL MURALS AND DECORATIONS WERE REMOVED. I'M WONDERING ABOUT THE DEMOLITION EXPOSING HAZARDS

FROM SAY VINTAGE MATERIALS THAT CONTAIN ASBESTOS. I UNDERSTAND THERE WAS BUT I COULDN'T LEARN THE STATUS. I DIDN'T HEAR BACK. I'M CONCERNED THE DOWNTOWN IS TURNING IT INTO CONDO CENTER THAT PUTS PEOPLE IN THEIR OWN PODS BUT NOT ABLE TO COME TOGETHER. IS THERE ANY WAY THAT COULD POSSIBLY BE DONE WITH THIS SITE, COULD THE ACTUAL THEATER BE PRESERVED AND UNITS PLACED ABOVE IT? I IMAGINE YOU HAVE DISCUSSED THIS, BUT I HAVEN'T HEARD. I WOULD LIKE TO HEAR MORE.

>> CHAIR DUFFY: THANK YOU VERY MUCH. WE DON'T TYPICALLY ANSWER QUESTIONS DURING THE PUBLIC COMMENT PERIOD, BUT EVERYONE IS LISTENING. THANK YOU VERY MUCH. NEXT WE HAVE HARVEY, JOHN, JOSHUA, KELILAH. HARVEY, I WILL ASK YOU TO UNMUTE.

>> I'M HARVEY SMITH AN OVER 50-YEAR RESIDENT OF BERKELEY. AS MANY PREVIOUS SPEAKERS HAVE SAID, THIS PROCESS IS REALLY A TRAVESTY. IT ALSO SHOWS A GREAT LACK OF IMAGINATION AND POLITICAL WILL ON BEHALF OF THE CITY. I WILL AGREE WITH PATRICK KENNEDY, IT'S AN EXCITING TIME IN BERKELEY, AN EXCITING TIME FOR REAL ESTATE DEVELOPERS AND CONCRETE AND MARKET-RATE HOUSING. HOWEVER IT'S A VERY GRIM TIME FOR TRULY ADEQUATE SUPPLY OF AFFORDABLE HOUSING AND DEMOCRATIC DIVERSITY AND CULTURE AND HISTORY. THE BERKELEY I'VE KNOWN FOR DECADES ALWAYS TOOK VERY PRINCIPLED STANCE ON ISSUES THAT WENT FAR BEYOND THE BORDERS OF BERKELEY. IT'S HARD TO BELIEVE EVEN AND SEE THIS PROCESS CARRIED OUT AS IT IS NOW. BERKELEY HAS A GREAT AND DEEP HISTORY IN THE

CINEMA AND THIS PROJECT SHOULD SUPPORT THAT AND OTHER CULTURAL, AS A CULTURAL VENUE. WITH SOME IMAGINATION, IT COULD HAPPEN.

>> CHAIR DUFFY: THANK YOU, HARVEY. JOHN, JOSHUA, KALILAH, KELLY. JOHN, THERE YOU GO. WELCOME.

>> I ONLY LEARNED OF THIS PROJECT EARLIER THIS MORNING. AND WAS ABLE TO SEND A LETTER WHICH IS IN THE PUBLIC RECORD AND I HOPE YOU WILL READ IT AND FORGIVE THE DRAFT NATURE OF IT. I THINK THE MAIN EVENT HERE IS IF THIS DECISION IS MADE TO DEMOLISH THE THEATER, THERE IS NO GOING BACK. I THINK THE MAIN CHARACTER OF THE THEATER IS NOT ITS FACADE BUT RATHER ITS POTENTIAL TO CONTRIBUTE TO THE REVITALIZATION OF DOWNTOWN. THE ADVERSE IMPACT OF ITS ELIMINATION IS IN THE FUTURE. I THINK WE HAVE AN OPPORTUNITY TO HAVE AN IMPORTANT PUBLIC GATHERING SPACE, AS OTHERS HAVE MENTIONED. AND FINALLY THE PARALLELS WITH PEOPLE'S PARK IS FRIGHTENINGLY, THERE'S A SIMILARITY WHICH PROPOSES THAT THE ONLY PLACE TO DO HOUSING IS IN A PLACE THAT HAS A HALLOWED PLACE IN HISTORY. THANK YOU.

>> CHAIR DUFFY: THANK YOU FOR YOUR COMMENTS, JON. NEXT WE HAVE JOSHUA GUNTER . LET ME CLICK ALLOW TO TALK.

>> HELLO, THANK YOU SO MUCH FOR THIS OPPORTUNITY TO COMMENT ON THIS PROPOSAL. I'M JOSH, A PRO-HOUSING ADVOCATE AND HOMEOWNER IN THE EAST BAY. THERE'S NOTHING I WOULD RATHER BE DOING ON A THURSDAY NIGHT THAN TALKING ABOUT HOUSING FOR PEOPLE. I WANT TO SPEAK FOR THE NEARLY 230 UNITS THAT WILL HOUSE PEOPLE. THE

PEOPLE OF CALIFORNIA HAVE SPOKEN THROUGH THEIR LEGISLATURE WHICH HAS ENACTED LAWS WHICH MAKE IT UNAMBIGUOUSLY CLEAR PEOPLE WANT ACTION ON THE DESPERATE HOUSING CRISIS WE HAVE TODAY. WE DON'T HAVE A CRISIS OF LACK OF COMMUNITY SPACES OR LACK OF THEATERS WE HAVE A HOUSING CRISIS. THIS PROJECT ALLOWS US TO HAVE OUR CAKE AND EAT IT TOO. IT PRESERVES WHAT HAS BEEN DECLARED BY LAW HISTORIC RESOURCE BECAUSE THE HOUSING WILL BE BUILT. I ENCOURAGE YOU, AS YOU ARE REQUIRED BY LAW TO APPROVE THIS PROJECT, IT WILL BRING HISTORIC PRESERVATION AND HOUSING. THANK YOU FOR THE OPPORTUNITY TO COMMENT.

>> CHAIR DUFFY: THANK YOU. NEXT WE HAVE KELILAH. THERE YOU ARE.

>> GOOD EVENING, MY NAME IS KELILAH FEDERMAN, ON BEHALF OF RESIDENTS FOR RESPONSIBLE DEVELOPMENT. IT DOESN'T SUPPORT A CEQA EXEMPTION. EXPERT CONSULTANTS FOUND THE PROJECT WILL HAVE POTENTIAL UNMITIGATED NOISE IMPACTS TO NEIGHBORS ADJACENT AND STUDENTS AT BERKELEY HIGH DURING PROJECT CONSTRUCTION AND OPERATION. THEY CAN'T RELY ON THE IN-FILL WITH SIGNIFICANT NOISE IMPACTS. THE NOISE ANALYSIS FROM THE APPLICANT OMITTED CRITICAL NOISE. IT DOESN'T GIVE CITY SUBSTANTIAL EVIDENCE. MOREOVER THE PROJECT IS NOT SUBJECT TO CATEGORICAL EXEMPTION BECAUSE IT WOULD BE A CHANGE BY MOSTLY DEMOLISHING. FOR THESE REASONS, THE BOARD CAN'T MAKE NECESSARY FINDINGS TO APPROVE THE PROJECT. HAVE STAFF PREPARE AN E.I.R. BEFORE THE PROJECT CAN PROCEED. THANK YOU.

>> CHAIR DUFFY: THANK YOU VERY MUCH FOR YOUR COMMENTS. AND

THANKS EVERYONE FOR STICKING TO YOUR TIME AND FOR STICKING AROUND. I KNOW THE A LONG HEARING AND JUST HAVING A MINUTE FEELS VERY, VERY SHORT. BE ASSURED THE APPLICANT IS LISTENING, THE BOARD IS LISTENING. NEXT WE HAVE JOSHUA GUNTER. OH, I'M SORRY. NEXT WE HAVE KELLY, THANK YOU.

>> THANK YOU. ARE YOU GETTING AN ECHO ON THIS?

>> CHAIR DUFFY: NOPE.

>> OKAY, GOOD. I WAS AT THE DESIGN REVIEW COMMITTEE MEETING AND THERE WAS DISCUSSION THERE THAT THERE WERE REALLY MISSED OPPORTUNITIES WITH THE CAFE IN FRONT AND HAVING THE ENTRANCE TO THE SIDE AND THE FRONT OF THE BUILDING . THERE WAS RECOMMENDATION TO WORK ON THE FRONT OF THE BUILDING. THE TWO ENTRANCES THERE FOR THE CAFE AND THE ENTRANCE TO THE HOUSING. AND IT JUST REALLY HAS -- WHAT SHALL I SAY? IT'S NOT DESIGNED WELL. IT JUST READS POORLY. SO THIS IS ABOUT THE ENTRANCE RIGHT INTO THE BUILDING, NOT THE FACADE ABOVE. I DON'T SEE THERE'S BEEN ANY CHANGE FROM TT DESIGN REVIEW COMMITTEE, IT STILL LOOKS TO BE THE SAME. SO THAT WAS IT. AND THERE WERE ALSO QUESTIONS ABOUT THE PARKING SPACE ON THE SIDE AND MAKING THE MAIN ENTRANTS ON THE SIDE, THANK YOU.

>> CHAIR DUFFY: KELLY, THANK YOU. NEXT WE HAVE LAURA. LET ME CLICK "ALLOW TO TALK". LAURA, WELCOME.

>> HELLO?

>> CHAIR DUFFY: HELLO.

>> YES, SO ANOTHER LAURA WHO ALSO RAISED HER HAND, LAURA SEXTRO IS CED ING HER MINUTE TO ME SO I CAN HAVE TWO MINUTES.

>> CHAIR DUFFY: OKAY.

>> I'M LAURA LINDEN, ONE OF THE LEADERS OF SAVE THE U.A. BERKELEY. THERE'S BEEN SO MANY GREAT POINTS MADE ABOUT THE NEED FOR HOUSING BUT REALLY I WANT TO EMPHASIZE THE QUESTION BEFORE YOU, UNFORTUNATELY IS NOT REALLY HOW MUCH THIS KIND OF BUILDING IS NEEDED AND ALL OF THAT. WHAT IS UNFOLDED AT THIS MEETING IS VERY WORRISOME. YOU GUYS JUST GOT THESE TWO RINCON PEER-REVIEW REPORTS WHICH FUNDAMENTALLY DISAGREE WITH THE DEVELOPER'S CLAIM THAT IT'S NOT A HISTORIC RESOURCE UNDER CEQA. AND WHY DOES THAT MATTER? BECAUSE THE EXEMPTION GRANTED BY STAFF IN EARLY OCTOBER IS NOW, WE REALIZE IS BASED ON A FLAWED PROCESS. SO NOW THEY ARE TRYING TO SAY THE EXEMPTION HAS BEEN GRANTED, HERE IT IS, YOU HAVE TO VOTE FOR IT. THAT'S IT. THIS IS VERY, VERY PROBLEMATIC. THESE REPORTS, IF YOU NOTICE, THEY WERE NOT IN YOUR 128-PAGE PACKET. THEY WERE NOT IN ANY OF THE SUPPLEMENTAL REPORTS. WHY NOT? THEY HAVE BEEN TOTALLY SUPPRESSED. I'M NOT TRYING TO MAKE THIS SO SEXY, BUT IT'S TRUE. WHERE WERE THEY? THESE ARE PUBLIC DOCUMENTS. AND THESE REPORTS MATTER. AND YOU CAN'T JUST SKIM OVER THESE REPORTS TO JUST SORT OF SAY, OH YEAH, LET'S JUST SORT OF GLANCE AT THIS AND THEN VOTE TO DESTROY THE THEATER. THE ISSUE BEFORE YOU NOW IS NOT REALLY ABOUT HOW MUCH WE NEED HOUSING. YOU KNOW, YOU WOULD BE VOTING REALLY ILLEGALLY TO

DESTROY A THEATER THAT IS PROTECTED, ON THE STATE HISTORIC REGISTRY. THESE FACTS MATTER. NOW THE DEVELOPER'S ATTORNEY, A COUPLE DAYS AGO WROTE TO YOU GUYS AND BASICALLY SAID A LOT OF STUFF LIKE NOTHING TO SEE HERE, KIND OF DISREGARD THIS PEER REVIEW, BECAUSE WHY? BECAUSE THEY ARE WORRIED. YOU KNOW WHY THEY ARE WORRIED? BECAUSE THIS LEGAL ISSUE IS NOT SO BLACK AND WHITE. IT'S AB 1633 DOESN'T NULLIFY CEQA. THIS IS A COMPLEX ISSUE. AND THE PROCESS NOW, BY WHICH YOU KNOW, UNFORTUNATELY THE STAFF HANDLED THIS, THEY DID NOT GIVE YOU GUYS ALL THE INFORMATION. SO YOU CANNOT VOTE JUST HAVING RECEIVED THESE REPORTS. WE ARE WATCHING THIS ALL UNFOLD ONLINE AND THIS IS JUST VERY PROBLEMATIC. AND ANOTHER THING THAT IS VERY CRITICAL IS I HAVE TO MENTION ABOUT THE CITY COUNCIL.

>> CHAIR DUFFY: CAN YOU WRAP IT UP?

>> YES, THIS IS MY FINAL POINT, THE CITY COUNCIL'S ATTORNEY SAID THIS WAS MADE WITH THE CITY COUNCIL WORKING WITH THE CITY ATTORNEY'S OFFICE. SO THAT IS ALSO EXTREMELY PROBLEMATIC. IF YOU VOTE TONIGHT AND SAY THEY CAN APPEAL TO THE COUNCIL. WE ARE GOING TO APPEAL TO THE COUNCIL, WHICH WAS ACTUALLY DELIBERATING ON THIS DECISION. THAT'S HIGHLY PROBLEMATIC. HOW ARE WE GOING TO GET A FAIR HEARING? THIS WHOLE PROCESS --

>> CHAIR DUFFY: PLEASE RESPECT YOUR TIME AND EVERYONE ELSE'S TIME. THANK YOU VERY MUCH. OKAY. NEXT WE HAVE NICK AND THEN PHYLLIS.

>> HI, ALL. I JUST WANT TO SPEAK TO THE SPIRIT OF THIS PROJECT. I'M NICK, A BERKELEY ALUM AND I PERSONALLY SUPPORT BUILDING HOUSING. CHARLIE CHAPLAIN, ONE OF THE CO-FOUNDERS OF THE THEATER. HE ONLY PURSUED THE BASICS OF MODERN LIFE. ODD JOB TO MAKE ENDS MEET, THE TRAMP STRUGGLES WERE SO COMPELLING BECAUSE THEY ARE UNIVERSAL. A ROOF OVER ONE'S HEAD AND ACCESS TO HUMAN RIGHTS. I CAN SEE NO FUTURE MORE FITTING FOR THIS SITE THAN AS ATTAINABLE HOUSING. THANK YOU.

>> CHAIR DUFFY: THANK YOU. NEXT WE HAVE PHYLLIS. HELLO, PHYLLIS.

>> THANK YOU. CAN YOU HEAR ME?

>> CHAIR DUFFY: WE CAN, LOUD AND CLEAR. OR WE COULD. BUT NOW WE CAN'T. HELLO, PHYLLIS, ARE YOU THERE?

>> CHAIR

>> I WILL JUST ENDORSE THE PREVIOUS SPEAKERS' COMMENTS. THANK YOU.

>> CHAIR DUFFY: OKAY. NEXT WE HAVE SAMUEL.

>> HELLO, I DO HAVE MY COLLEAGUE JOEL IS YIELDING ME HIS ONE MINUTE OF TIME.

>> CHAIR DUFFY: THANK YOU VERY MUCH. OKAY, SOUNDS GOOD. TWO MINUTES AND WELCOME.

>> THANK YOU. MY NAME IS SAM SIEGEL, CAL ALUM, HISTORIST AND MEMBER OF SAVE THE U.A. [READING RAPIDLY] CITIES HAVE EMPLOYED CREATIVE WAYS TO SAVE THEIR CINEMAS, WHY NOT BERKELEY. IT'S AKIN TO DERELICTION OF DUTY. IF THE CITY IS STILL LACKING IMAGINATION

IT CAN'T SEE A FUTURE FOR U.A. OTHER THAN BEING LEVELED FOR ANOTHER APARTMENT TOWER, I THINK NOT. DO NOT DISGRACE BERKELEY'S LEGACY AND SUBJECT THE FUTURE GENERATIONS TO MEDIOCRITY. IT COULD EASILY BE ADAPTED TO MULTI-PURPOSE VENUE, GIVE IT A CHANCE TO BE ONE. IF A LAW IS UNJUST, ONE NOT ONLY HAS MORAL OBLIGATION TO CHANGE IT. YOU CAN SEIZE THIS MOMENT. ZAB, I IMPLORE YOU, SERVE THE INTEREST OF THE PEOPLE OF BERKELEY, NOT DEVELOPERS. THERE'S NO REASON THE PROJECT NECESSITATES THE U.A.'S DESTRUCTION, IT'S POSSIBLE TO PRESERVE THE THEATER AND BUILD HIGH RISE HOUSING. EMBRACE CIVIL DISOBEDIENCE AND DENY APPROVAL OF THE PROJECT. SEEK AN ALTERNATIVE THAT WILL RHODE RESTORE IT. CONSIDER CONDITIONAL APPROVAL OR LAND SWAP BETWEEN MUNICIPAL PROPERTY. THIS IS MY LAST SENTENCE, IF THE U.A. IS DEMOLISHED IT WILL FOREVER BE A STAIN ON THE CITY'S LEGACY. PEOPLE WHO ALLOWED DESTRUCTION OF ART DECO MASTERPIECE THAT ONCE SAT ON THEIR DOORSTEP.

>> CHAIR DUFFY: THANK YOU. NEXT WE HAVE DAN, MARY, RAUL, AND THEO.

>> HI, THANK YOU ALL. THE TWO RINCON REPORTS WERE PAID BY BERKELEY TAXPAYERS STRONGLY DISAGREE WITH THE DEVELOPER'S CLAIM THE U.A. IS NOT A HISTORIC RESOURCE UNDER CEQA. AM I CLEAR THIS DAIS OF THIS BOARD IS JUST SEEING THESE RECON REPORTS FOR THE FIRST TIME? IF YOU HAVE NOT STUDIED THEM, YOU AND THE CITY ARE BASING YOUR DECISIONS ON AN ANALYSIS PAID FOR BY A DEVELOPER. IF

YOU DON'T HAVE A THOROUGH GRASP OF THE RECON DATA AND INFORMATION IN IT, THIS DECISION MUST BE DEFERRED. LASTLY, TO ECHO LAURA'S COMMENT, DID CITY COUNCIL DELIBERATE THE FATE OF THE U.A. WITH THE CITY ATTORNEY ON DECIDING THE CEQA EXEMPTION WITHOUT PUBLIC OPINION? WHAT MAKES THE UNITED ARTISTS AN ARCHITECTURAL TREASURE IS NOT THE FACADE, STOP IT WITH THE FACADE. IT IS THE BREADTH TAKING ART DECO AUDITORIUM THAT HAS BEEN HIDDEN FOR 50 YEARS. UNTIL AND UNLESS ALL OF US CAN EVALUATE THAT AUDITORIUM, THIS DECISION MUST BE DEFERRED. THANK YOU.

>> CHAIR DUFFY: THANK YOU. THREE SPEAKERS LEFT. MARY, RAUL AND THEO. HELLO, MARY, ARE YOU THERE?

>> YES, CAN YOU HEAR ME?

>> CHAIR DUFFY: YES, PERFECTLY.

>> I DON'T LIVE IN BERKELEY, MY NAME IS MARY GRIZZLE. I DON'T LIVE IN BERKELEY BUT UNDERSTAND THE MIND SET THAT WILL DESTROY THIS. IT HAPPENED IN MY HOMETOWN OF SANTA CLARA. CITY COUNCIL DEMOLISHED AN ENTIRE DOWNTOWN, INCLUDING Its ICONIC THEATER, WE ARE RECLAIMING OUR DOWNTOWN 60 YEARS LATER, TIME TO MEND THE GAP OF PUBLIC'S MISTRUST OF GOVERNMENT BUILDING A NEW DOWNTOWN WITH 1,000 UNITS OF HOUSING AND BRINGING BACK OUR BEAUTIFUL SANTA CLARA NEON SIGN. THIS DOWNTOWN IS THE EXACT SAME AS THE UNITED ARTIST THEATER AUDITORIUM. COMFORT LANDMARK FOR ALL TO ENJOY, YOUNG AND OLD. DESTRUCTION LABELED BY MERCURY NEWS AS THE WORST

MISTAKE OF THE CENTURY BUT EVERY COUNCILMEMBER WHO APPROVED IN THE 60S DEEPLY REGRETTED IT. I BEG THE BERKELEY CITY COUNCIL TO HEED THE VOICES, AND JUST THE THOUGHT OF LOSING THIS IRREPLACEABLE HISTORICAL LANDMARK. I UNDERSTAND THE STATE NEEDS HOUSING BY TRANSIT, BETTER THAN MOST, BUT THE SIGNIFICANCE OF THE ARCHITECTURAL HERITAGE OF THIS GREAT BUILDING MUST BE PRESERVED FOR FUTURE GENERATIONS. ALSO, THINK OF THE MISTRUST. IF YOU VOTE YES, THINK ABOUT THE YEARS OF MISTRUST YOU WILL HAVE AND THE DISDAIN YOU WILL HAVE BY MANY OF YOUR LOCAL RESIDENTS.

>> CHAIR DUFFY: THANK YOU FOR YOUR COMMENTS.

>> THANK YOU FOR YOUR CONSIDERATION.

>> CHAIR DUFFY: THANK YOU. SORRY TO CUT YOU OFF. WE HAVE RAUL AND THEO. RAUL?

>> CAN YOU HEAR ME?

>> CHAIR DUFFY: WE CAN HEAR YOU NOW.

>> THANK YOU FOR YOUR TIME, MY NAME IS RAUL, I'M A HOMEOWNER IN EAST BAY. WE HAVE SEEN HOUSING IN BERKELEY THE PAST THREE MONTHS, RENTS HAVE GONE DOWN AND THE ABILITY FOR PEOPLE OF ALL DIVERSE BACKGROUNDS, ECONOMIC CLASS, ETHNICITY, WHATEVER, THEY DO GET TO STAY IN BERKELEY, AND EAST BAY. THAT'S CRITICAL. WE NEED OUR CURRENT, INCOMING AND FUTURE GENERATIONS OF BERKELEY CITIZENS IN BERKELEY. SECONDLY, TO THE POINT OF CEQA ACKNOWLEDGMENT HERE, SPECIFICALLY NOISE COMPLAINTS YOU COULD SEE FROM A PAST PROJECT THAT NOISE FROM PEOPLE COMPARED TO CARS ON

SHATTUCK, ARE YOU KIDDING ME NOW? THAT'S RIDICULOUS. NOISE POLLUTION BEING A THING. LASTLY, THIRD THING, COMMUNITY, SOMEONE A YOUNGER GUY QUOTED M.L.K. TO DENY THIS PROJECT. I JUST THINK THAT'S FUN HE HAS THE PRIVILEGE TO STAY IN BERKELEY, MINORITIES LIKE MYSELF HAVE BEEN DISPLACED. MINORITIES HAVE BEEN DISPLACED BECAUSE OF THE STATE OF HOUSING THE LAST 40 YEARS, ABSURD. I HOPE WE CAN HAVE THIS PROJECT BE APPROVED. ALL THESE PUBLIC ENGAGEMENT PROCESSES BE DENIED AND EVERYTHING APPROVED. THANK YOU SO MUCH AND HAVE A GOOD REST OF YOUR NIGHT.

>> CHAIR DUFFY: THANK YOU FOR YOUR COMMENTS. YOUR TIME IS UP. NEXT WE HAVE THEO. THEO, YOU ARE THE LAST PUBLIC COMMENTER.

>> GREAT, THANK YOU.

>> CHAIR DUFFY: WE CAN HEAR YOU PERFECTLY.

>> MY NAME IS THEO GORDON, I'M A SOUTH SIDE HOMEOWNER, MEMBER OF YIMBY AND I'M CALLING YOU TO APPROVE THIS PROJECT. BERKELEY THAT VOTED FOR THE FUTURE, FOR A PRO-HOUSING STATE SENATOR, ASSEMBLY MEMBER, MAYOR, AND CITY COUNCIL. VOTED SPECIFICALLY FOR SACRAMENTO REPRESENTATIVES WHO WROTE THE LAWS WHO SAY YOU MUST APPROVE. THESE AREN'T BIG BAD LAWS PASSED BY AN EVIL STATE, THESE ARE OUR LAWS THE CITY OF BERKELEY VOTED. WHENEVER WE TRY TO BUILD FOR YOUNG PROFESSIONALS STUDENTS AND NEW FAMILIES THERE ARE VOICES IN THIS ROOM WHO WILL SAY NO. THEY WILL CHOOSE SENTIMENTALITY OVER FUTURE GENERATIONS. THOSE VOICES DON'T REPRESENT THE CITY. DO. THIS IS A CITY WHO WANTS THIS HOUSING

AND THERE ARE OVER 200 FAMILIES WHO WANT TO CALL THIS PROJECT HOME. THEY VOTED FOR PROGRESS, NOT PROCESS. THEY VOTED FOR A CITY THAT KNOWS WE DON'T LIVE UP TO OUR PROGRESSIVE VALUES WHEN IT COSTS OVER $3 MILLION TO LIVE HERE.

>> CHAIR DUFFY: THANK YOU. THAT IS IT FOR PUBLIC COMMENT. I WANT TO THANK EVERYBODY FOR STAYING AND FOR COMMENTING AND FOR ALL THE PATIENCE. THOSE IN THE ROOM, THOSE ON THE BOARD, AND EVERYBODY. THANK YOU VERY MUCH. WHAT WE WILL DO, WE WILL CLOSE THE PUBLIC COMMENT PERIOD AND WE DELIBERATE. IF WE HAVE QUESTIONS FOR STAFF, AND IF ANYONE WOULD LIKE TO ADDRESS -- OH, ACTUALLY. NO, THERE IS A TWO-MINUTE PERIOD THAT THE APPLICANT GETS TO RESPOND. THAT'S RIGHT, RIGHT? YES. IT'S NOT ONLY THAT THE BOARD MAY RESPOND TO PUBLIC COMMENT. BUT BEFORE WE BEGIN, THE APPLICANT, IF THEY SO WISH, GIVEN ALL THE PUBLIC COMMENT THAT HAS HAPPENED, MY MIND WENT BLANK THERE FOR A MINUTE. WE ALWAYS DO THIS. THE APPLICANT HAS TWO MINUTES TO ADDRESS ANY PUBLIC COMMENT, IF THEY WISH. THEY DO NOT HAVE TO. BUT THEY ARE WELCOME TO. YOU JUST HAVE TO COME TO THE MIC, PLEASE.

>> I THINK YOU CAN SEE FROM THE HISTORIC EVALUATION REPORT, AND THE PHOTOGRAPHS HERE HOW DRAMATICALLY ALTERED THIS BUILDING IS. I WOULD LIKE TO REMIND YOU THAT BUILDINGS CHANGE OVER THEIR LIFETIMES AND THEY SEE NEW USES AND THEY SEE NEW RESIDENTS. AND I THINK WE HAVE TO ACKNOWLEDGE THAT THE ERA OF THE GREAT THEATER DOWNTOWN, AS MUCH AS WE ALL LOVE IT, IS SOMETHING THAT WE'RE NOT

GOING TO SEE AGAIN, AT LEAST NOT FOR A WHILE. AND CERTAINLY NOT IN DOWNTOWN BERKELEY. THERE'S A REASON WHY ALL THE THEATERS CLOSED HERE IN DOWNTOWN BERKELEY AND IT'S BECAUSE BERKELEY RESIDENTS WERE NOT GOING TO THEM AS MUCH AS THEY DID IN THE PAST. I THINK THAT THE RENOVATION OF THE FACADE AND THE LOBBY OF THE BUILDING WILL BE A TIMELY AND WELCOMED REMINDER OF A BYGONE ERA IN BERKELEY. AND I THINK THAT THE ARRIVAL OF 500 NEW RESIDENTS DOWNTOWN WILL BE A WELCOMED BEGINNING AND REBIRTH FOR THIS SITE AND FOR THE CITY. I THINK BERKELEY ACTUALLY IS ENTERING WHAT COULD BE A NEW GOLDEN AGE FOR IT. I THINK WE NEED TO ADAPT TO THE CHANGING TASTES OF THE RESIDENTS OF THE CITY. AND REINVENT OURSELVES AS A DOWNTOWN. AND I THINK THIS BUILDING, IN PARTICULAR, WILL REMOVE WHAT IS NOW AN ABANDONED AND DETERIORATING BUILDING AND BRING BACK SOMETHING NEW TO BE PART OF THAT DOWNTOWN. I KNOW THERE ARE A LOT OF PROJECTS THAT HAVE BEEN APPROVED IN DOWNTOWN BERKELEY THAT ARE STALLED RIGHT NOW. THERE ARE LOTS OF EMPTY STOREFRONTS ALONG SHATTUCK AND CENTER STREET. I THINK ONE THING THE CITY DOESN'T NEED IS ANOTHER EMPTY FACADE HERE FOR THE NEXT 2-3 YEARS. I THANK YOU FOR YOUR CONSIDERATION. I WOULD LIKE YOU TO TAKE A LOOK AT ALL THE REPORTS THAT WE'VE PROVIDED AND THE PHOTOGRAPHS. I KNOW SOME OF YOU HAVE SEEN THE BUILDING YOURSELF. THERE'S A NEW AGE IN BERKELEY AND WE WOULD LIKE TO ENCOURAGE YOU TO BRING THAT TO FRUITION. THANK YOU.

>> CHAIR DUFFY: THANK YOU VERY MUCH. I WOULD LIKE TO MAKE A MOTION TO CLOSE THE PUBLIC HEARING. ALL IN FAVOR SAY AYE. OPPOSED SAY NAY. THE AYE'S HAVE IT. THE PUBLIC HEARING IS CLOSED. NOW THE BOARD MAY DISCUSS AMONGST THE BOARD OR HAVE ANY QUESTIONS TO STAFF OR THE APPLICANT, IF WE WERE TO OPEN THE PUBLIC HEARING AGAIN. BUT NOW THE BOARD GETS A CHANCE TO SPEAK. PLEASE, BOARD MEMBER JERSEY.

>> T. JERSEY: SO I HAVE, I'M TODD JERSEY. I HAVE A LOT OF HATS UP HERE. I GREW UP IN BERKELEY. I WENT TO BERKELEY HIGH SCHOOL, WENT TO MARTIN LUTHER KING. I HAVE A LOT TO SAY ON THIS PROJECT. IT'S ONE OF THE SAD PARTS FOR ME THAT I THINK THE OVERREACH OF THE NIMBY LAWS ARE HAMSTRINGING US TO LITIGATE SOMETHING AS IMPORTANT AS THIS PROJECT. I WILL SAY SOMETHING TO START OUT, WHEN I WAS A YOUNG LAD, I'M OLD ENOUGH, WHEN I WAS A YOUNG LAD, 9, 10, 11, 12, UNTIL THE 70S, I WENT TO THE ORIGINAL THEATER. I'M ONE OF THE FEW PEOPLE IN THIS ROOM WHO HAS SEEN THAT MASTERPIECE IN ITS ENTIRETY. AND I WAS NOT, YOU KNOW, IT WAS PAINFUL FOR ME AS A 12, 13, 14-YEAR-OLD, IN THE 70S THAT BUILDING BECAME, DID WHAT A LOT OF HISTORIC BUILDINGS DID AND BECAME A MULTIPLEX. SO FOR ME, THESE PHOTOGRAPHS ARE REALLY MISLEADING. OF COURSE IT LOOKS LIKE HELL. IT WAS DONE IN THE 70S, IT'S BEEN NEGLECTED FOR DECADES. BUT IT'S BEEN MENTIONED BEHIND THE AWFUL REMNANTS, IF THIS WAS A HISTORIC BUILDING WE PULL OFF THE CEILING, THE HISTORIC CEILING IS STILL INTACT. LIKE

I HAVE SEEN ON MANY PROJECTS, THEY ARE PRESERVED BY THESE SORT OF SCAFFOLDING OF REMODELING. YOU KNOW, AND THEN I WILL JUST REALLY END WITH, THERE'S SO MANY DESIGN PROBLEMS IN HERE. THERE ARE TOO MANY TO MENTION. TOO MANY DESIGN ISSUES FOR ME TO MENTION, IT'S MORE LIKE A TENEMENT MORE THAN A GLAMOROUS PROJECT. IT'S A DORM FOR ELDER CLASSMEN. THAT'S WHAT THIS IS. AND IT'S STACKING . THERE'S BEDROOMS WITHOUT WINDOWS, WITHOUT NATURAL LIGHT, WITHOUT VENTILATION, I DON'T THINK THEY COMPLY WITH CODE, I RESEARCHED THAT PRETTY THOROUGHLY. BUT I THINK THE SENIOR ISSUE IS THE LACK OF PROPER LITIGATION AND THE FACT THAT WE JUST GOT THIS. AND I'VE BEEN READING THIS FOR THE ENTIRE TIME. I THINK EXTREMELY CONCERNING. AND I THINK IT'S, I'M NOT IN ANY WAY PREPARED TO VOTE YES ON THIS PROJECT. I DO THINK IT SHOULD BE DEFERRED, SO WE CAN PROPERLY LITIGATE THIS. THANKS.

>> CHAIR DUFFY: THANK YOU. AND BOARD MEMBER SANDERSON?

>> D. SANDERSON: WELL, I'VE BEEN THINKING A LOT ABOUT ALL THE ISSUES THAT I HEARD AND I'VE BEEN GOING BACK THROUGH THE MATERIALS THE E QUA ISSUE IS VERY COMPLEX. WHAT WE DO AS A ZONING ADJUSTMENTS BOARD, WE ARE NOT STAFF. AND OUR STAFF REVIEW ALL THE INFORMATION, DISCUSS IT WITH THE CITY ATTORNEY AND THEN DO THEIR BEST TO MAKE A RECOMMENDATION, WHICH IS REVIEWED WITHIN THE PLANNING DEPARTMENT. TO GO BACK NOW THAT THERE IS ONLY ONE MEETING ALLOWED IN THE FUTURE WOULDN'T BE RESPONSIBLE. I THINK STAFF LOOKED AT ALL THE TECHNICAL AND LEGAL AND MADE THEIR BEST

RECOMMENDATION. I'M NOT OF THE MIND WE SHOULD DEFER THIS FOR FURTHER DISCUSSION. THE CEQA ISSUE. BUT IT IS AN UNUSUAL SITUATION WE ARE IN, WE HAVE NOT HAD ONE STAFF WAS REQUIRED TO MAKE THE DECISION PRIOR TO THE ZAB MEETING BUT THEY HAD TO DO THAT. SO I'M OF THE MIND THAT WE SHOULD LEAVE THE CEQA ISSUE WHERE IT IS AND I DON'T THINK WE CAN GO BACK NOW AND REASSESS ALL THE DIFFERENT DOCUMENTS. NOT EVEN THESE. THEY HAVE OTHER DOCUMENTS. IT'S NOT THAT -- WE DON'T GET ALL OF THE DOCUMENTS. ALTHOUGH THEY ARE ALL AVAILABLE ONLINE. I THINK WE SHOULD JUST LEAVE THAT BE AS IT IS. AS FAR AS, I VISITED THE FACILITY I LOOKED UNDER CURTAINS AND WALL HANGINGS. I LOOKED UNDER THE CEILING. I READ THE ENGINEER'S REPORT THOROUGHLY. THIS BUILDING HAS SIGNIFICANT DETERIORATION. AND I KNOW THAT STAFF AND THE ENGINEERS EVALUATED THAT. IT IS A HAZARD. IT'S A TYPE OF BUILDING WITH A MAJOR EARTHQUAKE IT WILL COME DOWN. IN ORDER TO RESTORE IT, CAN'T RESTORE CEMENT THAT IS ALREADY DAMAGED. THE BUILDING IS FULL OF EVIDENCE OF WATER LEAKAGE THROUGHOUT ALL THE CEILINGS. YOU CAN SEE SOME OF IT ON THE OUTSIDE AS WELL WHERE WATER HAS LEAKED, THE REBAR HAS RUSTED AND THE PHYSICAL INTEGRITY OF THE BUILDING IS LONG PAST. SO I THINK THAT THIS BUILDING, IF YOU LOOK AT THE PLANS YOU CAN SEE IT'S KIND OF LIKE A T-SHAPE AND THE LONG PART OF THE T GOES TO SHATTUCK AND THEY RESTORE THAT. IT'S IN THE DRAWINGS. THAT'S WHERE YOU FIND WHERE WE FIND MOST OF THE ARCHITECTURAL INTEREST AND ART DECO

MATERIALS. THERE'S SOME THAT'S SCATTERED AROUND. BUT SOME IN THE PAST THEY JUST PLASTERED OVER AND PAINTED OVER. YOU CAN'T UNPLASTER THAT. I THINK THE ENGINEER'S REPORT CONCLUDES THAT THE BUILDING NEEDS TO BE DEMOLISHED. NOW THAT THEY CAN DEMOLISH THE CEMENT PART AND RESTORE THE FRONT PART, THE T THAT GOES OUT TO SHATTUCK. ONE COMMENT SOMEONE MADE ABOUT THE DRC, IF YOU LOOK AT THE STAFF REPORT, THIS PROJECT GOES BACK TO DRC. THERE'S A LONG LIST OF RECOMMENDATIONS IN ORDER FOR US TO MAKE THE STATE SCHEDULE THAT WE HAVE TO MEET, THE DRC HAS A MEETING, MAYBE TWO, THEY COME BACK, FINAL DESIGN REVIEW AFTER THEY HAVE WORKED OUT ALL THE DETAILS ON THE PROJECT AND ADDRESSED THESE DETAILS WHICH ARE ABOUT 20 RECOMMENDATIONS. SO, WITH THAT SAID, I DON'T THINK SAVING THE MAIN STRUCTURE OF THIS BUILDING IS PRACTICAL, BECAUSE THE BUILDING NEEDS TO BE DEMOLISHED. THE WALLS ARE RUINED, THE CEILING IS RUINED. THE PART THAT WE CAN SAVE IS THE PART THAT IS THE ENTRY WAY, THE FRONT, THE ENTRY WAY, BACK TO WHERE THE HOUSING PART BEGINS. SO I THINK THAT WE SHOULD SUPPORT THIS PROJECT. THE OTHER THING I WANTED TO MENTION IS THAT THE CALIFORNIA THEATER, WHICH MAY NOT BE CONSIDERED AS ARCHITECTURALLY VIABLE AS THIS ONE, BUT THEY HAVE MANAGED, WE APPROVED THE PROJECT, THE USE PERMIT FOR THAT BUILDING SEVERAL MONTHS AGO. THEY ARE GOING TO HAVE TWO FLOORS OF THEATER AND COMMUNITY SPACE. AND THAT'S IN THE PROJECT APPROVAL. THEY HAVE A VERY BROAD CONSORTIUM OF ARTIST GROUPS THROUGHOUT BERKELEY AND

THE BAY AREA WHO ARE TRYING TO FIND THE MONEY TO KEEP THOSE TWO FLOORS AS COMMUNITY USE AND THEATER USE. THEY HAVE NOT, AND THEY HAVE BEEN WORKING ON THIS FOR QUITE A WHILE. THEY HAVE NOT YET BEEN ABLE TO RAISE THE FUNDS TO PRESERVE, TO BUILD THAT SPACE IN THE CALIFORNIA THEATER. YOU KNOW, I THINK WE HAVE ONE THEATER THAT IS TRYING VERY HARD TO PRESERVE THAT SPACE AND TRYING TO RAISE THE FUNDS TO DO THAT AND HASN'T BEEN ABLE TO. SO I THINK IT'S NOT REALISTIC FOR US TO THINK THAT BERKELEY WILL BE ABLE TO FIND ENOUGH MONEY TO RESTORE THAT SPACE TO TWO THEATERS. I JUST THINK THAT WE SHOULD FOCUS ON ONE THAT'S BEEN APPROVED, HELP THEM RAISE THE MONEY. I THINK THIS ONE WE SHOULD DO AS THE APPLICANT HAS PROPOSED, DEMOLISH THE BACK, BUILDING THE HOUSING AND RESTORE THE FRONT HALLWAY SECTION, ENTRANCE WAY. AND THERE ARE OTHER ELEMENTS. YOU SEE PICTURES, THEY CAN SAVE THROUGHOUT, THEY CAN SAVE SOME OF THE MURALS, THEY CAN SAVE THE LIGHTS, THERE'S SEVERAL THINGS EVEN THOUGH SOME HAVE BEEN DESTROYED THAT ARE SALVAGEABLE AND THEY WILL SAVE WHAT THEY CAN AND USE IT IN THE BUILDING. SO MY PLAN IS TO SUPPORT THE PROJECT. THANK YOU.

>> CHAIR DUFFY: THANK YOU, BOARD MEMBER SANDERSON. I WOULD LIKE TO NOTE PER THE ZONING ADJUSTMENTS BOARD RULES THAT WE'VE ADOPTED 10:00 P.M. NO PUBLIC HEARING MAY COMMENCE LATER THAN 10:00 P.M. UNLESS THERE'S A LEGAL NECESSITY, THIS EVENING THERE IS, SO THE HEARING WILL CONTINUE. BOARD MEMBER GAFFNEY AND PLESE.

>> VICE CHAIR GAFFNEY: THANK YOU, BOARD MEMBER SANDERSON FOR BRINGING UP THE CALIFORNIA THEATER. AND ALL THE STRUGGLES. WE WOULD ALL LIKE TO SEE THIS THEATER REHABILITATED BUT UNFORTUNATELY IT'S MORE EXPENSIVE THAN BUILDING SOMETHING FROM THE GROUND UP. THAT'S WHAT THE CALIFORNIA THEATER IS TRYING TO DO AND WHAT WE HOPE WE WILL SEE. THIS PROJECT DOES MEET WHAT IT NEEDS TO, AND I WILL BE SUPPORTING THIS PROJECT FOR THAT. THAT BEING SAID, I DON'T THINK THIS IS A PARTICULARLY A PRETTY PROJECT. I THINK THERE IS A LOT MORE THAN THEY CAN. I SIT ON THE DESIGN REVIEW COMMITTEE, THEY HAVE COME TO US BEFORE, THIS IS NOT A LAND USE ISSUE. BUT I WOULD LIKE TO HIGHLIGHT A COUPLE THINGS WE BROUGHT UP IN THE DESIGN REVIEW COMMITTEE. WE ARE THANKFUL YOU ARE RESTORING THE LOBBY. IT IS THE HISTORICAL RESOURCE AND WE ARE SO THANKFUL FOR THAT. POSSIBLY CONSIDER MOVING THE WATER CLOSET AND TRASH ROOM, YOU ARE PUTTING UTILITY SPACES DIRECTLY IN THE MIDDLE OF THE LOBBY YOU ARE RESTORING AND YOU HAVE A GLASS WALL IN BACK OF IT. JUST TO REITERATE HOW BEAUTIFUL THAT SPACE CAN BE, I THINK WITH SOME REARRANGING. SAME WITH THE FRONT FACADE. BEING ABLE TO PUT MORE GLASS THERE. THESE ARE NOT LAND USE ISSUES. I THINK THOSE ALL WORK. I THINK YOU CAN BRING THAT LOBBY SPACE EVEN FURTHER, ARE YOU PUTTING A LOT OF UNITS AND BEDS IN HERE, I HOPE YOU CAN BE ABLE TO AFFORD TO MAKE THOSE CHANGES. I'M LOOKING FORWARD TO HEARING WHAT THE REST OF MY COMMISSIONERS HAVE TO SAY.

>> CHAIR DUFFY: THANK YOU, BOARD MEMBER GAFFNEY. AND BOARD MEMBER PLESE. BOARD MEMBER CAPITELLI?

>> I HAVE A LETTER FROM BOARD MEMBER YUNG. IF ZAB DOESN'T AFFIRM AND APPROVE THE PROJECT THE CITY WILL BE LIABLE VIOLATING SEVERAL STATE LAWS. THE PSA REQUIRES A PUBLIC AGENCY TO APPROVE OR DISAPPROVE 60 DAYS FROM DETERMINATION BY THE LEAD AGENCY, IT'S EXEMPT FROM THE CEQA. AS DETAILED THE DEADLINE WAS EXTENDED BY WRITTEN MUTUAL AGREEMENT WITH APPLICANT TO THE DECEMBER 12TH, 2024 ZAB HEARING. FOLLOWING STAFF'S DETERMINATION THAT THE PROJECT RECEIVE CLASS 32 IN-FILL EXEMPTION. TO QUOTE THE STAFF REPORT, THE ZAB MUST APPROVE OR DISAPPROVE DUE TO THE P.S.A. DENIAL WOULD CONSTITUTE VIOLATION, THERE ARE FURTHER REPRESENT CONTRIBUTIONS IF ZAB DOESN'T APPROVE. AS THE STAFF REPORT DETAILS IT'S ELIGIBLE FOR THE CLASS 32 IN-FILL EXEMPTION, EFFECTIVE JANUARY 2024. INTRODUCED NEW REPERCUSSIONS IF A LEAD AGENCY FAILS TO GRANT -- I'M GOING TO SKIP OVER SOME STUFF. GIVEN THE STAFF REPORT AND ALL AVAILABLE INFORMATION IN THE RECORD IT'S ABUNDANTLY LIKELY FAILURE WOULD CONSTITUTE AN ABUSE OF DISCRETION UNDER AB 1633 AND OPEN THE CITY TO LEGAL LIABILITY. I FURTHER WANT TO MAKE CLEAR HOW FAILURE TO GRANT EXEMPTION WOULD -- THE PROJECT, SORRY. BECAUSE THE PROJECT INCLUDES MITIGATING PRESERVATION MEASURES THE PROJECT WILL NOT HAVE IMPACT ON MANDATORY OR RESOURCES. THAT IMPLEMENTATION OF THE PROJECT WILL BE CONSISTENT WITH THE CALIFORNIA SECRETARY OF

THE INTERIOR STANDARDS FOR REHABILITATION. REPORTS COMMISSIONED FOR THE PROJECT CONFIRM THIS. TO ILLUSTRATE LACK OF POTENTIAL EXEMPTION TO THE SEE QUALIFY EXEMPTION, A CHALLENGE TO CEQA EXEMPTION IN LAGUNA BEACH, FOUND IT MET DUE TO CHANGE IN, I THINK THIS IS RELEVANT TO OUR CONTEXT AND SOME OF THE COMMENTS PEOPLE HAVE BROUGHT FORWARD ABOUT THE RINCON STUDY. HOWEVER THE COURT RULED IN FAVOR OF CITY'S EXEMPTION IN HISTORIC ARCHITECTURAL ALLIANCE VERSUS CITY OF LAGUNA BEACH. FINDING THE SECRETARY OF INTERIOR STANDARDS. SIMILARLY ALL EVIDENCE IN THE RECORD BEFORE ZAB TONIGHT DEMONSTRATES THIS PROJECT'S COMPLIANCE WITH THE SECRETARY OF INTERIOR STANDARDS THUS AN EXCEPTION CANNOT BE MADE. I URGE COMMISSIONERS TO NOT POTENTIALLY EXPOSE BERKELEY TO LEGAL LIABILITY AND DOLLARS IN LEGAL COSTS AND DELAY HOUSING. THANK YOU, ALISSA, AND BRANDON.

>> CHAIR DUFFY: BOARD MEMBER CAPITELLI.

>> THANK YOU. FIRST OF ALL, CAN I JUST ASK A QUICK QUESTION OF STAFF. AND THAT IS, WHATEVER WE DECIDE TONIGHT HERE IS APPEALABLE TO THE COUNCIL?

>> YES, THAT'S CORRECT.

>> I THINK I BRING A PERSPECTIVE AND I WANT TO SHARE SOME OF IT WITH ALL OF YOU. I WAS ONE OF THE FOUR ORIGINAL MEMBERS OF THE ELMWOOD THEATER FOUNDATION, WHICH IN 1992 THROUGH BY HOOK OR BY CROOK MANAGED TO PURCHASE THE ELMWOOD THEATER WHICH HAD BEEN DARK FOR TWO YEARS AFTER A FIRE AT THE CORNER SPOT. WE

CELEBRATED OUR 30TH YEAR ABOUT A MONTH AGO. BUT IT HAS BEEN A STRUGGLE. IT'S BEEN A REAL STRUGGLE. I NEVER THOUGHT I WOULD KNOW AS MUCH ABOUT RESTORING A MOVIE THEATER AS I DO NOW AFTER WORKING ON THE ELMWOOD. WE HAD A FIRE BACK IN 1998 -- SORRY, 1988. WE HAD A FLOOD BACK IN THE [INDISCERNIBLE] WHICH COSTS $1 MILLION TO FIX. FORTUNATELY, THERE WAS INSURANCE. AND THEN JUST RECENTLY SOMEBODY TOOK THEIR CAR AND RAN FULL BLAST INTO THE WALL THE FRONT OF THE THEATER AND AMAZINGLY, THANKS TO A PERSISTENT BOARD MEMBER NAMED BURL WILLIS, WE MATCHED THE TITLES PERFECTLY. WE HAVE DONE A LOT, AND IT'S BEEN, BELIEVE ME, A SEPARATE CAREER. WHEN WE PURCHASED THE THEATER FROM THE UNITED ARTISTS, BY THE WAY. WHEN WE PURCHASED THE THEATER, THERE WERE 29 MOVIE SCREENS IN BERKELEY. WE ARE THE LAST ONE. WE ARE THE LAST ONE OPERATING. AND WE RENT THE BUILDING TO A FOR-PROFIT MOVIE PRODUCER, NOT PRODUCER, MOVIE SHOW. AND I GUESS WHEN I SAT ON THE ZAB MANY, MANY YEARS AGO, I REMEMBER PEOPLE SAYING THINGS LIKE, IF YOU BUILD IT, THEY WILL COME. WELL, I DON'T TRUST THAT'S THE CASE ANYMORE. WE ARE LUCKY WE HAVE UP IN THE ELMWOOD SOMEONE WHO KNOWS FILM, KNOWS THE NEIGHBORHOOD, KNOWS THE COMMUNITY AND IS VERY SUCCESSFUL. BUT, IF I UNDERSTOOD THE APPLICANT CORRECTLY, HE OFFERED THE BUILDING FOR FREE FOR SOMEBODY TO USE AS A MOVIE HOUSE AND NOBODY STEPPED UP. I ALSO HAPPEN TO HAVE SPENT THE LAST TEN YEARS WITH A GROUP OF NONPROFITS LOOKING TO BUILD A PERFORMING ARTS CENTER AT THE

CALIFORNIA THEATER AND TO MY UTTER AMAZEMENT, ALL WE NEED TO DO NOW IS ALL OF US CALL OUR CITY COUNCIL PEOPLE AND SAY, MAKE IT HAPPEN. BECAUSE THE DEVELOPER IS VERY ENTHUSIASTIC ABOUT IT. IT WOULD BE A 400 SEAT VENUE, IT WOULD BE A COLLECTION OF NONPROFITS AND I KNOW IF WE BUILD IT, THEY WILL COME. BUT I DON'T KNOW THAT FOR THE U.A. LET ME SKIP TO THE END, I GUESS. IT SEEMS LIKE THERE'S TWO PATHS FORWARD. ONE, WE COULD REJECT THE APPLICATION, IN WHICH CASE IT WILL GO TO THE CITY COUNCIL ON APPEAL. TWO, WE CAN ACCEPT AND PASS THE PROPOSAL AND IT WILL GO TO THE CITY COUNCIL FOR APPROVAL. I FEEL IT WOULD BE DISINGENUOUS OF ME TO VOTE AGAINST. I WILL SUPPORT, I WON'T BE SO PRESUMPTUOUS TO MAKE THAT MOTION. I WILL LET ONE OF YOU WHO SITS HERE ON A REGULAR BASIS, IF YOU WANT TO. THAT'S WHAT I SUPPORT, WE MOVE THIS FORWARD, I HAVE LITTLE DOUBT IT WON'T BE APPEALED. IT WILL BE APPEALED. AND THEN WE CAN MOVE ON.

>> CHAIR DUFFY: THANK YOU. BOARD MEMBER ALLEN?

>> THANK YOU. SO, AS MANY FOLKS HAVE STATED, MEMBERS OF THE PUBLIC, AND OTHERS, WE AREN'T TONIGHT MAKING A DECISION ON IS THIS A THEATER OR IS THIS HOUSING BUT THE JOB OF THE ZONING ADJUSTMENTS BOARD IS TO MAKE THE FINDINGS OUTLINED IN THE STATE AND LOCAL LAW, THEY ARE IN THE STAFF REPORT AND FINDINGS AND CONDITIONS AND I SUPPORT THOSE FINDINGS. THE PIECE THAT I WOULD LIKE TO NOODLE AND I WANT EVERYBODY'S HELP AND MAYBE WE OPEN IT, OPEN THE PUBLIC HEARING BACK UP AND ALLOW THE APPLICANT TO SPEAK

TO, THIS ALSO RINGS A BELL FROM A MEMBER OF THE PUBLIC MADE, HOW CAN WE BE SURE BOTH AS BERKELEY RESIDENTS AND AS STAFF PLANNERS THAT WHAT IS PRESENTED THIS EVENING, WHAT WE UNDERSTAND THE PROJECT TO LOOK LIKE IS WHAT GETS BUILT. AND I DON'T HAVE A CLEAR UNDERSTANDING RIGHT NOW OF WHAT THE PRESERVATION OF THE LOBBY MEANS. I'M HAPPY TO BE WRONG. I'M HAPPY TO HAVE SOMEONE BE LIKE, OH HERE, IT'S OUTLINED IN THIS OTHER DOCUMENT. I HAVEN'T SEEN IT, I WOULD LIKE A DESCRIPTION. BECAUSE THIS IS BEAUTIFUL. BUT I DON'T, BUT IT IS VERY CLEARLY, IT'S A RENDERING. SO IF THERE'S LANGUAGE WE COULD INCLUDE IN A CONDITION OF APPROVAL. I APPRECIATE THE REPORTS INCLUDE VERY STANDARD, PROJECT SHALL CONFORM TO THE PLANS AND STATEMENTS IN THE USE PERMIT. BUT THE STATEMENT I SEE IN THE USE PERMIT IS PRESERVATION OF THE LOBBY. I WOULD LOVE MORE WORDS AROUND WHAT THAT MEANS. AND I WOULD LIKE THAT INCORPORATED THAT AS A CONDITION. BUT I'M NOT CURRENTLY QUALIFIED TO WRITE THAT.

>> CHAIR DUFFY: I THINK THAT'S GREAT. I THINK THE ORDER OF OPERATIONS THAT YOU PUT FORTH MAKES SENSE. IF YOU ARE OKAY WITH THIS, FIRST A QUESTION TO STAFF ABOUT ANY EXISTING BEYOND WHAT WAS JUST MENTIONED, EXISTING LANGUAGE AROUND THE PRESERVATION OF THE LOBBY. IF YOU COULD ASSIST, GREAT. IF NOT, OKAY TOO.

>> THERE'S NO ADDITIONAL DETAIL ON HOW THE LOBBY IS GOING TO BE PRESERVED BEYOND THOSE RENDERINGS YOU SEE. WE AREN'T IN POSSESSION OF ANY FURTHER DETAIL.

>> CHAIR DUFFY: THANK YOU. WE CAN REOPEN THE PUBLIC HEARING, IF YOU WISH, YOU ARE WELCOME TO. WE CAN INVITE THE APPLICANT UP TO ANSWER QUESTIONS.

>> I WOULD GREATLY APPRECIATE THAT. I THINK THE PRESERVATION, IF THERE ARE MURALS, IF THERE'S LIGHT FIXTURES, IF THERE'S COLOR PALATES, ANYTHING THAT IS PRESERVATION-Y, THAT WE CAN WRITE DOWN AND WHEN WE ALL COME AND DRINK COFFEE IN THE CAFE IN TWO YEARS, IT WILL FEEL IT REPRESENTS WHAT WE SUPPORTED THIS EVENING.

>> CHAIR DUFFY: OKAY, I MAKE A MOTION TO REOPEN THE PUBLIC HEARING. ALL IN FAVOR SAY AYE, OPPOSED SAY NAY. THE AYES HAVE IT. IF YOU WISH, THE APPLICANT MAY COME UP AND ANSWER ANY SPECIFICS FROM THE BOARD.

>> THANK YOU. I'M GLAD YOU ASKED THAT QUESTION, MS. ALLEN, I FORGOT TO MENTION WE HAD THE FULL SUPPORT OF BAJA. WE WERE PROPOSING TO WORK WITH A COMMITTEE OF BAJA MEMBERS TO COORDINATE AND OVERSEE THE RESTORATION WORK IN THE LOBBY. GIVEN THE B AND E'S CAFE WE HOPE TO GET IN THERE. THE REQUIREMENTS FOR BATHROOMS AND THAT SORT OF THING, WE EXPECT TO WORK WITH BAHA DURING THE PLANNING AND EXECUTION. YES, THE RENDERINGS YOU HAVE RIGHT NOW ARE JUST THAT, THEY ARE IDEAS. UNTIL WE ACTUALLY TEAR INTO THE WALLS AND DO SOME OTHER STUFF, SOME INVESTIGATION, WE AREN'T EXACTLY SURE HOW IT WILL BE REALIZED. BUT WE KNOW WE ARE GOING TO SAVE THE LIGHT FIXTURES, THE SCALLOPS, THE COLONNADES. THERE ARE TWO MURALS WE WILL TRY TO MOVE TO THE FRONT OF THE

BUILDINGS. THERE ARE CARTOUCHES PROPOSE THE CONDITION OF APPROVAL WE DO A SURVEY WITH BAHA, THE ITEMS THAT COULD POTENTIALLY BE SAVED AND HOW WE COULD INCORPORATE THEM IN THE PARTS WE ARE GOING TO RENOVATE.

>> SO, IF I MAY?

>> CHAIR DUFFY: OF COURSE. I DON'T THINK WE CAN, I DON'T KNOW HOW TO SAY POLITELY, WE AREN'T THE BOSS OF BAHA, WE COULD REQUEST ENGAGEMENT WITH THE LANDMARKS, SUBCOMMITTEE OF THE LANDMARKS PRESERVATION COMMISSION.

>> YEAH, WHATEVER.

>> I'M MORE COMFORTABLE WITH AN AGENCY, WITH AGENCY REPRESENTATIVES THAN A PRIVATE ORGANIZATION.

>> YEAH.

>> I WAS GOING TO JOKE YOU NAMED LOTS OF THINGS THAT I DON'T KNOW HOW TO SPELL.

>> YEAH.

>> BUT HOPE

>> CARTOUCHE.

>> THAT'S THE BENEFIT OF MEETINGS BEING RECORDED, I'M LOOKING TO STAFF TO CAPTURE THE ELEMENTS CONSIDERED IN PRESERVATION.

>> WERE YOU ASKING --

>> CHAIR DUFFY: WERE YOU ASKING TO AUTHOR?

>> I DON'T KNOW WE CAN COMPEL LPC TO FORM A SUBCOMMITTEE TO REVIEW A PROJECT. BUT I HEARD YOU SAY YOU WANTED A SURVEY BUT

YOU CAN'T COMPEL A CERTAIN ORGANIZATION TO DO IT.

>> I LIKE YOUR LANGUAGE, WE CAN'T COMPEL. BUT I WOULD BE -- SO THE CONDITION IS GOING TO BE, IT WOULD BE REACH OUT TO THE SECRETARY OF THE LANDMARKS PRESERVATION COMMISSION TO DISCUSS THE POSSIBILITY -- DEB IS GOING TO COME UP WITH THIS LANGUAGE BETTER THAN ME. THAT'S FINE.

>> THEY HAVE TO COME BACK TO DESIGN REVIEW. THERE ARE FINAL RECOMMENDATIONS ABOUT INCREASED VISIBILITY OF THE STREET FROM THE CAFE. THERE ARE A HANDFUL OF THINGS, AT LEAST ON MY TOUR THEY SAID THEY ABSOLUTELY SAID THEY WILL RESTORE. THE BOTTOM HALF OF THESE MIRRORS WERE REMOVED. THEY CAN RESTORE THAT. AND THE LIGHTS THEY CAN SAY. BUT I DON'T THINK WE CAN GO THROUGH EVERY DETAIL. BUT I THINK WE CAN HAVE A CONDITION OF APPROVAL THAT SAYS WHEN THEY WORK WITH DESIGN REVIEW COMMITTEE ON THE ELEMENTS TO BE RESTORED AND IF THE DESIGN REVIEW COMMITTEE WANTS TO BRING BAHA IN. THEY HAVE NO PROBLEM DOING THAT.

>> I WOULD LIKE A LIST. LET'S SAY IF SAMANTHA UPDEGRAVE ISN'T HERE WHEN IT COMES BACK. I WOULD LIKE A LIST.

>> D. SANDERSON: ARE THERE SOME THINGS YOU KNOW YOU ARE GOING TO RESTORE THAT WE COULD LIST? AND THEN THE OVERALL REVIEW COULD BE WITH A SUBCOMMITTEE OF A DESIGN REVIEW COMMITTEE?

>> I'M OPEN TO ANYTHING THAT WOULD BE EASY TO ADMINISTER.

>> D. SANDERSON: OKAY.

>> CHAIR DUFFY: BOARD MEMBER JERSEY?

>> T. JERSEY: I WOULD LIKE TO SPEAK TO THIS. MR. KENNEDY, YOU ARE TALKING ABOUT THE RESTORATION OF THE LOBBY. JUST IN TERMS OF THE, YOU KNOW, THE FEDERAL GUIDELINES FOR RESTORATION, MAKE REALLY CLEAR WHAT THAT WORD MEANS, THIS IS NOT A RESTORATION OF THE LOBBY. THIS IS A PARTIAL. IT'S NOT A RESTORATION. IT'S A PARTIAL RESTORATION OF CERTAIN HISTORIC ELEMENTS OF THE LOBBY PER YOUR PROGRAM. YOU HAVE INSERTED YOUR PROGRAM OVER THE TOP OF WHATEVER PRESERVATION, I MEAN, THIS DOESN'T FOLLOW SORT OF THE NATIONAL PARK SERVICE.

>> WE WEREN'T ANTICIPATING.

>> T. JERSEY: I KNOW YOU WEREN'T. I'M REALLY HERE TO TELL YOU, LET'S STOP FOOLING OURSELVES HERE. THIS IS NOT A RESTORATION. I'M REALLY SKEPTICAL YOU ARE RESTORING THAT FACADE. SUPER SKEPTICAL, IF YOU DON'T HAVE A RESTORATION ARCHITECT THAT KNOWS WHAT THEY ARE DOING ON THIS PROJECT, I'M SKEPTICAL ABOUT THIS. I WOULD LOVE TO SEE THIS LOBBY RESTORED. TO ME THAT WOULD BE A REFLECTION OF AN INTEGRITY OF PROCESS. WHERE YOU ARE LISTENING TO THE DESPERATE VOICES OF THE PEOPLE, YOU KNOW, THAT WANT TO RESTORE THIS BUILDING. AND RESTORE THAT LOBBY. SO YOU CAN LOOK INTO YOUR WONDERFUL COURTYARD. LIKE COMMISSIONER GAFFNEY WAS SAYING. AND REFORM YOUR BUILDING PROGRAM TO MEET THAT NEED. YOU HAVE A HUGE BUILDING. THIS IS THE KIND OF STUFF THAT IS INCREDIBLY FRUSTRATING AS A RESIDENT AND AS SOMEONE WHO PRACTICES BOTH SUSTAINABLE DESIGN AND PRESERVATION DESIGN

ARCHITECTURE. AS FOR THE ARCHITECTS, YOU KNOW, I WOULD NEVER LET, I WOULD NEVER HAVE A DEVELOPER PUSH ME AROUND TO DO SOMETHING LIKE THAT. YOU SHOULD BE ASHAMED OF YOURSELF, MR. PATRICK. GET IT RIGHT.

>> SO I'M GOING TO INTERRUPT. I THINK I HAVE A DRAFT CONDITION. IT WOULD GO UNDER, AT ALL TIMES, CONDITION #75 DESIGN REVIEW AND IT HAS THE FIRST SENTENCE, EXTERIOR MODIFICATIONS, CONTINUED BUT NOT LIMITED TO LIGHTING SHALL BE SUBJECT TO DESIGN REVIEW APPROVAL. IN ADDITION, D.R.C. SHALL REVIEW AND CONSIDER INCORPORATION OF INTERIOR HISTORIC ELEMENTS SUCH AS MURALS, MIRRORS, SCALLOPS AND LIGHT PROVISIONS.

>> I'M FINE WITH THAT, WE HAVE TO HAVE SECURITY DESKS. WE HAVE TO HAVE CERTAIN KINDS OF ACCESSIBLE BATHROOMS AND WHOLE HOST OF THINGS.

>> IT GETS THE INTENT OF LOWER CASE-R, RESTORATION.

>> YEAH, LOWER CASE-R.

>> CHAIR DUFFY: JUST TO MENTION THE DESIGN REVIEW RECOMMENDATIONS THAT ARE IN OUR PACKET, THERE'S A LONG LIST THERE. AND SOME OF THEM ARE, FOR EXAMPLE, ONE IS LANDMARK DESIGNATIONS. FEATURES TO BE PRESERVED SHOULD GUIDE THE RESTORATION SO THERE'S A VARIETY OF ITEMS IN THERE, I'M SURE YOU HAVE LOOKED AT.

>> BY THE WAY, I USED TO BE DIRECTOR OF BAHA AND LIVED JULIA MORGAN FOR 17 YEARS. I'M SENSITIVE. AND AT THE SAME TIME,

REQUIREMENTS FOR MODERN CONSTRUCTION AND FIRE SAFETY AND OTHER THINGS.

>> CHAIR DUFFY: THANK YOU. BOARD MEMBER GAFFNEY?

>> VICE CHAIR GAFFNEY: SINCE THE PUBLIC HEARING IS OPEN, SINCE COMMISSIONER KAHN IS GONE, WE WILL SEE YOU BACK FOR DESIGN REVIEW OF COURSE. THIS IS A GREAT TOPIC OF WHAT WE WILL EXPECT TO SEE IN REGARDS TO, SPECIFICALLY THE LOBBY RESTORATION. I MEAN, OBVIOUSLY, ONE OF THE THINGS WE REVIEW IS DETAILS, WHEN DO YOU EXPECT TO HAVE DETAILS.

>> YEAH, I THINK WHAT WE WILL DO IS IDENTIFY THE PARTS OF THE BUILDING THAT CAN BE MOVED AND RESTORED. AND HOW WE WOULD THEN INCORPORATE THEM IN THE NEW LOBBY AND COMMERCIAL AREA IN THE FRONT.

>> VICE CHAIR GAFFNEY: GREAT. AND APPRECIATE COMMISSIONER ALLEN.

>> D. SANDERSON: I JUST HAVE A QUESTION. THE FINAL DESIGN REVIEW, DOES THAT COME TO THE D.R.C. PRIOR TO THE FINALIZATION OF THE BUILDING PERMIT?

>> VICE CHAIR GAFFNEY: THEY WILL BE GETTING THEIR USE PERMIT TODAY, BESIDES THE APPEAL TIME. BY THE TIME THEY DO COME TO US AT DESIGN REVIEW, THEY HAVE THEIR USE PERMIT.

>> D. SANDERSON: I'M TALKING ABOUT THE DETAILED DESIGN. THEY HAVE TO GET A BUILDING PERMIT. D.R.C.'S FINAL REVIEW IS PART OF THE BUILDING PERMIT FINAL PROCESS. WHEN THEY COME TO YOU, TYPICALLY DO THEY HAVE THE WHOLE DETAILS OF THE BUILDING WORKED

OUT OR DO THEY COME TO YOU EARLIER?

>> VICE CHAIR GAFFNEY: THEY HAVE TO COME WITH A SIGNIFICANT AMOUNT OF DETAILS. THAT'S ONE OF THE MAIN THINGS. THERE IS MORE TIME TO REVISE AFTER WE REVIEW. THERE IS USUALLY A SIGNIFICANT AMOUNT OF DETAILS.

>> D. SANDERSON: BECAUSE THE LIST OF THINGS COMING BACK TO DESIGN REVIEW IS PRETTY THOROUGH.

>> VICE CHAIR GAFFNEY: THEY ARE RECOMMENDATIONS AND NOT CONDITIONS. THERE ARE PLENTY OF TIMES, PLENTY OF APPLICANTS DON'T ACTUALLY ADDRESS THEM. THAT'S KIND OF THE NATURE OF IT. AND KIND OF THE WEIRD NATURE OF BEING TIED TO SB 330. THEY ARE RECOMMENDATIONS, THEY DON'T HAVE TO DO THEM. WE ARE SAYING "PLEASE".

>> D. SANDERSON: GIVEN THE PUBLIC INTEREST IN THE RESTORATION, THEY WOULD BE CRAZY NOT TO.

>> T. JERSEY: I WOULD REALLY LOVE IT IF WE STOP USING THE WORD "RESTORATION". THEY HAVE NO INTENTION TO RESTORE THAT LOBBY. READ DEFINITION OF WHAT A HISTORIC RESTORATION IS, THIS IS NOT THAT. SO PLEASE, LET US PLEASE REFRAIN FROM THAT, THAT'S A LIE BEING PRESENTED TO US. I FULLY SUPPORT, YOU CAN CALL ME ANY TIME, PATRICK. I WILL COME AND VOLUNTEER MY TIME AS A PRESERVATION ARCHITECT.

>> CHAIR DUFFY: OKAY. ARE THERE ANY OTHER QUESTIONS FOR THE APPLICANT WHILE THE PUBLIC HEARING IS OPEN? IF NOT, THEN WE WILL

CLOSE IT AND WE WILL BEGIN MORE DELIBERATION. I WOULD LIKE TO MAKE A MOTION TO CLOSE THE PUBLIC HEARING. ALL THOSE IN FAVOR SAY AYE. ALL THOSE AGAINST SAY NAY. THE AYE'S HAVE IT AND THE PUBLIC HEARING IS NOW CLOSED. THANK YOU. NOW SOMEONE CAN MAKE A MOTION. THERE'S MORE DISCUSSION TO BE HAD.

>> D. SANDERSON: I WANTED TO ASK SHANNON IF SHE COULD READ THE PROPOSED CONDITION OF APPROVAL AGAIN.

>> SURE. SO IT'S ON THE FINDINGS AND CONDITIONS. CONDITIONS OF APPROVAL, MODIFICATION TO APPROVAL #75. THERE WOULD BE A SECOND SENTENCE ADDED THAT SAYS "IN ADDITION, D.R.C. SHALL REVIEW AND CONSIDER INCORPORATION OF INTERIOR HISTORIC ELEMENTS SUCH AS LIGHT FIXTURES, MURALS, MIRRORS AND SCALLOPS AND CARTOUCHES.

>> CLERK: CAN I PROVIDE A POINT OF CLARIFICATION?

>> CHAIR DUFFY: PLEASE.

>> CLERK: THANK YOU. CONDITION #75 IS AT ALL TIMES. SO I WONDER IF YOU ARE THINKING OF MAYBE CONDITION #24? WHICH IS PRIOR TO ISSUANCE OF ANY BUILDING PERMIT FOR CONSTRUCTION, THAT IT GOES, WHEN IT GOES BACK TO THE DESIGN REVIEW COMMITTEE FOR F.D.R.

>> THANK YOU VERY MUCH, SECRETARY UPDEGRAVE. THAT'S EXACTLY WHAT I MEANT.

>> CHAIR DUFFY: OKAY, YOU HAVE CLARITY ON A POTENTIAL ISSUE. MOTION?

>> D. SANDERSON: I WILL MAKE A MOTION TO APPROVE THE PROJECT AS RECOMMENDED BY STAFF WITH ADDITION OF MODIFICATION OF CONDITION

#24 , THAT INCLUDES CLARITY ON -- NOT RESTORATION. CLARITY ON THE HISTORIC ELEMENTS TO BE, CAN I SAY THEY CAN BE RESTORED? RETAINED? OKAY.

>> I THINK, I LIKE INCORPORATED BETTER. THERE WAS SOME DISCUSSION THERE'S A MURAL FROM THE BACK THAT COULD BE MOVED.

>> D. SANDERSON: ON THE TOUR I WENT ON, HE SHOWED ME THE MURALS THAT COULD BE SAVED. I DIDN'T THINK ANY OF THEM COULD BE SAVED. SO YEAH. THERE'S ELEMENTS IN OTHER PARTS OF THE BUILDING THAT CAN BE BROUGHT FORWARD. I MEAN THERE'S SOME RAILINGS THERE'S SOME GRATES. THERE ARE SOME THINGS RIGHT NOW NOT IN THE ENTRY WAY THAT CAN BE SAVED.

>> CHAIR DUFFY: SO THERE'S A MOTION YOU JUST PUT FORTH THAT INCLUDED A CONDITION OF APPROVAL THAT WAS AN AMENDMENT TO #24 THAT I UNDERSTAND SECRETARY UPDEGRAVE HAS BEEN LISTENING AND EDITING? COULD YOU PERHAPS REPEAT IT TO US?

>> I WILL NEED IT REPEATED.

>> THIS IS A MODIFICATION TO CONDITION #24. PRIOR TO THE ISSUANCE OF ANY BUILDING (CONSTRUCTION) PERMIT. D.R.C. SHALL REVIEW AND CONSIDER INCORPORATION OF INTERIOR HISTORIC ELEMENTS SUCH AS LIGHT FIXTURES, MURALS, MIRRORS, SCALLOPS AND CARTOUCHES.

>> D. SANDERSON: YOU CAN INCLUDE GRATES, BECAUSE THERE'S SOME REALLY BEAUTIFUL GRATES.

>> CARTOUCHES, GRATES AND HANDRAILS.

>> D. SANDERSON: YEAH.

>> DID YOU GET THAT?

>> D. SANDERSON: WILL SOMEONE TELL ME WHAT A CARTOUCHE IS.

>> CHAIR DUFFY: WE HAVE A MOTION. DO WE HAVE A SECOND?

>> I WANT TO SECOND.

>> I WILL SECOND.

>> VICE CHAIR GAFFNEY: I JUST HAVE ONE QUESTION REAL QUICK. ABOUT THE VERBIAGE, I COMPLETELY AGREE WITH THE SENTIMENT. DESIGN REVIEW TO REVIEW, WE WOULD LOVE TO REVIEW IT, I HOPE THE APPLICANT PROVIDES IT, THAT'S THE MAIN THING, IF IT'S NOT PROVIDED IN DETAIL. I DON'T KNOW IF THAT'S SOMETHING WE CAN PUT IN. IF THEY DON'T PROVIDE US WITH ALL OF THE INFORMATION THAT IS THERE, OF WHAT IS TRYING TO BE SAVED AND WHAT IS NOT, THAT'S THE MOST PERTINENT INFORMATION, WE CAN ONLY REVIEW WHAT IS IN FRONT OF US. THAT COULD BE UP TO THE APPLICANT. I DON'T KNOW A WAY TO --

>> T. JERSEY: I WOULD SUGGEST AN HISTORIC INVENTORY. THAT'S THE ONLY WAY. THIS IS SILLY, THE LIST. THERE ARE THOUSANDS OF HISTORIC ELEMENTS IN THAT BUILDING THAT SHOULD BE, YOU KNOW, WITH ANY PART OF PRESERVATION GROUP, PATRICK, YOU LOVE THIS SO MUCH, GO THROUGH THIS THING AND BREAK OUT EVERYTHING AND TREAT IT WITH LOVE AND CARE. PUT THE HEART BACK INTO THIS PROJECT THAT I'M NOT SEEING. AND LET ME SAY THIS TOO. I RESTORED THE RICHMOND [INDISCERNIBLE] IN 2010. THERE WAS NOT A PERSON IN THE CITY

THAT SAID YOU SHOULD TEAR THAT BUILDING DOWN. AND ME WITH A GROUP OF PEOPLE LIKE THE SAVE THE..., YOU KNOW, WE GOT IT DONE. IT WAS A 7-YEAR PROCESS. I REALLY ENCOURAGE PEOPLE, IF YOU DON'T KNOW, YOU KNOW, THE STRUCTURAL ENGINEER, THE ARCHITECT AT THE TIME HIRED, SAID, THESE ARE ALL TRUE AND I WAS ABLE BECAUSE I'M A LITTLE BIT NUTS AND SUPER CURIOUS AND ALSO VERY COMMITTED TO OLD BUILDINGS, TOOK IT UPON MYSELF PRO BONO TO FIGURE OUT A WAY TO SAVE THE BUILDING. I THEN PRESENTED IT TO THE CITY AND THEY WERE LIKE WHOA AND IT'S THERE. LET ME SAY THIS. I'M NOT SAYING THIS BUILDING SHOULD, THAT THERE'S NOT AN ECONOMIC CASE FOR THIS BUILDING. THAT IS ABSOLUTELY REALITY. BUT I ALSO WANT TO SAY THAT IF THIS IS TURNED OVER TO THE DEVELOPER --

>> D. SANDERSON: I UNDERSTAND THAT. WE HAVE TO MAKE CONDITIONS OF APPROVAL THAT WE CAN ENFORCE. THEY CONDUCT HISTORIC RESOURCE INVENTORY TO PRESENT TO D.R.C. PRIOR TO FINAL DESIGN REVIEW.

>> I'M NOT COMFORTABLE ADDING THAT. I'M NOT COMFORTABLE, MY PREFERENCE IS NOT TO ADD THAT TO IT WITHOUT MORE INFORMATION OR UNDERSTANDING OF THE HISTORIC DESIGNATION OF THIS BUILDING. WHAT MOST OF MY EXPERIENCE WITH HISTORIC BUILDING IS PUBLIC FACING. THAT'S WHEN YOU LOOK AT THE RINCON REPORT, ALL BULLET POINTS, THE FRONT, THE FRONT, THE FRONT. WHAT I HAVEN'T SEEN, IS A DISCUSSION ON THE VALUE OF THE INTERIOR. SO I AM, I GUESS I'M NOT INCLINED TO PUT THAT COST ON THE APPLICANT TO HAVE THE WORK DONE , OPPOSED TO HERE IS WHAT WE CAN DO.

>> D. SANDERSON: I THINK WE ARE AT A CONUNDRUM. I WAS LOOKING FOR A PHRASE, HISTORIC INVENTORY IS A PHRASE KNOWN IN BUSINESS WHAT IT IS, YOU KNOW WHEN ONE COMES IN, IT IS THAT. I THINK THE ZAB IS WITHIN ITS RIGHTS TO REQUIRE THAT. NO, WE DON'T USUALLY MESS WITH THE INSIDE OF THE BUILDING BUT THIS IS A DIFFERENT CASE.

>> I WILL STILL SUPPORT IT. THIS IS MY PREFERENCE.

>> D. SANDERSON: I'M TRYING TO BE AS SPECIFIC AS WE CAN SO THREE YEARS FROM NOW, TWO YEARS FROM NOW, WE CAN LOOK AT SOMETHING AND SAY YES, THIS IS THE LIST, THESE WERE THE THINGS THEY COULD BRING IN AND THESE WERE THE THINGS THEY COULDN'T.

>> VICE CHAIR GAFFNEY: AS A MEMBER OF THE D.R.C. THAT WOULD BE HELPFUL.

>> CHAIR DUFFY: FOR CLARITY, THE MOTION WAS INITIATED BY BOARD MEMBER SANDERSON *. DO YOU WISH TO CONTINUE OR WITHHOLD IT AND HAVE ANOTHER PERSON MAKE A MOTION?

>> D. SANDERSON: I'M HAPPY TO CONTINUE IT, BUT WOULD NEED TO REVISE IT FROM WHAT MY EARLIER RECOMMENDATION WAS. CAN I DO THAT?

>> CHAIR DUFFY: PLEASE.

>> D. SANDERSON: SO THAT IT WOULD BE, PART OF THAT SAME 24 -- GO AHEAD.

>> I REALLY LIKE KIMBERLY'S DISCUSSION WE HAVE A NEW NUMBER 23, THE APPLICANT SHALL PREPARE AND SUBMIT. IT'S A SECOND PIECE, WE

NEED THIS FROM THE APPLICANT. #24 IS THE D.R.C. WILL REVIEW. IS

>> D. SANDERSON: WE WOULD ADD AN ADDITIONAL CONDITION OF APPROVAL THAT WOULD REQUIRE THE APPLICANT TO SUBMIT A LIST OF HISTORIC INVENTORY PRIOR TO FINAL DESIGN REVIEW. BECAUSE I THINK THEY NEED IT TO SEE BEFORE FINAL DESIGN REVIEW. THE EARLIER THE BETTER. THAT SOUNDS FINE WITH ME. YOU NEED THE SECOND SENTENCE ON 24?

>> YES. THEY PREPARE AND SUBMIT TO THE CITY AND I GUESS, THE SECOND PIECE, THEY PREPARE IT AND SUBMIT.

>> D. SANDERSON: SUBMIT TO THE CITY PRIOR TO FINAL DESIGN REVIEW. UNDER CONDITION #24, YOU HAD AN ADDITIONAL SENTENCE. DO YOU STILL NEED THAT?

>> YEAH, AND THE DESIGN REVIEW, I LOST IT NOW. I DON'T NEED MY LIST, WHICH IS FANTASTIC. D.R.C. SHALL CONSIDER INTERIOR DESIGN ELEMENTS WITHIN THE DOCUMENT PROVIDED, WITHIN, HISTORIC RESOURCES INVENTORY SUBMITTED BY THE APPLICANT.

>> D. SANDERSON: YOU GOT TO SAY THAT AGAIN, I'M THINKING ABOUT 23.

>> CHAIR DUFFY: I THINK I HAVE IT. THE ADDITIONAL CONDITION OF APPROVAL IS 23, THE APPLICANT IS TO PREPARE AND SUBMIT A HISTORIC INVENTORY TO THE CITY PRIOR TO FINAL DESIGN REVIEW. AND ITEM #24, ADDITIONAL SENTENCE, THE DESIGN REVIEW COMMITTEE SHALL REVIEW AND CONSIDER THE INCORPORATION OF THE HISTORIC RESOURCE INVENTORY SUBMITTED BY THE APPLICANT.

>> D. SANDERSON: GOOD. THAT'S ALL PART OF MY MOTION.

>> T. JERSEY: I WOULD BE LOOKING FORWARD.

>> CHAIR DUFFY: DO WE HAVE A SECOND? BOARD MEMBER GAFFNEY?

>> VICE CHAIR GAFFNEY: I WILL HAPPILY SECOND..

>> CHAIR DUFFY: NOW WE GET TO DISCUSS THE MOTION. I THINK WE JUST DID. ANY OTHER DISCUSSION ABOUT THE MOTION? BOARD MEMBER THOMPSON, I KNOW YOU NEVER SPOKE. YOU LOOK LIKE YOU ARE READY TO SPEAK.

>> M. THOMPSON: THANK YOU. I REALLY APPRECIATE THAT ADDITION OF THE INVENTORY. IN MY DAY JOB I MANAGE FOUR PROPERTIES THAT ARE ALL OVER 100 YEARS OLD AND MY JOB IS DO PRESERVE THEM FOR THE NEXT FOLKS WHO COME BEHIND US. I WAS REALLY CONFLICTED. I HATE TO SEE ANY HISTORIC TREASURE TORN DOWN. BUT THIS MAKES ME SLEEP BETTER. IF WE CAN SAVE WHAT CAN BE SAVED AND GET 23 UNITS OF VERY LOW-INCOME HOUSING. I WISH WE COULD GET MORE. SOMEONE MENTIONED MIDDLE AND LOW-INCOME HOUSING AS WELL. I WOULD LIKE TO SEE THAT. AND LESS OF THAT KIND OF DORM STYLE AND SOMETHING MORE OF WHAT WE WOULD LIKE TO LIVE IN. IF WE CAN SAVE THE TREASURE, LET'S SAVE THE TREASURE. YEAH, THIS IS A NICE CONDITION OF APPROVAL. AND YOU THINK IT WILL MAKE THE DEVELOPER LOOK BETTER TOO, THEY CAN SAY HEY, WE TOOK EVERYTHING THAT COULD BE SAVED. TRUST US FOR FUTURE BUILDING.

>> CHAIR DUFFY: BOARD MEMBER THOMPSON, THANK YOU. BOARD MEMBER JERSEY?

>> T. JERSEY: THANK YOU. I THINK THIS IS LIKE THE GOLDEN NUGGET FOR YOU GUYS ON THE DEVELOPMENT TEAM. ONCE YOU REALLY TAKE A LOVING LOOK AT WHAT YOU CAN DO, YOU'VE GOT A PALATE OF MATERIALS THAT WILL ABSOLUTELY ENCHANT THIS PROJECT SO YOU DON'T HAVE TO MISS THIS WONDERFUL OPPORTUNITY WE ARE FORCING YOU TO TAKE. WE CAN'T REALLY FORCE YOU, YOU CAN SIDESTEP IT ALL YOU WANT.
>> D. SANDERSON: WOULD YOU STOP. WHY ARE YOU UNDERMINING IT?
>> SURE.
>> T. JERSEY: THANK YOU. YOU MUST TAKE THIS. I WANT TO ENCOURAGE YOU TO BRING YOUR HEART BACK INTO THE PROJECT. THANK YOU FOR SHAKING YOUR HEAD, I WILL TAKE THAT AS A HANDSHAKE.
>> CHAIR DUFFY: ANY OTHER DISCUSSION BY THE BOARD. THERE'S A MOTION TO APPROVE THE PROJECT. WOULD YOU LIKE ME TO MENTION THE CONDITION?
>> S. UPDEGRAVE: I DO IT. PLEASE CORRECT ME IF I'M INCORRECT. THE MOTION IS TO APPROVE THE USE PERMIT FOR 2274 SHATTUCK, WITH ADDED CONDITION OF APPROVAL #23, THE APPLICANT SHALL PREPARE AND SUBMIT A HISTORIC INVENTORY OF INTERIOR LOBBY FEATURES PRIOR TO F.D.R. AND MODIFYING CONDITION #24, THE PROJECT REQUIRES APPROVAL OF FINAL DESIGN REVIEW APPLICATION BY THE DESIGN REVIEW COMMITTEE. THE D.R.C. SHALL REVIEW AND CONSIDER INCORPORATION OF ELEMENTS IN THE HISTORIC INVENTORY SUBMITTED BY THE APPLICANT. WE CAN CLEAN THAT A LITTLE. .
>> CHAIR DUFFY: THANK YOU. THERE'S A MOTION AND SECOND. THAT'S

IT, TAKE A VOTE.

>> S. UPDEGRAVE: CHAIR DUFFY?

>> YES. GAFFNEY?

>> YES.

>> THOMPSON?

>> YES.

>> JERSEY?

>> YES.

>> ALLEN?

>> YES.

>> CAPITELLI?

>> YES.

>> PLESE?

>> YES.

>> SANDERSON?

>> YES.

>> S. UPDEGRAVE: THANK YOU.

>> CHAIR DUFFY: OKAY, THE MOTION PASSES. THIS RULING IS APPEALABLE TO THE CITY COUNCIL. THERE IS A 14-DAY PERIOD THAT HAPPENS AFTER THE NOTICE OF DECISION, WHICH THIS PROJECT IS APPEALABLE TO THE CITY COUNCIL. WITHIN THAT 14-DAY WINDOW AFTER THE NOTICE OF DECISION. IF THE PROJECT IS NOT APPEALED THEN THIS DECISION STANDS. THANK YOU, EVERYBODY FOR COMING. WE HAVE OTHER THINGS LIKE SUBCOMMITTEE REPORTS, STAFF COMMUNICATIONS. I JUST

WANT TO SAY THANKS TO THE PUBLIC. THERE'S NO SHORTAGE OF PEOPLE WHO REALLY CARE ABOUT OUR CITY. THAT CARE ABOUT HOUSING, THAT CARE ABOUT CULTURE AND COMMUNITY AND TO HEAR EVERYBODY COME AND VOLUNTEER THEIR TIME AND PRECIOUS MINUTES AND BE SO CAREFUL AND WELL-SPOKEN, THANK YOU. THANKS TO ALL OF YOU FOR SHARING YOUR TIME TO CARE FOR OUR CITY AND EVERYBODY ON THE BOARD THAT WORKS SO HARD AND THE STAFF THAT WORKS SO HARD TO CARE ABOUT OUR CITY. THANK YOU, AND YOU HOPE YOU CAN STAY DRY OUTSIDE. NEXT WE HAVE D.R.C. SUBCOMMITTEE REPORTS AND STAFF COMMUNICATIONS.

Re: Agenda Item No. 10: Comments on 2900-20 Shattuck Avenue Use Permit #ZP2022-0116 (APN: 053 159000501)

Dear Chairperson Duffy, Vice Chairperson Gaffney, Members: Tregub, Thompson, Schneider, O'Keefe, Kahn, Yung, Sanderson, and Ms. Riemer:

On behalf of East Bay Residents for Responsible Development ("East Bay Residents" or "EBRRD"), we submit these comments on Agenda Item No. 10, the Application for Use Permit #ZP2022-0116 for the 2900-2920 Shattuck Avenue Project ("Project") submitted by Isaiah Stackhouse of Trachtenberg Architects ("Applicant") to the City of Berkeley (the "City").[1] The Project proposes to demolish two existing commercial buildings and construct a ten-story mixed-use building with 221 dwelling units (22 Very Low-Income units), 4,090 square feet of

[1] City of Berkeley, Application for Use Permit #ZP2022-0116 for Shattuck Avenue (Dec. 15, 2022), https://www.dropbox.com/s/7648r8o61rrjm41/2022-12-15_Complete_2900-20%20Shattuck.pdf?dl=0 ("Use Permit Application").

printed on recycled paper

commercial space, nine automobile parking spaces, and 72 bicycle parking spaces.[2] The Project's 19,586 square foot lot is within the C-SA Zone.[3] The Project is located within the South Shattuck subarea of the Adeline Corridor Specific Plan, and within the South Shattuck Strategic Plan area. City Staff assert that the Project meets the criteria for a Class 32 Infill Exemption under California Environmental Quality Act[4] ("CEQA") Guidelines Section 15332 ("Class 32" or "Infill Exemption").[5]

As explained herein, the City cannot rely on the Class 32 exemption, or any other CEQA categorical exemption, because the Project is located on a hazardous waste site that is listed on a State "Cortese List" pursuant to Government Code Section 65962.5.[6] CEQA Guidelines Section 15300.2(e) prohibits the use of a CEQA categorical exemption if a project site is on one of these lists.[7]

We have reviewed the Staff Report[8] prepared for the Zoning Adjustment Board's hearing on the Project on April 27, 2023, including the Supplemental Item wherein Staff recommends that the hearing be continued pending Staff's preparation of an Initial Study pursuant to CEQA.[9] The ZAB Secretary correctly recommends that the City prepare a CEQA Initial Study in place of a CEQA exemption. The ZAB lacks the evidence necessary to approve the Project and its requested Use Permits at this time because the City has not conducted any environmental review and therefore lacks substantial evidence to support its conclusion that the Project is exempt from CEQA. The ZAB also lacks substantial evidence demonstrating that the Project will not be detrimental to the general welfare due to inconsistencies with the General Plan and applicable local plans.

The Project is proposed to be located in an area with a close urban-residential interface and will undergo concurrent construction with another multi-story residential project at 3000 Shattuck. The Project is likely to have several individual and cumulative adverse impacts which require analysis and may require mitigation

printed on recycled paper

pursuant to CEQA. In particular, the Project site is located next to several residences and businesses that are likely to be impacted by the Project's construction and operational impacts. The record contains no analysis of the Project's air quality, health risk, or noiseimpacts, and no analysis of whether the site can be adequately served by all required utilities and public services.[10] The City therefore lacks substantial evidence to support its reliance on a CEQA exemption.

The Project also fails to demonstrate consistency with the workforce and economic requirements of the City of Berkeley General Plan ("General Plan"), the Adeline Corridor Specific Plan, and the South Shattuck Strategic Plan, in particular General Plan Economic Element Policies ED-1 and ED-5, which provide that the City must "[i]ncrease the number of jobs that go to Berkeley citizens by coordinating economic development efforts with employment placement"[11] and "[i]ncrease the number of jobs that go to Berkeley citizens by coordinating economic development efforts with employment placement."[12] The Project Applicant has not made a commitment to ensure the Project is built with local skilled and trained workforce, or that the Project will provide apprenticeship training opportunities, healthcare benefits, or other construction other workforce benefits for City of Berkeley or East Bay residents. Inconsistency with applicable General Plan and local plan workforce policies precludes reliance on the Infill Exemption, which requires that projects be consistent with the applicable general plan designation and "*all applicable general plan policies.*"[13] Failure to demonstrate consistency with applicable City workforce policies would also be detrimental to the health, safety, peace, morals, comfort, and general welfare of the City and its residents, especially its local construction workforce who may not have the opportunity to build much-needed housing in their own community.

EBRRD respectfully requests that the ZAB return the Project to staff with direction to prepare an Initial Study and environmental impact report ("EIR") pursuant to CEQA. The EIR must contain the necessary supporting analysis to fully disclose and mitigate the Project's adverse impacts, including but not limited to construction and operational air quality and public health impacts, hazardous materials, noise, and land use impacts. The City should also inquire with the

Applicant about the feasibility of incorporating workforce standards into the Project which are consistent with the City's General Plan and Specific Plan workforce goals and policies.[14]

I. STATEMENT OF INTEREST

East Bay Residents for Responsible Development ("ERRBD" or "Residents") is an unincorporated association of individuals and labor organizations that may be adversely affected by the potential impacts associated with Project development. The association includes the UA Plumbers and Pipefitters Local 342, International Brotherhood of Electrical Workers Local 595, Sheet Metal Workers Local 104, Sprinkler Fitters Local 483, and their members and their families who live and/or work in the City of Berkeley and Alameda County.

The individual members of EBRRD live, work, and raise their families in the City. They would be directly affected by the Project's impacts. Individual members may also work on the Project itself. They will therefore be first in line to be exposed to any health and safety hazards that may exist on the Project site.

The organizational members of EBRRD also have an interest in enforcing the City's planning and zoning laws and the State's environmental laws that encourage sustainable development and ensure a safe working environment for its members. Environmentally detrimental projects can jeopardize future jobs by making it more difficult and more expensive for business and industry to expand in the region, and by making it less desirable for businesses to locate and people to live there. Indeed, continued degradation can, and has, caused restrictions on growth that reduce future employment opportunities. Finally, Residents' members are concerned about projects that are built without providing opportunities to improve local recruitment, apprenticeship training, and retention of skilled workforces, and without providing lifesaving healthcare expenditures for the construction workforce.

II. PROJECT BACKGROUND

The Project proposes to demolish two existing commercial buildings and construct a ten-story mixed-use building with 221 dwelling units (22 Very Low-Income units), 4,090 square feet of commercial space, nine automobile parking spaces, and 72 bicycle parking spaces. The Project's 19,586 square foot lot is within

Bakersfield ("Bakersfield")* (2004) 124 Cal. App. 4th 1184, 1199-1203; *see Galante Vineyards v. Monterey Water Dist.* (1997) 60 Cal. App. 4th 1109, 1121.

printed on recycled paper

the C-SA Zone.[15] The Project is within the South Shattuck subarea of the Adeline Corridor Specific Plan. The Project is within the South Shattuck Strategic Plan area. City Staff assert that the Project meets the criteria for a Class 32 Infill Exemption under CEQA Guidelines Section 15332.[16]

The Project application includes the following approval requests:

1. Use Permit under BMC Section 23.326.070(A) to demolish a non-residential building;
2. Use Permit under BMC Section 23.204.020(A) to construct a new mixed-use development;
3. Use Permit under BMC 23.204.020(A) to construct dwelling units
4. Use Permit under BMC Section 23.204.030(A) to create new floor area of 3,000 square feet or more;
5. Use Permit under BMC 23.204.100(D)(2) to modify height, setback, and lot coverage requirements;
6. Administrative Use Permit under BMC 23.304.050(A) to allow architectural elements to exceed the district height limit;
7. Density Bonus with the following requested reductions, waivers and concessions:

The Project application includes the following waiver requests:

a. Waiver of BMC Section 23.204.100(D) to exceed building height limits – to be 110'-4", and 10 stories (no maximum in Base with UP);
b. Waiver of BMC Section 23.204.100(D) to reduce front and street side setbacks to 0', and rear setback to 1'-6" (no minimum in Base with UP);
c. Waiver of BMC Section 23.204.100(D) to increase lot coverage to 57% (no maximum in Base with UP);
d. Waiver of BMC Section 23.204.100(D) to increase FAR to 5.88, where 4.0 is the limit.

The application includes the following concessions[17]:

a. Concession to reduce the open space requirement – to provide 8,840 square feet where 7,352 square feet is required to eliminate the costs of constructing a larger roof deck;

---

[15] City of Berkeley, Zoning Project Application, 2920 Shattuck Ave. Berkeley CA 94705, APN 053 159000501, (Sept. 4, 2022), https://www.dropbox.com/s/528twax3fw4fw9p/2022-09-04_APP_PCKT_2920%20Shattuck.pdf?dl=0 ("Application Packet").

[16] Use Permit Application, p. 2.

[17] Per Government Code §65915(d)(2), a maximum of two concessions are permitted because the Project includes at least 17 percent of the total units for lower income households, at least 10 percent for very low-income households, or at least 20 percent for persons and families of moderate income in a development in which the units are for sale.

printed on recycled paper

b. Concession to reduce the long-term bicycle parking requirement – to provide 72 spaces where 84 spaces is required to eliminate the costs of enlarging the bike room and providing additional racks.

The Project site was undeveloped in 1903 and developed with multiple structures since at least 1910.[18] The property was developed with a planing mill from 1910 to 1938, a cabinet/furniture shop from 1938 to 1953, a residence from 1911 to 1959, and a mortuary from 1947-1950.[19] The existing buildings on the Project site were built in the mid-1950s.[20] A unit at the subject property appears to have been an auto dealer/repair shop since at least 1950. Other historical tenants include formica manufacturing, laboratory, and theater.[21] The current tenants, The Model Garage and Eastern Supplies, have been onsite since at least 1988 and 1997, respectively.[22]

III. LEGAL STANDARD

CEQA has two basic purposes, neither of which the City has satisfied in this case. First, CEQA is designed to inform decision makers and the public about the potential, significant environmental impacts of a project before harm is done to the environment.[23] The EIR is the "heart" of this requirement,[24] and has been described as "an environmental 'alarm bell' whose purpose it is to alert the public and its responsible officials to environmental changes before they have reached ecological points of no return."[25] To fulfill this purpose, the discussion of impacts in an EIR must be detailed, complete, and "reflect a good faith effort at full disclosure."[26] An adequate EIR must contain facts and analysis, not just an agency's conclusions.[27]

Second, CEQA directs public agencies to avoid or reduce environmental damage when possible by requiring imposition of mitigation measures and by

---

printed on recycled paper

requiring the consideration of environmentally superior alternatives.[28] CEQA imposes an affirmative obligation on agencies to avoid or reduce environmental harm by adopting feasible project alternatives or mitigation measures to address all potentially significant impacts identified in the agency's CEQA analysis.[29] Without an adequate analysis and description of feasible mitigation measures, it would be impossible for agencies relying upon an EIR or other environmental document to meet this obligation.

Under CEQA, mitigation measures must be fully enforceable through permit conditions, agreements or other legally binding instruments.[30] A CEQA lead agency is precluded from making the required CEQA findings to approve a project unless the record shows that all uncertainties regarding the mitigation of impacts have been resolved. For this reason, an agency may not rely on mitigation measures of uncertain efficacy or feasibility.[31] This approach helps "insure the integrity of the process of decision by precluding stubborn problems or serious criticism from being swept under the rug."[32]

Following preliminary review of a project to determine whether an activity is subject to CEQA, a lead agency is required to prepare an initial study to determine whether to prepare an EIR or negative declaration, identify whether a program EIR, tiering, or other appropriate process can be used for analysis of the project's environmental effects, or determine whether a previously prepared EIR could be used with the project, among other purposes.[33] CEQA requires an agency to analyze the potential environmental impacts of its proposed actions in an EIR except in certain limited circumstances.[34] A negative declaration may be prepared instead of an EIR when, after preparing an initial study, a lead agency determines that a project "would not have a significant effect on the environment."[35]

IV. THE CITY LACKS SUBSTANTIAL EVIDENCE TO SUPPORT A CEQA INFILL EXEMPTION

The City improperly determined that the Project qualifies for Infill Exemption under CEQA Guidelines Section 15332. CEQA is "an integral part of any public agency's decision making process."[36] It was enacted to require public agencies and decision makers to document and consider the environmental implications of their actions before formal decisions are made.[37] CEQA requires an agency to conduct adequate environmental review prior to taking any discretionary action that may significantly affect the environment unless an exemption applies.[38] Thus, exemptions must be narrowly construed and are not to be expanded beyond the scope of their plain language.[39]

CEQA requires an agency to analyze whether a project conforms with the applicable land use plan, policy or regulation of an agency with jurisdiction over the project (including, but not limited to the general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect.[40] Here, the Project fails to conform with the General Plan, the Adeline Corridor Specific Plan, and the South Shattuck Strategic Plan.

A. The Infill Exemption

CEQA Guidelines Section 15332 provides an exemption from CEQA for "benign infill projects that are consistent with the General Plan and Zoning requirements" of a municipality and that satisfy the following criteria:[41]

(a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.
(b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses.
(c) The project site has no value as habitat for endangered, rare or threatened species.

[40] CEQA Guidelines Appendix G, XI Land Use and Planning.
[41] CEQA Guidelines § 15332 (under discussion section).

printed on recycled paper

(d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.
(e) The site can be adequately served by all required utilities and public services.

The Project fails to meet the requirements of Section 15332(a) and (d) because, as discussed below, the Project is likely to result in inconsistencies with the Berkeley General Plan, Adeline Corridor Specific Plan, South Shattuck Strategic Plan and may result in potentially significant impacts to air quality and water quality. Further, the City lacks substantial evidence to support the conclusion that the Project will not result in significant air quality impacts because the City failed to conduct a health risk analysis or include the Soil Management Plan in the record for public review. For these reasons, the Project fails to qualify for the Infill Exemption.

Moreover, CEQA exemptions are negated where an exception applies pursuant to CEQA Guidelines, Section 15300.2, and Public Resources Code, Section 21084. Such exceptions apply under the following circumstances:

1. The project site is environmentally sensitive as defined by the project's location. A project that is ordinarily insignificant in its impact on the environment may in a particularly sensitive environment be significant.
2. The project and successive projects of the same type in the same place will result in cumulative impacts;
3. There are "unusual circumstances" creating the reasonable possibility of significant effects;
4. The project may result in damage to scenic resources, including, but not limited to, trees, historic buildings, rock, outcroppings, or similar resources, within an officially designated scenic highway, except with respect to improvements required as mitigation for projects for which negative declarations or EIRs have been prepared;
5. *The project is located on a site that the Department of Toxic Substances Control and the Secretary of the Environmental Protection have identified, pursuant to Government Code section 65962.5, as being affected by hazardous wastes or clean-up problems; or*
6. The project may cause a substantial adverse change in the significance of an historical resource.[42]

Here, a CEQA exemption is inapplicable because: 1) the Project is located at a site identified as being affected by hazardous wastes and clean-up problems; and 2)

[42] CEQA Guidelines § 15300.2; Pub. Resources Code § 21084 (emphasis added).

printed on recycled paper

the Project and successive projects of the same type in the same place will result in cumulative impacts.

B. Standard of Review for the Infill Exemption

The infill exemption requires a lead agency provide "substantial evidence to support [their] finding that the Project will not have a significant effect."[43] "Substantial evidence" means enough relevant information and reasonable inferences from this information that a fair argument can be made to support a conclusion, even though other conclusions might also be reached. Whether a fair argument can be made that the project may have a significant effect on the environment is to be determined by examining the whole record before the lead agency.[44] If a court locates substantial evidence in the record to support the City's conclusion, the City's decision will be upheld.[45]

The record demonstrates that neither the City nor the Applicant have provided substantial evidence demonstrating that the Project qualifies for the infill exemption. By contrast, there is substantial evidence demonstrating that the Project is a hazardous waste site and that potentially significant cumulative impacts are present which preclude reliance on the infill exemption, and there is substantial evidence supporting a fair argument that the Project will result in significant, unmitigated environmental effects that require preparation of an EIR.

C. The City Cannot Rely on a Categorical Exemption to Approve the Project Because the Project Site is a Hazardous Waste Site Identified on the Cortese List

The Project site at 2900 Shattuck Avenue is a hazardous waste site listed on a State "Cortese" List pursuant to Government Code Section 65962.5. The Project site contained a Leaking Underground Storage Tank ("LUST") and had an unauthorized release of a hazardous substance.[46] Insofar as the Project site is located on a site that the Department of Toxic Substances Control and the Secretary of the Environmental Protection have identified, pursuant to Government Code section 65962.5, as being affected by hazardous wastes or clean-up problems, an exemption is improper.

printed on recycled paper

The Project site historically contained hazardous materials at or above 55 gallons for liquids, 500 pounds for solids, or 200 cubic feet for compressed gases (include liquids in ASTs and USTs); or the applicable Federal threshold quantity for an extremely hazardous substance specified in 40 CFR Part 355, Appendix A or B; or handle radiological materials in quantities for which an emergency plan is required pursuant to 10 CFR Parts 30, 40 or 70.[47] The Project site historically generated hazardous chemicals including[48]:

1) Acetylene
2) Dichlorodifluoromethane
3) Ethylene Glycol
4) Nitrogen
5) Oxygen
6) Tetrafluoroethane
7) Used Antifreeze
8) Lead Acid Batteries
9) Sulfuric Acid
10) Aqueous Cleaning Solution
11) Soda Ash
12) Linear Primary Alcohol
13) Isononanoic Acid
14) Acetone
15) Toluene
16) Methanol
17) Mixed Xylenes
18) Methyl Ethyl Ketone
19) Aromatic Naphtha /Aliphatic Naphtha

Regardless of the cleanup status of the site, the Project site's presence on the Cortese list precludes reliance on the Infill Exemption.[49]

1. The Applicant's Failure to Document the Site's Hazardous Materials Status in the Project Application is not a Bar to CEQA Review

The Project application shows that the Applicant failed to include any indication that the project site was listed under the Cortese list.[50] This was a violation of the Permit Streamlining Act, which provides that a development permit

[47] Application Packet, pdf p. 941 of 2143.

[50] Application Packet, pdf p. 28 of 2143.

printed on recycled paper

application may not be accepted as complete unless and until the applicant has submitted a signed statement indicating whether the proposed project site or any alternative site(s) is on the lists of hazardous waste sites compiled pursuant to Government Code Section 65962.5 by the California Secretary for Environmental Protection.[51] Notwithstanding the fact that the City deemed the Project Application complete on March 23, 2023,[52] the City is required under CEQA, and authorized under the Permit Streamlining Act and SB 330, to obtain all additional information necessary to comply with CEQA.[53]

D. The City Cannot Rely on a Categorical Exemption to Approve the Project Because the Project Results in Cumulative Impacts Due to Projects of the Same Type in the Same Place

An exemption is improper, when, as here "the cumulative impact of successive projects of the same type in the same place, over time is significant."[54] The Project will likely be built concurrently with the 3000 Shattuck Project, less than 500 feet away. Google maps shows that the two projects are 436 feet apart.[55] The concurrent construction air pollution, greenhouse gas emissions, toxic air contaminants, noise, and vibration impacts may result in cumulatively significant impacts to the surrounding community.

Four Cortese listed sites are between the two projects, and numerous emitters of toxic air contaminants separate them, including the Chevron gas station at 2996 Shattuck Ave., Berkeley, CA 94705. The Chevron gas station may emit toxic air contaminants which may be exacerbated by construction emissions from the 2920 Shattuck and the 3000 Shattuck projects. CARB has identified many toxic

printed on recycled paper

air contaminants in gasoline.[56] A toxic air contaminant is defined as an air pollutant which may cause or contribute to an increase in mortality, an increase in serious illness, or which may pose a present or potential hazard to human health.[57] Gas stations may emit toxic air contaminants including Benzene, Ethyle Benzene, n-Hexane, Propylene, Toluene, and Xylenes.[58] Exposure to these toxic air contaminants may lead to the following health issues: increased potential cancer risk, hematologic (or blood) disorders, reproductive or development issues, kidney problems, and issues with the nervous, respiratory, or endocrine systems.[59] The concurrent construction of the 2920 Shattuck Project and the 3000 Shattuck Project, along with existing emissions sources, may result in potentially significant cumulative impacts, precluding reliance on the Infill Exemption.

E. The City Lacks Substantial Evidence to Conclude that the Project Satisfies the Infill Exemption Criteria

1. *The City Lacks Substantial Evidence to Support a Conclusion that the Project Will Not Result in Significant Noise and Vibration Impacts*

The City failed to provide substantial evidence that the Project will not result in significant noise and vibration impacts. Instead, the Project's proposed conditions of approval propose to require improperly deferred analysis of the Project's noise and vibration impacts after the Project is approved, in violation of CEQA.

First, the Staff Report provides no information regarding the baseline noise levels against which to determine significance of noise from Project construction and operation. The City thus does not have substantial evidence in the record to support a determination that noise and vibration impacts are less than significant.

Second, the Findings and Conditions in Attachment 1 of the Staff Report provide that the Project applicant "shall submit screening level analysis prior to, or concurrent with demolition building permit. If a screening level analysis shows that the project has the potential to result in damage to structures, a structural engineer or other appropriate professional shall be retained to prepare a vibration impact assessment (assessment)… This study shall establish the baseline condition of these structures, including, but not limited to, the location and extent of any visible

---

[56] California Air Resources Board and California Air Pollution Control Officers Association Gasoline Service Station Industrywide Risk Assessment Technical Guidance Document (Sept. 2021), https://ww2.arb.ca.gov/sites/default/files/2021-10/Draft_2021_Gas_Station_IWG_Technical%20Guidance_PublicComment.pdf.
[57] *Id.*
[58] *Id.*
[59] *Id.*

printed on recycled paper

cracks or spalls."[60] This condition represents improperly deferred analysis. "By deferring environmental assessment to a future date, the conditions run counter to that policy of CEQA which requires environmental review at the earliest feasible stage in the planning process."[61] The City requires the Applicant to analyze noise and vibration impacts after project approval. This contravenes the purposes of CEQA, which requires environmental review at the earliest feasible stage in the planning process. The City must prepare an EIR to adequately analyze and mitigate potentially significant noise and vibration impacts.

Further, the Project's potentially significant noise and vibration impacts contravene the City's Municipal Code which provides that "[c]ertain sound levels and vibrations are detrimental to the public health, welfare, safety, and quality of life, and are contrary to the public interest."[62] Significant noise impacts from Project construction and operation may be "detrimental to the health, safety, peace, morals, comfort, or general welfare of persons residing or visiting in the area or neighborhood of the proposed use."[63] In order to approve a Use Permit, under Berkeley Municipal Code Section 23.406.040, the Zoning Adjustments Board must find that the proposed project is not detrimental to the health or general welfare of the City's residents. Here, because the Project's noise and vibration impacts were not analyzed or mitigated and are potentially significant, the City cannot make the necessary non-detriment finding.

2. *The City Lacks Substantial Evidence to Support a Conclusion that the Project Will Not Result in Significant Air Quality and Public Health Impacts*

The City lacks substantial evidence to support the conclusion that the Project will not result in significant air quality and health risk impacts because the City failed to conduct a health risk analysis or include the Project's proposed Soil Management Plan in the record for public review. Absent a health risk analysis and Soil Management Plan, the City cannot conclude that air pollution and public health impacts are less than significant to support reliance on a Class 32 Infill Exemption. Moreover, readily available facts demonstrate that the Project is likely result in significant air quality and health risk impacts requiring preparation of an EIR.

a. The City Failed to Quantify the Project's Construction and Operational Health Risk

The City failed to prepare a health risk analysis ("HRA") to quantify the health impact of the Project's construction and operational emissions on sensitive receptors located near the Project site. This violates CEQA's requirement to analyze the health impact of a project's emissions on sensitive receptors.

A lead agency's significance determination must be supported by accurate scientific and factual data.[64] An agency cannot conclude that an impact is less than significant unless it produces rigorous analysis and concrete substantial evidence justifying the finding.[65] These standards apply to the analysis of public health impacts of a Project. In *Sierra Club v. County of Fresno*, the California Supreme Court affirmed CEQA's mandate to protect public health and safety by holding that a CEQA document fails as an informational document when it fails to disclose the public health impacts from air pollutants that would be generated by a development project.[66] As the Court explained, "a sufficient discussion of significant impacts requires not merely a determination of whether an impact is significant, but some effort to explain the nature and magnitude of the impact."[67] The Court concluded that the county's EIR was inadequate for failing to disclose the nature and extent of public health impacts caused by the project's air pollution. As the Court explained, the EIR failed to comply with CEQA because after reading the EIR, "the public would have no idea of the health consequences that result when more pollutants are added to a nonattainment basin."[68]

Here, the Project site is located next to several residences and business where people live and work within 1000 feet of the Project site. Project construction equipment emits diesel particulate matter ("DPM"), a TAC. The Project site is also located close to two existing gas stations on the corner of Ashby and Shattuck, and will undergo concurrent construction with 3000 Shattuck. These factors are likely

---

[64] 14 C.C.R. § 15064(b).
[65] *Kings County Farm Bureau*, 221 Cal.App.3d at 732.
[66] (2018) 6 Cal.5th 502, 518–522.
[67] *Id.* at 519, citing *Cleveland National Forest Foundation v. San Diego Assn. of Governments* (2017) 3 Cal.5th 497, 514–515.
[68] *Id.* at 518. CEQA's statutory scheme and legislative intent also include an express mandate that agencies analyze human health impacts and determine whether the "***environmental effects of a project will cause substantial adverse effects on human beings, either directly or indirectly***." (Public Resources Code § 21083(b)(3) (emphasis added).) Moreover, CEQA directs agencies to "take immediate steps to identify any critical thresholds for the ***health and safety of the people*** of the state and take all coordinated actions necessary to prevent such thresholds being reached." (Public Resources Code § 21000(d) (emphasis added).)

printed on recycled paper

to result in potentially significant individual and cumulative health risk impacts. The City must quantify the toxic air contaminant ("TAC") emissions resulting from Project construction and operation in order to assess whether exposure to TACs exceeds the BAAQMD's cancer risk significance threshold of 10 in one million.

b. The Project Relied on Ineffective Standard Conditions of Approval to Mitigate Potentially Significant Construction Emissions

CEQA prohibits a lead agency from approving a project if feasible alternatives or mitigation measures exist which would substantially lessen a project's significant environmental effects.[69] Here, the Project does not implement feasible alternatives or mitigation measures to sufficiently reduce Project construction emissions. The Staff Report includes the Condition that "[a]ll construction equipment shall be equipped with Tier 2 or higher engines and the most effective Verified Diesel Emission Control Strategies (VDECS) available for the engine type (Tier 4 engines automatically meet this requirement) as certified by the California Air Resources Board (CARB).[70]

The requirement to use "Tier 2 or higher" construction equipment fails to ensure that the Project's construction TAC emissions will be reduced to levels of insignificance because Tier 2 equipment provides far lower emissions reductions than the most effective emissions-reducing currently on the market – Tier 4 Final equipment. The United States Environmental Protection Agency's ("USEPA") 1998 nonroad engine emission standards were structured as a three-tiered progression. Tier 1 standards were phased-in from 1996 to 2000 and Tier 2 emission standards were phased in from 2001 to 2006. Tier 3 standards, which applied to engines from 37-560 kilowatts (kW) only, were phased in from 2006 to 2008. The Tier 4 emission standards were introduced in 2004, and were phased in from 2008 – 2015.[71] The Tier 4 emission standards—phased-in from 2008 through 2015—introduce substantial reductions of NOx (for engines above 56 kW) and PM (above 19 kW), as well as more stringent HC limits. CO emission limits remain unchanged from the Tier 2-3 stage.[72] The City's reliance on Tier 2 construction equipment to reduce the Project's construction DPM and other TAC emissions to less than significant levels

[69] Pub. Resources Code ("PRC") §21002; *Cal. Clean Energy Comm. v. City of Woodland* (2014) 225 Cal.App.4th 173, 203; 14 CCR §15126.6.
[70] Staff Report, Attachment 1, Findings and Conditions, p. 14 of 21.
[71] Emission Standards, Nonroad Diesel Engines, *available at:* https://www.dieselnet.com/standards/us/nonroad.php#tier3
[72] https://www.dieselnet.com/standards/us/nonroad.php#tier3.

printed on recycled paper

is not supported by substantial evidence and does not obligate the Applicant to use the more effective Tier 4 equipment mentioned in the Condition.

CEQA's purpose is to "[p]revent significant, avoidable damage to the environment by requiring changes in projects through the use of alternatives or mitigation measures when the governmental agency finds the chances to be feasible."[73] CEQA requires public agencies to avoid or reduce environmental damage when "feasible" by requiring "environmentally superior" alternatives and all feasible mitigation measures.[74]

"CEQA establishes a duty for public agencies to avoid or minimize environmental damage where feasible."[75] A public agency cannot approve a project if there are feasible alternatives or mitigation measures available that would substantially lessen any significant effects that the project would have on the environment.[76] CEQA defines "feasible" as "capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors."[77]

Here, the City has not implemented feasible alternatives or mitigation measures to reduce construction air pollution emissions. Construction air pollution emissions impacts could be mitigated by requiring the use of all Tier 4 Final construction equipment equipped with diesel particulate traps. The City should craft an EIR to require the use of Tier 4 Final construction equipment as binding mitigation.

3. The City Lacks Substantial Evidence to Support a Conclusion that the Project Will Not Result in Significant Water Quality Impacts

The Project site's listing on the Cortese list as a Leaking Underground Storage Tank Site demonstrates that the Project is likely to have potentially significant impacts related to water quality impacts. The State Water Resources Control Board lists sites as LUST Sites where sites impact or have the potential to impact water quality in California, with an emphasis on groundwater.[78]

[78] Application Packet, pdf p. 192 of 2143.

printed on recycled paper

As recently as 2018, the Project site has been subject to violations of the California Health and Safety Code the California Code of Regulations and Title 15 of the Berkeley Municipal Code related to hazardous waste generation. The March 15, 2018 inspection revealed that the facility at 2920 Shattuck Ave "Fail[ed] to properly label hazardous waste accumulation containers and portable tanks with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date," in violation of 22 CCR 12 66262.34(f).[79] The inspection revealed that the "[b]usiness failed to properly label hazardous waste in that the accumulation start date was not indicated."[80] The inspection revealed the facility's "[f]ailure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years" in violation of Health and Safety Code Section 6.95 25505(a)(4). Moreover, the [b]usiness failed to provide annual training to all employees.[81] These violations may have resulted in potentially significant impacts to water quality requiring preparation of an EIR.

The failure to include the Soil Management Plan for public review also results in an absence of substantial evidence to support a determination that the Project will not result in significant water quality impacts. Absent a Soil Management Plan for public review and scrutiny, the City has not provided substantial evidence supporting approval, and therefore cannot rely on a Class 32 Infill Exemption for Project approval.

4. *The City Lacks Substantial Evidence to Support a Conclusion that the Project Site Will Conform with the General Plan*

CEQA requires an agency to analyze whether a project conforms with the applicable land use plan, policy or regulation of an agency with jurisdiction over the project (including, but not limited to the general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect.[82] The Housing Accountability Act ("HAA") also requires a showing of substantial evidence demonstrating that a housing project is consistent, compliant, and in conformity with applicable plans, programs, policies,

[79] *Id.* at pdf p. 1018 of 2143.
[80] *Id.*
[81] *Id.*
[82] CEQA Guidelines Appendix G, XI Land Use and Planning.

printed on recycled paper

ordinances, standards, requirements, or other similar provisions in order to be deemed consistent with those land use policies.[83]

The Project is inconsistent with the General Plan Economic Development & Employment Element, and thus cannot be approved, or deemed consistent with the General Plan, until consistency is demonstrated with substantial evidence.[84] The General Plan Economic Development and Employment Element Policy (ED-1) (Employment and Training) provides that the City must "[i]ncrease the number of jobs that go to Berkeley citizens by coordinating economic development efforts with employment placement."[85] Further, the General Plan provides that the City intends to "[w]ork with job training programs and encourage training for life skills, job readiness, and specific target industries."[86] The Project does not include any commitment to provide local construction jobs to Berkeley or East Bay residents, and the record does not contain any evidence demonstrating that the Applicant proposes to contribute to apprenticeship or other construction job training programs, or take any other measures to comply with these General Plan policies in relation to the Project's construction workforce. The Project is therefore inconsistent with those policies.

Housing development projects in the City must also implement the goals and policies of the General Plan, including the following:

1) Ensure that Berkeley has an adequate supply of decent housing, living wage jobs, and businesses providing basic goods and services.
2) New housing will be developed to expand housing opportunities in Berkeley to meet the needs of all income groups.[87]

The City has determined that "it is in the City of Berkeley's economic interest to support a pipeline of skilled workers to accomplish the construction objectives and policies of the Berkeley General Plan."[88] The Project should support this goal

by including community benefits such as local hire and healthcare and workforce benefits for its construction workers. Without specific commitments from the Applicant to ensure compliance with these policies, the Project is likely to be detrimental to the general welfare, violates the General Plan, and should not be approved. Since the record is devoid of substantial evidence demonstrating compliance with these General Plan policies, the Project therefore also fails to meet the facial requirements for a CEQA Class 32 exemption.

5. *The City Lacks Substantial Evidence to Support a Conclusion that the Project Site Will Conform with the Adeline Corridor Specific Plan*

The Adeline Corridor Specific Plan provides that:

The City of Berkeley will preserve the unique character and cultural legacy of the Adeline Corridor, sustaining the community as a place where all people can live, work, play, learn, worship, dine, shop, and thrive.

The Adeline Corridor Specific Plan's land use and community character objectives are to:

- Sustain a diverse mix of community spaces, retail, housing, and work places
- ***Create increased capacity for housing and jobs***
- Preserve and promote adaptive reuse of historic structures
- Ensure that new buildings respect neighborhood context and include appropriate transitions to adjacent neighborhoods
- Focus new development at the Ashby BART Station and along the portion of the corridor closest to Downtown Berkeley.[89]

The Adeline Corridor Specific Plan provides that one of the land use and community character objective of the Plan to "[c]reate increased capacity for housing and jobs"[90] but the Project Applicant has made no commitment to hire locally or create an increased capacity for local jobs.

The Adeline Corridor Specific Plan provides that "[t]he City of Berkeley will foster economic opportunity for South Berkeley residents and businesses by

[90] *Id.*

printed on recycled paper

facilitating job training and workforce development." It is the land use and community character objective of the Plan to "[p]rioritize job and entrepreneurship opportunities and training for local residents, especially youth and people of color."[91] The Project application incudes no commitment to prioritize job opportunities for local residents. Studies show that local hire commitments are a critical way not only to hire local residents, but to use project hiring needs to target opportunities to low-income residents and people of color who might otherwise not benefit from new development.[92] Local hire programs also help address the fragmentation inherent in the development process, establishing better communication among developers, employers, community organizations, local job training resources, and the workforce development system that can provide job readiness and job retention support services.[93] Here, the Project Applicant has not made a commitment to ensure the Project is built with local skilled and trained workforce, or to provide apprenticeship training opportunities for its construction workforce. The Project therefore does not comply with the objectives of the Adeline Corridor Specific Plan.

The Adeline Corridor Specific Plan provides that "the South Shattuck subarea will continue to have a range of retail, residential, and commercial uses during the lifetime of this Plan. While it will not have the same retail intensity as Downtown Berkeley or the Lorin District, it will offer a range of amenities, services, and ***locally-oriented jobs."***[94] The record lacks evidence demonstrating that the Project will offer any locally-oriented construction jobs. As a result, there is no evidence demonstrating compliance with this Specific Plan policy for the construction of the Project. Therefore, the City lacks substantial evidence to support findings that that the Project qualifies under a CEQA Class 32 exemption and it cannot be deemed to comply with the Plan for purposes of the HAA.

V. THE PROJECT MAY BE DETRIMENTAL TO THE GENERAL WELFARE OF THE CITY, RESIDENTS, AND WORKERS

In order to approve a Use Permit, under Berkeley Municipal Code Section 23.406.040, the Zoning Adjustments Board must find that the proposed project:

[93] *Id.*
[94] Adeline Corridor Specific Plan at 2-20 (emphasis added).

printed on recycled paper

i. Will not be detrimental to the health, safety, peace, morals, comfort, or **general welfare** of persons residing or visiting in the area or neighborhood of the proposed use; and
ii. Will not be detrimental or injurious to property and improvements of the adjacent properties, the surrounding area or neighborhood, or to the general welfare of the City.

Municipal Code Section 22.20.020 defines detrimental impacts to include, *inter alia*, increased demand for workforce housing, training, and benefits: "The increased demand for affordable housing, child care and public services, ***adequate employment training and placement facilities and amenities***, and the other impacts generated by development projects, unless mitigated, are detrimental to the City's public health, safety and general welfare."[95] Under Section 22.20.020, a detriment to the general welfare occurs when the City fails to mitigate the impacts of a development project, including the increased demand for housing, workforce training, and public services that may result from the Project.[96] Pursuant to Municipal Code Section 22.20.020, the Project's impacts to the general welfare for failure to provide employment training, placement facilities, and amenities, require mitigation.[97]

Further, the ZAB may approve a Use Permit for demolition of a non-residential building or structure only if the ZAB finds that "demolition will not be materially detrimental to the commercial needs and public interest of any affected neighborhood or the City of Berkeley"[98] Here, the ZAB cannot make the necessary findings that demolition of the existing structure and construction of the Project is in the public interest, because the Applicant has not provided any evidence demonstrating that Project construction will provide "adequate employment training and placement facilities and amenities" for its construction workforce. In contrast, the addition of community and workforce benefits related to Project construction would promote the general welfare.

Housing projects that are constructed with low-wage or uninsured construction workers are detrimental to the health, safety, peace, morals, comfort, and general welfare of their communities. If the Project were constructed with low-wage or uninsured construction workers, it would be similarly detrimental to persons residing or visiting the City and the Project's Downtown neighborhood, as well as to the general welfare of the City. The City should request the Applicant

[95] BMC § 22.20.020(G) (emphasis added).
[96] *Id.*
[97] *Id.*
[98] *Id.* at § 23.326.070(D)(1).

printed on recycled paper

voluntarily include community benefits in the Project's conditions of approval, including local hire provisions and healthcare standards and benefits in order to promote, and avoid detriment to, the general welfare of the City.

Examples of such conditions were recently adopted for the 2065 Kittredge Street Project, an eight-story, mixed-use building at 2065 Kittredge Street with 187 dwelling units, 4,993 square feet commercial space and 43 parking spaces. On January 31, 2023, the City Council voted unanimously to affirm the Zoning Adjustments Board's decision to approve the project's Use Permit with modified conditions of approval. In approving the 2065 Kittredge Street Project, the Berkeley City Council determined that failing to implement General Plan policies ED-1 (Employment and Training), ED-5 (Element Objectives), and ED-12 (Promoting Berkeley) related to Project construction could result in a detriment to the general welfare. The Applicant for the 2065 Kittredge Project voluntarily agreed to add the following language to the project's findings and conditions of approval:

1. The applicant shall evaluate the feasibility of implementing one or more of the following workforce programs for construction of the Project, but is not required to implement any said program:

a. Participate in a joint labor-management apprenticeship program for each trade engaged in construction of the Project;
b. Participate in an apprenticeship program approved by the State of California Division of Apprenticeship Standards that has a graduation rate of 50% or higher and has graduated an average of thirty (30) apprentices annually for the five (5) years immediately preceding the Covered Project. The applicant will also maintain at least the ratio of apprentices required by California Labor Code section 1777.5 for the duration of the project; or
c. Make and require its subcontractors to make hourly contributions to the California Apprenticeship Council ("CAC") for every apprenticeable craft hour worked on the Project of at least the apprenticeship contribution rate for the classification of "plumber, pipefitter, steamfitter" in Alameda County.
d. The applicant shall evaluate the feasibility of making Health Care Expenditures of twenty (20) percent to or on behalf of each construction worker working on the Project in addition to their regular hourly wages during the period of employment. The Health Care Expenditures may be made to a health plan in which the construction worker is enrolled, to the construction worker' health savings account, and/or to the construction worker in the form of cash. Prior to the issuance of a certificate of occupancy, the applicant shall submit a report to the City Manager all steps taken to

printed on recycled paper

comply with this condition, as well as the results of the applicant's feasibility evaluation, and which, if any, program is implemented for the Project, whether Health Care Expenditures are implemented for the Project, and the number of construction worker recipients of Health Care Expenditures for the Project.

2. The applicant shall make a good faith effort to attempt to meet a thirty (30) percent goal of all workers on the Project construction site be residents of living within ten (10) miles of the Project site and that, if the applicant fails to achieve such goal, documentation showing good faith efforts made to achieve the goal must be furnished to the City of Berkeley. This paragraph does not negate the requirement by the applicant to meet any other applicable requirements required by law.

3. The applicant shall, before obtaining a certificate of occupancy for the Project, furnish an affidavit to the City of Berkeley disclosing the number of union workers for each craft, apprentices, contractors, contractors' business addresses, number of local workers living within ten (10) miles of the Project site, and Berkeley residents working on the construction workforce for the Project.[99]

The City Council concluded that the inclusion of these voluntary workforce conditions were consistent with General Plan policies ED-1 (Employment and Training), ED-5 (Element Objectives), and ED-12 (Promoting Berkeley). In this case, such conditions would be consistent with the same General Plan policies, as well as with the Municipal Code general welfare requirements and the workforce policies of the Adeline Corridor Specific Plan. The City should confer with Applicant about the feasibility of incorporating these or similar voluntary construction workforce conditions into the Project to bring the Project in closer conformance with General Plan and Specific Plan.

A. The Project May Be Detrimental to the General Welfare for Failing to Hire Locally

Absent evidence demonstrating that the Applicant has committed to hire locally, the Project may be detrimental to the general welfare of Berkeley residents. Local hire commitments are a critical way not only to hire local residents, but to use

[99] Berkeley City Council, Annotated Agenda (January 31, 2023) https://berkeleyca.gov/sites/default/files/city-council-meetings/2023-01-31 Annotated Agenda - Council.pdf.

printed on recycled paper

project hiring needs to target opportunities to low-income residents and people of color who might not otherwise benefit from new development.[100]

Empirical studies demonstrate that local hire programs help address the fragmentation inherent in the development process, establishing better communication among developers, employers, community organizations, local job training resources, and the workforce development system that can provide job readiness and job retention support services.[101] Here, the Project Applicant has not made a commitment to ensure the Project is built with a local skilled and trained workforce. The Project may therefore be detrimental to City goals and the Berkeley community – particularly to its highly qualified construction workforce, who may not have the opportunity to build much-needed housing in their own community. In order to assess the Project's compliance with Municipal Code general welfare standards and General Plan policies, the City should ask the Applicant to provide evidence related to its proposed local hire percentage for the construction workforce, and inquire whether the Applicant would consider a specific local hire percentage as a community benefit for the Project.

B. The Project May Be Detrimental to the General Welfare for Failing to Provide Healthcare to Construction Workers

The City has several local workforce policies intended to promote the health and viability of its workforce, including payment of livable wages, health benefits, and paid sick leave for certain workers,[102] and is in the process of considering an ordinance related to construction workforce benefits, including healthcare.[103]

While providing construction worker healthcare is not a binding requirement for the Project, providing workforce healthcare promotes the health, safety, and general welfare of local workers and is consistent with the City's values and policies. The Project has not committed to provide healthcare standards or benefits for the construction workers building the Project. This may result in a detriment to

printed on recycled paper

the general welfare of the City and its residents, including in particular, to its construction worker residents. If the Project does not provide healthcare for its construction workers, the Project leaves the responsibility of providing for the health, safety, and welfare of the workers and the community on the workers themselves, or on taxpayer-funded public assistance, thus externalizing the cost of construction. This may perpetuate existing income and healthcare inequities for construction workers, potentially causing a detriment to the general welfare by failing to provide for the health and safety of its workers. The City should inquire as to whether the Applicant would provide healthcare benefits to its construction workers as a community benefit of the Project.

C. The City Lacks Substantial Evidence to Support Land Use and Non-Detriment Findings

Project construction will increase the local demand for a construction workforce. The Project's lack of workforce standards and worker healthcare may exacerbate the existing demand for local affordable housing and public services by construction workers that currently receive low pay without benefits. Without mitigation, these impacts may remain significant and the ZAB would be unable make the necessary findings that the Project complies with the General Plan and zoning code. To comply with the General Plan Economic Development and Employment Element, the City must ensure that new housing developments provide jobs that go to Berkeley residents and provide job training programs and job readiness.

Moreover, the Municipal Code provides that the "Zoning Ordinance establishes *minimum* requirements to promote the public health, safety, and general welfare."[104] The Municipal Code also provides that, "[t]o the extent possible, it is the government's responsibility to balance the responsibility to ensure the health, safety, and general welfare of the public at large in a fiscally and environmentally sustainable manner."[105] It is therefore the responsibility of the Zoning Adjustment Board to promote the general welfare beyond the minimum required by law. Here, the ZAB must require the Project to include community benefits like those detailed herein, otherwise, the Project contravenes the Municipal Code and General Plan.

As shown above, the Project may result in potentially significant air quality, public health, water quality, and noise impacts which may pose a detriment to the health, safety, and general welfare of the City of Berkeley. Absent adequate

[104] BMC § 22.104.030.
[105] *Id.* at § 2.09.020.

printed on recycled paper

mitigation, as proposed herein, in an EIR circulated for public review, the City cannot make the necessary non-detriment findings to approve the Use Permit.

VI. THE PROJECT IS INCONSISTENT WITH THE CITY'S HOUSING ELEMENT

The Project proposes to construct a ten-story residential building containing 221 dwelling units (22 Very Low-Income unit).[106] The project is seeking a 46.25% Density Bonus by providing 14% of the base project units as affordable to very low-income households. More affordable units must be provided for the Project to be consistent with the City's Housing Element and state law.

The Regional Housing Needs Assessment is the California State-required process that seeks to ensure cities and counties plan for enough housing in their Housing Element cycle to accommodate all economic segments of the community.[107] Accordingly, the Housing Element of the City's General Plan identifies the City's housing conditions and needs, evaluates the City's ability to meet its Regional Housing Needs Allocation ("RHNA"), establishes the goals, objectives, and policies of the City's housing strategy, and provides an array of programs to create mixed-income neighborhoods across the City.[108] The Housing Element, which was amended on February 17, 2023, states that "the City has a remaining RHNA of 5,033 units (1,923 very low income; 852 low income; 1,227 moderate income; and 1,031 above moderate income units)… The City must identify adequate sites capacity for this remaining RHNA."[109] Accordingly, Policy H-1 – Extremely Low, Very Low, Low and Moderate-Income Housing – provides: "Increase the number of housing units affordable to Berkeley residents with lower income levels."[110] Because the City has not produced and is not expected to produce enough affordable housing to meet its RHNA, projects that do not contribute to the City's RHNA are inconsistent with the City's Housing Element, a primary goal of which is to meet the RHNA.

Berkeley Municipal Code Section 23.328.010 provides that residential housing projects constructing five or more dwelling units must include at least 20 percent of the total number of dwelling units within the project as inclusionary units. As an alternative to providing inclusionary units required in an ownership

---

printed on recycled paper

project, the applicant may elect to enter in an agreement with the City to pay fees in-lieu of providing below-market rate units.[111]

Here, the Project fails to provide the recommended 20% affordable units. Although the Project will likely have to pay an in-lieu fee, the Project would not be consistent with the Housing Element because it places the burden on the City to identify adequate sites to construct affordable housing.[112] The failure to provide adequate affordable housing also results in the Project's nonconformance with the Adeline Corridor Specific Plan which provides that it is the objective of the Plan to "create increased capacity for housing and jobs."[113] The failure to provide sufficient affordable housing is likewise detrimental to the general welfare of the City of Berkeley.

VII. CONCLUSION

As discussed herein, is the City lacks substantial evidence to rely on a Class 32 Infill Exemption, or any other CEQA exemption, for Project approval. The Project does not conform with the Berkeley General Plan or Adeline Corridor Specific Plan for failing to support the general welfare through workforce and labor standards, and affordable housing. As a result, the Project cannot be approved until the City complies with CEQA and prepares an initial study and EIR for the Project.

Thank you for your attention to these comments. Please include them in the record of proceedings for the Project.

Sincerely,

Kelilah D. Federman

Memo to File:

Re: Closing of "soils only" cases.

By way of this memo, it is verified that Dr. Nabil Al-Hadithy, City Berkeley Toxis Management Division, has closed this case on the basis of its having soil contamination only. It will also be noted that any residual contamination has been declared <u>not</u> to be a risk to human health and <u>not</u> to be a threat to groundwater.

The RWQCB concurs with the closing of this case [01- 1419] and has appropriately changed the LUSTIS database Status field to a "9" and noted in the Comments field that the case is "closed".

Sincerely,

Thomas A. Geisler

OFFICIAL INSPECTION REPORT

City Of Berkeley Toxics Management Division
1947 Center Street, First Floor
Berkeley, CA 94704
(510) 981-7460
toxics@cityofberkeley.info

Facility Name : THE MODEL GARAGE INC.
Site Address : 2920 Shattuck AVE
Facility Phone : (510) 540-5899
Owner : Donald B Worth
Facility ID : FA0000211
Inspection Date : 3/16/18

Consent Granted By: Don Worth

☐ Photos Taken ☐ Samples Taken

Inspections completed on this date at this facility

Inspection Number	Inspection Type	Record ID	Program
DA0PAE6IQ	ROUTINE INSPECTION	PR0000181	HMBP
DAAYOJ1PO	ROUTINE INSPECTION	PR0002493	STORMWATER
DARTTZWFQ	ROUTINE INSPECTION	PR0000680	HAZ WASTE GENERATOR

An inspection of your facility revealed the following violations of the California Health and Safety Code, the California Code of Regulations, and/or Title 15 of the Berkeley Municipal Code. The facility is subject to re-inspection at any time. A re-inspection fee may be assessed.

Summary of Violations and Notice to Comply

HAZ WASTE GENERATOR

Violation Observed: **3030007** **MINOR VIOLATION** **Comply by 4/15/2018**

Failure to properly label hazardous waste accumulation containers and portable tanks with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date. 22 CCR 12 66262.34(f)

Observation and Corrective Action:

Business failed to properly label hazardous waste in that the accumulation start date was not indicated. Corrective action: Add accumulation start dates to all hazardous waste containers that have begun accumulating.

HMBP

Violation Observed: **1020002** **MINOR VIOLATION** **Comply by 4/15/2018**

Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years. HSC 6.95 25505(a)(4)

Observation and Corrective Action:

Business failed to provide annual training to all employees. Corrective action: Complete hazardous materials/waste training for all employees and submit records to Toxics Management Division.

General Comments and Observations

OFFICIAL INSPECTION REPORT

Facility Name: THE MODEL GARAGE INC. Inspection Date : 3/16/18

HMBP

Hazardous materials onsite are consistent with the materials reported on CERS. Facility map accurately depicts locations of hazardous materials and waste. Annual training for hazard communication and hazardous material/waste handling has not been completed since 2015.

HAZ WASTE GENERATOR

EPA ID Number, CAD 983 642 786, is active. Waste is kept outside under a shelter. Waste is consistent with the inventory provided on CERS. Observed Used Oil, used coolant, waste filters (paper and metal separated), waste aerosols. Hazardous waste manifests were reviewed for past 3 years, records were compliant. Fire extinguishers are up to date.

This report shall serve as a "Notice to Comply" for minor violations, and a "Notice of Violation" for Major violations. You are hereby ordered to correct the above noted violations within 30 days, or as noted in the Summary of Violations above. Formal enforcement and/or penalty assessment may be initiated for any violations noted, and for those not corrected in a timely manner.

By signing this document, I have been notified of the regulatory violations noted in this report. I understand that failure to return to compliance within the specified time frame could result in a re-inspection of this facility with an additional fee and possible enforcement action including penalties.

Facility Representative Signature Donald Worth Owner

Date Signed 03/16/2018

Viviana Garcia
Hazardous Materials Specialist I

Within 5 days of achieving compliance, or within 35 days of the inspection date, whichever comes first, sign the certification statement below and return a copy of this report, along with supporting documentation, if applicable, to TMD.

Certification of Return to Compliance
I certify under penalty of perjury that this facility has complied with directives specified in this Notice to Comply

II. ACTIVITIES DECLARATION

NOTE: If you check YES to any part of this list, please submit the Business Owner/Operator Identification page.

Does your facility…	If Yes, please complete these pages of the UPCF….	
A. HAZARDOUS MATERIALS Have on site (for any purpose) at any one time, hazardous materials at or above 55 gallons for liquids, 500 pounds for solids, or 200 cubic feet for compressed gases (include liquids in ASTs and USTs); or the applicable Federal threshold quantity for an extremely hazardous substance specified in 40 CFR Part 355, Appendix A or B; or handle radiological materials in quantities for which an emergency plan is required pursuant to 10 CFR Parts 30, 40 or 70?	☒ YES	HAZARDOUS MATERIALS INVENTORY – CHEMICAL DESCRIPTION
B. REGULATED SUBSTANCES Have Regulated Substances stored onsite in quantities greater than the threshold quantities established by the California Accidental Release prevention Program (CalARP)?	☐ YES	Coordinate with your local agency responsible for CalARP.
C. UNDERGROUND STORAGE TANKS (USTs) Own or operate underground storage tanks?	☐ YES	UST FACILITY (Formerly SWRCB Form A) UST TANK (one page per tank) (Formerly Form B)
D. ABOVE GROUND PETROLEUM STORAGE Own or operate ASTs above these thresholds: Store greater than 1,320 gallons of petroleum products (new or used) in aboveground tanks or containers.	☐ YES	NO FORM REQUIRED TO CUPAs
E. HAZARDOUS WASTE Generate hazardous waste?	☒ YES	EPA ID NUMBER – provide at the top of this page
Recycle more than 100 kg/month of excluded or exempted recyclable materials (per HSC 25143.2)?	☐ YES	RECYCLABLE MATERIALS REPORT (one per recycler)
Treat hazardous waste on-site?	☐ YES	ON-SITE HAZARDOUS WASTE TREATMENT – FACILITY ON-SITE HAZARDOUS WASTE TREATMENT – UNIT (one page per unit)
Treatment subject to financial assurance requirements (for Permit by Rule and Conditional Authorization)?	☐ YES	CERTIFICATION OF FINANCIAL ASSURANCE
Consolidate hazardous waste generated at a remote site?	☐ YES	REMOTE WASTE / CONSOLIDATION SITE ANNUAL NOTIFICATION
Need to report the closure/removal of a tank that was classified as hazardous waste and cleaned on-site?	☐ YES	HAZARDOUS WASTE TANK CLOSURE CERTIFICATION
Generate in any single calendar month 1,000 kilograms (kg) (2,200 pounds) or more of federal RCRA hazardous waste, or generate in any single calendar month, or accumulate at any time, 1 kg (2.2 pounds) of RCRA acute hazardous waste; or generate or accumulate at any time more than 100 kg (220 pounds) of spill cleanup materials contaminated with RCRA acute hazardous waste.	☐ YES	Obtain federal EPA ID Number, file Biennial Report (EPA Form 8700-13A/B), and satisfy requirements for RCRA Large Quantity Generator.
Household Hazardous Waste (HHW) Collection site?	☐ YES	See CUPA for required forms.

F. LOCAL REQUIREMENTS 15

CALIFORNIA ENVIRONMENTAL REPORTING SYSTEM (CERS)

CONSOLIDATED EMERGENCY RESPONSE / CONTINGENCY PLAN

Prior to completing this Plan, please refer to the INSTRUCTIONS FOR COMPLETING A CONSOLIDATED CONTINGENCY PLAN

A. FACILITY IDENTIFICATION AND OPERATIONS OVERVIEW

FACILITY ID # 1.	CERS ID A1.	DATE OF PLAN PREPARATION/REVISION A2.
FA0000211		02/13/2013

BUSINESS NAME *(Same as Facility Name or DBA - Doing Business As)* 3.
THE MODEL GARAGE INC.

BUSINESS SITE ADDRESS 103.
2920 SHATTUCK AVE

BUSINESS SITE CITY 104.		ZIP CODE 105.
BERKELEY	CA	94705

TYPE OF BUSINESS (e.g., Painting Contractor) A3.	INCIDENTAL OPERATIONS (e.g., Fleet Maintenance) A4.
Automobile repair	

THIS PLAN COVERS CHEMICAL SPILLS, FIRES, AND EARTHQUAKES INVOLVING: (Check all that apply) A5.
☒ 1. HAZARDOUS MATERIALS; ☒ 2. HAZARDOUS WASTES

B. INTERNAL RESPONSE

INTERNAL FACILITY EMERGENCY RESPONSE WILL OCCUR VIA: (Check all that apply) B1.
☒ 1. CALLING PUBLIC EMERGENCY RESPONDERS (i.e., 9-1-1)
☒ 2. CALLING HAZARDOUS WASTE CONTRACTOR
☒ 3. ACTIVATING IN-HOUSE EMERGENCY RESPONSE TEAM

C. EMERGENCY COMMUNICATIONS, PHONE NUMBERS AND NOTIFICATIONS

Whenever there is an imminent or actual emergency situation such as an explosion, fire, or release, the Emergency Coordinator (or his/her designee when the Emergency Coordinator is on call) shall:
1. Activate internal facility alarms or communications systems, where applicable, to notify all facility personnel.
2. Notify appropriate local authorities (i.e., call 9-1-1).
3. Notify the California Emergency Management Agency at (800) 852-7550.

Before facility operations are resumed in areas of the facility affected by the incident, the emergency coordinator shall notify the California Department of Toxic Substances Control (DTSC), the local Unified Program Agency (UPA), and the local fire department's hazardous materials program that the facility is in compliance with requirements to:
1. Provide for proper storage and disposal of recovered waste, contaminated soil or surface water, or any other material that results from an explosion, fire, or release at the facility; and
2. Ensure that no material that is incompatible with the released material is transferred, stored, or disposed of in areas of the facility affected by the incident until cleanup procedures are completed.

INTERNAL FACILITY EMERGENCY COMMUNICATIONS OR ALARM NOTIFICATION WILL OCCUR VIA: (Check all that apply) C1.

☒ 1. VERBAL WARNINGS;	☐ 2. PUBLIC ADDRESS OR INTERCOM SYSTEM;	☒ 3. TELEPHONE;
☐ 4. PAGERS;	☐ 5. ALARM SYSTEM;	☐ 6. PORTABLE RADIO

NOTIFICATIONS TO NEIGHBORING FACILITIES THAT MAY BE AFFECTED BY AN OFF-SITE RELEASE WILL OCCUR BY: (Check all that apply) C2.

☒ 1. VERBAL WARNINGS;	☐ 2. PUBLIC ADDRESS OR INTERCOM SYSTEM;	☒ 3. TELEPHONE;
☐ 4. PAGERS;	☐ 5. ALARM SYSTEM;	☐ 6. PORTABLE RADIO

EMERGENCY RESPONSE PHONE NUMBERS:

AMBULANCE, FIRE, POLICE AND CHP	9-1-1
CALIFORNIA EMERGENCY MANAGEMENT AGENCY (CAL/EMA)	(800) 852-7550
NATIONAL RESPONSE CENTER (NRC)	(800) 424-8802

OTHER (Specify): C11.	C12.

D. EMERGENCY CONTAINMENT AND CLEANUP PROCEDURES

SPILL PREVENTION, CONTAINMENT, AND CLEANUP PROCEDURES: (Check all boxes that apply to indicate your procedures for containing spills, releases, fires or explosions; and. preventing and mitigating associated harm to persons, property, and the environment.)

D1.

- ☒ 1. MONITOR FOR LEAKS, RUPTURES, PRESSURE BUILD-UP, ETC.;
- ☐ 2. PROVIDE STRUCTURAL PHYSICAL BARRIERS (e.g., Portable spill containment walls);
- ☐ 3. PROVIDE ABSORBENT PHYSICAL BARRIERS (e.g., Pads, pigs, pillows);
- ☐ 4. COVER OR BLOCK FLOOR AND/ OR STORM DRAINS;
- ☐ 5. BUILT-IN BERM IN WORK / STORAGE AREA;
- ☐ 6. AUTOMATIC FIRE SUPPRESSION SYSTEM;
- ☐ 7. ELIMINATE SOURCES OF IGNITION FOR FLAMMABLE HAZARDS (e.g. Flammable liquids, Propane);
- ☒ 8. STOP PROCESSES AND/OR OPERATIONS;
- ☐ 9. AUTOMATIC / ELECTRONIC EQUIPMENT SHUT-OFF SYSTEM;
- ☒ 10. SHUT-OFF WATER, GAS, ELECTRICAL UTILITIES AS APPROPRIATE;
- ☒ 11. CALL 9-1-1 FOR PUBLIC EMERGENCY RESPONDER ASSISTANCE / MEDICAL AID;
- ☒ 12. NOTIFY AND EVACUATE PERSONS IN ALL THREATENED AREAS;
- ☒ 13. ACCOUNT FOR EVACUATED PERSONS IMMEDIATELY AFTER EVACUATION CALL;
- ☐ 14. PROVIDE PROTECTIVE EQUIPMENT FOR ON-SITE RESPONSE TEAM;
- ☐ 15. REMOVE OR ISOLATE CONTAINERS / AREA AS APPROPRIATE;
- ☒ 16. HIRE LICENSED HAZARDOUS WASTE CONTRACTOR;
- ☒ 17. USE ABSORBENT MATERIAL FOR SPILLS WITH SUBSEQUENT PROPER LABELING, STORAGE, AND HAZARDOUS WASTE DISPOSAL AS APPROPRIATE;
- ☒ 18. SUCTION USING SHOP VACUUM WITH SUBSEQUENT PROPER LABELING, STORAGE, AND HAZARDOUS WASTE DISPOSAL AS APPROPRIATE;
- ☐ 19. WASH / DECONTAMINATE EQUIPMENT W/ CONTAINMENT and DISPOSAL OF EFFLUENT / RINSATE AS HAZARDOUS WASTE;
- ☐ 20. PROVIDE SAFE TEMPORARY STORAGE OF EMERGENCY-GENERATED WASTES;
- ☐ 21. OTHER (Specify):

D2.

E. FACILITY EVACUATION

THE FOLLOWING ALARM SIGNAL(S) WILL BE USED TO BEGIN EVACUATION OF THE FACILITY (CHECK ALL THAT APPLY): E1.

- ☐ 1. BELLS;
- ☐ 2. HORNS/SIRENS;
- ☒ 3. VERBAL (i.e., SHOUTING);
- ☐ 4. OTHER (Specify):

E2.

THE FOLLOWING LOCATION(S) IS/ARE EVACUEE EMERGENCY ASSEMBLY AREA(S) (i.e., Front parking lot, specific street corner, etc.) E3.

Sidewalk by EasyCopy Center.

Note: The Emergency Coordinator must account for all on site employees and/or site visitors after evacuation.

☐ EVACUATION ROUTE MAP(S) POSTED AS REQUIRED E4.

Note: The map(s) must show primary and alternate evacuation routes, emergency exits, and primary and alternate staging areas, and must be prominently posted throughout the facility in locations where it will be visible to employees and visitors.

F. ARRANGEMENTS FOR EMERGENCY SERVICES

Explanation of Requirement: Advance arrangements with local fire and police departments, hospitals, and/or emergency services contractors should be made as appropriate for your facility. You may determine that such arrangements are not necessary.

ADVANCE ARRANGEMENTS FOR LOCAL EMERGENCY SERVICES (Check one of the following) F1.

- ☒ 1. HAVE BEEN DETERMINED NOT NECESSARY; *or*
- ☐ 2. THE FOLLOWING ARRANGEMENTS HAVE BEEN MADE (Specify):

F2.

G. EMERGENCY EQUIPMENT

Check all boxes that apply to list emergency response equipment available at the facility and identify the location(s) where the equipment is kept and the equipment's capability, if applicable. [e.g., ☒ CHEMICAL PROTECTIVE GLOVES | Spill response kit | One time use, Oil & solvent resistant only.]

	35. ☐ OTHER	G70.	G71.

H. EARTHQUAKE VULNERABILITY

Identify areas of the facility that are vulnerable to hazardous materials releases / spills due to earthquake-related motion. These areas require immediate isolation and inspection.

VULNERABLE AREAS: (Check all that apply) H1.	LOCATIONS (e.g., shop, outdoor shed, forensic lab)
☒ 1. HAZARDOUS MATERIALS / WASTE STORAGE AREA	Shed and shop. H2.
☒ 2. PROCESS LINES / PIPING	Shed and shop. H3.
☐ 3. LABORATORY	H4.
☐ 4. WASTE TREATMENT AREA	H5.

Identify mechanical systems vulnerable to releases / spills due to earthquake-related motion. These systems require immediate isolation and inspection.

VULNERABLE SYSTEMS: (Check all that apply) H6.	LOCATIONS
☒ 1. SHELVES, CABINETS AND RACKS	Shed and shop. H7.
☒ 2. TANKS (EMERGENCY SHUTOFF)	Shed H8.
☒ 3. PORTABLE GAS CYLINDERS	Shop H9.
☒ 4. EMERGENCY SHUTOFF AND/OR UTILITY VALVES	Shed. H10.
☐ 5. SPRINKLER SYSTEMS	H11.
☐ 6. STATIONARY PRESSURIZED CONTAINERS (e.g., Propane dispensing tank)	H12.

I. EMPLOYEE TRAINING

Explanation of Requirement: Employee training is required for all employees handling hazardous materials and hazardous wastes in day-to-day or clean-up operations including volunteers and/or contractors. Training must be:

- Provided within 6 months for new hires;
- Amended as necessary prior to change in process or work assignment;
- Given upon modification to the Emergency Response / Contingency Plan, and updated/refreshed annually for all employees.

Required content includes all of the following:

- Material Safety Data Sheets;
- Hazard communication related to health and safety;
- Methods for safe handling of hazardous substances;
- Fire hazards of materials / processes;
- Conditions likely to worsen emergencies;
- Coordination of emergency response;
- Notification procedures;
- Applicable laws and regulations;
- Communication and alarm systems;
- Personal protective equipment;
- Use of emergency response equipment (e.g. Fire extinguishers, respirators, etc.);
- Decontamination procedures;
- Evacuation procedures;
- Control and containment procedures;
- UST monitoring system equipment and procedures (if applicable).

INDICATE HOW EMPLOYEE TRAINING PROGRAM IS ADMINISTERED (Check all that apply) I1.

☐ 1. FORMAL CLASSROOM; ☐ 2. VIDEOS; ☒ 3. SAFETY / TAILGATE MEETINGS;

☐ 4. STUDY GUIDES / MANUALS (Specify): _____ I2.

☐ 5. OTHER (Specify): _____ I3.

☐ 6. NOT APPLICABLE BECAUSE FACILITY HAS NO EMPLOYEES

Large Quantity Generator (LQG) Training Records: Large quantity hazardous waste generators (i.e., who generate more than 270 gallons/1,000 kilograms of hazardous waste per month) must retain written documentation of employee hazardous waste management training sessions which includes:

- A written outline/agenda of the type and amount of both introductory and continuing training that will be given to persons filling each job position having responsibility for the management of hazardous waste (e.g., labeling, manifesting, compliance with accumulation time limits, etc.).
- The name, job title, and date of training for each hazardous waste management training session given to an employee filling such a job position; and
- A written job description for each of the above job positions that describes job duties and the skills, education, or other qualifications required of personnel assigned to the position.
- Current employee training records must be retained until closure of the facility.
- Former employee training records must be retained at least three years after termination of employment.

J. LIST OF ATTACHMENTS

(Check one of the following) J1.

☐ 1. NO ATTACHMENTS ARE REQUIRED; *or*

☐ 2. THE FOLLOWING DOCUMENTS ARE ATTACHED: J2.

K. SIGNATURE / CERTIFICATION

Certification: Based on my inquiry of those individuals responsible for obtaining the information, I certify under penalty of law that I have personally examined and am familiar with the information submitted and believe the information is true, accurate, and complete, and that a copy is available on site.

BUSINESS SITE ADDRESS 2920 SHATTUCK AVE 103		
BUSINESS SITE CITY BERKELEY 104	CA	ZIP CODE 94705 105

II. ACTIVITIES DECLARATION

NOTE: If you check YES to any part of this list, please submit the Business Owner/Operator Identification page.

Does your facility…	If Yes, please complete these pages of the UPCF….	
A. HAZARDOUS MATERIALS Have on site (for any purpose) at any one time, hazardous materials at or above 55 gallons for liquids, 500 pounds for solids, or 200 cubic feet for compressed gases (include liquids in ASTs and USTs); or the applicable Federal threshold quantity for an extremely hazardous substance specified in 40 CFR Part 355, Appendix A or B; or handle radiological materials in quantities for which an emergency plan is required pursuant to 10 CFR Parts 30, 40 or 70?	☒ YES	HAZARDOUS MATERIALS INVENTORY – CHEMICAL DESCRIPTION
B. REGULATED SUBSTANCES Have Regulated Substances stored onsite in quantities greater than the threshold quantities established by the California Accidental Release prevention Program (CalARP)?	☐ YES	Coordinate with your local agency responsible for CalARP.
C. UNDERGROUND STORAGE TANKS (USTs) Own or operate underground storage tanks?	☐ YES	UST FACILITY (Formerly SWRCB Form A) UST TANK (one page per tank) (Formerly Form B)
D. ABOVE GROUND PETROLEUM STORAGE Own or operate ASTs above these thresholds: Store greater than 1,320 gallons of petroleum products (new or used) in aboveground tanks or containers.	☐ YES	NO FORM REQUIRED TO CUPAs
E. HAZARDOUS WASTE Generate hazardous waste?	☒ YES	EPA ID NUMBER – provide at the top of this page
Recycle more than 100 kg/month of excluded or exempted recyclable materials (per HSC 25143.2)?	☐ YES	RECYCLABLE MATERIALS REPORT (one per recycler)
Treat hazardous waste on-site?	☐ YES	ON-SITE HAZARDOUS WASTE TREATMENT – FACILITY ON-SITE HAZARDOUS WASTE TREATMENT – UNIT (one page per unit)
Treatment subject to financial assurance requirements (for Permit by Rule and Conditional Authorization)?	☐ YES	CERTIFICATION OF FINANCIAL ASSURANCE
Consolidate hazardous waste generated at a remote site?	☐ YES	REMOTE WASTE / CONSOLIDATION SITE ANNUAL NOTIFICATION
Need to report the closure/removal of a tank that was classified as hazardous waste and cleaned on-site?	☐ YES	HAZARDOUS WASTE TANK CLOSURE CERTIFICATION
Generate in any single calendar month 1,000 kilograms (kg) (2,200 pounds) or more of federal RCRA hazardous waste, or generate in any single calendar month, or accumulate at any time, 1 kg (2.2 pounds) of RCRA acute hazardous waste; or generate or accumulate at any time more than 100 kg (220 pounds) of spill cleanup materials contaminated with RCRA acute hazardous waste.	☐ YES	Obtain federal EPA ID Number, file Biennial Report (EPA Form 8700-13A/B), and satisfy requirements for RCRA Large Quantity Generator.
Household Hazardous Waste (HHW) Collection site?	☐ YES	See CUPA for required forms.

F. LOCAL REQUIREMENTS 15

CALIFORNIA ENVIRONMENTAL REPORTING SYSTEM (CERS)

CONSOLIDATED EMERGENCY RESPONSE / CONTINGENCY PLAN

Prior to completing this Plan, please refer to the INSTRUCTIONS FOR COMPLETING A CONSOLIDATED CONTINGENCY PLAN

A. FACILITY IDENTIFICATION AND OPERATIONS OVERVIEW

FACILITY ID # 1.	CERS ID A1.	DATE OF PLAN PREPARATION/REVISION A2.
FA0000211		02/13/2013

BUSINESS NAME *(Same as Facility Name or DBA - Doing Business As)* 3.
THE MODEL GARAGE INC.

BUSINESS SITE ADDRESS 103.
2920 SHATTUCK AVE

BUSINESS SITE CITY 104.		ZIP CODE 105.
BERKELEY	CA	94705

TYPE OF BUSINESS (e.g., Painting Contractor) A3.	INCIDENTAL OPERATIONS (e.g., Fleet Maintenance) A4.
Automobile repair	

THIS PLAN COVERS CHEMICAL SPILLS, FIRES, AND EARTHQUAKES INVOLVING: (Check all that apply) A5.
☒ 1. HAZARDOUS MATERIALS; ☒ 2. HAZARDOUS WASTES

B. INTERNAL RESPONSE

INTERNAL FACILITY EMERGENCY RESPONSE WILL OCCUR VIA: (Check all that apply) B1.
☒ 1. CALLING PUBLIC EMERGENCY RESPONDERS (i.e., 9-1-1)
☒ 2. CALLING HAZARDOUS WASTE CONTRACTOR
☒ 3. ACTIVATING IN-HOUSE EMERGENCY RESPONSE TEAM

C. EMERGENCY COMMUNICATIONS, PHONE NUMBERS AND NOTIFICATIONS

Whenever there is an imminent or actual emergency situation such as an explosion, fire, or release, the Emergency Coordinator (or his/her designee when the Emergency Coordinator is on call) shall:
1. Activate internal facility alarms or communications systems, where applicable, to notify all facility personnel.
2. Notify appropriate local authorities (i.e., call 9-1-1).
3. Notify the California Emergency Management Agency at (800) 852-7550.

Before facility operations are resumed in areas of the facility affected by the incident, the emergency coordinator shall notify the California Department of Toxic Substances Control (DTSC), the local Unified Program Agency (UPA), and the local fire department's hazardous materials program that the facility is in compliance with requirements to:
1. Provide for proper storage and disposal of recovered waste, contaminated soil or surface water, or any other material that results from an explosion, fire, or release at the facility; and
2. Ensure that no material that is incompatible with the released material is transferred, stored, or disposed of in areas of the facility affected by the incident until cleanup procedures are completed.

INTERNAL FACILITY EMERGENCY COMMUNICATIONS OR ALARM NOTIFICATION WILL OCCUR VIA: (Check all that apply) C1.

☒ 1. VERBAL WARNINGS;	☐ 2. PUBLIC ADDRESS OR INTERCOM SYSTEM;	☒ 3. TELEPHONE;
☐ 4. PAGERS;	☐ 5. ALARM SYSTEM;	☐ 6. PORTABLE RADIO

NOTIFICATIONS TO NEIGHBORING FACILITIES THAT MAY BE AFFECTED BY AN OFF-SITE RELEASE WILL OCCUR BY: (Check all that apply) C2.

☒ 1. VERBAL WARNINGS;	☐ 2. PUBLIC ADDRESS OR INTERCOM SYSTEM;	☒ 3. TELEPHONE;
☐ 4. PAGERS;	☐ 5. ALARM SYSTEM;	☐ 6. PORTABLE RADIO

EMERGENCY RESPONSE PHONE NUMBERS:

OTHER (Specify): C11.	C12.

D. EMERGENCY CONTAINMENT AND CLEANUP PROCEDURES

SPILL PREVENTION, CONTAINMENT, AND CLEANUP PROCEDURES: (Check all boxes that apply to indicate your procedures for containing spills, releases, fires or explosions; and. preventing and mitigating associated harm to persons, property, and the environment.)

D1.

- ☒ 1. MONITOR FOR LEAKS, RUPTURES, PRESSURE BUILD-UP, ETC.;
- ☐ 2. PROVIDE STRUCTURAL PHYSICAL BARRIERS (e.g., Portable spill containment walls);
- ☐ 3. PROVIDE ABSORBENT PHYSICAL BARRIERS (e.g., Pads, pigs, pillows);
- ☐ 4. COVER OR BLOCK FLOOR AND/ OR STORM DRAINS;
- ☐ 5. BUILT-IN BERM IN WORK / STORAGE AREA;
- ☐ 6. AUTOMATIC FIRE SUPPRESSION SYSTEM;
- ☐ 7. ELIMINATE SOURCES OF IGNITION FOR FLAMMABLE HAZARDS (e.g. Flammable liquids, Propane);
- ☒ 8. STOP PROCESSES AND/OR OPERATIONS;
- ☐ 9. AUTOMATIC / ELECTRONIC EQUIPMENT SHUT-OFF SYSTEM;
- ☒ 10. SHUT-OFF WATER, GAS, ELECTRICAL UTILITIES AS APPROPRIATE;
- ☒ 11. CALL 9-1-1 FOR PUBLIC EMERGENCY RESPONDER ASSISTANCE / MEDICAL AID;
- ☒ 12. NOTIFY AND EVACUATE PERSONS IN ALL THREATENED AREAS;
- ☒ 13. ACCOUNT FOR EVACUATED PERSONS IMMEDIATELY AFTER EVACUATION CALL;
- ☐ 14. PROVIDE PROTECTIVE EQUIPMENT FOR ON-SITE RESPONSE TEAM;
- ☐ 15. REMOVE OR ISOLATE CONTAINERS / AREA AS APPROPRIATE;
- ☒ 16. HIRE LICENSED HAZARDOUS WASTE CONTRACTOR;
- ☒ 17. USE ABSORBENT MATERIAL FOR SPILLS WITH SUBSEQUENT PROPER LABELING, STORAGE, AND HAZARDOUS WASTE DISPOSAL AS APPROPRIATE;
- ☒ 18. SUCTION USING SHOP VACUUM WITH SUBSEQUENT PROPER LABELING, STORAGE, AND HAZARDOUS WASTE DISPOSAL AS APPROPRIATE;
- ☐ 19. WASH / DECONTAMINATE EQUIPMENT W/ CONTAINMENT and DISPOSAL OF EFFLUENT / RINSATE AS HAZARDOUS WASTE;
- ☐ 20. PROVIDE SAFE TEMPORARY STORAGE OF EMERGENCY-GENERATED WASTES;
- ☐ 21. OTHER (Specify):

D2.

E. FACILITY EVACUATION

THE FOLLOWING ALARM SIGNAL(S) WILL BE USED TO BEGIN EVACUATION OF THE FACILITY (CHECK ALL THAT APPLY): E1.

- ☐ 1. BELLS;
- ☐ 2. HORNS/SIRENS;
- ☒ 3. VERBAL (i.e., SHOUTING);
- ☐ 4. OTHER (Specify):

E2.

THE FOLLOWING LOCATION(S) IS/ARE EVACUEE EMERGENCY ASSEMBLY AREA(S) (i.e., Front parking lot, specific street corner, etc.) E3.

Sidewalk by EasyCopy Center.

Note: The Emergency Coordinator must account for all on site employees and/or site visitors after evacuation.

☐ EVACUATION ROUTE MAP(S) POSTED AS REQUIRED E4.

Note: The map(s) must show primary and alternate evacuation routes, emergency exits, and primary and alternate staging areas, and must be prominently posted throughout the facility in locations where it will be visible to employees and visitors.

F. ARRANGEMENTS FOR EMERGENCY SERVICES

Explanation of Requirement: Advance arrangements with local fire and police departments, hospitals, and/or emergency services contractors should be made as appropriate for your facility. You may determine that such arrangements are not necessary.

ADVANCE ARRANGEMENTS FOR LOCAL EMERGENCY SERVICES (Check one of the following) F1.

- ☒ 1. HAVE BEEN DETERMINED NOT NECESSARY; *or*
- ☐ 2. THE FOLLOWING ARRANGEMENTS HAVE BEEN MADE (Specify):

F2.

G. EMERGENCY EQUIPMENT

Check all boxes that apply to list emergency response equipment available at the facility and identify the location(s) where the equipment is kept and the equipment's capability, if applicable. [e.g., ☒ CHEMICAL PROTECTIVE GLOVES | Spill response kit | One time use, Oil & solvent resistant only.]

H. EARTHQUAKE VULNERABILITY

Identify areas of the facility that are vulnerable to hazardous materials releases / spills due to earthquake-related motion. These areas require immediate isolation and inspection.

VULNERABLE AREAS: (Check all that apply) H1.	LOCATIONS (e.g., shop, outdoor shed, forensic lab)
☒ 1. HAZARDOUS MATERIALS / WASTE STORAGE AREA	Shed and shop. H2.
☒ 2. PROCESS LINES / PIPING	Shed and shop. H3.
☐ 3. LABORATORY	H4.
☐ 4. WASTE TREATMENT AREA	H5.

Identify mechanical systems vulnerable to releases / spills due to earthquake-related motion. These systems require immediate isolation and inspection.

VULNERABLE SYSTEMS: (Check all that apply) H6.	LOCATIONS
☒ 1. SHELVES, CABINETS AND RACKS	Shed and shop. H7.
☒ 2. TANKS (EMERGENCY SHUTOFF)	Shed H8.
☒ 3. PORTABLE GAS CYLINDERS	Shop H9.
☒ 4. EMERGENCY SHUTOFF AND/OR UTILITY VALVES	Shed. H10.
☐ 5. SPRINKLER SYSTEMS	H11.
☐ 6. STATIONARY PRESSURIZED CONTAINERS (e.g., Propane dispensing tank)	H12.

I. EMPLOYEE TRAINING

Explanation of Requirement: Employee training is required for all employees handling hazardous materials and hazardous wastes in day-to-day or clean-up operations including volunteers and/or contractors. Training must be:

- Provided within 6 months for new hires;
- Amended as necessary prior to change in process or work assignment;
- Given upon modification to the Emergency Response / Contingency Plan, and updated/refreshed annually for all employees.

Required content includes all of the following:

- Material Safety Data Sheets;
- Hazard communication related to health and safety;
- Methods for safe handling of hazardous substances;
- Fire hazards of materials / processes;
- Conditions likely to worsen emergencies;
- Coordination of emergency response;
- Notification procedures;
- Applicable laws and regulations;
- Communication and alarm systems;
- Personal protective equipment;
- Use of emergency response equipment (e.g. Fire extinguishers, respirators, etc.);
- Decontamination procedures;
- Evacuation procedures;
- Control and containment procedures;
- UST monitoring system equipment and procedures (if applicable).

INDICATE HOW EMPLOYEE TRAINING PROGRAM IS ADMINISTERED (Check all that apply) I1.

☐ 1. FORMAL CLASSROOM; ☐ 2. VIDEOS; ☒ 3. SAFETY / TAILGATE MEETINGS;

☐ 4. STUDY GUIDES / MANUALS (Specify): _____ I2.

☐ 5. OTHER (Specify): _____ I3.

☐ 6. NOT APPLICABLE BECAUSE FACILITY HAS NO EMPLOYEES

Large Quantity Generator (LQG) Training Records: Large quantity hazardous waste generators (i.e., who generate more than 270 gallons/1,000 kilograms of hazardous waste per month) must retain written documentation of employee hazardous waste management training sessions which includes:

- A written outline/agenda of the type and amount of both introductory and continuing training that will be given to persons filling each job position having responsibility for the management of hazardous waste (e.g., labeling, manifesting, compliance with accumulation time limits, etc.).
- The name, job title, and date of training for each hazardous waste management training session given to an employee filling such a job position; and
- A written job description for each of the above job positions that describes job duties and the skills, education, or other qualifications required of personnel assigned to the position.
- Current employee training records must be retained until closure of the facility.
- Former employee training records must be retained at least three years after termination of employment.

FACILITY ID # (Agency Use Only) FA0000021 1		EPA ID # (Hazardous Waste Only) CAD983642786 2
BUSINESS NAME (Same as Facility Name of DBA-Doing Business As) THE MODEL GARAGE INC. 3		
BUSINESS SITE ADDRESS 2920 SHATTUCK AVE 103		
BUSINESS SITE CITY BERKELEY 104	CA	ZIP CODE 94705 105

II. ACTIVITIES DECLARATION

NOTE: If you check YES to any part of this list, please submit the Business Owner/Operator Identification page.

Does your facility…	If Yes, please complete these pages of the UPCF….	
A. HAZARDOUS MATERIALS Have on site (for any purpose) at any one time, hazardous materials at or above 55 gallons for liquids, 500 pounds for solids, or 200 cubic feet for compressed gases (include liquids in ASTs and USTs); or the applicable Federal threshold quantity for an extremely hazardous substance specified in 40 CFR Part 355, Appendix A or B; or handle radiological materials in quantities for which an emergency plan is required pursuant to 10 CFR Parts 30, 40 or 70?	☒ YES	HAZARDOUS MATERIALS INVENTORY – CHEMICAL DESCRIPTION
B. REGULATED SUBSTANCES Have Regulated Substances stored onsite in quantities greater than the threshold quantities established by the California Accidental Release prevention Program (CalARP)?	☐ YES	Coordinate with your local agency responsible for CalARP.
C. UNDERGROUND STORAGE TANKS (USTs) Own or operate underground storage tanks?	☐ YES	UST FACILITY (Formerly SWRCB Form A) UST TANK (one page per tank) (Formerly Form B)
D. ABOVE GROUND PETROLEUM STORAGE Own or operate ASTs above these thresholds: Store greater than 1,320 gallons of petroleum products (new or used) in aboveground tanks or containers.	☐ YES	NO FORM REQUIRED TO CUPAs
E. HAZARDOUS WASTE Generate hazardous waste?	☒ YES	EPA ID NUMBER – provide at the top of this page
Recycle more than 100 kg/month of excluded or exempted recyclable materials (per HSC 25143.2)?	☐ YES	RECYCLABLE MATERIALS REPORT (one per recycler)
Treat hazardous waste on-site?	☐ YES	ON-SITE HAZARDOUS WASTE TREATMENT – FACILITY ON-SITE HAZARDOUS WASTE TREATMENT – UNIT (one page per unit)
Treatment subject to financial assurance requirements (for Permit by Rule and Conditional Authorization)?	☐ YES	CERTIFICATION OF FINANCIAL ASSURANCE
Consolidate hazardous waste generated at a remote site?	☐ YES	REMOTE WASTE / CONSOLIDATION SITE ANNUAL NOTIFICATION
Need to report the closure/removal of a tank that was classified as hazardous waste and cleaned on-site?	☐ YES	HAZARDOUS WASTE TANK CLOSURE CERTIFICATION
Generate in any single calendar month 1,000 kilograms (kg) (2,200 pounds) or more of federal RCRA hazardous waste, or generate in any single calendar month, or accumulate at any time, 1 kg (2.2 pounds) of RCRA acute hazardous waste; or generate or accumulate at any time more than 100 kg (220 pounds) of spill cleanup materials contaminated with RCRA acute hazardous waste.	☐ YES	Obtain federal EPA ID Number, file Biennial Report (EPA Form 8700-13A/B), and satisfy requirements for RCRA Large Quantity Generator.
Household Hazardous Waste (HHW) Collection site?	☐ YES	See CUPA for required forms.

F. LOCAL REQUIREMENTS 15

(You may also be required to provide additional information by your CUPA or local agency.)

CALIFORNIA ENVIRONMENTAL REPORTING SYSTEM (CERS)

CONSOLIDATED EMERGENCY RESPONSE / CONTINGENCY PLAN

Prior to completing this Plan, please refer to the INSTRUCTIONS FOR COMPLETING A CONSOLIDATED CONTINGENCY PLAN

A. FACILITY IDENTIFICATION AND OPERATIONS OVERVIEW

FACILITY ID # 1.	CERS ID A1.	DATE OF PLAN PREPARATION/REVISION A2.
FA0000211		02/13/2013

BUSINESS NAME *(Same as Facility Name or DBA - Doing Business As)* 3.
THE MODEL GARAGE INC.

BUSINESS SITE ADDRESS 103.
2920 SHATTUCK AVE

BUSINESS SITE CITY 104.		ZIP CODE 105.
BERKELEY	CA	94705

TYPE OF BUSINESS (e.g., Painting Contractor) A3.	INCIDENTAL OPERATIONS (e.g., Fleet Maintenance) A4.
Automobile repair	

THIS PLAN COVERS CHEMICAL SPILLS, FIRES, AND EARTHQUAKES INVOLVING: (Check all that apply) A5.
☒ 1. HAZARDOUS MATERIALS; ☒ 2. HAZARDOUS WASTES

B. INTERNAL RESPONSE

INTERNAL FACILITY EMERGENCY RESPONSE WILL OCCUR VIA: (Check all that apply) B1.
☒ 1. CALLING PUBLIC EMERGENCY RESPONDERS (i.e., 9-1-1)
☒ 2. CALLING HAZARDOUS WASTE CONTRACTOR
☒ 3. ACTIVATING IN-HOUSE EMERGENCY RESPONSE TEAM

C. EMERGENCY COMMUNICATIONS, PHONE NUMBERS AND NOTIFICATIONS

Whenever there is an imminent or actual emergency situation such as an explosion, fire, or release, the Emergency Coordinator (or his/her designee when the Emergency Coordinator is on call) shall:
1. Activate internal facility alarms or communications systems, where applicable, to notify all facility personnel.
2. Notify appropriate local authorities (i.e., call 9-1-1).
3. Notify the California Emergency Management Agency at (800) 852-7550.

Before facility operations are resumed in areas of the facility affected by the incident, the emergency coordinator shall notify the California Department of Toxic Substances Control (DTSC), the local Unified Program Agency (UPA), and the local fire department's hazardous materials program that the facility is in compliance with requirements to:
1. Provide for proper storage and disposal of recovered waste, contaminated soil or surface water, or any other material that results from an explosion, fire, or release at the facility; and
2. Ensure that no material that is incompatible with the released material is transferred, stored, or disposed of in areas of the facility affected by the incident until cleanup procedures are completed.

INTERNAL FACILITY EMERGENCY COMMUNICATIONS OR ALARM NOTIFICATION WILL OCCUR VIA: (Check all that apply) C1.

☒ 1. VERBAL WARNINGS;	☐ 2. PUBLIC ADDRESS OR INTERCOM SYSTEM;	☒ 3. TELEPHONE;
☐ 4. PAGERS;	☐ 5. ALARM SYSTEM;	☐ 6. PORTABLE RADIO

NOTIFICATIONS TO NEIGHBORING FACILITIES THAT MAY BE AFFECTED BY AN OFF-SITE RELEASE WILL OCCUR BY: (Check all that apply) C2.

☒ 1. VERBAL WARNINGS;	☐ 2. PUBLIC ADDRESS OR INTERCOM SYSTEM;	☒ 3. TELEPHONE;
☐ 4. PAGERS;	☐ 5. ALARM SYSTEM;	☐ 6. PORTABLE RADIO

EMERGENCY RESPONSE PHONE NUMBERS:

AMBULANCE, FIRE, POLICE AND CHP	9-1-1
CALIFORNIA EMERGENCY MANAGEMENT AGENCY (CAL/EMA)	(800) 852-7550
NATIONAL RESPONSE CENTER (NRC)	(800) 424-8802

D. EMERGENCY CONTAINMENT AND CLEANUP PROCEDURES

SPILL PREVENTION, CONTAINMENT, AND CLEANUP PROCEDURES: (Check all boxes that apply to indicate your procedures for containing spills, releases, fires or explosions; and. preventing and mitigating associated harm to persons, property, and the environment.)

D1.

- ☒ 1. MONITOR FOR LEAKS, RUPTURES, PRESSURE BUILD-UP, ETC.;
- ☐ 2. PROVIDE STRUCTURAL PHYSICAL BARRIERS (e.g., Portable spill containment walls);
- ☐ 3. PROVIDE ABSORBENT PHYSICAL BARRIERS (e.g., Pads, pigs, pillows);
- ☐ 4. COVER OR BLOCK FLOOR AND/ OR STORM DRAINS;
- ☐ 5. BUILT-IN BERM IN WORK / STORAGE AREA;
- ☐ 6. AUTOMATIC FIRE SUPPRESSION SYSTEM;
- ☐ 7. ELIMINATE SOURCES OF IGNITION FOR FLAMMABLE HAZARDS (e.g. Flammable liquids, Propane);
- ☒ 8. STOP PROCESSES AND/OR OPERATIONS;
- ☐ 9. AUTOMATIC / ELECTRONIC EQUIPMENT SHUT-OFF SYSTEM;
- ☒ 10. SHUT-OFF WATER, GAS, ELECTRICAL UTILITIES AS APPROPRIATE;
- ☒ 11. CALL 9-1-1 FOR PUBLIC EMERGENCY RESPONDER ASSISTANCE / MEDICAL AID;
- ☒ 12. NOTIFY AND EVACUATE PERSONS IN ALL THREATENED AREAS;
- ☒ 13. ACCOUNT FOR EVACUATED PERSONS IMMEDIATELY AFTER EVACUATION CALL;
- ☐ 14. PROVIDE PROTECTIVE EQUIPMENT FOR ON-SITE RESPONSE TEAM;
- ☐ 15. REMOVE OR ISOLATE CONTAINERS / AREA AS APPROPRIATE;
- ☒ 16. HIRE LICENSED HAZARDOUS WASTE CONTRACTOR;
- ☒ 17. USE ABSORBENT MATERIAL FOR SPILLS WITH SUBSEQUENT PROPER LABELING, STORAGE, AND HAZARDOUS WASTE DISPOSAL AS APPROPRIATE;
- ☒ 18. SUCTION USING SHOP VACUUM WITH SUBSEQUENT PROPER LABELING, STORAGE, AND HAZARDOUS WASTE DISPOSAL AS APPROPRIATE;
- ☐ 19. WASH / DECONTAMINATE EQUIPMENT W/ CONTAINMENT and DISPOSAL OF EFFLUENT / RINSATE AS HAZARDOUS WASTE;
- ☐ 20. PROVIDE SAFE TEMPORARY STORAGE OF EMERGENCY-GENERATED WASTES;
- ☐ 21. OTHER (Specify):

D2.

E. FACILITY EVACUATION

THE FOLLOWING ALARM SIGNAL(S) WILL BE USED TO BEGIN EVACUATION OF THE FACILITY (CHECK ALL THAT APPLY): E1.

- ☐ 1. BELLS;
- ☐ 2. HORNS/SIRENS;
- ☒ 3. VERBAL (i.e., SHOUTING);
- ☐ 4. OTHER (Specify):

E2.

THE FOLLOWING LOCATION(S) IS/ARE EVACUEE EMERGENCY ASSEMBLY AREA(S) (i.e., Front parking lot, specific street corner, etc.) E3.

Sidewalk by EasyCopy Center.

Note: The Emergency Coordinator must account for all on site employees and/or site visitors after evacuation.

☐ EVACUATION ROUTE MAP(S) POSTED AS REQUIRED E4.

Note: The map(s) must show primary and alternate evacuation routes, emergency exits, and primary and alternate staging areas, and must be prominently posted throughout the facility in locations where it will be visible to employees and visitors.

F. ARRANGEMENTS FOR EMERGENCY SERVICES

Explanation of Requirement: Advance arrangements with local fire and police departments, hospitals, and/or emergency services contractors should be made as appropriate for your facility. You may determine that such arrangements are not necessary.

ADVANCE ARRANGEMENTS FOR LOCAL EMERGENCY SERVICES (Check one of the following) F1.

- ☒ 1. HAVE BEEN DETERMINED NOT NECESSARY; *or*
- ☐ 2. THE FOLLOWING ARRANGEMENTS HAVE BEEN MADE (Specify):

F2.

G. EMERGENCY EQUIPMENT

Check all boxes that apply to list emergency response equipment available at the facility and identify the location(s) where the equipment is kept and the equipment's capability, if applicable. [e.g., ☒ CHEMICAL PROTECTIVE GLOVES | Spill response kit | One time use, Oil & solvent resistant only.]

	35. ☐ OTHER	G70.	G71.

H. EARTHQUAKE VULNERABILITY

Identify areas of the facility that are vulnerable to hazardous materials releases / spills due to earthquake-related motion. These areas require immediate isolation and inspection.

VULNERABLE AREAS: (Check all that apply) H1.	LOCATIONS (e.g., shop, outdoor shed, forensic lab)
☒ 1. HAZARDOUS MATERIALS / WASTE STORAGE AREA	Shed and shop. H2.
☒ 2. PROCESS LINES / PIPING	Shed and shop. H3.
☐ 3. LABORATORY	H4.
☐ 4. WASTE TREATMENT AREA	H5.

Identify mechanical systems vulnerable to releases / spills due to earthquake-related motion. These systems require immediate isolation and inspection.

VULNERABLE SYSTEMS: (Check all that apply) H6.	LOCATIONS
☒ 1. SHELVES, CABINETS AND RACKS	Shed and shop. H7.
☒ 2. TANKS (EMERGENCY SHUTOFF)	Shed H8.
☒ 3. PORTABLE GAS CYLINDERS	Shop H9.
☒ 4. EMERGENCY SHUTOFF AND/OR UTILITY VALVES	Shed. H10.
☐ 5. SPRINKLER SYSTEMS	H11.
☐ 6. STATIONARY PRESSURIZED CONTAINERS (e.g., Propane dispensing tank)	H12.

I. EMPLOYEE TRAINING

Explanation of Requirement: Employee training is required for all employees handling hazardous materials and hazardous wastes in day-to-day or clean-up operations including volunteers and/or contractors. Training must be:

- Provided within 6 months for new hires;
- Amended as necessary prior to change in process or work assignment;
- Given upon modification to the Emergency Response / Contingency Plan, and updated/refreshed annually for all employees.

Required content includes all of the following:

- Material Safety Data Sheets;
- Hazard communication related to health and safety;
- Methods for safe handling of hazardous substances;
- Fire hazards of materials / processes;
- Conditions likely to worsen emergencies;
- Coordination of emergency response;
- Notification procedures;
- Applicable laws and regulations;
- Communication and alarm systems;
- Personal protective equipment;
- Use of emergency response equipment (e.g. Fire extinguishers, respirators, etc.);
- Decontamination procedures;
- Evacuation procedures;
- Control and containment procedures;
- UST monitoring system equipment and procedures (if applicable).

INDICATE HOW EMPLOYEE TRAINING PROGRAM IS ADMINISTERED (Check all that apply) I1.

☐ 1. FORMAL CLASSROOM; ☐ 2. VIDEOS; ☒ 3. SAFETY / TAILGATE MEETINGS;

☐ 4. STUDY GUIDES / MANUALS (Specify): _____ I2.

☐ 5. OTHER (Specify): _____ I3.

☐ 6. NOT APPLICABLE BECAUSE FACILITY HAS NO EMPLOYEES

Large Quantity Generator (LQG) Training Records: Large quantity hazardous waste generators (i.e., who generate more than 270 gallons/1,000 kilograms of hazardous waste per month) must retain written documentation of employee hazardous waste management training sessions which includes:

- A written outline/agenda of the type and amount of both introductory and continuing training that will be given to persons filling each job position having responsibility for the management of hazardous waste (e.g., labeling, manifesting, compliance with accumulation time limits, etc.).
- The name, job title, and date of training for each hazardous waste management training session given to an employee filling such a job position; and
- A written job description for each of the above job positions that describes job duties and the skills, education, or other qualifications required of personnel assigned to the position.
- Current employee training records must be retained until closure of the facility.
- Former employee training records must be retained at least three years after termination of employment.

J. LIST OF ATTACHMENTS

(Check one of the following) J1.

☐ 1. NO ATTACHMENTS ARE REQUIRED; *or*

☐ 2. THE FOLLOWING DOCUMENTS ARE ATTACHED: J2.

Does your facility…	If Yes, please complete these pages of the UPCF….	
A. HAZARDOUS MATERIALS Have on site (for any purpose) at any one time, hazardous materials at or above 55 gallons for liquids, 500 pounds for solids, or 200 cubic feet for compressed gases (include liquids in ASTs and USTs); or the applicable Federal threshold quantity for an extremely hazardous substance specified in 40 CFR Part 355, Appendix A or B; or handle radiological materials in quantities for which an emergency plan is required pursuant to 10 CFR Parts 30, 40 or 70?	☒ YES ☐ NO 4	HAZARDOUS MATERIALS INVENTORY – CHEMICAL DESCRIPTION
B. REGULATED SUBSTANCES Have Regulated Substances stored onsite in quantities greater than the threshold quantities established by the California Accidental Release Prevention Program (CalARP)?	☐ YES ☒ NO 4a	Coordinate with your local agency responsible for CalARP
C. UNDERGROUND STORAGE TANKS (USTs) Own or operate underground storage tanks?	☐ YES ☒ NO 5	UST FACILITY (Formerly SWRCB Form A) UST TANK (one page per tank) (Formerly Form B)
D. ABOVE GROUND PETROLEUM STORAGE Own or operate ASTs above these thresholds: Store greater than 1,320 gallons of petroleum products (new or used) in aboveground tanks or containers.	☐ YES ☒ NO 8	NO FORM REQUIRED TO CUPAs
E. HAZARDOUS WASTE		
1. Generate hazardous waste?	☒ YES ☐ NO 9	EPA ID NUMBER – provide at the top of this page
2. Recycle more than 100 kg/month of excluded or exempted recyclable materials (per HSC 25143.2)?	☐ YES ☒ NO 10	RECYCLABLE MATERIALS REPORT (one per recycler)
3. Treat hazardous waste on site?	☐ YES ☒ NO 11	ONSITE HAZARDOUS WASTE TREATMENT – FACILITY ONSITE HAZARDOUS WASTE TREATMENT – UNIT (one page per unit)
4. Treatment subject to financial assurance requirements (for Permit by Rule and Conditional Authorization)?	☐ YES ☒ NO 12	CERTIFICATION OF FINANCIAL ASSURANCE
5. Consolidate hazardous waste generated at a remote site?	☐ YES ☒ NO 13	REMOTE WASTE / CONSOLIDATION SITE ANNUAL NOTIFICATION
6. Need to report the closure/removal of a tank that was classified as hazardous waste and cleaned onsite?	☐ YES ☒ NO 14	HAZARDOUS WASTE TANK CLOSURE CERTIFICATION
Generate in any single calendar month 1,000 kilograms (kg) (2,200 pounds) or more of federal RCRA hazardous waste, or generate in any single calendar month, or accumulate at any time, 1 kg (2.2 pounds) of RCRA acute hazardous waste; or generate or accumulate at any time more than 100 kg (20 pounds) of spill cleanup materials contaminated with RCRA acute hazardous waste.	☐ YES ☒ NO 14a	Obtain federal EPA ID Number, file Biennial Report (EPA Form 8700-13A/B), and satisfy requirements for RCRA Large Quantity Generator.
Household Hazardous Waste (HHW) Collection site?	☐ YES ☒ NO 14b	See CUPA for required forms.
E. LOCAL REQUIREMENTS		
1. Use or store hazardous materials or hazardous wastes in combined (aggregate) quantities equal to or greater than 55 gallons for liquids, 500 pounds for solids or 200 cubic feet for compressed gases?	☒ YES ☐ NO 15	HAZARDOUS MATERIALS INVENTORY – CHEMICAL DESCRIPTION (OES 2731) OR SPREADSHEET
2. Use or store any quantity of etiological agents, radioactive materials or perchlorate materials?	☐ YES ☒ NO 15	HAZARDOUS MATERIALS INVENTORY – CHEMICAL DESCRIPTION (OES 2731) OR SPREADSHEET
3. Below E.1. thresholds above, but generate any quantity of hazardous waste?	☒ YES ☐ NO 15	HAZARDOUS WASTE GENERATOR REPORTING PACKET
4. Generate any quantity of Universal Waste (mercury containing devices, non-empty aerosols, electronic devices, fluorescent tubes, batteries, dental amalgam wastes, etc.)?	☐ YES ☒ NO 15	SEE THE UNIVERSAL WASTE REPORTING REQUIREMENTS PAGE FOR INSTRUCTIONS
5. Treat any quantity of photochemical waste on-site (x-ray and photo imaging processors)?	☐ YES ☒ NO 15

Emergency Response Plan/Contingency Plan

Page 1 of _____

The following items are elements of a comprehensive emergency response plan/contingency plan that meets state requirements. If your facility has a written plan, or if you are to prepare one, make sure all the elements listed are covered by your plan. Small facilities with simple operations may complete the boxes below to be in compliance with the written emergency plan requirement. Please submit a copy of your written response plan or complete and submit this form.

I. Facility Information

Facility Name: THE MODEL GARAGE, INC.	Phone: 510 540-5899
Address: 2920 SHATTUCK AVENUE	
City: BERKELEY	Zip: 94705

II. Emergency Coordinators

Primary Coordinator	Secondary Coordinator
Name: DONALD WORTH.	Name:
Title: OWNER / VICE PRESIDENT.	Title:
Work Phone: 510 540 5899	Work Phone:
After hours Phone: 510 525-6912	After hours Phone:
Pager: 510 517 6313	Pager:

III. Emergency Telephone Numbers and Arrangements

The emergency coordinator shall immediately notify the following whenever a release, fire, or explosion threatens human health or the environment:

Agency	Phone
Fire Department	911
California Emergency Management Agency	(916) 845-8911
City of Berkeley Toxics Management Division	(510) 981-7460 or 911
Hospital/Medical Center (if injuries)	
EBMUD Waste Water Treatment Facility (if to sewer)	(510) 287-1651
Hazardous Waste Contractor (if clean up needed)	
Bay Area Air Quality Management District	(800) 334-6367
Other agencies:	

Arrangements: (Please check one box)

☒ We have no formalized written agreements with any emergency response agency or contractor.

☐ We have formalized written agreements with _____

Telephone: _____ for emergency response.

IV. Earthquake Response

Identify the areas and/or mechanical equipment or other systems that could require immediate inspection or isolation because of their vulnerability to earthquake related ground motion.

Areas/equipment identified to be inspected immediately after an earthquake:	HAZARDOUS MATERIAL STORAGE TANKS (COOLANT, WASTE OIL, NEW MOTOR OIL), STORAGE SHED, AUTOMOBILE LIFTS, INDIVIDUAL MECHANIC WORKSTATIONS.

Emergency Response Plan/Contingency Plan

VI. Evacuation Information:

Evacuation Announcement	☐ Bell ☐ PA System Other _____ ☐ Horn ☒ Shouting
Evacuation Route	☐ Map Other X
Assembly Area	Location: SOUTH OF SHOP, IN FRONT of COPY STORE
Re-entry Procedures	

VII. Emergency Procedures:

Emergency Coordinator Responsibilities:

1. Whenever there is an imminent or actual emergency situation such as a explosion, fire, or release, the emergency coordinator *(or his/her designee when the emergency coordinator is on call)* shall:
   a. Identify the character, exact source, amount, and aerial extent of any released hazardous materials.
   b. Assess possible hazards to human health or the environment that may result from the explosion, fire, or release. This assessment must consider both direct and indirect effects *(e.g. the effects of any toxic, irritating, or asphyxiating gases that are generated, the effects of any hazardous surface water run-off from water or chemical agents used to control fire, etc.)*.
   c. Activate internal facility alarms or communications systems, where applicable, to notify all facility personnel.
   d. Notify appropriate local authorities *(i.e., call 911)*.
   e. Notify the State Office of Emergency Services at 1-800-852-7550.
   f. Monitor for leaks, pressure build-up, gas generation, or ruptures in valves, pipes, or other equipment shut down in response to the incident.
   g. Take all reasonable measures necessary to ensure that fires, explosions, and releases do not occur, recur, or spread to other hazardous materials at the facility.

2. Before facility operations are resumed in areas of the facility affected by the incident, the emergency coordinator shall:
   a. Provide for proper storage and disposal of recovered waste, contaminated soil or surface water, or any other material that results from a explosion, fire, or release at the facility.
   b. Ensure that no material that is incompatible with the released material is transferred, stored, or disposed of in areas of the facility affected by the incident until cleanup procedures are completed.
   c. Ensure that all emergency equipment is cleaned, fit for its intended use, and available for use.
   d. Notify the Cal/EPA's Department of Toxic Substances Control and the City of Berkeley Toxics Management Division that the facility is in compliance with requirements 2-a and 2-b, above.

Special site specific procedures:

Emergency	Response Action
Hazardous Material & Hazardous Waste Spills/Releases:	OIL/COOLANT: ABSORB WITH RAGS FIRST, SWEEP RESIDUE AWAY WITH MINIMAL AMOUNTS of GREASE SWEEP.
Fire	VOICE WARNING, USE of EXTINGUISHERS WHEN POSSIBLE AND APPROPRIATE. CALL 911 if FIRE IS UNCONTROLABLE
Explosion	EVACUATE, MEET AT PREDETERMINED MEETING PLACE. CALL 911 if APPROPRIATE.
Earthquake	EVACUATE BUILDING. MEET AT PREDETERMINED LOCATION.
Other	

Employee Training Plan

1. Scope

This plan is designed to provide employees with training on hazardous materials and hazardous waste that will satisfy the requirements of the California Health and Safety Code Chapter 6.95 and Chapter 6.5.

Facility Name:	THE MODEL GARAGE, INC.
Address:	2920 SHATTUCK AVENUE
Main Activity:	MAINTENANCE + REPAIR of AUTOMOBILES.
Building or Areas where hazardous materials/wastes are found:	SIDE SHED, AREA IMMEDIATELY OUTSIDE of SOUTH-WESTERN ROLL-DOWN DOOR. VARIOUS LOCATIONS THROUGHOUT THE SHOP.

2. Responsibilities

The following persons are responsible for ensuring that this Training Plan is implemented:

Name/Title	Training Responsibility
DONALD WORTH.	OUTLINING/IDENTIFYING TRAINING GOALS/OBJECTIVES
MORGAN WORTH.	HANDS-ON TRAINING/DEMONSTRATION

3. Employees/New Employees

New employees are trained during orientation, before starting on a job? ☒ YES ☐ NO

New employees who handle hazardous waste are trained in hazardous waste management within six months of hire date? ☒ YES ☐ NO

4. New Assignments or Changes in Operations

In the event of new assignments or of changes in operation, affected employees are trained before the new assignment or the change in operation takes place. ☒ YES ☐ NO

5. Refresher Training

Refresher training will be provided MONTHLY (how often). The method used will be: *(check all that apply)*

- ☐ Outside classes
- ☐ In-house classes provided by contractor
- ☒ Safety meetings
- ☐ In-house classes conducted by in-house trainers

6. Training Topics

The following table indicates the training topics covered for this facility, as indicated with a ☑. Other documentation on these training topics is maintained and are available to the inspector upon request.

All employees are trained to do the following procedures, as appropriate:	
☒	1. Initiate, activate, or recognize internal alarms and other emergency announcements.
☒	2. Notify internal or on-site emergency responders listed in the emergency response/contingency plan.
☒	3. Notify agencies listed in the emergency/contingency plan.
☒	4. Locate and review contents of written emergency response/contingency plan.
☒	5. Initiate, conduct, or follow evacuation procedures as described in the emergency response/contingency plan.
Hazardous materials/waste handlers are additionally trained in the following subjects:	
☒	1. Safe methods for handling and storage of hazardous materials and hazardous waste.
☒	2. Locations and proper use of personal protective equipment.
☒	3. Locations and proper use of fire and spill control equipment.
☒	4. Specific hazards of each chemical or waste to which they may be exposed, including the pathways of exposure (i.e. skin absorption, inhalation, ingestion).
☒	5. Follow emergency procedures for chemical/waste spills, earthquake, fire, and/or medical emergencies as described in the emergency response/contingency plan.
☒	6. Hazardous waste handlers/managers are also trained in all aspects of hazardous waste management specific to their job duties (e.g. accumulation time, storage period, labels, inspection of containers and storage areas, uniform hazardous waste manifests, etc.)

7. Emergency Response Team

This facility has a formally organized Emergency Response Team. ☐ YES ☒ NO

Emergency Response Team members are additionally trained for the following activities:	
☐	1. Personnel rescue procedures.
☐	2. Shutdown of operations.
☐	3. Liaison with emergency response agencies.
☐	4. Use, maintenance, and replacement of emergency response equipment.
☐	5. Emergency response drills are conducted, at least *(specify frequency)* [ ] times a year.
☐	6. Refresher training is provided, at least annually.

8. Recordkeeping

Employee training and other records are maintained at the facility. These include the following:

☑	1. Record of training for each employee (date and duration of training, subject matter covered, instructor, etc.).
☑	2. Training records of current and former employees. (For current employees, records are to be retained until closure of the facility. For former employees, training records are to be retained for at least 3 years after termination of employment.
☑	3. Description of introductory and continuing training programs for each employee classification.
☑	4. Current emergency response, contingency, and/or spill response plan (for underground or aboveground tanks).
☑	5. Description and documentation of emergency response drills.
☐	6. Record of reportable/recordable accidental releases of hazardous material/waste.
☑	7. Record of inspections of hazardous material/waste storage areas.
☐	8. Record of daily inspection of hazardous waste tanks.
☐	9. Inspection procedures for identified earthquake-sensitive areas and systems in the facility.

Note: The above list does not necessarily include every type of record required to be maintained by your facility.

Training records are maintained in the following location: OFFICE FILING CABINET LABELED "HAZARDOUS WASTE".

Zoning Project Application

Land Use / Zoning

Planning and Development

All new uses, structures, and modifications to structures in the City of Berkeley are required to be in conformance with the Zoning Ordinance.

Information on different types of permits can be found at the links below.

Re: SB 330 Application for 2274 Shattuck Avenue (PLN2022-0072)

Dear Ms. Gong:

Hanson Bridgett LLP represents the applicant, 2274 Shattuck QOZB LLC, in connection with the above application (the "Project"), which proposes to develop 227 residential units with access on Shattuck Avenue and Bancroft Way, and 865 square feet of commercial space fronting on Shattuck Avenue. The application is submitted pursuant to the Housing Accountability Act, and it includes a request for a 50% density bonus pursuant to State Density Bonus Law (as implemented by the City's municipal code and administrative guidelines), by proposing 23 units onsite – i.e., 15% of the base units – that will be affordable to very-low income households. This letter provide a brief update on recent case law to assist the City in processing the application.

The Project has been designed to comply with all of the applicable objective standards under the C-DMU zone, while largely complying with the standards under the Downtown Area Plan and Design Guidelines (2012). As a matter of law, however, the Downtown Area Plan and Design Guidelines are highly subjective; few, if any of those policies meet the criteria for being deemed "objective" development standards under the Housing Accountability Act. "A standard is subjective, rather than objective, if it 'cannot be applied without personal interpretation or subjective judgment.'" (*Bankers Hill 150 v. City of San Diego* (2022) 74 Cal.App.5th 755, 778 [citing *California Renters Legal Advoc. & Educ. Fund v. City of San Mateo* (2021) 68 Cal.App.5th 820].) The City's C-DMU zoning provisions therefore constitute the primary set of objective development standards applicable to the proposed Project.

Under State Density Bonus Law, waivers of development standards cannot be used to deem a project inconsistent with the objective standards applicable to the Project site. (*Bankers Hill 150, supra*, 74 Cal.App.5th 755 [citing *Wollmer v. City of Berkeley* (2011) 193 Cal.App.4th 1329].) While the applicant team encourages the City to make appropriate findings that the proposed Project is consistent with the core, albeit subjective policies in the Downtown Area Plan and Design Guidelines, those findings should be secondary to the findings regarding the Project's compatibility with the objective standards in the C-DMU zone, as modified or waived by the density bonus application. (See, e.g., *Bankers Hill 150, supra,* at 776-83.)

Lastly, State Density Bonus Law carries the presumption that any proposed waivers and concessions are needed to facilitate the proposed density and provision of onsite affordable units. State Density Bonus Law imposes no requirement to supply financial backup to support the grant of cost-reduction incentives and concessions, or waivers of development standards. (*Schreiber v. City of Los Angeles* (2021) 69 Cal.App.5th 549.)

Thank you for considering the above, recent judicial interpretations of the Housing Accountability Act and State Density Bonus Law. We look forward to the City deeming the application complete and initiating further review of the Project.

Sincerely,

Hanson Bridgett LLP

Robin R. Baral
Senior Counsel

Client

APPLICANT STATEMENT / WAIVER REQUEST

The proposed project is designed to carry out the vision of the Downtown Area Plan by providing 227 residential units of urgently needed housing in downtown Berkeley, in close proximity to BART and public transit. The project addresses the City's housing and affordability needs by providing 23 units that will be affordable to very-low income households, while also contributing towards the City's Affordable Housing Mitigation Fee. The residential units are diverse in size, ranging from studios to four-bedroom units.

The Project Includes a Density Bonus Application

The project is only feasible due to the scale of development that is allowed under state density bonus law, as implemented by the Berkeley Municipal Code (Chapter 23.330), and the City's administrative policies. The proposed density is therefore critical to ensure that the project remains financially feasible through construction and occupancy.

As detailed in the Density Bonus Eligibility Statement and plan sheets, the project will include 23 units onsite that will be affordable to very-low income households. Under state density bonus law, this amounts to 15% of the base project units, which yields a 50% density bonus, and the project is eligible for unlimited reductions or waivers of development standards in connection with building height, width, setbacks, open space, parking ratios, and up to three concessions to facilitate construction of both the base and bonus units.

Proposed Waivers and Concessions

The following waivers or modifications of developments standards are necessary to develop the project as proposed:

- Exceed the maximum building height limit of 75 feet to approximately 183 feet and 17 stories (BMC § 23.204.130.E.1);
- Reduce the setbacks on the interior side and rear of the building from the required 15 feet, and exceed the maximum building width above 120 feet, beyond 120 feet (BMC § 23.204.130.E.3);
- Reduce the usable open-space requirement from 80 sq. ft/unit (BMC § 23.204.130.E.4); and
- Reduce the long-term residential bicycle parking ratio from 1 space per 3 bedrooms (BMC § 23.322.090.A.2).

The applicant reserves three eligible concessions pending further processing of the project.

The Project is Subject to The Housing Accountability Act (HAA) and SB 330

The Project is Subject to City Policies in Effect as of November 29, 2022

The project is a "housing development project" pursuant to the Housing Accountability Act (Gov. Code § 65589.5), as amended by the Housing Crisis Act of 2019 (SB 330) and other state housing laws (collectively, the "HAA"), as it consists of a mixed-use development with more than two-thirds of the square footage designated for residential use. (Gov. Code § 65589.5(h)(1).) Pursuant to SB 330, the applicant submitted a preliminary application (Gov. Code § 65941.1) on November 29, 2022, for the project, thereby securing vested rights for the project. The City confirmed by letter dated December 9, 2022, that the project meets the definition of a "housing

development project." The current full development application includes minor revisions that fall within the scope of allowable revisions under the HAA, thus the project remains subject to the early vesting protections and "shall be subject only to the ordinances, policies, and standards adopted and in effect" when the preliminary application was submitted. (Gov. Code § 65589.5(o).)

The Project is Consistent with all Applicable Objective Standards

The project complies with all applicable, objective standards of the City's general plan, zoning, and subdivision standards and criteria, including design review standards in effect at the time that the SB 330 preliminary application was submitted. As such, the project is entitled to additional protections under the HAA that prohibit the City from denying the project or conditioning it to be developed at a lower density, subject to exceptions not applicable here. (Gov. Code § 65589.5(j)(1)-(4).)

The HAA defines "objective" standards as provisions "involving no personal or subjective judgment by a public official" and as such, must be "uniformly verifiable by reference to an external and uniform benchmark or criterion available and knowable by both the development applicant or proponent and the public official." (Gov. Code § 65589.5(h)(8).)

As noted above, the project will implement state density bonus law. The HAA clearly provides that "a density bonus, incentive, concession, waiver, or reduction of development standards pursuant to [state density bonus law] shall not constitute a valid basis on which to find a proposed housing development project is inconsistent, not in compliance, or not in conformity, with an applicable plan, program, policy, ordinance, standard, requirement, or other similar provision." (Gov. Code § 65589.5(j)(3).) The project is therefore consistent with the objective standards in the C-DMU zone, as applicable given that some of the development standards are proposed to be waived pursuant to state density bonus law.

More specifically, under the HAA and state density bonus law, the policies contained in the Downtown Area Plan and Design Guidelines are inapplicable to the project if they conflict with the proposed waivers related to building height, setbacks, open space, and other development standards and concessions needed to facilitate the inclusion of onsite affordable and density bonus units, or if they involve subjective judgment by a public official as defined in the HAA. Subjective standards contained in the Downtown Area Plan and Design Guidelines, such as those related to visual character, are therefore superseded by the HAA in connection with the project.

Summary of Inapplicable or Waived Submittal Requirements

The following provisions the City's zoning application are not applicable to the project:

Section 3

A. Story Pole Plan – not required; the project site is not in the Hillside (H) zone.

B. Arborist Report – not required; no Coast Live Oak trees will be affected by the project.

C. Parking Survey – not required; pursuant to City Ordinance 7787-NS there are no offsite parking requirements applicable to the project, therefore no waiver of off-street parking is requested that would necessitate a parking survey. (BMC § 23.322.070)

Section 4

While environmental review submittals are ordinarily required after the application is deemed complete, the following submittals should not be required for this project:

D. Geotechnical and Seismic Hazard Investigation; not required. The project site is not located in a landslide or liquefaction zone shown on the City's Environmental Constraints Map or the City's GIS Zoning Summary for the project site.

E. Transportation Impact Study; not required. The project does not require a VMT analysis or offsite parking analysis. In November 2020, the City Council adopted a new general plan policy, consistent with state law SB 743, which establishes vehicle miles traveled (VMT) as the metric for analyzing transportation impacts of a plan or project. The City also adopted a VMT screening methodology, which provides that VMT analysis is not required for projects in a Transit Priority Area, i.e., within 1/2 mile of BART, which this project satisfies. In addition, while the VMT screening methodology provides limited exceptions that preclude VMT screening in Transit Priority Areas; none of those exceptions apply in this case.

F. State General Construction Permit; not required. The project will not disturb one acre or more of soil (or less than one acre as part of a larger development plan that disturbs one acre or more).

Section 5

D. Area of Potential Effects Statement; not required. The project is not seeking federal funds, either directly or through the City's Housing Trust Fund

Section 7

C. Zoning Use Questionnaire; not required. No tenant or operator has been selected for the new commercial space.

D. Home Occupation Questionnaire; not required. No home occupations are proposed.

INFORMATION & SUBMITTAL CHECKLIST CITY OF BERKELEY **LAND USE PLANNING**

ZONING PROJECT APPLICATION SUBMITTAL REQUIREMENTS

The Zoning Project Submittal Requirements packet describes all of the materials required to submit a complete Zoning Project Application to the Planning and Development Department, Land Use Division. Section 1 is a checklist of materials required for all projects. Sections 2-7 is a checklist of materials that may be required based on the project type or location.

Each submittal requirement on the checklist is described further in this packet, starting on page 3. Each description identifies whether an item is required, and indicates how to prepare each document, drawing, material, and/or report. Hyperlinked forms and instructions are also online under Land Use at **https://berkeleyca.gov/construction-development/permits-design-parameters/permit-types/permit-forms**.

Pages 1—2 of this packet must be completed and submitted with the Zoning Project Application. Staff will verify that the minimum submittal requirements have been included with your package during the application screening and submittal. Applications that are missing the materials will not be accepted for review.

All documents, reports and plans must be provided in digital format, unless requested in hard copy. See the **Guide to Submitting a Zoning Project Application** for digital plans and document standards.

☑ SECTION 1 - REQUIRED FOR ALL PROJECTS

A. **Completed Application**
   1. **Zoning Project Application Form**
   2. **Completed Copy of This Zoning Project Submittal Requirements Checklist (Pages 1-2)**

B. **Applicant Statement/Waiver Request**

C. **Payment of Application Fees**

D. **Hazardous Waste and Substance Statement**

E. **Tabulation Form**

F. **Pre-Application Yellow Poster**

G. **Pre-Application Neighborhood Contact**

☑ SECTION 2 - REQUIRED FOR ALL DEVELOPMENT PROJECTS INVOLVING NEW STRUCTURES, ADDITIONS, DEMOLITIONS, OR EXTERIOR ALTERATIONS

ZONING PROJECT APPLICATION SUBMITTAL REQUIREMENTS

SECTION 1 - REQUIRED FOR ALL PROJECTS	
☑	A. **Zoning Project Application Packet** 1. **Zoning Project Application Form** 2. **Zoning Project Submittal Requirements** (Pages 1 and 2 of this document)
☑	B. **Applicant Statement/Request to Waive a Submittal Requirement** **Submit** a written statement (in a separate document) that briefly describes the proposed project and how it satisfies the findings required by the Zoning Ordinance, as well as any request to waive a submittal requirement. For applications to modify a prior permit, **submit** the following information 1. Describe the proposed changes from the approved project 2. Clearly list and describe all changes from the approved project and the basis for the change
☐ To be paid after intake	C. **Payment of Land Use Planning Application Fees** **Submit** required fees to the cashier in the Permit Service Center or pay through the **Online Permit Portal**. Review of your application will not begin until the fees are paid in full. If supplemental technical studies are required, a Peer Review deposit will be required (e.g., Traffic Impact Analysis, Geotechnical Report, Arborist Report).
☑	D. **Hazardous Waste and Substances Statement** **Required for all projects**, pursuant to **Government Code Section 65928**.
☑	E. **Tabulation Form** **Required for all projects.** **Submit** the form as a separate document, completely filling out each column, using the applicable development standards of the Zoning Ordinance as a guide.
☑	F. **Pre-Application Yellow Poster** **Required for all Projects** **Install** the poster prior to submittal, and submit color photos that clearly show the poster installed at the front of the site and that clearly show the sign content. **Yellow Poster Instructions** **Small Project Sample Poster and fillable PDF template** **Large Project Sample Poster and fillable PDF template** (Large poster required for projects that include three or more stories, State Density Bonus, Floor Area Ratio greater than 2.0, or more than 10,000 square feet gross floor area.)

INFORMATION & SUBMITTAL CHECKLIST CITY OF BERKELEY **LAND USE PLANNING**

ZONING PROJECT APPLICATION SUBMITTAL REQUIREMENTS

SECTION 1 - REQUIRED FOR ALL PROJECTS

☑

G. **Pre-Application Neighborhood Contact and Outreach Instructions**

Required for the following projects:

- ☐ All **projects located in a Residential District,** and all **non-residential projects that abut a Residential District are required to** contact all abutting and confronting residential occupants and residential property owners to advise them of the proposed development prior to submitting a zoning project application.
- ☐ All **projects of community or neighborhood interest,** which consist of the following:
  - i. Any project in a Residential District that would create 6 or more bedrooms on a parcel within ½ mile of the UC Campus (or the area confined by Grant Avenue on the west, Derby Street on the south, and Rose Street on the north), or
  - ii. Any project in a Non-Residential District that includes three or more stories, State Density Bonus, Floor Area Ratio greater than 2.0, or more than 10,000 square feet gross floor area.
  - iii. **Are required to** contact all property owners, residents, and neighborhood organizations within 300 feet of the project site to advise them of the proposed development.
- ☐ **All residential projects that propose to alter an existing dwelling unit or eliminate a dwelling unit that is subject to the Rent Ordinance** (BMC Chapter 13.76) through demolition, including elimination of a dwelling unit through conversion, **are required to** provide all sitting tenants notice of the application no later than the date the application is submitted to the City.

ZONING PROJECT APPLICATION SUBMITTAL REQUIREMENTS

SECTION 2 - REQUIRED FOR ALL DEVELOPMENT PROJECTS INVOLVING NEW STRUCTURES, ADDITIONS, DEMOLITIONS, OR EXTERIOR ALTERATIONS

☑ **Plans – General Requirements**

1. **All plans must be fully dimensioned, and include:**
   - ❑ Name of person preparing plans (licensed architect required for certain projects, see Item 3 below)
   - ❑ Dates of preparation and revision
   - ❑ Project address
   - ❑ Graphic scale (see Item 2 below for minimum scales)
   - ❑ North arrow
   - ❑ Legend describing all symbols and notations
   - ❑ Building Code construction and occupancy types.

   For applications to modify a prior permit, the plans must clearly show the approved and modified project, and you must "cloud" all changes from the approved project.

2. **Electronic Plans Requirements:**
   See the **Zoning Project Application Guide to Submitting** for digital plans and document standards.

   Note that these plans are often released to the public on paper no larger than 8½" x 11", and that you must format your plans so that all images and text are legible at this size.

   Hard copy plan sets may be required by the project planner, if necessary to facilitate project review.

   Design Review Committee, Landmarks Preservation Commission, and Use Permit applications only, 12 copies of 11" x 17" or 12" x 18" plan sets must be submitted at least two weeks prior to the public meeting or hearing.

3. **Architect or Engineer Required for Certain Projects**
   Plans that require preparation by a licensed California architect or engineer under the California Architects Practice Act (Business and Professions Code Sections **5537** and **6737**) shall bear the architect or engineer's stamp and signature on each sheet. **This requirement may be waived for projects involving only minor alterations or repairs; consult with a planner. For further information, visit www.cab.ca.gov**

4. **Change of Use**
   Applications that ***only*** propose to **change the type of activity or use** occurring within the building must submit the following site-related information:

   ❑ **Site Plan** showing the following:

   a. Property lines and lot dimensions
   b. Existing and proposed building footprint(s), dimensions, setbacks (required, existing and proposed), and projections such as eaves, balconies and bays. Show all buildings , including garages, sheds, etc.
   c. Driveways and parking spaces with dimensions, location of handicapped parking spaces, bicycle racks, and security gates.

   ❑ **Floor Plans** showing the following:

   d. All floors, including mezzanines, basements, and attics
   e. Use of all rooms (existing and proposed), per the California Building Code
   f. For buildings with multiple commercial tenant spaces, label the use of each tenant space within the subject building.

Note: *For changes to existing buildings, provide separate plans for existing and proposed conditions, or if changes are limited, used dashed lines for demolished features and solid lines for new features.*

INFORMATION & SUBMITTAL CHECKLIST CITY OF BERKELEY **LAND USE PLANNING**

ZONING PROJECT APPLICATION SUBMITTAL REQUIREMENTS

SECTION 2 - REQUIRED FOR ALL DEVELOPMENT PROJECTS INVOLVING NEW STRUCTURES, ADDITIONS, DEMOLITIONS, OR EXTERIOR ALTERATIONS

☑ A. **Site Plan**

Required for all projects

The Site Plan must show the following:

- ❑ Property lines and lot dimensions
- ❑ Existing and proposed building footprint(s) (dimensioned), setbacks (required, existing and proposed), and projections such as eaves, balconies, and bays. Show all accessory structures, such as garages, sheds, etc.
- ❑ Delineation of proposed additions, if any, with shading, hatching or another appropriate method
- ❑ Any portions of neighboring buildings within 20 feet of property lines, including the building-to-building separation (measured in feet)
- ❑ Pathway(s) from the residential structure to the public right of way
- ❑ Driveways and parking spaces with dimensions, location of ADA spaces, and security gates
- ❑ Trash/solid waste storage area
- ❑ Bicycle racks (short-term bicycle parking) subject to the **Berkeley Bicycle Plan – Appendix F – Facility Design Toolbox**
- ❑ Utility meters / boxes / equipment for all wet and dry utilities – including above-ground and under-ground, in conformance with utility company standards, including on the site and in the public right of way (subject to approval by the Public Works Department).
- ❑ Decks, patios, hot tubs, and all unenclosed accessory structures

Note: The City of Berkeley **Community GIS Portal** is an online resource indicating site features and characteristics listed above, which are required to be shown on the Site Plan

☑ B. **Landscape and Usable Open Space Plan**

Required for all projects

The Landscape Plan must show the following:

- ❑ Fully dimension all areas that qualify as existing and proposed Usable Open Space, in compliance with the applicable zoning district development standard and **BMC Section 23.304.090**; and
- ❑ Any existing landscaping to remain and to be removed
- ❑ All proposed landscaping, including all existing and proposed trees, including street trees (indicate species, trunk diameter, drip line), hedge rows, and ground cover
- ❑ All paved areas and surface treatments
- ❑ Fences and retaining walls (materials and height)
- ❑ Significant natural features such as creeks (indicate banks or culvert outline), and prominent landforms.

☑ C. **Lot Coverage Diagram and Calculations**

Required for all residential projects (or the residential portion of a mixed-use project).

- ❑ **Submit** the Lot Coverage Diagram and calculations, using the Site Plan as a base map, which must show the fully dimensioned diagrams to depict existing and proposed lot coverage in compliance with the applicable zoning district development standard and **BMC Section 23.106.020**.

☑ D. **Floor Plans**

Required for all projects.

The Floor Plan (s) must show the following:

- ❑ All floors, including mezzanines, basements, and attics
- ❑ Trash room pursuant to Public Works Department requirements
- ❑ Long-Term Bicycle parking, showing location of lockers or racks suitable for secure locks and subject to the **Berkeley Bicycle Plan – Appendix F – Facility Design Toolbox**
- ❑ Use of all rooms (existing and proposed), per the California Building Code
- ❑ For changes to existing buildings, provide separate plans for existing and proposed conditions, or if changes are limited, use dashed lines for demolished features and solid lines for new features.

ZONING PROJECT APPLICATION SUBMITTAL REQUIREMENTS

SECTION 2 - REQUIRED FOR ALL DEVELOPMENT PROJECTS INVOLVING NEW STRUCTURES, ADDITIONS, DEMOLITIONS, OR EXTERIOR ALTERATIONS

☑ E. **Building Elevations**

Required for all projects.

The Elevations must show the following:

- ❑ All exterior features and openings, including finishes and materials
- ❑ Existing and proposed building height (as defined in BMC Sections 23.106.090), see Instructions linked below), finished floor elevations, and existing and finished grades (within five feet of the building).
- ❑ Adjacent features such as fences, landscaping, and other buildings and property lines.
- ❑ For changes to existing buildings, provide separate elevations for existing and proposed conditions, or if changes are limited, used dashed lines for demolished features and solid lines for new features.

Height Instructions –Average Building Height*
(Residential districts, except R-S and R-SMU)

Height Instructions –Maximum Building Height*
(Hillside Overlay, R-S, R-SMU, Commercial, and Manufacturing districts)

*In the Hillside Overlay ("H"), both average and maximum building height apply.

☑ F. **Street Strip Elevation**

Required for any new main buildings.

Submit a street elevation exhibit showing existing conditions on the parcel and the proposed project in elevation view; include at least two (2) parcels on either side of the subject parcel on a single sheet. Minimum scale is 1/8" = 1'.

☑ G. **Section Drawings**

Required for the following projects:

- ❑ **New main buildings in the "H" District.**
- ❑ **Additions exceeding 14 feet in average height in the "H" District.**

Submit drawings that show adjacent uphill or downhill buildings where views may be affected. Minimum scale is 1/8" = 1'. Show existing and proposed finished grades.

☑ H. **Boundary and/or Topography Survey**

Required for the following projects:

- ❑ **Any new main building.**
- ❑ **Expansions of a building footprint or the creation of accessory building/structures less than two feet from, or within, a required setback.**

Submit a survey meeting the following requirements:

1. Wet-stamped, signed by a licensed CA surveyor or appropriately licensed civil engineer
2. Minimum scale of 1/10" = 1'
3. All property lines, curb and sidewalk, spot elevations, existing structures, building dimensions, and setbacks to all property lines
4. For projects in the "H" District, survey must be no more than five years old and must show contour lines with minimum 5-foot intervals.

❑ N/A I. **Conceptual Grading Plan**

Required for projects with more than 50 cubic yards of cut and/or fill.

Submit a grading plan meeting the following requirements:

1. Prepared by a licensed surveyor, architect or engineer
2. Estimated quantities and locations of cut and fill
3. Existing and final elevations

INFORMATION & SUBMITTAL CHECKLIST CITY OF BERKELEY **LAND USE PLANNING**

ZONING PROJECT APPLICATION SUBMITTAL REQUIREMENTS

SECTION 3 - SUPPORTING DOCUMENTS, STUDIES, GRAPHICS, AND DEPICTIONS

☑ A. **Site Photographs**

Required for all projects

Submit one set of exterior photos, that meet the following requirements:

1. Use captions or a key indicating the location (perspective) of each photo.
2. Provide an adequate number of photos to show entire project site and all adjacent buildings for context. Where possible, take wide-angle shots showing project site and adjacent buildings together.

☑ B. **Shadow Study**

Required for the following projects:

- ❑ **Buildings exceeding 14 feet in average height, located in or adjacent to a residential (R) district (excluding ADUs)**
- ❑ **Additions exceeding 14 feet in average height on sites adjacent to a residential use**
- ❑ **Projects in either the C-T or C-DMU District, requiring a Use Permit to increase the maximum building height/number of stories**

Shadow Study Instructions

❑ N/A C. **Story Pole Plan**

Required for the following projects:

- ❑ **New main buildings exceeding 14 feet in average height in the "H" District (excluding ADUs)**
- ❑ **Additions exceeding 14 feet in average height in the "H" District**

Story Pole Instructions

❑ N/A D. **Arborist Report**

Required for projects involving any construction activity (including excavation, trenching, demolition, paving, storage of materials, and parking of vehicles) within the drip line of a Coast Live Oak (quercus agrifolia) tree with a circumference of at least 18 inches at 4 feet above the ground (or at least 26 inches aggregate circumference for a multi-stemmed tree).

Submit

1. A report by a certified arborist assessing the project's impacts on the affected tree(s) (tree may be located either on- or off-site) and recommending preservation measures both during and after construction, as applicable.
2. Deposit of $460 for the first two hours of peer review of report (additional funds may be required for more complicated projects or site visits)

Tree Protection Instructions

Coast Live Oak Tree Ordinance

❑ N/A E. **Structural Evaluation**

Required for any project that is not a demolition, but is removing between 25 and 49 percent of a main building's exterior wall and between 25 and 49 percent of a main building's roof framing (including in-kind replacement of existing framing), in order to confirm the feasibility of retaining the remaining portions of any wall and roof.

A Structural Evaluation is not required for projects requesting a Use Permit for demolition.

Submit a demolition diagram that indicates the percentage of each wall and roof that is proposed to be replaced or removed, as well as a report by an independent, fully credentialed structural engineer that evaluates whether, in the operator's opinion, retention of structural elements not proposed for removal is actually feasible.

❑ N/A F. **Parking Survey**

Required for projects requesting a waiver of any required off-street vehicular parking spaces pursuant to the Zoning Ordinance, located in a Commercial or Manufacturing District (C, M, MM, or MU) .

Parking Survey Instructions

SECTION 3 - SUPPORTING DOCUMENTS, STUDIES, GRAPHICS, AND DEPICTIONS

☐ N/A

G. **Transportation Demand Management (TDM) and Bicycle Parking Supplemental Application**

Required projects creating five or more new dwelling units or Group Living Accommodation rooms

TDM required for projects creating 10 or more dwelling units outside of the C-DMU. (Not required for projects where 50 percent of total units are affordable, ADUs, projects located in ES-R, or projects on properties in the Hillside overlay on narrow streets 26-feet wide or less.)

Bicycle parking required for projects creating five or more new dwelling units and/or Group Living Accommodation rooms.

TDM and Bicycle Parking Process Overview

TDM Program and Bicycle Parking Supplemental Application

☑

H. **Photo Simulations**

Required for a project creating any of the following:

- ☐ Wireless telecommunications projects
- ☐ A "Large Scale Development Project," which consists of project located in a non-residential district that proposes **any** of the following:
  - Density Bonus under Section 65919 of California State Law,
  - Three or more stories in height,
  - Floor Area Ratio more than 2.00, or
  - 10,000 square feet or more of gross floor area.

Photo Simulation Instructions

☑

I. **Public Art Declaration**

Required for any of the following projects:

- ☐ **A new commercial or industrial building**
- ☐ **A project that creates five or more dwelling units**
- ☐ **An addition of more than 10,000 square feet to any commercial or industrial building**

Public Art Allocation Declaration form

SECTION 4 - ENVIRONMENTAL REVIEW

❑ N/A

A. **Creek Protection Documentation**

Required for any project within 40 feet of the centerline of an open creek, and/or within 25 feet of a culverted creek, that is protected by the Creeks Ordinance

Creek Protection Instructions

Note: *Applies even if a protected creek or culvert has not yet been identified by the City.*

❑

B. **Historic Resource Evaluation**

Required for:

- ❑ **Demolition of a non-residential building 40 or more years old, subject to referral to the Landmarks Preservation Commission in accordance with BMC Section 23.326**
- ❑ **Demolition/Substantial Change of any building 40 or more years old subject to environmental review pursuant to CEQA**

Submit: State of California Department of Parks and Recreation **(DPR) 523 forms**. Evaluation(s) to include references to development history documentation (including but not limited to photographs, building permits, Sanborn maps, and directory listings); completed by a qualified historian, architectural historian or historic architect. Provide supplemental information in accordance with the Landmarks Preservation Ordinance criteria (**BMC Section 3.24.110**).

The Environmental Review Officer may waive this requirement for residential addition and alteration proposals after determining that the project complies with preservation standards and environmental practices OR that qualified sources other than an HRE can provide the relevant information.

California guidelines (Instructions for Recording Historical Features)

❑ N/A

C. **Geotechnical and Seismic Hazard Investigation**

Required for all development projects intended for human occupancy located in a State-designated Seismic Hazard Zone, as defined by the California Seismic Hazards Mapping Act and Alquist-Priolo Earthquake Fault Zoning Act, as shown on the State's Environmental Constraints Map.

Exemptions:

For projects located in any State-designated Seismic Hazard Zone (PRC 2693, i.e. liquefaction, landslide, and earthquake shaking):

- ❑ Single-family wood-frame or steel-frame dwellings to be built on parcels of land for which geologic reports have been approved pursuant to an approved subdivision map;
- ❑ A single-family wood-frame or steel-frame dwelling not exceeding two stories when that dwelling is not part of a development of four or more dwellings; or
- ❑ Alterations or additions to any structure within a seismic hazard zone which do not exceed either 50 percent of the value of the structure or 50 percent of the existing floor area of the structure.

If located in the Alquist-Priolo Fault Zone (PRC 2621.6 and 2621.7):

- ❑ Single-family wood-frame or steel-frame dwellings to be built on parcels of land for which geologic reports have been approved pursuant to an approved subdivision map;
- ❑ A single-family wood-frame or steel-frame dwelling not exceeding two stories when that dwelling is not part of a development of four or more dwellings; and
- ❑ Alterations or additions to any structure if the value of the alteration or addition does not exceed 50 percent of the value of the structure; or
- ❑ Conversion of an existing apartment complex into a condominium.

Submit the following:

1. Geotechnical report satisfying the California Building Code and requirements of **Special Publication 117A** (for landslide and liquefaction zones) and/or **California Geological Survey Note 49** (for fault zones); and
2. Deposit of $1,500 for peer review of report (additional funds may be required for more complicated projects.

ZONING PROJECT APPLICATION SUBMITTAL REQUIREMENTS

SECTION 4 - ENVIRONMENTAL REVIEW	
☑	D. **Phase I or II Site Assessment** **Required** for any project that includes the following: ☐ **Substantial excavation in non-residential zoning districts** ☐ **A site with a history of soil and/or groundwater contamination (see the Hazardous Waste and Substances Statement)** ☑ **A site within an Environmental Management Area (see Community GIS Portal)** **Contact** the Toxics Management Division (510) 981-7460 for more information.
☐ N/A	E. **Transportation Impact Study** **Required** for projects that do not meet at least one of the City's screening criteria for determining if detailed VMT or vehicular parking analysis is necessary. **Consult** with the Transportation Division for a copy of the screening criteria and thresholds at (510) 981-7010
☐ N/A	F. **State General Construction Permit** **Required** for projects disturbing one acre or more of soil (or less than one acre if part of a larger development plan that disturbs one acre or more). **Submit** a copy of the Notice of Intent (NOI) submitted for the State General Construction Permit, and Storm Water Pollution Prevention Plan (SWPPP) prior to building permit issuance. **Construction Stormwater General Permits**
☑	G. **Stormwater Requirements Checklist** **Required** for projects creating or replacing 2,500 square feet or more of impervious surface, including single-family dwellings. Includes new buildings, additions, and alterations to existing roofs that affect drainage; does not include maintenance/re-surfacing of existing impervious surfaces.

ZONING PROJECT APPLICATION SUBMITTAL REQUIREMENTS

SECTION 5 - REQUIRED FOR PROJECTS SUBJECT TO AFFORDABLE HOUSING REQUIREMENTS

☑ A. **Housing Affordability Statement**

Required for a project creating any of the following:

- ❑ Five or more new dwelling units and/or five or more live/work units
- ❑ New dwelling units and/or live/work units on lots whose size and zoning designation is such to allow construction of five or more dwelling units (R-2, R-2A, and MU-R Districts)
- ❑ One to four new dwelling units and/or five or more live/work units, which are added to an existing one to four-unit property developed after August 14, 1986, and the resulting number of units totals five or more
- ❑ Additional condominium units, resulting in five or more condominium units converted and/or created after August 14, 1986 on the site

Submit a written statement describing the following:

1. How the project complies with the Inclusionary Housing Ordinance
2. Level of affordability that will be provided and/or amount of in lieu fee that will be paid
3. Number and location of any affordable units provided
4. Size and amenities (bedrooms, bathrooms, parking facilities) of any affordable units

☑ B. **Anti-Discrimination Housing Policies**

Required for a project creating any of the following:

- ❑ Five or more new dwelling units and/or five or more live/work units
- ❑ New dwelling units and/or live/work units on lots whose size and zoning designation is such to allow construction of five or more dwelling units
- ❑ One to four (new dwelling units and/or five or more live/work units, which are added to an existing one to four-unit property developed after August 14, 1986, and the resulting number of units totals five or more
- ❑ Additional condominium units, resulting in five or more condominium units converted and/or created after August 14, 1986 on the site

Submit a written statement answering the following questions and provide the requested documentation, if applicable:

- Does the applicant or sponsor, including the applicant or sponsor's parent company, subsidiary, or any other business or entity with an ownership share of at least 30 percent of the applicant's company, engage in the business of developing real estate, owning properties, or leasing or selling individual dwelling units in states or jurisdictions outside of California?
- If the answer to (1) is yes, which?
- If the answer to (1) is yes, does the applicant or sponsor, as defined in (1), have policies in individual states that prohibit discrimination based on sexual orientation, gender identity, and/or gender expression in the sale, lease, or financing of any dwelling units enforced on every property in the state or states where the applicant or sponsor has an ownership or financial interest?
- If the answer to (1) is yes, does the applicant or sponsor, as defined in (1), have a national policy that prohibits discrimination based on sexual orientation and gender identity in the sale, lease, or financing of any dwelling units enforced on every property in the United States where the applicant or sponsor has an ownership or financial interest in property?
- If the answer to (3) or (4) is yes, please provide a copy of that policy or policies as part of this application.

The Land Use Division will not accept an application as complete unless the applicant provides a response to this section. The processing of and recommendations or determinations made by the Land Use Division regarding an application will be unaffected by the applicant's response to this section.

ZONING PROJECT APPLICATION SUBMITTAL REQUIREMENTS

SECTION 5 - REQUIRED FOR PROJECTS SUBJECT TO AFFORDABLE HOUSING REQUIREMENTS

☑

C. **Density Bonus Eligibility Statement**

Required for projects requesting a density bonus pursuant to **Government Code Section 65915**.

Submit the following information

1. A written statement that includes the following information:
   a. Number of "base project" units
   b. Number and percent of affordable units and level of affordability
   c. Percent density bonus requested and allowed pursuant to **Government Code Section 65915**
   d. Waivers or modifications of development standards necessary to physically accommodate "density bonus" units (e.g., increased height or FAR, reduced setbacks or parking, etc.)
   e. Explanation of why each waiver or modification is needed to accommodate "density bonus" units
   f. If the project is requesting an incentive or concession, describe each incentive or concession being requested in addition to (or instead of) waivers or modifications necessary to accommodate density bonus
2. **Plans showing a "base project" that complies with all applicable Zoning Ordinance requirements.** For staff to effectively review your density bonus project, a combination of diagrams, compliance tables and calculation tables must be included in the project plan set:
   a. Base Project and Proposed Project diagrams, per floor
   b. Base Project and Proposed Project development standards compliance tables
   c. Residential floor area calculations and diagrams (per floor; can be combined with Base Project and Proposed Project diagrams)
   d. Maximum allowable residential density calculation table
   e. Usable open space and lot coverage diagrams and calculations
   f. Base Project, Density Bonus, and Proposed Project residential floor area table

Your project planner can provide examples of preferred diagram and table formats.

State Density Bonus - Procedures

State Density Bonus - Objective Standards/Housing Accountability Memo - Dated 08/2021

☐ N/A

D. **Area of Potential Effects (APE) Statement**

Required for projects seeking federal funds (either directly or through the **City of Berkeley Housing Trust Fund**).

Submit a statement identifying the project's "Area of Potential Effects" as defined in federal regulations (**36 CFR Part 800**). Contact the Housing Department at (510) 981-5400 for more information and requirements.

ZONING PROJECT APPLICATION SUBMITTAL REQUIREMENTS

SECTION 6 - LANDSCAPE AND GREEN BUILDING REQUIREMENTS

☑ A. **WELO Landscape Requirements**

Required for projects with either:

- ❑ 500 square feet or more of new, or
- ❑ 2,500 square feet or more of renovated irrigated area.

These projects must comply with water efficient landscaping as specified in the **Model Water Efficient Landscape Ordinance (MWELO)** and **East Bay Municipal Utility District (EBMUD) Water Efficiency Review: Section 31 Regulations and MWELO Compliance**, and all applicable measures in the **Bay Friendly Basics checklist**.

Submit WELO-compliant landscape documentation including a planting, grading, and irrigation plan. Water budget calculations are also required for landscapes of 2,500 square feet or more. The reference evapotranspiration rate (ETo) for Berkeley is 41.8.

See Green Building requirements.

❑ B. **Natural Gas Prohibition, Berkeley Energy Code, and Berkeley Green Code**

Required for newly constructed buildings (buildings that have never before been used or occupied for any purpose).

Submit the following:

1. **A statement that the building will not include any natural gas infrastructure in compliance with BMC Chapter 12.**80, or documentation to support an application for an exception or public interest exemption to the Natural Gas Prohibition if the conditions of BMC Section 12.80.040A.1 or 12.80.050 are met.
2. **A statement, and corresponding features on plans, that the proposed project is designed to comply with the Berkeley Energy Code (BMC Chapter 19.**36) and Berkeley Green Code (BMC Chapter 19.37), adopted by City Council on December 3rd, 2019, including solar PV system, electric vehicle charging, and low-carbon concrete requirements. Building design must incorporate all-electric systems unless an exception or public interest exemption to the Natural Gas Prohibition is granted. Electric readiness and increased energy efficiency is required for any mixed-fuel building.

Note: Carefully consider the Building Code prior to submitting a Use Permit application. Per the standard Conditions of Approval for all development projects, only the Zoning Adjustments Board may approve a modification to the use or structure for which the Permit is issued, except that the Zoning Officer may approve changes that do not expand, intensify, or substantially change the use or building.

Changes in the plans for the construction of a building or structure, may be modified prior to the completion of construction, in accordance with **BMC Section 23.404**. The Zoning Officer may approve changes to plans approved by the Board, consistent with the Board's policy adopted on May 24, 1978, which reduce the size of the project.

See Green Building requirements.

☑ C. **Green Building Requirements**

Required for newly constructed buildings and additions of more than 20,000 square feet for projects located in the Downtown area (Commercial-Downtown Mixed-Use District, generally bounded by MLK Jr. Way to the west, Dwight Way to the south, Oxford Street to the east, and Hearst Avenue to the north).

Submit a completed **LEED Checklist / Scorecard** (typically for commercial projects), showing that the proposed project is on track for LEED Gold certification or above, or a completed **GreenPoint Rated (GPR) Checklist** (for residential and most mixed-use projects), showing that the proposed project is on track for GPR Silver certification or above.

See **Green Building requirements**.

Neighborhood Meeting Notes (Online)

2274 Shattuck
Berkeley, CA 94703
April 25, 2023

Attendance List (with names, addresses and email addresses as provided by attendees):

Trachtenberg Architects
- Isaiah Stackhouse (IS)
- David Trachtenberg
- Andy Pittman

Panoramic Interests
- JP Walsh (JP)

Neighbors
- Anastasia Rose Ellis, ellisanastasia@gmail.com
- Aja De Coudreaux, adecoudreaux@smuinballet.org
- Garrett Murphy, gsmurphy15@msn.com
- Robert Andrews, rfandrews@hotmail.com
- Donna West, dwestsfo@gmail.com
- Siddika, soulmusic11@aol.com
- Dan Ondrasek, danondrasek@gmail.com
- Betsy Stern
- Laura Linden
- Greg King
- Jaxon Zeng

Meeting Notes:

- **Siddika**
  - Lives in Berkeley Park Apartments
  - Downtown residents have born the brunt of a lot of residential development
  - Is anyone from the city in the meeting
    - IS: No, but there will be future city meetings you can attend with city officials
  - There seems to be no affordable rents in the city, especially new developments
  - Proposed project is too tall and blocks views of the bay, and Bacnroft is too narrow for such a large building
  - New buildings are not bringing retail, most remain empty

- **Rose A Ellis**
  - Part of “Save the historic UA theater group” with over 500 members
  - Concerned with historic building, want entire building to be saved included auditoriums

- Want to support housing but open to more meetings to discuss options to save the building

- **Robert Andrews**
  - Glad existing Shattuck façade will be kept
  - Downtown residents have endured 3 years of constant construction. What is length of construction?
    - IS – 2 years of construction after 1+ year of approvals
  - 17 stories doesn't make sense, typical existing buildings are 5 stories and newer buildings are 8 stories
    - IS – The site is zoned for 17 stories based on local and state ordinances
  - Bancroft is a small street, where will students be parking? Concerned about noise and quality of life downtown
  - Feels new buildings along Shattuck are monotonous, wants to see more interesting architecture (a la Freddy Mamani)

- **Dan Ondrasek**
  - Also a member of Save Historic UA Theater group
  - What is the status of the approval process?
    - IS – Very early, have not submitted zoning app yet, likely in 2-3 weeks, and then another year or more of review period
  - Stressed importance of historic theater and want it to be preserved. Auditorium is most magical part of the building, would like to see turned back into performing arts theater
    - JP – Understand importance, want to preserve lobby as much as possible. A movie theater use is not viable in downtown Berkeley, even when given free rent. It is very expensive to retrofit existing buildings to meet current code standards for earthquakes.
  - Existing building is steel and concrete, would think minimal retrofit is needed
  - Is developer open to land swap? Or air rights for housing above theater if it can be kept?
    - JP – Open to discussions but financial reality might limit options
  - What is the process for public hearings and public notification? What is the format?
    - IS – City notifies residents within certain radius. Building will also have yellow signs posted that will be labeled with noticing information. Public should be notified 2 weeks before hearings and can contact city planner assigned to the project. Hearings are hybrid, in person and online.

- **Aja De Cordreaux**
  - What will the rent prices be?
    - JP – If building were to open today, rent for a studio would be $2,300 - $2,500, which is below current market, affordability is important to Panoramic. Of 227 units, 23 will be very low income
    - Aja - $2,300 rent for a studio is not affordable
  - Wants to preserve theater, see it become a community space for events like the Paramount or Fox

- **Betsy Stern**
  - 4th generation Berkeleian
  - Understand there are cost / funding concerns to run a performing arts theater. Would they be open to other sources of income?
  - Want to preserve culture of the arts

- **Laura Linden**
  - Is the Austin Group involved? [No]
  - Do you need full city approval before demolition can begin? Will there be a hearing before city council?
    - IS – Yes, need zoning approvals and building and demolition permits. The zoning application must be appealed for a project to go to city council. There will be 3-6 month until the first city hearing.

2274 Shattuck Ave.
Neighborhood Meeting

You are invited to the discussion
Tuesday, April 25th, 2023 from 5:00 PM - 6:00 PM

Join us for a virtual meeting

To join by computer, visit **zoom.us/join** and enter the meeting ID below.

To join by phone, dial **(1) 669-900-6833** and enter the meeting ID below.

Meeting ID: 837 9212 3056

Dear Neighbors,
You are cordially invited to preview plans for a new multi-family building proposed for 2274 Shattuck Ave. The project proposes 17 stories and 227 dwelling units, with ground floor lobbies and commercial space.

The project team is preparing to submit a zoning application to the City of Berkeley.

The project is a development of Panoramic Interests and is in the process of being designed by Trachtenberg Architects.

Please join us on Zoom on Tuesday, April 25th, from 5pm to 6pm by computer or by phone.

We look forward to meeting with you.

San Francisco, California 94103

RE: Phase I Environmental Site Assessment Report
2274 Shattuck Avenue, Berkeley, California 94704
Project Number: 6967-013.00

Dear Mr. Thomas,

ACC has performed a Phase I Environmental Site Assessment (ESA) in general conformance with the scope and limitations of ASTM practice E1527-13 and the All Appropriate Inquiry Final Rule 40 CFR Part 312 for the property identified as 2274 Shattuck Avenue, Berkeley, California 94704 (Subject Property). This Phase I ESA was requested by Panoramic Interests (Client). This purpose of this Phase I ESA was to assess the Subject Property for Recognized Environmental Conditions as defined by the ASTM E 1527-13 Standard. This Phase I ESA additionally incorporates procedures as prescribed in the new ASTM E1527-21 Standard.

This Phase I ESA has not identified evidence of a Recognized Environmental Condition, as discussed in the Executive Summary and the report narrative.

Thank you for choosing ACC to perform this Phase I ESA. If you have any questions regarding this report please contact (213) 353-1240 x 505 or kjohnston@accenv.com.

Sincerely,

Kyle Johnston
Staff Geologist

EXECUTIVE SUMMARY

On behalf of Panoramic Interests (Client), ACC Environmental Consultants, Inc. (ACC) performed a Phase I ESA in general conformance with the scope and limitations of the ASTM E1527-13 Standard and the All Appropriate Inquiry Final Rule 40 CFR Part 312 for the property identified as 2274 Shattuck Avenue, Berkeley, California 94704 (Subject Property). This Phase I ESA additionally incorporates procedures as prescribed in the new ASTM E1527-21 Standard. Exceptions to, or deletions from, this practice are described in Section 1.4.

The earliest record reviewed during this assessment was an 1894 Sanborn map depicting the Subject Property as developed with two residential dwellings on the eastern (2240 Shattuck Avenue) and western (2033 Bancroft Way) portions. The Subject Property remained in this configuration until at least 1903.

By 1911, a residential dwelling was developed on the northern portion (2035 Bancroft Way). The eastern portion of the Subject Property was redeveloped as part of a mixed-use residential and commercial building (2274 Shattuck Avenue). The Subject Property remained in this configuration until at least 1929.

Historical occupants of 2274 Shattuck Avenue during this time include: post office (1911) and Donogh's Dry Goods and Department Store (1925 to 1928).

In 1932, the Subject Property was developed with the existing commercial theater building (2274 Shattuck Avenue). The Subject Property building was originally constructed as one auditorium combination stage theater and movie house. Renovations occurred over the years to partition the building into seven theaters. Historical occupants include: United Artists Theatre (1932 to Present), and Regal Cinemas (2006 to Present).

According to regulatory database review, an underground storage tank (UST) is currently located at the west adjoining property (2031 Bancroft Way) and associated with the Berkeley Public Library. Based on the down-gradient location, routine agency inspections, and no evidence of a documented release the current adjoining UST is considered a de minimis condition.

According to historical references reviewed, the east adjacent property (2283 Shattuck Avenue) was historically occupied by steam laundries from at least 1903 to 1911 and dry cleaning facilities in 1943 and 1945. Based on the age of the dry cleaning facilities, location across Shattuck Avenue, and no evidence of a documented release, the historical occupancy of an up gradient dry cleaner is considered a de minimis condition.

This assessment has not revealed evidence of a Recognized Environmental Condition (REC) at the Subject Property.

Non-Scope Considerations: Based on the age of the buildings, ACC recommends an asbestos-containing building materials (ACBM) survey and a lead-based paint (LBP) survey if building materials are to be demolished or disturbed.

Common ACBMs include flooring and associated adhesive; baseboard and baseboard adhesive; carpet adhesive; leveling compound; drywall, joint and/or texturing compounds; ceiling tiles; roofing felts; roof patching compounds; and mechanical/boiler system insulation. Federal regulations require that potential ACBMs be sampled and analyzed for the presence of asbestos prior to any renovation or demolition activities that disturb such materials (40 CFR Part 61).

1.0 INTRODUCTION

On behalf of Panoramic Interests (Client), ACC Environmental Consultants, Inc. (ACC) performed a Phase I Environmental Site Assessment (ESA) of the property identified as 2274 Shattuck Avenue, Berkeley, California 94704 (Subject Property).

1.1 Purpose

This purpose of this Phase I ESA was to assess the Subject Property for recognized environmental conditions (RECs), which are defined by the ASTM E1527-13 Standard as the presence or likely presence of any hazardous substances or petroleum products in, on, or at a property: (1) due to release to the environment; (2) under conditions indicative of a release to the environment; or (3) under conditions that pose a material threat of a future release to the environment.

1.2 Scope of Services

ACC conducted the following:

- A search of regulatory records and files for the Subject Property, neighboring properties, and nearby sites of environmental concern to assess whether any adverse environmental conditions have impacted, or has the potential to impact the Subject Property.
- A review of historical sources including historical aerial photographs, historical topographic maps, historic city directories and historical fire insurance maps.
- A review of physical setting sources including the USGS 7.5 minute topographic maps, as well as geology, hydrogeology, and soil maps of the Subject Site and vicinity, as deemed appropriate.
- A review of the current title report for the Subject Property (if provided by the Client), and copies of all previous environmental site investigations performed at the property (if applicable and available).
- A site reconnaissance to visually assess the potential for RECs in connection with the Subject Property.
- Interviews of regulatory agencies and available persons familiar with the Subject Property.

1.3 Limitations

A Phase I ESA cannot wholly eliminate uncertainty regarding the potential for RECs in connection with a property. Performance of this Phase I ESA is intended to reduce uncertainty regarding the potential for RECs in connection with the Subject Property within reasonable limitations of time and cost. There is a point at which the cost of information obtained or the time frame required to gather it outweighs the usefulness of the information and, in fact, may be a material detriment to the orderly completion of real estate transactions.

Conducting a Phase I ESA alone does not provide a landowner with CERCLA liability protection. Landowners who want to qualify as bona fide prospective purchasers or contiguous property owner must comply with all of the statutory requirements identified in CERCLA Section 107(r) and 107(q). Continuing obligations must be satisfied to maintain liability protection under CERCLA for innocent landowners, bona fide prospective purchasers, and contiguous property owners. Continuing obligations start on the date that a landowner acquires title to a property. The landowner must: 1) comply with land use restrictions and institutional controls; 2) take "reasonable" steps with respect to hazardous substances releases; 3) provide full cooperation, assistance and access to persons that are authorized to conduct response actions or natural resource restoration; 4) comply with information requests and administrative subpoenas; and 5) provide all legally required notices.

The site reconnaissance was limited to a visual observation of the Subject Property. ACC shall not be responsible for areas covered by parked vehicles, overgrown vegetation, and/or other obstacles (heavy furniture, trash bins, miscellaneous stored items, etc.) preventing access or visual observation at the time of the site reconnaissance. Per the ASTM E1527-13 and E1527-21 Standards it is not necessary to look under floors, above ceilings, on rooftops, or behind walls

As is the case with any investigation of limited scope, site conditions may vary from those observed and witnessed on the date of the site reconnaissance. The possibility of the discovery of the presence of hazardous substances that are not anticipated and/or were neither witnessed nor identified on the date of the site reconnaissance cannot be completely eliminated. ACC cannot offer any form of warranty and/or guarantee that the Subject Property does not contain hazardous substances and/or conditions per the results of performing this Phase I ESA. Because regulatory criteria change over time, potential concentrations of contaminants presently considered not significant may in the future fall under more stringent regulatory standards that require remediation.

Based on ASTM standard E 2600-10 *Standard Guide for Vapor Encroachment Screening on Property Involved in Real Estate Transactions*, the minimum search distance for potential vapor intrusion by a release of petroleum products is 528 feet (1/10 mile) and the minimum search distance for potential vapor intrusion by other chemicals is 1,760 feet (1/3 mile).

1.4 Project-Specific Limitations and/or Deviations

This assessment did not include any testing or sampling of materials, including soil, water, soil vapor, air or building materials. ACC did not evaluate the purchase price for the Subject Property.

1.5 Significant Assumptions

No significant assumptions were made during this Phase I ESA. ACC assumes that verbal and written information provided to ACC during this Phase I ESA process and included in this report is factual.

1.6 User Reliance

This report may be relied upon Panoramic Interests. Reliance upon this report by additional parties is unauthorized unless expressed written consent is obtained from Panoramic Interests and ACC.

2.0 SITE DESCRIPTION

The Subject Property consists of one parcel of land located on the west side of Shattuck Avenue between Kittredge Street and Bancroft Way in the City of Berkeley, California (Figures 1 through 3). The total area of the Subject Property is approximately 0.54 acres per the Alameda County Assessor. The following addresses have been found to be associated with the Subject Property: 2274 Shattuck Avenue.

The Subject Property, (Assessor's Parcel Number (APN): 57-2028-3), is accessible from Shattuck Avenue to the east and Bancroft Way to the south and is currently developed with a commercial movie theatre building operated by United Artists Theatres/Regal Cinemas. The surrounding area is developed as residential and commercial use.

Utilities including electricity and gas are provided by Pacific Gas and Electric. Water and sewer service are provided by East Bay Municipal Utility District (EBMUD).

3.0 USER PROVIDED INFORMATION

ACC contacted the Client via a user questionnaire with regard to environmental liens, activity and use limitations, specialized knowledge of environmental conditions, and commonly known or reasonably ascertainable information. The environmental questionnaire was not returned to ACC prior to issuance of this report. A copy of the questionnaire is available in Appendix A.

3.1 Title Report

A Title Report was not provided to ACC.

3.2 Environmental Liens or Activity and Use Limitations (AULs)

The User stated no environmental liens or AULs currently exist in connection with the Subject Property.

3.3 Specialized Knowledge

The Client is completing the Phase I ESA as due diligence.

3.4 Commonly Known or Reasonably Ascertainable Information

Any commonly known or reasonably ascertainable information available to ACC has been incorporated into this report.

3.5 Valuation Reduction for Environmental Issues

ACC did not evaluate the purchase price for the Subject Property.

3.6 Owner, Property Manager, and Occupant Information

The current owner of the Subject Property was not provided to ACC.

3.7 Previous Environmental Reports

ACC reviewed the following previous environmental reports:

- *Phase I Environmental Site Assessment (ESA)*, 2274 Shattuck Avenue, Berkeley, CA, prepared by Eckland Consultants, Inc. (ECI) and dated April 20, 1995; and
- *Phase I ESA - Update*, 2274 Shattuck Avenue, Berkeley, CA, prepared by ECI and dated August 29, 1996

At the time of the reports, the Subject Property was occupied by United Artists - Berkeley Cinema 7. The reports stated the building was originally constructed as one auditorium combination stage theater and movie house in 1932. Renovations occurred over the years to partition the building into seven theaters. No Recognized Environmental Conditions or other environmental concerns were identified.

4.0 RECORDS REVIEW

ACC contracted Environmental Data Resources, Inc. (EDR) to research available environmental records and historical data for the Subject Property based on the ASTM E1527-13 and E1527-21 Standards. A complete list of searched records and databases, as well as search distances, is attached as Appendix B. The search distances provided by EDR are in accordance with the ASTM E1527-13 and E1527-21 Standards AAI guidelines.

The database search by EDR revealed 70 mapped sites within a one-eighth mile radius of the Subject Property. The Subject Property and nearby properties of potential concern are discussed below.

4.1 Summary of EDR Records for Subject Property

Name: United Artists Theatre/United Artists Berkeley 7 Theatre

Address: 2274 Shattuck Avenue
Discussion: The Subject Property is listed on the Haznet, CERS, HWTS, and FINDS databases. According to the Haznet listing, in 2017, approximately 0.46 tons of asbestos containing waste was disposed of from the property via landfill. Based on the lack of evidence of a documented release and proper waste disposal, these listings are not expected to represent a significant environmental concern or vapor encroachment condition.

4.2 Adjacent and Nearby Properties of Potential Concern

Name: City of Berkeley Central Library
Address: 2031 Bancroft Way
Discussion: The west adjoining property (hydrologically down-gradient) to the Subject Property is listed on the UST, CERS Tanks, and CERS databases. According to the CERS Tanks listing, the property currently operates an underground storage tank. Violations noted during inspections from 2013 to 2021 included failure to install or maintain a liquid-tight spill container, failure to maintain secondary containment, and paperwork violations. Annual UST monitoring and system certifications from 2015, 2016, 2017, 2019, 2020, 2021 indicated that the UST passed inspection. Based on the lack of evidence of a documented release, routine agency inspections, and down-gradient location, these listings are not expected to represent a de minimis condition.

Name: CVS Pharmacy #3026
Address: 2300 Shattuck Avenue
Discussion: The property located approximately 60 feet southeast (hydrologically cross-gradient) to the Subject Property is listed on the CERS HazWaste, Haznet, CERS, HWTS, and RCRA-LQG database. According to the RCRA-LQG database, CVS Pharmacy #3026 was classified as a large quantity hazardous waste generator in at least 2018. According to the Haznet listing, from 2011 to 2012, between 0.001 and 0.06 tons of unspecified solvent mixture, photochemical waste, aqueous solution containing reactive anions, pharmaceutical waste, liquids with pH less then 2. Unspecified aqueous solution, other inorganic solids, and detergent waste chemicals was disposed of from the property via storage, bulking, and off-site transfer, neutralization, chemical reduction, fuel blending, and energy recovery. Based on the lack of evidence of a documented release, down-gradient location, and proper waste disposal, these listings are not expected to represent a significant environmental concern or vapor encroachment condition to the Subject Property.

Name: 2105 Bancroft Fee Owner CA LLC
Address: 2105 Bancroft Way
Discussion: The property located approximately 255 feet southeast (hydrologically up/cross-gradient) to the Subject Property is listed on the RCRA NonGen/NLR database. According to the database listing, 2105 Bancroft Fee Owner LLC is classified as a non-generator who does not presently generate hazardous waste in at least 2018. Based on the lack of evidence of a documented release and cross-gradient location this listing is not expected to represent a significant environmental concern or vapor encroachment condition to the Subject Property.

Name: Pacific Bell Safety/Pacific Bell
Address: 2116 Bancroft Way
Discussion: The property located approximately 330 feet southeast (hydrologically cross-gradient) to the Subject Property is listed on the UST, RCRA-LQG, LUST, Sweeps UST, Hist UST, CA Fid UST, FINDS, ECHO, Cortese, EMI, Haznet, Hist Cortese, CERS, and HWTS databases. According to the LUST listing and online Geotracker database, an unauthorized release of diesel fuel impacting soil was discovered during the removal of a 7,500-gallon diesel UST in December 1985. Only one soil confirmation sample was collected and analyzed for diesel only. TPH-d was not detected at elevated concentrations. In addition, one approximately 1,000-gallon UST expected to formerly contain heating oil was reportedly closed in place sometime in 1985. No samples were collected from the vicinity of the 1,000-gallon UST. The CRWQCB issued a case closure letter on June 25, 1999. Based on case closure under regulatory oversight, cross-gradient location, and distance, this former release is not expected to represent a significant environmental concern or vapor encroachment condition to the Subject Property.

Name: AT&T California –Q2002
Address: 2116 Bancroft Way
Discussion: The property located approximately 330 feet southeast (hydrologically cross-gradient) to the Subject Property is listed on the UST, CERS Haz Waste, CERS, and CERS Tanks databases. The site is listed as currently operating an 8000-gallon underground storage tank. Inspection records were listed between 2014 and 2021. Minor violations were noted in 2018. Based on cross-gradient location, distance, and routine agency inspections, these listings are not expected to represent a significant environmental concern or vapor encroachment condition to the Subject Property.

Name: 2176 Kittredge LLC/2176 Kittredge Owner LLC
Address: 2176 Kittredge Street
Discussion: The property located approximately 400 feet east (hydrologically up/cross-gradient) to the Subject Property is listed on the RCRA NonGen/NLR database. According to the database listing, 2176 Kittredge LLC/2716 Kittredge Owner LLC was classified as a non-generator who does not presently generate hazardous waste in at least 2020 and 2021. Based on the lack of evidence of a documented release and cross-gradient location this listing is not expected to represent a significant environmental concern or vapor encroachment condition to the Subject Property.

Name: Berkeley Touchless Carwash/Berkeley Touchless Chevron/Automotive City
Address: 2176 Kittredge Street
Discussion: The property located approximately 400 feet east (hydrologically up/cross-gradient) to the Subject Property is listed on the UST, LUST, Sweeps UST, CA Fid UST, Cortese, CERS, and Hist UST databases. According to the Hist UST database, five single-wall steel USTs: three 10,000-gallon gasoline USTs, one 8,000-gallon gasoline UST, and one 8,000-gallon diesel UST were installed at the site in 1971. The USTs were tested for integrity and retrofitted with interior linings and the piping and dispenser system was upgraded in 1995. In addition, the 8000-gallon USTS were reportedly used for waste oil storage. According to the LUST listing and online

Geotracker database, a request for additional soil and groundwater investigation was sent in 1994 following an initial subsurface investigation. Additional investigation did not commence until 2008. Additional investigations occurred through 2021 and six groundwater monitoring wells and six soil gas wells were installed on-site. The USTs were removed in January 2021 along with secondary source removal of approximately 940 tons of impacted soil. An additional 500-gallon waste oil UST was removed in February 2021. A groundwater sampling event in March 2021 detected MTBE up to maximum concentrations of 28,000 micrograms per liter (µg/L) resulting in the installation of deeper groundwater monitoring wells. From March 22 to April 7, 2021 approximately 26,440 pounds of sodium persulfate and approximately 4415 gallons of NaOH were injected into groundwater for remedial efforts. Post-remedial groundwater sampling detected significantly reduced MTBE concentrations in several monitoring wells. A Source Removal and CAP Implementation Report from October 2021 noted that MTBE concentrations in downgradient wells rebounded in August 2021. It was expected that this was caused by seasonal groundwater elevation fluctuation and variability. The down-gradient MTBE impact was expected to attenuate with time, especially with significant source reduction from remedial injections and excavation activities. According to the most recent groundwater monitoring event from February 2022, the closest monitoring well to the Subject Property (MW-6), located across Shattuck Avenue to the east, did not detect elevated concentrations of contaminants of concern with the exception of TPH-g which was detected at 3,100 µg/L. This elevated level of TPH-g is anticipated to be attributed to an off-site source and is not expected to be originating from Berkeley Touchless Carwash site. The case remains open as of April 2021. Based on on-going regulatory oversight, distance, cross-gradient location, and lack of contaminants originating from the source detected in the monitoring well closest to the Subject Property, this current release is not expected to represent a significant environmental concern or vapor encroachment condition to the Subject Property.

Name: Shim Inc
Address: 2176 Kittredge Street
Discussion: The property located approximately 400 feet east (hydrologically cross-gradient) to the Subject Property is listed on the EDR Hist Auto database. According to the database listing, Fourbes Inc, Automotive City Service, and Shim Inc operated a gasoline service station and general auto repair shop from at least 1978 to 2014. For additional discussion of the service station refer to the "Berkeley Touchless Carwash" write-up.

Name: Staples The Office Superstore East Inc Store 1458
Address: 2352 Shattuck Avenue
Discussion: The property located approximately 400 feet south (hydrologically down-gradient) to the Subject Property is listed on the RCRA NonGen/NLR database. According to the database listing, Staples The Office Superstore East Inc Store 1458 was classified as a non-generator who does not presently generate hazardous waste in at least 2013. Based on the lack of evidence of a documented release, distance, and down-gradient location, this listing is not expected to represent a significant environmental concern or vapor encroachment condition to the Subject Property.

Name: CA/AG Logan Park Property Owner, LLC/CA-AG Logan Park, LLC
Address: 2352 Shattuck Avenue
Discussion: The property located approximately 400 feet south (hydrologically down-gradient) to the Subject Property is listed on the RCRA NonGen/NLR, RCRA-SQG, LUST, Sweeps UST, Hist UST, CA Fid UST, FINDS, ECHO, Cortese, Haznet, Hist Cortese, CERS, and HWTS databases. According to the LUST listing and online Geotracker database, one 550-gallon waste oil UST and four 6,000-gallon gasoline USTs were removed from the property in January 1987. According to a November 1989 Soil Gas Survey, 16 soil gas samples were taken across the site. TPH-g was detected up to 2,100 µg/L of soil gas. Benzene was not detected in soil gas samples. A Phase IV Site Assessment completed in March 1990 detected elevated contaminant concentrations in groundwater. TPH-g and TPH-d were detected in groundwater up to respective concentrations of 270 µg/L and 740 µg/L. Benzene was detected up to 22 µg/L and the remaining BTEX constituents were detected at trace concentrations. The Regional Waterboard issued case closure on October 10, 1989. Based on case closure under regulatory oversight, down-gradient location, and distance, this former release is not expected to represent a significant environmental concern or vapor encroachment condition to the Subject Property.

Name: Pine and Jensen
Address: 2352 Shattuck Avenue
Discussion: The property located approximately 400 feet south (hydrologically down-gradient) to the Subject Property is listed on the EDR Hist Auto database. According to the database listing, Pine and Jensen operated an auto repair and service station in at least 1928. Based on the lack of evidence of a documented release, this listing is not expected to represent a significant environmental concern or vapor encroachment condition to the Subject Property.

In our opinion, none of the other sites listed on the regulatory database report pose a significant threat to the Subject Property.

4.3 California Geologic Energy Management Division

The California Geologic Energy Management Division (CalGEM) Online Mapping System was reviewed for information pertaining to oil and gas exploration on or nearby the Subject Property. No oil wells were identified within 500 feet of the Subject Property.

4.4 Additional Environmental Record Sources

In addition, ACC submitted file review request letters, emails and/or phone calls to the following agencies for the Subject Property:

4.4.1. California EPA – Department of Toxic Substance Control (DTSC)

ACC received a response from DTSC on June 2, 2022. No records were available for the Subject Property.

4.4.2. California Regional Water Quality Control Board (CRWQCB)

ACC received a response from CRWQCB on June 1, 2022. No records were available for the Subject Property

4.4.3. Berkeley Toxics Management Division (BTMD)

ACC received a response from BTMD on May 23, 2022. Records included:

- Hazardous Materials Inspection and Violation Reports from 2012 to 2018 for use of carbon dioxide gas in compressed cylinders. No significant violations were noted during inspections.

4.4.4. Bay Area Air Quality Management District (BAAQMD)

ACC received a response from the BAAQMD on May 23, 2022. No records were available for the Subject Property.

4.4.5. Berkeley Fire Department (BFD)

ACC received a response from BFD on May 31, 2022. No records were available for the Subject Property.

4.4.6. Berkeley Department of Building and Safety (BDBS)

ACC sent a request to BDBS on May 23, 2022. ACC did not receive a response from BDBS prior to issuance of this report. ACC reviewed City of Berkeley's online database. Records included:

- A permit to add five a/c units was issued in February 1993;
- A permit to replace existing sign was issued in 1994;
- A permit for non-structural interior improvements to the existing theater was issued in 1996;
- A roofing permit was issued in 1997;
- An application to underpin foundation adjacent to library addition was submitted in October 1999 and expired in June 2005;
- An application to remove and replace existing first floor concession counters was submitted in September 2004 and expired in October 2005;
- An mechanical permit dated September 30, 2016 to replace roof package units;
- A building permit dated November 14, 2017 to replace HVAC units; and
- A building permit dated December 13, 2017 for tenant improvements for movie theater.

4.5 Historical Use Information on the Property

Information pertaining to historical uses of the Subject Property and adjoining properties was obtained from the following sources: aerial photographs, historical topographic maps, historical Sanborn Maps and city directories. These resources were obtained from Environmental Data Resources (EDR).

ACC reviewed historical aerial photographs dated 1939, 1946, 1950, 1958, 1963, 1968, 1974, 1982, 1993, 1998, 2005, 2009, 2012, and 2016. A copy of the Historical Aerial Photographs is provided in Appendix C.

ACC reviewed historical topographic maps dated 1895, 1897, 1899, 1915, 1947, 1948, 1949, 1959, 1968, 1973, 1980, 1995, 1996, 1997, 2012, 2015, and 2018. A copy of the Historical Topographic Maps is provided in Appendix D.

Historical Sanborn Maps (fire insurance maps) are detailed scaled drawings that show the location and use of building structures that have occupied a given area from as early as the late 1800s. These maps can provide information that is unavailable from other sources regarding the development and use of a given property. Historical Sanborn maps were available from 1890, 1894, 1903, 1911, 1929, 1950, and 1980 for the Subject Property. Historical Sanborn Maps are provided in Appendix E.

Historical city directories were provided by Cole Information Services, R.L. Polk & Co, Pacific Telephone, Pacific Bell, Haines Company Inc., and EDR Digital Archive. City Directory listings were available from 1920 to 2017. A copy of the Historical City Directories is provided in Appendix F.

4.5.1 Historical Use Information on the Subject Property and Adjacent Properties

Pertinent observations from the historical resources in relation to the Subject Property and the immediately adjacent properties is as follows:

Subject Property

Circa 1894 to 1903	According to historical references reviewed, the Subject Property is developed with two residential dwellings the eastern (2240 Shattuck Avenue) and western (2033 Bancroft Way) portions. Historical occupants of 2033 Bancroft Way include private residences (1894 to 1925) and Housekeeping Office (1929).

Circa 1911 to 1929	According to historical references reviewed, a two-story residential dwelling was developed on the northern portion (2035 Bancroft Way). Historical occupants of 2035 Bancroft Way include: private residences (1911 to 1928) and a Frat House (1929). The eastern portion of the Subject Property was redeveloped as part of a mixed-use residential and commercial building (2274 Shattuck Avenue). Historical occupants of 2274 Shattuck Avenue include: post office (1911) and Donogh's Dry Goods and Department Store (1925 to 1928),
Circa 1933 to 2018	According to historical references reviewed, all buildings were demolished and the Subject Property was developed with the existing commercial theater building. Historical occupants include: United Artists Theatre (1933 to Present) and Regal Cinemas (2006 to Present).

Toss Noodle Bar and Berkeley Public Library, 2270-2272 Shattuck Avenue and 2090 Kittredge Street, Adjoining Property to the North

Circa 1894 to 1903	According to historical references reviewed, the area to the north of the Subject Property was undeveloped land.
Circa 1911 to 1929	According to historical references reviewed, the area to the north of the Subject Property was developed with the existing commercial building on the southern portion (2270-2272 Shattuck Avenue) and a commercial public library building on the northern portion (2266 Shattuck Avenue). Historical occupants of 2270-2272 Shattuck Avenue include: bank (1911), Darden Furn Co (1920), art gallery (1929), The Pantry Bakers (1933 to 1970), Chas Taylor Restaurant (1933 to 1950), Taylor Creamery (1938 to 1950), Anderson Forrest Restaurant (1943 to 1945), Szechwan House (1980 to 1986), Lotus Vegetarian Restaurant (1991 to 2000), Marble 21 Ice Cream (1992 to 1999), Hollywood Movies (2004), Pho Hoa (2004 to 2009), OM Treasures (2009 to 2017), Hai Lee (2004), and Toss Noodle Bar (2014 to Present).
Circa 1938 to 1998	According to historical references reviewed, improvements were made to the western portion of the public library building (2090 Kittredge Street). Historical occupants of 2090 Kittredge Street include: Berkeley Public Library (1938 to Present).
Circa 2005 to 2018	According to historical references reviewed, additional

improvements were made to the western portion of the public library building.

Mixed-Use Commercial and Residential Building (2276 Shattuck Avenue), Center for Applied Rationality (2036 Bancroft Way), and Multi-Family Residential Buildings (2030 to 2032 Bancroft Way), Adjoining Properties to the South

Circa 1894 to 1903	According to historical references reviewed, the area to the south of the Subject Property across Bancroft Way appears developed with two residential dwellings (2032 to 2036 Bancroft Way).
Circa 1911 to 1939	According to historical references reviewed, the area to the southeast of the Subject Property was developed with the existing mixed-use commercial and residential building (2276 Shattuck Avenue). Historical occupants of 2276 Shattuck Avenue include: private residences (1928 to Present), Donogh Arms Hotel Apartments (1928 to 1980), and Reddy Realty (2006 to 2017).
Circa 1946 to 2018	According to historical references reviewed, the residential dwellings across Bancroft Way were demolished and the area was developed with the existing commercial building (2036 Bancroft Way) and multi-tenant residential buildings (2030 to 2039 Bancroft Way). Historical occupants of 2030 to 2032 Bancroft Way include: private residences (1943 to Present). Historical occupants of 2036 Bancroft Way include: Upholstery and Furniture Repair (1950 to 1980) and Center for Applied Rationality (Present)

Multi-Tenant Commercial Buildings, 2277, 2281 and 2283 Shattuck Avenue, Adjoining Properties to the East

Circa 1894	According to historical references reviewed, the area to the east of the Subject Property was undeveloped land.
Circa 1903 to 2018	According to historical references reviewed, the area to the east of the Subject Property was developed with the existing commercial buildings (2277 and 2281 to 2283 Shattuck Avenue). Historical occupants of 2277 Shattuck Avenue include: Pacific Telephone (1903 to 1925), Ye Style Shoppe (1928), Hezlett John Silks (1928 to 1955), Davitt Beauty Shop (1933), Hezlette Beauty Salon (1950 to 1955), Tupper and Reed Music (1962 to 2009), and Used Computer Store (2009 to 2017)

Historical occupants of 2281 Shattuck Avenue include: Tea Garden (1928), Art and Baby Shop (1933), and Paul's Shoe Repair (1943 to Present).

Historical occupants of 2283 Shattuck Avenue include: University French Steam Laundry (1903 to 1911), Progressive Lace Shop (1925), Nathan Norman Shoe Repair (1933), California Metal Crafts (1938), Mary Roseman Cleaners (1943), Vogue Cleaners & Dressmakers (1945), New U Café (1950 to 1970), Pirro's Pizzeria (1970 to 1999), Janya Thai Kitchen (2000), and Little Plearn Thai Kitchen (2006 to Present).

Berkeley Public Library, 2031 Bancroft Way, Adjoining Property to the West

Circa 1894 to 1950	According to historical references reviewed, the area to the west of the Subject Property was developed with a residential dwelling (2031 Bancroft Way). Additions to the dwelling and development of associated structures were conducted over the years. Historical occupants of 2031 Bancroft Way include: private residences (1920 to 1945).
Circa 1958 to 1998	According to historical references reviewed, the residential dwelling (2031 Bancroft Way) was demolished and the area was developed as a paved parking lot.
Circa 2005 to 2018	According to historical references reviewed, the area to the west of the Subject Property was developed as a portion of the existing public library building (2031 Bancroft Way).

4.6 Historical Summary for Subject Property

The earliest record reviewed during this assessment was an 1894 Sanborn map depicting the Subject Property as developed with two residential dwellings on the eastern (2240 Shattuck Avenue) and western (2033 Bancroft Way) portions. The Subject Property remained in this configuration until at least 1903.

By 1911, a residential dwelling was developed on the northern portion (2035 Bancroft Way). The eastern portion of the Subject Property was redeveloped as part of a mixed-use residential and commercial building (2274 Shattuck Avenue). The Subject Property remained in this configuration until at least 1929.

Historical occupants of 2274 Shattuck Avenue during this time include: post office (1911) and Donogh's Dry Goods and Department Store (1925 to 1928).

In 1932, the Subject Property was developed with the existing commercial theater building (2274 Shattuck Avenue). The Subject Property building was originally constructed as one auditorium combination stage theater and movie house. Renovations occurred over the years to partition the building into seven theaters. Historical occupants include: United Artists Theatre (1932 to Present), and Regal Cinemas (2006 to Present).

4.7 Vapor Encroachment

In accordance with ASTM standard E2600-15, ACC assessed the Subject Property for a potential vapor encroachment condition (VEC). A vapor encroachment condition is defined by ASTM standard E2600-15 as "the presence or likely presence of chemical(s) of concern (COC) vapors in the vadose zone of the Target Property caused by the release of vapors from contaminated soil and/or groundwater either on or near the Target Property."

There is no documented evidence of subsurface impacts that present a VEC at the Subject Property. It is ACC's opinion that a VEC at the Subject Property can be ruled out at this time.

4.8 Radon

The Subject Property is located in an area designated in Radon Zone 2. Zone 2 is characterized as having predicted average indoor radon screening levels between 2 and 4 picocuries per liter of air (pCi/L) and is not considered significant based on US EPA radon screening levels.

5.0 PHYSICAL SETTINGS

The Subject Property is approximately 178 feet above mean sea level according to the U.S. Geological Survey (USGS) Oakland West, CA 7.5 Minute Quadrangle Topographic Map (2018). The topography in the area of the Subject Property slopes towards the southwest.

Based on the Fourth Quarter Monitoring Report completed for the Berkeley Touchless LUST site located approximately 420 feet northeast (2176 Kittredge Street) of the Subject Property and dated February 2022, soils at the site consist predominately of clay, silty clay, sandy clay, and silt to approximately 40 feet below ground surface (ft bgs).

Groundwater water beneath the site was encountered from approximately 10 to 20 ft bgs depending on the season. Groundwater gradient has been calculated to flow towards the southwest. Conditions at the Subject Property are anticipated to be similar, but may vary.

6.0 SITE RECONNAISSANCE

On June 9, 2022 ACC representative Mr. Davis Leach conducted a site reconnaissance at the

Subject Property. Mr. Michael Thomas, representative with Panoramic Interests, provided site access.

6.1 Methodology

The Subject Property was viewed from all adjacent public thoroughfares and was observed to the extent not obstructed by bodies of water, adjacent buildings, and/or other obstacles such as overgrown vegetation. Accessible interior and exterior common areas were viewed. Special attention was given to hazardous materials storage/use areas and potential conduits to the subsurface such as drains and sumps.

6.2 General Site Setting

The Subject Property is currently developed with a two-story commercial theatre building. The main entrance to the Subject Property building is located along the eastern portion with additional entrances along the southern portion. The Subject Property is accessible from Shattuck Avenue to the east and Bancroft Way to the south.

6.3 General description of Vicinity, Adjacent Properties and Observed Current/Past Usage

The vicinity of the Subject Property consists of residential and commercial properties. The adjacent properties as viewed during the site reconnaissance are as follows:

North - Toss Noodle Bar and Berkeley Public Library (2272 Shattuck Avenue and 2090 Kittredge Street)

South - Mixed-Use Commercial and Residential Building (2276 Shattuck Avenue), and Bancroft Way followed by Multi-Family Residential Buildings (2030 to 2032 Bancroft Way) and Center for Applied Rationality (2036 Bancroft Way)

East - Shattuck Avenue followed by Vacant Commercial Building (2277 Shattuck Avenue), and Multi-Tenant Commercial Building – Paul's Shoe Repair and Plearn Thai Restaurant (2281 to 2283 Shattuck Avenue)

West - Berkeley Public Library (2031 Bancroft Way)

6.4 Summary of Site Visit Observations

The Subject Property is currently occupied by United Artists Theatres (Regal Cinemas). The building consists of two floors, a main lobby and concessions area, four restrooms, seven theaters, and various projection and storage rooms.

The lobby consists of a concessions area and access to theaters. Several radiators concealed by decorative metal sheeting were noted within the concession area. The second story of the Subject Property consisted of additional theaters and a smaller prep kitchen/concessions area. Visual

observations of the concessions and theater areas did not reveal evidence of hazardous materials, stains or spills.

The projection rooms contained typical digital projection equipment and were also used as miscellaneous storage. Access to custodial cleaning storage areas was not available during the time of the site reconnaissance.

Additional exterior storage and access to the southern portion of the building is located in a gated alleyway. Municipal waste bins are located within the alleyway. Visual observations of the exterior storage area did not reveal evidence of hazardous materials, stains or spills.

No underground/aboveground storage tanks/records, hazardous materials storage, PCB use, or environmental violations associated with the Subject Property were observed during the site reconnaissance. A checklist describing Subject Property observations is attached in Appendix G.

7.0 INTERVIEWS

7.1 Interview with Owner/Site Manager or Representative

Interviews with the owner/site manager or representative were not completed at this time.

7.2 Interviews with Occupants

Interviews with occupants were not completed at this time.

7.3 Interviews with Local Government Officials

See Section 3.7.

7.4 Interviews with Others

Interviews with Mr. Michael Thomas, representative with Panoramic Interests, stated the purpose of the Phase I ESA was for due diligence. Mr. Thomas was not aware of any environmental conditions associated with the Subject Property.

8.0 FINDINGS & OPINIONS

ACC has performed a Phase I ESA in general conformance with the scope and limitations of the ASTM E1527-13 Standard and the All Appropriate Inquiry Final Rule 40 CFR Part 312 for the property identified as 2274 Shattuck Avenue, Berkeley, California 94704 (Subject Property). This Phase I ESA additionally incorporates procedures as prescribed in the new ASTM E1527-21 Standard. Exceptions to, or deletions from, this practice are described in Section 1.4.

No significant data gaps were identified while conducting this Phase I ESA.

According to regulatory database review, an underground storage tank (UST) is currently located at the west adjoining property (2031 Bancroft Way) and associated with the Berkeley Public Library. Based on the down-gradient location, routine agency inspections, and no evidence of a documented release the current adjoining UST is considered a de minimis condition.

According to historical references reviewed, the east adjacent property (2283 Shattuck Avenue) was historically occupied by steam laundries from at least 1903 to 1911 and dry cleaning facilities in 1943 and 1945. Based on the age of the dry cleaning facilities, location across Shattuck Avenue, and no evidence of a documented release, the historical occupancy of an up gradient dry cleaner is considered a de minimis condition.

This assessment has not revealed evidence of a Recognized Environmental Condition (REC) at the Subject Property.

9.0 SIGNATURE OF ENVIRONMENTAL PROFESSIONAL

The site reconnaissance and interviews were conducted by ACC's technical staff, who was also responsible for obtaining and reviewing historical use documentation, interpreting data, identifying RECs, HRECs, CRECs, BERs, and preparation of this Phase I ESA Report. All of the activities were performed in conjunction with and under the supervision or responsible charge of, Ms. Kimberly Bunting, the environmental professional assigned to this project.

I certify that I possess sufficient education, training, and relevant experience necessary to conduct the investigative and interpretive activities presented in the paragraph above in accordance with the ASTM E1527-13 standard and possess the ability to identify issues relevant to RECs in connection with the Subject Property.

APPENDIX A

AAI QUESTIONNAIRE

Phase I Environmental Site Assessment User Questionnaire

Please answer the following questions to the extent possible and return via email to kbunting@accenv.com. Please provide a copy of the Title Report.

Name:	
Title:	
Phone Number:	
Email Address:	
Signature:	
Date:	

How long have you been associated with the property:

Please list all current and known historical address(s) and Assessor Parcel Number(s) for which this Phase I ESA is being performed (attach maps or documentations if available):

Please list the acreage of the parcel(s), square footage and age(s) of on-site structures:

Purpose for which Phase I ESA is being performed, if for a real estate transaction, please list type of transaction (sale, purchase, lease, etc.)

Please list all parties who will rely on the Phase I ESA:

How do you intend to use the property (if you plan to redevelop please discuss development plans and whether on-site soils will be disturbed/excavated):

Please provide the property owner or owner representative, including telephone number and/or email address (the owner will be identified in the Phase I ESA and may be interviewed by ACC as warranted and if available):

Please provide the lender, and any lender-specific requirements:

Please provide a site contact, including telephone number and/or email address for purposed of scheduling the site visit:

Please list the current tenant(s), site use(s), and years of occupancy:

Who provides gas, electric, water, and sewer services:

Did a search of recorded land titles identify (or are you aware of) any environmental liens filed or recorded against the property under federal, tribal, state, or local law? If yes, please explain.

Did a search of recorded land titles identify (or are you aware of) any Activity and Use Limitations (AULs), such as engineering controls, land use restrictions, or institutional controls that are in place at the property and/or have been filed or recorded against the proeprty under federal, tribal, state, or local law? If yes, please explain.

Do you have any specialized knowledge or experience related to the property or nearby properties?

Does the purchase price being paid for this property (if applicable) reflect fair market value of the property? If you conclude that there is a difference have you considered whether the lower purchase price is because contamination is known or blieved to be present at the property?

Are you aware of commonly known or reasonably ascertainable information about the property that would help the environmental professional to identify conditions indicative of release or threatened releases, for example:

Do you know the past uses of the property?

Do you know of specific chemicals that are present or once were present at the property? If yes, are Safety Data Sheets (SDS) available?

Do you know of spills or other chemical releases that have taken place at the property?

Do you know of any environmental clean ups that have taken place at the property?

Other?

Based on your knowledge and experience related to the property, are there any obvious indicators that point to the presence or likely presence of contamination at the property?

Are you aware of any of the following documents prepared for the property:	Yes	No	Date(s)
Environmental Site Assessment			
Subsurface Soil/Groundwater Investigation			
Environmental Permits			
Hazardous Materials/Waste Permits			
National Pollution Discharge Elimination System (NPDES) Permits			
Underground Injection System Registration Documents/Permits			
Community Right to Know Plans			
Hazardous Materials Management/Business Plans			
Storm Water Pollution Prevention Plans (SWPPP)			
Spill Prevention Control & Countermeasure Plans (SPCC)			
Risk Assessments			
Geotechnical Studies			

Are you aware of any of the following items associated with the property?	Yes	No
Asbestos-containing materials or lead-based paint located at the Subject Property?		
Litigation associated with the Subject Property with regards to violations or environmental law?		
Are you aware of any Aboveground Storage Tanks (ASTs) or Underground Storage Tanks (USTs) located at the Property? If yes, what are the contents and capacities?		
Electrical transformers on the Subject Property?		
Are any of the past or current occupants hazardous waste generators?		
Are there any pits, ponds, lagoons for waste treatment or disposal on the Subject Property?		
Are there any wells (irrigation, production, or monitoring)?		
Are there any sumps, floor drains, or catch basins, oil-water separators, or acid neutralization systems on the Subject Property?		
Are there any storm drains on the Subject Property?		
Have there been any significant structural fires at the Subject Property?

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E1527-21), the ASTM Standard Practice for Environmental Site Assessments for Forestland or Rural Property (E 2247-16), the ASTM Standard Practice for Limited Environmental Due Diligence: Transaction Screen Process (E 1528-14) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.
Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

EXECUTIVE SUMMARY

STANDARD ENVIRONMENTAL RECORDS

Lists of Federal RCRA facilities undergoing Corrective Action

CORRACTS: CORRACTS is a list of handlers with RCRA Corrective Action Activity. This report shows which nationally-defined corrective action core events have occurred for every handler that has had corrective action activity.

A review of the CORRACTS list, as provided by EDR, and dated 02/28/2022 has revealed that there is 1 CORRACTS site within approximately 1 mile of the target property.

RCRA-LQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

A review of the RCRA-LQG list, as provided by EDR, and dated 02/28/2022 has revealed that there are 7 RCRA-LQG sites within approximately 0.25 miles of the target property.

EXECUTIVE SUMMARY

RCRA-SQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

A review of the RCRA-SQG list, as provided by EDR, and dated 02/28/2022 has revealed that there are 9 RCRA-SQG sites within approximately 0.25 miles of the target property.

EXECUTIVE SUMMARY

Lists of state- and tribal (Superfund) equivalent sites

RESPONSE: Identifies confirmed release sites where DTSC is involved in remediation, either in a lead or oversight capacity. These confirmed release sites are generally high-priority and high potential risk.

A review of the RESPONSE list, as provided by EDR, has revealed that there is 1 RESPONSE site within approximately 1 mile of the target property.

Lists of state- and tribal hazardous waste facilities

ENVIROSTOR: The Department of Toxic Substances Control's (DTSC's) Site Mitigation and Brownfields Reuse Program's (SMBRP's) EnviroStor database identifes sites that have known contamination or sites for which there may be reasons to investigate further. The database includes the following site types: Federal Superfund sites (National Priorities List (NPL)); State Response, including Military Facilities and State Superfund; Voluntary Cleanup; and School sites. EnviroStor provides similar information to the information that was available in CalSites, and provides additional site information, including, but not limited to, identification of formerly-contaminated properties that have been released for reuse, properties where environmental deed restrictions have been recorded to prevent inappropriate land uses, and risk characterization information that is used to assess potential impacts to public health and the environment at contaminated sites.

A review of the ENVIROSTOR list, as provided by EDR, and dated 01/24/2022 has revealed that there are 5 ENVIROSTOR sites within approximately 1 mile of the target property.

CPS-SLIC: Cleanup Program Sites (CPS; also known as Site Cleanups [SC] and formerly known as Spills, Leaks, Investigations, and Cleanups [SLIC] sites) included in GeoTracker. GeoTracker is the Water Boards data management system for sites that impact, or have the potential to impact, water quality in California, with emphasis on groundwater.

A review of the CPS-SLIC list, as provided by EDR, has revealed that there are 8 CPS-SLIC sites

Lists of state and tribal registered storage tanks

UST: The Underground Storage Tank database contains registered USTs. USTs are regulated under Subtitle I of the Resource Conservation and Recovery Act (RCRA). The data come from the State Water Resources Control Board's Hazardous Substance Storage Container Database.

A review of the UST list, as provided by EDR, has revealed that there are 8 UST sites within approximately 0.25 miles of the target property.

Local Lists of Registered Storage Tanks

SWEEPS UST: Statewide Environmental Evaluation and Planning System. This underground storage tank listing was updated and maintained by a company contacted by the SWRCB in the early 1990's. The listing is no longer updated or maintained. The local agency is the contact for more information on a site on the SWEEPS list.

A review of the SWEEPS UST list, as provided by EDR, and dated 06/01/1994 has revealed that there are 9 SWEEPS UST sites within approximately 0.25 miles of the target property.

EXECUTIVE SUMMARY

Other Ascertainable Records

RCRA NonGen / NLR: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

A review of the RCRA NonGen / NLR list, as provided by EDR, and dated 02/28/2022 has revealed that there are 48 RCRA NonGen / NLR sites within approximately 0.25 miles of the target property.

EXECUTIVE SUMMARY

EPA ID:: CA1122390031

FUSRAP: DOE established the Formerly Utilized Sites Remedial Action Program (FUSRAP) in 1974 to remediate sites where radioactive contamination remained from Manhattan Project and early U.S. Atomic Energy Commission (AEC) operations.

A review of the FUSRAP list, as provided by EDR, and dated 07/26/2021 has revealed that there is 1 FUSRAP site within approximately 1 mile of the target property.

HIST CORTESE: The sites for the list are designated by the State Water Resource Control Board [LUST], the Integrated Waste Board [SWF/LS], and the Department of Toxic Substances Control [CALSITES]. This listing is no longer updated by the state agency.

A review of the HIST CORTESE list, as provided by EDR, and dated 04/01/2001 has revealed that there are 40 HIST CORTESE sites within approximately 0.5 miles of the target property.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR Hist Auto: EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Auto list, as provided by EDR, has revealed that there are 9 EDR Hist Auto sites within approximately 0.125 miles of the target property.

EDR Hist Cleaner: EDR has searched selected national collections of business directories and has collected listings of potential dry cleaner sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include dry cleaning establishments. The categories reviewed included, but were not limited to dry cleaners, cleaners, laundry, laundromat, cleaning/laundry, wash & dry etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Cleaner list, as provided by EDR, has revealed that there are 4 EDR Hist Cleaner sites within approximately 0.125 miles of the target property.

Citation:	23 CCR 16 2712(b)(1)(G) - California Code of Regulations, Title 23, Chapter 16, Section(s) 2712(b)(1)(G)
Violation Description:	Failure to comply with one or more of the following overfill prevention equipment requirements: Alert the transfer operator when the tank is 90 percent full by restricting the flow into the tank or triggering an audible and visual alarm; or Restrict delivery of flow to the tank at least 30 minutes before the tank overfills, provided the restriction occurs when the tank is filled to no more than 95 percent of capacity; and activate an audible alarm at least five minutes before the tank overfills; or Provide positive shut-off of flow to the tank when the tank is filled to no more than 95 percent of capacity; or Provide positive shut-off of flow to the tank so that none of the fittings located on the top of the tank are exposed to product due to overfilling. Install/retrofit overfill prevention equipment that does not use flow restrictors on vent piping to meet overfill prevention equipment requirements when the overfill prevention equipment is installed, repaired, or replaced on and after October 1, 2018. For USTs installed before October 1, 2018, perform an inspection by October 13, 2018 and every 36 months thereafter. For USTs installed on and after October 1, 2018, perform an inspection at installation and every 36 months thereafter. Inspected within 30 days after a repair to the overfill prevention equipment. Inspected using an applicable manufacturer guidelines, industry codes, engineering standards, or a method approved by a professional engineer. Inspected by a certified UST service technician. Maintain records of overfill prevention equipment inspection for 36 months.

to appropriately, and attach a copy. Inspect for the presence of liquid/debris in spill containers. Inspect for the presence of liquid/debris in under dispenser containment (UDC) and ensure that the monitoring equipment is positioned correctly. Inspect for liquid or debris in containment sumps where an alarm occurred with no service visit. Check that all testing and maintenance has been completed and documented. Verify that all facility employees have been trained in accordance with 23 CCR 2715(c). For designated operator (DO) 30 day inspections conducted on and after October 1, 2018, failure to conduct the designated UST operator visual inspection at least once every 30 days.

Violation Notes: Returned to compliance on 10/05/2021. Do inspection in May was due 5/21 but occurred on 5/24. Please assure these occur within 30 days of the previous month's inspection. The DO reports from May-October 2021 were not signed until 10/13/21. Please ensure that future reports are signed within 72 hours of when the DO provided them to the operator.

Violation Description:	"Failure to meet one or more of the following requirements: Install or maintain a liquid-tight spill container. Have a minimum capacity of five gallons. Have a functional drain valve or other method for the removal of liquid from the spill container. Be resistant to galvanic corrosion. Perform a tightness test at installation, every 12 months thereafter, or within 30 days after a repair to the spill container. Tested using applicable manufacturer guidelines, industry codes, engineering standards, or a method approved by a professional engineer. Tested by a certified UST service technician. Maintain records of spill containment testing for 36 months. "
Violation Notes:	Returned to compliance on 01/02/2020. The spill bucket did not hold water. Needs to be replaced within 30 days.

Evaluation:
Eval General Type: Compliance Evaluation Inspection
Eval Date: 10-01-2020
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Toxics Management Division (TMD) was on-site to conduct the annual UST inspection. Adrian Perez of TEC Accutite performed the annual monitoring certification and spill bucket tests. The annular and sump sensors were tested, both alarmed appropriately. The spill bucket was hydrostatically tested for one hour and passed. DO reports were reviewed and determined to be occurring within the appropriate timeframe, every 30 days. DO Training occurred on 10/1/19 and then 10/13/20 which is within the appropriate timeframe of every 12 months.

quantities. A change of business address, business ownership, or business name. A substantial change in the handler's operations that requires modification to any portion of the business plan.

Violation Notes: Returned to compliance on 01/29/2018. Facility does not meet the HW qualifications of LQG, Violation redacted due to previous requirement of registration of all CVS sites as LQG.
Violation Division: Berkeley City Toxics Management Division
Violation Program: HMRRP
Violation Source: CERS,

Evaluation:
Eval General Type: Compliance Evaluation Inspection
Eval Date: 01-09-2017
Violations Found: Yes
Eval Type: Routine done by local agency
Eval Notes: Routine HMBP, HW and Stormwater facility compliance inspection. Facility EPA#CAR00120881 was reported as being active. The CERS business activities page under HW, is listed as a LQG. The amount of HW generated does not equal LGQ, instructed to recalculate/revise for the 2017 reporting period by march1st. HW manifest for the last three years was available during the inspection, Haz Com training available via electronic training modules. HW area labeled properly. Weekly inspections of the HW were in writing and available for review.
Eval Division: Berkeley City Toxics Management Division
Eval Program: HMRRP
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 01-13-2021
Violations Found: Yes
Eval Type: Routine done by local agency
Eval Notes: Inspection was conducted by video due to COVID-19. Kerlos Boles guided the camera around for Toxics to conduct the inspection. Seven bins of waste were observed in the "returns" area of the store. The bins appeared to be properly labeled. Toxics went over CVS's procedure for determining which materials go into which bins, and how they are tracked.
Eval Division: Berkeley City Toxics Management Division
Eval Program: HWLQG
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 12-22-2014
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Training complete and current. Volumes and locations are consistent with 2014 submittal.
Eval Division: Berkeley City Toxics Management Division
Eval Program: HMRRP
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 12-22-2014
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Waste labeled appropriately, training current, volumes and locations per HMBP.

Violations:

Site ID:	123572
Site Name:	HUSTEADS AUTO BODY.
Violation Date:	11-07-2018
Citation:	HSC 6.95 25505(a)(4) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(a)(4)
Violation Description:	Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years.
Violation Notes:	Returned to compliance on 01/03/2019. The Hazcomm & GHS training was last completed 3/3/14 and emergency response training was last completed in March 2016. According to these training records some of the employees have not received the training. Corrective action: Provide a training in accordance with your training program that covers handling hazardous materials and emergency response. 12/7/2018 - Call from David requesting extension. Asked to send in writing. 12/13/2018 - received email requesting extension for correction to 1/15/2019.
Violation Division:	Berkeley City Toxics Management Division
Violation Program:	HMRRP
Violation Source:	CERS,

Site ID:	123572
Site Name:	HUSTEADS AUTO BODY.
Violation Date:	01-05-2016
Citation:	40 CFR 1 265.173 - U.S. Code of Federal Regulations, Title 40, Chapter 1, Section(s) 265.173
Violation Description:	Failure to properly close hazardous waste containers when not in active use.
Violation Notes:	Returned to compliance on 03/29/2016. 55-gal drum of used motor oil.
Violation Division:	Berkeley City Toxics Management Division
Violation Program:	HW
Violation Source:	CERS,

Site ID:	123572
Site Name:	HUSTEADS AUTO BODY.
Violation Date:	11-07-2018
Citation:	40 CFR 1 265.173 - U.S. Code of Federal Regulations, Title 40, Chapter 1, Section(s) 265.173
Violation Description:	Failure to meet the following container management requirements: (a) A container holding hazardous waste must always be closed during storage, except when it is necessary to add or remove waste. (b) A container holding hazardous waste must not be opened, handled, or stored in a manner which may rupture the container or cause it to leak.
Violation Notes:	Returned to compliance on 01/08/2019. The waterborne hazardous waste drum, solvent hazardous waste drum and used oil drum are not closed. Corrective action: Close all hazardous waste containers unless adding or removing hazardous waste. If funnels are needed, ensure that the funnel has a lid or valve that prevents the accidental discharge of the waste if tipped over. 12/7/2018 - Call from David requesting extension. Asked to send in writing. 12/13/2018 - received email requesting extension for correction to 1/15/2019.

Violation Source: CERS,

Site ID: 123572
Site Name: HUSTEADS AUTO BODY.
Violation Date: 01-05-2016
Citation: 22 CCR 15 66265.16 - California Code of Regulations, Title 22, Chapter 15, Section(s) 66265.16
Violation Description: Failure to provide employees within the first six months after the date of their employment, or assignment to the facility, or to work unsupervised, or to a new position at a facility with hazardous waste training to ensure employees are competent in the following areas: hazardous waste management procedures (including contingency plan implementation) relevant to the positions in which they are employed, emergency response and emergency equipment, and procedures for using, inspecting, repairing, and replacing facility emergency and monitoring equipment. In addition, the owner/operator shall ensure facility personnel take part in an annual review of the initial training and training records training records on current personnel shall be kept until closure of the facility. Training records on former employees shall be kept for at least three years from the date the employee last worked at the facility. The records shall include the following: the job title for each position at the facility related to hazardous waste management, and the name of the employee filling each job; a written job description for each position, duties of facility personnel assigned to each position, and a written description of the type and amount of both introductory and continuing training that will be given to each person filling a position.
Violation Notes: Returned to compliance on 03/29/2016.

Site Name:	HUSTEADS AUTO BODY.
Violation Date:	11-07-2018
Citation:	HSC 6.5 Multiple - California Health and Safety Code, Chapter 6.5, Section(s) Multiple
Violation Description:	Hazardous Waste Generator Program - Administration/Documentation - General
Violation Notes:	Returned to compliance on 01/08/2019. Facility's EPA ID number is inactive. HSC 25205.16 Corrective action: Fill out the EPA ID number verification questionnaire (eVQ) online at https://evq.dtsc.ca.gov/Home.aspx, to reactivate your number. Provide confirmation of activation to the CUPA. In addition, ensure that you are completing the eVQ, which is an online system through DTSC, in July every year. 12/7/2018 - Call from David requesting extension. Asked to send in writing. 12/13/2018 - received email requesting extension for correction to 1/15/2019.

Environmental Interest/Information System:
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:
AIR EMISSIONS CLASSIFICATION UNKNOWN
California Hazardous Waste Tracking System - Datamart (HWTS-DATAMART) provides California with information on hazardous waste shipments for generators, transporters, and treatment, storage, and disposal facilities.
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Gepaid: CAD054391776
TSD EPA ID: UTD981552177
CA Waste Code: 261 - Polychlorinated biphenyls and material containing PCBs
Disposal Method: H040 - Incineration--Thermal Destruction Other Than Use As A Fuel
Tons: 0.06612

Year: 2007
Gepaid: CAD054391776
TSD EPA ID: CAD059494310
CA Waste Code: 343 - Unspecified organic liquid mixture
Disposal Method: H141 - Storage, Bulking, And/Or Transfer Off Site--No Treatment/Reovery (H010-H129) Or (H131-H135)
Tons: 0.0045

Year: 2006
Gepaid: CAD054391776
TSD EPA ID: CAD009452657
CA Waste Code: 221 - Waste oil and mixed oil
Disposal Method: -
Tons: 0.209

Violations:
Site ID: 434129
Site Name: AT&T California - Q2002
Violation Date: 12-06-2018
Citation: 23 CCR 16 2712(b)(1)(G) - California Code of Regulations, Title 23, Chapter 16, Section(s) 2712(b)(1)(G)
Violation Description: Failure to comply with one or more of the following overfill prevention equipment requirements: Alert the transfer operator when the tank is 90 percent full by restricting the flow into the tank or triggering an audible and visual alarm; or Restrict delivery of flow to the tank at least 30 minutes before the tank overfills, provided the restriction occurs when the tank is filled to no more than 95 percent of capacity; and activate an audible alarm at least five minutes before the tank overfills; or Provide positive shut-off of flow to the tank when the tank is filled to no more than 95 percent of capacity; or Provide positive shut-off of flow to the tank so that none of the fittings located on the top of the tank are exposed to product due to overfilling. Install/retrofit overfill prevention equipment that does not use flow restrictors on vent piping to meet overfill prevention equipment requirements when the overfill prevention equipment is installed, repaired, or replaced on and after October 1, 2018. For USTs installed before October 1, 2018, perform an inspection by October 13, 2018 and every 36 months thereafter. For USTs installed on and after October 1, 2018, perform an inspection at installation and every 36 months thereafter. Inspected within 30 days after a repair to the overfill prevention equipment. Inspected using an applicable manufacturer guidelines, industry codes, engineering standards, or a method approved by a professional engineer. Inspected by a certified UST service technician. Maintain records of overfill prevention equipment inspection for 36 months.
Violation Notes: Returned to compliance on 12/27/2018. The flapper valve was not tested by October 13, 2018. The inspection was completed October 15, 2018. The overfill prevention equipment inspection report from October 15, 2018 that was submitted in CERS did not include the inspection method used and documentation like the measurements used to determine the results, which is required to be attached to the report form. Corrective action: Within 30 days, please provide the additional information to TMD.

AT&T CALIFORNIA - Q2002 (Continued) **S121784503**

Site ID: 434129
Site Name: AT&T California - Q2002
Violation Date: 12-06-2018
Citation: 23 CCR 16 2632(c)(2)(A)&(B) - California Code of Regulations, Title 23, Chapter 16, Section(s) 2632(c)(2)(A)&(B)
Violation Description: Failure to continuously monitor the interstitial space of a double-walled tank with an audible and visual alarm system.
Violation Notes: Returned to compliance on 12/06/2018. According to the contractor, the annular sensor did not activate an audible and visual alarm upon testing in liquid. Corrected at the time of the monitoring system certification as the service technician replaced the sensor with same and tested to confirm operational.
Violation Division: Berkeley City Toxics Management Division
Violation Program: UST
Violation Source: CERS,

Site ID: 434129
Site Name: AT&T California - Q2002
Violation Date: 01-09-2017
Citation: 23 CCR 6.7 25284, 25286 - California Code of Regulations, Title 23, Chapter 6.7, Section(s) 25284, 25286
Violation Description: Failure to submit a complete and accurate application for a permit to operate a UST, or for renewal of the permit.
Violation Notes: Returned to compliance on 01/17/2017. The tank information for tank Q2002U001 indicates overfill protection includes audible/visual alarms and fill tube shut-off. Observed the flapper valve, but the site does not have an external audible visual alarm. Corrective action: Install an external audible visual alarm or remove this method from the tank information and resubmit in CERS.

Evaluation:
Eval General Type: Compliance Evaluation Inspection
Eval Date: 01-09-2017
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: One time and episodic generation of broken batteries, asbestos, and change out of antifreeze every 5-10 years. TMD to review need for registration as hazardous waste generator.
Eval Division: Berkeley City Toxics Management Division
Eval Program: HW
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 01-21-2016
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Onsite for routine inspections. Met with Gary Chimienti, EH&S AT&T and Victor Guerrero with Tait. Confirmed ICC, Veeder Root, and Franklin Fueling certifications for tech. Received a copy of the system setup and alarm history. Confirmed completion of monthly designated operator reports and maintenance records. Confirmed operation of annular, piping sensors, overfill and spill bucket. UST documents submitted through CERS 12/10/15. Confirmed the information is consistent with the site.

Eval Date:	01-12-2021
Violations Found:	No
Eval Type:	Routine done by local agency
Eval Notes:	Met with John Lokken, EH&S Environmental Site Manager-AT&T. The Monitoring System Certification was completed on December 8, 2020. Toxics Management Division received the Monitoring System Certification Form and Spill Container Testing Report Form on January 4, 2021. The Spill Container Testing Report Form did not include the service technicians training and certifications. Updated Form was submitted January 20, 2021. Reviewed the monthly Designated UST Operator Visual Inspection Reports. The December 11, 2020 Report did not have an owner/operator signature. John indicates these are signed electronically and he will email copies to confirm they have been acknowledged by the owner/operator. TMD received a copy of the forms on January 20, 2021, confirming they are signed by the owner/operator within 72 hours of receipt.

AT&T CALIFORNIA - Q2002 (Continued) **S121784503**

Eval Date:	02-13-2014
Violations Found:	No
Eval Type:	Routine done by local agency
Eval Notes:	DUSTOP, F.R., Forms and training current. Maint/alarm histories maintained. Annular, Sump, tank probe and piping secondary sensors all functional. Spill bucked passed leak test (Incon). All systems passed and observed to be operating properly. No Observed UST violations. Stormwater BMPs implemented, no observed potential non-stormwater discharges.
Eval Division:	Berkeley City Toxics Management Division
Eval Program:	UST
Eval Source:	CERS,
Eval General Type:	Compliance Evaluation Inspection
Eval Date:	01-21-2016
Violations Found:	No
Eval Type:	Routine done by local agency
Eval Notes:	The Hazardous Materials Business Plan submitted through CERS 1/10/2016. Confirmed information in plan.
Eval Division:	Berkeley City Toxics Management Division
Eval Program:	HMRRP
Eval Source:	CERS,
Eval General Type:	Compliance Evaluation Inspection
Eval Date:	12-08-2021
Violations Found:	No
Eval Type:	Routine done by local agency
Eval Notes:	Met with Charles Rosso, AT&T EHS, to complete the annual UST inspection at the time of the monitoring system certification. Confirmed service technicians certifications and license. Service technician updated the time on the monitoring panel as it was wrong. Confirmed the operation of the sensors and spill bucket passed. Reviewed DO reports.
Eval Division:	Berkeley City Toxics Management Division
Eval Program:	UST

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

RB Case Number: 01-3632
Local Agency: Not reported
File Location: Local Agency
Local Case Number: Not reported
Potential Media Affect: Other Groundwater (uses other than drinking water), Soil, Under Investigation
Potential Contaminants of Concern: Gasoline, Waste Oil / Motor / Hydraulic / Lubricating
Site History: This case is an active commercial petroleum fueling facility. An unauthorized release was reported in August 1994 as a result of inventory reconciliation. USTs (four gasoline, one diesel) were tested and retrofitted and piping was removed and replaced in 1995. Historically, one of the gasoline USTs and one of the diesel USTs were formerly utilized for waste oil storage. Approximately 350 cubic yards of impacted soil and overburden were removed and disposed offsite in 1995. No groundwater monitoring wells have been installed at the Site. According to grab groundwater data collected from soil borings, water quality objectives for benzene and MTBE have not been achieved and the contaminant plume is undefined. The petroleum release is limited to the soil and shallow groundwater. According to data available in GeoTracker, there are no supply wells regulated by the California Department of Public Health within 1,000 feet of the Site. No other water supply wells have been identified within 1,000 feet of the Site in files reviewed. There is no identified surface water within 250 feet of the Site. The nearest surface water body, Strawberry Creek, is located approximately 700 feet north-northeast of the Site. Water is provided to water users near the Site by the East Bay Municipal Utilities District. The affected groundwater is not currently being used as a source of drinking water, and it is highly unlikely that the affected groundwater will be used as a source of drinking water in the foreseeable future.

Environmental Interest/Information System:
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and

Site Name: TOYOTA OF BERKELEY-DETAIL SHOP
Violation Date: 03-27-2017
Citation: 40 CFR 1 265.174 - U.S. Code of Federal Regulations, Title 40, Chapter 1, Section(s) 265.174
Violation Description: Failure to inspect hazardous waste storage areas at least weekly and look for leaking and deteriorating containers.
Violation Notes: Returned to compliance on 03/30/2017.
Violation Division: Berkeley City Toxics Management Division
Violation Program: HW
Violation Source: CERS,

Evaluation:
Eval General Type: Compliance Evaluation Inspection
Eval Date: 03-27-2017
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Routine HMBP, Hazardous Waste and Stormwater facility compliance inspection. The 2017 Cers submittal was done on 2.6.2017 and was reviewed for completeness during the inspection. Training records were reviewed. Eye wash stations needed to be inspected. Oil Water separator, they did know the last time it was pumped out, requested contractor to pump out asap, and was completed.

contractor to pump out asap, and was completed.
Eval Division: Berkeley City Toxics Management Division
Eval Program: HW
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 10-03-2014
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Not reported
Eval Division: Berkeley City Toxics Management Division
Eval Program: HW
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 12-03-2020
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Met Jason Clark on-site to conduct the routine HMBP inspection. Chemical inventory was reviewed: some materials, including hazardous wastes, may be over- reported. Recommend reviewing the inventory to ensure it is accurate. Training records were reviewed: last training occurred in February 2020.
Eval Division: Berkeley City Toxics Management Division
Eval Program: HMRRP
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 12-03-2020
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Met Jason Clark on-ste to conduct the routine Hazardous Waste inspection. No waste was observed on-site. Waste water from the wash sump has been going out as non-hazardous. Only new cars, and cars in good condition for sale, are washed here so oil drippings are minimal. The hazardous materials inventory for this facility reports 3000 gallons of oily water, and 500 gallons of waste solvent, coming out of this site a year; however, the facility does not have records of this and there are no records of this in the State's Hazardous Waste Tracking database. Toxics Management Division (TMD) recommends waste generation at this facility be reviewed to ensure proper reporting in the California Environmental Reporting System (CERS). Annual permit fees with TMD are based on the amount of waste a facility generates. There may be a cost benefit to updating the Hazardous Materials Business Plan (HMBP).
Eval Division: Berkeley City Toxics Management Division
Eval Program: HW
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 10-03-2014
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Reported hazardous materials and wastes are consistent with reporting, 2014. Training appropriate for facility operations (car washing/detailing).

Environmental Interest/Information System:
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Evaluation:
Eval General Type: Compliance Evaluation Inspection
Eval Date: 03-12-2020
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: EPA ID Number, CAR 000 258 913, is active. Hazardous waste container is kept on back counter next to sink. Hazardous waste consists of waste pharmaceuticals. Haz Waste container is compatible with wastes, kept closed hen not adding or removing waste. Safety: Emergency response posting is compliant. Contains emergency phone numbers, location of emergency response equipment. Spill kit consists of absorbent material. Manifest Review: Manifests were available at time of inspection. Reviewed manifests for 2017 - 3/2020. Waste Streams:

Site Name: Target Store T3202
Violation Date: 07-13-2020
Citation: HSC 6.95 25508(a)(1) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(a)(1)
Violation Description: Failure to complete and electronically submit a business plan when storing/handling a hazardous material at or above reportable quantities.
Violation Notes: Returned to compliance on 07/22/2020. Non-inspection driven violation: facility received 2nd NOV for not certifying HMBP by 3/1/20.
Violation Division: Berkeley City Toxics Management Division
Violation Program: HMRRP
Violation Source: CERS,

Evaluation:
Eval General Type: Other/Unknown
Eval Date: 04-01-2020
Violations Found: Yes
Eval Type: Other, not routine, done by local agency
Eval Notes: Non-inspection driven violation: received 1st NOV for not submitting annual HMBP certification.
Eval Division: Berkeley City Toxics Management Division
Eval Program: HMRRP
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 08-23-2021
Violations Found: Yes
Eval Type: Routine done by local agency
Eval Notes: Met Rob Jeans on-site to conduct the routine hazardous waste inspection. Waste containers were observed and appeared to be properly segregated and labeled. Waste manifests from 2/21-8/21 were observed and appeared to properly document where the waste was disposed of. There was an alkaline battery on the ground by the dumpster. Please ensure employees know alkaline batteries are hazardous waste and cannot go in the dumpster.

Eval General Type: Other/Unknown
Eval Date: 07-13-2020
Violations Found: Yes
Eval Type: Other, not routine, done by local agency
Eval Notes: Non-inspection driven violation: facility received 2nd NOV for not certifying HMBP by 3/1/20.
Eval Division: Berkeley City Toxics Management Division
Eval Program: HMRRP
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 01-23-2018
Violations Found: Yes
Eval Type: Routine done by local agency
Eval Notes: Onsite to review the information submitted in the 2/22/2017 submittal of the Hazardous Materials Business Plan. The annual certification is due by March 1, 2018 and must include the hazard categories for hazardous materials inventory. Reviewed the Consolidated Emergency Response/Contingency Plan and the facility RCRA Contingency Plan. Please note that the phone number listed for the Regional Water Quality Control Board is the Los Angeles number. The number for the San Francisco Bay Regional Water Quality Control Board is (510) 622-2460. Please update the number. The HMBP includes Miscellaneous Pharmaceutical Waste. This hazardous waste does not need to be disclosed by Target as the CVS Pharmacy is registered separately with Toxics Management Division.
Eval Division: Berkeley City Toxics Management Division
Eval Program: HMRRP

Environmental Interest/Information System:
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Hazardous Waste Summary:
Waste Code: F037
Waste Description: PETROLEUM REFINERY PRIMARY OIL/WATER/SOLIDS SEPARATION SLUDGE - ANY SLUDGE GENERATED FROM THE GRAVITATIONAL SEPARATION OF OIL/WATER/SOLIDS DURING THE STORAGE OR TREATMENT OF PROCESS WASTEWATERS AND OILY COOLING WASTEWATERS FROM PETROLEUM REFINERIES. SUCH SLUDGES INCLUDE, BUT ARE NOT LIMITED TO, THOSE GENERATED IN OIL/WATER/SOLIDS SEPARATORS; TANKS AND IMPOUNDMENTS; DITCHES AND OTHER CONVEYANCES; SUMPS; AND STORM WATER UNITS RECEIVING DRY WEATHER FLOW. SLUDGES GENERATED IN STORM WATER UNITS THAT DO NOT RECEIVE DRY WEATHER FLOW, SLUDGES GENERATED IN AGGRESSIVE BIOLOGICAL TREATMENT UNITS AS DEFINED IN SECTION 261.31(B)(2) (INCLUDING SLUDGES GENERATED IN ONE OR MORE ADDITIONAL UNITS AFTER WASTEWATERS HAVE BEEN TREATED IN AGGRESSIVE BIOLOGICAL TREATMENT UNITS), AND K051 WASTES ARE EXEMPTED FROM THIS LISTING.

Violation Date: 12-03-2020
Citation: HSC 6.67 25270.4.5(a) - California Health and Safety Code, Chapter 6.67, Section(s) 25270.4.5(a)
Violation Description: Failure to ensure that tanks are inspected and tested by an appropriately qualified person in accordance with industry standards.
Violation Notes: Returned to compliance on 08/30/2021. Hazardous waste tanks need certification every 5 years. A written assessment meeting the requirements of 22 CCR 66265.192(k) must be obtained. An independent, qualified California-registered professional engineer (PE) must review the assessment and attest that the tank system has sufficient structural integrity and is acceptable for the transferring, storing and treating of hazardous waste. Contractor was brought in in August 2021. Used oil and waste antifreeze tanks were certified on 8/24. The engineer recommended anchoring the waste antifreeze tank. This was completed by 8/30/21.

TOYOTA OF BERKELEY (Continued) **U001599673**

Site History: The former underground storage tank is located in a parking area behind the Toyota of Berkeley show room, between Channing Road and Haste Road, and adjacent to the Mechanical Building. The surrounding properties are a mix of commercial and residential facilities. On May 31, 2005, TEC Accutite removed a 550-gallon double-walled steel UST from the subject site. Formerly, this tank was used to store waste oil. On 10/2/2017, RAL and LMM did not receive feedback from the City of Berkeley Toxics Management Division requesting additional information on this case.

Environmental Interest/Information System:
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Violations:

Site ID:	11834
Site Name:	Berkeley City College
Violation Date:	01-13-2016
Citation:	HSC 6.95 25505(a)(4) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(a)(4)
Violation Description:	Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years.
Violation Notes:	Returned to compliance on 05/24/2016. Training records were unavailable confirming the annual training for hazard communication, IIPP, PPE, spill clean up, SDS, emergency response equipment, inspection procedures, etc. as laid out in the training plan. Corrective action: provide training to all employees to ensure they are thoroughly familiar with proper waste handling, emergency response procedures relevant to their responsibilities and other topics as noted in the training plan. Document the training and provide a copy of the training records to Toxics Management Division. 2/25/2016 - extension requested to original comply by date of 2/12/2016, and granted till 3/28/2016

Violation Description:	Failure to ensure employees are familiar with the handling and compliance of hazardous waste regulations and emergency response.
Violation Notes:	Returned to compliance on 05/24/2016. Personnel did not demonstrate that they were familiar with proper waste handling procedures based on observation of open containers and improper labeling. Training records were unavailable confirming the annual training for hazard communication, IIPP, PPE, spill clean up, SDS, emergency response equipment, inspection procedures, etc. as laid out in the training plan. Corrective action: provide training to all employees to ensure they are thoroughly familiar with proper waste handling, emergency response procedures relevant to their responsibilities and other topics as noted in the training plan. Document the training and provide a copy of the training records to Toxics Management Division. 2/25/2016 - extension requested to original comply by date of 2/12/2016, and granted till 3/28/2016

Citation: HSC 6.95 25508(a)(1) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(a)(1)
Violation Description: Failure to complete and electronically submit hazardous material inventory information for all reportable hazardous materials on site at or above reportable quantities.
Violation Notes: Returned to compliance on 04/11/2019. Hazardous materials inventory must be updated to include the federal hazard categories. Inventory entries done as categories should include the names of the chemicals being stored in the "Component Name" sections. "Max daily" on inventory should reflect the maximum amount of chemical stored onsite, not the usage. Max daily should not be less than the largest container. Chemicals that are extremely hazardous(EHS), such as formaldehyde, should be reported on the inventory. Corrective action: Update the inventory and resubmit on CERS.calepa.ca.gov

Evaluation:
Eval General Type: Compliance Evaluation Inspection
Eval Date: 01-13-2016
Violations Found: Yes
Eval Type: Routine done by local agency
Eval Notes: Room 522 Fumehood #1 -Observed cotnainers of heavy metals/inorganic hazardous waste, organic waste, trizol waste open, with no one working in the lab. The containers holding hazardous waste do not have accumulation start dates. Willard indicates the hazardous waste in the containers in the hood are transferred into larger containers in Room 521A. Waste disposal contractor picks up the hazardous waste from this room. Room 521A - carbon dioxide cylinders stored in this room along with other hazardous materials used to make solutions for the labs. Hazardous waste is stored in this area. Bottles of heavy metal/inorganic waste not labeled properly. Room 521 - Observed bottles of organic waste with funnel in opening labeled only as organic waste. Organic waste bottle was closed and labeled properly. The solid barium waste was labeled only with composition. Aqueous heavy metal waste bottles are open and only labeled with composition. The flask also has a funnel in the [Truncated]

UC BERKELEY - TANG CENTER (Continued) **S121765596**

Violation Notes: Returned to compliance on 07/24/2017. A carboy of liquid nitrogen was observed in the receiving area. This needs to be added to the HMBP inventory.
Violation Division: Berkeley City Toxics Management Division
Violation Program: HMRRP
Violation Source: CERS,

Evaluation:
Eval General Type: Compliance Evaluation Inspection
Eval Date: 01-28-2021
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Due to COVID-19 restrictions, inspection was conducted via video software - Blitzz. Inspector Meridith was present for inspection. The Tang center includes a pharmacy for students and faculty. Records for pharmaceutical waste disposal were not available for review. Provide TMD with disposal records for review. Specs for Genset should be provided to TMD - particularly looking at capacity of tank to compare with hazardous material inventory. Genset is equipped with overfill alarm. Inspection logs are being completed but were not available at time of inspection - provide to TMD. SPCC for UCB which includes Tang Center to be revieweed - provide plan to TMD. Training records for Christina Wistrom, Johnny Dunn, and Raymond Sanders were provided. Provide all records requested by April 20.
Eval Division: Berkeley City Toxics Management Division
Eval Program: HMRRP
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 02-21-2014
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Facility no longer generates hazardous waste. Xrays are done digitally.
Eval Division: Berkeley City Toxics Management Division
Eval Program: HW
Eval Source: CERS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 06-22-2017
Violations Found: Yes
Eval Type: Routine done by local agency
Eval Notes: Met Tim Pine of EH&S and Ray Sanders, Facilities Manager of Tang. Reviewed the HMBP and conducted the routine HMBP inspection. Recommendation: 100 gallon diesel generator was unlocked. There is no surrounding fence. The cabinet should be locked to avoid potential tampering or vandalism. Requested training records for Ray Sanders by 7/23/17.

Violations:

Site ID:	102763
Site Name:	CAMPUS MINIMART
Violation Date:	09-25-2019
Citation:	HSC 6.7 25284.2 - California Health and Safety Code, Chapter 6.7, Section(s) 25284.2
Violation Description:	"Failure to meet one or more of the following requirements: Install or maintain a liquid-tight spill container. Have a minimum capacity of five gallons. Have a functional drain valve or other method for the removal of liquid from the spill container. Be resistant to galvanic corrosion. Perform a tightness test at installation, every 12 months thereafter, or within 30 days after a repair to the spill container. Tested using applicable manufacturer guidelines, industry codes, engineering standards, or a method approved by a professional engineer. Tested by a certified UST service technician. Maintain records of spill containment testing for 36 months. "
Violation Notes:	Returned to compliance on 11/28/2021. Spill buckets for 87 and 91 have a capacity of 3.5 gallons. Corrective Action: Spill buckets must be replaced to comply with the 5 gallon minimum capacity.

Evaluation:

Eval General Type:	Compliance Evaluation Inspection
Eval Date:	09-13-2017
Violations Found:	Yes
Eval Type:	Routine done by local agency
Eval Notes:	Met with service technician, Robert Henninger. Received system setup and alarm history. Service tech confirmed operation of diesel, regular and premium STP sump sensors and annular sensors. Tech confirmed overfill prevention on regular and premium tanks with audible and visual alarms at 90%. The diesel tank ATG riser is corroded and the tech was unable to remove the ATG to confirm operation of audible and visual alarm at 90%, at the time of inspection. Robert indicates they will repair this to ensure it is testable and confirm that it alarms at 90%. Robert confirmed operation of diesel, regular and premium line leak detectors. Confirmed sensor out, fail safe and positive shutdown. Tech confirmed operation of 1-2, 3-4, 5-6 dispenser sensors. TMD confirmed response to all alarms, monthly DO reports and training.

Eval General Type:	Compliance Evaluation Inspection
Eval Date:	10-06-2014
Violations Found:	Yes
Eval Type:	Routine done by local agency
Eval Notes:	Onsite for annual inspection at time of monitoring system certification. The certification was due 9/27/14. Met with Robert Henninger and Elmer and confirmed certificatons. Received a copy of the system setup and alarm history. Robert indicates all sensors were at lowest point when he arrived. Sump sensors had been raised up for testing when I arrived. Diesel - observed liquid in both concaves of the sump. L5 sump sensor tested and did not alarm, nor did it shut down turbine; L6 annular sensor ok: spill bucket failed; flapper present; overfill external audible/visual alarm ok; LLD- pass Regular - L3 sump sensor ok; L4 annular sensor ok; overfill alarm ok; spill bucket pass; LLD pass Premium- L1 sump sensor ok; L2 annular sensor ok; spill bucket fail; overfill alarm ok; LLd fail Confirmed positive shutdown on all but L5, failsafe confirmed, sensor out confirmed. UDC sensors - When other dispensers are operating, a leak in dispenser does not shut down the [Truncated]
