**Land Acknowledgement Statement:** *The City of Berkeley recognizes that the community we live in was built on the territory of xučyun (Huchiun (Hooch-yoon)), the ancestral and unceded land of the Chochenyo (Cho-chen-yo)-speaking Ohlone (Oh-low-nee) people, the ancestors and descendants of the sovereign Verona Band of Alameda County. This land was and continues to be of great importance to all of the Ohlone Tribes and descendants of the Verona Band. As we begin our meeting tonight, we acknowledge and honor the original inhabitants of Berkeley, the documented 5,000-year history of a vibrant community at the West Berkeley Shellmound, and the Ohlone people who continue to reside in the East Bay. We recognize that Berkeley’s residents have and continue to benefit from the use and occupation of this unceded stolen land since the City of Berkeley’s incorporation in 1878. As stewards of the laws regulating the City of Berkeley, it is not only vital that we recognize the history of this land, but also recognize that the Ohlone people are present members of Berkeley and other East Bay communities today. The City of Berkeley will continue to build relationships with the Lisjan Tribe and to create meaningful actions that uphold the intention of this land acknowledgement.*

**Absent:** Bartlett

Councilmember Bartlett present at 6:45 p.m.

**Land Acknowledgement Statement:** *The City of Berkeley recognizes that the community we live in was built on the territory of xučyun (Huchiun (Hooch-yoon)), the ancestral and unceded land of the Chochenyo (Cho-chen-yo)-speaking Ohlone (Oh-low-nee) people, the ancestors and descendants of the sovereign Verona Band of Alameda County. This land was and continues to be of great importance to all of the Ohlone Tribes and descendants of the Verona Band. As we begin our meeting tonight, we acknowledge and honor the original inhabitants of Berkeley, the documented 5,000-year history of a vibrant community at the West Berkeley Shellmound, and the Ohlone people who continue to reside in the East Bay. We recognize that Berkeley’s residents have and continue to benefit from the use and occupation of this unceded stolen land since the City of Berkeley’s incorporation in 1878. As stewards of the laws regulating the City of Berkeley, it is not only vital that we recognize the history of this land, but also recognize that the Ohlone people are present members of Berkeley and other East Bay communities today. The City of Berkeley will continue to build relationships with the Lisjan Tribe and to create meaningful actions that uphold the intention of this land acknowledgement.*

### 13. **Police Accountability Board Report: Fair and Impartial Policing Implementation** (Reviewed by the Public Safety Committee) (Item contains supplemental material)

#### **From: Police Accountability Board**

**Recommendation:** Approve the following recommendations and instruct the Berkeley Police Department (BPD) and Police Accountability Board (PAB) to proceed with their implementation:

Recommendations to the Berkeley Police Department: 1. Three-prong approach. a. Definition of Low-Level Traffic Infractions: A definition consistent with SB 50 should be adopted. b. Primary Collision Factors: This prong should specify the mode of the party at fault. c. Community Reports: Under the category of "a variety of unsafe driving incidents," policies should be put in place that specify which calls for service will result in law enforcement action. That specification should be derived from an analysis of the 13% of calls from community members that resulted in a citation or arrest, as per the City Auditor's July 2021 report. d. Community Caretaking: This prong needs more specificity, and its components should be based on Berkeley data rather than national statistics, as is done for Prong 1 (Primary Collision Factors). Specifically, the analysis should examine which other factors (non-PCFs) are highly associated with severe and fatal collisions in Berkeley. The open-ended quality of this prong may contribute to more non-safety-related stops than is called for in the Council directive. If more specificity is not possible or feasible, this prong should be eliminated. e. Reporting: Future BPD updates on FIP implementation should include statistical information enabling an analysis of the impact of the three-prong approach on reducing or eliminating stops for low-level offenses—a primary focus of the Council directive—in a manner that supports an overall assessment and an understanding of the approach's impact on reducing racial disparities in traffic stops. 2. Evidence-based definition for stops of criminal suspects: a. Establish an evidence-based definition for stops of criminal suspects. b. Explain how precision-based policing, feedback loops, and accountability measures referenced in BPD FIP implementation updates relate to this recommendation and addresses the directive to establish an evidence-based definition for stopping criminal suspects. 3. Enhanced implicit bias training: Per the Council's directive, ensure that BPD personnel receive intensive annual training dedicated to implicit bias. 4. EIS: Pending the deployment of a new Early Intervention and Risk Management system, EIS audits should be focused on officers who are outliers on the variables stipulated in the Department's EIS, with a particular focus on racial disparities in stops, arrests, and searches. A designated PAB Member should serve as an observer in this process, as has been informally agreed to. Future audit reports should include the scope of what was reviewed and a clear statement of findings within the confines of officer confidentiality. 5. Written consent searches: Future reporting to the council should include the number of consent searches conducted per reporting period and their effect on racial disparities in searches, compared to consent search numbers before implementation. 6. Warrantless searches of people on supervised release: Future FIP updates should identify the impact of the new BPD Policy 311.6 on the numbers of searches and arrests of people on probation and parole and the racial disparities in them. 7. Profiling by proxy: Future BPD updates should specify what

## Consent Calendar

instructions dispatchers are given on profiling by proxy, and any impact the instruction and corresponding Communications Manual amendments have had on racial disparities in departmental response to calls for service. 8. Business cards: Ensure that business cards are distributed as mandated by the Council directive. 9. Make resources on police-civilian encounters publicly available, such as through RAHEEM.org.

Recommendations to the Police Accountability Board:

1. Scenario-based training: The 2021 Council specifically referred to the PAB oversight of the implementation of a scenario-based training component in the existing officer training required by the California Penal Code. This topic will be agendized for discussion at a future PAB meeting, including the appropriateness of, and ability of the PAB to oversee departmental training. 2. Crisis Intervention Team (CIT): The 2021 Council item refers to the PAB accelerating CIT activity. This will be discussed in future PAB meetings.

Recommendations to the Berkeley City Council:

1. Establish metrics to assess the success of implementing FIP directives. Currently, the BPD appears to be focused entirely on policy, and on tests of bias, as evidenced in its recently published Annual Report. The PAB has focused instead on outcomes, addressing the key question of whether racial disparities have decreased in any of the areas subject to FIP directives. 2. Eliminate reporting requirements for recommendations that the PAB ascertains have been fully implemented. 3. Require BPD to report biannually on: a. Traffic stops by each prong of their 3-prong framework and by race within each prong. b. Stop, search, and arrest data by probation/parole status and race. c. Calls for service by the race of the reporter and reportee.

**From: Councilmember Tregub (Author), Mayor Ishii (Co-Sponsor), Councilmember Humbert (Co-Sponsor), Councilmember Lunaparra (Co-Sponsor)**

**Recommendation:** Adopt a Resolution in support of California State Senate (SB) Bill 81 (Arreguín), Healthcare Provider Entities: Information Sharing amend Sections 56.05 and 56.10 of the Civil Code, and to add Chapter 1.5 (commencing with Section 1249) to Division 2 of the Health and Safety Code, relating to health and care facilities, and declaring the urgency thereof, to take effect immediately; and distribute copies to the California Governor Gavin Newsom, Senator Jesse Arreguín, Assemblymember Buffy Wicks, California Senate President pro Tempore Mike McGuire, and California Assembly Speaker Robert Rivas to advocate for its passage. SB 81 would mandate healthcare facilities to develop protocols for monitoring and receiving visitors, as well as designating certain areas as nonpublic in order to maintain a secure environment aligned with the facility's mission and commitment to patient care. Additionally, the bill would prohibit immigration enforcement agents from entering nonpublic areas of a facility without a valid judicial warrant or court order. It would also protect patient information by barring the disclosure of a person's current or past immigration status or place of birth for purposes related to immigration enforcement.

2) As part of Item 17, the Berkeley City Council directs the City Manager to address each of the elements below:

#### 1. Biannual (Twice Per Year) Audit Report

The Berkeley Police Department’s Biannual Surveillance Technology Report, presented each November, shall include, but not be limited to the following information from the preceding review period as an additional privacy safeguard:

a. Confirm that BPD doesn’t enter any direct data sharing agreements or give direct access to outside agencies. A log of any instance of when surveillance video and/or audio data has been shared, including date, time, reason for search, and any recipient agencies.

## Action Calendar – New Business

### 2. The Council supports the following recommendations of the Berkeley Police Accountability Board (PAB):

a. Use Policies Section 351.4.2/1304.2: “Video surveillance systems and recordings are subject to the Berkeley Police Department’s Immigration Law Policy, and hence may not be shared with federal immigration enforcement officials, unless required by federal law.”

b. Use Policies Section 351.4.2/1304.2: “Video recordings shall not be disclosed to law enforcement agencies from other states if the purpose of the request is to support the enforcement of laws that restrict or criminalize reproductive rights or rights regarding the provision or receipt of gender-affirming care.”

c. The Sanctuary City Ordinance, scheduled for a Council vote in Fall 2025, will likely, among other topics, address how the City of Berkeley handles and reports requests from federal immigration authorities, vendors, or any non-local agencies to access data for federal immigration enforcement purposes, as well as the recipients of such reports. Additionally, in the event a Federal Agency is given BPD-owned data stored with Flock the Berkeley Police Chief or designee will notify the City Manager, City Attorney, and City Council within 72 hours of the discovery of the incident.

d. Add a new section to the Fixed Video Surveillance Policy requiring BPD to observe certain safeguards with respect to surveillance camera data from the Berkeley Police Department’s ALPR policy (Section 1304.12).

### 3. Additional Safeguards

a. The Berkeley City Council reaffirms its intention to approve contracts that are in full compliance with Berkeley City Law, including but not limited to subject BPD policies and the to-be-delivered Sanctuary City Ordinance. As a matter of course, the Berkeley City Council directs the City Manager to ensure that no proposed contractual clauses with Flock for proposed Flock Safety Condor Video Cameras are, or could potentially be, in conflict with Berkeley City Law, prior to final approval of the contract by the Berkeley City Council. For example, Sections 4.3 and 5.3 of Flock boilerplate contractual language appears to contradict city policy. These and other provisions are to be discussed during contract negotiations.

b. The City of Berkeley reaffirms the City Manager’s authority, which may be delegated to the Berkeley Police Chief, to pause or end the deployment of the subject equipment at any time and for any cause. The City Council shall be, within 48 hours, notified of any such decision to pause or end its deployment.

**Vote:** Ayes – Kesarwani, Taplin, Bartlett, Tregub, O’Keefe, Blackaby, Humbert, Ishii; Noes – Lunaparra.

**Land Acknowledgement Statement:** *The City of Berkeley recognizes that the community we live in was built on the territory of xučyun (Huchiun (Hooch-yoon)), the ancestral and unceded land of the Chochochenyo (Cho-chen-yo)-speaking Ohlone (Oh-low-nee) people, the ancestors and descendants of the sovereign Verona Band of Alameda County. This land was and continues to be of great importance to all of the Ohlone Tribes and descendants of the Verona Band. As we begin our meeting tonight, we acknowledge and honor the original inhabitants of Berkeley, the documented 5,000-year history of a vibrant community at the West Berkeley Shellmound, and the Ohlone people who continue to reside in the East Bay. We recognize that Berkeley's residents have and continue to benefit from the use and occupation of this unceded stolen land since the City of Berkeley's incorporation in 1878. As stewards of the laws regulating the City of Berkeley, it is not only vital that we recognize the history of this land, but also recognize that the Ohlone people are present members of Berkeley and other East Bay communities today. The City of Berkeley will continue to build relationships with the Lisjan Tribe and to create meaningful actions that uphold the intention of this land acknowledgement.*
