I. BACKGROUND

Project Introduction

The Berkeley Municipal Pier was closed in July 2015 due to visually observed structural problems on the underside of the concrete decking and pilings. In 2017, the City retained the GHD Structural Engineering firm to assess the problem and develop a range of potential solutions and costs. In 2018, the Water Emergency Transportation Authority (WETA) staff-initiated discussions with City staff regarding the possibility of new ferry service at the Berkeley Waterfront. During those initial discussions, WETA and City staff realized that it could be cost-effective to investigate a single pier that would provide two uses, ferry service and public recreation. In 2019, WETA and the City Council authorized a Memorandum of Understanding Agreement (MOU) to jointly fund a planning study to evaluate the feasibility of a dual-purpose pier.

In December 2021, staff presented the preferred concept from the Feasibility Study (*Feasibility Study for the Ferry Facility at Berkeley Municipal Pier*, GHD, June 2023) to City Council (*Large Scale Ferry Feasibility Study – A Preferred Concept*, Work Session Memorandum, December 7, 2021). The next phase of the Project is to complete engineering, environmental, and design efforts. **This Request for Qualifications (RFQ) is for environmental support services for the Berkeley WTPF Project.**

Project Description

The project will replace approximately the first 1,080 LF, of the existing failed pier (as measured from the eastern-most side of the existing Pier), at the Berkeley Marina with a new pier and ferry infrastructure. Additionally, the project also includes landside improvements related to the pier or ferry such as public transit, vehicles, bicycles, pedestrians, and Bay Trail.

Conceptual Waterside Elements Include:

- A new ferry boarding pier (580 LF) extending from the shoreline at Seawall Drive westward to a new breakwater. The ferry pier will include new piles, boarding float(s), gangway(s), and security entrance.
- A new breakwater structure (400 LF) perpendicular to the new pier to create a safe harbor from the predominant southwesterly wind and waves for ferry boarding on the north side of the new pier. The breakwater will have surface decking to allow public access.
- An extension of the new pier from the breakwater westward into the Bay for public access (500 LF). All together, these elements will provide approximately 1,480 Linear Feet of pier available for ferry and public access.
- The new pier will be 22 feet wide to accommodate both ferry foot traffic, public access, and emergency and maintenance vehicles (the existing failed pier is 22 feet wide).
- Waterside electric vessel charging infrastructure may include batteries, charging cables, switch gear and other related facilities or equipment.

Conceptual Landside Elements Include:

- A renovation of the existing parking lot (330 total spaces) whereby 250 parking spots will be designated for ferry users.
- Street improvements at Seawall Drive with new pavement, drop-off zone for shuttles, rideshares, and family vehicles, safety striping for vehicle, bicycle, and pedestrian crossings, and stormwater bioswales to treat stormwater.
- Street improvements at University Ave. with new layover pullouts for public buses and shuttles, safety striping for vehicles, bike lanes, and pedestrian crossings to the ferry terminal.
- Extension of the existing Bay Trail at the Marina westward (from Adventure Playground) to the ferry terminal.
- Renovated pedestrian pathways and safety lighting, new restroom, new fish cleaning area, trash receptacles and benches, and additional amenities.

- Relocation of the existing parking zone along Seawall Drive from the west side to east side of the road to allow for the Bay Trail Extension to the ferry terminal.
- A new water access point at the small peninsula at the southwest corner of Seawall Drive.
- Landside electric vessel charging infrastructure may include batteries, charging cables, switch gear and other related facilities or equipment.

This conceptual scope may be modified based on the results of environmental and engineering studies and final design.

II. SCOPE OF SERVICES

The Final Scope of Services will be developed with the selected firm. The Final Scope of Services is anticipated to include, but not be limited to, the following tasks:

Project Management & Coordination

- Regular, bi-weekly meetings with City Project Manager to coordinate overall work
- Coordination with Design Team regarding project alternatives, scope, impacts and mitigation measures
- Coordination with other City consultants (including but not limited to existing Parking & Transportation Consultants) as needed to deliver project environmental documents and permits

Environmental Technical Studies

Conduct all necessary technical studies that will be required to evaluate and assess the impacts of the BWTPF Project. These studies will be documented in technical memorandum that are suitable for inclusion in CEQA/NEPA appendices. This includes, but not limited to:

- Biological Technical Report (Aquatic and Terrestrial)
Note: Suitable both for CEQA, NEPA and consultation with state and federal permitting agencies (i.e. California Department of Fish & Wildlife, National Marine Fisheries Service, etc.)
- Hydroacoustic Assessment
- Greenhouse Gas Emissions
- Tribal Cultural Resources
- Hydrology / Water Quality
- Geology / Soils
- Recreation
- Noise
- Air Quality
- Land Use / Planning

- Aesthetics
- Utilities / Service Systems

Note: City has initiated the BWTPF Project Parking & Transportation Demand Management Analysis by others, and a Parking & Transportation technical memorandum is not anticipated to be included in the scope of work for this contract.

Alternatives Analyses

Coordinate with City and design team to identify technically feasible alternatives or Project elements that could avoid or substantially lessen one or more of the significant effects, if any.

CEQA Document

- The City has published a Draft Waterfront Specific Plan (WSP), which is a long-term programmatic planning document for the Berkeley Waterfront that is a separate project from the Pier-Ferry Project. The City is in the process of evaluating the need for revisions to the Draft WSP, which may impact the schedule for adoption and/or environmental analyses for the WSP. Until the WSP scope and schedule is determined, it is unknown what level of coordination between the WSP and BWTPF environmental documents will be required (e.g., two separate but coordinated environmental review processes or a single combined process).
- Firms should submit qualifications regarding their experience developing CEQA Documents for Projects of a similar scale and complexity. The initial contract will not fund Task C. A future amendment will be authorized via a Contract Amendment once the CEQA document scope and schedule has been finalized.

National Environmental Policy Act (NEPA) / Federal Compliance

- Federal funding has not been secured for this Project at this time, however, it is assumed that federal funding will be required for Project construction, and that an Environmental Assessment (EA) or Environmental Impact Statement (EIS) will be required for the NEPA review. It is further assumed that the future federal lead agency will be the Federal Transit Administration (FTA).
- The selected firm will be tasked to develop a stand-alone EA in accordance with the (23 CFR 771.115) and the FTA Guidelines. It is anticipated that the NEPA process will be conducted with the FTA after the CEQA process is complete. To the greatest extent possible, the EA shall utilize the same analyses conducted for CEQA.
- Section 4(f) Determination: It is anticipated that the Project will need to comply with Section 4(f). Selected firm shall support the development of a Section 4(f) Determination for submittal to federal funding agencies. Qualifications should demonstrate experience in Section 3(f) consultation/determination.

Public / Stakeholder Outreach & Meetings

- Prepare and distribute all required notices and conduct outreach to regulatory agencies, interested parties, the public at large and stakeholders to comply with applicable state and federal rules and regulations. This includes, but is not limited to, AB52 (Tribal Cultural Resources) and Section 106 (SHPO) Consultation.
- Assist the City in leading up to six scoping and public meetings regarding the environmental review for the Project and provide documentation of these processes, pursuant to CEQA and NEPA requirements.

Resource Agency Permitting

The selected firm will support the City with initial permit consultation, application preparation and submittal and support through permit approvals. Project permits are anticipated to potentially include:

- Bay Conservation and Development Commission (BCDC) major amendment to existing BCDC Permit

- California Department of Fish & Wildlife (CDFW): Lake/Streambed Alternation Agreement; California endangered species act incidental take permit
- National Marine Fisheries and US Fish and Wildlife Services: Endangered Species Act (ESA), Section 7 Consultation; Magnuson-Stevens Fishery Conservation and Management Act (MSA) for Essential Fish Habitat Consultation; Biological Assessment for ESA Section 7 and MSA Essential Fish Habitat
- San Francisco Bay Water Quality Control Board: Clean Water Act, Section 401 Water Quality Certification
- U.S. Army Corps of Engineers: Rivers and Harbors Act of 1899, Section 10 Consultation; Clean Water Act, Section 404 Consultation; Regional General Permit

Construction Administration

Construction Administration Phase will be authorized via Contract Amendment once the construction schedule and funding has been defined. No detailed scope of work / project understanding is necessary at this time, but the qualifications should include demonstration of construction administration support for representative Projects with a similar scope and complexity.

This Project is anticipated to be constructed as a Design-Bid-Build Project. The contract may include support during the construction phase of work.

The City will then rank the short-listed proposers and will attempt to negotiate a satisfactory contract with the top ranked respondent. If the City is unable to reach agreement with the selected respondent, the City will repeat the negotiation process with the next highest ranked respondent, and so on, if necessary.

The City reserves the right to reject any and all submissions.

VI. CITY REQUIREMENTS

A. Non-Discrimination Requirements:

Ordinance No. 5876-N.S. codified in B.M.C. Chapter 13.26 states that, for contracts worth more than \$3,000 bids for supplies or bids or proposals for services shall include a completed Workforce Composition Form. Businesses with fewer than five employees are exempt from submitting this form. (See B.M.C. 13.26.030) Under B.M.C. section 13.26.060, the City may require any bidder or vendor it believes may have discriminated to submit a Non-Discrimination Program. The Contract Compliance Officer will make this determination. This applies to all contracts and all consultants (contractors). Berkeley Municipal Code section 13.26.070 requires that all contracts with the City contain a non-discrimination clause, in which the contractor agrees not to discriminate and allows the City access to records necessary to monitor compliance. This section also applies to all contracts and all consultants. **Bidders must submit the attached Non-Discrimination Disclosure Form with their proposal.**

B. Nuclear Free Berkeley Disclosure Form:

Berkeley Municipal Code section 12.90.070 prohibits the City from granting contracts to companies that knowingly engage in work for nuclear weapons. This contracting prohibition may be waived if the City Council determines that no reasonable alternative exists to doing business with a company that engages in nuclear weapons work. If your company engages in work for nuclear weapons, explain on the Disclosure Form the nature of such work.

Bidders must submit the attached Nuclear Free Disclosure Form with their proposal.

C. Oppressive States:

The City of Berkeley prohibits granting of contracts to firms that knowingly provide personal services to specified Countries. This contracting prohibition may be waived if the City Council determines that no reasonable alternative exists to doing business with a company that is covered by City Council Resolution Nos. 59,853-N.S., 60,382-N.S., and 70,606-N.S. If your company or any subsidiary is covered, explain on the Disclosure Form the nature of such work.

Bidders must submit the attached Oppressive States Disclosure Form with their proposal.

D. Sanctuary City Contracting Ordinance:

Chapter 13.105 of the Berkeley Municipal Code prohibits the City from granting and or retaining contracts with any person or entity that provides Data Broker or Extreme Vetting services to the U.S. Immigration and Customs Enforcement Division of the United States Department of Homeland Security ("ICE").

Bidders must submit the attached Sanctuary City Compliance Statement with their proposal.

E. Conflict of Interest:

In the sole judgment of the City, any and all proposals are subject to disqualification on the basis of a conflict of interest. The City may not contract with a vendor if the vendor or an employee, officer or director of the proposer's firm, or any immediate family member of the preceding, has served as an elected official, employee, board or commission member of the City who influences the making of the contract.

Furthermore, the City may not contract with any vendor whose income, investment, or real property interest may be affected by the contract. The City, at its sole option, may disqualify any proposal on the basis of such a conflict of interest.

Please identify any person associated with the firm that has a potential conflict of interest.

F. Berkeley Living Wage Ordinance:

Chapter 13.27 of the Berkeley Municipal Code requires that contractors offer all eligible employees with City mandated minimum compensation during the term of any contract that may be awarded by the City. If the Contractor is not currently subject to the Living Wage Ordinance, cumulative contracts with the City within a one-year period may subject Contractor to the requirements under B.M.C. Chapter 13.27. A certification of compliance with this ordinance will be required upon execution of a contract.

The current Living Wage rate can be found here:

https://www.cityofberkeley.info/Finance/Home/Vendors_Living_Wage_Ordinance.aspx.

The Living Wage rate is adjusted automatically effective June 30th of each year commensurate with the corresponding increase in the Consumer Price Index published in April of each year. If the Living Wage rate is adjusted during the term of your agreement, you must pay the new adjusted rate to all eligible employees, regardless of what the rate was when the contract was executed.

G. Berkeley Equal Benefits Ordinance:

Chapter 13.29 of the Berkeley Municipal Code requires that contractors offer domestic partners the same access to benefits that are available to spouses. A certification of compliance with this ordinance will be required upon execution of a contract.

H. Statement of Economic Interest:

The City's Conflict of Interest Code designates "consultants" as a category of persons who must complete Form 700, Statement of Economic Interest, at the beginning of the contract period and again at the termination of the contract. The selected contractor will be required to complete the Form 700 before work may begin.

VII. OTHER REQUIREMENTS

A. Insurance:

The selected contractor will be required to maintain general liability insurance in the minimum amount of \$2,000,000, automobile liability insurance in the minimum amount of \$1,000,000 and a professional liability insurance policy in the amount of \$2,000,000 to cover any claims arising out of the performance of the contract. The general liability and automobile insurance must name both Alameda County Transportation Commission and the City of Berkeley and their boards, officers, agents, volunteers and employees as additional insured.

B. Worker's Compensation Insurance:

A selected contractor who employs any person shall maintain workers' compensation insurance in accordance with state requirements. Sole proprietors with no employees are not required to carry Worker's Compensation Insurance.

C. Business License:

Virtually every contractor that does business with the City must obtain a City business license as mandated by B.M.C. Ch. 9.04. The business license requirement applies whether or not the contractor has an office within the City limits. However, a "casual" or "isolated" business transaction (B.M.C. section 9.04.010) does not subject the contractor to the license tax. Warehousing businesses and charitable organizations are the only entities specifically exempted in the code from the license requirement (see B.M.C. sections, 9.04.295 and 9.04.300). Non-profit organizations are granted partial exemptions (see B.M.C. section 9.04.305). Persons who, by reason of physical infirmity, unavoidable misfortune, or unavoidable poverty, may be granted an exemption of one annual free license at the discretion of the Director of Finance. (See B.M.C. sections 9.04.290).

Vendor must apply for a City business license and show proof of application to Purchasing Manager within seven days of being selected as intended contractor.

The Customer Service Division of the Finance Department located at 1947 Center Street, Berkeley, CA 94704, issues business licenses. Contractors should contact this division for questions and/or information on obtaining a City business license, in person, or by calling 510-981-7200.

D. Recycled Paper:

Any printed reports for the City required during the performance of the work shall be on 100% recycled paper and shall be *printed on both sides of the page* whenever practical.

E. State Prevailing Wage:

Certain labor categories under this project may be subject to prevailing wages as identified in the State of California Labor Code commencing in Section 1770 et seq. These labor categories, when employed for any “work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work,” constitute a “Public Work” within the definition of Section 1720(a)(1) of the California Labor Code requiring payment of prevailing wages.

Wage information is available through the California Division of Industrial Relations web site at: http://www.dir.ca.gov/OPRL/statistics_and_databases.html

F. Local Vendor Preference:

City of Berkeley applies a local vendor preference for scoring RFQ submissions (City Council Resolution No. 69,890-N.S.)

A **local business** is defined as “a business firm with fixed offices or distribution points located within the City of Berkeley boundaries and listed in the Permits and License Tax paid file, with a Berkeley business street address.”

Pricing is not considered while reviewing competitive responses for professional services. When evaluating a technical response for professional services, local Berkeley business can earn an additional five (5) points by meeting the following years as a local Berkeley-based business:

Years as a Local Business	
Years in Berkeley	Additional Points
0 - 5	1
6 - 10	2
11 - 15	3
16 - 20	4
20 +	5

As an example, if a firm is evaluated and their score is 85/100, and they have been a (verifiable) Berkeley business for 25 years, five (5) points would be added to their score under the heading of “local vendor preference”, and their adjusted score would be 90/100.

- Questions Due 3/14/2024

The undersigned, on behalf of himself or herself individually and on behalf of his or her business or organization, hereby certifies that he or she is fully aware of Berkeley's Living Wage Ordinance, and the applicability of the Living Wage Ordinance, and the applicability of the subject contract, as determined herein. The undersigned further agrees to be bound by all of the terms of the Living Wage Ordinance, as mandated in the Berkeley Municipal Code, Chapter 13.27. If, at any time during the term of the contract, the answers to the questions posed herein change so that Contractor would be subject to the LWO, Contractor will promptly notify the City Manager in writing. Contractor further understands and agrees that the failure to comply with the LWO, this certification, or the terms of the Contract as it applies to the LWO, shall constitute a default of the Contract and the City Manager may terminate the contract and bar Contractor from future contracts with the City for five (5) years from the effective date of the Contract termination. CITY OF BERKELEY
Equal Benefits Ordinance Disclosure Form

As a condition of being awarded a contract with the City of Berkeley, the selected Contractor/Vendor (“Contractor”) may be required, during the performance of the contract, to comply with the City’s non-discrimination provisions of the Equal Benefits Ordinance (“EBO”) as set forth in Berkeley Municipal Code, Chapter 13.29. The EBO requires that during the performance of a contract, the Contractor shall provide equal benefits to its employees with spouses and employees with domestic partners. Benefits include, but are not limited to, health benefits, bereavement leave, family medical leaves, membership and membership discounts, moving expenses, retirement benefits, and travel benefits. A cash equivalent payment is permitted if an employer has taken all reasonable efforts to provide domestic partner’s with access to benefits but is unable to do so. A situation in which a cash equivalent payment might be used is if the employer has difficulty finding an insurance provider that is willing to provide domestic partner benefits

The EBO is applicable to the following employers:

- For-profit employers that have a contract with the City for the purchase of goods, services, public works or improvements, and other construction projects in the amount of \$25,000 or more
- Non-profit employers that have a contract with the City for the purchase of goods, services, public works or improvements, and other construction projects in the amount of \$100,000 or more
- Lessees of public property, licensees, concessionaires, and franchises that generate \$350,000 or more in annual gross receipts
- Entities which receive a grant agreement of \$100,000 or more

Contractors who are subject to the EBO must certify to the City before execution of the contract by completing form EBO-1 that they are in compliance with the EBO or have been issued a waiver by the City. Contractors must also allow authorized City representatives access to records so the City can verify compliance with the Ordinance.

The EBO includes provisions that address difficulties associated with implementing procedures to comply with the EBO. Contractors can delay implementation of procedures to comply with the EBO in the following situations:

- (1) until the first effective date after the first open enrollment process following the contract execution date, not to exceed two years if the Contractor submits evidence of engaging in reasonable efforts to comply with the EBO;
- (2) until administrative steps can be taken to incorporate nondiscrimination in benefits in the contractor’s infrastructure, not to exceed three months, unless extended at the discretion of the City Manager; and
- (3) until the expiration of a Contractor’s current collective bargaining agreement(s)

Compliance with the EBO

If a Contractor has not received a waiver from complying with the EBO and the timeframe within which it can delay implementation has expired but it has failed to comply with the EBO, the Contractor may be deemed to be in material breach of the City agreement. In the event of a material breach, the City may cancel, terminate or suspend the City agreement, in whole or in part. The City also may deem the Contractor an irresponsible bidder and disqualify the Contractor from contracting with the City for a period of five years. In addition, the City may assess liquidated damages against the Contractor which may be deducted from money otherwise due the Contractor, and pursue any other remedies available at law or in equity.

By my signature below, I acknowledge that the Contractor understands that to the extent it is subject to the provisions of B.M.C. Chapter 13.29, the Contractor shall comply with this provision.
