Important Information on Rent Ceiling and AGA Increases

A landlord must be in compliance with the Rent Ordinance and Regulations before implementing an AGA. This means:

- The property is registered; all requisite forms have been filed and there are no outstanding fees or penalties
- The rent charged is no more than the lawful rent ceiling
- The unit has no serious repair problems or outstanding housing code violations
- The landlord is in compliance with a final Board decision on a rent adjustment petition

Note: If a tenant has a fixed-term lease, unless the lease allows the increase, the landlord will have to wait until the expiration of the lease term to implement the AGA.

Instructions to Pass Through Increased Registration Fees to Tenancies Commenced Prior to 1/1/99

Pursuant to Rent Stabilization Board Resolution 22-10, after landlords have paid the 2022-23 registration fee, they may pass through a portion of this year's fee to their tenants in the form of a \$10.00 per month rent increase for 12 consecutive months **only for tenancies that commenced prior to January 1, 1999**. The \$10.00 increase does **not** become part of the permanent rent ceiling for purposes of calculating next year's Annual General Adjustment. The \$10.00 rent increase allowed by Resolution 22-10 is not automatic, and landlords will only be eligible to pass it through to their tenants after they have paid the 2022-2023 registration fee, as well as all outstanding fees and penalties, and have given their tenants at least 30 days' prior written notice of the increase. **If landlords have already been taking a pass-through pursuant to prior Board resolutions, additional rules may apply (for example, the sum of all pass-through increases cannot exceed \$10.00 per month at any time). Landlords may contact our office for more information on other rules that may apply.** Additionally, landlords must serve notice to initiate the increase allowed by Resolution 22-10 on or before December 1, 2022, in order to receive their full pass-through. For simplicity and ease of tracking, we recommend that landlords begin taking this pass-through in January 2023 along with their Annual General Adjustment for the year. Unless subsequently extended by the Rent Board, the rent increase authorized by Resolution 22-10 must be terminated and the rent reduced by \$10.00 12 months after it is imposed or December 31, 2023, whichever is earlier. Finally, before the \$10.00 rent increase can take effect, **LANDLORDS MUST FILE WITH THE BOARD A COPY OF THE NOTICE OF RENT INCREASE WITH PASS-THROUGH THAT THEY GAVE TO THEIR TENANTS.**
