Police Retiree Medical Benefit

Note: What follows is a brief description of the Police Retiree Health Premium Assistance Plan and the change from the Police Retiree Income

Police Retiree Medical Benefit

Plan Benefit that applied to qualified retirees prior to 9/19/12. For a complete description of the entire plan see Section 32 et seq. of the Memorandum of Understanding.

Retiree Health Premium Assistance Coverage: For those employees who retire on or after September 19, 2012 and effective immediately upon the date of retirement, the City will assist in the payment of medical insurance premium payments for the retiree and/or surviving spouse/domestic partner by making payments directly to the medical insurance provider. Retirees shall be permitted at their discretion to enroll in non-City sponsored health plans. In that event, the City shall make medical insurance premium payments directly to the health insurance provider equal in value to the City sponsored health plan. The City shall not be responsible for any excess cost differentials associated with the direct payment of premiums to non-City sponsored plans. The City will only make payments through its third party administrator to provide medical insurance premium payments for an individual plan and will not make payments for a group plan. The retiree and/or surviving spouse or domestic partner will pay the administrative set up fee and the monthly administrative fee established by the third party administrator. No cash payments will be paid directly to the retiree and/or the retiree's spouse/domestic partner.

There shall be no cash in lieu payments made under this benefit.

For employees that retire on or after September 19, 2012 the City will discontinue the current practice of paying directly to the retiree the cash equivalent of the active two-party Kaiser rate. However, for those employees who retired before September 19, 2012, the City shall continue to make cash payments to these retirees under the MOU provisions in effect at the time of their retirement. The City may make payments through the new program rather than direct cash payments to those employees who retired on or after January 1, 1989 but on or before September 19, 2012 to the extent those retirees are no longer entitled to receive post-employment cash payments as provided under the prior MOU through a process that is intended to allow the new payments to be made on a non-taxable basis. Any such change in the method of providing benefits shall occur only for a period of six months beginning September 19, 2012.

Early Retirees who are not Medicare Eligible:

Beginning September 19, 2012, each month after the employee retires, the City will pay the health care service provider an appropriate percentage based on the chart above of an amount equal to \$1,200.00 per month for two-party coverage for the retiree and a qualifying spouse/domestic partner or \$600.00 per month for single party coverage. Upon the death of either the retiree or the retiree's spouse, the City will only pay the appropriate percentage based on the chart above of the single party rate to the provider on behalf of the surviving retiree or spouse/domestic partner. If there is no spouse/domestic partner at the time of retirement, the City shall only pay the single party rate. The retiree and/or surviving spouse/domestic partner will be responsible for payment of the difference between the amount the City contributes toward payment of the premium and the actual premium cost. The funds for this difference will come from the retirees CalPERS retirement account and the retiree must authorize such withdrawal of funds.

Beginning July 1, 2013 and effective each July 1 thereafter, the base rates the City contributes toward payment of the premium amount described in the preceding paragraph shall be increased by either the amount Kaiser increases the retiree medical premium for that year, or 6%, whichever is less. The retiree and/or surviving spouse/domestic partner shall pay the difference between the amount the City contributes toward payment of the premium and the actual premium cost.

Retirees who reach Medicare eligibility age

Beginning September 19, 2012, for retirees who reach Medicare eligibility age, the City will pay the health care service provider the appropriate percentage based on the chart above of an amount equal to \$765.80 per month for two-party coverage for the retiree and spouse/domestic partner or \$382.90 month for single party coverage. Upon the death of either the retiree or spouse/domestic partner, the City will only pay the appropriate percentage based on the chart above of the single party rate to the health care service provider on behalf of the surviving retiree or spouse/domestic partner. If there is no spouse at the time of retirement, the City shall only pay the single party rate. The retiree and/or surviving spouse/domestic partner will be responsible for payment of the difference between the amount the City contributes toward payment of the premium and the actual premium cost. The funds for this difference will come from the retirees CalPERS retirement account and the retiree must authorize such withdrawal of funds.

Beginning July 1, 2013 and each July 1 thereafter, the base rates the City contributes toward payment of the premium amount described in the preceding paragraph shall be increased by either the amount Kaiser increases the retiree medical premium for that year, or 6% whichever is less. The retiree and/or surviving spouse/domestic partner shall pay the difference between the amount the City contributes toward payment of the premium and the actual premium cost.

Sick Leave Program/PORAC Trust

Note: What follows is a brief description of the new that Sick Leave Program/PORAC Trust. For a complete description of the entire plan see Section 24 et seq. of the Memorandum of Understanding.

Sick Leave Program

Beginning January 1, 2013, at the end of each calendar year, if an employee has an accrued sick leave balance of 200 hours or more of sick leave, fifty percent (50%) of all hours accrued in excess of 200 hours shall be converted to a cash equivalent at the end of each calendar year. The annual cash conversion shall be calculated at the employee's hourly rate including additional pay such as POST Pay, Bilingual Pay and Longevity Pay then in effect at the end of the calendar year. The annual cash conversion shall be limited to 50% of the hours an employee has accrued in excess of 200 hours as of December 31st of each year. The City shall pay the annual cash equivalent into an employee's retiree PORAC medical trust account on behalf of the employee member. Upon retirement, any sick leave hours that have not been converted onto an employee's PORAC medical trust account, used for the purpose of additional retirement service credit as provided in PERL Section 20965, or "catastrophic/service time" bank shall be forfeited.

The remaining fifty percent (50%) of accrued hours in excess of 200 hours, up to a maximum of 500 hours, shall be maintained in the employee's separate "catastrophic/service time" bank. These hours are available for the employee's use in the event that the employee has a catastrophic illness or injury and has exhausted all accrued sick leave hours and compensatory time off hours. At the time of the employee's retirement or termination, any sick leave balance in the catastrophic/service time bank may only be used for additional retirement service credit as provided in PERL Section 20965 and the employee cannot cash it out at retirement or separation.

Sick Leave Program/PORAC Trust**Catastrophic/Service Time Bank of Hours**

The catastrophic/service time bank of hours is available for use subject to the following conditions.

Catastrophic illness or injury means an unanticipated life-threatening illness or injury, either for a permanent or temporary period anticipated to exceed thirty (30) working days, that results in the incapacity of an employee or the employee's dependent family member and by virtue of the illness or injury to the employee or the employee's dependent family member, the employee's ability to perform the essential functions of his or her usual and customary occupation is limited.

The "service time" leave component may be used for the birth or adoption of a child.

Employee shall provide the City proof of catastrophic injury or illness from an authorized health care provider on a form to be provided by the City

The employee must have exhausted all of his or her available paid leave balances (except accrued vacation) and, as a result, will be placed on unpaid leave status unless the catastrophic/service time bank is utilized.

Employee is prohibited from using the catastrophic/service time bank under the following circumstances: 1) Employee is prohibited from using the catastrophic/service time bank for any industrial injuries or illnesses that are covered by the California workers' compensation laws and regulations; 2) Employee is prohibited from simultaneously using the catastrophic/service time bank and receiving benefits under any Berkeley Police Association sponsored Long Term Disability benefit; 3) The employee is not permitted to extend employment into retirement through the use of catastrophic/service time.

Any balance in the catastrophic/service time bank at time of employee's retirement will not be cashed out. However, an employee may use any balance to purchase CalPERS additional service credit.
