

CONSTRUCTION NOTIFICATION

CITY OF BERKELEY
FY 2025 STREET MAINTENANCE AND REHABILITATION PROJECT
SPECIFICATION NO. 25-11690-C

The City of Berkeley has contracted Bay Cities Paving & Grading, Inc. on the FY 2025 Street Maintenance and Rehabilitation Project. The goal of this project is to improve various streets throughout Berkeley. The work in general consists of new concrete sidewalks, curbs, and gutters, curb ramps, storm drain infrastructure improvements, asphalt concrete removal and paving, crack sealing, microsurfacing, and traffic striping and signage.

Work on this project is expected to be completed January 2026, pending weather conditions.

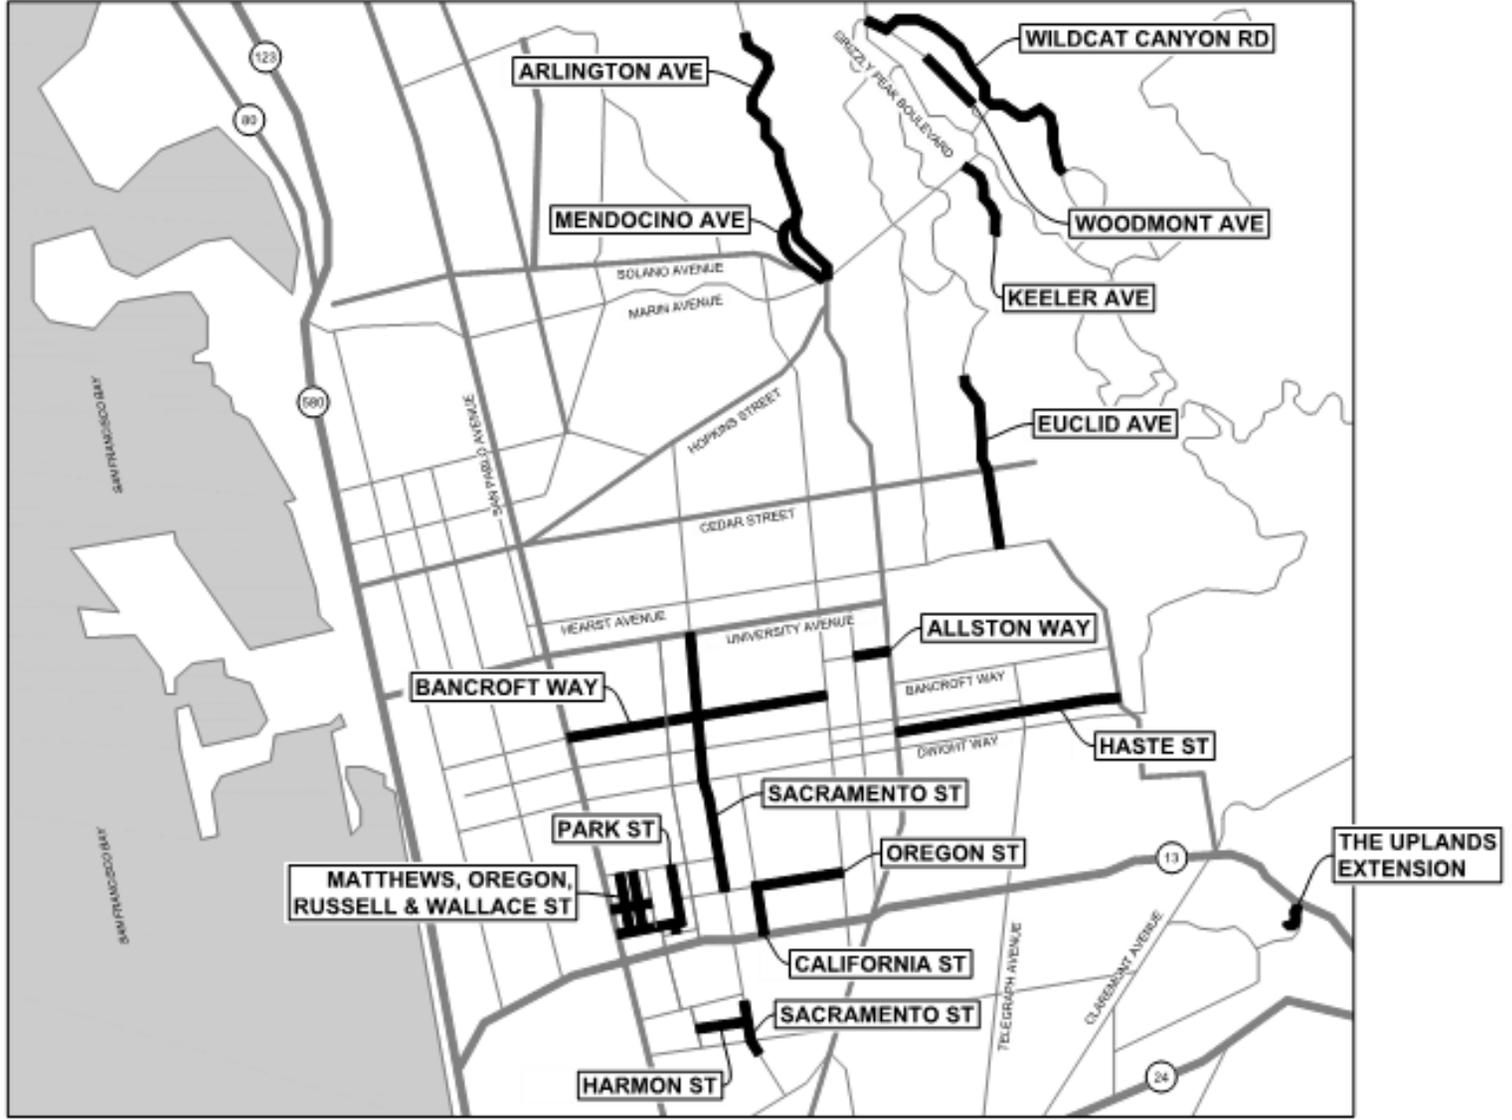

Work hours will be from 8:00 AM – 5:00 PM, Monday through Friday.

Work areas will be delineated with temporary barriers. Lane closures, traffic shifting, sidewalk and curb ramp closures, and/or detours will be in place to route travelers around work area. All travelers should exercise heightened caution around construction areas.

Expect delays when traveling in the vicinity of construction areas.

Please be aware of “No Parking” signs which will be placed at least 72 hours prior to any activities where street parking will be prohibited. Waste and recycling pickup will continue on the same schedule. Temporary driveway closures to accommodate roadway paving activities will be coordinated with local residents and businesses to mitigate disturbances.

Thank you for your patience. For more information, please call Public Works Department: (510) 981-6400, or Randy Kong (City of Berkeley Project Manager): (510) 981-6412
