

CONSTRUCTION NOTIFICATION

CITY OF BERKELEY
STREET REHABILITATION FY 2024 PROJECT
SPECIFICATION NO. 24-11624-C

The City of Berkeley has contracted with Bay Cities Paving & Grading, Inc. to construct the Street Rehabilitation FY 2024 Project. The goal of this project is to improve various streets throughout Berkeley. The work in general consists of new concrete curbs and gutters, concrete traffic diverters and circles, street base failure repairs, ARAM cape sealing, grinding and repaving, speed tables, and road striping and signage.

Work on this project is expected to be completed March 2025, pending weather conditions.

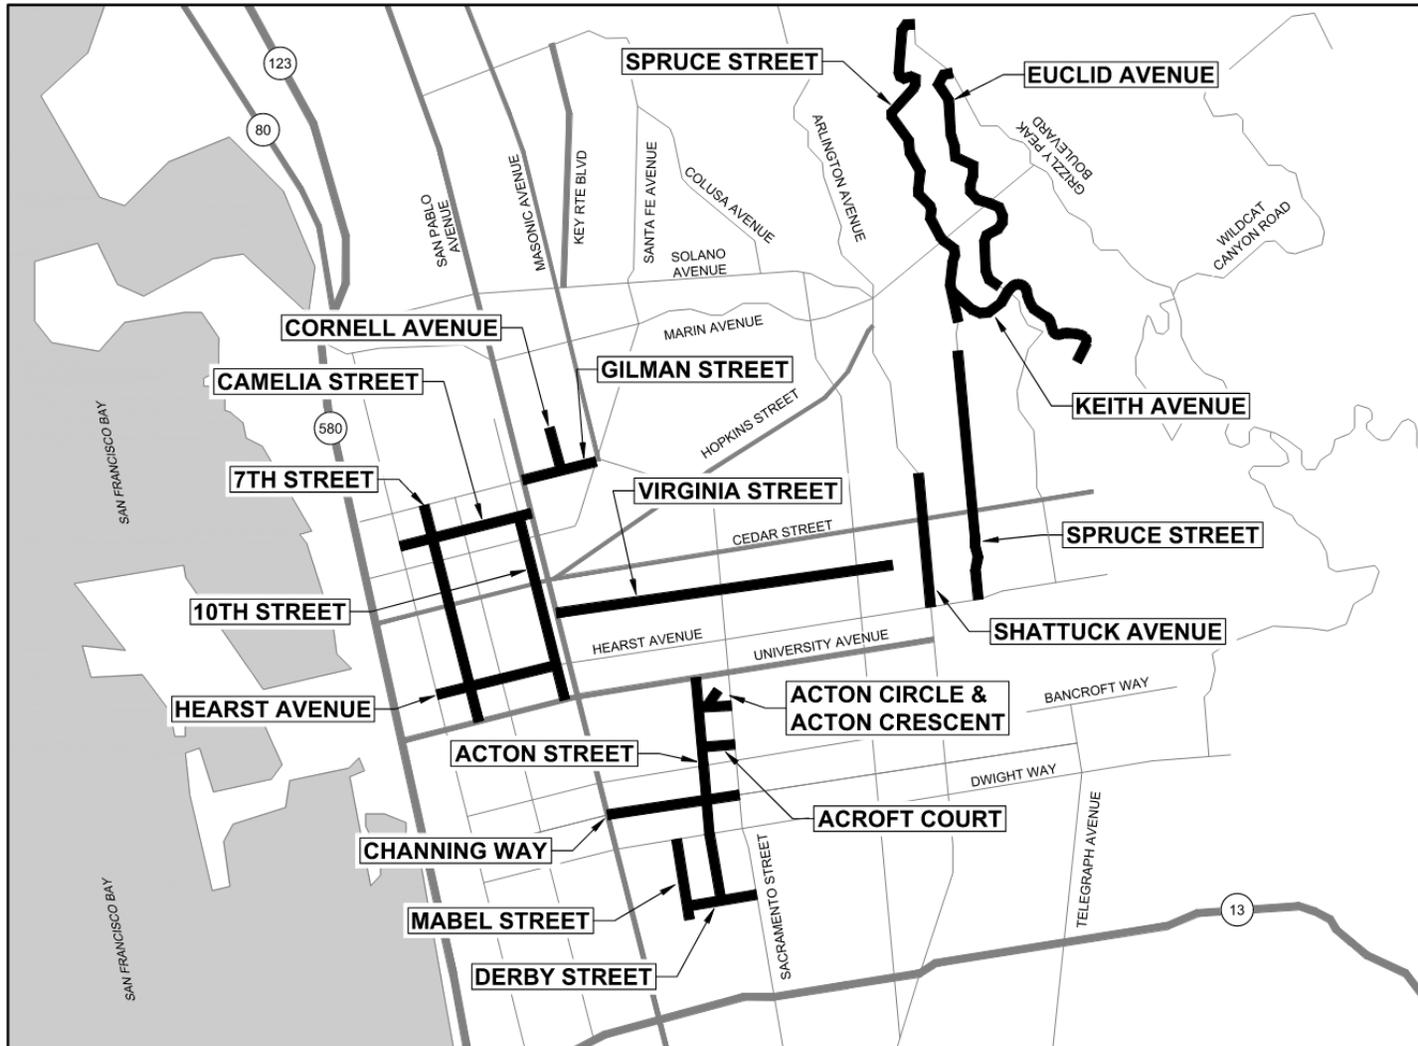

Work hours will be from 8:00 AM – 5:00 PM, Monday through Friday.

For more information, please call Public Works Department: (510) 981-6400, or Randy Kong (City of Berkeley Project Manager): (510) 981-6412

Work areas will be delineated with temporary barriers. Lane closures, traffic shifting, sidewalk and curb ramp closures, and/or detours will be in place to route travelers around work area. All travelers should exercise heightened caution around construction area.

Expect delays when traveling in the vicinity of construction areas.

Please be aware of “No Parking” signs which will be placed at least 72 hours prior to any activities where street parking will be prohibited. Waste and recycling pickup will continue on the same schedule. Temporary driveway closures to accommodate roadway paving activities will be coordinated with local residents and businesses to mitigate disturbances.
