

Office of the City Manager

REVISED AGENDA MATERIAL for Supplemental Packet 1

Meeting Date: November 12, 2019

Item Number: 21

Item Description: Amend BMC Chapter 14.52 Adding the North Shattuck Metered Parking Area to the goBerkeley Program

Submitted by: Phillip Harrington, Director, Public Works

Item 21 was continued from October 29, 2019, and if approved, will authorize staff to implement new parking meter rates and time limits in the North Shattuck commercial area under the goBerkeley parking management program.

Item 41 on the the October 29, 2019 Council Meeting Agenda was designed to accompany the Public Hearing report. In accordance with goBerkeley program guidelines, this Information Report contained price and time limit recommendations for the North Shattuck area based on public outreach and data analysis conducted in spring and summer 2019.¹ Under this proposal, all parking meters in the North Shattuck area would have a three-hour time limit at a price of \$2.00 per hour. The ability to implement these changes is contingent upon the approval of the Ordinance contained in the Public Hearing report.

Should Council approve the first and second readings of this Ordinance, staff would move forward with implementing the recommendations in the Information Report, with one notable exception: the changes would go into effect on January 1, 2020. Under the goBerkeley program, Council and the public must be notified at least thirty days prior to parking changes going into effect. Accordingly, public notification via the City's website and outreach to local merchants would begin on December 1, 2019.
