

UNIVERSITY WEST BUS STOPS & SAFETY PROJECT

The City of Berkeley is improving bus stops and pedestrian crossings on University Ave at Bonar St and Acton St. The project includes installation of corner sidewalk extensions (“bulb-outs”), sidewalk and curb ramps to improve accessibility for persons with disabilities, new bus shelters with seating and lighting, repainted crosswalks, and upgraded traffic lights with push-buttons for pedestrians to activate the traffic signals.

JOIN US FOR A VIRTUAL INFORMATION SESSION

Join us for a Virtual Info Session on Thursday, April 13th at 5:30 pm. Visit the project website for additional info and how to access the info session: <https://berkeleyca.gov/your-government/our-work/capital-projects/university-west-bus-stops>
