

CONSTRUCTION NOTIFICATION

City of Berkeley Southside Complete Streets
Specification No. 23-11572-C

The City of Berkeley has contracted with Bay Cities Paving and Grading, Inc. to construct the **Southside Complete Streets project**, which includes **Bancroft Way** (Piedmont Ave. to Milvia St.), **Fulton Street** (Bancroft Way to Dwight Way), and **Dana Street** (Bancroft Way to Dwight Way). This project will install concrete buffer-protected bike lanes on these streets, a dedicated transit lane on Bancroft (College Ave. to Shattuck Ave.), associated traffic signal timing changes, a new traffic signal at the Bancroft Way/Barrow Way intersection, a raised concrete intersection at the Bancroft Way/Telegraph Ave. intersection, and a reconfigured slip lane with a raised crosswalk at the Bancroft Way/Fulton St. intersection. Other components of this project include new roadway pavements, installation of curb ramps, signage, and pavement markings. Work on this project has an **anticipated duration of 12-15 months and is dependent upon weather conditions and construction phasing constraints.**

Visit the **project website** for more information, including construction updates, background, and contact information:

<https://berkeleyca.gov/your-government/our-work/capital-projects/southside-complete-streets-project>

The post-construction layout of these streets can be found on the project website under Past Events, City of Berkeley Council Meeting for June 27, 2023, Agenda Packet pages 18-33.

Public Works Department: (510) 981-6300

Night work on 7/1/2024, 7PM to 5AM

Night work construction will consist of paving new asphalt.

7/1/24 - Fulton St: Bancroft Way to Dwight Way
-Dana St: Bancroft Way to Dwight Way

On-street parking spaces are removed within the work areas. **“No Parking”** signs are placed, and vehicles **WILL** be towed if they are parked in these areas.

Waste and recycling pickup will continue on schedule. The work areas will not affect emergency access routes.
