Law Enforcement Services Manual

CHIEF'S PREFACE

The men and women of the Berkeley Police Department aspire to provide exceptional community service to the citizens of Berkeley. The character and responsibilities surrounding the law enforcement field requires that all personnel be given specific and consistent instructions to execute their duties and obligations. This manual is designed to provide each member a working guide to follow to aid in the requirements of their duties. While sworn and non-sworn personnel are responsible for making discretionary decisions, we are all bound by law and standards to be fair, consistent, impartial and professional. The policies, procedures, and rules set forth in this manual are a guide to the exercise of discretion and execution of duty.

The system of policy and procedure outlined in this manual reflects basic departmental functions in the major operational and administrative areas. These systems are provided to establish a format for a methodical approach to achieving Department goals and objectives. Policies and procedures are designed to support a clear understanding of the constraints and limitations allowed under law and to convey the Department's expectations of work performance.

This manual is a tool to be used to supplement individual training and experience, and is not intended to discourage employee initiative. It will not encompass every situation encountered by a member, so judicious exercise of discretion may be required.

All personnel are required to be familiar with the directives in this manual and when necessary, seek guidance and clarification from a supervisor. Members are encouraged to submit recommendations for constructive changes to improve the Department's efficiency and effectiveness. This manual will be updated as necessary to reflect changes in the law, personnel responsibilities, and Department goals and objectives.

Disclaimer: The policies, procedures, and rules expressed in this manual are for Departmental use only and do not apply in any criminal or civil proceeding. Any policy, procedure and/or rule shall not be construed as a higher legal standard of care or safety in an evidentiary sense with respect to third party claims. When a conflict occurs in any directive in this manual with Federal laws, State Statutes, City Ordinances or City Personnel Policies, the existing Federal law, State Statute, City Ordinance or City Personnel Policy will supersede the directive in conflict.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Berkeley Police Department

Law Enforcement Services Manual

Law Enforcement Authority

On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot or fresh pursuit, while following up on crimes committed within the City or while assisting another agency.

- (d) When the officer has probable cause to believe the person has committed a misdemeanor for which an arrest is authorized or required by statute even though the offense has not been committed in the presence of the officer such as certain domestic violence offenses.

103.2 POLICY

Except where otherwise expressly stated, the provisions of this manual shall be considered as guidelines. It is recognized that the work of law enforcement is not always predictable and circumstances may arise which warrant departure from these guidelines. It is the intent of this manual to be viewed from an objective standard, taking into consideration the sound discretion entrusted to members of this department under the circumstances reasonably available at the time of any incident.

103.2.1 DISCLAIMER

The provisions contained in the Policy Manual are not intended to create an employment contract nor any employment rights or entitlements. The policies contained within this manual are for the internal use of the Berkeley Police Department and shall not be construed to create a higher standard or duty of care for civil or criminal liability against the City, its officials or members. Violations of any provision of any policy contained within this manual shall only form the basis for department administrative action, training or discipline. The Berkeley Police Department reserves the right to revise any policy content, in whole or in part.

207.4 APPLICATION PROCESS

The application process for a license to carry a firearm shall consist of two phases. Upon the successful completion of each phase, the applicant will advance to the next phase until the process is completed and the license is either issued or denied.

No person determined to fall within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100, or Welfare and Institutions Code § 8103 will be issued a license to carry a firearm. A license shall not be issued if the California Department of Justice (DOJ) determines that the applicant is prohibited by state or federal law from possessing, receiving, owning, or purchasing a firearm (Penal Code § 26195).

207.4.1 PHASE ONE (TO BE COMPLETED BY ALL APPLICANTS)

- (a) Any individual applying for a license to carry a firearm shall first fully complete a California Department of Justice (DOJ) application to be signed under penalty of perjury. Any applicant who provides false information or statements on the application will be removed from further consideration and may be prosecuted for a criminal offense (Penal Code § 26180).
 1. In the event of any discrepancies in the application or background investigation, the applicant may be required to undergo a voice stress analysis examination, at no cost to the applicant.
 2. If an incomplete application package is received, the Chief of Police or the authorized designee may do any of the following:

 - (b) Advance the incomplete package to phase two for conditional processing pending completion of all mandatory conditions.
 - (c) Issue a denial if the materials submitted at the time demonstrate that the applicant would not qualify for a license to carry a firearm even if the package was completed (e.g., not a resident, disqualifying criminal conviction).
- (b) At the time the completed application is submitted, the applicant shall submit a check made payable to the California Department of Justice for the required California DOJ application fee, along with a separate check made payable to the City of Berkeley for a nonrefundable 20 percent of the application fee to cover the cost of processing the application (Penal Code § 26190).

- (c) The applicant shall be required to submit to fingerprinting and a complete criminal background check by the California DOJ. A second set of fingerprints may be required for retention in department files. Two recent passport-size photos (2 inches by 2 inches) of the applicant shall be submitted for department use. No person determined to fall within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100 or Welfare and Institutions Code § 8103 will be issued a license to carry a firearm. A license shall not be issued if the California DOJ determines that the applicant is prohibited by state or federal law from possessing, receiving, owning or purchasing a firearm (Penal Code § 26195).
- (d) The applicant should submit at least three signed letters of character reference from individuals other than relatives.
- (e) The applicant shall submit proof of ownership or registration of each firearm to be licensed.

Once the Chief of Police or authorized designee has reviewed the completed application package and relevant background information, the application will either be advanced to phase two or denied.

In the event that an application is denied at the conclusion of, or during, phase one, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

207.4.2 PHASE TWO

This phase is to be completed only by those applicants successfully completing phase one.

- (a) Upon successful completion of phase one, the applicant shall be scheduled for a personal interview with the Chief of Police or the authorized designee. During this stage, there will be further discussion of any potential restrictions or conditions that might be placed on the license.
- (b) The Chief of Police may, based upon criteria established by the Chief of Police, require that the applicant be referred to an authorized psychologist used by the Department for psychological testing. The cost of such psychological testing (not to exceed \$150) shall be paid by the applicant. The purpose of any such psychological testing is intended only to identify any outward indications or history of psychological problems that might render the applicant unfit to carry a firearm. This testing is not intended to certify in any other respect that the applicant is psychologically fit. If it is determined that the applicant is not a suitable candidate for carrying a firearm, the applicant shall be removed from further consideration (Penal Code § 26190).
- (c) The applicant shall complete a course of training approved by the department, which complies with Penal Code § 26165 (Penal Code § 26165).
- (d) The applicant shall submit any firearm to be considered for a license to the Personnel and Training Sergeant or other department authorized gunsmith, at no cost to the applicant, for a full safety inspection. The cost of any outside inspection/examination shall be the responsibility of the applicant.

Once the Chief of Police or authorized designee has verified the successful completion of phase two, the license to carry a firearm will either be granted or denied.

Whether an application is approved or denied at the conclusion of or during phase two, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

207.5 LIMITED BUSINESS LICENSE TO CARRY A CONCEALED FIREARM

The authority to issue a limited business license to carry a concealed firearm to a non-resident applicant is granted only to the Sheriff of the county in which the applicant works. - (b) Such a license will be valid for a period not to exceed 90 days from the date of issuance (Penal Code § 26220).
- (c) The applicant shall provide a copy of the license to the licensing authority of the city or county in which the applicant resides (Penal Code § 26220).

- (b) The license shall be laminated, bearing a photograph of the licensee with the expiration date, type of firearm, restrictions and other pertinent information clearly visible.
1. Each license shall be numbered and clearly identify the licensee.
 2. All licenses shall be subjected to inspection by the Chief of Police or any law enforcement officer.
- (c) The license will be valid for a period not to exceed two years from the date of issuance (Penal Code § 26220).

 2. A license issued to any reserve peace officer as defined in Penal Code § 830.6(a) or (b), or a custodial officer employed by the Sheriff as provided in Penal Code § 831.5 will be valid for a period not to exceed four years, except that such license shall be invalid upon the individual's conclusion of service as a reserve officer.

- (b) The Chief of Police reserves the right to inspect any license or licensed firearm at any time.
- (c) The alteration of any previously approved firearm including, but not limited to adjusting the trigger pull, adding laser sights or modifications shall void any license and serve as grounds for revocation.

207.6.2 AMENDMENTS TO LICENSES

Any licensee may apply to amend a license at any time during the period of validity by completing and submitting a written Application for License Amendment along with the current processing fee to the Department in order to (Penal Code § 26215):

In the event that any amendment to a valid license is approved by the Chief of Police, a new license will be issued reflecting the amendment. An amendment to any license will not serve to extend the original expiration date and an application for an amendment will not constitute an application for renewal of the license.

207.6.3 REVOCATION OF LICENSES

Any license issued pursuant to this policy may be immediately revoked by the Chief of Police for any of the following reasons:

- (a) The licensee has violated any of the restrictions or conditions placed upon the license.
- (b) The licensee becomes psychologically unsuitable to carry a firearm.
- (c) The licensee is determined to be within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100, Welfare and Institutions Code § 8103, or any state or federal law.
- (d) The licensee engages in any conduct which involves a lack of good moral character for the original issuance of the license.
- (e) If the license is one to carry "loaded and exposed," the license shall be revoked immediately upon a change of the licensee's place of residence to another county (Penal Code § 26210).

The issuance of a license by the Chief of Police shall not entitle the holder to either a property or liberty interest as the issuance, amendment, or revocation of such license remains exclusively within the discretion of the Chief of Police as set forth herein.

Berkeley Police Department

Law Enforcement Services Manual

License to Carry a Firearm

If any license is revoked, the Department will immediately notify the licensee in writing and the California DOJ (Penal Code § 26225).

207.6.4 LICENSE RENEWAL

The Chief of Police reserves the right to deny a license for any firearm that has been altered from the manufacturer's specifications or that is unsafe (Penal Code § 31910).
- (d) Paying a non-refundable renewal application fee.

Once the Chief of Police or the authorized designee has verified the successful completion of the renewal process, the renewal of the license to carry a firearm will either be granted or denied. Prior issuance of a license shall not entitle any licensee to any property or liberty right to renewal.

Whether an application for renewal is approved or denied, the applicant shall be notified in writing within 90 days of the renewal application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later (Penal Code § 26205).

207.7 DEPARTMENT REPORTING AND RECORDS

Pursuant to Penal Code § 26225, the Chief of Police shall maintain a record of the following and immediately provide copies of each to the California DOJ:

- (a) The denial of a license
- (b) The denial of an amendment to a license
- (c) The issuance of a license
- (d) The amendment of a license
- (e) The revocation of a license

The Chief of Police shall annually submit to the State Attorney General the total number of licenses to carry firearms issued to reserve peace officers and judges.

207.8 CONFIDENTIAL RECORDS

The home address and telephone numbers of any peace officer, public defender, prosecutor, magistrate, court commissioner, or judge contained in an application shall not be considered public record (Government Code § 7923.808).

Any information in an application for a license to carry a firearm that indicates when or where the applicant is vulnerable to attack or that concerns the applicant's medical or psychological history or that of the applicant's family shall not be considered public record (Government Code § 7923.800).

Departmental Forms

208.1 PURPOSE AND SCOPE

The purpose of this policy is to delineate proper procedures to follow when creating a new form or revising a currently used form.

208.2 POLICY

All departmental forms, including revisions, shall be approved by the Chief of Police.

208.3 NEW FORMS

- (a) Requests for new forms or revisions to current forms shall be submitted to the Support Services Division Captain along with a short statement explaining the need for the form or form revision.
- (b) The Support Services Division Captain shall review the request and forward it to the Chief of Police with recommendations.
- (c) If approved, the Support Services Division Captain shall arrange for the implementation or revision of the form, or if not approved, return the request to the originator.
- (d) The Support Services Division Captain shall maintain a file of all approved forms.

208.4 SPECIAL FORMS

This policy shall not apply to special forms designed for a project of temporary duration, provided the form is not to be used outside of the Department and that its use ceases with completion of the project.

Chapter 3 - General Operations

Use of Force

300.1 SANCTITY OF LIFE

The Berkeley Police Department's highest priority is safeguarding the life, dignity, and liberty of all persons. Officers shall demonstrate this principle in their daily interactions with the community they are sworn to protect and serve. The Department is committed to accomplishing this mission with respect and minimal reliance on the use of force by using rapport-building communication, crisis intervention, and de-escalation tactics before resorting to force. Officers must respect the sanctity of all human life, act in all possible respects to preserve human life, do everything possible to avoid unnecessary uses of force, and minimize the force that is used, while still protecting themselves and the public.

300.1.1 PURPOSE AND SCOPE

This policy sets forth criteria governing the use of force. All officers are responsible for knowing and complying with this policy and conducting themselves in a manner that reflects the Berkeley Police Department's Use of Force Core Principles. Violations of this policy may result in disciplinary action, including and up to termination, and may subject the officer to criminal prosecution. Supervisors shall ensure that all personnel in their command know the content of this policy and operate in compliance with it.

300.1.2 USE OF FORCE STANDARD

In dealing with suspects, officers shall use alternatives to physical force whenever reasonably possible. In all cases where physical force is used, officers shall use a minimum amount of force that is objectively reasonable, objectively necessary, and proportional to effectively and safely resolve a conflict.

The United States Supreme Court in *Graham v. Connor*, 490 U.S. 386 (1989), held that, in order to comply with the U.S. Constitution, an officer's use of force must be objectively reasonable under the totality of circumstances known to the officer at the time. Additionally, Penal Code section 835(a) imposes further restrictions on an officer's use of force. But these standards merely set the minimum standard for police conduct, below which an officer's conduct would be regarded as unlawful.

In fulfilling this Department's mission to safeguard the life, dignity, and liberty of officers themselves and all members of the community they are sworn to protect and serve, this policy requires more of our officers than simply not violating the law. As a result, this policy is more restrictive than the minimum constitutional standard and state law in two important respects.

First, it imposes a higher duty upon officers to use a minimal amount of force objectively necessary to safely achieve their legitimate law enforcement objective. And, second, this policy imposes a stricter obligation on officers to exert only such force that is objectively proportionate to the circumstances, requiring a consideration of the seriousness of the suspected offense, the availability of de-escalation and other less aggressive techniques, and the risks of harm presented to members of the public and to the officers involved.

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

Additionally, Penal Code section 835(a) imposes further restrictions on an officer's use of force.

300.1.3 CORE PRINCIPLES

A. DE-ESCALATION AND FORCE MINIMIZATION. Every officer's goal, throughout an encounter with a member of the public, shall be to de-escalate wherever possible and resolve the encounter without resorting to the use of force. Wherever possible, officers shall employ de-escalation techniques to increase the likelihood of voluntary compliance with law enforcement requests or directives and, thereby, decrease the likelihood that a use of force will become necessary during an incident. Further, in any encounters that do call for applying force, officers must always use a minimal amount of force that is objectively reasonable and objectively necessary to safely achieve their legitimate law enforcement objective.

B. PROPORTIONALITY. When determining the appropriate level of force, at all times officers shall balance the severity of the offense committed and the level of resistance based on the totality of the circumstances known to or perceived by the officer at the time. It is particularly important that officers apply proportionality and critical decision making when encountering a subject who is unarmed or armed with a weapon other than a firearm.

C. MINIMIZING THE USE OF DEADLY FORCE. Deadly force may only be used when it is objectively reasonable that such action is immediately necessary to protect the officer or another person from imminent danger of death or serious bodily harm. Officers shall not use deadly force if it is objectively reasonable that alternative techniques will eliminate the imminent danger and ultimately achieve the law enforcement purpose with less risk of harm to the officer or to other persons

D. DUTY TO INTERCEDE. Whenever possible, officers shall intervene when they know or have reason to know that another officer is about to use, or is using, unnecessary force. Officers shall promptly report any use of unnecessary force and the efforts made to intervene to a supervisor.

E. VULNERABLE POPULATIONS. Officers should be particularly sensitive when considering the use of force against vulnerable populations, including children, elderly persons, pregnant women, people with physical and mental disabilities, and people with limited English proficiency.

F. FOSTER STRONG COMMUNITY RELATIONSHIPS. The Berkeley Police Department understands that uses of force, even if lawful and proper, can have a damaging effect on the public's perception of the Department and the Department's relationship with the community. The Department is committed to fostering strong community relations by building on its historic tradition of progressive policing, ensuring accountability and transparency, and striving to increase trust with our community.

G. FAIR AND UNBIASED POLICING. Members of the Berkeley Police Department shall carry out their duties, including the use of force, in a manner that is fair and unbiased, in accordance with Policy 401, Fair and Impartial Policing.

300.1.4 DEFINITIONS

Definitions related to this policy include:

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

Minimal amount necessary – The least amount of force within a range that is objectively reasonable and objectively necessary to safely effect an arrest or achieve some other legitimate law enforcement purpose.

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including, but not limited to, the discharge of a firearm.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows themselves to be searched, escorted, handcuffed or restrained.

Less-Than-Lethal Force – Any use of force which, due to possible physiological effects of application, presents less potential for causing death or serious injury than conventional lethal force options. Less-than-lethal force options include, but are not limited to, a specialized launcher, or other authorized device that can discharge, fire, launch or otherwise propel single or multiple flexible or non-flexible projectiles designed to cause physiological effects consistent with blunt force impact.

Non-Lethal Force – Any use of force other than lethal force or less-than lethal force.

Compliant Suspect – Cooperative and/or responsive to lawful commands.

Passive Resistance - When an individual does not follow the lawful verbal commands of a police officer, but does not physically resist in any way.

Examples: A person who goes completely limp, sits down and refuses to stand or walk, or who may stand with arms at their sides without attempting to strike at or physically resist officers.

Active Resistance - An individual who is uncooperative and fails to comply with the lawful verbal commands of a police officer, and attempts to avoid physical control and/or arrest by physically struggling to free oneself from being restrained. The individual may also use verbal non-compliance (refusing a lawful order or direction).

Examples: A person who attempts to avoid physical control and/or arrest by pulling or pushing away from the officer, tensing arm or muscles, hiding from the officer, and/or fleeing.

Combative Resistance - An individual not only resists the officer, but poses a threat of harm to the officer or others, in an aggressive manner that may cause physical injury.

Examples: A person who violently attempts to or attacks an officer. This action is sometimes preceded by “pre-assault” cues such as taking a threatening stance (clenching fists, facial expressions, threats, etc.) and verbal non-compliance.

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

Control Hold - Any Department approved hold, designed to allow an officer to control the movement of a subject (e.g., twist lock, rear wrist lock, finger lock, etc.). A control hold can be applied without implementing pain.

Pain Compliance Technique - Involves either the manipulation of a person's joints or activating certain pressure points intended to create sufficient pain for the purpose of motivating a person to comply with verbal commands (examples of pressure points include buccal nerve, gum nerve, sternum rub).

Control Techniques – Personal Impact Weapons and Take Downs.

Personal Body Weapons - An officer's use of his/her body part, including but not limited to hand, foot, knee, elbow, shoulder, hip, arm, leg or head by means of kinetic energy transfer (impact) to gain control of a subject.

Blue Team (BT) – Computer software that allows officers to enter use of force and other incidents from a Department computer.

Concealment - Anything which conceals a person from view.

Cover - Anything which provides protection from bullets or other projectiles fired or thrown. Cover is subjective and its effectiveness depends upon the threat's ballistic capability (handgun, rifle, etc.).

Blocking - The positioning of a police vehicle in the path of an occupied subject vehicle where contact between the vehicles is not anticipated or is anticipated to be minimal.

Ramming - The use of a vehicle to intentionally hit another vehicle

Serious bodily injury - A bodily injury that creates a substantial risk of death, causes serious, permanent disfigurement or results in a prolonged loss or impairment of the functioning of any bodily member or organ

Officer (or) Police Officer - Any sworn peace officer.

Authorized Employee - Any non-sworn employee who has received defensive tactics training and has been authorized by the Chief of Police to use non-lethal force.

Employee – Any non-sworn employee of the Berkeley Police Department, including those deemed “authorized employees.”

Objectively Reasonable – “Objectively reasonable” means an officer's conduct will be evaluated through the eyes of the hypothetically reasonable officer standing in the shoes of the involved officer.

Totality of the circumstances – All facts known to the officer at the time, including the conduct of the officer and the subject leading up to the use of force.

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

300.2 DUTY TO INTERCEDE AND DUTY TO REPORT

Any officer who observes another officer or member of the Berkeley Police Department using force that is clearly in violation of this policy shall immediately take reasonable action to attempt to mitigate such use of force. This may include verbal intervention or, when in a position to do so, physical intervention. Further, any officer who learns of a potentially unauthorized use of force, even if the officer did not witness it personally, shall promptly report this information to an on-duty sergeant or a command officer at the first opportunity.

Any officer who observes an employee or member of a different law enforcement agency use force that exceeds the degree of force permitted by law shall promptly report these observations to an on-duty sergeant or a command officer at the first opportunity.

300.3 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable, objectively necessary, and proportional force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. For the purpose of this policy, "retreat" does not mean tactical repositioning or other de-escalation tactics.

300.3.1 FACTORS USED TO DETERMINE THE REASONABLENESS, NECESSITY, AND PROPORTIONALITY OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable, objectively necessary, and proportional force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The conduct of the involved officer.
- (e) The effects of drugs or alcohol.
- (f) The individual's apparent mental state or capacity.
- (g) The individual's apparent ability to understand and comply with officer commands.
- (h) Proximity of weapons or dangerous improvised devices.
- (i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness.

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

- (k) Seriousness of the suspected offense or reason for contact with the individual.
- (l) Training and experience of the officer.
- (m) Potential for injury to officers, suspects, bystanders, and others.
- (n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (r) Prior contacts with the subject or awareness of any propensity for violence.
- (s) Any other exigent circumstances.

The level of resistance that an officer encounters is a key factor in determining the proportionate amount of force. It is not possible to determine ahead of time what the proportionate level of force is for every possible situation that officers may face. Nevertheless, one of the key factors in determining what level of force is objectively reasonable, objectively necessary, and proportionate in a given situation is the level of resistance that an officer encounters. In general, the less resistance an officer faces, the less force the officer should use. The types of resistance officers may encounter fall along a continuum, from a cooperative person to an active assailant. Consistent with training, the following general rules apply when officers are exercising judgment in determining what level of force is necessary and proportionate:

- Compliant – In general, when dealing with a compliant person, officers may rely on police presence and/or verbal control techniques, but should not use greater force.
- Passive resistance – In general, when dealing with a suspect involved in passive resistance, officers may rely on police presence, verbal control techniques, or control holds, but should not use greater force.
- Active resistance – In general, in dealing with a suspect involved in active resistance, in addition to the options available for passive resistance, officers may rely on pain compliance techniques or takedowns, but should not use greater force.
- Combative resistance – In general, in dealing with a suspect involved in combative resistance, officers have all use-of-force options available to them, but deadly force shall only be used in compliance with this policy as described in Section 300.4.

300.3.2 USE OF FORCE CONTINUUM

The Department uses a “use of force continuum” that refers to the concept that there are reasonable responses for every threat an officer faces in a hostile situation. The force utilized need not be sequential (e.g., gradual or preceded by attempts at lower levels of force) if those lower levels are not appropriate. All Uses of Force must be objectively reasonable, objectively necessary, and proportional, based on a totality of the circumstances. All progressions must rest

Use of Force

on the premise that officers shall escalate and de-escalate their level of force in response to the subject's actions.

Continuum of Force

- **Officer Presence — No force is used. Considered the best way to resolve a situation.**
 - The mere presence of a law enforcement officer works to deter crime or diffuse a situation.
 - Officers' attitudes are professional and nonthreatening.
- **Verbalization — Force is not physical.**
 - Officers issue calm, nonthreatening commands, such as "Let me see your identification and registration."
 - Officers may increase their volume and shorten commands in an attempt to gain compliance. Short commands might include "Stop," or "Don't move."
- **Weaponless defense — Officers use bodily force to gain control of a situation.**
 - Pain Compliance and control holds. Officers use grabs, holds and joint locks to restrain an individual.
 - Personal body weapons. Officers may use punches and kicks to restrain an individual.
- **Less-Lethal Force Methods — Officers use less-lethal technologies to gain control of a situation.**
 - Blunt impact. Officers may use a baton or projectile to immobilize a combative person.
 - Chemical. Officers may use chemical sprays or projectiles embedded with chemicals to restrain an individual (e.g., pepper spray).
- **Lethal Force — Officers may use lethal weapons only in compliance with Section 300.4.**

300.3.3 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Berkeley Police Department for this specific purpose.

300.3.4 DE-ESCALATION TACTICS

De-escalation tactics and techniques are actions used by officers which seek to minimize the need to use force during an incident. Such tactics and techniques may increase the likelihood of

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

voluntary compliance when employed and shall be used when it is safe to do so, De-escalation tactics emphasize slowing an incident down to allow time, distance and flexibility for the situation to resolve. Officers shall continually assess the dynamics of a situation, and modulate their response and actions appropriately. Officers may be justified in using force at one moment, but not justified in using force the next moment due to a change in dynamics.

The application of these tactics is intended to increase the potential for resolution with a minimal reliance on the use of force, or without using force at all.

If immediate action is not necessary, an officer(s) shall attempt to use verbal de-escalation techniques. When available and when practicable, a Crisis Intervention Team (CIT) officer, crisis negotiator, or Berkeley Mental Health Mobile Crisis Team member shall be called upon as a resource.

Officers shall gather information about the incident, assess the risks, assemble resources, attempt to slow momentum and communicate and coordinate a response. In their interaction with subjects, officers should use advisements, warnings, verbal persuasion and other tactics and alternatives to any levels of force. Officers should move to a position that is tactically more secure or allows them greater distance to consider or deploy a greater variety of force options.

- (a) De-escalation techniques may include verbal persuasion, warnings and tactical de-escalation techniques, such as: slowing down the pace of an incident; “waiting out” subjects; creating distance (and thus the reactionary gap) between the officer and the threat; and requesting additional resources (e.g., specialized units, mental health care providers, negotiators, etc.) to resolve the incident.
- (b) Officers should recognize that they may withdraw to a position that is tactically advantageous or allows them greater distance to de-escalate a situation.
- (c) Officers should consider a variety of options, including lesser force or no force options.
- (d) Officers should attempt to understand and consider possible reasons why a subject may be noncompliant or resisting arrest.
- (e) A subject may not be capable of understanding the situation because of a medical condition; mental, physical, or hearing impairment; language barrier; drug interaction; or emotional crisis, and have no criminal intent. These situations may not make the subject any less dangerous, but understanding a subject’s situation may enable officers to calm the subject and allow officers to use de-escalation techniques while maintaining public and officer safety.
- (f) Officers should continue de-escalation techniques, when feasible and appropriate, and take as much time as reasonably necessary to resolve the incident, in effort to avoid and/or minimize the use of force.
- (g) When an officer recognizes that mental illness, post-traumatic stress disorder, alcohol and/or drug addictions, or other health issues are causing an individual to behave erratically, the officer shall, when feasible and appropriate, try to de-escalate the situation using de-escalation and/or crisis Intervention techniques.

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

- (h) Establishing communication with non-compliant subjects is often most effective when officers establish rapport, use the proper voice intonation, ask questions and provide advice to defuse conflict and achieve voluntary compliance before resorting to force options.
- (i) The officer's physical actions may also de-escalate a potentially volatile/violent situation; e.g., exhibiting relaxed body language.

When time and circumstances allow, officers shall consider the following tactical principles:

- (a) Make a tactical approach to the scene.
- (b) Maintain a safe distance.
- (c) Use available cover or concealment and identify escape routes.
- (d) Stage Berkeley Fire Department.
- (e) Control vehicle and pedestrian traffic.
- (f) Establish communication, preferably with one officer.
- (g) Create an emergency plan and a deliberate plan with contingencies.
- (h) The officer's physical actions may also de-escalate a potentially volatile/violent situation; e.g., exhibiting relaxed body language.

300.3.5 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The purpose of pain compliance is to direct a person's actions. The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.6 USE OF NON-LETHAL FORCE

When lethal force and less-than-lethal force are not authorized, officers and authorized employees may use objectively reasonable, objectively necessary, and proportional approved non-lethal force techniques and weapons in the following circumstances:

- (a) To protect themselves or another person from physical injury;
- (b) To restrain or subdue a resistant individual; or
- (c) To bring an unlawful situation safely and effectively under control.

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

300.3.7 RESTRAINT AND CONTROL DEVICES

Restraint and control devices shall not be used to punish, to display authority or as a show of force. Handcuffs, body wraps and spit hoods shall only be used consistent with Policy 302. Batons, approved less-lethal projectiles, and approved chemical agents shall only be used consistent with Policy 303. As per City Council resolution (June 9, 2020), the use of tear gas by employees of the Berkeley Police Department, or any outside department or agency called to respond to mutual aid in Berkeley, is prohibited. Pepper spray or smoke for crowd control by employees of the Berkeley Police Department, or any outside department or agency called to respond to mutual aid in Berkeley, is prohibited during the COVID-19 pandemic, or until such time as the City Council removes the prohibition.

300.3.8 CHOKEHOLD PROHIBITION

The use of a Carotid Restraint Hold is prohibited. Carotid Restraint Hold: Council Resolution No. 52,605 - N.S., February 14, 1985, "Prohibiting use of 'chokehold' for law enforcement purposes in the City of Berkeley" states: "Be it resolved by the Council of the City of Berkeley as follows: That the chokehold, including but not limited to the carotid restraint and the bar-arm hold, is hereby banned from use for law enforcement purposes in the City of Berkeley."

The term bar-arm refers to a variety of techniques. The use of any chokehold is strictly prohibited. A chokehold is any hold or contact with the neck – including a carotid restraint -- that may inhibit breathing by compression of the airway in the neck, may inhibit blood flow by compression of the blood vessels in the neck, or that applies pressure to the front, side, or back of the neck. As defined in the City Council Resolution, "bar-arm hold" refers to use of the forearm to exert pressure against the front of the neck. However, other types of arm hold techniques (e.g., those that involve control of the arm, wrist or elbow) remain authorized.

300.4 USE OF DEADLY FORCE

An officer's use of deadly force is justified only when it is objectively reasonable, based on the totality of the circumstances, that such force is objectively necessary to, 1) defend against an imminent threat of death or serious bodily injury to the officer or another or 2) apprehend a suspected fleeing person for any felony that threatened or resulted in death or serious bodily injury, provided that it is objectively reasonable that the person will cause imminent death or serious bodily injury to another unless immediately apprehended.

Where feasible, the officer shall, prior to the use of deadly force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless it is objectively reasonable that the person is aware of those facts.

An officer shall not use deadly force against another person if it reasonably appears that doing so would unnecessarily endanger innocent people.

Lethal force is prohibited when its sole purpose is to effect an arrest, overcome resistance or prevent a subject from escaping when the subject does not present an immediate danger of death or serious bodily injury. Lethal force is also prohibited solely to prevent property damage or prevent the destruction of evidence.

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, it is objectively reasonable to believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention.

300.4.1 DRAWING AND POINTING FIREARMS

Given that individuals may perceive the display of a firearm as a potential application of force, officers should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines:

- (a) If the officer does not initially perceive a threat but it is objectively reasonable that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.
- (b) If it is objectively reasonable that a significant threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward said threat until the officer no longer perceives such threat.

Once it is reasonably safe to do so, officers should carefully secure all firearms.

300.4.2 DIRECTED FIRE

Officers may use controlled gunfire that is directed at the suspect, reducing the suspect’s ability to return fire while a group or individual movement is conducted, such as in a rescue operation.

Officers may only employ this tactic when dealing with a suspect who poses an immediate and ongoing lethal threat and only under circumstances where the use of deadly force is legally justified. Target acquisition and communication are key elements in the successful use of this tactic. Officers remain accountable for every round fired under these circumstances. Officers must consider their surroundings and potential risks to bystanders, to the extent reasonable under the circumstances, before discharging a firearm.

300.4.3 SHOOTING AT OR FROM MOVING VEHICLES

Absent exigent circumstances, officers shall not discharge firearms from a moving vehicle.

Firearms shall not be discharged at a stationary or moving vehicle, the occupants of a vehicle, or the tires of a vehicle unless a person in the vehicle is imminently threatening an officer or another person present with deadly force. The moving vehicle alone does not presumptively constitute a threat that justifies the use of deadly force.

Officers shall not move into, remain, or otherwise position themselves in the path of a vehicle in an effort to detain or apprehend the occupants. Any officer in the path of a moving vehicle shall immediately attempt to move to a position of safety rather than discharging a firearm at the vehicle or any of the occupants.

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

Because this policy may not cover every situation that may arise, a deviation from this policy may be objectively reasonable and objectively necessary depending on the totality of the circumstances. A deviation from this policy would, for instance, be justified if the officer used a firearm in an attempt to stop an imminent vehicle attack on a crowd or a mass casualty terrorist event.

Factors that may be used to evaluate the reasonableness of the use of a firearm against a vehicle include:

- (a) The availability and use of cover, distance and/or tactical relocation
- (b) Incident command and personnel placement
- (c) Tactical approach
- (d) Regard for viable target acquisition and background including location, other traffic, the presence of innocent persons, and police officers.

300.5 USE OF VEHICLES

Officers shall not use police vehicles to ram or block other vehicles, persons, or moving objects in a manner that reasonably appears to constitute the use of lethal force, except under circumstances outlined in section 300.4 and in Policy V-6 that covers vehicle operations.

The Vehicle Containment Technique (VCT) is the positioning of a police vehicle in the path of a suspect vehicle where contact between the vehicles is not anticipated or is anticipated to be minimal. VCT shall only be used on vehicles that are either stationary or moving at a slow speed. This technique is designed to contain a suspect vehicle to a single stationary location, thereby preventing a pursuit from initiating, or a potentially violent situation (e.g. a hostage situation or person barricaded inside a vehicle) from becoming mobile.

When properly utilized, the VCT can give officers time, distance, and cover in order to safely and effectively resolve a situation.

300.6 REPORTING REQUIREMENTS

All uses of force shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident and the level of force used. The officer should articulate the factors perceived and why they believed the use of force was objectively reasonable and objectively necessary under the circumstances. Whenever an officer or employee uses Oleoresin Capsicum (pepper spray) they must also complete a "Use of Pepper Spray Report." Whenever an officer or employee use body wrap or spit hood restraint devices they must also complete a "Use of Restraint Device Report" and document, review and report such uses in accordance with section 300.11.

Upon receiving notification of a use of force, an uninvolved supervisor, when feasible, shall determine the level of force reporting level, investigation, documentation and review requirements.

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

300.6.1 SUPERVISOR RESPONSIBILITY

A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (d) Identify any witnesses not already included in related reports.
- (e) Review and approve all related reports.
- (f) Review body worn camera footage related to the incident.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.6.2 USE OF FORCE REPORTING LEVELS

Level 1

The officer used any of the following, and the circumstances of the application would lead an objectively reasonable officer to conclude that the subject did not experience more than momentary discomfort:

1. Control holds/ pain compliance techniques
2. Leverage
3. Grab
4. Bodyweight
5. The officer lowered the subject to a seated position or to the ground while partially or completely supporting the person's bodyweight.
6. Takedown

If the incident fits the parameters for a Level 1 incident, the supervisor will enter all applicable data into the Blue Team template with a brief summary.

Level 2

- (a) No suspect injury or complaint of continuing pain due to interaction with officer.
- (b) Officer's use of force was limited to the following:

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

1. Firearm drawn from the holster or otherwise deployed during an interaction with an individual, and/or pointed at an individual. For the purposes of this section, "interaction" shall be defined as a situation in which an individual could reasonably believe the deployment and/or pointing of a firearm could be an attempt to gain compliance.
2. Control hold, pressure point, leverage, grab, takedown, and/or bodyweight, and the application would lead a reasonably objective officer to conclude that the individual may have experienced more than momentary discomfort.

An uninvolved supervisor, when feasible, will respond to the scene and conduct a Use of Force Investigation, ensuring that statements are taken from the suspect and witnesses, and that photos are taken of all involved parties. If the incident fits the parameters for a Level 2 incident, the supervisor will enter all applicable data into the Blue Team template with a brief summary.

Level 3

- (a) Suspect has sustained an injury or complains of injury or continuing pain due to interaction with the officer.
- (b) Would have otherwise been classified as a Level 2, except officer body worn camera was not activated in a timely manner, prior to the enforcement contact, per policy.
- (c) The officer used any of the following force options:
 1. Chemical Agents/Munitions
 2. Impact Weapon Strikes
 3. Personal Body Weapons

An uninvolved supervisor, when practical, will respond to the scene and conduct a Use of Force Investigation, ensuring that statements are taken from the suspect and witnesses. If the incident fits the parameters for a Level 3 incident, the supervisor will enter all applicable data into the Blue Team template.

The supervisor will also complete a Use of Force Investigation Report narrative in Blue Team for review through the Use of Force Review process. Suspect and witness statements from the crime report will be attached to the use of force investigation.

Level 4

Any incident involving deadly force or any force likely to cause death or serious bodily injury will be investigated under the protocols outlined in Policy P-12.

300.6.3 EMPLOYEE USE OF FORCE

When any Berkeley Police Department employee has engaged in a use of force as defined in this policy, the use of force must be reported to a Berkeley Police supervisor and investigated in accordance with this policy.

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

- (a) In the event a use of force as described as Level 1, Level 2, or Level 3 occurs during an unusual occurrence as described in General Order U-4, the officer shall prepare a supplemental report as soon as practical following the incident.
- (b) Each officer shall include in the report, to the extent possible, specific information regarding each use of force, e.g. the reason for the use of force, location, description of the individual(s) upon whom force was used, type of force used, etc.

300.6.4 PUBLIC RECORDS

Records related to use of force incidents shall be retained and disclosed in compliance with California Penal Code section 832.7, California Government Code section 6254(f), and Department Policy R-23.

300.7 MEDICAL CONSIDERATION

When an officer or employee uses force that results in injury, or when a subject complains that an injury has been inflicted, the officer or employee shall promptly provide, if trained, or otherwise promptly procure medical assistance when reasonable and safe to do so in order to ensure that the subject receives appropriate medical care.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force.

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.8 USE OF FORCE ADMINISTRATIVE REVIEW

The Division Captain shall review the Use of Force Report (and when applicable, Use of Pepper Spray Report or Use of Restraint Device Report) and route the report to the Chief of Police with a recommendation of findings. The Chief of Police may convene a Review Board as outlined in Policy 301 instead of utilizing Division Captain Review.

The Chief of Police shall make a finding that the use of force was either within policy or initiate additional administrative review/investigation as may be appropriate.

Any determination concerning the propriety of force used shall be based on the facts and information available to the officer at the time the force was employed, and not upon information gained after the fact.

All Use of Force Reports shall be reviewed to determine whether Departmental use of force regulations, policies, or procedures were: 1) violated or followed; 2) clearly understood, effective,

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

and relevant to the situation; 3) require further investigation; and/or, 4) require revision or additional training.

Use of Force Reports shall be held in file for at least five (5) years

300.9 WATCH COMMANDER RESPONSIBILITY

The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy.

300.10 TRAINING

Officers, investigators, and supervisors will receive periodic training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, the Personnel and Training Sergeant should ensure that officers receive periodic training on de-escalation tactics, including alternatives to force.

Training should also include:

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities.
- (b) Training courses required by and consistent with POST guidelines set forth in Penal Code § 13519.10.

300.11 USE OF FORCE ANALYSIS

The Professional Standards Division Captain or his or her designee shall prepare a comprehensive analysis report on use of force incidents. The report shall not contain the names of officers, suspects or case numbers, and should include but not be limited to:

- (a) An analysis of use of force incidents with demographic details of the individual impacted including, but not limited to race, gender and age.
- (b) All types of force as delineated in Levels 1, 2, 3 and 4 in Section 300.6.(2)
- (c) The identification of any trends in the use of force by members.
- (d) Training needs recommendations.
- (e) Equipment needs recommendations.
- (f) Policy revisions recommendations.

300.11.1 REPORTING FREQUENCY

- (a) On a quarterly basis via the City's Open Data Portal website;
- (b) On a quarterly basis to the Police Review Commission; and
- (c) On a yearly basis as part of the Police Department's Annual Crime Report to Council

Berkeley Police Department

Law Enforcement Services Manual

Use of Force

300.12 CIVILIAN COMPLAINTS

Complaints by members of the public related to this policy may be filed with the Berkeley Police Department Internal Affairs Bureau (IAB) and/or the Police Review Commission (PRC). Complaints will be investigated in compliance with the respective applicable procedures of the IAB and the PRC.

300.13 POLICY REVIEW AND UPDATES

This policy shall be regularly reviewed and updated to reflect developing practices and procedures.

At least annually, the Berkeley Police Department and the Police Review Commission shall convene to review and update the Use of Force Policy to reflect developing practices and procedures per SB 230.

Officer Involved Shooting/Injury Review Board

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Berkeley Police Department to review employee involved incidents involving the use of a firearm or incidents resulting in serious injury or death.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The Berkeley Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

All use of force incidents will be reviewed for training purposes by the Use of Force Training Review Board, see more about the Use of Force Training Review Board within Policy 300.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

301.4 REVIEW BOARD

The Officer Involved Shooting/Injury Review Board, hereinafter "the Board" will be convened when the use of force by a member results in serious injury or death to another.

The Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Board to investigate the circumstances surrounding any use of force incident.

The Professional Standards Division Captain will convene the Board as necessary. It will be the responsibility of the Division Captain or supervisor of the involved employee to notify the Professional Standards Division Captain of any incidents requiring board review. The involved employee's Division Captain or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.5 COMPOSITION OF THE BOARD

The Support Services Division Captain shall select a minimum of three, but no more than five Board members from the following, as appropriate:

- The Professional Standard Division Captain (Chair)

Berkeley Police Department

Law Enforcement Services Manual

Officer Involved Shooting/Injury Review Board

- The division captain of the subject employee
- Personnel and Training Sergeant
- A designated on-duty patrol sergeant
- Two representatives of the subject employee's labor group
- Department instructor for the type of weapon, device or technique used

301.6 REPRESENTATION

As provided by law or as directed by the Chief of Police, the Board will allow a subject employee to have a representative (e.g., legal counsel, a collective bargaining unit representative, etc.) present during a Board proceeding in which he/she is participating.

301.7 ATTENDANCE

The subject employee and his/her chosen representative are encouraged to attend the Review Board hearing to present arguments or explanations and to answer questions which may be presented to them by Board members. Subject employees are not required to attend unless specifically ordered to do so by the Chief of Police.

301.8 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

Absent an express waiver from the employee, no more than two members of the board may ask questions of the involved employee (Government Code § 3303). Other members may provide questions to these members.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Berkeley Police Department

Law Enforcement Services Manual

Officer Involved Shooting/Injury Review Board

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police in the Final Report.

The Chief of Police shall review the Final Report, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Division Captain for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

301.9 FINAL REPORT TO THE CHIEF OF POLICE

The board chairperson shall submit the Final Report to the Chief of Police within ten business days of the hearing. The Final Report shall contain:

- (a) The findings of the Board
- (b) The concurring or non-concurring signatures of each member.
- (a) Dissenting Board members may submit a minority report which shall be included with the Final Report.
- (c) Any recommendations of the Board
- (d) Any documents, photographs or related evidence used during the Board's review.

The Chief of Police retains the right to agree or disagree with the findings of the Board and/or the recommendations of the Board, and to limit or augment those recommendations.

301.10 NOTIFICATIONS OF SUBJECT EMPLOYEE

The subject employee shall be notified of the Chief's decision as soon as possible (see Personnel Complaints Policy for further information).

301.11 FINAL REPORT FORMAT

The memorandum format below shall be used when preparing the Final Report:

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Berkeley Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Berkeley Police Department approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- (a) The circumstances or crime leading to the arrest
- (b) The demeanor and behavior of the arrested person
- (c) The age and health of the person
- (d) Whether the person may be pregnant
- (e) Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes
- (f) Whether the person has any other apparent disability

302.4 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.5 ALTERNATIVE MEANS OF RESTRAINT

Alternative Means of Restraint include but are not limited to:

- (a) Handcuffing the person with their hands in front of their body
- (b) Handcuffing the person with multiple sets of linked handcuffs
- (c) Use of the entire WRAP system
- (d) Use of the WRAP's ankle strap

Berkeley Police Department

Law Enforcement Services Manual

Handcuffing and Restraints

- (e) Use of plastic handcuffs, aka flex-cuffs
- (f) Use of an ambulance gurney with five point straps

302.6 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and in no event shall these persons be restrained by the use of leg irons, waist chains or handcuffs behind the body.

No person who is in labor, delivery or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers or others (Penal Code § 3407; Penal Code § 6030).

302.7 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

302.8 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

302.9 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary plastic cuffs, aka flex-cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that regardless of the circumstances, every person should be handcuffed.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be applied between the base of the palm and the ulna bone of the wrist. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider using alternative means of restraint.

Handcuffing and Restraints

If the person being handcuffed is on the ground or in a prone position, officers should, as soon as possible, place the person in an upright sitting position or on their side for respiratory recovery and to mitigate the potential for positional asphyxia.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.10 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods, aka spit masks or spit socks, are temporary protective devices designed to prevent the wearer from transferring or transmitting fluids (saliva and mucous) to others. As the Department recognizes that use of a spit hood may be experienced as a traumatic event to a wearer, and may cause alarm and concern to onlookers, this policy provides clear and specific guidelines for their use, in service of the safety of all parties involved.

Spit hoods may be placed upon persons in custody while the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods shall ensure that the spit hood is applied properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods shall not be used in situations where there are indications that the restrained person has a medical condition evident in the area around the mouth or nose, such as difficulty breathing or vomiting. In such cases, prompt medical care should be provided. If the person vomits while wearing a spit hood, the spit hood shall be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.11 APPLICATION OF THE WRAP

The WRAP is a temporary restraining device comprised of a velcro strapped leg panel, torso harness, ankle strap and backside handcuff carabiner. The device immobilizes the body into a straight-legged seated position. Used properly, it restricts a subject's ability to do harm to oneself or others. Officer safety is enhanced and the risk of injury to the subject is reduced.

In determining whether to use the WRAP, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.

Berkeley Police Department

Law Enforcement Services Manual

Handcuffing and Restraints

- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).
- (d) Whether conventional methods of restraint have failed.

302.11.1 GUIDELINES FOR USE OF THE WRAP

When applying the WRAP, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the WRAP. In all cases, a supervisor shall be notified as soon as practicable after the application of the WRAP.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Restraint straps should be checked frequently for tightness, and adjusted as necessary, until the WRAP is removed. The harness straps shall never be tightened to the point they interfere with the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while the WRAP is in use. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of distress such as sudden quiet or inactivity, complaints of chest pain, change in facial color, complaint of extreme heat, vomiting, and/or labored breathing, and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) Movement of the person can be accomplished in three ways, depending on the level of their cooperation; the person can be carried, allowed to stand and shuffle walk or be transported in a vehicle.
- (g) Once secured in a vehicle, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (h) If in custody and transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.11.2 DEVICE REMOVAL

Based on the prisoner's combativeness or level of aggression, officers should employ appropriate control techniques and tactics when removing the WRAP.

Berkeley Police Department

Law Enforcement Services Manual

Handcuffing and Restraints

302.11.3 THE WRAP'S ANKLE STRAP

The ankle strap is one part of the WRAP restraint system. The ankle strap may be used alone (without the rest of the WRAP system) to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Use of the ankle strap will follow the same guidelines listed above for the WRAP.

302.12 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.13 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

- (a) How the suspect was transported and the position of the suspect.
- (b) Observations of the suspect's behavior and any signs of physiological problems.
- (c) Any known or suspected drug use or other medical problems.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described herein.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Berkeley Police Department authorizes officers to use control devices and techniques in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police, or his/her designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

Except as otherwise provided in Section 303.9, kinetic energy projectiles and chemical agents shall not be used to disperse any assembly, protest, or demonstration (Penal Code 13652).

303.4 RESPONSIBILITIES

303.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 PERSONNEL AND TRAINING SERGEANT RESPONSIBILITIES

The Personnel and Training Sergeant, or designated instructor, shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or projectiles are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Personnel and Training Sergeant or the designated instructor for a particular control device. The inspection shall be documented.

Berkeley Police Department

Law Enforcement Services Manual

Control Devices and Techniques

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or projectiles, along with documentation explaining the cause of the damage, shall be returned to the Personnel and Training Sergeant for disposition. Damage to City Property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON AND COLLAPSIBLE BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, including a collapsible baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 OLEORESIN CAPSICUM (OC) SPRAY GUIDELINES

As with other control devices, OC spray (aka pepper spray) and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.6.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt or external vest carrier. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.6.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles (aka "Pava" rounds) are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher (aka "less lethal" launcher) delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a launcher should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a launcher shall notify a supervisor as soon as practicable. A supervisor shall respond to all incidents where the suspect has been hit or

Berkeley Police Department

Law Enforcement Services Manual

Control Devices and Techniques

exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

303.6.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.7 POST-APPLICATION NOTICE

Whenever OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.8 LESS LETHAL PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. "Less lethal" projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.8.1 DEPLOYMENT AND USE

Only department-approved projectiles shall be carried and deployed. Approved projectiles may be used to compel an individual to cease his/her actions when such projectiles present a reasonable option.

Approved projectiles include:

- (a) "Less Lethal" rounds: impact projectiles
- (b) "Pava" rounds: impact projectiles containing OC/pepper spray
- (c) "Marking" rounds: impact projectiles containing paint

Officers are not required or compelled to use approved projectiles in lieu of other reasonable tactics if the involved officer determines that deployment of these projectiles cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved projectiles.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

Berkeley Police Department

Law Enforcement Services Manual

Control Devices and Techniques

303.8.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of projectiles employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

303.8.3 SAFETY PROCEDURES

Officers will inspect the launcher and projectiles at the beginning of each shift to ensure that the launcher is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the launcher will be unloaded and properly and securely stored.

303.9 CROWD CONTROL REQUIREMENTS

Pursuant to California Penal Code 13652, kinetic energy projectiles and chemical agents shall only be deployed by a peace officer that has received training on their proper use by the Commission on Peace Officer Standards and Training for crowd control if the use is objectively reasonable to defend against a threat to life or serious bodily injury to any individual, including any peace officer, or to bring an objectively dangerous and unlawful situation safely and effectively under control, and only in accordance with all of the following requirements:

- (a) Deescalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.
- (b) Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively

Berkeley Police Department

Control Devices and Techniques

reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.

- (c) Persons are given an objectively reasonable opportunity to disperse and leave the scene.
- (d) An objectively reasonable effort has been made to identify persons engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of persons.
- (e) Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.
- (f) Officers shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.
- (g) An objectively reasonable effort has been made to extract individuals in distress.
- (h) Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.
- (i) Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.
- (j) Kinetic energy projectiles or chemical agents shall not be used by any law enforcement agency solely due to any of the following:
 - 1. A violation of an imposed curfew.
 - 2. A verbal threat.
 - 3. Noncompliance with a law enforcement directive.

As per City Council resolution (June 9, 2020), pepper spray for crowd control by employees of the Berkeley Police Department, or any outside department or agency called to respond to mutual aid in Berkeley, is prohibited during the COVID-19 pandemic, or until such time as the City Council removes the prohibition.

303.10 TRAINING FOR CONTROL DEVICES

The Personnel and Training Sergeant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to California Penal Code 13652.1 and the Berkeley Use of Force Policy.

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for requesting a Conducted Energy Device (CED) from an outside agency and assisting the outside agency if the CED is deployed or discharged.

304.2 POLICY

The Conducted Energy Device (CED) is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

The use of police CEDs at the request of the Berkeley Police Department may be permitted with the approval of the Chief of Police or City Manager. Once approved, a CED will only be deployed by outside agency personnel responding to a request for assistance.

304.3 ISSUANCE AND CARRYING TASER DEVICES

Members of the Berkeley Police Department are currently not issued CEDs and shall not carry a CED while on duty.

304.4 VERBAL AND VISUAL WARNINGS

When an outside agency has been called in to assist, a verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the CED may be deployed.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the case officer in the related report.

304.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely approach the subject within the operational range of the device. Although the CED is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

304.5.1 APPLICATION OF THE TASER DEVICE

A CED may be requested (with approval from the Chief of Police or City Manager) when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person. Examples include circumstances wherein:

- (a) The subject is violent or is physically resisting.

Berkeley Police Department

Law Enforcement Services Manual

Conducted Energy Device

- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

304.5.3 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all CED discharges. Confetti tags, the expended cartridge, along with both probes and wire, should be collected by the outside agency and handled according to their procedures.

304.5.4 DANGEROUS ANIMALS

The CED may be requested in order to be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

304.6 DOCUMENTATION

Officers shall document the request for, deployment and/or discharge of a CED in a related police report.

304.6.1 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject

Berkeley Police Department

Law Enforcement Services Manual

Conducted Energy Device

- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems
- (f) A "Use of Force" Report is not necessary when an outside agency deploys or discharges a CED. However, the outside agency may be required to document its use according to their own policy or procedure.

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER device probes from a person's body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to an activation of the CED. Photographs of probe sites should be taken and witnesses interviewed.

All members who carry a firearm while on-duty are required to successfully complete training and qualify with their duty firearms semi-annually. Members will qualify with off-duty and secondary firearms at least once a year. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

306.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective. When practical members should seek supervisor approval prior to using a firearm to destroy an animal.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER® device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

306.7.2 INJURED ANIMALS

A member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)). When practical members should seek supervisor approval prior to using a firearm to destroy an animal.

Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

306.8 PERSONNEL AND TRAINING SERGEANT DUTIES

The range will be under the exclusive control of the FTU Staff. All members attending will follow the directions of the FTU. The FTU Staff will maintain a roster of all members attending the range and will submit the roster to the Personnel and Training Sergeant or his or her designee after each range date. Failure of any member to sign in may result in non-qualification.

The range shall remain operational and accessible to Department members during hours established by the Department.

The Department Armorers have the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Personnel and Training Sergeant or their designee has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs

to his/her personally owned firearm and it will not be returned to service until inspected by the Department Armorer.

The FTU Staff shall complete and submit to the Personnel and Training Sergeant documentation of the training courses provided. Documentation shall include a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Personnel and Training Sergeant or his or her designee should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records.

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Berkeley Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Berkeley Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Berkeley Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.

Firearms

- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Berkeley Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action that prohibits them from carrying a firearm.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Canines

308.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment police services to the community including, but not limited to locating missing or at risk individuals and apprehending criminal offenders.

308.2 POLICY

It is the policy of the Berkeley Police Department that a request for canine unit assistance from an outside agency only be used to effectively and reasonably carry out legitimate law enforcement objectives

Per the 1982 Berkeley City Council Resolution (51,408 NS), police use of canines from other law enforcement agencies is permitted upon approval of the City Manager (or upon approval of the Chief of Police in emergency situations when the City Manager is not immediately available) in the following circumstances:

- (a) To apprehend a suspect where there is a threat to human life, the suspect is reasonably believed to be armed with a deadly weapon and the suspect is in a controlled, contained area and there are no known occupants of the area other than the suspect; or
- (b) To locate missing persons; or
- (c) To locate crime scenes.

The use of canines in crowd control is explicitly prohibited.

308.3 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if:

- (a) The on-scene supervisor or Watch Commander reasonably believes that the individual has either committed, is committing or is threatening to commit any serious offense and
- (b) If the suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine

Absent a reasonable belief that a suspect has committed, is committing or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Berkeley Police Department

Law Enforcement Services Manual

Canines

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, officers should confirm the handler secures the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and officers believe that the suspect no longer poses a threat, officers should request the handler, if not done already, command the canine to release the suspect.

308.4 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the on-scene supervisor should carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the on-scene supervisor should make every reasonable effort to communicate with the canine handler and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

308.5 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. Officers should allow a reasonable time for a suspect to surrender and should request the handler quiet the canine momentarily in order to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

Berkeley Police Department

Law Enforcement Services Manual

Canines

In the event of an apprehension, the handling officer shall document in any related report how the warning was given and, if none was given, the reasons why.

308.6 REPORTING DEPLOYMENTS, BITES AND INJURIES

Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified. The injured person shall be promptly treated by emergency medical services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

308.7 NON-APPREHENSION GUIDELINES

Properly trained canines may also be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The Watch Commander is responsible for determining a canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply.

- (a) Absent a change in circumstances that present an immediate threat to officers, the canine or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

308.8 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

Officer Response to Calls

309.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

309.2 RESPONSE TO CALLS

Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

309.3 RESPONSIBILITIES OF RESPONDING OFFICERS

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. An officer shall also discontinue the Code-3 response when directed by a supervisor.

309.4 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance
- (b) Confirm and repeat the location where the Code-3 response is needed
- (c) Notify and coordinate allied emergency services (e.g., fire and ambulance)
- (d) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
- (e) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor

Berkeley Police Department

Law Enforcement Services Manual

Officer Response to Calls

309.5 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated
- (b) No more than those units reasonably necessary under the circumstances are involved in the response
- (c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

309.6 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or the Communications Center of the equipment failure so that another unit may be assigned to the emergency response.

Domestic Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. This policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

310.2 POLICY

The Berkeley Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible. In order to break the cycle of violence, the department policy is pro-arrest and focuses on proving the case with or without the victim's cooperation whenever possible.

310.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

Berkeley Police Department

Law Enforcement Services Manual

Domestic Violence

- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Bureau in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.
 - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 - 11. The social status, community status, or professional position of the victim or suspect.

Berkeley Police Department

Law Enforcement Services Manual

Domestic Violence

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 - 1. Voluntary separation of the parties.
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE

Because victims may be traumatized or confused, officers should be aware that a victim's behavior and actions may be affected:

- (a) Victims should be provided with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (b) Victims should also be alerted to any available victim advocates, shelters, and community resources.
- (c) When an involved person requests law enforcement assistance while removing essential items of personal property, officers should stand by for a reasonable amount of time.
- (d) If the victim has sustained injury or complaints of pain, officers should seek medical assistance as soon as practicable.
- (e) Officers should ask the victim whether the victim has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for the victim's safety or if the officer determines that a need exists.
- (f) Officers should make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (g) If appropriate, officers should seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

Berkeley Police Department

Law Enforcement Services Manual

Domestic Violence

310.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
 1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).
- (b) Check available records or databases that may show the status or conditions of the order.
 1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Berkeley Police Department

Law Enforcement Services Manual

Domestic Violence

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

310.9 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
 - 1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).
- (b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of the victim's right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person's arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).
- (c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
 - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
 - 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
 - 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
 - 4. Penal Code § 646.9 (stalking)
 - 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:
 - 1. The intent of the law to protect victims of domestic violence from continuing abuse.
 - 2. The threats creating fear of physical injury.

Berkeley Police Department

Law Enforcement Services Manual

Domestic Violence

3. The history of domestic violence between the persons involved.
 4. Whether either person acted in self-defense.
- (e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer's presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

310.10 REPORTS AND RECORDS

- (a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- (b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
- (c) Officers who seize any firearm, ammunition, or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)).

310.11 RECORD-KEEPING AND DATA COLLECTION

This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Supervisor to maintain and report this information as required.

310.12 SERVICE OF COURT ORDERS

- (a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located and shall provide the person protected or the person's parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

Berkeley Police Department

Law Enforcement Services Manual

Domestic Violence

- (b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).
- (c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)).
- (d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
- (e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide the person with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

310.13 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

310.14 DECLARATION IN SUPPORT OF BAIL INCREASE

Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Berkeley Police Department personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Berkeley Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Officers seeking a consent search should obtain written consent on a *Berkeley Police Department Consent Search Form*, unless an officers safety or exigency issue exists. When either of the

Berkeley Police Department

Law Enforcement Services Manual

Search and Seizure

aforementioned exist, the officer shall obtain the consent on body worn camera (BWC) and document the reason in the MDT/incident/case report.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

311.5 ASKING IF A PERSON IS ON PROBATION OR PAROLE

In an effort to foster community trust, officers should not ask if a person is on probation or parole when a person has satisfactorily identified themselves, either verbally or by presenting identification documents.

Officers may determine probation or parole status through standard records checks conducted in the course of a traffic safety or investigative stop. Officers should only ask when necessary to:

- (a) Protect the safety of others, the person detained, or officers;
- (b) Further a specific law enforcement investigative purpose (for example, sorting out multiple computer returns on a common name);
- (c) To confirm probation and parole status subsequent to a records check.

If an officer needs to ask the question, "Are you on probation or parole?" the officer should do so while treating the person with dignity and respect, and being mindful that people may take offense at the question.

Search and Seizure

311.6 WARRANTLESS SEARCHES OF INDIVIDUALS ON SUPERVISED RELEASE SEARCH CONDITIONS

In accordance with California law, individuals on probation, parole, Post Release Community Supervision, or other supervised release status may be subject to warrantless search as a condition of their probation. Officers shall only conduct probation or parole searches to further a legitimate law enforcement purpose or rehabilitative purpose. Searches shall not be conducted in an arbitrary, capricious, or harassing fashion.

Individuals contacted or detained who are found to be on searchable Supervised Release for Violent Offenses¹ may be searched pursuant to the terms of their Supervised Release conditions. The decision to detain a person and conduct a probation or parole search, or otherwise enforce probation or parole conditions for those on supervised release for nonviolent crimes², should be made, at a minimum, in connection with articulable facts that create a reasonable suspicion that a person may have committed a crime, be committing a crime, or be about to commit a crime or which demonstrate that the individual is connected in some way to criminal activity or that the individual is an imminent threat to officer or citizen safety. In the conduct of all such detentions and searches, officers shall consciously avoid the application of bias, shall not use such detentions or searches as a means to harass or annoy, and shall not conduct such detentions and searches in a manner that targets or is discriminatory toward any protected class.

1. *Offenses involving the use of force, the threat of force, the use or possession of a weapon, sexual violations against the person of another, human trafficking, and the use of force or threats to public safety. Battery on a Peace Officer (Penal Code § 243(b)), Reckless Evasion in a Vehicle (Vehicle Code § 2800.2(a)), or a violent felony as defined in Penal Code § 667.5(c)., fall into the categories of violent crimes, weapons offenses, sex crimes and/or crimes involving threats to public safety in accordance with state law.*
2. *"Non-Violent Offenses" are defined as offenses in which violence or use of a weapon or threat to life safety is not a factor.*

311.7 DOCUMENTATION

Officers shall document, via MDT disposition, Field Interview, Incident or Case Report, any search of a person, vehicle or location. Officers should consider documenting, as applicable, the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Berkeley Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1; 15 CCR 1150).

Safety checks - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact that is more than brief or inadvertent.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the

Berkeley Police Department

Law Enforcement Services Manual

Temporary Custody of Juveniles

habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

312.2 POLICY

The Berkeley Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Berkeley Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Berkeley Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Berkeley Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed (15 CCR 1142).

312.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

312.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

Temporary Custody of Juveniles

312.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Berkeley Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Berkeley Police Department without authorization of the arresting officer's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Berkeley Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1).

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Berkeley Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination (Welfare and Institutions Code § 602.1).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders (e.g. runaways) should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

- (a) When a juvenile is a suspected runaway the officer shall:
 1. Contact the parent, guardian or a responsible adult;
 - i. Allow the youth to speak with parent, guardian or responsible adult;
 2. If it's determined that the youth is not a runaway, the youth should be released as soon as reasonably possible;
 3. If it's confirmed that the youth is a runaway, proceed with standard documentation and reporting procedures;
 4. Provide food, water, and access to lavatory facilities, as necessary; and,
 5. If unable to contact a parent, guardian or responsible adult, or they do not cooperate with police and/or refuse take custody of their runaway juvenile, follow

procedures described in the “Protective Custody” section of the Child Abuse Policy.

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Berkeley Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and taken into custody for committing or attempting to commit a felony with a firearm shall not be released and be transported to a juvenile facility (Welfare and Institutions Code § 625.3).

In all other cases the juvenile offender may be:

- (a) Transported to a juvenile facility.
- (b) Released to a parent or other responsible adult after processing at the Department.
- (c) Released upon warning or citation.
- (d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative which least restricts the juvenile’s freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child’s ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

312.5 ADVISEMENTS

Officers shall take immediate steps to notify the juvenile’s parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the *Miranda* rights advisement regardless of whether questioning is intended. This does not apply to juvenile non-offenders taken into temporary custody for their safety or welfare (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1).

Berkeley Police Department

Law Enforcement Services Manual

Temporary Custody of Juveniles

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

312.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile.
- (b) Date and time of arrival and release from the Berkeley Police Department (15 CCR 1150).
- (c) Any charges for which the juvenile is being held.

The Special Victims Unit Sergeant shall later review and approve the log.

312.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1; Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Berkeley Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

312.8 TEMPORARY CUSTODY REQUIREMENTS

Members assigned to monitor or process any juvenile at the Berkeley Police Department shall ensure the following:

- (a) A supervisor should be notified if it is anticipated that a juvenile may need to remain at the Berkeley Police Department more than four hours. This will enable the supervisor to ensure no juvenile is held at the Berkeley Police Department more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).

Berkeley Police Department

- (d) Food shall be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile (15 CCR 1143).
- (e) Juveniles shall have reasonable access to a drinking fountain or water (15 CCR 1143).
- (f) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (g) Juveniles shall have privacy during family, guardian and/or lawyer visits (15 CCR 1143).
- (h) Juveniles shall be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody (15 CCR 1143).
- (i) Blankets shall be provided as reasonably necessary (15 CCR 1143).
 - 1. The supervisor should ensure that there is an adequate supply of clean blankets.
- (j) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.
- (k) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (l) Juveniles shall have the right to the same number of telephone calls as an adult in temporary custody.
- (m) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse (15 CCR 1142).

312.9 RELIGIOUS ACCOMMODATION

Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

312.10 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Berkeley Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of a supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

312.11 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Berkeley Police Department shall ensure a thorough search of the juvenile's property is made and all property is

Berkeley Police Department

Law Enforcement Services Manual

removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Berkeley Police Department.

312.12 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145).

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

- (a) Age, maturity and delinquent history
- (b) Severity of offense for which the juvenile was taken into custody
- (c) The juvenile offender's behavior
- (d) Availability of staff to provide adequate supervision or protection of the juvenile offender
- (e) Age, type and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

Members of this department shall document the reasons for placing the juvenile in secure custody in the police report.

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

312.12.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

Berkeley Police Department

Law Enforcement Services Manual

Temporary Custody of Juveniles

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (b) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1(d)).
- (c) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
 - 1. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 2. All safety checks shall be logged.
- (d) Males and females shall not be placed in the same locked room (15 CCR 1147).
- (e) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (f) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

312.13 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

Upon receipt of a report of death of a minor from the administrator, the Board may, within 30 calendar days, inspect and evaluate the jail, lockup, or court holding facility pursuant to the provisions of 15 CCR 1046. Any inquiry made by the Board shall be limited to the standards and requirements set forth in 15 CCR 1046.
- (h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
- (i) Evidence preservation.

312.14 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

- (a) Information is necessary to protect life or property from an imminent threat.
- (b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

312.14.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained pursuant to the Records Maintenance and Release policy.

312.15 FORMAL BOOKING

Any juvenile, 14 years of age or older, who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, should be booked, fingerprinted and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Detective Bureau supervisor, giving due consideration to the following:

- (a) The gravity of the offense
- (b) The past record of the offender
- (c) The age of the offender

312.16 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Berkeley Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827 (click here to view: [W&I 827](#)).

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Support Services Bureau Lieutenant and the Detective Bureau Lieutenant to ensure that personnel of those bureaus act within legal guidelines.

312.17 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION

The Support Services Division Captain shall coordinate the procedures related to the custody of juveniles held at the Berkeley Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Penal Code § 368; Welfare and Institutions Code § 15610.23).

It is the department policy to make arrests or to seek arrest warrants for elder and dependent adult abuse in accordance with Penal Code § 836 and, in the case of domestic violence, as allowed by Penal Code § 13701 (Penal Code § 368.6) (see Law Enforcement Authority and Domestic Violence policies for additional guidance).

313.2.2 ADHERENCE TO POLICY

All officers are required to be familiar with the policy and carry out the policy at all times, except in the case of an unusual compelling circumstance as determined and approved by a supervisor (Penal Code § 368.6).

A copy of this report will be made available to the alleged victim and reporting party pursuant to department protocols (Penal Code § 368.6(c)(27)).

The Chief of Police shall retain the report for a minimum of five years and shall make it available to the state protection and advocacy agency upon request (Penal Code § 368.6(c)(27)).

313.3 MANDATORY NOTIFICATION

Members of the Berkeley Police Department shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have observed, or have knowledge of an incident that reasonably appears to be abuse of an elder or dependent adult, or are told by an elder or dependent adult that the person has experienced abuse (Welfare and Institutions Code § 15630(b)).

 - 3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.
 - 4. When a report of abuse is received by the Department, the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).
- (b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).

- (j) When the Department receives a report of abuse, neglect, or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Detective Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney's Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

Failure to report, or impeding or inhibiting a report of abuse of an elder or dependent adult, is a misdemeanor (Welfare and Institutions Code §15630(h)).

313.3.1 NOTIFICATION PROCEDURE

Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

All reported or suspected cases of elder and dependent adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated (Penal Code § 368.6).

Investigations and reports related to suspected cases of elder and dependent adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected elder and dependent adult abuse victim is contacted.

Berkeley Police Department

Law Enforcement Services Manual

Senior and Disability Victimization

- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

- (o) Whether a death involved the End of Life Option Act:
 - 1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14).
 - 2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person's life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17).
 - 3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17).
 - 4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential elder or dependent adult abuse and investigated similarly.

Senior and Disability Victimization

An unexplained or suspicious death of an elder, dependent adult, or other adult or child with a disability should be treated as a potential homicide until a complete investigation including an autopsy is completed, and it should not be assumed that the death of an elder or person with a disability is natural simply because of the age or disability of the deceased (Penal Code § 368.6(c)(18)).

313.4.1 ADDITIONAL INVESTIGATIVE CONSIDERATIONS

The following factors as provided in Penal Code § 368.6 should be considered when investigating incidents of elder and dependent adult abuse:

- (a) Elder and dependent adult abuse, sex crimes, child abuse, domestic violence, and any other criminal act, when committed in whole or in part because of the victim's actual or perceived disability, including disability caused by advanced age, is also a hate crime (Penal Code § 368.6) (see the Hate Crimes Policy for additional guidance).
- (b) Senior and disability victimization crimes are also domestic violence subject to the mandatory arrest requirements of Penal Code § 836 if they meet the elements described in Penal Code § 273.5, including but not limited to a violation by a caretaker or other person who is or was a cohabitant of the victim, regardless of whether the cohabitant is or was a relative of, or in an intimate personal relationship with, the victim (Penal Code § 368.6(c)(10)).
- (c) Many victims of sexual assault and other sex crimes delay disclosing the crimes for reasons including but not limited to shame, embarrassment, self-doubt, fear of being disbelieved, and fear of retaliation by the perpetrator or others (Penal Code § 368.6(c)(11)).
- (d) Victims and witnesses with disabilities, including cognitive and communication disabilities, can be highly credible witnesses when interviewed appropriately by trained officers or other trained persons (Penal Code § 368.6(c)(14)).

313.5 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of elder and dependent adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to elder and dependent adult abuse investigations.
- (c) Present all cases of alleged elder and dependent adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies, and facility administrators as needed (Welfare and Institutions Code § 15650).
- (e) Provide referrals to therapy services, victim advocates, guardians, and support for the victim and family as appropriate (see the Victim and Witness Assistance Policy for additional guidance).

Berkeley Police Department

Law Enforcement Services Manual

Senior and Disability Victimization

1. Ensure victims of sex crimes know their right to have a support person of their choice present at all times during an interview or contact (Penal Code § 368.6) (see the Sexual Assault Investigations Policy for additional guidance).
 2. Referrals to the crime victim liaison as appropriate for victims requiring further assistance or information regarding benefits from crime victim resources.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).
- (g) Make reasonable efforts to determine whether any person committed unlawful interference in a mandated report.

313.6 PROTECTIVE CUSTODY

Before taking an elder or dependent adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an elder or dependent adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an elder or dependent adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an elder or dependent adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When elder or dependent adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

313.6.1 EMERGENCY PROTECTIVE ORDERS

In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

Berkeley Police Department

Law Enforcement Services Manual

Senior and Disability Victimization

313.6.2 VERIFICATION OF PROTECTIVE ORDER

Whenever an officer verifies that a relevant protective order has been issued, the officer shall make reasonable efforts to determine if the order prohibits the person from possession of firearms or requires the relinquishment of firearms, and if the order does so, the officer shall make reasonable efforts to (Penal Code § 368.6(c)(19)):

- (a) Inquire whether the restrained person possesses firearms. The officer should make this effort by asking the restrained person and the protected person.
- (b) Query the California Law Enforcement Telecommunications System to determine if any firearms are registered to the restrained person.
- (c) Receive or seize prohibited firearms located in plain view or pursuant to a consensual or other lawful search in compliance with Penal Code § 18250 et seq. and in accordance with department procedures.

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected elder or dependent adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

313.7.3 INTERVIEWS WITH A PERSON WITH DEAFNESS OR HEARING LOSS

An officer who is interviewing a victim or witness who reports or demonstrates deafness or hearing loss should secure the services of a qualified interpreter (as defined by Evidence Code § 754) prior to the start of the interview (Penal Code § 368.6) (see the Communications with Persons with Disabilities Policy for additional guidance).

Senior and Disability Victimization

313.8 MEDICAL EXAMINATIONS

When an elder or dependent adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency, or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency, or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an elder or dependent adult abuse victim who has been exposed to the manufacturing, trafficking, or use of narcotics.

313.9.1 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an elder or dependent adult abuse victim is present or where there is evidence that an elder or dependent adult abuse victim lives should:

- (a) Document the environmental, medical, social, and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Bureau supervisor so an interagency response can begin.

313.9.2 DETECTIVE BUREAU RESPONSIBILITIES

The Detective Bureau should:

- (a) Activate any available interagency response when notified that an officer has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

313.10 TRAINING

The Department should provide training on best practices in elder and dependent adult abuse investigations to members tasked with investigating these cases. The training should include:

- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.

Discriminatory Harassment

314.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

314.2 POLICY

The City of Berkeley (City) prohibits harassment on the basis of sex, race, age, religion, color, national origin, ancestry, physical disability, mental disability, medical condition (associated with cancer, a history of cancer, or genetic characteristics), HIV/AIDS status, genetic information, marital status, pregnancy, sexual orientation, gender, gender identity, gender expression, military and veteran status, and any other classifications protected by state or federal law.

All employees (as well as applicants, unpaid interns or volunteers, and persons providing services pursuant to a contract) are guaranteed the right to a work place free of hostility and intimidation based on any of the above-referenced protected classifications.

The City will neither tolerate nor condone harassment of employees by managers, supervisors, co-workers, elected/appointed officials, or persons with whom the City has a business, service, or professional relationship.

The City prohibits retaliation defined below, against an individual who reports, files a complaint of, or otherwise opposes conduct he or she reasonably believes to be unlawful harassment, retaliation, or assists in the investigation of a complaint.

For purposes of this policy, Retaliation refers to taking a materially adverse action against an employee on the above-listed grounds. A materially adverse action includes, but is not limited to, the denial of promotion, refusal to hire, denial of job benefits, demotion, suspension, and discharge. Adverse actions may also include threats, reprisals and adverse treatment that in the circumstances could dissuade or intimidate a reasonable person from raising a concern about a workplace condition or activity.

314.3 DEFINITIONS

Definitions related to this policy include:

314.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Law Enforcement Services Manual

Discriminatory Harassment

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

314.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

314.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.
- (b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

314.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Berkeley Police Department

Law Enforcement Services Manual

Discriminatory Harassment

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be reported directly to the City's Equal Employment Opportunity and Diversity (EEO) Officer, the Chief of Police, the Professional Standards Division Captain or the City Manager.

Any member who believes, in good faith, that he/she has been discriminated against, harassed or subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

314.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of each supervisor and manager shall include, but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensuring that his/her subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

314.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

314.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Professional Standards Division Captain, the City Manager, the City's Equal Employment Opportunity and Diversity (EEO) Officer, or the California Department of Fair Employment and Housing (DFEH) for further information, direction or clarification (Government Code § 12950).

314.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation or harassment shall be fully documented and promptly and thoroughly investigated.

314.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

314.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but is not limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the City's Equal Employment Opportunity and Diversity (EEO) Officer, Chief of Police, Professional Standards Division Captain or the City Manager.

314.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to

Berkeley Police Department

federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

All complaints or allegations shall be thoroughly documented on forms, or memoranda, and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- (a) Approved by the Chief of Police and,
- (b) Maintained in accordance with the department's established records retention schedule.

314.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation.

Child Abuse

315.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Berkeley Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

315.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

315.2 POLICY

The Berkeley Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

315.3 MANDATORY NOTIFICATION

The child protection agency shall be notified when (Penal Code § 11166):

- (a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or
- (b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Notification of the District Attorney is not required for reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care, or supervision where no physical injury to the child has occurred (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority. When the alleged abuse or neglect involves a child of a minor parent or a dependent adult, notification shall also be made to the attorney of the minor or the dependent adult within 36 hours (Penal Code 11166.1; Penal Code 11166.2).

Berkeley Police Department

Law Enforcement Services Manual

Child Abuse

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of the peace officer's employment as a peace officer.

315.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Penal Code § 11166):

- (a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.
- (b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

315.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

315.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

Berkeley Police Department

Law Enforcement Services Manual

Child Abuse

- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

315.5.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Berkeley Police Department

Law Enforcement Services Manual

Child Abuse

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

- (a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:
 1. The child has an immediate need for medical care.
 2. The child is in immediate danger of physical or sexual abuse.
 3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.
- (b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
 1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
 2. There is no lawful custodian available to take custody of the child.
 3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
 4. The child is an abducted child.
- (c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

315.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW

An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

315.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS

Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

315.6.3 CHILD PROTECTIVE SERVICES - WARRANT SERVICE

There are times when CPS has investigated the parent(s)'s capability to care for the child prior to police involvement and have obtained a court order granting temporary custody of the child to CPS. In such a case the officer shall "serve" the warrant by handing the court order to the parent(s). The officer shall not sign the order or complete any Return of Service form for CPS.

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

315.7.3 INTERVIEWS AT A SCHOOL

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The

Berkeley Police Department

Law Enforcement Services Manual

Child Abuse

staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

315.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

315.9.1 SUPERVISOR RESPONSIBILITIES

The Special Victims Unit Sergeant should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Bureau supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

315.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child with a Case Report and utilize photography for evidentiary purposes.
- (b) Notify the Detective Bureau so an interagency response can begin.

315.10 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

Berkeley Police Department

Law Enforcement Services Manual

Child Abuse

315.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).

315.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California's CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

315.10.3 CACI HEARING OFFICER

The Detective Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

315.10.4 CACI HEARING PROCEDURES

The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

- (a) Case reports including any supplemental reports
- (b) Statements by investigators
- (c) Statements from representatives of the District Attorney's Office
- (d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the

Berkeley Police Department

Law Enforcement Services Manual

Child Abuse

person's name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

315.10.5 CHILD DEATH REVIEW TEAM

This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).

Missing Persons

316.1 PURPOSE AND SCOPE

This policy provides guidance for handling missing person investigations.

Missing person - Any person who is reported missing to law enforcement when the person's location is unknown. This includes a child who has been taken, detained, concealed, enticed away or kept by a parent in violation of the law (Penal Code § 277 et seq.). It also includes any child who is missing voluntarily, involuntarily or under circumstances that do not conform to his/her ordinary habits or behavior, and who may be in need of assistance (Penal Code § 14215).

Missing person networks - Databases or computer networks available to law enforcement and that are suitable for information related to missing persons investigations. These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), and the Missing and Unidentified Persons System (MUPS).

316.2 POLICY

The Berkeley Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Berkeley Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

316.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Detective Bureau Lieutenant, or his/her designee, should develop and make available forms and kits in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

- Department report form for use in missing person cases
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation (Penal Code § 13519.07)

Berkeley Police Department

Law Enforcement Services Manual

Missing Persons

- Missing person school notification form
- Medical records release form from BPD
- California DOJ missing person forms as appropriate
- Biological sample collection kits

316.4 ACCEPTANCE OF REPORTS

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

316.5 INITIAL INVESTIGATION

Officers or other members conducting the initial investigation of a missing person shall take the following investigative actions, as applicable:

- (a) Respond to a dispatched call for service as soon as practicable.
- (b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
- (c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
- (d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
- (e) Make entries into the appropriate missing person networks as follows:
 1. Within two hours of the initial report, when the missing person is under 21 years old or is considered at risk.
 2. In all other cases, as soon as practicable, but not later than four hours from the time of the officer's initial contact with the reporting party.
- (f) Complete the appropriate report forms accurately and completely and initiate a search as applicable under the facts.
- (g) Collect and/or review:
 1. A photograph of the missing person, if available.
 2. Any documents that may assist in the investigation, such as court orders regarding custody.

Berkeley Police Department

Law Enforcement Services Manual

Hate Crimes

319.1 PURPOSE AND SCOPE

The purpose of this policy is to meet or exceed the provisions of Penal Code § 13519.6(c) and provides members of this department with guidelines for identifying and investigating incidents and crimes that may be motivated by hatred or other bias.

319.1.1 DEFINITIONS

Hate crimes - A criminal act committed in whole or in part, because of one or more of the following actual or perceived characteristics of the victim (Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.57):

- (a) Disability
- (b) Gender, gender identity or gender expression
- (c) Nationality
- (d) Race or ethnicity
- (e) Religion
- (f) Sexual orientation
- (g) Association with a person or group with one or more of these actual or perceived characteristics
- (h) Examples of hate crimes include, but are not limited to:
 - 1. Interfering with, oppressing or threatening any other person in the free exercise or enjoyment of any right or privilege secured by the constitution or laws because of one or more of the actual or perceived characteristics of the victim (Penal Code § 422.6).
 - 2. Defacing a person's property because of one or more of the actual or perceived characteristics of the victim (Penal Code § 422.6(b)).
 - 3. Terrorizing a person with a swastika or burning cross (Penal Code § 11411).
 - 4. Vandalizing a place of worship (Penal Code § 594.3).

The federal Matthew Shepard and James Byrd, Jr. Hate Crimes Prevention Act expands federal hate crimes to include crimes motivated by a victim's actual or perceived sex, sexual orientation, gender identity or disability (18 USC § 249).

Victim - Includes, but is not limited to, a community center, educational facility, entity, family, group, individual, office, meeting hall, person, place of worship, private institution, public agency, library or other victim or intended victim of the offense (Penal Code § 422.56).

Berkeley Police Department

Law Enforcement Services Manual

Hate Crimes

319.2 POLICY

The Berkeley Police Department recognizes and places a high priority on the rights of all individuals guaranteed under the state and federal constitution and incorporated in state and federal law.

319.3 PREVENTION AND PREPARATION

While it is recognized that not all crime can be prevented, this department is committed to taking a proactive approach to preventing and preparing for likely hate crimes by, among other things:

- (a) Make an affirmative effort to establish contact with persons and groups within the community who are likely targets of hate crimes and forming networks that address prevention and response.
- (b) Accessing assistance by, among other things, activating the California Department of Justice Hate Crime Rapid Response Protocol when necessary.
- (c) Providing victim assistance and community follow-up as outlined below.
- (d) Educating community and civic groups about hate crime laws.
- (e) Establishing a community relations liaison to work with community organizations and leaders to coordinate public meetings, local group meetings and school assemblies on recognizing, preparing for and preventing hate crimes.

319.4 HATE CRIME VS. HATE INCIDENT

Many acts of hate violence fall under the category of a hate crime, which is punishable by law. However, not all hate incidents are hate crimes. For example, verbal name calling, although offensive, is not a crime and must be accompanied by a viable threat of violence and the ability to carry out the threat.

For a hate incident to be categorized as a hate crime, it must violate a criminal law. A hate crime might include threatening phone calls, physical assaults, destruction of property, bomb threats, and/or the disturbance of religious meetings.

A hate incident that does not constitute a hate crime might include hate speech, display of offensive materials on one's property, the distribution of hate materials in public places, and the posting of hate materials that does not result in property damage. Even if a hate incident does not rise to the level of a hate crime, the victim will still need support and assistance and may have an actionable civil claim as well.

319.5 CRIMINAL STATUTES

The key criminal statutes on hate crimes are

- (a) Penal Code § 422.6 which provides that it is a misdemeanor to both (a) threaten or injure an individual or (b) damage property because of the real or perceived beliefs or characteristics of the other person; and
- (b) Penal Code § 422.7 which provides that it is a felony to both (a) threaten or injure an individual (when the injury could or does result in great bodily injury) or (b) damage

Berkeley Police Department

Law Enforcement Services Manual

Hate Crimes

property (when the damage is in excess of \$950) because of the real or perceived beliefs or characteristics of the other person.

319.6 INVESTIGATIONS

Whenever any member of this department receives a report of a suspected hate crime or other activity that reasonably appears to involve a potential hate crime, the following should occur:

- (a) Assigned officers should promptly contact the victim, witness or reporting party to investigate the matter further as circumstances may dictate
- (b) A supervisor should be notified of the circumstances as soon as practical.
- (c) Once in-progress aspects of any such situation have been stabilized (e.g., treatment of victims, apprehension of suspects at the scene), the assigned officers should take all reasonable steps to preserve evidence that establishes a possible hate crime.
- (d) Based upon available information, officers should take appropriate action to mitigate further injury or damage to potential victims or the community.
 - 1. Officers should contact the property owner to remove any evidence that cannot be physically removed (i.e., painted words or signs on a wall) by the officer once the offense is documented.

Standards of Conduct

321.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Berkeley Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

321.2 POLICY

The continued employment or appointment of every member of the Berkeley Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

321.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

321.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

Berkeley Police Department

Law Enforcement Services Manual

Standards of Conduct

The person countermanning the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

- (a) Failure to be reasonably aware of the performance of their subordinates or to provide appropriate guidance and control.
- (b) Failure to promptly and fully report any known misconduct of a member to his/her immediate supervisor or to document such misconduct appropriately or as required by policy.
- (c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.
- (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

321.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and California Constitutions and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Employees shall at all times be courteous and civil to the public and to one another. They shall be quiet, orderly, attentive and respectful and shall exercise patience and discretion in the performance of their duties.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

321.5 CAUSES FOR DISCIPLINE

The following are illustrative of causes for disciplinary action. The PIO shall coordinate the preparation and release of factual information regarding all major Departmental incidents, major crimes, or other newsworthy events.

Whenever necessary or appropriate, the PIO may be called to an incident scene by the Watch Commander to perform in-field media liaison duties.

In the event of a major disturbance, disaster, or state of emergency, a second PIO may be designated to assist the primary PIO with media relations and public dissemination of information.

In the event the National Incident Management System (NIMS) is employed, the PIO will report to the Incident Commander (Command Section) and perform media liaison activities in support of the PIO Branch.

If a Joint Information Center (JIC) is activated, the department PIO, or his/her designee, will report to that location to coordinate information management with other involved agency PIOs.

324.6 MEDIA REQUESTS

Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available Watch Commander. Prior to releasing any information to the media, employees shall consider the following:

2. Employees shall not take action which would prohibit media aircraft from flying over disaster scenes. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).

 - Whenever practical, the attorney's affirmation and authorization should be obtained in writing.
 - When represented by legal counsel, any request by the media to interview or photograph a person in-custody shall be referred to the prisoner's attorney.
- (i) Unless unavoidable, department employees shall not appear in authorized and facilitated photographs or filming of prisoners.

operation in order to accommodate the news media. All comments to the media shall be coordinated through the Watch Commander or the Public Information Officer.

324.7.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

324.8 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log (available through the City of Berkeley's Open Data Portal) of significant law enforcement activities that shall be made available, upon request, to media representatives through the Watch Commander. This log will generally contain the following information:

- (a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation

- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law
- (d) Employees representing this department shall refrain from offering any opinion as to an arrestee's guilt or innocence, the merits of a particular case, or the existence, nature or value of evidence unless expressly authorized by the Chief of Police to issue such official comment.

At no time shall identifying information pertaining to a juvenile arrestee (13 years of age and under), victim or witness be publicly released without prior approval of a competent court. The identity of a minor 14 years of age or older shall not be publicly disclosed unless the minor has been arrested for a serious felony and the release of such information has been approved by the Watch Commander (Welfare and Institutions Code § 827.5).

324.10 COMMUNICATIONS CENTER RESPONSIBILITIES

When the Communications Center receives a media inquiry for routine matters including, but not limited to, traffic conditions in Berkeley, Communications Center personnel shall furnish the information requested.

Specific or general media requests for information on newsworthy cases, (e.g., rape, major burglaries or robberies, felony assaults/batteries, cases involving death, etc.) received by the Communication Center shall be referred to the PIO (normal business hours) or Watch Commander (non-business hours.)

324.11 RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department. When in doubt, authorized and available legal counsel should be obtained.

324.12 INVOLVED PARTY'S REQUEST FOR "NO RELEASE"

"No Release" shall be requested sparingly, and only when it is necessary for the successful investigation or prosecution of a case or the security of principals, witnesses, or the premises

Subpoenas and Court Appearances

325.1 PURPOSE AND SCOPE

This policy establishes the guidelines for department members who must appear in court. It will allow the Berkeley Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

325.2 POLICY

Berkeley Police Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

325.3 SUBPOENAS

Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so. This may be accomplished by personal service to the officer or by delivery of two copies of the subpoena to the officer's supervisor or other authorized departmental agent (Government Code § 68097.1; Penal Code § 1328(c)).

The party that issues a civil subpoena to an officer to testify as a witness must tender the statutory fee of \$275 with the subpoena for each day that an appearance is required before service is accepted of the subpoena (Government Code § 68097.2).

An immediate supervisor or authorized individual may refuse to accept service for a criminal subpoena if (Penal Code § 1328(d)(e)):

- (a) He/she knows that he/she will be unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena.
- (b) It is less than five days prior to the date listed for an appearance and he/she is not reasonably certain that service can be completed.

If, after initially accepting service of a criminal subpoena, a supervisor or other authorized individual determines that he/she is unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

325.3.1 SPECIAL NOTIFICATION REQUIREMENTS

Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the City Attorney or the prosecutor shall notify his/her immediate supervisor without delay regarding:

- (a) Any civil case where the City or one of its members, as a result of his/her official capacity, is a party.
- (b) Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of his/her official capacity, is a party.

- (d) Any civil action stemming from the member's on-duty activity or because of his/her association with the Berkeley Police Department.
- (e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Berkeley Police Department.

The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

325.3.2 CIVIL SUBPOENA

The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The Department should seek reimbursement for the member's compensation through the civil attorney of record who subpoenaed the member.

325.3.3 OFF-DUTY RELATED SUBPOENAS

Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

325.4 FAILURE TO APPEAR

Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

325.5 STANDBY

To facilitate standby agreements, members are required to provide current contact telephone numbers to the subpoenaing party.

If a member on standby changes his/her location during the day, the member shall notify the subpoenaing party of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

325.6 COURTROOM PROTOCOL

When appearing in court, members shall:

- (a) Be punctual and prepared to proceed immediately with the case for which they are scheduled to appear.

- (c) Observe all rules of the court in which they are appearing and remain alert to changes in the assigned courtroom where their matter is to be heard.

325.6.1 TESTIMONY

Before the date of testifying, the subpoenaed member shall obtain a copy of relevant reports and become familiar with the content in order to be prepared for court.

Employees shall avoid any indication of bias, prejudice or anger and shall testify in a clear, concise and professional manner. Questions shall be answered truthfully and without trace of evasion. Personal behavior shall be exemplary while waiting to testify and while testifying.

325.7 OVERTIME APPEARANCES

When a member appears in court on his/her off-duty time, he/she will be compensated in accordance with the current memorandum of understanding or collective bargaining agreement.

325.8 RESPONSIBILITIES

The Records Management Supervisor, or his/her designee, shall be responsible for maintaining effective administrative liaison among the Courts, the District Attorney's Office and the Department on matters concerning police personnel who have been subpoenaed for appearances in criminal, civil or traffic court.

325.9 MASTER COURT CALENDAR - CRIMINAL CASES

A Master Court Appearance Calendar will be maintained by the Records Management Supervisor, or his/her designee. The calendar will provide current information on the status of subpoenas and court dates. The calendar will contain information concerning the status of current court cases requiring officers' appearance (e.g., going, canceled or rescheduled).

- (a) A telephone Court Appearance recording is available 7 days a week, 24 hours per day. The Telephone Court Appearance recording may be accessed by dialing 981-7991.

325.10 CRIMINAL SUBPOENA RECEPTION AND SERVICE PROCEDURES

The Records Management Supervisor, or his/her designee, will receive and acknowledge receipt of all subpoenas for police personnel, either on the part of the people or of the defendant. Individual subpoenas will then be processed as follows:

- (a) Subpoenas will be forwarded to the immediate supervisor of the subpoenaed employee.
- (b) Supervisors will personally "serve" the employee and acknowledge service by signing the original subpoena.
- (c) The subpoenaed employee will sign the subpoena, indicating receipt of the subpoena.
- (d) Supervisors will return the original subpoena to the Record Management's "Served Subpoenas" tray and give a copy of the subpoena to the employee.
- (e) If service of the subpoena is not possible, the reason for "no service" will be noted on the subpoena. The supervisor shall also fill out a "Subpoena Continuation

Request" form on behalf of the subpoenaed employee and attach it to the subpoena. Both subpoena and form shall be returned to the Record Management's "Served Subpoenas" tray.

- (f) The Records Management Supervisor, or his/her designee, will return all subpoenas, served or unserved, to the issuing party.

325.11 EMPLOYEE RESPONSIBILITY

Upon receipt of a subpoena, the subpoenaed employee shall carefully review the case report to determine the need for his/her testimony. If the employee feels that he/she has been improperly subpoenaed, or that his/her testimony would be of little or no value, the officer should contact the subpoenaing party to discuss the matter.

If the subpoenaed employee will be unavailable to appear in court due to pre-approved leave of absence (i.e., vacation, training courses, parental leave), the "Subpoena Continuation Request" form shall be completed, attached to the subpoena and returned upon receipt. The form must be approved by the supervisor of the subpoenaed employee and then forwarded to the Records Management Supervisor, or his/her designee. The Records Management Supervisor, or his/her designee, shall forward the paperwork to the subpoenaing party and file a copy in the "Subpoena Master File".

Subpoenas are usually received by Records Management. Whenever an employee receives a subpoena directly from the District Attorney's Office or from any other source, including a personal notification to appear, the employee shall inform Records Management as soon as possible.

- (a) Employees should comply with any subpoena that directs them to contact the District Attorney's Office. However, if any change is made regarding the date/time of appearance, cancellation or telephone stand-by status, the employee shall inform Records Management as soon as possible.
- (b) Notification of Records Management in these situations is required so that the Records Management Supervisor, or his/her designee, can administer the subpoena process as outlined in this policy.

Officers who appear for court, on an off duty day, whether they testify or not, should have their subpoenas signed and dated by the issuing party, or his/her designee.

If the case is prolonged, and the officer is needed for more than one day, the officer should obtain a new subpoena from the subpoenaing party for each additional day of testimony.

325.12 CONFIRMATION OF CRIMINAL COURT APPEARANCE

The Records Management Supervisor, or his/her designee, shall confer with the assigned Deputy District Attorney during the afternoon hours of the business day prior to a scheduled court hearing to determine if:

325.13 TRAFFIC SUBPOENAS RECEPTION AND SERVICE PROCEDURES

The Records Management Supervisor, or his/her designee, will record and acknowledge receipt of all traffic subpoenas. Traffic subpoenas include those requesting an actual appearance in court, Informal Discovery Request, and those requesting "Trial by Declaration".

- (a) Traffic subpoenas will be forwarded and served upon the subpoenaed employee in the same manner as a criminal subpoena.
- (b) The employee's supervisor shall take steps to ensure all traffic subpoenas, requests for "Trial by Declaration", "Informal Discovery Request" and requested documents are returned, to the Records Management Supervisor, or his/her designee, by the date specified. There is no specified date on an Informal Discovery Request. Informal Discovery Requests shall be returned within 10 days of the request.
 - 1. If the supervisor determines that special circumstances justify a longer response time or is unable to serve the subpoena by the date specified, he/she shall fill out a Subpoena Continuation Request, on behalf of the subpoenaed employee, and route it to the Records Management Supervisor, or his/her designee.
 - 2. If the subpoenaed employee will be unavailable to appear in court due to a pre-approved leave of absence (i.e., vacation, training courses, parental leave), the "Subpoena Continuation Request" form shall be completed and attached to the subpoena and returned upon receipt. The form must be approved by the supervisor of the subpoenaed employee and then forwarded to Records Management. Supervisor, or his/her designee.

If an officer becomes aware they cannot make a scheduled court appearance on the day of appearance, regardless of the reason, he/she must notify a supervisor and the issuing party.

325.14 TRAFFIC CITATION DISMISSALS

Only the Court can dismiss an issued citation. Employees who receive a traffic subpoena but determine there is a need to dismiss the original traffic citation because they are not able to recall sufficient information regarding the incident in order to testify in traffic court, or for any other reason, shall complete the following procedure:

- (a) Complete a "Notice of Correction and Proof of Service" form
- (b) Check the "Other" box for correction reason and write in, "Request the Court to consider dismissing in the interest of justice" or "Request the Court dismiss due to lack of officer recall" or any other reason

- (b) Upon completing service, the Proof of Service form shall be returned to Records Management's "Served Subpoenas" tray and the Records Management Supervisor, or his/her designee, will ensure the form is returned to the Court.

325.16 SUBPOENA DUCES TECUM

A subpoena duces tecum requires the production of records. Records must be produced by the production date. A subpoena duces tecum must be served 15 days before the production date.

A copy of the supporting affidavit must be attached to the subpoena duces tecum when the production of documents is requested.

An employee served with a subpoena duces tecum shall notify the Records Management Supervisor and give the subpoena to the Subpoena Clerk without delay. The latter shall ensure the necessary documents or objects are made available for the Court by the due date.

325.17 FOR CIVIL ACTIONS - OFFICER PRESENCE REQUIRED

Any officer served with a subpoena requiring appearance as a witness in any court or for the taking of a deposition in any civil action in connection with on-duty employment shall promptly deliver that subpoena to the Records Management Supervisor for processing. The supervisor will complete Part A of BPD Form J (Reimbursement for Appearance on Civil Subpoena) and make a copy for the master file in triplicate. The original will be given to the officer, the duplicate attached to the master file, and the triplicate forwarded to the Public Safety Business Office. On those occasions when the civil subpoena is delivered directly to the Subpoena Clerk he/she will prepare a BPD Form J without delay and route as prescribed above.

Following the officer's appearance in response to the civil subpoena, he/she shall complete Form J, attach it to their subpoena and forward the documents to the timekeeper.

with any off-duty or auxiliary firearms (see the Firearms policy for further information regarding qualifications).

326.13 EMERGENCY CALL-OUT FOR RESERVE PERSONNEL

One of the primary reasons for having a Reserve Program is to have a additional trained personnel that can respond in the event of an emergency such as a large fire, earthquake, riot or other such natural or civil emergency. Registered Offender Information

328.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Berkeley Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

328.2 POLICY

It is the policy of the Berkeley Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

328.3 REGISTRATION

The Detective Bureau Lieutenant, in conjunction with the Jail Sergeant, shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

328.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

328.4 MONITORING OF REGISTERED OFFENDERS

The Detective Bureau Lieutenant should strive to establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence, such as an internet search, drive-by of the declared residence, or knock-and-talk contact.
- (b) Review of information on the California DOJ website for sex offenders.
- (c) Contact with a registrant's parole or probation officer.

Berkeley Police Department

Law Enforcement Services Manual

Registered Offender Information

Any discrepancies should be reported to the California DOJ as appropriate, and may result in criminal prosecution.

The Detective Bureau Lieutenant should also establish a procedure to routinely disseminate information regarding registered offenders to Berkeley Police Department personnel, including timely updates regarding new or relocated registrants.

328.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Berkeley Police Department's website. Information on sex registrants placed on the Berkeley Police Department's website shall comply with the requirements of Penal Code § 290.46.

The Support Services Division Captain may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

328.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY

California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

- (a) The offender's full name
- (b) The offender's known aliases
- (c) The offender's sex
- (d) The offender's race
- (e) The offender's physical description
- (f) The offender's photograph
- (g) The offender's date of birth
- (h) Crimes resulting in the registration of the offender under Penal Code § 290
- (i) The date of last registration

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).

328.5.2 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

The Watch Commander shall attempt to make the notifications as soon as practicable. Notification should be made by calling the home telephone number first and then by any other available contact numbers.

Death Investigation

330.1 PURPOSE AND SCOPE

The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

330.2 DEATH FROM NATURAL CAUSES

If a death results from natural causes and a licensed physician will sign the death certificate, contact the Coroner's Office. Advise the Coroner's Office of the circumstances and follow their directions.

330.3 SUSPICIOUS DEATH

If death results from suicide, a non-criminal cause or natural cause when no licensed physician is qualified to sign the death certificate, the assigned officer shall:

- (a) Investigate the circumstances surrounding the death.
- (b) Consult with a sergeant at the scene.
- (c) Notify the Coroner.
- (d) Witness the search of the body by the Deputy Coroner and obtain a receipt for the body and personal effects.

330.4 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed). A supervisor shall be notified in all death investigations.

330.4.1 CORONER REQUEST

Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

- (a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).
- (b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746 in the 20 days prior to death.

- (s) All deaths where the patient is comatose throughout the period of the physician's attendance. Includes patients admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the coroner.

330.4.2 SEARCHING DEAD BODIES

The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death

report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

330.4.3 DEATH NOTIFICATION

The Coroner is responsible for notifying relatives or friends of the deceased, but department members shall assist as requested. When practical, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person should be made, in person, by the supervisor assigned to the incident.

If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner and any assigned detectives shall be advised if the next-of-kin notification has been made. Any notifications made, or requests for notifications, shall be documented in the associated report.

330.4.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Coroner arrives, the Coroner's office will issue a "John Doe" or "Jane Doe" number for the report.

330.4.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

330.4.6 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Homicide Sergeant or designee shall be notified to determine the possible need for detectives to respond to the scene for further immediate investigation.

Pending arrival of the Homicide Detail, the assigned officer shall investigate the circumstances surrounding the death, including but not limited to obtaining statements, securing the scene, gathering evidence and making arrests.

330.4.7 EMPLOYMENT RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)).

Identity Theft

331.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

331.2 REPORTING

In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:

- (a) For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.

331.3 RELATED CRIMES

While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

331.4 ADDITIONAL REPORTS

Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

331.5 RESOURCES

The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.

331.6 FOLLOW UP

Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Communications with Persons with Disabilities

332.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

332.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

332.2 POLICY

It is the policy of the Berkeley Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

332.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to the Audit and Inspection Sergeant, who shall act as the ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be directly responsible to the Professional Standards Division Captain or his/her designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Berkeley Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

Berkeley Police Department

Law Enforcement Services Manual

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Communications Center Manager. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

332.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

332.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Berkeley Police Department

Law Enforcement Services Manual

Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Berkeley Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

332.6 TYPES OF ASSISTANCE AVAILABLE

Berkeley Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

Berkeley Police Department

Law Enforcement Services Manual

Communications with Persons with Disabilities

332.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

332.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

332.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Law Enforcement Services Manual

Communications with Persons with Disabilities

332.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

332.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

332.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

332.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Berkeley Police Department

Law Enforcement Services Manual

Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

332.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

332.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

Berkeley Police Department

Law Enforcement Services Manual

Communications with Persons with Disabilities

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

332.15 ARREST AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

332.16 COMPLAINTS

Pursuant to the City of Berkeley's ADA Grievance procedure (AR 1.13, as it may be amended from time to time) the Department shall investigate any complaint against the Department or its employees which alleges denial of accommodation or non-compliance with disability related civil rights laws with respect to the Department's services and programs. AR 1.13 should be referred to for more details. Generally, however, any individual who disputes a disability-related action or omission of the Department or of an employee of the Department may discuss his/her complaint with the ADA Coordinator. The ADA Coordinator may consult with the City's Disability Compliance Coordinator. The ADA Coordinator shall maintain on file (for a period of three years) any record of the dispute including any findings, recommendations and/or the outcome.

If the dispute is not resolved to the complainant's satisfaction, he or she may file a complaint with the City's Disability Compliance Coordinator. Pursuant to BMC 3.32.090, as it may be amended from time to time, such complaints may also be filed with the Police Review Commission.

332.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

Berkeley Police Department

332.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Personnel and Training Sergeant shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Personnel and Training Sergeant shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

332.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all the Communications Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Private Persons Arrests

333.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

333.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

333.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- (a) For a public offense committed or attempted in his or her presence;
- (b) When the person arrested has committed a felony, although not in his or her presence;
- (c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

333.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 - 1. Any officer who confirms that a private person's arrest is unlawful shall promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The officer must include the basis of such a determination in a related report.

Berkeley Police Department

Law Enforcement Services Manual

Private Persons Arrests

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking
 2. Release the individual pursuant to a Notice to Appear
 3. Release the individual pursuant to Penal Code § 849

333.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a BPD Private Person's Arrest Form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a report regarding the circumstances and disposition of the incident.

Anti-Reproductive Rights Crimes Reporting

334.1 PURPOSE AND SCOPE

This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

334.2 DEFINITIONS

Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

- (a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant
- (b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant
- (c) Intentionally damages or destroys the property of a person, entity or facility, or attempts to do so, because the person, entity or facility is a reproductive health services client, provider, assistant or facility

334.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

- (a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms.
- (b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the Investigation Division Captain.
- (c) By the tenth day of each month, it shall be the responsibility of the Investigation Division Captain to ensure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.
 1. In the event that no ARRC(s) were reported during the previous month, a Summary Worksheet shall be submitted to Department of Justice with an indication that no such crimes were reported.
 2. Any ARRC(s) reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).
 3. Forms may be found here: [Anti-Reproductive Rights Forms](#)

Anti-Reproductive Rights Crimes Reporting

Limited English Proficiency Services

335.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

335.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Berkeley Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

335.2 POLICY

It is the policy of the Berkeley Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

335.3 LEP COORDINATOR

The Communications Center Manager is the designated LEP Coordinator.

The responsibilities of the LEP Coordinator include, but are not limited to:

- (a) Coordinating and implementing all aspects of the Berkeley Police Department's LEP services to LEP individuals.

Berkeley Police Department

Law Enforcement Services Manual

Limited English Proficiency Services

- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Communications Center Manager. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

335.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- 1. The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- 2. The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- 3. The nature and importance of the contact, program, information or service provided.

Berkeley Police Department

Law Enforcement Services Manual

Limited English Proficiency Services

4. The cost of providing LEP assistance and the resources available.

335.5 TYPES OF LEP ASSISTANCE AVAILABLE

Berkeley Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

335.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

335.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

335.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

Berkeley Police Department

Law Enforcement Services Manual

Limited English Proficiency Services

335.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the City of Berkeley's Human Resources Department which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

335.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies.

335.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Berkeley Police Department

Law Enforcement Services Manual

Limited English Proficiency Services

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

335.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

335.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Berkeley Police Department will take reasonable steps and will work with the Personnel and Training Bureau to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

335.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Communications Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

Berkeley Police Department

Law Enforcement Services Manual

Limited English Proficiency Services

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

335.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

335.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

Berkeley Police Department

Law Enforcement Services Manual

Limited English Proficiency Services

335.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

335.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

335.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the Internal Affairs Bureau.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

335.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

335.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Personnel and Training Sergeant shall be responsible for ensuring new members receive LEP training. Biological Samples

337.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

337.2 POLICY

The Berkeley Police Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state. Should force be necessary in order to obtain a sample, officers should only use the minimum amount of force necessary.

337.3 PERSONS SUBJECT TO DNA COLLECTION

Those who must submit a biological sample include (Penal Code § 296):

- (a) A person, including a juvenile, upon conviction or other adjudication of any felony offense.
- (b) A person, including a juvenile, upon conviction or other adjudication of any offense if the person has a prior felony on record.
- (c) An adult arrested or charged with any felony.

337.4 PROCEDURE

When an individual is required to provide a biological sample, a trained employee shall obtain the sample in accordance with this policy.

337.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.
- (b) Verify that a biological sample has not been previously collected from the offender by querying the individual's criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.

337.5 INVOLUNTARY DNA COLLECTION

If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force.

Berkeley Police Department

Law Enforcement Services Manual

Biological Samples

Force will not be used in the collection of samples except as authorized by a court order or with the approval of the Watch Commander.

The following employees shall be involved in the administration of an involuntary DNA collection procedure:

- (a) A sworn supervisor,
- (b) An assigned officer and
- (c) An assisting employee.

The incident supervisor shall involve as many assisting employees as may be required to ensure the restraint of the individual and to accomplish the DNA collection. The incident supervisor shall explain to the individual that their refusal will result in his/her physical restraint, and that reasonable force may be employed to promote the safety of all involved parties during the impending collection.

337.5.1 RESTRAINT EQUIPMENT

When available and practical, restraint equipment should be employed if its use would enhance the safety of persons involved in an involuntary DNA collection process.

“Restraint equipment”, as used in this policy, may include, but is not limited to, a padded phlebotomy chair, a hospital gurney equipped with soft-restraints and “The Wrap” restraint device. The use of restraint equipment shall not preclude the physical restraint of an individual’s person by an employee if such action is necessary to mitigate the potential for injury.

The incident supervisor shall monitor the restraint process to ensure only reasonable force is employed. If confronted with violent resistance, the incident supervisor may elect to terminate the procedure, and develop an alternate plan for the DNA collection.

Should employees use physical force to overcome an individual’s violent resistance to the DNA collection process, the incident supervisor shall adhere to the reporting protocols in the Use of Force Policy. The arresting officer shall document the conduct of the individual during the DNA collection procedure in his/her report.

In the event an individual is injured, or complains of injury, as a result of police action, the incident supervisor shall ensure medical service protocols are followed.

337.5.2 VIDEO RECORDING

A video recording shall be made anytime force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department’s records retention schedule (15 CCR 1059).

337.5.3 CELL EXTRACTIONS

If the use of force includes a cell extraction, the extraction shall be video recorded, including audio. Video shall be directed at the cell extraction event. The video recording shall be retained by the

Berkeley Police Department

Law Enforcement Services Manual

Biological Samples

Department for the length of time required by statute. Notwithstanding the use of the video as evidence in a criminal proceeding, the tape shall be retained administratively (15 CCR 1059).

337.6 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

337.6.1 DOCUMENTATION RELATED TO FORCE

The Watch Commander shall prepare prior written authorization for the use of any force (15 CCR 1059). The written authorization (the BPD "Upgraded Search and DNA Collection Request" form) shall include information that the individual was asked to provide the requisite specimen, sample or impression and refused, and if applicable, the related court order authorizing the force.

337.6.2 BLOOD SAMPLES

A blood sample should only be obtained under this policy when:

- (a) The California DOJ requests a blood sample and the individual consents, or
- (b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

337.6.3 LITIGATION

The Chief of Police or authorized designee should notify the California DOJ's DNA Legal Unit in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use or any aspect of the state's DNA Data Bank Program.

337.7 EXPUNGEMENT FROM CAL-DNA DATA BANK

California Penal Code § 299 sets forth the criteria for DNA Database sample expungement. Expungement can be accomplished easily and quickly when a DNA sample qualifies for removal from the State database and a person provides sufficient documentation of his/ her identity, legal status and criminal history to the California Department of Justice, DNA Database Program (CAL-DNA). A petitioner whose sample qualifies for DNA database sample expungement and who provides appropriate documentation can expedite the process so that neither a court hearing, nor a 180-day waiting period permitted by Section 299, likely will be necessary.

If CAL-DNA receives sufficient documentation showing that an individual meets the criteria for expungement of his or her DNA sample, CAL-DNA will review and research the request and issue a response to the petitioner indicating that the expungement was completed and the sample destroyed, or notify the petitioner of the legal reason the Department is required to retain the sample and profile.

A form to request CAL-DNA to expunge a DNA database sample and profile can be obtained by contacting the California Office of the Attorney General. The Attorney General's website is <https://oag.ca.gov> or a petitioner can call 800-952-5225. The form to request the expungement is the

Community members are subject to a criminal history check before approval for participation in certain activities, such as citizen academies.

Child and Dependent Adult Safety

340.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

340.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Berkeley Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

340.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Berkeley Police Department

Law Enforcement Services Manual

Child and Dependent Adult Safety

340.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services or Adult Protective Services, if appropriate.
- (e) Notify a field supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

340.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

Berkeley Police Department

Law Enforcement Services Manual

Child and Dependent Adult Safety

340.3.3 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

340.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

340.5 TRAINING

The Personnel and Training Sergeant is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

Volunteer Program

341.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

341.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

341.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service. Loss of the identification card is to be reported to the on-duty shift supervisor or the Volunteer Coordinator immediately.

Volunteer Program

341.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing and department approved driver safety course.
- (b) Verification that the volunteer possesses a valid California Driver License.
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should ensure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers shall not operate a marked patrol car (unless there is a prominently placed sign indicating that it is out of service) and are not authorized to operate a Department vehicle Code-3.

341.5.2 RADIO AND MDT USAGE

Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or MDT and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

341.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

341.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

341.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

Service Animals

342.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

342.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

A service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

Service Dog in Training: A service dog in training is any dog that is being trained to assist a person with a disability. Other than guide dogs for the blind, there are no state-wide certifications, standards or qualifications for service dogs in training or their trainers. Thus, a service dog trainer may be the disabled owner of the dog or a licensed dog trainer.

342.2 POLICY

It is the policy of the Berkeley Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

342.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.

Berkeley Police Department

Law Enforcement Services Manual

Service Animals

- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

342.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are generally permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Berkeley Police Department affords to all members of the public (28 CFR 35.136).

342.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

342.4.2 ANIMALS IN TRAINING

A service animal in training that is not a dog may be denied entry into public establishments.

A service dog in training may be allowed entry into public establishments under either of the following conditions:

- (a) The individual with the disability advises they are in the process of training the dog to become a service animal, OR
- (b) The individual advises they are not disabled but are in the process of training the dog to become a service animal and the person has some documentation to identify him or her as a dog trainer.

342.4.3 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

Berkeley Police Department

Law Enforcement Services Manual

Service Animals

342.4.4 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

342.4.5 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the legal requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of disability laws, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Gun Violence Restraining Orders

343.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders (Penal Code § 18108).

Definitions related to this policy include:

Gun violence restraining order - Civil restraining order prohibiting a named person from controlling, owning, purchasing, possessing, receiving, or otherwise having custody of any firearms or ammunition, including an ammunition magazine (Penal Code § 18100).

343.3 GUN VIOLENCE RESTRAINING ORDERS

An officer who reasonably believes a person is a present danger to self or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm may request permission from the officer's supervisor to petition the court for a gun violence restraining order.

Officers petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). The petition should describe the number, types, and locations of any firearms and ammunition that the officer believes to be possessed or controlled by the person (Penal Code § 18107). The petition should also describe why less-restrictive alternatives are ineffective or inadequate for the circumstances (Penal Code § 18125; Penal Code § 18150; Penal Code § 18175).

If it is not practical under the circumstances to submit a written petition, an officer may submit the petition electronically or orally request a temporary order (Penal Code § 18122; Penal Code § 18140).

343.3.1 ADDITIONAL CONSIDERATIONS

Officers should also consider requesting permission to petition the court for a gun violence restraining order (Penal Code § 18108):

- (a) When responding to a domestic disturbance where the residence is associated with a firearm registration or record.
- (b) When responding to any call or incident when a firearm is present or when one of the involved parties owns or possesses a firearm.

Berkeley Police Department

Law Enforcement Services Manual

Gun Violence Restraining Orders

- (c) During a contact with a person exhibiting mental health issues, including suicidal thoughts, statements, or actions if that person owns or possesses a firearm.

Officers should consider obtaining a mental health evaluation if the encounter involves a situation where there is a reasonable cause to believe that the person poses an immediate and present danger of causing personal injury to themselves or another person by having custody or control of a firearm (see the Mental Illness Commitments Policy) (Penal Code § 18108).

343.4 SERVICE OF GUN VIOLENCE RESTRAINING ORDERS

- (b) Request that any firearms or ammunition be immediately surrendered and issue a receipt for the surrendered items (Penal Code § 18120).
- (c) Take into temporary custody any firearm or other deadly weapon discovered in plain view or pursuant to consent or other lawful search (Penal Code § 18250) and issue the restrained person a Property Receipt.
- (d) Inform the restrained person of any scheduled hearing regarding the order (Penal Code § 18160).
- (e) Submit the original proof of service form to Records Management so that it may be transmitted to the issuing court as soon as practicable but within one business day (Penal Code § 18115).
- (f) As soon as practicable, but by the end of his/her shift, submit a copy of the proof of service to Telecom for prompt entry into the California Restraining and Protective Order System (Penal Code § 18115).

The officer should also inform the restrained person that he/she is required, within 24 hours, to surrender to a law enforcement agency any other firearms and ammunition he/she owns or that are in his/her custody or control or sell them to a firearms dealer. This notification should be documented.

All firearms and ammunition collected shall be handled and booked in accordance with the Property and Evidence Policy.

343.5 SEARCH WARRANTS

If a person who has been served with a gun violence restraining order refuses to surrender any firearm or ammunition, the officer should consider whether to seek a search warrant. If a search warrant is to be obtained, the preparation and service of the search warrant shall be done in accordance with the Warrant Service Policy. Additionally, (Penal Code § 1542.5):

- (a) The officer serving the warrant shall take custody of any firearm or ammunition that is controlled, possessed or owned by the person who is the subject of the gun violence restraining order, including any discovered pursuant to the warrant, a consensual search or other lawful search.
- (b) If the location being searched is jointly occupied and the firearm or ammunition is owned by a person other than the restrained person, the firearm or ammunition should not be seized if the following conditions are met:
 - 1. The firearm or ammunition can be stored in a manner that does not allow the restrained person to have control or access.
 - 2. There is no evidence that the owner unlawfully possesses the firearm or ammunition.
- (c) If a locked gun safe belonging to someone other than the subject of a gun violence restraining order is discovered, the officer shall not search the contents of the safe unless the owner consents or there is a valid search warrant for the safe. Off-Duty Law Enforcement Actions

344.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Berkeley Police Department with respect to taking law enforcement action while off-duty.

344.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

344.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge or an authorized flat badge and identification.

Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that could adversely affect the officer's senses or judgment.

344.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

Berkeley Police Department

Law Enforcement Services Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

344.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as a police officer until acknowledged. Official identification should also be displayed.

344.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

344.4.3 NON-SWORN RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

344.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

344.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

FLASH/SOUND DIVERSIONARY DEVICES

353.1 PURPOSE AND SCOPE

The purpose of this order is to establish guidelines for the deployment and use of flash/sound diversionary devices

Only specifically trained personnel of this Department are authorized to use flash/sound diversionary devices, sometimes referred to as "flash bangs", in situations when the use of a less-lethal diversion would facilitate entry, enable an arrest, restore order, and/or potentially reduce the risk of injury to officers or community members.

353.2 POLICY

It is the policy of the Berkeley Police Department to utilize flash/sound diversionary devices in unique situations as provided in this policy.

353.3 JUSTIFICATIONS FOR USE

Circumstances justifying the use of flash/sound diversionary devices may include, but not be limited to:

- (a) Barricaded subject and/or hostage situations
- (b) High-risk warrant services
- (c) Discouraging dangerous animals from attacking
- (d) Riotous situations
- (e) Circumstances wherein distraction of violent and/or emotionally disturbed persons and/or those under the influence of alcohol/drugs is believed necessary to facilitate apprehension/custody.
- (f) Situations wherein the Incident Commander or on-scene Supervisor deems their use necessary to safely resolve the incident.

353.4 PROCEDURES AND PERSONS AUTHORIZED TO CARRY DEPLOY DIVERSIONARY DEVICES

Only personnel who have successfully completed departmentally approved training in the proper use and deployment of flash/sound diversionary devices shall be certified/authorized to carry/deploy flash/sound diversionary devices during actual operations or training. Refresher training on their use should be provided to members of Special Response Team every two years.

353.5 AUTHORIZATION FOR USE

Except in extreme emergencies (i.e., life-threatening situations), flash/sound diversionary devices shall not be used without prior authorization of the Incident Commander/On-scene Supervisor.

Berkeley Police Department

Law Enforcement Services Manual

FLASH/SOUND DIVERSIONARY DEVICES

353.6 DEPLOYMENT CONSIDERATIONS

Prior to deploying flash/sound diversionary devices, personnel shall consider available information and circumstances (i.e., presence of young children, elderly persons, flammable materials, small loose objects, etc). Circumstances may indicate that exterior deployment is preferable to deployment on the interior of a structure. Whenever possible, devices should be deployed to an area visible to the deploying officer. A flash bang pole may also be utilized to facilitate deployment.

353.7 SAFETY EQUIPMENT

All personnel carrying flash/sound diversionary devices in an actual incident or situation shall wear fire-retardant gloves and eye protection. The previously mentioned equipment is mandatory for training.

Because flash/sound diversionary devices have the potential to ignite flammable materials, a portable fire extinguisher or the Fire Department shall be readily accessible whenever devices are carried and may be deployed.

353.8 DOCUMENTATION AND REVIEW

Whenever flash/sound diversionary devices are carried by personnel in an actual situation or incident, that fact shall be noted in the after-action report or police report. In the event devices are deployed, the circumstances surrounding their deployment shall be fully described.

The Chief of Police or his or her designee shall be responsible for reviewing any deployment of flash/sound diversionary devices to ensure that policy is/was followed.

353.9 REPORTING REQUIREMENTS

Flash/sound diversionary devices are registered by serial number with the Bureau of Alcohol, Tobacco, and Firearms (ATF). Typically, the Department's purchase of new devices is reported directly (by case-lot serial numbers) to ATF by the device manufacturer via ATF Form 5. The National Firearms Act requires the Department to notify ATF upon the use/expenditure of flash/sound diversionary devices. The SRT Light Sound Diversionary Device Instructor shall be responsible for submitting written notification to ATF when devices listed have been used/expended. Notification to ATF may be in the form of Department Letterhead with a description of the device, serial numbers, and date used. This notification may be done quarterly to include multiple uses, but it should be submitted for a time period not to exceed three-month span of time. If there are no uses in a given quarter, no reporting is necessary.

The SRT Team Leader is responsible for ensuring that all flash/sound diversion devices are inspected annually. This inspection shall ensure that the Department's devices are properly prepared and in good condition. Devices used beyond their recommended lifetimes shall be designated for use in training only.

Flash/sound diversionary devices should be stored in a cool, dry location within the armory, on a separate shelf away from fixed ammunition. Devices may be temporarily issued to SRT Team members, or other designated personnel, provided appropriate records are maintained. Devices should be carried securely in a pouch/carrier with a retention strap or flap. Loans of Departmentally owned equipment to other agencies must be pre-approved by the Chief or his/her designee.

These rifles are not intended to be deployed during 'routine' calls for service. The deployment will be consistent with the specialized training that each operator receives.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the patrol function and address intra-organizational cooperation and information sharing.

400.2 POLICY

The Berkeley Police Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.

400.3 INFORMATION SHARING

To the extent feasible, all information relevant to the mission of the Department should be shared among all divisions and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily briefings and to attend briefings of other divisions or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws. Members are encouraged to share information with other units and divisions.

400.4 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, such as Penal Code § 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Berkeley Police Department

Law Enforcement Services Manual

Fair and Impartial Policing

401.1 PURPOSE AND SCOPE

This policy is intended to reaffirm the commitment of the Berkeley Police Department to fair and impartial policing; to clarify the circumstances in which officers can consider race, ethnicity and other demographics; and to reinforce procedures that serve to assure the public that we are providing service and enforcing laws in an equitable way.

California Penal Code Section 13519.4(e) prohibits racial profiling by law enforcement officers. This policy explicitly prohibits racial profiling and other biased policing. This policy describes the limited circumstances in which members can consider race, ethnicity, national origin, gender, age, religion, sexual orientation/identity or socio-economic status in making law enforcement decisions.

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - Any police-initiated action that relies on the race, ethnicity or national origin rather than the behavior of an individual or information that leads the police to a particular individual who has been identified as being engaged in criminal activity.

401.2 POLICY

Investigative detentions, traffic stops, arrests, searches and property seizures by officers will be based on a standard of reasonable suspicion or probable cause. Officers must be able to articulate specific facts and circumstances that support reasonable suspicion or probable cause.

Officers shall not consider race, ethnicity, national origin, gender, age, religion, sexual orientation/identity or socio-economic status in establishing either reasonable suspicion or probable cause, or when carrying out other law enforcement activities except when officers are:

- (a) Seeking specific person(s) who have been described in part by any of the above listed characteristics, or
- (b) The person(s) are being sought for a specific law enforcement purpose.

Discrimination or harassment based on a trait or class described above is considered a “serious allegation” of misconduct.

401.3 RESPONSIBILITY TO REPORT AND TAKE CORRECTIVE ACTION

Employees who become aware of another employee engaging in biased policing shall adhere to reporting procedures set forth in the Discriminatory Harassment Policy.

A supervisor or command officer who becomes aware of biased policing shall adhere to notification and administrative procedures set forth in the Personnel Complaints Policy.

All reports of biased policing shall be investigated in accordance with the Personnel Complaints Policy.

Berkeley Police Department

Law Enforcement Services Manual

Fair and Impartial Policing

401.4 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Chief of Police or the authorized designee shall ensure that all data required by the California Department of Justice (DOJ) regarding complaints of racial bias against officers is collected and reported annually to the DOJ (Penal Code § 13012; Penal Code § 13020).

401.4.1 DEMOGRAPHIC DATA PROCEDURES

All sworn officers shall provide demographic statistical data once for each individual as listed below:

- (a) All vehicle and bicycle detentions.
- (b) All pedestrian detentions
- (c) Anytime anyone is detained, regardless of the cause
- (d) Anytime anyone is searched regardless of the cause.

Officers shall provide demographic statistical data pursuant to the requirements of the RIPA statute, AB 953.

401.5 ADMINISTRATION

Each year, the Operations Division Captain shall review the efforts of the Department to prevent racial or biased based profiling and submit an overview, including public concerns and complaints, to the Chief of Police.

The annual report should not contain any identifying information about any specific complaint, member of the public or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

401.6 TRAINING

Training on racial or bias-based profiling and review of this policy should be conducted as directed by the Personnel and Training Bureau.

- (a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST)-approved training on the subject of racial or bias-based profiling.
- (b) Pending participation in such POST-approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.
- (c) Each sworn member of this department who received initial racial or bias-based profiling training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary, in order to keep current with changing racial, identity and cultural trends (Penal Code § 13519.4(i)).

Briefing Training

402.1 PURPOSE AND SCOPE

Briefing training is generally conducted at the beginning of the officer's assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Briefing; however officers may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations
- (b) Notifying officers of changes in schedules and assignments
- (c) Reminding officers of new or updated policies
- (d) Reviewing recent incidents for training purposes
- (e) Providing training on a variety of subjects

402.2 PREPARATION OF MATERIALS

The supervisor conducting Briefing is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his or her absence or for training purposes.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster scene.

403.2 POLICY

It is the policy of the Berkeley Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Berkeley Police Department

Law Enforcement Services Manual

Crime and Disaster Scene Integrity

403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

403.7 ADDITIONAL INVESTIGATIVE STEPS

Once the scene is stabilized, the handling officer or the on-scene supervisor should begin requesting additional resources. The following list generally describes requests that may or may not fit the need for investigating the incident properly. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation.

- (a) Request detectives to the scene
- (b) Make proper notifications, PIO, DCO etc.(see Major Incidents policy)
- (c) Photographs (See Digital Evidence policy)
- (d) Request an Identification Technician to the scene for photographs and evidence collection.
- (e) Request a sketch of the scene (see section 403.10)
- (f) Notify the coroner

403.8 IDENTIFICATION TECHNICIANS

Identification Technicians (ID Techs) are provided with special training to cover the following skills:

Berkeley Police Department

Law Enforcement Services Manual

Crime and Disaster Scene Integrity

- (d) Collecting, preserving, and transporting physical evidence, including biological materials

ID Techs responding to a scene shall report to the handling officer to ensure knowledge of their presence and to confer on what needs to be processed, collected or photographed. The handling officer should rely upon the expert knowledge of the ID Tech for determining the most practical method for evidence collection.

To ensure their safety, officers shall remain on scene with the ID Tech until the ID Tech's work is completed or until they advise the officer that he/she is free to leave.

403.8.1 EVIDENCE COLLECTION

Most evidence can be collected at the scene by the handling or an assisting officer. However on large scale investigations, an ID Tech may be requested to collect evidence from the scene. In general, certain evidence should only be collected by the ID Technician. These items may include:

1. Blood stained objects or dried physiological materials shall be air-dried in a protected environment, individually packaged into paper bags or bundles, and appropriately marked for identification.
2. Physiological materials such as human tissue may be collected as evidence and require specific unique handling to preserve its evidentiary value. In such cases, officers should contact the Identification Technician or the Homicide Detail or, if after hours, the on-call homicide investigator for details on proper handling.
3. Physical evidence, such as liquid blood samples, must be placed in proper containers and delivered promptly to the laboratory, or placed in the Property Room refrigerator.
4. Other items possibly supporting latent prints and/or trace evidence must be protected from any movement or action that might destroy or contaminate the viability of this evidence

It should be noted that non-sworn personnel, including ID Techs are not trained in drug/narcotic testing and shall refer/surrender any drugs/narcotics to the handling officer for proper handling and booking (see Property and Evidence policy).

403.9 CHAIN OF CUSTODY

The chain of custody is the written record of all individuals who have maintained control of evidence. The chain of custody begins when an item of evidence is collected and is maintained until the final disposition is made. The chain of custody assures continual accountability. Each individual in the chain is responsible for evidence while under his/her control.

The chain of custody shall be documented on the outside of most evidence packaging but should also be documented in the associated case report (see also the Property and Evidence policy).

403.10 CRIME SCENE SKETCHES

If the decision is made for a crime scene sketch, the officer preparing the sketch should make sure that the sketch includes, at minimum:

Berkeley Police Department

Law Enforcement Services Manual

- (d) Date and time of preparation.

Each sketch of a crime scene may include, as appropriate:

- (a) Dimensions and measurements.
- (b) Location of significant features, i.e., vehicles, other buildings, victims, witnesses, suspects, etc.

In large scale investigations, such as a homicide or a fatal vehicle collision, the Traffic Bureau's laser scanner may be utilized to provide more accurate measurements.

403.11 LABORATORY EXAMINATION REQUESTS

It shall be the responsibility of the Detective Bureau to take appropriate action to get physical evidence to the laboratory for examination.

- (a) Detectives are required to evaluate each case assigned to their Detail, determine what actions will be necessary to complete the investigation, and make appropriate laboratory examination requests, (e.g. DNA test, fiber analysis, etc.)
- (b) Evidence submitted to the laboratory for examination must include a record of the following information:
 - 1. Name of the officer last having custody of the item.
 - 2. Date and time the evidence was delivered to the laboratory.
 - 3. Signature of the person in the laboratory receiving the evidence, including date and time of receipt.
- (c) Employees will request written results of laboratory analysis at the time a request for laboratory services is made.
- (d) When the laboratory examinations are completed, the evidence will be picked up and returned to the Property Room.
- (e) Copies of the written results will be attached to the case.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this department.

406.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

406.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).
- (b) Notify the Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- (e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- (f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

406.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in accordance with the On-Duty Injuries policy.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

Berkeley Police Department

Law Enforcement Services Manual

Hazardous Material Response

406.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Berkeley Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY

It is the policy of the Berkeley Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure the Watch Commander or Duty Command Officer (DCO) is immediately advised and informed of the details. This will ensure the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 BERKELEY POLICE DEPARTMENT PUBLIC SAFETY BUILDING

If the bomb threat is against the Berkeley Police Department's Public Safety Building (PSB), the Watch Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department,, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Berkeley Police Department but that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.

408.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

408.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location within the City of Berkeley, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 1. No evacuation of personnel and no search for a device.
 2. Search for a device without evacuation of personnel.
 3. Evacuation of personnel without a search for a device.
 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander or DCO is immediately notified.

408.6 INITIAL RESPONSE

When handling an incident where a threat of an explosive device has been made, the following guidelines, while not all inclusive, should be followed:

- (a) Treat all bomb threats as valid.
- (b) Leave the decision to evacuate a building to the building manager or person in charge, unless a suspected explosive device is located.
 1. The police have the authority to force an evacuation of the premises, and the evacuees shall be moved at least 300 feet away and out of the line of sight of the target building. The evacuees shall be told to bring their belongings with them and stage nearby

- (c) Do not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area. This includes the following:
 - 1. Two-way radios
 - 2. Body Worn Cameras
 - 3. Cell phones
 - 4. Other personal communication devices
- (d) Ascertain if there have been previous threats of an explosive device at this location.
 - 1. If there have been prior threats, and the person in charge of the building decides to evacuate the building, the occupants should reassemble at a different location from where they assembled during previous evacuations.
- (e) Search the premises, in the company of a person who is familiar with the areas to be searched. No more than one officer should search any given area at one time.
- (f) Search the outside of the building before entering. Once cleared, search the building starting at the lowest floor and work upward. The search should cover, at minimum, all public-access areas, restrooms (with a special emphasis on trash containers), window sills, shrubbery, etc.
- (g) Assist in evacuation, if commenced, and require occupants to reassemble at least 300 feet away from the target building and out of the direct line of sight.
- (h) Be calm; avoid panic behavior.
- (i) See that all doors and windows are opened.
- (j) If no suspicious items are located after a reasonable search, notify the person responsible for premises exactly that, and no more. Do not say that there are no explosives on the premises.
- (k) If the threat is time specific, terminate search activity of the area at least 30 minutes before, and do not resume until at least 30 minutes after the threatened time of detonation.

408.7 FOUND DEVICE

When handling an incident involving a found suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios

 - i. If the Communications Center is unable to contact any of the Berkeley Police Department Bomb Technicians within 15 minutes of calling/paging them.
 - ii. No Berkeley Police Department Bomb Technicians are able to respond to the scene.
 - iii. At the direction of the Bomb Technician Sergeant (or the Senior Bomb Technician) or Bomb Squad Commander.

- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Watch Commander or DCO including:
1. The time of discovery.

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

408.8 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

408.8.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries, and the possibility of secondary devices.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes.
- (g) Search for additional or secondary devices.
- (h) Preserve evidence.
- (i) Establish an outer perimeter and evacuate if necessary.
- (j) Identify witnesses.

408.8.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- The Watch Commander or DCO
- Bomb squad
- Additional department personnel, such as Property Crime detectives
- ID Technician
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)

Berkeley Police Department

Law Enforcement Services Manual

- Other government agencies, as appropriate

408.8.3 CROWD MANAGEMENT

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

408.8.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander or DCO should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

408.9 RENDER SAFE AND TRANSPORTATION OF EXPLOSIVE DEVICES

- (a) It will be the responsibility of the Explosive Ordinance Disposal (EOD) Technicians to direct searches for additional devices, render safe and arrange for the transportation of explosive materials.
 1. His/her decisions in these matters will be final unless relieved by a Commanding Officer.
- (b) The assigned EOD Technicians shall assist the Detectives assigned by the Investigations Division Captain in the investigation of all explosives, incendiary devices and bombings, if needed.
- (c) Detailed information as to the construction of an explosive device, the reason it may have failed to detonate, or method used in rendering safe shall not be released to the news media.
- (d) All officers are required to be familiar with the fundamentals of bomb investigation contained herein and shall follow the stated procedures.

Crisis Intervention

409.1 PURPOSE AND SCOPE

This policy provides guidelines for utilizing the Department's Crisis Intervention Team and interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to evaluate a person's mental state and intent in order to effectively and legally interact with the individual.

409.1.1 DEFINITIONS

Definitions related to this policy include:

Mental Health Consumer - A description commonly used within the mental health community when referring to an individual diagnosed with a mental illness, who is involved in a mental health crisis, and/or utilizes mental health services.

Mobile Crisis Team - The Mobile Crisis Team (MCT) is a mobile emergency mental health service staffed by licensed mental health professionals and interns. The MCT offers crisis intervention, counseling follow-up and consultation services. The MCT work collaboratively with police personnel, including CIT officers, and act as professional adjuncts. MCT clinicians may be used by CIT officers as consultants regarding crisis intervention. The MCT may also generate referrals for mental health consumers and disposition recommendations for CIT officers.

Person in Crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

409.2 POLICY

The Berkeley Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

409.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory

Berkeley Police Department

Law Enforcement Services Manual

Crisis Intervention

- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

409.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Personnel and Training Officer will collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

409.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available cover officers and specialized resources, such as the Mobile Crisis Team and/or a CIT member (if available), as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident if possible.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
 1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the

Berkeley Police Department

Law Enforcement Services Manual

Crisis Intervention

California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).

- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) If feasible, employ tactics, such as time, distance and cover, to preserve the safety of all involved parties.
- (h) Determine if a crime(s) has been committed and what course of action should be followed based on the circumstances presented.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

409.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area, if possible.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

Crisis Intervention

409.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.
- (d) Whether there are guns registered to the person.
- (e) What, if any, vehicles are registered to the person.
- (f) Information regarding additional persons at the location of the incident.

Additional resources and a supervisor should be requested as warranted.

409.8 SUPERVISOR RESPONSIBILITIES

Upon request, a supervisor should respond to the scene of interactions with those in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources such as additional officers, the Mobile Crisis Team and/or a CIT member.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

409.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and shall exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis shall keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

Berkeley Police Department

Law Enforcement Services Manual

Crisis Intervention

409.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

409.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS

Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, fingerprinting, jail booking procedures, releasing property and responding to records requests.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the Professional Staff feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the Professional Staff to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

409.11 EVALUATION

The Department's Crime Analyst should ensure an annual report documenting the number of mental health related calls for service is completed and submitted to the Chief of Police through the chain of command.

409.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to assist them in effectively interacting with persons in crisis.

The Berkeley Police Department will strive to provide available Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).

Mental Illness Commitments

410.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

410.2 POLICY

It is the policy of the Berkeley Police Department to protect the public and individuals through the legal and appropriate use of the 72-hour treatment and evaluation commitment process (5150 commitment).

410.3 AUTHORITY

An officer having probable cause may take a person into custody and place the person in an approved mental health facility for a 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to only determining if the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) The person who is being evaluated or anyone designated by the person
- (b) An individual who is providing or has provided mental health treatment or related support services to the person
- (c) A family member

410.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- (b) Conflict resolution and de-escalation techniques.
- (c) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

Berkeley Police Department

Law Enforcement Services Manual

Mental Illness Commitments

410.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150). The officer shall document the disposition of the person's property on the application.

410.5 SEARCH PRIOR TO TRANSPORTATION

Prior to transportation, the officer taking a mentally disordered person into custody pursuant to W&I 5150, or who facilitates the person's request for voluntary psychiatric evaluation, shall ensure the person is searched for weapons or items that could present a safety hazard or security concern to ambulance personnel.

410.6 TRANSPORTATION

Persons wishing to self-commit or who are being detained pursuant to W&I 5150 shall be transported to an appropriate care facility via ambulance.

Communication Center personnel shall be responsible for requesting the appropriate ambulance service, based on information communicated by the requesting officer and requirements set forth in the service contract(s) maintained with the Alameda County EMS governing non-medical W&I 5150 transportation.

Persons requiring medical clearance prior to delivery to a psychiatric care facility shall be transported to the appropriate receiving hospital as determined by ambulance personnel.

Officers shall evaluate the mentally disordered person's potential for violence when considering transportation logistics.

Operations Division personnel shall be responsible for post-commitment transportation of a person on a "POLICE HOLD" from the involved psychiatric treatment facility.

- (a) Individuals cleared with a "fit for incarceration" from a psychiatric facility such as John George Pavilion or Alta Bates Hospital, may be transported to either the Berkeley City or Santa Rita Jail. Consideration should be given to any additional investigation or interviews needed for the case.

410.7 DOCUMENTATION

The officer shall complete an application for a 72-hour detention for evaluation and treatment, provide it to the transporting personnel assigned to that patient and retain a copy of the application as the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

Berkeley Police Department

Law Enforcement Services Manual

Mental Illness Commitments

The officer should also provide a verbal summary to any transporting personnel regarding the circumstances leading to the involuntary detention.

410.7.1 ADVISEMENT

The officer taking a person into custody for evaluation shall advise the person of:

- (a) The officer's name and agency.
- (b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
- (c) The name of the facility to which the person is being taken.
- (d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

410.8 VOLUNTARY EVALUATIONS

410.8.1 VOLUNTARY EVALUATIONS - NOT MEETING THE W&I 5150 CRITERIA

When an officer encounters an individual who desires to be voluntarily evaluated for a W&I 5150 commitment but, in the officer's opinion, doesn't meet the criteria for a hold, the officer should:

- (a) Facilitate the transport of the person to an appropriate facility that is able to conduct an evaluation.
- (b) Document the circumstances surrounding the individual's desire to pursue a voluntary evaluation in an MDT or Incident Report.

If at any point the person changes his/her mind regarding the voluntary evaluation, the person shall be allowed to decline transport.

410.8.2 VOLUNTARY EVALUATIONS - MEETING THE W&I 5150 CRITERIA

When an officer encounters an individual who desires to be voluntarily evaluated for a W&I 5150 commitment AND, in the officer's opinion, MEETS the criteria, the officer should:

- (a) Facilitate the transport of the person to an appropriate facility that is able to conduct an evaluation.
- (b) Complete a W&I 5150 application.

Completing the application safeguards for the possibility that the person may change their mind regarding the voluntary commitment during transport and be allowed to leave, when they are actually in need of an evaluation at a psychiatric facility.

Berkeley Police Department

Law Enforcement Services Manual

Mental Illness Commitments

410.9 CRIMINAL OFFENSES

410.9.1 MINOR OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or citation, or completing a report with an out of custody request for a warrant.

410.9.2 SERIOUS OFFENSES

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
- (c) Facilitate the individual's transfer to an appropriate mental health facility.
- (d) Indicate "POLICE HOLD" and note the applicable crime(s) on the W&I 5150 application.
- (e) Advise the transporting personnel that the subject is on a police hold.
- (f) Complete the police report and any supporting documents that will be needed once the individual is released from the psychiatric detention.
- (g) Notify oncoming shifts of the future need to transport the subject once he/she is deemed fit for incarceration (see section 410.6 a regarding transportation).

410.10 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant is needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons.

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

Berkeley Police Department

Law Enforcement Services Manual

Mental Illness Commitments

410.10.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS

Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Detective Bureau, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

410.11 TRAINING

This department will strive to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.

Cite and Release Policy

411.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

411.2 POLICY

It is the policy of the Berkeley Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department's mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

411.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private person's arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps they deem necessary to ensure that the defendant understands their written promise to appear.

411.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1).

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

411.3.2 RELEASE AFTER BOOKING

In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail.

411.4 NON-RELEASE

411.4.1 DISQUALIFYING OFFENSES

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

Berkeley Police Department

Law Enforcement Services Manual

Cite and Release Policy

- (a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
- (b) Felony domestic battery (Penal Code § 273.5)
- (c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
- (d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
- (e) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person's workplace or residence (Penal Code § 273.6)
- (f) Stalking (Penal Code § 646.9)
- (g) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

411.4.2 REASONS FOR NON-RELEASE

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. A supervisor may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

- (a) The person arrested is so intoxicated that they could be a danger to themselves or to others. Release may occur as soon as this condition no longer exists.
- (b) The person arrested requires medical examination or medical care or is otherwise unable to care for their own safety.
- (c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
- (d) There are one or more outstanding arrest warrants for the person (see Misdemeanor Warrants elsewhere in this policy).
- (e) The person could not provide satisfactory evidence of personal identification.
 - (a) If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.
- (f) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.
- (g) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.
- (h) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

Cite and Release Policy

411.5 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, with supervisor approval, unless any of the following conditions exist:

Release under this section shall be done in accordance with the provisions of this policy.

411.6 JUVENILE CITATIONS

Completion of criminal citations for juveniles is generally not appropriate except when cited into traffic court for any of the following:

- (a) Misdemeanor traffic violations of the Vehicle Code such as 12500(a) or 14601.1(a)
- (b) Violations of the Berkeley Municipal code
- (c) Marijuana violations (i.e., possession, transport, sales)

All other misdemeanor violations for juveniles shall be documented with a case number and referred to Juvenile Probation with a Notice to Appear.

411.7 REQUESTING CASE NUMBERS

Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if the officer feels the situation should be documented more thoroughly in a case report.

Foreign Diplomatic and Consular Representatives

412.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Berkeley Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

412.2 POLICY

The Berkeley Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

412.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

 - 3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
 - 4. Honorary consular officers
 - 5. Whenever an officer arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the officer shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). Rapid Response and Deployment

413.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

413.2 POLICY

The Berkeley Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

413.3 DEFINITIONS

Active Shooter - An Active Shooter is an individual who places other persons in immediate peril of death or great bodily injury by engaging in random or systematic shooting, typically with the intent to commit multiple homicides. For the purpose of this order, this term will also apply to a person who uses any deadly weapon to systematically or randomly inflict death or great bodily injury upon other persons.

Barricaded Suspect - A barricaded suspect is an individual who is hiding or holding out in a room or building, is known or believed to be armed with a dangerous weapon, and has displayed or threatened violence toward other persons. The suspect may or may not be holding hostages, but there is no indication that his or her actions are likely to result in the immediate death or great bodily injury of innocent persons.

Mass Casualty Incident - According to the World Health Organization, a mass casualty incident is an incident which generates more patients at one time than locally available resources can manage using routine procedures. It requires exceptional emergency arrangements and additional or extraordinary assistance.

On-Scene Incident Commander - The on-scene incident commander is the first officer to arrive at the scene of an incident of an active shooter. The officer shall assume command of the situation and coordinate the activities and operations of responding personnel consistent with the objective of this order until relieved by a higher authority.

413.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances,

Berkeley Police Department

Law Enforcement Services Manual

Rapid Response and Deployment

whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers shall take immediate action, if reasonably possible, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (Special Response Team).

413.5 COMMAND RESPONSIBILITIES

As soon as practical, a supervisor or command officer shall assume the role of Incident Commander. As additional personnel arrive on scene, the Incident Commander should consider implementing the Incident Command System, which may include the assignment of a Tactical Commander. Absent compelling reasons to the contrary, the Incident Commander shall ensure the tactics described above have been initiated to contain and eliminate the immediate threat.

Secondary responsibilities of the Incident Commander may include the assignment of additional duties normally associated with scene management. Such tasks include, but are not limited to:

- (a) The establishment of an incident command post
- (b) Setting up inner perimeter containment and outer perimeter control
- (c) Evacuation of persons from nearby areas that could be in imminent danger
- (d) Establishing staging areas and shelter locations

Berkeley Police Department

Law Enforcement Services Manual

Rapid Response and Deployment

- (e) Assigning a Press Information Officer
- (f) Ensuring that post-operation reporting requirements have been addressed

If an active shooter incident develops into a long-term hostage or barricaded suspect situation, or results in a protracted crime scene investigation, the Department will attempt to meet our ongoing staffing needs without outside assistance. However, as with any mass casualty incident, the on scene supervisor or Incident Commander shall notify the Chief or Assistant Chief of Inspectors at the Alameda County District Attorney's Office to utilize their assistance with investigation of the incident and/or providing victim services. Contact can be made via the Alameda County Sheriff's Office Emergency Services Dispatch. If additional staffing is required, a formal request for mutual aid shall be made to the Alameda County Sheriff's Office.

It shall be the responsibility of the Incident Commander to organize and convene a debriefing session as soon as possible following an active shooter incident. The debriefing will be available to all interested law enforcement agencies in the area and will be conducted to enhance preparedness and to increase knowledge of such incidents.

413.6 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

413.7 PLANNING

The Operations Division Captain or his/her designee should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.

- (g) Coordination of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.

- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
 - (a) This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Use of Narcan (Naloxone)

414.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines and regulations governing the utilization of Narcan by Berkeley Police Department employees with the objective to reduce the number of fatal opiate overdoses and increase employee safety.

414.2 POLICY

It is the policy of the Berkeley Police Department that employees are required to be trained in the use and appropriate administration of Narcan.

414.3 STANDING ORDER

The Alameda County Emergency Medical Services Agency (EMSA) Medical Director has authorized employees who have received training in the application of Narcan to possess and administer Narcan. [See attachment: BPD Narcan Signed Medical Standing Order](#) .

414.4 DEFINITIONS

Naloxone Hydrochloride (Narcan): A prescription medication used for the treatment of a known or suspected opioid overdose; a narcotic antagonist which works by affecting opiate receptor sites within the brain.

Intranasal: Administered through the nose; the nasal cavity is covered by a thin mucosa, which is extremely vascular and provides a direct route into the blood stream of the subject. Therefore, when Narcan is administered, via spray into the subject's nose it can be quickly effective.

Opioid Overdose: An acute, life threatening medical condition caused by the excessive intake of opiates (e.g. heroin, morphine, fentanyl, tramadol, oxycodone, etc.). This serious medical condition causes the victim to suffer from an altered level of consciousness, pinpoint pupils, respiratory arrest, and can lead to death.

Employee: Any sworn or non-sworn member of the Berkeley Police Department who is likely to be in a location where narcotics are found, tested or stored.

414.5 NARCAN COORDINATOR

The First Aid/CPR Training Coordinator, or their designee, shall act as the Narcan Coordinator. The Narcan Coordinator's responsibilities include:

- (a) Maintaining records of issued Narcan kits
- (b) Maintaining a list of employees trained in Narcan administration
- (c) Obtaining new Narcan kits prior to their expiration
- (d) Coordinating new or continued Narcan training for employees

Berkeley Police Department

Law Enforcement Services Manual

Use of Narcan (Naloxone)

414.6 PROCEDURE

- (a) Only employees who have completed authorized training in the use and application of Narcan shall be assigned to carry and utilize Narcan.
- (b) The Watch Commander, or their designee, shall ensure there are an adequate number of trained employees on every shift who carry Narcan in the field. The Narcan Coordinator shall maintain a list of personnel authorized to carry Narcan in order to aid the Watch Commander in this task.
- (c) Sworn personnel assigned to the Operations Division shall be assigned long-term Narcan kits. The kits shall be maintained in accordance with the provisions of this policy. Other sworn personnel assigned or opting to carry Narcan, shall complete an Equipment Inventory Log, including the Narcan kit number, date and time the equipment is logged out and returned. The Narcan kit and all related equipment must be returned to the designated secure storage area at the end of each shift, unless permission is granted to specific employees for long-term use.
- (d) Employees who are trained in accordance with the Alameda County EMSA mandated training guidelines shall deploy with Narcan kits in the field. However, the officer shall retain the discretion to administer or not administer Narcan to persons experiencing or suspected of experiencing opioid-related overdoses. There is no legal or departmental obligation to administer Narcan.
- (e) Employees who administer Narcan are protected from civil and criminal liability if they “act with reasonable care” and “in good faith.” This is accomplished by administering Narcan according to the established training protocol.
- (f) Narcan must be stored in a climate controlled area and in a location where access to the medication can be secured and controlled.
- (g) Each assigned employee shall conduct a pre-service inspection of the Narcan kit and confirm its condition. The employee shall inspect the secured safety case to ensure it is clean and not damaged or expired.
- (h) Assigned employees shall carry the Narcan kit in a location that can be easily accessed and utilized when needed but out of direct sunlight.

414.7 NARCAN ADMINISTRATION

- (a) Employees trained in the use of Narcan are authorized to use it without prior approval in cases where an opiate overdose is suspected.
- (b) When using Narcan employees should maintain universal precautions against blood borne pathogens.
- (c) Prior to administration of Narcan, employees must assess the victim for lack of breathing, pulse and unresponsiveness. Employees should conduct a brief visual survey for any obvious evidence of drug use or exposure.
- (d) If an employee determines a victim is suffering from opiate based over-dose, the employee shall request Emergency Medical Services (EMS) immediately prior to the administration of Narcan.

Berkeley Police Department

Law Enforcement Services Manual

Use of Narcan (Naloxone)

- (e) Narcan shall be administered by employees utilizing an intranasal method approved by the local EMS Director and in accordance with training guidelines.

414.8 DOCUMENTATION AND REPORTING

- (a) Any employee administering Narcan shall detail its use in the [BPD Narcan Report](#).
- (b) The supervisor approving the report shall ensure it contains enough information to meet applicable state reporting requirements and that a copy of the report is routed to the EMSA for auditing purposes.

414.9 MAINTENANCE AND REPLACEMENT

- (a) The daily inspection of Narcan kits shall be the responsibility of the officers who are assigned the kit for field deployment. The maintenance and replacement of Narcan kits shall be the responsibility of the Narcan Coordinator or their designee. Used, lost, or damaged Narcan kits shall be reported to a supervisor and returned to the Narcan Coordinator for replacement.
- (b) Narcan can only be obtained by prescription and shall be ordered for the Berkeley Police Department on an as needed basis by the Berkeley Police Department's Narcan Coordinator or their designee.

414.10 TRAINING

Prior to being issued and/or administering Narcan, personnel must complete an Opioid Overdose Prevention Training conducted by a person authorized by the Department to serve as a trainer. The authorized trainer must be trained by Alameda County EMS to conduct Opioid Overdose Responder training. The training shall only be offered to Berkeley Police Department employees and shall be conducted every two years during departmental Continued Professional Training (CPT) sessions.

Immigration Law

415.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Berkeley Police Department relating to immigration and interacting with federal immigration officials. This policy includes elements from the California Government Code 7284, also known as the California Values Act, and from Berkeley City Council Resolution No. 68,131-N.S., "City of Refuge Policy Regarding Interaction with U.S. Immigration and Customs Enforcement".

415.1.1 DEFINITIONS

The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person's presence in, entry or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

415.2 POLICY

It is the policy of the Berkeley Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public, in compliance with California law and Berkeley City Council policy. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

415.3 CITY COUNCIL RESOLUTIONS

The City of Berkeley was declared by City Council resolution to be a City of Refuge in 1971. Subsequent City Council resolutions in 1986, 2007, and 2016 reaffirmed and built upon the original policy. Most recently, on July 25, 2017, City Council provided city-wide policy under Resolution 68,131-N.S., which is incorporated within this policy in full below:

- (a) No department, agency, commission, officer or employee of the City of Berkeley shall use any City funds or resources to assist in the enforcement of Federal immigration law or to gather or disseminate information status of individuals in the City of Berkeley unless required by law.
- (b) No department agency, commission, officer or employee shall deny access to any City services or benefits to residents on the basis of their immigration status.
- (c) The prohibition set forth shall include but is not limited to:
 1. Assisting or cooperating, in one's official capacity, with any Department of Homeland Security (DHS) investigation, detention, or arrest procedures, public or clandestine, relating to alleged violations of the civil provision of federal immigration law, except as required by law.

Berkeley Police Department

Law Enforcement Services Manual

Immigration Law

2. Requesting information about, or disseminating information regarding, the immigration status of any individual, except as required by law.
3. Including on any application, questionnaire or interview form used in relation to benefits, services or opportunities provided by the City of Berkeley any question regarding immigration status.
4. It is the policy of the City of Berkeley to not allow any individual or organization to enter City facilities if their presence would disrupt city operations. Because the City Council believes that ICE activities in city facilities would constitute a severe disruption to the provision of city services, any request by ICE to any City officer or employee shall be immediately forwarded to the site director/supervisor and the Department Director for review and consultation with the City Attorney to ensure the safety of City employees and residents accessing city services and compliance with applicable state and federal laws.
5. Except in limited circumstances where ICE agents have a valid judicial warrant, after review and consultation with the Department Director and City Attorney, City departments, agencies, commissions, officers or employees are not required to:
 - Cooperate with ICE agents
 - Answer ICE agents' questions
 - Comply with an ICE Administrative Warrant
 - Immediately comply with a subpoena served by ICE agents
 - Speak with ICE agents at all

City officers or employees shall not consent to a warrantless search by ICE agents of a non-public area or non-public City records.

Employees must immediately notify site director/supervisor to report the interaction or warrants served. The site director/supervisor must immediately notify the Department Director for review and consultation with the City Attorney.

6. If any City resident has questions regarding their immigration status, City staff shall not refer them to Immigrations and Customs Enforcement or any other government agency. Instead City staff shall refer such individuals to local non-profit immigration law organizations. A list of such organizations shall be compiled and disseminated at City buildings and on the City's website. The City Manager is also encouraged to increase and enhance partnerships with community-based organizations, legal service providers, and educational institutions to provide resources for families and City residents facing deportation or other adverse immigration actions.
7. All requests for documents by ICE to City personnel shall be immediately forwarded to the Department Director for review and consultation with the City Attorney to ensure the safety of City employees and residents, and compliance with applicable state and federal laws.

Immigration Law

415.4 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or interacting with members of the Berkeley Police Department will not automatically lead to an immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members of the Berkeley Police Department shall treat all individuals equally and without regard to race, ethnicity or national origin in any way that would violate the United States or California constitutions.

415.5 IMMIGRATION INQUIRIES PROHIBITED

Officers shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code § 7284.6).

415.6 DETENTIONS AND ARRESTS

An officer shall not investigate, interrogate, detain, detect, or arrest persons for immigration enforcement purposes, including: inquiring into an individual's immigration status; detaining an individual on the basis of a hold request; providing information regarding a person's release date in response to a notification request from immigration authorities; providing personal information about an individual including but not limited to the individual home address or work address; making or participating in arrests based on civil immigration warrants; assisting immigration authorities in enforcement activities, or performing the functions of an immigration officer. (Government Code § 7284.6).

An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws, or a related civil warrant, or for any violation of federal immigration laws (Government Code § 7284.6).

415.7 FEDERAL REQUESTS FOR ASSISTANCE

Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration Enforcement and Removal Operations (ERO) officials for assistance from this department should be immediately directed to the Watch Commander. ICE's ERO is the principal immigration enforcement division. The Watch Commander shall be responsible for determining whether the requested assistance would be permitted under City policy and the California Values Act (Government Code § 7284.2 et seq.). The Watch Commander shall decline requests for assistance from ERO officials for immigration enforcement purposes, and notify the Chief of Police through the chain of command regarding the request as soon as practical.

Should a request be received for an urgent issue of officer safety or other emergency circumstance, the Communications Center should notify the Watch Commander or senior sergeant on duty, who should coordinate a response in order to make a scene safe, respond to the scene to manage the incident, and notify the Chief of Police through the chain of command as soon as practical.

Berkeley Police Department

Law Enforcement Services Manual

Immigration Law

Should a request be received for operational assistance from ICE's Homeland Security Investigations (HSI) unit, the Commander shall convey the request to the Chief of Police through the chain of command for consideration. HSI investigates transnational crimes which can imperil local community safety, such as Counter-Terrorism, Child Exploitation, Human Trafficking/Human Smuggling and Transnational Gangs and Narcotics Trafficking. Assistance may be provided so long as the other provisions of this policy are followed.

415.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6).

Notification to a federal authority may only be made in connection with an outstanding criminal warrant.

415.7.2 NOTICE TO INDIVIDUALS

Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification, or transfer request along with an advisement that the Berkeley Police Department will not comply with the request (Government Code § 7283.1).

If, pursuant to court order, the Berkeley Police Department provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1). Unless required by federal or state law, or court order, the Berkeley Police Department shall not provide information to ICE about an individual's release date.

415.7.3 ICE INTERVIEWS

The Berkeley Police Department shall not provide ICE personnel access to the Berkeley jail to interview any individual in custody about civil immigration violations.

415.7.4 TRANSFERS TO IMMIGRATION AUTHORITIES

Members of the Berkeley Police Department shall not transfer an individual to immigration authorities.

415.7.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Detective Bureau Lieutenant or his/her designee shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the Records Supervisor for required reporting to the DOJ (Government Code § 7284.6(c)(2) - see also the Records Management Policy).

415.8 U VISA AND T VISA NON-IMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Berkeley Police Department

Law Enforcement Services Manual

Immigration Law

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status shall be forwarded in a timely manner to the Support Services Division Captain or his/her designee. The Support Services Division Captain, or his/her designee shall:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
 2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

415.8.1 TIME FRAMES FOR COMPLETION

Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Officers and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 90 days of a request from the victim or victim's family related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within 14 days of the request.

415.8.2 REPORTING TO LEGISLATURE

The Support Services Division Captain shall ensure that certification requests are reported to the Legislature in January of each year and include the number of certifications signed and the number denied. The report shall comply with Government Code § 9795 (Penal Code § 679.10; Penal Code § 679.11).

415.9 TRAINING

The Personnel and Training Sergeant shall ensure that all appropriate members receive training on this policy.

Training regarding this policy should include:

- (a) Prohibitions contained in the California Values Act (Government Code § 7284 et seq.).
- (b) Prohibitions contained in Berkeley City Council Resolution 68,131-N.S.
- (c) Procedures for evaluating and responding to emergency requests for assistance, requests from ERO officials, and requests from HSI officials.

Emergency Utility Service

416.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

416.1.2 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by the Communications Center.

416.1.3 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

416.1.4 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

416.1.5 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by the Communications Center.

416.2 TRAFFIC SIGNAL MAINTENANCE

Public Works is responsible for the maintenance of all traffic signals within the City.

416.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise the the Communications Center of the location and problem with the signal. The dispatcher should make the necessary notification to Public Works.

Aircraft Accidents

417.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Disaster Response Plan and Hazardous Material Response policies.

417.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

417.2 POLICY

It is the policy of the Berkeley Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

417.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

417.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Berkeley Police Department

Law Enforcement Services Manual

Aircraft Accidents

417.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

417.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Coroner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircrafts. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If the NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

417.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.

Berkeley Police Department

Law Enforcement Services Manual

Aircraft Accidents

- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

417.8 DOCUMENTATION

All aircraft accidents occurring within the City of Berkeley shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of BPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

417.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

417.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

417.9 MEDIA RELATIONS

The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should

Berkeley Police Department

Law Enforcement Services Manual

Aircraft Accidents

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Obtaining Air Support

418.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

418.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made to the City Manager. If it is an emergency situation wherein the City Manager is not immediately available, the request may be made to the Chief of Police.

418.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will request the Communications Center contact the closest agency having helicopter support available. The Communications Center will apprise that agency of the specific details of the incident prompting the request.

418.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED (PER CITY COUNCIL RESOLUTION NO. 51.408 N.S.)

Police use of helicopters from other law enforcement agencies is permitted upon approval of the City Manager (or upon approval of the Chief of Police in emergency situations when the City Manager is not immediately available) in the following circumstances:

- (a) To assist in case of a disaster; or
- (b) To assist in rescue efforts (specifically excluding the rescue of hostages); or
- (c) To assist in locating missing persons.

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

A Program staff member who has been transferred to “inactive” status shall not perform any action, duty or responsibility associated with the Program unless expressly authorized by the Operations Division Captain or Chief of Police.

A Program staff member may be removed from the Program by the Chief of Police only for cause and as a disposition of a sustained disciplinary investigation.

Foot Pursuits

420.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

420.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

420.3 DECISION TO PURSUE

The safety of department members and the public shall be one of the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect may not outweigh the safety of the public and department members, depending on the seriousness of the suspect's actions and danger he or she may immediately pose to the public if not immediately apprehended.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.

Berkeley Police Department

Law Enforcement Services Manual

Foot Pursuits

- (d) Thermal imaging or other sensing technology.
- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

420.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the dispatcher or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer definitely known.

Berkeley Police Department

Law Enforcement Services Manual

Foot Pursuits

- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

420.5 RESPONSIBILITIES IN FOOT PURSUITS

420.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will broadcast his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

420.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

Berkeley Police Department

Law Enforcement Services Manual

Foot Pursuits

420.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

420.5.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

420.6 REPORTING REQUIREMENTS

The initiating officer shall document the incident. Documentation may be accomplished via an MDT, Field Interview, Incident or Case Report. The following information should be contained in the report:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.

Berkeley Police Department

Law Enforcement Services Manual

Foot Pursuits

- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Contacts and Temporary Detentions

421.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

421.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

421.2 POLICY

The Berkeley Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Berkeley Police Department

Law Enforcement Services Manual

Contacts and Temporary Detentions

421.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Berkeley Police Department to strengthen community involvement, community awareness, and problem identification.

421.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
- (b) Actions suggesting that he/she is engaged in a criminal activity
- (c) Presence in an area at an inappropriate hour of the day or night
- (d) Presence in a particular area is suspicious
- (e) Carrying of suspicious objects or items
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
- (g) Location in proximate time and place to an alleged crime
- (h) Physical description or clothing worn that matches a suspect in a recent crime
- (i) Prior criminal record or involvement in criminal activity as known by the officer

421.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

Berkeley Police Department

Law Enforcement Services Manual

Contacts and Temporary Detentions

- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

421.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

421.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

421.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

421.5.3 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

421.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview shall not be detained absent reasonable suspicion to detain or

Berkeley Police Department

Law Enforcement Services Manual

Contacts and Temporary Detentions

probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Berkeley Police Department members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

421.7 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be assigned an incident or case number and uploaded to the BPD evidence database or booked into the property room.

Watch Commanders

423.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant heads each watch.

423.2 DESIGNATION AS ACTING WATCH COMMANDER

When a Lieutenant is unavailable for duty as Watch Commander, in most instances the senior qualified sergeant shall be designated as acting Watch Commander. This policy does not preclude designating a less senior sergeant as an acting Watch Commander when operational needs require or training permits.

Mobile Data Terminal Use

424.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Communications Center.

424.2 POLICY

Berkeley Police Department members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy.

424.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

424.4 RESTRICTED ACCESS AND USE

MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Watch Commanders.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

424.4.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Berkeley Police Department

Law Enforcement Services Manual

Mobile Data Terminal Use

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

424.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by a supervisor or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

424.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident.

424.6 EQUIPMENT CONSIDERATIONS

424.6.1 MALFUNCTIONING MDT

Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify the Communications Center. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

424.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.

Body Worn Cameras

425.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable Body Worn Cameras (BWCs) by members of this department while in the performance of their duties.

This policy does not apply to non-BWC evidence, including other methods of audio or video recordings, interviews or interrogations conducted at any Berkeley Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

425.2 POLICY

The Berkeley Police Department recognizes that video recording of contacts between department personnel and the public provides an objective record of these events, and that the use of a recording system complements field personnel in the performance of their duties by providing a video record of enforcement and investigative field contacts, which can enhance criminal prosecutions, limit civil liability, increase transparency, and enhance professionalism in the delivery of police services to the community. A video recording of an event or contact also enables the delivery of timely, relevant, and appropriate training to maximize safety for both community members and BPD personnel.

While recordings obtained from BWCs provide an objective record of events, it is understood that video recordings do not necessarily capture all events, activities and information, or reflect the full experience of the individual member(s) in a given incident. Moreover, the recordings, especially video, have limitations and may depict events differently than the events as perceived and recalled by the involved member. Specifically, it is understood that the BWC will capture information that may not have been seen and/or heard by the involved member and that the involved member may see and hear information that may not have been captured by the BWC.

425.3 CONFIDENTIALITY AND PROPER USE OF RECORDINGS

BWC use is limited to enforcement and investigative activities involving members of the public. The BWC recordings will capture video and audio evidence for use in criminal investigations, administrative reviews, training, civil litigation, and other proceedings protected by confidentiality laws and department policy. Improper use or release of BWC recordings may compromise ongoing criminal and administrative investigations or violate the privacy rights of those recorded and is prohibited.

425.4 COORDINATOR

The Chief of Police, or his/her designee shall appoint a member of the Department to coordinate the use and maintenance of BWCs and the storage of recordings, including (Penal Code § 832.18):

- (a) Establishing a system for uploading, storing and security of recordings.
- (b) Designating persons responsible for uploading recorded data.

Berkeley Police Department

Law Enforcement Services Manual

Body Worn Cameras

- (c) Establishing a maintenance system to ensure availability of BWCs.
- (d) Establishing a system for tagging and categorizing data according to the type of incident captured.
- (e) Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.
- (f) Working with the City Attorney's office to ensure an appropriate retention schedule is being applied to recordings and associated documentation.
- (g) Maintaining an audit trail record for all access to evidence files, wherein access information for each evidence file is logged through use of a secure log-in system. The Department's storage system associates an audit trail record with each evidence file, thereby logging the date, time, user name, activity and client IP address occurring during each evidence file access.

All recordings made by members acting in their official capacity shall remain the property of the Department. Subject to the provisions of this Policy, members shall have no expectation of privacy or ownership interest in the content of these recordings.

425.5 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member who is assigned to wear a BWC will be responsible for making sure that he or she is equipped with a BWC issued by the Department, and that the BWC is in good working order. If the BWC is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor to permit the supervisor or other department employee to provide the member with a functioning BWC as soon as practicable. Uniformed members should wear the recorder in a conspicuous manner as prescribed by the Department, to provide a generally unobstructed camera view of contacts between members of the public and department members.

Members lawfully engaged in their duties as a police officer are not required to obtain consent from, or give notice to, members of the public, prior to recording with their BWC.

Upon the approval of the Chief of Police, or his/her designee, non-uniformed members lawfully engaged in their duties as a police officer may use an approved BWC.

Members are required to document the existence of a recording in any report or other official record of the contact, such as a CAD entry, including any instance where the member is aware that the BWC malfunctioned or the member deactivated the recording. In the event activity outlined in section 425.7 is not captured in whole or in part the member shall document this and explain in their report their understanding, if any, of why the footage was not captured in the recording.

425.6 SUPERVISOR RESPONSIBILITIES

At such time as the scene is considered secure and safe, the on-scene supervisor shall take immediate physical custody of involved officer's/officers' BWC when the device may have captured an incident involving an officer-involved shooting or use of force resulting in death or great bodily injury, and shall ensure the data is uploaded in a timely manner as prescribed by BPD policy

Berkeley Police Department

Law Enforcement Services Manual

Body Worn Cameras

(Penal Code § 832.18). Supervisors may review relevant BWC video and audio files in the field in furtherance of their duties and responsibilities.

Supervisors shall also review relevant BWC recordings prior to submitting any administrative reports.

425.7 ACTIVATION OF THE BODY WORN CAMERA

This policy is not intended to describe every possible situation in which the BWC should be used. Members shall activate the BWC as required by this policy in (a)-(f) below, and may activate the BWC at any time the member believes it would be appropriate or valuable to record an incident within the limits of privacy described herein.

The BWC shall be activated in any of the following situations:

- (a) All in-person enforcement and investigative contacts including pedestrian stops and field interview (FI) situations.
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops.
- (c) Self-initiated field contacts in which a member would normally notify the Communications Center.
- (d) Any search activity, including the service of search or arrest warrants; probation, parole, or consent searches where the member is seeking evidence of an offense, or conducting a safety sweep or community caretaking sweep of the premises. Once a location has been secured and the member is not interacting with detainees or arrestees, the member may mute their BWC when conducting a search for evidence.
- (e) Any other contact that the member determines has become adversarial after the initial contact in a situation where the member would not otherwise activate BWC recording.
- (f) Transporting any detained or arrested person and where a member facilitates entry into or out of a vehicle, or any time the member expects to have physical contact with that person.

At no time is a member expected to jeopardize his or her safety in order to activate a BWC. The BWC should be activated by members in anticipation of situations described above, and in any unanticipated, rapidly unfolding situation where activation becomes required, as soon as the member can do so safely.

Members should activate their BWC when conducting custodial interviews unless there are other recording devices being used. Members shall document and explain in their report the reason for not recording custodial interviews, should a BWC be de-activated while conducting a custodial interview or interrogation.

Body Worn Cameras

425.8 VICTIMS AND WITNESSES OF CRIMES; INFORMANTS

In the event that an officer has the opportunity to record interviews of victims and witnesses of crimes, they shall consider the following:

- (a) **Witnesses:** In the event a crime witness or a member of the community wishes to report or discuss criminal activity anonymously, officers have the discretion to not record. Members may offer to avert their camera to capture only audio during the interview, when doing so would facilitate obtaining the witness's recorded statement. In cases where a witness requests they not be recorded, and the member agrees not to record, members should record their request prior to turning the camera off. When a member is already recording, the member shall record their explanation for turning the camera off prior to doing so.
- (b) **Victims:** Upon request by the victim, officers have the discretion to not record the interview. Members may offer to avert their camera to capture only audio during the interview, when doing so would facilitate obtaining the victim's recorded statement. In cases where a victim requests they not be recorded, and the member agrees not to record, members should record their request prior to turning the camera off. When a member is already recording, the member shall record their explanation for turning the camera off prior to doing so.
 - 1. **Domestic Violence Victims:** Members should attempt to record interviews of domestic violence victims to facilitate future prosecution efforts and discourage later recanting of statements. Members should also record interviews with children who witness domestic violence, when the child is willing.
 - 2. **Child Abuse and Sexual Assault Victims:** Members shall have the discretion to record, absent any request to not record the interview by victims, witnesses, or non-suspect parents of victims, during child abuse and/or sexual assault investigations.
- (c) **Informants:** Members shall not activate their recorders when conducting an interview or engaging in a conversation with a confidential informant, unless needed as evidence.

Members have no obligation to advise a victim or witness that he or she is being recorded, but may do so at their discretion. When a victim or witness requests they not be recorded, members may consider their request (See Penal Code 632).

Members shall remain sensitive to the dignity of all individuals being recorded and exercise discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy concerns may outweigh any legitimate law enforcement interest in recording. Recording should resume when privacy concerns are no longer at issue unless the member determines that the circumstances no longer fit the criteria for recording.

Informal community interactions differ from "consensual encounters" in which members make an effort to develop reasonable suspicion to detain or probable cause to arrest. To strengthen relationships between police and citizens, members may use discretion regarding the recording of informal, non-enforcement related interactions with members of the community.

Body Worn Cameras

425.9 ACTIVATION IN CROWD CONTROL SITUATIONS

During crowd control, protest or mass arrest incidents, members shall use their BWCs consistent with this policy, or when directed by the Incident Commander. The Incident Commander shall document his or her orders to activate in an appropriate report (e.g. Operations Plan or After Action Report).

The limitations outlined in the Intelligence Procedures for First Amendment Activities Policy governing intelligence-gathering procedures for First Amendment activities, apply to the use of BWCs and other recording devices.

Video recording of individuals who are picketing or engaged in peaceful protest will be avoided unless the officer believes a violation of criminal law is occurring, may occur, or if the officer interacts with a participant or third party to the event, or a participant or third party initiates contact with the member.

425.10 SURREPTITIOUS USE OF THE BWC

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police, or his/her designee.

Members are prohibited from using department-issued BWCs for non-work related personal activity. BWCs will not be activated in places where members have a reasonable expectation of privacy, such as workplace locker rooms, dressing rooms, members' private vehicles or restrooms.

425.11 CESSATION OF RECORDING

Once activated, the member may mute or deactivate their BWC at any time based on their discretion, in the following circumstances:

- (a) Discussion of tactical or confidential information with other law enforcement personnel.
- (b) Where members are on a perimeter or assigned to a static post where the member's direct participation in the incident is complete and they are not actively part of an investigation.
- (c) If it is necessary to discuss issues or concerns with an employee, supervisor, doctor, nurse, or paramedic in private.
- (d) In the member's judgment, a recording would interfere with his or her ability to conduct an investigation.

Decisions regarding the reason for muting or BWC deactivation shall be noted on the recording, or otherwise documented.

Berkeley Police Department

Law Enforcement Services Manual

Body Worn Cameras

Members shall cease audio/video recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation. This does not apply to conversations with paramedics or EMTs during their response at a scene, and during transport.

425.12 EXPLOSIVE DEVICE

Many portable recorders, including BWCs and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

Members believing that the use of a BWC may detonate an explosive device may deactivate their BWC in such cases.

425.13 PROHIBITED USE OF BODY WORN CAMERAS

Members are prohibited from using a department-issued BWC for personal use and are prohibited from making personal copies of recordings created while on duty or while acting in their official capacity.

Members are prohibited from retaining BWC recordings. Members shall not duplicate or distribute such recordings, except for department business purposes. All such recordings shall be retained at the Department.

Members may not use personally owned recorders (e.g. personal cell phone) to document contacts unless exigent circumstances exist to warrant the use of personally owned recording devices. Regardless, if a member is using a department-issued BWC, and/or another recording device, members shall comply with the provisions of this policy, including retention and release requirements. In every event where members use any recording device aside from or in addition to their department-issued BWC, the member shall document and explain the use and the exigent circumstance in their police report (e.g. the BWC failed and evidence needed to be captured at that moment in time).

Recordings shall not be used by any member for the purpose of embarrassment, intimidation or ridicule.

425.14 PROCESSING AND HANDLING OF RECORDINGS

To assist with identifying and preserving data and recordings, members shall tag and download recordings in accordance with procedure, and document the existence of the recording in the related case report. Transfers must occur at the end of the member's shift, and any time the member is aware that the storage capacity of the BWC is nearing its limit. In circumstances when the officer cannot complete this task, the officer's supervisor shall immediately take custody of the BWC and be responsible for uploading the data. Officers shall tag each file with the appropriate case/incident number, provide a descriptive title, and select an appropriate category for each recording, using the Axon View app or via the Evidence.com site.

Berkeley Police Department

Law Enforcement Services Manual

Body Worn Cameras

Members are prohibited from intentionally erasing, altering, reusing, modifying or tampering with original audio video recordings. Members may request restriction and subsequent deletion of an accidental recording as described under section 425.16 below.

425.15 RETENTION REQUIREMENTS

The Department shall retain all recordings for a minimum of 60 days. Incidents involving consensual contacts, and aid to citizens will be retained for six months, and cold reports will be retained for one year. Recordings of incidents involving use of force by a police officer, detentions, arrests, or recordings relevant to a formal or informal complaint shall be retained for a minimum of two years and one month. Recordings relating to court cases and personnel complaints that are being adjudicated will be manually deleted at the same time other evidence associated with the case is purged in line with the Department's evidence retention policy. Any recordings related to administrative or civil proceedings shall be maintained until such matter is fully adjudicated, at which time it shall be deleted in line with the Department's evidence retention policy, and any applicable orders from the court.

Recordings created by equipment testing or accidental activation may be deleted after 60 days.

425.16 ACCIDENTAL RECORDING - REQUEST FOR RESTRICTION

In the event of an accidental or sensitive personal recording of non-departmental business activity, where the resulting recording is of no investigative or evidentiary value, the recording employee may request that the file be restricted pending 60-day deletion by submitting an email request via their chain of command to the Professional Standards Division Captain. The Professional Standards Division Captain will approve or deny the restriction request. In cases where the request is denied, an appeal may be submitted to the Chief of Police, or his/her designee, for restriction authorization. In all cases of restriction requests, a determination should be made within seven calendar days.

425.17 REVIEW OF RECORDINGS BY A MEMBER

Members are authorized to review their own BWC video files at any time in furtherance of official business. Such official business includes, but is not limited to, preparing written reports, prior to or while providing testimony in a case or being deposed. Members may review recordings as an evidentiary resource, except as stated in subsection 425.17.1 below. Members shall not retain personal copies of recordings. Members shall not use the fact that a recording was made as a reason to write a less detailed report.

425.17.1 OFFICER INVOLVED INCIDENTS RESULTING IN GRAVE BODILY INJURY OR DEATH

- (a) In the event of a critical incident that results in grave bodily injury or death, including an officer-involved shooting or an in-custody death, the BWC of the involved member(s) shall be taken from him or her and secured by a supervisor, commander, or appropriate investigator, as necessary. The involved member(s) shall not access or obtain their footage of the incident until such time as the criminal investigator(s) have reviewed

Berkeley Police Department

Law Enforcement Services Manual

Body Worn Cameras

the video files. It will be the responsibility of the investigation team's supervisor to coordinate with the involved member's supervisor to obtain footage of the incident on behalf of the member.

- (b) Personnel uploading secured BWC video files shall not view the files unless authorized.
- (c) No member involved in a critical incident may view any video recordings prior to an interview by the appropriate criminal investigative unit, and receiving command approval.
- (d) Prior to the conclusion of the criminal interview process, the involved member and/or the member's representative will have an opportunity to review the member's recording(s). The involved member may choose to provide additional information to supplement his or her statement by providing a supplemental statement or separate supplemental document. In no case shall a member alter a report made prior to reviewing the recording.
- (e) The Department acknowledges that recordings taken during critical incidents obtained from BWCs do not necessarily reflect the full extent of the nature of the event or the experience, analysis, training, threat assessment or state of mind of the individual officer(s) in a given incident. Moreover, the recordings, especially video, have limitations and may depict events differently than the events recalled by the involved officer. Specifically, it is understood that the recording device will capture information that may not have been heard and/or observed by the involved officer and that officers may see and hear events that are not captured by the camera.

Officers who are involved in any critical incident where video recordings exist depicting the involved officer, either as a subject officer or witness, shall be provided the following admonishment to the initial interview or submission of the initial written report:

"In this case, there is video evidence that you will have an opportunity to view. Video evidence has limitations and may depict the events differently than you recall, and may not depict all of the events as seen or heard by you. Video has a limited field of view and may not capture events normally seen by the human eye. The "frame rate" of video may limit the camera's ability to capture movements normally seen by the human eye. Lighting as seen on the video may be different than what is seen by the human eye. Videos are a two-dimensional medium and may not capture depth, distance or positional orientation as well as the human eye. Remember, the video evidence is intended to assist your memory and ensure that your statement explains your state of mind at the time of the incident."

425.17.2 SUPERVISORY REVIEW

With the exception of section 425.17.1 above, supervisors are authorized to review relevant recordings any time they are reviewing and approving case reports from their subordinates.

Berkeley Police Department

Law Enforcement Services Manual

Body Worn Cameras

425.17.3 INVESTIGATORY REVIEW

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct, or whenever such recordings support review of the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in conduct of an official investigation, such as a personnel complaint, an administrative investigation or a criminal investigation.
- (b) Pursuant to lawful process or by court or District Attorney personnel who are otherwise authorized to review evidence in a related case.
- (c) By personnel assigned to investigatory units who are authorized to view any BWC video file associated to their active investigations, unless otherwise prohibited by policy.
- (d) Upon approval by the Chief of Police, Internal Affairs investigators may review BWC video with a complainant.

Investigators conducting criminal or internal investigations shall:

1. Advise the coordinator to restrict access to the BWC file in criminal or internal investigations, as necessary.
2. Review the file to determine whether the BWC file is of evidentiary value and process it in accordance with established protocols.
3. Notify the coordinator to remove the access restriction when the criminal/internal investigation is closed.

425.17.4 TEACHING OR LEARNING TOOL

BWC files may also be reviewed by training staff regarding specific incidents where such files may serve as an internal learning or teaching tool. In the event that videos are intended to be used for training purposes, the involved officer(s) will first be consulted. If he/she objects to the use of the video, such objection shall be submitted to the person in charge of training who shall weigh the value of the video for training against the officer(s) objections and basis for the objection. Should the person in charge of training refuse to grant the request of the involved officer(s), the matter shall be heard by the Chief of Police, or his/her designee, prior to utilizing the video.

425.17.5 COB CIVIL CLAIMS AND LAWSUITS

BWC recordings may be reviewed and used by City of Berkeley defense counsel for the purposes of defending the city in civil claims and lawsuits, with the authorization of the Chief of Police, or his/her designee.

425.18 RELEASE OF RECORDINGS

All recordings should be reviewed by the Custodian of Records and the City Attorney's Office prior to public release, see General Order R-23 (Release of Public Records and Information).

Berkeley Police Department

Law Enforcement Services Manual

Body Worn Cameras

In the event that the Police Department or City Department intends to release or publish for any purpose video recordings where officers are captured on video or the video depicts actions taken by them in the course of the performance of their official duties, those officers shall be given written notice of the intention to release or publish said video at least 48 hours prior to such release.

BPD may, without prior notice to involved officers, share video footage with law enforcement, national security, military, or other government agencies outside of Berkeley, when there is reasonable suspicion that criminal activity has occurred or is about to occur.

425.18.1 POLICE REVIEW COMMISSION (PRC)

Access to recorded files will be granted for the purposes of review to the Police Review Commission Officer and/or Investigator investigating a specific complaint where BWC evidence files are available, and are not part of any ongoing criminal investigation.

- (a) The PRC Officer and PRC Investigator will be provided user account access to evidence files through the evidence management system for their use during a complaint investigation and to facilitate viewing by Board of Inquiry members during a Board of Inquiry.
- (b) The PRC Officer and PRC investigator shall not make or create a copy of any evidence file, nor make or allow to be made any audio or video recording of any evidence file while it is being streamed and viewed from the evidence management system.
- (c) The PRC Officer and PRC Investigator shall not allow any unauthorized individuals to view or access evidence files.
- (d) The evidence management system associates an audit trail record with each evidence file, thereby logging the date, time, user, activity, and client IP address occurring during each evidence file access.
- (e) The evidence management system shall only be accessed on City premises.
- (f) The Department retains custody and control of the recordings, and content of the video will be subject to applicable legal standards including, but not limited to the confidentiality requirements of the Public Safety Officers' Procedural Bill of Rights, (Government Code § 3300, et seq., Penal Code § 832.7, and the California Public Records Act; Government Code § 6250, et seq.)

425.18.2 PUBLIC RECORDS ACT (PRA) REQUEST

Access to recorded files will be granted for the purposes of review in response to a public records request, as permitted under Government Code § 6254(f) and BPD General Order R-23 (Release of Public Records and Information). General Order R-23 does not authorize release of investigative files or documents that would constitute an unwarranted invasion of privacy. Circumstances where this might arise in video include footage taken inside a home, a medical facility, the scene of a medical emergency, or where an individual recorded has a "reasonable expectation of privacy."

Berkeley Police Department

425.18.3 MEDIA

Access to recorded files will be granted for the purposes of review to media personnel or the general public with permission of the Chief of Police, or his/her designee, subject to General Order R-23 and privacy protections indicated in this policy.

425.19 COMPLIANCE WITH BMC 2.99 ACQUISITION AND USE OF SURVEILLANCE TECHNOLOGY

This policy shall comply at all times with the requirement of BMC 2.99 Acquisition and Use of Surveillance Technology.

425.20 TRAINING REQUIRED

Officers who are assigned BWCs must complete department-approved training in the proper use and maintenance of the devices before deploying to the field.

As part of a continual improvement process, regular review should be conducted by BPD staff of the training on this policy and the related use of BWCs under this policy. Information resulting from the outcomes of this review shall be incorporated into the City Manager's annual "Surveillance Technology Report" as required under BMC 2.99 Acquisition and Use of Surveillance Technology.

The Department, Police Review Commission and other City Departments shall maintain the confidentiality of Department sworn employee personnel records as required by state and local law. Failure to maintain the confidentiality of Department sworn employee personnel records, whether or not intentional, may subject individuals to civil penalties and discipline, up to and including termination of employment.

Public Recording of Law Enforcement Activity

426.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

426.2 POLICY

The Berkeley Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

426.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to observe and/or record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

426.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

Berkeley Police Department

Law Enforcement Services Manual

Public Recording of Law Enforcement Activity

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

426.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

426.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the

Berkeley Police Department

Law Enforcement Services Manual

Public Recording of Law Enforcement Activity

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Medical Marijuana

427.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California's medical marijuana laws.

427.1.1 DEFINITIONS

Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).

Berkeley Police Department

Law Enforcement Services Manual

Medical Marijuana

427.2 POLICY

It is the policy of the Berkeley Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Berkeley Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

427.3 INVESTIGATION

A sworn supervisor shall be summoned to the scene of any situation where a suspect asserts a claim of medical marijuana prior to any enforcement action being taken. Supervisors are expected to oversee the investigation to ensure enforcement actions are consistent with this policy.

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medicinal claim is made by a cardholder.
- (c) Investigations when a medicinal claim is made by a non-cardholder.

427.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

427.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

- (a) The information contained in the card is false or falsified.
- (b) The card has been obtained or used by means of fraud.
- (c) The person is otherwise in violation of the provisions of the MMP.

Berkeley Police Department

Law Enforcement Services Manual

Medical Marijuana

- (d) The person possesses marijuana but not for personal medical purposes.

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

427.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

427.3.4 INVESTIGATIONS INVOLVING A STATE LICENSEE

No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

Berkeley Police Department

Law Enforcement Services Manual

Medical Marijuana

427.3.5 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production or use:

- (a) Because enforcement of medical marijuana laws can be complex, time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at a later time.
 - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 - 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 - 4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.
- (b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient's needs:
 - 1. The amount of marijuana recommended by a medical professional to be ingested.
 - 2. The method of ingestion (e.g., smoking, eating, nebulizer).
- (c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning and other related issues can be complex. Patients, primary caregivers and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).
- (d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

427.3.6 EXCEPTIONS

This policy does not apply to, and officers should consider taking enforcement action for the following:

- (a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).
- (b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).
- (c) Smoking marijuana (Health and Safety Code § 11362.79):

Berkeley Police Department

Law Enforcement Services Manual

Medical Marijuana

1. In any place where smoking is prohibited by law.
 2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
 3. On a school bus.
 4. While in a motor vehicle that is being operated.
 5. While operating a boat.
- (d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

427.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

427.5 PROPERTY AND EVIDENCE UNIT SUPERVISOR RESPONSIBILITIES

The Property and Evidence Unit supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Unit supervisor is not responsible for caring for live marijuana plants.

With the Detective Bureau Lieutenant's approval and upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Unit supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property that was seized as evidence. Absent approval from the Detective Bureau Lieutenant, the owner should be advised to seek a court order for the return of the property.

Medical marijuana booked for "safekeeping" may be returned to the listed owner without additional approval needed.

The Property and Evidence Unit supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detective Bureau Lieutenant.

First Amendment Assemblies

428.1 PURPOSE

The purpose of this policy is to provide policy and procedural guidance to Berkeley Police Department personnel involved in the planning, response and/or deployment of police personnel for crowd situations.

428.2 MISSION STATEMENT

The mission of the Berkeley Police Department in crowd situations is to facilitate free expression, de-escalate violence and resolve conflict peacefully with the overall goal of ensuring public safety and protecting First Amendment rights of free speech and assembly.

- (a) Appropriate action will be determined by the Incident Commander in the field, and will be based on the behavior of the people in the crowd.
- (b) Police action shall be reasonable, intended to prevent lawlessness or restore order, and may include responses ranging from no police action to full crowd control tactics.

428.3 POLICY

In the event a crowd situation is determined to be a peaceful protest or demonstration, wherein participants are exercising their rights to free speech in a lawful manner, the policy of the Berkeley Police Department shall be to facilitate the event to the extent possible.

The Department shall make it a priority to establish lines of communication with the demonstrators both before and during the crowd situation. The Department shall consider social media as one means of communication.

In the event that a crowd situation is unlawful, and lack of immediate police action to may lead to the escalation of criminal behavior and violence, the Berkeley Police Department will take steps to restore order.

- (a) Steps to restore order may include monitoring with minimal police presence, a strong police presence, selective arrest of those committing crimes or a dispersal order.
- (b) Prior to issuing a dispersal order, BPD shall make efforts to safely arrest those committing crimes while preserving the rights of citizens to demonstrate.
- (c) Opportunities to de-escalate from crowd control to crowd management tactics should be continually evaluated by considering all available resources and deploying them flexibly.

428.4 USE OF FORCE

Employees who employ force in a crowd control situation shall do so in conformance with policy set forth in the Use of Force Policy.

- (a) Pain compliance techniques (e.g., gum nerve, buckle nerve pressure, etc.), impact weapons and chemical agents should not be used on persons participating in a crowd

Berkeley Police Department

Law Enforcement Services Manual

First Amendment Assemblies

situation who are committing an unlawful act with passive resistance (e.g., sitting or lying down to block a doorway) solely to effectuate a custodial arrest.

1. Verbal commands to stand followed by control holds (e.g., wrist lock, twist lock, etc.) with reasonable pressure may be utilized to attempt to require an arrestee who is sitting or lying down to stand up to effectuate a custodial arrest.
 2. If an arrestee who is sitting or lying down continues to refuse to stand up in response to verbal commands followed by pressure applied from a control hold, the officer should use drag, carry, or roll techniques to effectuate the custodial arrest.
 3. Once an arrestee is standing in a self-supporting manner, the officer may counter an arrestee's lapse into passive resistance (e.g., attempting to fall or sit down) with control holds that would likely prevent such a movement.
- (b) Officers attempting to move a crowd or individual should not strike anyone who is unable to move back for reasons out of their control (i.e., physical disability, crowd surge, being pinned against a fixed object, etc.)
- (c) Sworn officers should employ particular applications of force (e.g., a specific baton strike, such as a "rake" or "jab") as may be directed by their chain of command, when its use is intended to accomplish a desired crowd control objective.
1. Officers shall not intentionally strike a person with any baton to the head, neck, throat, kidneys, spine or groin except when the person's conduct is creating an immediate threat of serious bodily injury or death to an officer or any other person.
 2. Officers on a skirmish line shall not use batons to collectively push a crowd in a particular direction prior to dispersal orders being given unless exigent circumstances exist. This requirement does not apply to officers on a skirmish line who are using force in compliance with *Graham v. Conner*.
- (d) Officers are not precluded from using authorized force, as appropriate, to address the actions of a particular person(s).
- (e) Less-lethal munitions shall only be fired at a specific target and officers shall be mindful of the increased risk of hitting an unintended target due to unexpected movement of members of the crowd. Officers may never use less-lethal munitions indiscriminately against a crowd or group of people.

Personnel deployments during demonstrations should include clear and specific objectives.

In squad or team movement, the type and scope of force used shall be at the discretion of the Incident Commander, Field Commander, Squad or Team Leader.

De-escalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed prior to the use of any force, consistent with the Department's Use of Force policy.

Kinetic energy projectiles and chemical agents for crowd control purposes shall only be deployed by officers who have received POST training for crowd control if the use is objectively reasonable

to defend against a threat to life or serious bodily injury to any individual, including an officer, or to bring an objectively dangerous and unlawful situation safely and effectively under control (Penal Code 13652).

Kinetic energy projectiles or chemical agents shall not be used by any law enforcement agency solely due to any of the following:

- A violation of an imposed curfew.
- A verbal threat.
- Noncompliance with a law enforcement directive.

For planned events, inventories shall be conducted before and at the conclusion of the incident. Outside agency inventories shall also be tracked.

The Field Commander shall determine the type and quantity of chemical agents to be used. After use of chemical agent, the Field Commander shall re-evaluate the scene to determine if additional chemical agents are needed.

428.5 USE OF VEHICLES

BPD shall enhance mobility and flexibility by using police vehicles such as trained bicycle officers and motorcycle officers, in addition to foot patrols, to maintain peaceful crowd management. Parking Enforcement Officers will only be used for traffic control purposes.

Specialized police vehicles (e.g., police motorcycles, off-road motorcycles, parking enforcement vehicles, mobile command vehicles, etc.) may be used in crowd situations at the discretion of the Incident Commander.

- (a) Specialized police vehicles shall not be used to contact demonstrators for the purpose of physically pushing people back or forcibly dispersing them from an area.
- (b) Specialized police vehicles may be in a MFF line with other marked vehicles as a visual deterrent.

 - 4. Assess the number of officers and type of equipment required to maintain order and their manner of response.
 - 5. Assess the potential need for outside resources:
 - i. On-duty personnel from other police agencies.

 - 3. The level of vehicular traffic.
 - 4. The number of people involved in the event and their behavior.

 - 1. Assign personnel to monitor the event only.
 - 2. Use personnel to maintain order at the event and/or divert uninvolved, affected traffic away from the area.
- (g) If the event is mobile, the Incident Commander should consider response actions appropriate to manage or control the behavior and activities of the crowd, options including, but not limited to:
 - 1. Let the group proceed with no police presence.
 - 2. Assign officers to facilitate the mobile event by providing traffic control.
 - 3. Attempt to direct the path of the mobile event by denying access to certain roadways.

Berkeley Police Department

Law Enforcement Services Manual

First Amendment Assemblies

4. Allow the mobile event to proceed, but deny access to certain locations that would create a public safety hazard, such as, roadways to bridge approaches and roadways in busy commercial districts.
 5. Declare the event an unlawful assembly if circumstances qualify, and allow the group to disperse, make arrests, or use force to disperse the group for the purpose of restoring public order.
- (h) There is no required order of response; the Incident Commander shall be responsible for continually assessing the event and adjusting the response strategies and tactics accordingly. Opportunities to de-escalate from crowd control to crowd management tactics should be continually evaluated by considering all available resources and deploying them flexibly.
- (i) The Incident Commander shall remain responsible for the police response to a planned or spontaneous crowd event until relieved by a higher ranking officer, or the position is relinquished to another officer who officially assumes the responsibility.
1. Any change of command shall be broadcast on the radio frequency used to manage the police response.

428.9 GENERAL EVENT PROCEDURES

- (c) Specialized weapons and equipment (i.e., patrol rifles, less-than-lethal munition launchers, chemical agent masks, etc.) shall be deployed at the discretion of the Incident Commander. The Incident Commander shall be responsible for assuring that there is an inventory of less-lethal munitions, CS gas, and/or smoke prior to deployment, including any outside agencies assisting BPD. Absent exigent circumstances, such less-lethal munitions, CS gas and smoke shall not be deployed prior to determination of an accurate inventory.
- (d) The Incident Commander shall ensure personnel receive an operational briefing, whether in person or via radio, prior to their deployment.

 - 1. "I am () () with the Berkeley Police Department. I hereby declare this to be an unlawful assembly, and in the name of the people of the State of California, command all those assembled at () to leave the area immediately. If you do not leave, you are in violation of section 409 of the California Penal Code, and may be arrested or subject to other police action. Other police action may include the use of less lethal projectiles, baton strikes, or use of tear gas, which may pose a risk of serious injury. The following routes of dispersal are available: () You have () to leave the area."
- (c) Except when exigent circumstances exist and doing so would place officers or the public at risk, a dispersal order shall be issued prior to forcibly dispersing a crowd.

 - 1. As close to the crowd as practical;
 - 2. In a manner clearly audible to persons in the crowd;

428.11 MASS ARRESTS

- (a) When considering the arrest of multiple people at a crowd control event, the Incident Commander should evaluate preparedness of the following operational elements:
 - 1. Resource Availability: Sufficient personnel should be available to maintain order, accomplish intended arrests and subsequent processing, and maintain control of the arrestees through a booking process, if necessary.

Berkeley Police Department

Law Enforcement Services Manual

2. In-Field Arrest Processing: Equipment and logistics should be available to facilitate in-field processing of mass arrests.
3. Transportation: In the event arrestees are not released in-field on citation, vehicles should be available to facilitate necessary transportation to a custodial facility.
4. Booking/Jail Capacity: The custodial facility to which arrestees are transported should have the capacity to receive and maintain custody of persons not released on citation.

428.13 MEDIA ACCESS

If officers close the immediate area surrounding any emergency field command post or any other command post, or establish a police line, or rolling closure at a demonstration, march, protest, or rally where individuals are engaged in a protected activity pursuant to the First Amendment, officers shall comply with the requirements of Penal Code § 409.7 relating to media access (i.e., access to recently closed areas) (Penal Code § 409.7).

428.14 POST-EVENT

Once a normal work schedule has resumed, the Incident Commander shall ensure that an After Action Report is prepared within 72 hours after the resumption of the Incident Commander's normal work schedule. Should an extension be necessary in order to properly and fully complete the report, such a request may be made to the Chief of Police.

- (a) An After Action Report shall document arrests, injuries, property damage, personnel costs, inventories of less lethal munitions, CS gas and smoke, and an overall critique of the police preparation and response.
- (b) An After Action Report should include information in sufficient detail to help others prepare for the event if it, or a similar event, should occur in the future.
- (c) The Operations Division Captain or the authorized designee should ensure that a summary of each deployment of kinetic energy projectiles or chemical agents for crowd control purposes is prepared and published on the department website within 60 days of each incident. The time frame may be extended for another 30 days where just cause is demonstrated, but no longer than 90 days from the time of the incident. The summary shall be limited to the information known to the Department at the time of the report and include the information required in Penal Code 13652.1.

428.15 TRAINING

When possible, training in crowd management and crowd control shall be incorporated into general departmental in-service training.

When possible prior to a major pre-planned event, updated training should be provided to all assigned officers.

Intelligence Procedures for First Amendment Activities

429.1 PURPOSE

The purpose of this policy is to provide guidance regarding intelligence gathering procedures and maintenance of intelligence files. Additionally this policy addresses the investigation of individuals and groups involved in First Amendment protected activities, and expressly limits such investigations to situations where a criminal predicate exists.

429.2 CONSTITUTIONAL RESTRICTION TO CRIMINAL ACTIVITY

The United States and California Constitutions provide people with the right of privacy, free expression and free association for any lawful purpose.

The California Constitution expressly provides that “privacy” is an inalienable right. The First Amendment of the US constitution prohibits the government from making a law establishing a religion or prohibiting the free exercise of religion, abridging freedom of speech or of the press, or preventing people from peaceable assembly (e.g., marches and picketing).

While there are certain categories of speech that are not protected (i.e., fighting words, defamation, etc.), these exceptions are limited and have been narrowly construed.

Under these constitutional restrictions, intelligence gathering by the Police Department is only permitted to investigate criminal activity. Intelligence gathering should not include political, religious, or social views or activities of individuals or groups, unless such views or activities directly relate to criminal conduct.

429.3 POLICY

It is the policy of the Berkeley Police Department to ensure that the First Amendment rights guaranteed by the United States Constitution are protected for all individuals and groups, including the press, and to permit police involvement in the exercise of those rights only to the extent necessary to provide for the legitimate needs of law enforcement in investigating criminal activity.

The Berkeley Police Department will obtain, maintain and use information from legal, reliable sources to meet the needs of the Department and the City of Berkeley in carrying out its efforts to protect the public and suppress criminal activity. When the group or individual being investigated is involved in constitutionally protected First Amendment activity, the Department will ensure that there is reasonable suspicion that a criminal predicate exists.

Officers involved in planning for or responding to any protest or event may utilize open source material and are encouraged to contact the individuals or groups organizing the public event in order to facilitate traffic control, crowd management, or other safety measures concerning the event. These measures would not be considered an investigation as defined by this policy.

Berkeley Police Department

Law Enforcement Services Manual

Intelligence Procedures for First Amendment Activities

The Berkeley Police Department recognizes its critical task in balancing the need for law enforcement in its efforts to protect the broader society, versus the need to safeguard individual rights guaranteed by a democratic process. At times, law enforcement may need to resort to the use of undercover operations, surveillance, and the use of informants to protect the public from groups espousing violence and/or wanton destruction of property.

429.4 FEDERAL AND STATE GUIDELINES

The guidelines of this policy are based largely on the Californian Attorney General's Criminal Intelligence Guidelines and Title 28 Code of Federal Regulations, Part 23 (28 CFR 23). To the extent of this policy is more restrictive than the Attorney General's guidelines or 28 CFR 23, this policy must be adhered to.

429.5 DEFINITIONS

Criminal Predicate: The standard by which the determination as to whether information may be used to create an intelligence file is made. It means that there exists a "reasonable suspicion" based on the analysis of legally obtained information that the subject of the information is or may be involved in definable criminal conduct and/or activity that supports, encourages, or otherwise aids definable criminal conduct. For the purposes of this policy, infraction violations will not be considered sufficient to establish a criminal predicate. The underlying offense must amount to a misdemeanor or felony.

Reasonable Suspicion: Information which, when viewed in its totality, leads a person with appropriate training, specialized knowledge, and/or experience to conclude that a person, association of persons, or organization may be involved in definable criminal conduct and/or activity that supports, encourages or otherwise aids definable criminal conduct.

Open Source: Any source of news or information that could normally be accessed by any member of the public. Examples include the television news, newspapers, speeches at any public gathering or event, the Internet, the public in the form of casual conversations and information brought forward during routine contacts, the radio, billboards, and flyers. Open source information does not include meetings, such as planning meetings or closed-door meetings, where First Amendment protected activities are involved, unless the officers are in uniform and have been invited or are otherwise in a place they have a lawful right to be.

Informant: Non-law enforcement, non-City employees who are specifically gathering information on behalf, and at the request of the Berkeley Police Department.

Videotaping: For the purposes of this policy, the videotaping (whether surreptitious or in plain sight) of individuals or groups involved in First Amendment related activities.

429.6 INTELLIGENCE GATHERING

Berkeley Police Department

Law Enforcement Services Manual

Intelligence Procedures for First Amendment Activities

429.6.1 OPEN SOURCES

Open source information can be accessed at any time by any member of the Department without reporting requirements, unless otherwise required outside of this policy. Accessing open source information does not constitute an investigation as defined by this policy. However, files on groups or organizations containing open source material shall not be created and maintained, absent a criminal predicate.

Open source information should be validated in compliance with the California Attorney General's Criminal Intelligence Guidelines and 28 CFR 23.

429.6.2 PLAINCLOTHES OFFICERS

Where the activity is First Amendment related, plainclothes officers may only be used where there is a reasonable suspicion of criminal activity arising to acts of violence, destruction of property, or a threat to public safety. Plainclothes officers may be utilized within crowds in public places involved in First Amendment related activities, but only in order to determine the best response for Police to safely address traffic-related issues because they would potentially be in danger even in uniform. In this situation, the plainclothes officers would not be gathering any specific information about the group or individuals, unless criminal activity occurred, just general information such as direction of travel, crowd size estimates and destination.

- (a) Plainclothes officers shall not be utilized at meetings, such as planning meetings or closed-door meetings where First Amendment related activities are involved, except as noted above.
- (b) The use of plainclothes officers at planning-meetings, or closed-door meetings where First Amendment related activities are involved shall require prior approval of the Chief of Police.
- (c) Plainclothes officers shall not, in any circumstance:
 1. Attend meetings or engage in other activities for the purpose of obtaining legally-privileged information, such as confidential sources of reporters, attorney-client communications, or physician-patient communications;
 2. Assume a leadership position or intentionally cause dissension within an organization;
 3. Initiate, propose or suggest, encourage, or incite criminal acts or plans to commit criminal acts;
 4. Use unlawful techniques to obtain information; or
 5. Participate in acts of violence or unlawful acts.

429.6.3 INFORMANTS

Informants may be utilized in First Amendment related activities where there is reasonable suspicion of criminal activity arising to acts of violence, destruction of property, or a threat to public safety.

Berkeley Police Department

Law Enforcement Services Manual

Intelligence Procedures for First Amendment Activities

- (a) Informants shall not be utilized at meetings, such as planning meetings or closed-door meetings where First Amendment related activities are involved, except as noted above.
- (b) Use of informants where First Amendment related activities are involved would require prior approval of the Chief of Police and reasonable suspicion of a criminal predicate.
- (c) Information from informants should be validated in compliance with the California Attorney General's Criminal Intelligence Guidelines and Title 28 Code of Federal Regulations, Part 23 (28 CFR 23).
- (d) Informants shall be directed not to:
 - 1. Assume a leadership position or intentionally cause dissension within an organization;
 - 2. Initiate, propose or suggest, encourage, or incite criminal acts or plans to commit criminal acts;
 - 3. Use unlawful techniques-to obtain information;
 - 4. Participate in acts of violence or unlawful acts; or
 - 5. Attend meetings or engage in other activities for the purpose of obtaining legally-privileged information, such as confidential sources of reporters, attorney-client communications or physician-patient communications.

429.6.4 VIDEOTAPING

Videotaping is a useful tool with which to gather evidence in criminal cases and non-criminal civil complaints against the City. It is often difficult to ascertain whether criminal activity is going to break out during a protest, march, or during other protected First Amendment related activities. Additionally, due to the contentious nature of many of these events, there is often City liability involved, or the potential for allegations of police misconduct. Videotaping these events serves to protect both the City and the various constituents involved in these events. As such the Berkeley Police Department will routinely videotape protests, marches and other acts of protected First Amendment related activities that occur in public places.

- (a) In the event that no criminal predicate exists, no discernable civil liability can be discovered, and no personnel complaint is received, the tapes, if they are maintained, will only be maintained as a training tool. Tape that is not used for training shall be destroyed within 90 days of the incident, unless such tape is requested to be preserved as part of a personnel complaint, civil or criminal investigation or case.
- (b) Whenever possible, the videotaping will occur in a manner-that minimizes interference with people lawfully participating in First Amendment activity. Individuals shall not be singled out for videotaping or photographing because of their religious or political views.

Berkeley Police Department

Law Enforcement Services Manual

Intelligence Procedures for First Amendment Activities

429.7 DEMONSTRATIONS

The Police Department will not investigate or gather intelligence of a planned demonstration from non-open sources, unless there is reasonable suspicion that the demonstration will result in criminal activity rising to acts of violence, destruction of property or a threat to public safety. The anticipation of acts of non-violent civil disobedience alone, without an accompanying threat to public safety, shall not be a basis to investigate or gather intelligence of a planned demonstration, other than from open sources for purposes such as estimating the time, size and route of the demonstration.

429.8 INTELLIGENCE FILES

The creation of intelligence files when investigating individuals and groups involved in First Amendment protected activities where a criminal predicate, exists shall meet the below criteria.

- (a) An intelligence file will consist of analyzed data from sources ranging from "open source" to "confidential" (such as informants and classified reports). The only limits Title 28 CFR 23 places on data that may be analyzed are:
 1. It must be legally obtained
 2. It may not include information about political, religious or social views, associations or activities unless such information is related to definable criminal conduct or activity and the subject of the information is reasonably suspected of involvement in that conduct or activity.
 3. It is within the California Attorney General Guidelines.
- (b) Once data has been lawfully collected, it goes through several steps that will terminate in one of three results:
 1. Destruction of the data because there is no criminal predicate and no reasonable likelihood of developing a criminal predicate;
 2. Determination that, although no criminal predicate then exists or no person or group has yet been linked to the predicate, there is a reasonable likelihood that – within a reasonable time (the Department of Justice uses one year) evidence of the predicate or identity of the person or group will be available; or
 3. Retention of the data based on a criminal predicate.
- (c) An intelligence file shall not be opened for reasonable suspicion of non-violent civil disobedience that is only a misdemeanor and does not pose a threat to public safety.

429.8.1 INFORMATION ACCESS AND DISSEMINATION

Information Access and Dissemination: Those personnel authorized to access and disseminate criminal intelligence file information shall ensure that prior to disseminating or allowing access to criminal intelligence file information that the requestor has:

- (a) The Right to Know: Requester has the right to obtain intelligence information because of his or her status (e.g., a sworn member of a law enforcement agency) or pursuant to a court order, statute or case law, and

Berkeley Police Department

Law Enforcement Services Manual

Intelligence Procedures for First Amendment Activities

- (b) The Need to Know: Requester has an articulated need to obtain specific intelligence information in order to execute official law enforcement responsibilities or because the court order, statute or case law establishes such a need to know.

Access should never be granted when a requester has satisfied only one of these criteria.

429.9 AUTHORIZATION

When possible, in all cases involving an investigation into individuals or groups exercising Constitutionally protected First Amendment activities, approval will be obtained from the Chief of Police, or in his/her absence a division captain, prior to the initiation of an investigation. An approval period will last for 90 days. Any investigation that continues for more than 90 days must receive approvals from the Chief of Police at every 90-day interval.

- (a) If it is impractical to obtain prior approval, the Chief of Police shall be notified in a timely manner. Investigations shall only be initiated, where there is reasonable suspicion of planned, on-going, or prior criminal activity.
- (b) The Chief of Police will notify the City Manager of all investigations that are covered by this policy.

429.9 AUDIT AND REPORTING

On an annual basis, the Chief of Police, or his/her designee, shall review the Department's files, records and documents to determine whether the Department is in compliance with these regulations. The Chief of Police shall prepare a confidential summary report to the City Manager regarding all investigations conducted by the Police Department pursuant to this policy.

The Chief of Police, or his/her designee, shall prepare a statistical report annually for the Police Review Commission that will include the following information:

- (a) The number of investigations authorized during the prior year;
- (b) The number of authorizations sought but denied;
- (c) The number of times that undercover officers were used;
- (d) The number of unlawful activities investigated;
- (e) Arrest and violation information for completed investigations; and
- (f) The number of requests for information from outside agencies for information relating to investigations conducted pursuant to this policy.

429.10 OUTSIDE AGENCIES

The Berkeley Police Department will only cooperate with outside agencies consistent with this policy, the California Attorney General's Criminal Intelligence Guidelines and Title 28 Code of Federal Regulations, Part 23. Officers will follow this policy at all times when engaged in cooperative efforts with another agency.

Civil Disputes

430.1 PURPOSE AND SCOPE

This policy provides members of the Berkeley Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

430.2 POLICY

The Berkeley Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

430.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

Berkeley Police Department

Law Enforcement Services Manual

Civil Disputes

430.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

430.4.1 STANDBY REQUESTS

Officer responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

430.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

430.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Medical Aid and Response

431.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

431.2 POLICY

It is the policy of the Berkeley Police Department that all officers and other designated members be trained to the level required by law to provide emergency medical aid and to facilitate an emergency medical response.

431.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communications Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Berkeley Police Department

Law Enforcement Services Manual

Medical Aid and Response

431.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

431.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

431.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

431.7 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

Berkeley Police Department

Law Enforcement Services Manual

Medical Aid and Response

431.7.1 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

431.7.2 AED TRAINING AND MAINTENANCE

The Personnel and Training Sergeant should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

431.8 OPIOID OVERDOSE MEDICATION

See the Use of Narcan (Naloxone) Policy.

431.9 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

431.10 FIRST AID TRAINING

The Personnel and Training Sergeant should ensure officers receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).

Suspicious Activity Reporting

432.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity related to criminal conduct and potential acts of terrorism.

432.1.1 DEFINITIONS

Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity are included at the end of this policy.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

Terrorism Liaison Officer (TLO) - An officer who has received training in the identification, handling and reporting of potential terrorism related incidents.

These efforts shall be carried out in a manner that protect the information and information shall be recorded and maintained in strict compliance with existing federal and state guidelines.

The NSI has established a unified process for reporting, tracking, and assessing terrorism-related SARs throughout the nation. These guidelines call for all terrorism-related

Berkeley Police Department

Law Enforcement Services Manual

Suspicious Activity Reporting

suspicious activity reporting to be routed through designated fusion centers for appropriate vetting and review before the information can be shared within the nationwide system. The NCRIC as a component of California's State Threat Assessment System has been designated as the review agents for all terrorism-related suspicious activity reporting in the region.

The NCRIC will then make the decision to share the SAR information with the NSI based on the standards established by the NSI. The NCRIC is also responsible for ensuring that all TLOs, line officers and other first responders in the region have received appropriate training in the collection and reporting of terrorism-related suspicious activities and the responsibilities related to protection of privacy, civil rights, and civil liberties of individuals. The NCRIC also works closely with the NSI Program Management Office to ensure a statewide implementation of suspicious activity reporting.

Suspicious Activity Reporting

Sector Specific Incident

Actions associated with a characteristic of unique concern to specific sectors (e.g. the public health sector), with regard to their personnel, facilities, systems, or functions in a manner that would arouse suspicion of terrorism or other criminality in a reasonable person.

Note: These activities are not inherently criminal behaviors and may include constitutionally protected activities that must not be documented in an ISE-SAR that contains PII unless there are articulable facts or circumstances that clearly support the determination that the behavior observed is not innocent, but rather reasonably indicative of pre-operational planning associated with terrorism. Race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity must not be considered as factors creating suspicion (but attributes may be documented in specific suspect descriptions for identification purposes). The activities listed as "Potential Criminal or Non-Criminal Activity" are not inherently criminal behaviors and are potentially constitutionally protected; thus, additional facts or circumstances must be articulated in the incident.

432.11 EXAMPLES OF BEHAVIOR WHICH CANNOT BE REPORTED AS SAR

Non-violent civil disobedience is specifically exempted from SARs reporting, and such activities shall not be reported as SARs.

SARs must not be submitted based on ideology, social or political opinion or advocacy of religious beliefs or association with a particular group. Criminal activity that would not ordinarily result in a SAR does not become worthy of a SAR when the subject's speech or expression indicates a particular ideological viewpoint or association.

*Unless: 1) the activity rises to the level of criminal conduct, or 2) the person taking part in the activity is not identified, and therefore, not subject to possible investigation by state and federal investigative agencies.

434.13 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.

Bicycle Patrol Unit

437.1 PURPOSE AND SCOPE

The Berkeley Police Department has established the Bicycle Patrol Unit (also referred to as the Bike Force) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

437.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, special operations, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Watch Commander.

437.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are off probation, shall submit a Special Assignment Application to their appropriate Division Captain. A copy will be forwarded to the BPU supervisor. Qualified applicants will then be invited to an oral interview. The oral board will consist of the BPU supervisor and at least one additional person, to be selected by the BPU supervisor. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as it pertains to the assignment.
- (c) Good physical condition.
- (d) Willingness to perform duties using the bicycle as a mode of transportation.

437.3.1 BICYCLE PATROL UNIT SUPERVISOR

The Bicycle Patrol Unit supervisor will be selected from the rank of sergeant by the Operations Division Captain or his/her designee.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

- (a) Organizing bicycle patrol training.
- (b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
- (c) Scheduling maintenance and repairs.
- (d) Evaluating performance of bicycle officers.

Berkeley Police Department

Law Enforcement Services Manual

- (e) Coordinating activities with the Operations Division.
- (f) Other activities as required to maintain the efficient operation of the Bicycle Patrol Unit.

437.4 TRAINING

Participants in the program must complete an initial in-house Department approved bicycle-training course after acceptance into the program. Thereafter bicycle patrol officers shall attend a POST approved Basic Cyclist Training Course. The initial in-house training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.

437.5 UNIFORMS AND EQUIPMENT

Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio head set and microphone, and jackets in colder weather. Turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

437.6 CARE AND USE OF PATROL BICYCLES

Officers will be assigned a specially marked and equipped patrol bicycle and attached gear bag.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in with a "POLICE" decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors front lights and a siren/horn satisfying the requirements of Vehicle Code §2800.1(b).

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing forms, and citations.

Berkeley Police Department

Law Enforcement Services Manual

Bicycle Patrol Unit

Each bicycle shall be equipped with a steady or flashing blue warning light that is visible from the front, sides, or rear of the bicycle. (Vehicle Code § 21201.3)

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance twice yearly to be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Electric patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

When feasible bicycles shall be properly secured when not in the officer's immediate presence.

437.7 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the vehicle code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers are exempt from the rules of the road under the following conditions (Vehicle Code § 21200(b)(1)):

- (a) In response to an emergency call.
- (b) While engaged in rescue operations.
- (c) In the immediate pursuit of an actual or suspected violator of the law.

Sobering and Detoxification Center

440.1 PURPOSE

This policy provides an overview of, and protocols for client referral to Cherry Hill Detoxification Program.

440.2 POLICY

Cherry Hill Detoxification Program provide additional options for this Department to provide effective service to individuals interested in improving their quality of life, and mitigate alcohol and drug-related problems that adversely effect the community. Employees are encouraged to know this program, their applicable intake processes, and refer eligible persons to them whenever appropriate.

440.3 CHERRY HILL DETOXIFICATION PROGRAM

Cherry Hill Detoxification Program is bifurcated into two programs, a sobering center wherein a client may stay for 24 hours, and a detoxification center where a 3 to 5 day program. The detoxification center is designed to provide detoxification, preventative, educational and therapeutic services to individuals in a monitored residential setting. Clients engaged by Cherry Hill Detox staff are those who are assessed as not requiring medication for the management of withdrawal. It is operated by Horizon Services, Inc., a non-profit community based organization with over 30 years of service to the Bay Area, and a commitment to reducing alcohol and drug related problems in the community. Cherry Hill Detox accepts clients by referral only.

The facilities are located at Alameda County Hospital's Fairmont Campus, 15480 Foothill Blvd., San Leandro. Posted signage will direct officers to the appropriate place once they've entered the Campus grounds.

440.4 CHERRY HILL SOBERING CENTER REFERRAL PROCEDURES

When evaluating whether or not an intoxicated person should be referred to the Sobering Center, it is important to understand who is acceptable. According to protocols established by the Sobering Center, the eligibility requirements for client referral are:

- (a) Client must be 18 years of age or older.
- (b) Client must not have any obvious reason to be transported to the hospital.
- (c) Client must be ambulatory with assistance.
- (d) Pre-existing medical and/or health conditions do not preclude the client from triage screening.
- (e) Client must be cooperative and consent to referral; no aggressive or combative behavior will be acceptable at the Sobering Center.

Berkeley Police Department

Law Enforcement Services Manual

Sobering and Detoxification Center

If a person is interested in going to the Sobering Center, meets the referral criteria, and is not otherwise required to be taken into custody or to a hospital, then the handling officer should call the Center (866-866-7496) to:

- (a) Confirm there is space available at the Center; and,
- (b) Advise the staff of the estimated transportation time to the Center.

It is important to note that though the person may be cooperative and their participation voluntary, they are still considered detained during transportation to the Sobering Center. To that end, a lawful safety-related pat search of the person for weapons should be accomplished on-scene, and appropriate restraint devices (e.g., handcuffs, seat belt, etc) should be employed to ensure safe transportation.

Upon arrival at the Sobering Center, the officer(s) will be asked to stand by as a staff Health Technician or nurse conducts a triage screening of the client for any medical condition that would preclude him/her from entering the facility. The following are among the medical issues being evaluated by Center staff:

- (a) Does the client have an acute medical complaint?
- (b) Can the client be awakened and is he/she oriented?

If the Health Technician or nurse identifies a medical issue, the Center will coordinate the client's transfer to a local hospital. Officers will not be asked or expected to take responsibility for the client's medical care.

Once the intake process is completed, the involved officer(s) may leave and return to the City. The Center staff will be responsible for the care of the intoxicated person until sober. If Center staff refuses to accept an intoxicated person for a non-medical reason, then the officer(s) should retain custody of the person and pursue another appropriate disposition.

Sobering Center will rely on referring law enforcement agencies to transport clients to the Center.

440.5 CHERRY HILL DETOXIFICATION PROGRAM REFERRAL PROCEDURES

There may be an occasion where an officer engages an adult alcohol/drug abuser who wants to participate in a detoxification program. If so, the officer may facilitate the person's referral to Cherry Hill Detox. The first step of referral is a call to the program's reception staff (866-866-7496), who will ask triage questions to determine the acceptability of the person to the program:

- (a) What substances is the person detoxing from?
- (b) Is/was the person an IV drug user?
- (c) Does the person have any physical problems that would require medical treatment?
- (d) Is the person under the care of a physician or psychiatrist?
- (e) Is the person taking prescription medication? If so, what?
- (f) If female, is the person pregnant?

Berkeley Police Department

Law Enforcement Services Manual

Sobering and Detoxification Center

Whenever practical, the person seeking referral should talk directly to the Detox Program staff member conducting the telephone screening. If necessary to facilitate this triage process, the officer may ask the person the above questions as part of their conversation about the referral, and share his/her responses with the staff member. With respect for the person's privacy, specific questions about a person's medical condition(s) should be avoided.

Subsequent to telephone screening, the Detox Program staff member will advise if the person is acceptable for referral. If so, the officer may provide the person transportation to the Detox Program facility. Unlike the Sobering Center, and in order to protect patient confidentiality, the transporting officer(s) will not be required to standby for or participate in the Program's intake process.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on collision data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in collision situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Berkeley Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic collision occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors
- Resident requests/concerns

Officers assigned to patrol or traffic enforcement functions may conduct enforcement of collision causing violations during high collision hours and at locations of occurrence. Officers may take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. Officers shall maintain high visibility while working general enforcement, especially at high collision locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions may be considered.

Berkeley Police Department

Law Enforcement Services Manual

Traffic Function and Responsibility

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist

500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Refusal to sign notice to appear
- (e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

Berkeley Police Department

Law Enforcement Services Manual

Traffic Function and Responsibility

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, collision investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Personnel and Training Sergeant should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Motor Vehicle Collision Investigations

501.1 PURPOSE

The purpose of this policy is to establish procedures and guidelines for the investigation of traffic collisions and traffic related incidents, along with the preparation and handling of related reports.

501.2 POLICY

It is the policy of the Berkeley Police Department that all hit and run collisions with investigative leads and collisions with injuries will be fully investigated to determine the causative factors and responsibility for the collision. Documentation shall conform to State and Department reporting requirements.

501.3 GENERAL

The Department is governed in the classification of motor vehicle collisions by the California Highway Patrol (CHP) Collision Investigation Manual.

Traffic collision investigations shall be conducted with the objective of prosecution of violation(s) that caused the collision. Traffic collision investigative reports should clearly define the violation(s) and contain all information necessary for a successful prosecution.

- (a) The completed investigative report may be viewed, or a copy purchased, at the front counter of Records Management, located on the first floor of the Public Safety Building (PSB), after approximately ten business days.

501.4 DUTIES OF THE DRIVER

501.4.1 SR-1 FORM

The California Vehicle Code requires any driver involved in a vehicle collision in California to report the collision (via SR-1 form) to the DMV within 10 days if:

- (a) There was property damage of more than \$1,000, or
- (b) Anyone was injured (no matter how minor) or
- (c) Anyone was killed.

Each driver must make a report whether they caused the collision or not and even if the collision occurred on private property. The report is the responsibility of the driver, regardless of whether or not a police report was taken. An insurance agent, attorney or another designated representative may file the report for the driver. The SR-1 form is available at the front counter of the PSB or on the DMV's website for download.

501.4.2 EXCHANGE OF INFORMATION

Vehicle Code § 16025 states, "Every driver involved in the collision shall, unless rendered incapable, exchange with any other driver or property owner involved in the collision and present at the scene, all of the following information:

Berkeley Police Department

Law Enforcement Services Manual

Motor Vehicle Collision Investigations

- (a) Driver's name and current residence address, driver's license number, vehicle identification number, and current residence address of registered owner.
- (b) Evidence of financial responsibility, as specified in Section 16020. If the financial responsibility of a person is a form of insurance, then that person shall supply the name and address of the insurance company and the number of the insurance policy."

501.5 NON-INJURY MOTOR VEHICLE COLLISION

- (a) Berkeley Police Department Communications Center personnel will dispatch officers to the report of a non-injury collision occurring on a highway or private property only when the collision qualifies with one or more of the following conditions:
 - 1. A driver who may be under the influence of alcohol or drugs.
 - 2. A disturbance of the peace.
 - 3. A "hit and run" (the failure or refusal to provide both drivers license and insurance information to the other party).
 - 4. The vehicle(s) and/or vehicle debris is causing a traffic hazard and traffic control is needed (the reporting party should be advised that while traffic control will be provided, no collision report will be taken).
- (b) In the event of a significantly delayed response to a qualifying report of a collision due to lack of available personnel, the reporting party should be so informed.
- (c) If the parties in the collision refuse to wait for the officer and no traffic problem or criminal matter exist (e.g., DUI or Hit-Run), the police response may be canceled. The parties should be advised of their responsibility to exchange information.
- (d) If an officer is flagged down for a non-injury traffic collision, no collision report will be taken, but the officer may provide an incident number and/or help facilitate an exchange of information, upon request.
- (e) A property damage report may be completed at the officer's discretion on a "short form" (CHP Form 555-03, Traffic Collision Report - Property Damage Only). The short form should be handwritten at the scene and a carbon copy of the involved parties' information should be handed out to each party. The narrative portion of the form will not be given to the parties on scene and may therefore be completed at a later time.
 - 1. The short form report cannot be used when there are more than two involved parties.
 - 2. The short form report cannot be used when any City owned vehicle, City owned property or City liability is involved.
 - 3. The completed short form report, including the narrative, may be viewed or obtained (for a fee) by concerned persons at Records Management.

501.6 INJURY MOTOR VEHICLE COLLISION

- (a) Every motor vehicle collision which results in injury or death to any person, including those occurring on private property, shall be thoroughly investigated.

Berkeley Police Department

Law Enforcement Services Manual

Motor Vehicle Collision Investigations

- (b) Communications Center personnel receiving a report of an injury collision shall obtain information regarding the location, type and severity of injuries, traffic blockage, and any other information required for immediate emergency vehicle response.
 - 1. An investigating officer shall be immediately assigned. Additional officers may be assigned to assist, as deemed necessary.
- (c) Injury is defined as any non-fatal bodily harm received from a motor vehicle collision. Injury includes, but is not limited to:
 - 1. A complaint of pain without visible signs of injury
 - 2. Visible signs of injury such as lacerations, abrasions, swelling or limping
 - 3. Momentary unconsciousness

501.7 COLLISION SCENE MANAGEMENT

- (a) The first officer to arrive at the scene of any collision shall manage and attempt to stabilize the scene until relieved by the assigned officer, or other competent authority.
- (b) The initial scene management includes, but is not limited to:
 - 1. Determining the number and extent of injuries, if any, and requesting medical support, if needed.
 - i. The officer shall broadcast the injury or non-injury information as soon as possible.
 - ii. If the collision includes the request for an ambulance, it is mandatory that a sergeant respond to the scene.
 - 2. Providing emergency medical aid, when it is safe to do so, until relieved by medical personnel.
 - 3. Determining the need for traffic control and expediting the removal of vehicles, persons, and debris from the roadway when the removal will not interfere with the investigation. The officer should consider:
 - (a) The use of flares, traffic cones and/or barricades.
 - (b) Enlisting assistance from on-lookers to direct or divert traffic, etc.

501.8 COLLISION INVESTIGATION

Once the scene of the collision is stabilized, and unless relieved by a motor officer or other competent authority, the handling officer should take, or delegate, the following steps to ensure a proper investigation is completed:

- (a) Identify the drivers and passengers of the vehicles, determine their positions in the vehicles and obtain statements.
 - 1. If a party has been taken to the hospital, the handling officer may continue his/her investigation at the scene and contact the injured party at a later time, with supervisor approval.

Berkeley Police Department

Law Enforcement Services Manual

Motor Vehicle Collision Investigations

- (b) Identify witnesses and obtain statements.
- (c) Determine whether the involved parties were wearing seatbelts.
- (d) Determine whether the involved parties were in possession of a personal communication device (e.g., cell phone) at the time of the collision.
- (e) Identify whether objective signs of drug and/or alcohol or physical impairment are present.
- (f) Consider whether the criteria for a Priority Re-Examination is met (DMV Form DS-427).
- (g) Determine the point of impact and take any necessary measurements.
- (h) Issue a Notice to Appear at the conclusion of the investigation, when appropriate and possible, and when the investigating officer has completed a course or courses of instruction in collision investigation in compliance with Vehicle Code § 40600(a).
- (i) Protect the personal property of an involved party from theft or loss (e.g., if they are transported to the hospital).
 - 1. If it is not practical for the property to be delivered to the owner, and/or the owner does not authorize another disposition, the property shall be booked for safekeeping. The property's disposition should be documented in the report.
- (j) Issue a report receipt or business card with the incident number to each of the involved parties.
 - 1. The involved parties should be informed that they are responsible for reporting the collision to the DMV on the appropriate form (SR-1) which is available at the front counter of the PSB or on the DMV's website.

501.9 TRAFFIC COLLISION REPORTS / DOCUMENTATION

- (a) Traffic collisions which require documentation shall use the following CHP Forms:
 - 1. 555 (Traffic Collision Report and Factual Diagram),
 - 2. 556 (Narrative/Supplemental) and
 - 3. 555 (Injured, witness, passenger).
- (b) The narrative report shall include the following information in the sequence listed:

 - (a) This unit is comprised of sworn personnel who have received training in basic, intermediate or advanced traffic collision investigations, collision reconstruction and/or tire friction mark analysis.
 - (b) FAIT members are volunteers who, when available, will respond to qualifying collisions on a 24-hour basis.
 - (c) Officers who wish to be designated as FAIT members should apply in accordance with existing procedures described within the Special and Temporary Duty Assignments policy. It is not necessary for FAIT members to be assigned to the Traffic Bureau.

An officer shall investigate all hit and run collisions, whether occurring on public or private property.

- (a) However, if it is a misdemeanor hit and run collision and the officer determines there are no investigative leads, no report will be taken, but an incident report number should be provided.

The follow-up investigation for both felony and misdemeanor hit and run cases will be conducted by the originally assigned officer, unless the investigation was handled by a FAIT member who will then be responsible for the follow-up.

501.13 LATE-REPORTED COLLISIONS

Late-reported injury collisions may be reported at any time up to one year from the date of occurrence. However, the ability to conduct a comprehensive investigation may be compromised by the delay in reporting.

- (a) A delayed report meeting the above criteria shall have the special conditions box on the CHP 555 form labeled, "Late-Reported".
- (b) The reporting party should be informed that they are responsible for reporting the collision to the DMV on the appropriate form (SR-1) which is available at the front counter of the PSB or on the DMV's website.

If a non-injury collision is reported in person after both parties and vehicles have left the scene, the reporting party shall be advised that no report will be taken. However, the reporting party should be informed that they are responsible for reporting the collision to the DMV on the appropriate form (SR-1) which is available at the front counter of the PSB or on the DMV's website.

2. Collision reports involving police vehicles shall include the Supervisor's Avoidability Report and shall be completed and turned into the Patrol Lieutenant's box prior to the end of the supervisor's shift.
3. The completed report will be reviewed by the Traffic Analyst who will route copies, as appropriate, to the Statewide Integrated Traffic Records System (SWITRS).
4. No collision report needs to be taken if the incident only involves damage to city property, and it is the opinion of a supervisor that there is no need for a collision report (i.e., police auto vs. parked police auto in the PSB parking lot).
5. If the collision occurs outside of the City of Berkeley, the collision shall be reported to the appropriate law enforcement agency having jurisdiction.

501.15 COLLISIONS INVOLVING A SCHOOL BUS

The investigation of traffic collisions involving a school bus, as defined in Vehicle Code § 545, or a school pupil activity bus, as defined in Vehicle Code § 546, or a youth bus, as defined in Vehicle Code § 680, taking place anywhere within the State, are the responsibility of the CHP when the vehicle is:

- (a) Transporting any school pupils at or below the 12th grade level to or from a public or private school, or to or from public or private school activities.
- (b) Transporting any school pupils at or below the 12th grade level to or from a residential school.
- (c) Transporting children at or below the 12th grade level to or from an organized non-school related youth activity and the departing/arrival school is within 25 miles of the activity location.

Traffic collisions involving a school bus, school pupil activity bus, or youth bus, but with no pupils or qualifying children aboard, remain the responsibility of the local law enforcement agency and not the CHP.

501.16 COLLISIONS INVOLVING HAZARDOUS MATERIALS

The Berkeley Fire Department (BFD) is responsible for the scene management of any hazardous or toxic materials spill. Pending the arrival of BFD personnel, police personnel may be required to take emergency action.

The following procedures are recommended to assist in the handling of a hazardous or toxic materials spill, or the immediate potential of a spill:

- (a) Report the incident as a possible hazardous materials incident.
- (b) Give the exact location.

Berkeley Police Department

Law Enforcement Services Manual

Motor Vehicle Collision Investigations

- (c) Request assistance.
- (d) Stay upwind and upgrade.
- (e) Isolate the area of non-essential personnel.
- (f) Avoid contact with liquid or fumes.
- (g) Eliminate ignition sources (i.e., smoking, flares and combustible engines).
- (h) Identify materials, when possible, without undue risk of exposure/contact.
- (i) Initiate evacuation from downwind first.
 - 1. Select an upwind site for assembly of evacuated persons and report the location of the site to the Communications Center.

501.17 COLLISIONS ON THE EASTSHORE FREEWAY (I-80)

The California Highway Patrol (CHP) has responsibility for investigating traffic collisions originating on the Eastshore Freeway (I-80), including the on and off ramps within the City of Berkeley. However, upon request by the CHP, BPD will render any assistance required, including a complete investigation of a collision and subsequent prosecution of violation(s) causing the collision.

The University Avenue overpass and the Gilman Street underpass are not a part of the Eastshore Freeway (I-80) and jurisdiction remains with the BPD.

501.18 COLLISIONS INVOLVING DISABLED PEDESTRIANS

When an officer investigates a traffic collision involving a pedestrian, they shall write "DP" in CHP form 555's special conditions box, when the pedestrian does either of the following:

- (a) Uses a mobility device, such as a wheelchair, walker, crutches, cane, white cane or other device.
- (b) "Self-identifies" as having a disability that impairs mobility.

In the narrative portion of the report, the officer shall describe the mobility device the pedestrian used, or the statement the person made when he/she "self-identified" as being disabled.

This procedure does not require an officer to ask any disability related questions of the pedestrian or to do anything that would violate the American with Disabilities Act (ADA). It does not ask that an officer attempt to determine whether the pedestrian was using the mobility device as the result of a temporary medical condition (such as a broken leg), or as the result of a disability as described in the ADA.

The Traffic Analyst will maintain a file of all collision reports that are identified as involving a disabled pedestrian.

Vehicle Towing and Release

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Berkeley Police Department. Nothing in this policy shall require the Department to tow a vehicle.

502.2 STORAGE AND IMPOUNDS

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

502.3 VEHICLE STORAGE REPORT

Department members requesting towing, storage or impound of a vehicle shall complete a storage report form (CHP 180) and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). Any "holds" on the vehicle should be written on the storage report and communicated to the tow truck operator. A copy of the storage report should be given to the tow truck operator. If the driver or vehicle owner are on scene, the short carbon copy of the storage report should be provided, along with a verbal explanation of the vehicle release process. The original storage report shall be submitted to Records Management as soon as practicable after the vehicle is stored.

502.4 REQUESTING A TOW

The employee ordering a tow shall provide the following information to Dispatch:

- (a) The location from where the vehicle will be towed;
- (b) The towing authority;
- (c) The Color, Year, Make, Body Style, and License plate or VIN (CYMBL) of the vehicle; and
- (d) Any "holds" restricting the vehicle's release.

502.5 COMMUNICATION CENTER PROCEDURES

- (a) Upon receipt of a tow request, the dispatcher shall promptly telephone the appropriate towing service. The employee ordering the tow shall be advised when the request has been made and shall be advised of the assigned towing service's ETA.
- (b) The Communications Center employee ordering the tow shall enter required information into the Communications Center "Tow Log."
- (c) Communications Center personnel shall ensure that accurate tow authority and vehicle disposition information is included in the Computer-Aided Dispatch system (CAD) incident event associated with a vehicle tow.
- (d) A "non-criminal incident" or "criminal investigation" CAD report type shall be used for incidents involving the tow and storage of a vehicle.

Berkeley Police Department

Law Enforcement Services Manual

Vehicle Towing and Release

- (e) A "miscellaneous service call" CAD report type shall be used for incidents where the reported vehicle could not be located or was ineligible for tow.
- (f) When notified of a completed vehicle tow by a towing contractor, the Communications Center Telecommunications dispatcher will enter the vehicle's description, date of tow, correct tow authority, and accurate custody status (e.g., "Towed/Stored", "Impounded, etc.) into the California Law Enforcement Telecommunications System (CLETS.)
- (g) The Telecommunications dispatcher shall obtain Department of Motor Vehicles (DMV) registration information on every vehicle taken into police custody, and will compare the license plate and vehicle identification number (VIN) to the information provided by the towing contractor to ensure accuracy.
- (h) The Telecommunications dispatcher shall determine if the vehicle has been reported as stolen to CLETS A Vehicle System.
- (i) The Telecommunications dispatcher shall forward the completed "Towed/Stored Vehicle" entry form, DMV registration print-out, and tow contractor towing sheet to the Traffic Bureau prior to the conclusion of their duty shift.
- (j) Communication Center personnel shall promptly enter pertinent data from the completed storage report into the Stolen Vehicle System (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).
- (k) Approved storage reports shall be promptly routed to Records Management.

502.6 TOWS AT SPECIAL EVENTS

If a vehicle is towed in association with a special event or enforcement activity, a single report number may be used to document the event and tow(s).

When several vehicles are towed in association with a special event (i.e., a UC football game), a tow log listing the vehicles' descriptions and locations of tow may be used instead of individual storage reports.

The employee responsible for maintaining a special event tow log shall route the original tow log to Records Management and forward copies of the tow log to the Communications Center and Traffic Bureau.

502.7 "NO TOW" SITUATIONS

- (a) **Vehicle Operation on Private Property:** If the vehicle has been driven onto the owner's private property and the owner is present and has a valid license, the vehicle cannot be towed for a driver's license violation committed by someone other than the owner.
- (b) **Planned Non-Operation:** Unless prior warning of a tow is given, employees shall not direct the seizure of a vehicle parked on a highway, public land, or off-street parking facility for an expired registration violation (ref. Vehicle Code § 22651(o)) if the owner has a valid "Planned Non-Operation" certificate on file at the DMV. Prior warning of a tow may be accomplished via common means of verifiable communication, to include, but not be limited to, issuance of a citation for an expired registration violation.

Berkeley Police Department

Law Enforcement Services Manual

Vehicle Towing and Release

502.8 TOWS FOR DRIVERS LICENSE VIOLATIONS

Determination of tow authority for towing a vehicle based on a driver's license status offense shall be based on the particular circumstances of the violation.

- (a) Tow authority VC § 22651(p) allows the vehicle to be released to the owner or owner's agent as soon as possible with proof of a valid DL and current registration. This tow authority shall be used when an individual is cited for:
 - 1. VC § 12500(a) Driving without a license (never issued or expired)
- (b) Tow authority VC § 14602.6 requires a 30 day impound of the vehicle and the storage fees to be paid prior to its release. This tow authority shall be used when an individual is cited for:
 - 1. Driving with a suspended or revoked license;
 - 2. Driving in violation of license restriction(s) imposed under Vehicle Code §13352 or 23575 and when the vehicle is not equipped with a functioning, certified interlock device.
 - 3. Based on articulable extenuating circumstance(s), a supervisor may authorize the use of Vehicle Code § 22651(p) in situations where Vehicle Code § 14602.6 may be prescribed.
- (c) If the only violation is that the operator is an unlicensed driver (Vehicle Code § 12500 (a)) the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed in a reasonable amount of time. If the vehicle is released, the officer should list in the CAD report or on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

502.9 TOWS FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, (such as a "AAA" tow), and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a "non-preference tow" company will be selected from the rotational list of towing companies in the Communications Center.

If the owner is incapacitated, and their vehicle must be removed from the scene, the officer will need to complete a storage report. The officer should notify the owner of where the vehicle was stored. This can be accomplished by leaving the short carbon copy of the storage report form with their property (if they are transported to the hospital), or by notifying a friend or family member.

502.10 TOWS FOR INVESTIGATIVE PURPOSES / EVIDENCE

- (a) Employees shall tow a vehicle for investigative purpose (i.e., is or contains evidence of a public offense) pursuant to Vehicle Code §22655.5 only with approval of a sergeant or command officer.

Berkeley Police Department

Law Enforcement Services Manual

Vehicle Towing and Release

1. If evidence can be legally obtained from a vehicle under investigation without towing it, this shall be the preferred procedure; supervisors should exercise discretion in approving the towing of such vehicles.
 2. Whenever a vehicle is towed as evidence, an Evidence Receipt form shall be completed and a copy delivered to the vehicle's owner or agent.
- (b) If towed in connection with a crime under investigation, the report number assigned to the tow shall be different from the criminal case number.
- (c) The employee or detail/unit responsible for investigative follow-up of the matter related to a tow shall have primary responsibility for the custody of the vehicle stored as evidence or for investigative purposes.
- (d) If the vehicle is held in custody in excess of 72 hours, the responsible employee or detail/unit shall consult with the District Attorney's Office regarding the need for continued custody of the vehicle.
- (e) If required to be maintained in custody, the responsible employee or detail/unit shall make reasonable efforts to transfer physical custody, or financial responsibility for commercial storage services, of the vehicle to the District Attorney's Office, or relocate the vehicle to a City-controlled storage facility.
- (f) The employee or detail/unit responsible for investigative follow-up of the matter related to a tow shall notify the person authorized to receive custody of the stored vehicle (i.e., registered owner, agent of owner, etc.) as soon as practical after the police hold on the vehicle has ended.
- (g) The Traffic Bureau shall maintain a log of all vehicles towed for investigative purposes.
1. A designated Traffic Bureau employee will monitor investigations resulting in an impound and take reasonable measures to ensure a vehicle is held in custody no longer than is necessary to accomplish required law enforcement activities.
 2. Contents of a vehicle having no evidentiary value may be released to its owner or his/her agent, and shall be listed in a written report.

502.11 TOWS FROM ARREST SCENES

It is the policy of this department to provide reasonable safekeeping of an arrestee's vehicle. Vehicles shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of towing the vehicle for Vehicle Code § 22651(h), provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.

Berkeley Police Department

Law Enforcement Services Manual

Vehicle Towing and Release

- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases the owner should be informed that the Department will not be responsible for theft or damages.

502.12 TOWS FROM SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is an unlicensed driver (Vehicle Code § 12500 (a)), the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint in the case of Vehicle Code §12500(a), the officer should note in the CAD report or on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver's license and current vehicle registration.

502.13 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

502.14 NOTIFICATIONS

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Traffic Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. By way of the Traffic Bureau, notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

- (a) The name, address, and telephone number of this Department.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, and the license plate number or VIN.
- (c) The authority and purpose for the removal of the vehicle.
- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, writing, or by telephone within 10 days of the date appearing on the notice.

Berkeley Police Department

Law Enforcement Services Manual

Vehicle Towing and Release

502.15 TOWING SERVICES

The City of Berkeley's current tow contracts provide guidelines for prompt and safe towing services under the Berkeley Police Department's Rotation Tow Program. Towing services will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal of vehicles obstructing traffic in violation of state or local regulations.

502.16 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage report. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

502.17 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

502.18 RELEASE OF VEHICLE

The Communication Center will maintain an up-to-date tow log and provide information regarding the impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6). After normal business hours:

- (a) Towed vehicles shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license (foreign or domestic) shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).

Berkeley Police Department

Law Enforcement Services Manual

Vehicle Towing and Release

- (c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license (foreign or domestic) and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:
 - (a) The vehicle was stolen.
 - (b) If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.
 - (c) Any other circumstance as set forth in Vehicle Code § 14602.6.
 - (d) When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.
- (d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.
- (e) A vehicle removed pursuant to an investigation with a "hold" on it, may not be released until the hold has been rescinded.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Any sworn employee who suspects that a vehicle was impounded in error should promptly advise a supervisor. On-duty supervisors should approve, when appropriate and without delay, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

Written authorization received from an owner's agent and a copy of the agent's proof of identity shall be attached to the original vehicle release form and routed to Records management for incorporation into the report file.

502.19 TOW PROGRAM MONITORING

The Traffic Bureau will regularly monitor vehicle tows accomplished pursuant to this policy, as represented in tow reports, to ensure adherence to established policy and procedure.

The Traffic Bureau will be responsible for the periodic review of this policy and related tow program to assess the currency, applicability and effectiveness of related policy and procedure, and any identifiable impacts this Department's tow program has on traffic safety.

502.20 LEGAL GUIDANCE CONCERNING "COMMUNITY CARETAKING"

In 2019, the California Legislature amended Vehicle Code section 22650 to require that any removal of a vehicle must be to achieve a "community caretaking" need. It is no longer sufficient that one of the circumstances set forth in Vehicle Code section 22651 is present. There also must be a justification based on community caretaking, such as the need to ensure the safe flow of traffic or to protect property from theft or vandalism.

Berkeley Police Department

Law Enforcement Services Manual

Vehicle Towing and Release

502.20.1 VEHICLE CODE SECTION 22650(B)

A removal pursuant to an authority, including, but not limited to, as provided in Section 22651, that is based on community caretaking, is only reasonable if the removal is necessary to achieve the community caretaking need, such as ensuring the safe flow of traffic or protecting property from theft or vandalism.

Reasons for towing that have been found to be community caretaking functions"

- Expired registration (6 months or more)
- Lack of license plates or other evidence of registration
- Inoperable vehicles. Specifically:
 - Vehicles which "lack an engine, transmission, wheels, tires, doors, windshield, or any other part or equipment necessary to operate safely on the highways of this state" VC 22669(d)
 - Vehicles which are "abandoned, wrecked, dismantled, or inoperative" and parked on private or public property, per VC 22660-22668 and BMC 12.98
- Unlicensed driver, the likelihood that the unlicensed driver would return to drive the vehicle home.
 - However impound has been found impermissible (1) when parked in the driver's driveway, (2) when parked legally two houses away from the driver's home.
 - Continued impoundment is illegal when a licensed driver (even someone other than the owner) is available to take possession
- Vehicle is creating a traffic hazard
 - e.g. impeding traffic or blocking driveway
- Vehicle is creating another safety hazard
 - e.g. broken glass, public nuisance conditions.
- Tow is needed to protect the vehicle from vandalism or theft
 - e.g. if arrestee's vehicle is left on private parking lot, vehicle unattended on road where theft/vandalism is common
 - This generally should not be used as a basis to tow a vehicle which is used as shelter, since it is more regularly occupied in that case, especially at night when vandalism or theft are more likely to take place, thereby deterring such crime. Moreover, towing an unhoused person's vehicle to avoid vandalism or theft would likely have the effect of causing a greater loss to the inhabitant, who may not be able to retrieve their vehicle from impound.

Tow Hearings

503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

503.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Berkeley Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

503.3 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Traffic Bureau Lieutenant, or his/her designee, will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)). In addition, if the person requesting the hearing or his/her agent is 30 or more minutes late for their scheduled hearing, the statutory requirement for a hearing will be considered satisfied.

503.4 EVIDENCE

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §14602.6(b); Vehicle Code § 14602.8(b)).

Berkeley Police Department

Law Enforcement Services Manual

Tow Hearings

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

503.5 DECISION

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.
- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).

503.6 HEARING EXCEPTIONS

The right to a post-storage hearing applies to all tows except:

- (a) Vehicles impounded for investigation of a hit-and-run collision pursuant to Vehicle Code § 22655;
- (b) Vehicles removed from private property pursuant to Vehicle Code § 22658;
- (c) Abandoned or hazardous vehicles removed pursuant to Vehicle Code § 22669 determined to have an estimated value of five hundred dollars (\$500.00) or less; and,
- (d) Vehicles or vehicle parts removed from private property by authority of a City or County ordinance pursuant to Vehicle Code §§ 22660 to 22668, inclusive, and § 22710.

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

504.2 POLICY

The Berkeley Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

504.3 INVESTIGATIONS

All officers are expected to enforce DUI laws with due diligence. Vehicle Codes §§ 23152 and 23153 prohibit the operation of a vehicle while under the influence of an intoxicant, which includes alcohol, drugs or a combination of both, without restriction to a particular venue. Therefore a related arrest may be made on public or private property.

The Traffic Bureau Lieutenant, or his/her designee, should develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in California or another jurisdiction.

504.4 FIELD TESTS

Officers should use the standardized FSTs as outlined by the National Highway Traffic Safety Administration (NHTSA) and any approved alternate tests for officers to use when investigating violations of DUI laws.

Berkeley Police Department

Law Enforcement Services Manual

Impaired Driving

504.5 PRELIMINARY ALCOHOL SCREENING

Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

504.6 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21

If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

504.7 CHEMICAL TESTS

A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
- (b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).
- (c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer may consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.8 CHOICE OF TESTS

Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

Berkeley Police Department

Law Enforcement Services Manual

Impaired Driving

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the officer shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

The officer must have reasonable suspicion and give clear indication that a blood or urine test will reveal evidence of the person being under the influence and state in his or her report the facts upon which that belief and clear indication are based. Once the breath test is completed, the officer should read the drug admonition listed in the Admin Per Se DMV form. If the person refuses to provide the additional sample after the breath test is completed this shall be documented as a refusal.

If a DUI driver is involved in a traffic collision in which serious injury was inflicted, such as broken bones, serious bleeding, etc., there should be no question or choice. The DUI driver will be required to submit to a blood test unless he/she is a hemophiliac or a person with a heart condition.

504.9 BREATH SAMPLES

The Traffic Bureau Lieutenant, or his/her designee, should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained. Breath tests may only be administered by a Peace Officer Standards and Training (POST) certified and properly trained technician.

Members obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Bureau Lieutenant or his/her designee.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the officer's belief shall be included in the officer's report (Vehicle Code § 23612(a)(2)(C)).

In cases where this tolerance is exceeded, additional tests of the driver's breath shall be conducted until the results of two analyses fall within the 0.02% BAC variance.

Law Enforcement Services Manual

Impaired Driving

504.10 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

All DUI blood draws regardless if consent is given, shall obtain an approved search warrant seeking blood for examination.

504.11 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

If the subject is unable to provide the sample, direct him/her to select either of the two remaining tests (blood or breath). A refusal or failure to comply constitutes a refusal. Fill out the appropriate chemical refusal form.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

504.12 REFUSALS

When an arrestee refuses to provide a viable chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612). The admonition is found on DMV form DS 367 (or DS 367M (for persons under 21 years old). The admonition must be read verbatim, and the subject's response or non-response recorded on the form. If a combination of both drugs and alcohol is suspected, and the person chose a breath test, the Drug Admonition on the second half of the said page shall be read.
- (b) Audio- and/or video-record the admonishment when it is practicable.
- (c) Document the refusal in the appropriate report.

Impaired Driving

504.12.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the arrestee and take possession of any California state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

504.13 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (Penal Code § 1524).
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

504.14 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video if practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - (a) Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - (b) In all cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.

Berkeley Police Department

Law Enforcement Services Manual

Impaired Driving

- i. In extreme circumstances, officers may utilize the WRAP device pursuant to the parameters set forth in **Policy 302.11 Handcuffing and Restraints**, when other conventional methods of restraint have failed.
 - ii. Pursuant to **Policy 300 Use of Force**, all incidents of force shall be appropriately reported and documented.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

504.15 ARREST AND INVESTIGATION

504.15.1 WARRANTLESS ARREST

In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer should make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- (a) The person is involved in a traffic collision.
- (b) The person is observed in or about a vehicle that is obstructing the roadway.
- (c) The person will not be apprehended unless immediately arrested.
- (d) The person may cause injury to him/herself or damage property unless immediately arrested.
- (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

504.15.2 STATUTORY NOTIFICATIONS

Officers requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

504.15.3 OFFICER RESPONSIBILITIES

The officer serving the arrested person with a notice of an order of suspension should immediately (Vehicle Code § 23612):

- (a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Traffic Bureau for review and forwarding to the Department of Motor Vehicles (DMV).
- (b) Forward, via Records Management, a sworn report to DMV that contains the required information in Vehicle Code § 13380.
- (c) Book any chemical sample evidence for processing at the appropriate forensic laboratory.

504.16 RECORDS MANAGEMENT RESPONSIBILITIES

The Records Supervisor, or his/her designee, will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

504.17 ADMINISTRATIVE HEARINGS

The Records Supervisor, or his/her designee, will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

504.18 TRAINING

The Personnel and Training Sergeant, or his/her designee, should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Personnel and Training Sergeant should confer with the prosecuting attorney's office and update training topics as needed.

This policy outlines the responsibility for traffic citations and the procedure for the correction and dismissal of traffic citations.

505.2 RESPONSIBILITIES

The Traffic Bureau Lieutenant shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Traffic Bureau Lieutenant shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

505.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)).

Should an officer determine that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation.

505.3.1 PROCEDURE

When a traffic citation has been issued, and the issuing officer determines it should be dismissed based on an issuing error or in the interest of justice, the officer shall:

- (a) Complete a "Notice of Correction" form,
- (b) Check "other" as the reason for the correction and write in, "Request the Court consider dismissing this citation in the interest of justice" or "Request the Court consider dismissing this citation due to a lack of officer recall" or for any other reason,

505.6 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE

Notice of parking violation appeals are conducted pursuant to Vehicle Code § 40215.

505.6.1 APPEAL STAGES

Appeals may be pursued sequentially at three different levels (Vehicle Code § 40215; Vehicle Code § 40230):

1. **Administrative Review:** Administrative reviews are conducted by City of Berkeley staff who will review written/documentary data. Requests for administrative reviews are available online and through Customer Service located at 1947 Center Street. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.
2. **Administrative Hearing:** If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.
3. **Superior Court Review:** If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to the Superior Court of California.

505.6.2 TIME REQUIREMENTS

An administrative review or administrative hearing will not be provided if the mandated time limits are not adhered to by the violator.

1. **Administrative Review:** Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking Violation (Vehicle Code § 40215(a)).
2. **Administrative Hearing:** Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)). An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person

requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).

3. Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209 and Vehicle Code § 40210).

505.6.3 COSTS

1. Administrative Review: There is no cost for an administrative review.
2. Administrative Hearing: Appellants must deposit the full amount due for the citation before receiving an administrative hearing, unless the person is indigent, as defined in Vehicle Code § 40220, and provides satisfactory proof of inability to pay (Vehicle Code § 40215).
3. Superior Court Review: An appeal through Superior Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

505.7 JUVENILE CITATIONS

The completion of traffic citations for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation, see also the Temporary Custody of Juveniles and the Cite and Release Policies.

505.8 STORAGE/ACCESS

The Traffic Bureau Lieutenant, or his/her designee, shall maintain a supply of moving and parking citations in the designated location within the Public Safety Building (PSB). Any officer observing that the supply is low should inform their supervisor who should then contact the Traffic Bureau Lieutenant for additional citations.

505.9 OBTAINING CITATION BOOKS

An officer in need of citation books shall record in the Citation Log Book the following information:

- (a) The beginning and ending numbers of the citations issued,
- (b) The date of issuance and
- (c) The name and badge number of the officer to whom the citation book is issued.

505.10 ACCOUNTING

Alameda County maintains an accounting of all moving citations and fines due/received. The City of Berkeley Parking Citations Center maintains an accounting of all parking citations and fines due/received. This information is accessible through the Traffic Bureau Lieutenant or his/her designee.

Disabled Vehicles

506.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

506.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

506.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.3.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

72-Hour Parking Violations

507.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording and storage of vehicles parked in violation of the Berkeley Municipal Code regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

507.2 RESPONSIBILITIES

Vehicles suspected of being in violation of the City of Berkeley 72-Hour Parking Ordinance or Vehicle Code shall be logged into CAD and assigned to a Parking Enforcement Officer. This does not prohibit a patrol officer from initiating or following up on an investigation of a suspected violation.

507.3 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP 180 form) shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to Records Management, and the small carbon copy shall be submitted to the Communications Center mailbox, immediately following the storage of the vehicle. It shall be the responsibility of the Communications Center to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS) (Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Traffic Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).

507.4 MARKING THE VEHICLE

Currently there are two methods of marking vehicles;

1. Electronic marking - which leaves no mark on the tires or vehicle; or
2. Chalk marking - which leaves a visible chalk mark on the tire.

Both methods are viable and both methods require a warning tag be placed on the windshield. Additionally photographic evidence should be utilized when practical. Any deviation in markings shall be noted in CAD.

507.5 FOLLOW-UPS

The member handling the initial investigation should conduct a follow up investigation after a period of 72 hours to determine the status of the marked vehicle.

Berkeley Police Department

Law Enforcement Services Manual

72-Hour Parking Violations

If the member returns to the location and determines the vehicle is present and there is no indication of significant movement (“significant movement” means a vehicle has been moved from the associated parking location by at least one car length), the member may issue a citation to the vehicle. If a citation is issued, the member may also tow the vehicle pursuant to Vehicle Code § 22651(k).

If the member returns to the location and determines the vehicle has been moved, the member shall ensure the associated CAD event is updated to indicate the outcome of the follow-up investigation.

507.6 ABANDONED VEHICLE

If, by evidence and/or reliable citizen statement, it is determined a vehicle has been abandoned (i.e., is inoperable as defined in Vehicle Code §22669(d) and/or has not been moved in a significant period), the member may forego the initial marking and 72-hour follow-up procedures described above.

600.4 REPORT WRITING

600.4.1 FORMAT

SUMMARY: Provide a brief summary of the incident, including the corpus of the crime and final status of the case.

If the sergeant agrees that the preliminary investigation is complete, and concurs with the officer's recommendation for disposition, the case will be approved and submitted into AEGIS. If following the review, the sergeant does not feel that the investigation is complete or the recommendation appropriate, the report shall be returned to the assigned officer for completion and re-submission.

Follow-up investigation responsibility for the following types of cases rests solely with the Operations Division:

- (a) Auto burglary, theft from auto cases, and malicious damage to vehicles.
- (b) Misdemeanor assault/battery cases (not sex related).
- (c) Misdemeanor weapon brandishing cases.
- (d) Felony and misdemeanor hit and run cases.
- (e) Initial and secondary follow-up on adult missing person cases.
- (f) Initial follow-up on juvenile missing/runaway cases.
- (g) Re-contact for cases where the officer was unable to initially contact the victim/reporting party, or otherwise finish a "complete preliminary investigation."

Officers are encouraged to conduct follow-up investigations whenever possible.

Berkeley Police Department

Law Enforcement Services Manual

Investigation and Prosecution

To prevent duplication of effort, officers should first contact their supervisor and the appropriate Detective Bureau Detail before extensive follow-up work is done.

600.5 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.5.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5.2 MANDATORY RECORDING OF ADULTS

Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

Berkeley Police Department

Law Enforcement Services Manual

Investigation and Prosecution

- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.6 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted, or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted, or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse Sexual Assault Investigations, and Senior and Disability Victimization policies may also require an arrest or submittal of a case to a prosecutor.

600.7 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers trained in computer forensics should assist with seizing computers and related evidence. If an officer trained in computer forensics is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment. Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.8.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

The Investigation Division Captain is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

- (a) Security procedures are developed to protect information gathered through the use of the technology.
- (b) A usage and privacy policy is developed that includes:
 - 1. The purposes for which using cellular communications interception technology and collecting information is authorized.
 - 2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.
 - 3. Training requirements necessary for those authorized employees.
 - 4. A description of how the Department will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.
 - 5. Process and time period system audits.
 - 6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.
 - 7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.
 - 8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department's usage and privacy procedures and all applicable laws.

Asset Forfeiture

602.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture council - Comprised of the Alameda County Asset Forfeiture District Attorney and staff.

Forfeiture reviewer - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases; for securing and maintaining seized assets; and for acting as the liaison between the Department and the assigned attorney. This includes any time the Berkeley Police Department seizes property for forfeiture or when the Berkeley Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Property subject to forfeiture - The following may be subject to forfeiture:

- (a) Property related to a narcotics offense, which includes (Heath and Safety Code § 11470; Health and Safety Code § 11470.1):

 - 3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.
 - 4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.
 - 5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors upon conviction for the unlawful manufacture or cultivation of any controlled substance or its precursors.
- (b) Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):
 - 1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.

Berkeley Police Department

Law Enforcement Services Manual

Asset Forfeiture

2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

602.2 POLICY

The Berkeley Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Berkeley Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

602.3 ASSET SEIZURE

602.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.
- (b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):
 1. The property subject to forfeiture is legally seized incident to an arrest.
 2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

602.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.
- (b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).
- (c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect's immediate family (Health and Safety Code § 11470).

Law Enforcement Services Manual

Asset Forfeiture

- (d) Vehicles, boats or airplanes owned by an “innocent owner,” such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).
- (e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

602.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

602.5 MAINTAINING SEIZED PROPERTY

The Property and Evidence Unit Supervisor is responsible for ensuring compliance with the following:

- (a) All property, under his/her control, received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

602.6 FORFEITURE REVIEWER

The Chief of Police will appoint an officer as the forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a department-approved course on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

- (h) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.
- (i) Ensuring that seizure forms are available and appropriate for department use. These should include a receipt form and disclaimer of property form (if applicable) that provide relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:
 - 1. Names and contact information for all relevant persons and law enforcement officers involved.
 - 2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
 - 3. A space for the signature of the person from whom cash or property is being seized.
 - 4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.
- (j) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Department Directives. The training should cover this policy and address any relevant statutory changes and court decisions.
- (k) Reviewing each asset forfeiture case to ensure that:

 5. Current minimum forfeiture thresholds are communicated appropriately to officers.
 6. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.
- (l) Ensuring that a written plan that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.
- (m) Ensuring that the process of selling or adding forfeited property to the department's regular inventory is in accordance with all applicable laws and consistent with the department's use and disposition of similar property.
- (n) Keeping a manual that details the statutory grounds for forfeitures and department procedures related to asset forfeiture, including procedures for prompt notice to interest holders, the expeditious release of seized property, where appropriate, and the prompt resolution of claims of innocent ownership (Health and Safety Code § 11469).
- (o) Notifying the California Franchise Tax Board when there is reasonable cause to believe that the value of seized property exceeds \$5,000.00 (Health and Safety Code § 11471.5).

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives (Health and Safety Code § 11495).

602.7 DISPOSITION OF FORFEITED PROPERTY

Forfeited funds distributed under Health and Safety Code § 11489 et seq. shall only be used for purposes allowed by law, but in no case shall a peace officer's employment or salary depend upon the level of seizures or forfeitures he/she achieves (Health and Safety Code § 11469).

The Department may request a court order so that certain uncontaminated science equipment is relinquished to a school or school district for science classroom education in lieu of destruction (Health and Safety Code § 11473; Health and Safety Code § 11473.5).

602.7.1 RECEIVING EQUITABLE SHARES

When participating in a joint investigation with a federal agency, the Berkeley Police Department shall not receive an equitable share from the federal agency of all or a portion of the forfeiture proceeds absent either a required conviction under Health and Safety Code § 11471.2 or the

Berkeley Police Department

Law Enforcement Services Manual

flight, death or willful failure to appear of the defendant. This does not apply to forfeited cash or negotiable instruments of \$40,000 or more.

602.8 CLAIM INVESTIGATIONS

An investigation shall be made as to any claimant of a vehicle, boat or airplane whose right, title, interest or lien is on the record in the Department of Motor Vehicles or in an appropriate federal agency. If investigation reveals that any person, other than the registered owner, is the legal owner, and that ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat or airplane, notice shall be made to the legal owner at his/her address appearing on the records of the Department of Motor Vehicles or the appropriate federal agency (Health and Safety Code § 11488.4).

Informants

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

603.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with, the Berkeley Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Berkeley Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

Source of Information - An informant differs from a "source of information" in that the latter is not under the specific direction of a single officer and does not become a party to the actual investigation (e.g., a business firm furnishing information from its records, or a concerned citizen relaying information about an event they have witnessed).

603.2 POLICY

The Berkeley Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

603.3 USE OF INFORMANTS

603.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

603.3.2 JUVENILE INFORMANTS

Except for the enforcement of laws related to the commercial sale of alcohol, marijuana or tobacco products, a juvenile shall not be used as an informant.

It is the policy of this department that juveniles not be used as informants under any circumstances. A juvenile may become a "source of information" as defined above, but under no circumstances are they to be compensated for their information, or function as an undercover police operative.

Berkeley Police Department

Law Enforcement Services Manual

Informants

603.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant. The agreement shall be signed by the officer, the informant and a witness.

603.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Investigations Division Captain, Detective Bureau Lieutenant or their authorized designee(s).
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Berkeley Police Department, and that they shall not represent themselves as such.
- (d) The relationship between department members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Detective Bureau Lieutenant.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Whenever practical, two officers should be present at all contacts with informants.
- (f) In all instances when department funds are paid to informants, a voucher shall be completed, itemizing the expenses.
- (g) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

603.4.1 UNRELIABLE INFORMANTS

The reliability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unreliable will notify the supervisor, who will initiate a review to determine reliability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall document the decision and conditions in file notes and mark the file "unreliable" when appropriate.

Considerations for determining whether an informant is unreliable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.

Berkeley Police Department

Law Enforcement Services Manual

Informants

- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Detective Bureau. The Detective Bureau Lieutenant or his/her designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Investigations Division Captain and the Detective Bureau Lieutenant or their authorized designee(s).

603.5.1 FILE SYSTEM PROCEDURE

A file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

- (a) Name and aliases
- (b) Date of birth
- (c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
- (d) Photograph
- (e) Current home address and telephone numbers
- (f) Current employers, positions, addresses and telephone numbers
- (g) Vehicles owned and registration information
- (h) Places frequented
- (i) Briefs of information provided by the informant and his/her subsequent reliability
 - 1. If an informant is determined to be unreliable, the informant's file is to be marked "unreliable" and notations included detailing the issues that caused this classification.

Berkeley Police Department

Law Enforcement Services Manual

Informants

- (j) Name of the officer initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

603.6 INFORMANT PAYMENTS

The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

603.6.1 PAYMENT PROCESS

Payments to an informant should be in cash using the Detective Bureau's expense funds. A payment voucher shall be filled out and signed by the informant, a detective and a witness for each payment.

Payments exceeding \$500.00 require a signature from the Investigations Division Captain on a separate memorandum form.

Approved payments to an informant should be in cash using the following process:

- (a) The officer delivering the payment shall complete a payment voucher which shall include the following information:
 1. A list of evidence and/or information obtained
 2. The informant's assigned number
 3. Berkeley Police Department case number and/or in-house case number
 4. Payment amount
 5. Date
- (b) The payment voucher shall be signed by the informant.
- (c) The payment voucher shall be kept in the informant's file.

603.6.2 AUDIT OF PAYMENTS

The Professional Standards Division Captain or his/her authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Professional Standards Division Captain or his/her authorized designee should conduct an audit of all informant funds for the purpose of accountability and

security of the funds. The funds and related documents (e.g., vouchers, receipts and logs) will assist with the audit process.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any in-field show-up, live lineup or photographic identification.

In-field show-up - A live presentation of a single or multiple individuals to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals, usually conducted in a formal setting, (i.e. a lineup room at a jail) to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The Berkeley Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.

Eyewitness Identification

- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

The eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures. When it is not feasible to make a recording with both audio and visual representations, an audio recording should be made (Penal Code § 859.7).

604.5 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.5.1 LINEUP ADMONITION

Prior to the lineup, members shall admonish the victim or witness using the appropriate admonition from the [Alameda County Double Blind Sequential Lineup Identification Form](#).

604.5.2 LINEUP PROCEDURES

Members shall conduct the lineup as follows:

- (a) Assemble the suspect photo/suspect and at least five filler photos/persons. If there are multiple suspects, assemble a photo/live lineup with different filler photos/persons for each suspect.
- (b) Numerically assign each photo/person and document the order.
- (c) Confirm that the victim or witness understands the nature of the sequential procedure.
- (d) Present each photo/person to the victim or witness separately in a previously determined and random order.
- (e) Have the victim or witness initial each photo after viewing it (for photo lineup only).

Berkeley Police Department

Law Enforcement Services Manual

Eyewitness Identification

- (f) Remove the photo or person from view before presenting the next photo or person.
- (g) Record all results in writing, including the victim or witnesses own words. This documentation should include positive, tentative and non-identifications.
 - 1. In cases of positive or tentative identifications, ask the victim or witness why the photo or person selected is/may be the suspect. Obtain a qualitative description if the person is not certain of their identification, i.e. similar chin or eyes etc.
- (h) Ask the victim or witness to sign and date the results.
- (i) Document the lineup procedure to include identification information and the source of all photos/persons used; names of all persons present at the lineup; and date and time of the lineup.
- (j) If more than one victim or witness is to view the same lineup, ensure they are physically separated from one another during the lineup process so there is no communication with one another.
- (k) If more than one victim or witness is to view the same lineup, ensure you change the order of photos or persons presented between each viewing. This will prevent any possibility of victims or witnesses telling each other which number was picked. Document this step.
- (l) Instruct victims or witnesses to avoid discussing the details of the incident or the lineup with other victims or witnesses.

Whenever possible, a photo/live lineup should be audio or video recorded.

604.5.3 OTHER SAFEGUARDS

Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that that may validate or invalidate an eyewitness' identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

604.6 IN-FIELD SHOW-UPS

Field identifications, also known as in-field show-ups may be helpful in certain cases.

When determining whether to initiate an in-field show-up, the member should:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.

Berkeley Police Department

Law Enforcement Services Manual

Eyewitness Identification

4. The quality of the lighting when the suspect was observed by the witness.
 5. Whether there were distracting noises or activity during the observation.
 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
 - (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
 - (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
 - (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
 - (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

604.6.1 ADMONITION

Prior to the in-field show up, members shall provide the victim or witness with the following "In Field Show-Up Admonition":

"In a few minutes I am going to show you a person who may or may not be responsible for the crime. The fact that this person is detained or handcuffed should not influence your judgment. The person may or may not be wearing the same clothes at this time. You are not obligated to make an identification. If you see the person involved, let me know, and explain why you have identified this person. Do you understand?"

604.7 DOCUMENTATION

A description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. The original photographic lineup should be booked as evidence.

604.7.1 DOCUMENTATION RELATED TO RECORDINGS

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

604.7.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION

If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

Brady Material Disclosure

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Berkeley Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Berkeley Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor. The supervisor should communicate this new information to the appropriate prosecutor.

605.4 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

- (a) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed by the defense.
- (b) An Internal Affairs Sergeant, as the custodian of confidential employee personnel records, shall accompany all relevant files during any in camera inspection and

Berkeley Police Department

Law Enforcement Services Manual

Brady Material Disclosure

address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

- (c) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released by the judge will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any information pursuant to this process, the Internal Affairs Sergeant should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

605.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

Warrant Service

606.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

606.2 POLICY

It is the policy of the Berkeley Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants. The Sanctity of Life, as described in the Use of Force policy, is a guiding principle.

606.3 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant and submit the documents to a supervisor for review and approval.

No-knock warrants shall not be prepared, authorized, or executed by Berkeley Police Officers.

606.4 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.

Berkeley Police Department

Law Enforcement Services Manual

Warrant Service

- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

606.5 RISK ASSESSMENT

When a search or arrest warrant service is planned for a residence or locations or subjects that present elevated risk, the supervisor will complete the Risk Assessment Worksheet and submit it, along with the Operation Plan, to the Chain of Command for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting or detaining the person outside the residence where circumstances may pose a lower risk.

If the warrant is classified as high risk, the supervisor should contact the Bureau Lieutenant or Division Captain to arrange a consultation with the Special Response Team (SRT) Commander.

606.6 HIGH-RISK WARRANT SERVICE

The SRT Commander, or his/her designee shall review warrants that are categorized as high risk and shall confer with the Operations Division Captain to determine the manner in which the warrant will be served, including the number of officers deployed. Only the Chief of Police, or his/her designee, may authorize the use of SRT.

606.7 WARRANT SERVICE PROCEDURES

The member responsible for directing the service should ensure the following as applicable:

- (a) Prior to making entry into a location, officers shall allow occupants a reasonable amount of time to come to the door given the totality of the circumstances.
- (b) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (c) The warrant service is audio- and video-recorded when practicable and reasonable to do so.
- (d) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the

Berkeley Police Department

Law Enforcement Services Manual

Warrant Service

designated members to the presence of potential evidence and not touch or disturb the items.

- (e) Searches are conducted in a thorough, organized and systematic manner. Focus should be on leaving nothing undiscovered, within the limit and scope sanctioned by the warrant, without causing unnecessary damage to the location or property.
- (f) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (g) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (h) A Search Warrant Receipt is made containing a list of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (i) A copy of the search warrant is left at the location.
- (j) The condition of the property is documented with video recording or photographs after the search.
- (k) Any damage incurred as a result of the search, such as a breached door, is photographed and documented.
- (l) Written information is provided explaining how to submit a claim with the City of Berkeley regarding any damage.

606.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

When it is determined that in an individual detained at the scene of a warrant service is not subject to the scope of the warrant and that no reasonable suspicion or safety concerns exists, the person should be released from the detention.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

606.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

Warrant Service

606.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The Watch Commander will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the Watch Commander. The Watch Commander should review the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The Watch Commander should ensure that members of the Berkeley Police Department are utilized appropriately. Any concerns regarding the requested use of Berkeley Police Department members should be brought to the attention of the Division Captain. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If officers intend to serve a warrant outside Berkeley Police Department jurisdiction, the case officer should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Berkeley Police Department when assisting outside agencies or serving a warrant outside Berkeley Police Department jurisdiction.

606.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

606.12 WARRANT DETAIL

The Warrant Detail shall be responsible for the service coordination of adult arrest warrants.

Planned service of arrest warrants should be prioritized by the type of warrant (original, bench, traffic) and severity of offense (felony, misdemeanor, infraction).

- (a) Notwithstanding standard considerations, service of arrest warrants involving potentially dangerous offenders should be given priority.

606.13 THE AUTOMATED WARRANT SYSTEM (AWS)

Arrest warrants issued by the Alameda County Superior Court and assigned to the Berkeley Police Department shall be processed into AWS by the Support Services Bureau.

Berkeley Police Department

Law Enforcement Services Manual

Jail staff shall be responsible for the update of computer records (i.e., AWS, CLETS) regarding the service of arrest warrants and related custodial status of the subject person who is booked into the Jail.

Jail and Communication Center personnel shall forward all records that relate to the service of arrest warrants to the Warrant Detail.

606.15 DUE DILIGENCE

The Warrant Detail shall have administrative due diligence responsibility regarding the service of adult arrest warrants assigned to, or requested of, this department.

606.17 TRAINING

The Personnel and Training Sergeant should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

607.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

607.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

Case officer - The officer in charge of the operation's intelligence, planning and execution.

607.2 POLICY

It is the policy of the Berkeley Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

607.3 RISK ASSESSMENT

607.3.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).

Berkeley Police Department

Law Enforcement Services Manual

Operations Planning and Deconfliction

- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

607.3.1 RISK ASSESSMENT REVIEW

The case officer will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor.

The supervisor and case officer shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

607.3.3 HIGH-RISK OPERATIONS

If the case officer, after consultation with the involved supervisor, determines that the operation is high risk, he/she should contact the Division Captain to arrange a consultation with the Special Response Team (SRT) commander. Together, they should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - (a) The Special Response Team (SRT)_
 - (b) Additional personnel
 - (c) Outside agency assistance
 - (d) Special equipment
 - (e) Medical personnel
 - (f) Persons trained in negotiation

Operations Planning and Deconfliction

- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
- (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
- (d) Coordinate the actual operation.

607.4 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The case officer should consider entering the subject of investigation and operations information into an applicable deconfliction system to determine if there is reported conflicting activity.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

607.5 OPERATIONS PLAN

The case officer should ensure that a written operations plan is developed for the operation.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
 3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.

Berkeley Police Department

Law Enforcement Services Manual

Operations Planning and Deconfliction

 - (d) Identification of all communications channels and call-signs.
 - (e) Use of force issues.
 - (f) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
 - (g) Plans for detaining people who are not under arrest.
 - (h) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
 - (i) Communications plan

607.5.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

607.6 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed.

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan.
- (c) The case officer shall ensure that all participants are visually identifiable as law enforcement officers.
 1. Exceptions may be made by the case officer for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 1. It is the responsibility of the case officer to ensure that the Communications Center is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 2. If the radio channel needs to be monitored by the Communications Center, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.

Berkeley Police Department

Law Enforcement Services Manual

Operations Planning and Deconfliction

3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

607.7 SRT PARTICIPATION

If the Watch Commander and SRT Commander determine that SRT participation is appropriate and receive approval from the Chief of Police, the case officer and an SRT supervisor shall work together to develop a written plan. The SRT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SRT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

607.8 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.9 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SRT debriefing.

607.10 TRAINING

The Personnel and Training Sergeant should ensure officers and SRT members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

608.6 PRIMARY RESPONSIBILITY

Officers shall respond whenever prompt action is necessary and, if needed, conduct a preliminary investigation, but the Detective Bureau is primarily responsible for the investigation of the following cases:

- (a) Homicide

Under most circumstances, the initial investigation at the scene and the preparation of the crime report shall be solely a Detective Bureau assignment. Once responding officers determine a homicide has occurred (or the victim is likely to expire) and no medical aid is needed for others, the scene should be "FROZEN" and on#call Homicide personnel shall be notified.

- (b) Bank robbery

The initial investigation at the scene and the preparation of the crime report shall be solely a Detective Bureau assignment. However, this shall not relieve the first officer arriving on the scene of the responsibility for obtaining immediately and transmitting to the Communications Center information essential to promptly apprehend the offender. During non-business hours, attempts should be made to contact Robbery Detail personnel at home.

If Robbery Detail personnel are unable to respond, the Operations Division will complete the investigation.

608.7 CASE MANAGEMENT

Copies of investigation reports will be electronically routed to the Detective Bureau and, upon receipt by the detective sergeants, shall be distributed to the appropriately for follow-up and disposition.

- (a) Cases involving serious crimes against persons should be assigned for follow#up contact and investigation.
- (b) Cases involving crimes against property that have no evident productive leads (usually assigned a "suspend" status by the Operations Division) will remain in the "suspended status" following review and will be filed.
- (c) Cases involving crimes against property that have potentially productive leads should be assigned for investigation.
- (d) Cases received in which deficiencies are noted shall be returned for correction to the sergeant(s) having supervisory responsibility over the officer.

608.8 OUTSIDE AGENCIES

Requests from outside agencies for the investigations of local residents in connection with a felony shall be assigned to the Detail who would be assigned to such an offense if committed in Berkeley

Stolen Vehicle Investigations

609.1 PURPOSE AND SCOPE

The purpose of this policy is to explain procedures for completing stolen vehicle investigations.

609.2 POLICY

This department is governed in the acceptance and investigation of stolen vehicle reports by Sections 10500, 10851 and 10855 of the California Vehicle Code and the applicable section of 487 of the California Penal Code.

609.3 VEHICLE DEFINITION

As defined by Section 670 of the California Vehicle Code, a "vehicle" is a device by which any person or property may be propelled, moved, or drawn upon a highway, excepting a device moved exclusively by human power or used exclusively upon stationary rails or tracks.

609.4 INITIAL PROCEDURES - COMMUNICATION CENTER

Communications Center personnel shall ensure that all information necessary to the investigation of stolen vehicle reports is appropriately entered into the Computer Aided Dispatching (CAD) database. Communications Center personnel shall check the tow log within the time period that the alleged offense occurred, to ensure that a recently towed vehicle does not become reported as stolen.

609.5 REPORTING PARTIES AND VICTIMS

The victim of the auto theft is always the registered owner. However, another person may be a secondary victim of theft if they were borrowing the car and left their own personal property in the car when it was stolen.

For example: A car is owned by "X" and is then borrowed by "Y". "Y" parks the car, leaves her purse behind, and the vehicle containing the purse is stolen. The victim of the auto theft is "X" and the victim of the property theft is "Y". In this circumstance, the officer should add "Y's" contact information in the notes section of the Stolen Vehicle System (SVS) entry, so when the vehicle is recovered, "Y" can be contacted to come get her purse (if it's still there).

609.6 CONTACTING THE VICTIM AND/OR REPORTING PARTY

609.6.1 CONFIRM IDENTIFICATION

In order to confirm the identity of the reporting party and/or victim, the handling officer shall take stolen vehicle reports in-person. Any exceptions to an in-person report must be approved by the officer's supervisor and the reason(s) why the report was not taken in-person shall be documented in the report.

Berkeley Police Department

Law Enforcement Services Manual

Stolen Vehicle Investigations

- (a) The assigned officer shall take steps to verify the identification of the reporting party, such as requesting driver's license information, especially in cases taken by telephone and/or reported by an individual other than the registered owner.

609.6.2 STATEMENTS

A written or BWC recorded statement is required when:

- (a) Any aspect of the investigation is suspicious;
- (b) If someone else is reporting the crime on behalf of the victim;
- (c) An employee is reporting the crime on behalf of a business; and/or
- (d) There is a known suspect or suspect seen.

609.6.3 CONTACT INFORMATION AND THE OWNER'S AGENT

Officers shall obtain and document as much contact information as possible from the victim and/or reporting party, including cell, home and work phone numbers and an email address. The Department's goal is to provide the victim a reasonable opportunity to recover their vehicle prior to it being towed.

Officers should also ascertain if the victim would like to pre-designate an "owner's agent" to pick up their car upon recovery if they are unavailable at the time of recovery and prior to the car being towed.

Officers should advise the victim that in order for their agent to obtain a Vehicle Release Authorization from BPD, they must have the following:

- (a) A valid driver's license or valid temporary driver's license,
- (b) A signed letter from the owner authorizing the release of the vehicle to the agent and
- (c) A clear photocopy of the owner's license wherein the owner's signature matches the signed letter.

If the victim decides to designate an agent, the officer shall document the agent's contact information in the police report and in the "miscellaneous" field of the SVS entry form.

609.6.4 EXPLAINING THE VEHICLE RECOVERY PROCESS

The officer should explain what will happen in the event the car is found in the City of Berkeley. This explanation should include:

- (a) The owner or the owner's agent will be contacted by Communications Center staff by telephone at the time the vehicle is located. They will have a short time frame in which they can retrieve their vehicle from the officer at the scene of the recovery.
- (b) If the owner or the owner's agent do not respond to the scene of the recovery immediately, the car will be towed and stored for safekeeping. The owner or owner's agent will be responsible for all fees incurred by the car being towed and/or stored.
- (c) If the owner's vehicle is towed and stored, a Vehicle Release Authorization will need to be obtained from the Department prior to going to the storage facility holding their vehicle. All outstanding fees and fines owed to the City of Berkeley must be paid prior

Berkeley Police Department

Law Enforcement Services Manual

Stolen Vehicle Investigations

to the issuance of a Vehicle Release Authorization. The City of Berkeley will waive Vehicle Release Authorization fees for stolen vehicles.

609.6.5 ENTERING THE VEHICLE INTO SVS

The assigned officer shall, without delay, notify the Communications Center of the stolen vehicle and provide all information necessary for the completion of the Stolen Vehicle System (SVS) entry form as soon as he/she is reasonably certain that the vehicle has been stolen.

Prior to submitting the report, the handling officer shall confirm that necessary SVS entries, cancellations, or clearances have been made. This shall include a verification of all information, including classification and accuracy of the license and VIN numbers. This should be documented in the report, i.e., "I later ran an SVS check and confirmed that the vehicle's information was entered by Telecom".

In addition to normal "Caution Codes" which may be used for SVS entries (e.g., "Hold for Prints," "Armed and Dangerous") there are forty-two character spaces available in the "Miscellaneous" entry field. Additional information is extremely useful and should be included whenever possible.

609.6.6 MISPLACED AUTOS

If a local stolen auto is determined to have been misplaced and not stolen after having been entered in SVS, it shall be the responsibility of the recovering officer to notify the Communications Center of the vehicle's "misplaced" status. Upon such notification, Communications Center personnel shall cancel, rather than clear, the vehicle from SVS. If the initial report does not explain the change of status from "stolen" to "misplaced," the officer shall prepare a supplemental report which explains the change.

609.6.7 ATTEMPTED THEFT ONLY OR RECOVERY PRIOR TO SVS ENTRY

If a stolen vehicle is recovered prior to being entered in SVS, the assigned officer shall inform the Communications Center. Upon notification, Communications Center personnel shall enter the vehicle in SVS and immediately clear the entry so as to comply with the requirement that all stolen vehicles be reported to the Department of Justice for statistical purposes.

- (a) If the vehicle is discovered to be "towed/stored" by another agency at the time the SVS entry is attempted, the assigned officer shall contact the agency, determine the circumstances leading to the recovery, and include that information in the initial report.
- (b) Attempted vehicle thefts shall also be entered into SVS and immediately removed, in accordance with Department of Justice reporting requirements.

609.6.8 COMMUNICATIONS CENTER RESPONSIBILITY

Upon receipt of the stolen vehicle information, the Communications Center operator shall:

- (a) Check the vehicle in SVS and, if no entry is found:
- (b) Complete a vehicle or license entry/recovery form.

Berkeley Police Department

Law Enforcement Services Manual

Stolen Vehicle Investigations

- (c) Enter the vehicle in SVS and, if requested add the owner's agent information in the miscellaneous field with the prefix "OA" (owner's agent) prior to inserting their contact information.
- (d) Route copies of the SVS printout to the following:
 - 1. Records Management for filing with the original case;
 - 2. The Auto Theft Detail;
 - 3. The Communications Center supervisor(s) shall review the SVS entry forms for accuracy and ensure that any errors are corrected.

609.7 LOCAL RECOVERY OF LOCALLY STOLEN VEHICLES

- (a) Police Personnel:
 - 1. It shall be the responsibility of the officer handling the recovery to request confirmation of the stolen status before taking any action and to ensure that the vehicle is properly cleared from SVS. The officer handling the recovery shall arrange for a latent fingerprint examination of the vehicle.
 - 2. The officer handling the recovery of the stolen vehicle shall notify the Communications Center of the condition of the vehicle, number of suspects in custody (if any), whether license plates are missing, and the location of the recovery.
- (b) Communications Center personnel:
 - 1. It shall be the responsibility of Communication Center personnel to immediately notify the owner of the recovery of their vehicle. In the event Communications Center staff are unable to reach the victim prior to the recovered vehicle being towed, they shall also attempt to contact the designated owner's agent if one is listed in the "miscellaneous" section of the SVS entry.
 - 2. Notification to the owner shall include
 - i. The condition of the vehicle (if known)
 - ii. The process for obtaining a Vehicle Release Authorization form, and
 - iii. The fact that towing and storage fees are the responsibility of the registered owner.
 - 3. In all cases, the method of notification and the name of the individual to whom notification was given shall be written on the "Hard Copy." If no answer is received or no message is left, attempts to contact the owner shall be continued during the shift, and, if necessary, forwarded to oncoming shifts to continue the effort to contact the owner.
 - 4. In the event Communications Center personnel are unable to reach the owner of a recovered vehicle to make the necessary notification, an officer shall be assigned to make attempt contact with the owner or leave a note at their address if they reside in the City of Berkeley.

Berkeley Police Department

Law Enforcement Services Manual

5. Communications Center personnel shall clear the vehicle in SVS, remove the related local Stolen Auto form from the "HOT BOX," stamp the form as "CLEARED," initial the form and route it to the Auto Theft Detail with a copy of the SVS printout. Owner notification information shall be noted at the bottom of the form.
6. An additional copy of the SVS printout shall be routed to Records Management for attachment to the original case.

609.8 LOCAL RECOVERY OF OUTSIDE STOLEN VEHICLES

(b) Communications Center Personell:

 - iii. One copy to the officer handling the recovery.
 - iv. One copy to the Communications Center supervisor(s) for review to ensure that the vehicle has been cleared and the victim has been notified.

609.9 OUTSIDE RECOVERY OF LOCALLY STOLEN VEHICLE

Upon receipt of a teletype from another agency advising of that agency's recovery of a vehicle stolen in Berkeley, the Communications Center shall:

- (a) Ascertain that the vehicle has been properly cleared in SVS. If this has not been done, the same procedures outlined for the recovery of local stolen vehicles shall be followed.
- (b) Remove the local stolen auto form from the "HOT BOX" and make all cancellations and notifications called for in the form.
 - 1. Route the original copy to the Auto Theft Detail for attachment to the original report.
 - 2. Route the duplicate copy to Records Management.
 - 3. Route the triplicate copy to the assigned officer.
 - 4. Route the fourth copy to the designated Communications Center supervisor(s) for final review.
- (c) Notify the owner.

Vehicles stolen locally and recovered in other jurisdictions, are generally not examined for latent fingerprints by the recovering agency.

609.10 VICTIM RECOVERY OF STOLEN VEHICLE

609.10.1 STOLEN FROM BERKELEY

When a victim has recovered their locally stolen vehicle in an outside jurisdiction and has returned the vehicle to Berkeley without making a recovery report to the agency with jurisdiction for the recovery location, an officer shall be assigned to handle the recovery report.

- (a) The recovery investigation and SVS clearance shall be handled as a recovery of a local stolen vehicle.
- (b) The narrative shall contain information supplied by the victim regarding the time, location, circumstances of the recovery and vehicle condition.

The victim shall be requested to make the recovered vehicle available to the handling officer because he/she must verify the vehicle is the one reported stolen prior to completing the recovery. Such reports may not be taken over the phone.

609.10.2 STOLEN OUTSIDE OF BERKELEY

When a victim has recovered their stolen vehicle which was previously reported as stolen to an outside agency, and returns the vehicle to Berkeley without making a recovery report to the agency with jurisdiction for the recovery location, an officer shall be assigned to handle the recovery report.

- (a) The recovery investigation and SVS clearance shall be handled as a local recovery of an outside stolen vehicle.

Berkeley Police Department

Law Enforcement Services Manual

Stolen Vehicle Investigations

- (b) The narrative shall contain information supplied by the victim regarding the time, location, circumstances of the recovery and vehicle condition.
- (c) If requested, a copy of the report shall be forwarded to the agency with jurisdiction for the recovery location by the Auto Theft Detail.

609.11 RECOVERED VEHICLES - GENERALLY

When a stolen vehicle is found, the investigating officer shall request the SVS entry be confirmed and complete the Auto Theft form. The report shall provide details of the following aspects of the investigation:

- (a) A detailed description of the method of starting/operating the vehicle ("hot-wire," ignition punch, etc.).
- (b) A detailed description of damage, stripping of parts, or other vehicle conditions.
- (c) The vehicle shall be searched for items of evidentiary value, and any evidence seized handled and held in the manner set forth in Property and Evidence policy.

609.12 EMBEZZLED VEHICLES

Section 10855 of the Vehicle Code governs those situations "whenever any person who has leased or rented a vehicle wilfully and intentionally fails to return the vehicle to its owner within five days after the lease or rental agreement has expired, that person shall be presumed to have embezzled the vehicle."

The assigned officer, prior to taking a report of an embezzled auto, shall confirm the victim vehicle was leased or rented, not merely "loaned." They shall also confirm that the victim or victim business has taken the following steps:

- (a) Checked with the renter by phone to see why the vehicle has not been returned.
- (b) Checked the lot and other company lots for the overdue vehicle.
- (c) Sent a registered or certified letter to the residence of the renter demanding the return of the vehicle following the expiration of the lease or rental agreement.
 - 1. The assigned officers shall obtain copies of the registered/certified letter.

609.13 VEHICLES RENTED FRAUDULENTLY

Whenever it has been determined that a person has rented a vehicle fraudulently (i.e., via stolen credit card), the vehicle may be reported stolen immediately because in such circumstances the five day waiting period does not apply. The vehicle should be entered into SVS as "STOLEN."

Berkeley Police Department

Law Enforcement Services Manual

Stolen Vehicle Investigations

- (a) "Embezzled Vehicle" shall be entered into the "MIS" section of the form by designated Communications Center personnel and the Auto Theft Detail shall be notified.
- (b) Provisions of this section do not apply to vehicles loaned between private parties that are not returned because these vehicles are not rented or leased.

As part of a completed preliminary investigation, the assigned officer shall be responsible to ensure copies of the rental agreement/contract, registered/certified letter and service card, along with any other pertinent documentation and information, are routed to Records Management for attachment to the case report.

609.14 SUSPICIOUS CIRCUMSTANCES / NON-RETURN OF "LOANED" VEHICLE

There has been a significant increase in the number of cases made to law enforcement agencies involving citizens attempting to report as "stolen" vehicles they have voluntarily released or "loaned" to another when that individual fails to return it by a specified date or time. Such "loaned" vehicles include those "rented" between individuals, oftentimes for money or drugs.

According to the Alameda County District Attorney's Office, incidents involving vehicles which are voluntarily released or "loaned" to another generally do not fall within the provisions of Section 10851 VC since this statute defines a mandatory element of this offense to be the actual taking without the consent of the owner.

These cases are often difficult to classify. Depending upon the circumstances, they could fall within the provisions of a variety of criminal and/or civil statutes.

In addition to basic stolen vehicle investigatory steps, the assigned officer shall

- (a) Obtain identifying information and/or a description of the person to whom the vehicle was loaned.
- (b) Determine the date, time and location where the "loan" or "release" of vehicle took place.
- (c) Determine if there was a specific time limit agreed upon for the "loan".
- (d) Define the relationship between victim and suspect (i.e., relative, acquaintance, stranger)

609.14.1 CLASSIFICATION AND ENTRY INTO SVS

The assigned officer shall classify the investigation as a "suspicious circumstance" and forward the case to the Auto Theft Detail for follow up.

- (a) An SVS entry shall not be made until a minimum of 14 calendar days has expired from the specific date the vehicle was due to be returned and the District Attorney has reviewed the case.
 - 1. The District Attorney, in reviewing the case, will determine the appropriate criminal classification, if any, warranted by the totality of the circumstances. This information will be documented on the investigative report closing or suspending the case. In those cases where the District Attorney's Office does not believe the matter to be criminal, no SVS entry shall be made.

The Auto Theft Detail shall maintain records of auto thefts and embezzled vehicles as required by the Department of Justice Information System (CJIS) Manual.

Conduct of Licensed Alcohol Establishments

610.1 PURPOSE AND SCOPE

The purpose of this policy is to establish the policy and procedure covering the conduct of leased liquor establishments.

610.2 POLICY

It shall be the policy of the Department to monitor the issuance of liquor licenses and forward investigative reports of violations and/or incidents which occur in alcohol licensed establishments to the Department of Alcoholic Beverage Control (ABC) for follow up.

610.3 DEFINITIONS

For the purpose of this policy, an underage minor refers to an individual who is under the age of 21. An alcohol-licensed establishment is any business that is authorized by ABC to sell alcoholic beverages. ABC has the exclusive power, in accordance with laws enacted, to license and regulate the manufacture, importation and sale of alcoholic beverages in this state. It also has the power for good cause to deny, suspend or revoke any specific alcoholic beverage license.

610.4 PROCEDURES

Records Management will be responsible for routing copies of all reports involving liquor license violations to ABC.

Officers shall complete a written report concerning any of the following situations involving an alcohol-licensed establishment:

- (a) His/her witnessing the sale or service of an alcoholic beverage to any obviously intoxicated person.
- (b) His/her witnessing, or the obtaining of information through investigation, observations regarding the sale or service of an alcoholic beverage to a person under the age of 21.
- (c) The arrest of any person for any crime inside or adjacent to the establishment.
- (d) The knowledge of a legally actionable or undesirable circumstance or condition inside or adjacent to the establishment provided there is a nexus between the circumstance and the establishment.

If the incident involved (a) or (b) above, the officer shall take the following action:

- 1. Seize the alcoholic beverage sold or served and, if it can be identified, seize the container from which it was poured.
- 2. Identify the person who furnished the alcoholic beverage. If the incident was witnessed by the officer, a citation should be issued to this individual for violations of the applicable Business and Professions Code (B&P).
- 3. In the case of the service or sale of an alcoholic beverage to someone under the age of 21, identify the individual who was furnished the alcoholic beverage. Where

Berkeley Police Department

Law Enforcement Services Manual

Conduct of Licensed Alcohol Establishments

appropriate, a citation should be issued to the underage minor for possession of an alcoholic beverage (B&P §25662) or consumption of that beverage (B&P § 25658(b)).

4. During an ABC operation, in order to ensure that the case can be successfully prosecuted, the officer will take the underage minor back to the location where he or she purchased the alcoholic beverage for a visual confrontation between the seller and the underage minor to show the seller the person to whom he or she sold the alcoholic beverage. The officer should photograph the underage minor, the employee who furnished the alcohol, and the alcoholic beverage together and forward it to ABC with the police report.
5. In the situation where the owner of an alcohol licensed establishment claims that the individual under 21 years of age utilized false identification, the officer should make the appropriate search of the individual to ascertain if the underage minor is in possession of false identification. If this identification is located, it should be seized and booked into evidence under the case. If the identification is fraudulent, a citation should be issued to the individual for a violation B&P §25661.

If a case number has been assigned as a direct result of an incident, the report should be prepared under the same case number. If no case number has been assigned, a case shall be originated covering all relevant circumstances.

Records Management shall forward all police reports involving an alcohol-licensed establishment to ABC's Oakland office. The reports should also be forwarded to the City of Berkeley Code Investigations Unit, Planning Department and the Office of Economic Development.

The question of subsequent action, if any, to be taken against the alcohol licensee or his or her employee, should be resolved through contact by a member of the Community Services Bureau with the appropriate licensing agencies and the local office of the District Attorney.

610.5 RETAIL LIQUOR LICENSES

The Zoning Adjustments Board (ZAB) will handle all requests for retail alcohol licenses except for one-day liquor licenses. Upon receipt of an application for a liquor license, the ZAB will notify the Chief of Police for appropriate comments. The Community Services Bureau will coordinate the processing of the application and investigation to determine if there are concerns that the Police Department should address.

CSB personnel will notify the respective supervisors of the Operations Division for input on the proposed new alcohol establishment. CSB will prepare a response for the Chief's signature to be submitted for review by the Zoning Adjustment Board.

610.6 ONE-DAY LIQUOR LICENSES

610.6.1 INITIAL RECEIPT

Upon receipt of a request for a one-day liquor license, the Detective Bureau Lieutenant or designee receiving it will explain to the applicant that:

When the applicant comes in for the letter, Records Management Front Counter personnel will provide the letter to the applicant and collect the administrative fee in accordance with this procedure. A copy of the receipt will be forwarded to the Detective Bureau Lieutenant.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY

The Berkeley Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any department-issued PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department/Office and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

701.3.1 CALIFORNIA ELECTRONIC COMMUNICATIONS PRIVACY ACT (CALECPA)

No member is authorized to be the sole possessor of a department-issued PCD. Department-issued PCDs can be retrieved, reassigned, accessed or used by any member as directed by a supervisor without notice. Member use of a department-issued PCD and use of a personal PCD at work or for work-related business constitutes specific consent for access for department purposes. Prior to conducting an administrative search of a PCD, supervisors should consult legal counsel to ensure access is consistent with CalECPA (Penal Code § 1546; Penal Code § 1546.1).

Berkeley Police Department

Personal Communication Devices

701.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD. Department-issued or funded PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and may be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (e) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Berkeley Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisor, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing memorandum of understanding or collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should

not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.

- (b) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (c) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, department-issued PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a department-issued PCD.
 - 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
 - 2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Members who are operating department vehicles that are not authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. In an emergency, a wireless phone may be used to place an emergency call to the Department or other emergency services agency (Vehicle Code § 23123; Vehicle Code § 23123.5). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

701.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted.

Vehicle Use

Fire and ambulance personnel should be ready to accept injured persons at the end point of the rescue.

706.5 EMERGENCY AND NON-EMERGENCY REQUESTS OF THE RESPONSE VEHICLE BY OUTSIDE AGENCIES

In the event of an emergency request for the Emergency Response Vehicle, the Watch Commander, or in his/her absence, a patrol sergeant, may approve the request for the Emergency Response Vehicle to assist outside agencies for emergency purposes. If time allows, at least two on-duty Special Response Team officers shall deploy with the Emergency Response Vehicle to assist outside agency requests but one is acceptable. This may include additional officers who have received training in advanced first aid. The request for BPD response with the Emergency Response Vehicle by outside agencies, for purposes other than emergencies, shall be authorized by the Special Response Team Commander or Operations Division Captain.

The Emergency Response Vehicle will be deployed in accordance with Berkeley Police Department policies. All Berkeley Police Department personnel will follow Berkeley Police Department policies when assisting outside agencies. The Emergency Response Vehicle will remain in the possession and control of Berkeley Police Department personnel and will not be loaned to other agencies.

706.6 EMERGENCY RESPONSE VEHICLE STORAGE

The Emergency Response Vehicle will be stored primarily at the Berkeley Police Department.

706.7 EMERGENCY RESPONSE VEHICLE MAINTENANCE

Maintenance of the Emergency Response Vehicle is the responsibility of the Department Fleet Manager. The Fleet Manager should coordinate with the Logistics Team Leader when scheduling vehicle maintenance or repairs.

Officers from the Special Response Team will routinely check the Emergency Response Vehicle and its equipment, including but not limited to, ensuring the battery is charged, the trickle charger is attached, the engine will turn over, and that the vehicle is in general working order. When reasonable, the vehicle should be fueled after each use. The City of Berkeley Corporation Yard will perform repairs on the vehicle and keep a preventative maintenance schedule.

Long Range Acoustical Device (LRAD)

707.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines and procedures related to the proper use and deployment of a Long Range Acoustical Device (LRAD).

707.2 POLICY

It is the policy of the Berkeley Police Department that a Long Range Acoustical Device (LRAD) be used with live or recorded voice messages to communicate with the community during natural disasters, crowd management and control situations, or when other forms of communication are ineffective or inoperable to unequivocally communicate messages from Police, Fire or other City Departments and safely resolve uncertain situations where communicating with the public is paramount. LRAD 100X and 450XL are not designed to be used as a weapon. Members of the Berkeley Police Department shall not use either LRAD system as a weapon.

707.3 DEFINITIONS

The Berkeley Police Department has two LRAD systems:

- (a) The LRAD 100X system, which is a portable device and can be carried by one person, and
- (b) The LRAD 450XL system, which is a portable device and can be mounted to a vehicle.

LRAD systems have the capability to provide highly effective long range communication. The systems broadcast clear messages or voice commands. The systems can help to de-escalate situations and safely modify dangerous and criminal behavior through clear, unambiguous direction and communication.

LRAD systems are able to broadcast instructions and messages with greater clarity and distance than traditional loudspeakers or public address systems. The systems can effectively broadcast messages through wind, crowd, engine and background noise. LRAD broadcasts can be clearly heard by people inside vehicles and buildings. The LRAD's clear communication leads to a safer environment during critical incidents and enhances the safety of the community, criminal subjects, and public safety personnel.

707.4 USE OF THE LRAD

Law enforcement agencies may use the LRAD to:

1. Communicate lifesaving information to residents during disasters
2. Communicate to large crowds during parades, festivals, concerts and sporting events
3. Establish safety zones and humanely enforce perimeters
4. Control traffic congestion
5. Conduct Special Response Team operations

Berkeley Police Department

Law Enforcement Services Manual

6. Broadcast a dispersal order
7. Communicate during hostage and barricaded subject situations
8. Serve high risk search warrants
9. Communicate to protesters
10. Communicate to persons threatening suicide who are in an inaccessible location
11. Conduct search and rescue operations

707.5 APPROVAL

An LRAD may only be deployed with the approval of the Watch Commander or Incident Commander. However, if a rapidly evolving situation places the public or law enforcement in danger or where serious property damage is probable, trained personnel are permitted to deploy the LRAD prior to approval. The scene supervisor shall ensure that the Watch Commander or Incident Commander is notified as soon as practical.

707.6 MAINTENANCE

The Logistics Element of the Special Response Team will store and maintain the LRAD systems.

707.7 TRAINING

LRAD systems may only be deployed by personnel who have been properly trained in its use and procedures. The Personnel and Training Bureau shall ensure a list of officers trained to deploy the LRAD is maintained.

Robot Cameras

708.1 PURPOSE AND SCOPE

Robot Cameras may be deployed during tactical operations to locate, identify, and potentially mitigate risks to responding personnel and civilians. Robot Cameras may be deployed to help law enforcement and other first responders view potentially dangerous environments before entering them. Robot Cameras provide a live stream images, which may include valuable safety and identification information about individuals or groups in the vicinity of the camera.

708.2 AUTHORIZED AND PROHIBITED USES

The Berkeley Police Department maintains a Robot Camera, the use of which is subject to the discretion of the Incident Commander and/or the Special Response Team (SRT) tactical commander. Robot Cameras are authorized to be used for the following law enforcement purposes:

- (a) Assisting with dynamic entry/ high-risk entry operations;
- (b) Assessing and clearing low visibility areas during a tactical operation;
- (c) Assisting with hostage rescue operations;
- (d) Assisting with search-and-rescue operations;
- (e) Assisting with other law-enforcement and first-responder uses not prohibited by law.

Robot Cameras shall not be used for personal, non-law-enforcement purposes.

The Berkeley Police Department Bomb Squad (Hazardous Device Technicians) owns and maintains a Robot with three cameras affixed to the unit, which only provides live video images. This robot does not record or store data. This robot may be used in hazardous and potentially life-threatening environments. This robot shall not be used for personal, non-law-enforcement purposes.

708.3 DATA COLLECTION

Robot-cameras capture images and audio. The data is not recorded or stored.

708.4 DATA ACCESS

The video images are live streamed only and are not recorded. Access to live streamed video shall be limited to officers involved in the particular tactical operation, members of the Berkeley Police Department Special Response Team and BPD Command Staff members. See also section 8 regarding Third-Party Data-Sharing.

Robot Cameras

708.5 DATA PROTECTION

The footage is live streamed only and is secured via encryption when traveling from the device to the reader. No data is stored.

708.6 DATA RETENTION

The equipment does not record, and therefore data shall not be retained.

708.7 PUBLIC ACCESS

The public does not have access to the live video stream provided by robot cameras during tactical operations.

708.8 THIRD-PARTY DATA-SHARING

Video images are live streamed and not recorded. 709.4.1 BERKELEY POLICE DEPARTMENT'S INVENTORY

Rifles and Associated Ammunitions

Rifle:

M4 Rifle (Description, purpose/authorized use, fiscal impact, legal and procedural, and training)

Description (type of equipment, quantity, capabilities, lifespan, and product description from manufacture)

Type: Colt M-4 patterned rifle, which fires the .223 Remington cartridge

Quantity: The Berkeley Department currently owns and maintains 96 rifles

Capabilities: The M4 pattern rifle is used only in situations when a potential life-threatening situation exists. While a pistol is the common firearm used by police in these dangerous situations, the M4 patterned rifle has numerous advantages over it. The ability to shoulder the rifle, coupled with the rifle's lengthened barrel and ammunition, result in higher accuracy and lessens the chance of officers missing the intended target. Additionally, due to the design of the rifle's bullet, the round is less likely to over penetrate commercial and residential walls should the officer miss the intended target. The rifle is also easier to use compared to a pistol because of the bullet's low recoil. Finally, as the rifle can be adjusted and customized, it can be configured to accommodate officers of any stature (hand size, strength, etc.).

Lifespan: Due to the rifle's ability to be maintained by department armorers, these rifles have a relatively long-life span if properly maintained. However, the design has changed little in the last 60 years and we can expect new variations and designs to become the new industry standard in the coming years.

Manufacturer's Description: This specially designed law enforcement weapon system features many of the combat proven advantages of the military Colt M4. With the 4-position buttstock fully retracted, the Colt Law Enforcement Carbine is less than 32inch length and weighs only 6.9 lb - ideal for tactical deployment and traditional patrol.

PURPOSE and AUTHORIZED USE:

Purpose: The M4 patterned rifle and associated ammunition is intended as a means to safely stop a lethal threat. While a pistol is the firearm that all officers are minimally equipped with, the rifle is an ancillary firearm for situations where increased distance and accuracy are needed to safely resolve the situation.

Authorized Uses: Used in the defense of life or great bodily injury to potential victims of violent crimes, general public, and officers. An officer considering the use of this firearm in a non-preplanned incident should consider the factors set forth in the Risk Assessment section of Policy 607, Operations, Planning, and Deconfliction.

FISCAL IMPACT:

Initial Cost: Exact costs unknown. Rifle prices, like other firearms, will range depending on current market demand and availability. While M4 rifles purchased several years ago cost between \$1,000 and \$1,200 a piece, current rifles cost between \$1,400 and \$1,600. It should be expected that these prices will fluctuate and likely increase over time.

Annual cost: Cost of use for all firearms should be based on the ammunition used in training and on duty. This will fluctuate based on whether the rifle is issued to a patrol officer, a firearms instructor, or a Special Response Team member as each assignment has different training requirements.

Training costs: Every officer that is authorized to carry a rifle on duty must attend a 16-hour CA POST approved rifle instruction course before being authorized to carry the rifle on duty. This course may be administered by Berkeley Police Firearm Instructors or by other POST approved agencies. Tuition for the CA POST approved class is dependent on the hosting agency. If conducted in house the cost only includes the officer's hourly wage, range fee, and ammunition costs (all vary). Outside agencies charge between \$25 to \$500 depending on the range location and duration (some classes are 32-hours while POST only requires 16-hours.) Additionally, all officers issued a rifle receive specific 8-hour rifle training every two years by POST certified BPD firearm instructors.

Maintenance costs: Vary depending on use over time. Traditionally, various springs and pins need to be replaced every five years and may cost between \$3 and \$30 per rifle. Other parts such as the barrel and bolt need replaced around ten years and range between \$150 and \$300 per rifle.

LEGAL AND PROCEDURAL RULES:

Authorized use must comply with state, federal laws, and Policy 300 Use of Force, and Policy 349 Tactical Rifle Operator Program. The use of this equipment shall comply with the authorizations and prohibitions set forth in Policy 300 – Use of Force. It is the policy of the BPD to utilize rifles only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force including the provisions of Penal Code Section 13652.

TRAINING:

Prior to using a rifle, officers must be certified by POST instructors in the operation of the rifle. Additionally, all members that operate any rifle are required to pass a range qualification.

Remington 700 Rifle (Description, purpose/authorized use, fiscal impact, legal and procedural, and training)

Type: Remington 700 rifle, which fires the .308 caliber ammunition.

Quantity: The Berkeley Department currently owns and maintains 6 rifles

Berkeley Police Department

Law Enforcement Services Manual

Military Equipment

Capabilities: The Remington 700 rifle, with the appropriate ammunition, training, and practice, is capable of consistent and highly accurate shooting out to a distance of approximately 500-yards.

The Remington 700 is intended to be used in emergency situations where there is a high potential for violence, where the need exists to put distance between officers and a specific individual, such as an armed hostage situation.

Lifespan: The Remington 700 bolt-action rifles have an expected life span of 10-years if properly maintained.

Manufacturer's Description: The Model 700 SPS Tactical is a highly maneuverable member of the family. It's built for tack-driving accuracy with a 20" heavy-contour tactical-style barrel and dual-point pillar bedding in its black synthetic stock. Hogue® overmoldings on the stock facilitate sure handling, and it has a semi-beavertail fore-end for added stability off a rest.

PURPOSE and AUTHORIZED USE:

Purpose: This rifle is to be used in the defense of life or great bodily injury to potential victims of violent crimes, general public, and officers. This rifle provides police with the benefit of adding distance to a volatile situation which can increase the safety for community members and officers. This rifle is an ancillary firearm for situations where increased distance and accuracy is needed to safely resolve the situation.

Authorized Uses: Used in the defense of life or great bodily injury to potential victims of violent crimes, general public, and officers. An officer considering the use of this firearm in a non-preplanned incident should consider the factors set forth in the Risk Assessment section of Policy 607, Operations, Planning, and Deconfliction.

FISCAL IMPACT:

Initial Cost: The initial cost to purchase this rifle with its associated components is approximately \$10,000 dollars each. Their average life span is 10-years at which time it will likely need to be replaced.

Annual cost: If this rifle is not cared for or maintained well, then a potential financial adverse impact would be the premature purchasing of a replacement rifle or replacement parts. However, authorized and trained Berkeley Police armorers service and provide regular maintenance of the rifles. The cost of maintenance is staff time.

Training costs: The cost associated with training is the staff time, range fees, and cost of spent ammunition. SRT members train once a month and, on average, each member shoots approximately 50-rounds. Currently, there are only 4 members shooting at each training day. This equates to approximately 2,400 rounds of ammunition being fired per year. This does not include special training days or attendance to training schools/classes. A single box of 20-rounds costs approximately \$20-dollars or \$1 dollar per round.

Maintenance costs: Maintenance costs vary depending on use over time. Firing pins need to be replaced every 5 to 7 years. The maintenance cost associated with this rifle is minimal.

Berkeley Police Department

Law Enforcement Services Manual

Military Equipment

There are no costs associated with maintenance or storage of ammunition. All ammunition is stored in a climate-controlled room in the Berkeley Police Department.

LEGAL AND PROCEDURAL RULES:

Authorized use must comply with state, federal laws, and Policy 300 Use of Force. The use of this equipment shall comply with the authorizations and prohibitions set forth in Policy 300 – Use of Force, Policy 354-Precision Rifle. It is the policy of the BPD to utilize rifles only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force including the provisions of Penal Code Section 13652.

TRAINING:

Prior to using a rifle, officers must be certified by POST instructors in the operation of the rifle. Additionally, all members that operate any rifle are required to pass a range qualification.

Barret Model 99 Rifle (Description, purpose/authorized use, fiscal impact, legal and procedural, and training)

Description (type of equipment, quantity, capabilities, lifespan, and product description from manufacture)

Type: The Barrett Model 99 rifle is a single shot bolt-action 50-caliber rifle

Quantity: The Berkeley Department currently owns and maintains 1 rifle.

Capabilities: This rifle is used only in situations where a potential life-threatening situation exists. The length of the rifle's barrel coupled with the ammunition result in precision accuracy. This rifle is capable of disabling any vehicle engine block because of the large caliber round.

Lifespan: This rifle has been in our possession for almost 15-years and we expect it to last for an additional 20 years or more considering how in-frequently it's used.

Manufacturer's Description: The Model 99 brings new levels of long-range precision shooting. Known as much for its dependability as its versatility, the Model 99 has unfailing accuracy you can rely on.

PURPOSE and AUTHORIZED USE:

Purpose: The Barrett rifle is a firearm that may be used to stop a vehicle which poses a lethal threat to the public, or to disable a vehicle which presents a threat to the safety of another person(s) by its continued use. There are vehicle disabling tools that may disable vehicles by slowly deflating the tires; however, even with tires deflated a vehicle has the ability to operate and remain a threat to the public. Furthermore, these tools must be hand deployed and, in most circumstances, require officers to expose themselves to deadly threats. The Barrett rifle creates the ability to effectively disable vehicles instantaneously from a distance away.

Authorized Uses: Used in the defense of life or great bodily injury to potential victims of violent crimes, general public, and officers. An officer considering the use of this firearm in a non-

preplanned incident should consider the factors set forth in the Risk Assessment section of Policy 607, Operations, Planning, and Deconfliction.

FISCAL IMPACT:

Initial Cost: The Barrett Model 99 50-caliber rifle has a retail cost of approximately \$12,500 dollars. The Department of Justice provided the Barrett rifle to the Berkeley Police Department on 04/04/2007. There was no initial cost related to BPD taking possession of it.

Annual cost: The annual cost of the equipment is minimal and includes ammunition expenditure, cleaning equipment, and possibly replacing the optics at some point in the future.

Training costs: The cost associated with training is the staff time, range fees, and cost of spent ammunition.

The costs associated with its proposed uses is in the expenditure of its ammunition. The ammunition has a retail cost of approximately \$6 dollars per bullet; \$60 for a box of 10 and \$600 for a case of 10 boxes, plus shipping and handling. We currently possess 100 rounds of BMG ammunition.

Maintenance costs: Maintenance costs vary depending on use over time and will vary. There are no costs associated with maintenance or storage of ammunition. All ammunition is stored in a climate-controlled room in the Berkeley Police Department.

Quantity: Quantity of rifle ammunition fluctuates significantly depending on training attended, including the standard basic police academy, officer assignments, and yearly mandate training cycles. For example, most police academy recruits are required to bring approximately 1,000 rounds to the basic POST approved academy. Most academies have a 16-24-hour rifle training course. The training is required for all officers who are issued a rifle and mandates between 800 and 1,200 rounds. As such, the inventory at the Berkeley Police Department fluctuates significantly depending on how many officers are attending state mandated training and can range from 10,000 round (our current inventory) to less than 1,000 rounds (our anticipated inventory at the end of December after scheduled department training in November.)

Capabilities: The .223 Remington cartridge, depending on the weight of the bullet, 55 grain or 62 grain, travel at approximately 3,000 feet per second and 2,700 feet per second respectively. The round is highly regarded as having a high degree of consistency and accuracy, which is why it is the most common rifle round used in Law Enforcement around the world.

Lifespan: Like all ammunition, if kept cool and dry, ammunition lifespan can exceed ten years. Due to BPD's and State mandates on training, the majority of ammunition is cycled through within a year of purchase.

Product Description:

.223 Remington ammunition: 55 grain FMJ (full metal jacket)

The full metal jacket ammunition features a 55 grain weight and includes 200 rounds. The caliber is .223 Rem, and the ammunition is made in the USA.

ROBOTS:

ReconRobotics Recon Scout XT (Description, purpose/authorized use, fiscal impact, legal and procedural, and training)

Description (type of equipment, quantity, capabilities, lifespan, and product description from manufacture)

Type: ReconRobotics Recon Scout XT

Quantity: The Berkeley Police Department currently owns and maintains 2.

Capabilities: The Recon Scout XT robot is designed to be able to crawl over a variety of terrain, clearing obstacles up to 2" (5 cm) tall. It could be thrown into hazardous situations, indoor and outdoor, and provide live audio and video feed back to the controller.

Lifespan: Both Recon Scout XT robots are over 10 years old and ReconRobotics have developed and manufactured more advanced robots. ReconRobotics have stopped manufacturing certain parts for the Recon Scout XT, so the lifespan is dependent on what parts need to be replaced.

Manufacturer's Description: The Recon Scout XT is just eight inches long and weighs just 1.3 lbs., making it extremely easy to carry and throw. Moreover, deploying the Recon Scout XT takes just 5 seconds, and using it requires no special training. Simply pull the activation pin and throw the device through a doorway or over a wall, or drop it down a vertical shaft using a tether. Using a single joystick on the operator control unit (OCU), a tactical team leader or warfighter can then direct the device to move through the environment and send back real-time video. Equipped with an infrared optical system that automatically turns on when the ambient light is low, the Recon Scout XT can transmit video up to 100 feet indoors and 300 feet outdoors, day or night. The Recon Scout XT may also be specified in any of three transmitting frequencies, allowing police and military personnel to operate up to three robots in the same environment at the same time.

PURPOSE and AUTHORIZED USE:

Purpose: The Recon Scout XT robot is intended to safely provide police officers valuable information during high-risk, rapid evolving situations via real-time audio and video footage. It can be driven a distance away from the OCU, creating space between the officer and potential danger, thus decreasing the likelihood of injury to those involved in the event, or even a violent

encounter between police officers and a dangerous subject. This asset furthers our commitment to the sanctity of life by offering time and distance in critical incidents.

Authorized Uses: The Recon Scout XT robot may be deployed to help police officers safely view potentially dangerous environments before entering them.

FISCAL IMPACT:

Initial Cost: The initial cost for the Recon Scout XT robot was about \$12,500 per unit (2010 cost).

Annual cost: There are no ongoing or annual costs associated with the use of the Recon Scout XT robot. Being that it is battery operated, there is a nominal cost associated with charging the Recon Scout XT robot's batteries, and the batteries of the OCU. The Recon Scout XT robot is fairly simple to operate, thus there is no cost associated with training officers in its use. There are no costs with transportation or storage of the Recon Scout XT robot. While there are newer models of this robot available, there does not appear to be any upgrades available for the Recon Scout XT. The Recon Scout XT robot has been damaged on occasion, and there are costs associated with repair. But generally, the Recon Scout XT robot is robust and does not need regular repair.

Training costs: The Recon Scout XT robot is user friendly and simple to operate. Training is conducted by Berkeley Police personnel familiar with the operations and procedures of the Recon Scout XT robot. The cost of training is staff time.

Maintenance costs: There are no annual or storage costs.

LEGAL AND PROCEDURAL RULES:

Authorized use must comply with state, federal laws, and Policy 708 Robot Cameras.

TRAINING:

The Recon Scout XT robot is user friendly and simple to operate. Training is conducted by Berkeley Police personnel who have familiarized themselves with the product manual, operations, procedures, and demonstrated competency in the product through hands on training, these trainings are often referred to as a train-the trainer training. The cost of training is staff time.

Less Lethal Launchers:

Penn Arms 40mm Single Launcher (Description, purpose/authorized use, fiscal impact, legal and procedural, and training)

Description (type of equipment, quantity, capabilities, lifespan, and product description from manufacture)

Type: Penn Arms 40mm Single Launcher

Quantity: The Berkeley Department currently owns and maintains 20.

Capabilities: The Penn Arms single launcher is capable of firing a single projectile out to a maximum manufacturer recommended range of 45 meters. The Penn Arms 40mm projectiles are direct fire with a pliable "sponge" tip designed to mold to the body. The projectiles are about the size of a large egg. Upon impact, the projectile transfers kinetic energy to the body to gain pain compliance. Large muscle groups such as the upper legs or lower abdomen are approved target areas unless a higher level of force is justified. This level of force is considered to be similar to that of a baton strike.

Lifespan: The manufacturer expected lifespan is about 10 years depending on use and regular maintenance.

Manufacturer's Description: A 40mm compact single-shot break-open frame launcher with a rifled barrel and folding stock. Features include: Double-action trigger, trigger lock push button and hammer lock safeties.

PURPOSE and AUTHORIZED USE:

Purpose: The purpose of kinetic energy impact projectiles, commonly referred to as "less lethal" is to preserve life, minimize the use of force and allow time for de-escalation. Less lethal projectiles

allow the user to maintain a safe distance from a subject who is armed and/or demonstrates the intent to be violent. The ability to maintain a safe distance – while still providing a level of control over the subject – allows officers to employ de-escalation techniques, request additional resources and develop a plan to safely resolve the situation with the least amount of risk.

Violent or armed confrontations are inherently dangerous to all those involved. Officers are required to make split second judgments in circumstances that are tense, uncertain and rapidly evolving. An Officer's threat perception of a person who is in close proximity as opposed to a person who is at a distance of 20 yards is naturally different. A person in close proximity intent on violence has the ability to immediately utilize personal body weapons, a bludgeoning device or cutting instrument. The immediacy requires the Officer to react instantly and there is a greater potential that a higher level of force will be needed.

On the other hand, a person at a distance of 20 yards may not be perceived as having the immediate ability to violently attack the Officer. The person must first close the distance before certain weapons can be utilized. This fact may allow the Officer time to decide the most appropriate course of action, such as the use of a "less lethal" projectile.

The projectiles are designed to provide a high level of accuracy which minimizes the risk of unwanted impacts. The ability to apply force from a distance reduces the potential for violent confrontation and aides in reducing the level of force needed to safely resolve a conflict.

Authorized Uses: Use must comply with local, state, federal laws, and Policy 300 Use of Force, Policy 303 Control Devices, and Policy 428 First Amendment Assembly.

FISCAL IMPACT:

Initial Cost: Less lethal prices, like other equipment, varies depending on market demand and availability. The most recent Penn Arms purchased by the department cost \$815.00 each.

Annual cost: Cost for Penn Arms single launcher use should be based on the projectiles used in training and on duty. This will fluctuate based on department trainings, projectile availability and events that unfold in the city and surrounding region.

Training costs: Every officer authorized to deploy a less lethal launcher must pass a certification course administered by a Berkeley Police Department Firearms Instructor. The certification class consists of classroom, range qualification and scenario application if the venue allows. This class is largely handled in house thus the cost only includes staff time, range fees, and projectile costs which all vary.

Maintenance costs: Maintenance costs vary depending on use. Generally, various springs and pins need to be replaced every 5 years which can cost \$3 to \$30.

LEGAL AND PROCEDURAL RULES:

Authorized use must comply with state, federal laws, and Policy 300 Use of Force, Policy 303 Control Devices, and Policy 428 First Amendment Assembly.

Milkor LTL Multi-launcher (Description, purpose/authorized use, fiscal impact, legal and procedural, and training)

Description (type of equipment, quantity, capabilities, lifespan, and product description from manufacture)

Type: Milkor LTL Multi-launcher

Quantity: The Berkeley Police Department currently owns and maintains 2.

Capabilities: The Milkor LTL is capable of firing six 40mm projectiles before reloading is necessary. The Milkor LTL 40mm projectiles are direct fire with a pliable "sponge" tip designed to mold to the body. The projectiles are about the size of a large egg. Upon impact, the projectile transfers kinetic energy to the body to gain pain compliance. Large muscle groups such as the upper legs or lower abdomen are approved target areas unless a higher level of force is justified. This level of force is considered to be similar to that of a baton strike.

Lifespan: The manufacturer expected lifespan is about 10 to 15 years depending on use and regular maintenance.

Manufacturer's Description: Developed with our partner company, Abrams Airborne Manufacturing, The 40mm Multi-Shot Less-Lethal Tactical Launcher (LTL) was manufactured with the needs of the modern tactical team at the forefront. The launcher is capable of firing a wide variety of 40mm LTL ammo.

PURPOSE and AUTHORIZED USE:

Purpose: The purpose of kinetic energy impact projectiles, commonly referred to as "less lethal" is to preserve life, minimize the use of force and allow time for de-escalation attempts. Less lethal projectiles allow the user to maintain a safe distance from a subject who is armed and/or demonstrates the intent to be violent. Light/sound Diversionary Devices:

CTS 7290 Diversionary Device (Description, purpose/authorized use, fiscal impact, legal and procedural, and training)

Description (type of equipment, quantity, capabilities, lifespan, and product description from manufacture)

Type: CTS 7290 Diversionary Device

Quantity: The Berkeley Department currently owns and maintains 50.

Capabilities: When a diversionary device is deployed they create a loud noise, heat and brilliant light and create an effective diversion. They can create psychological and physiological effects such as: hearing a loud noise beyond that of everyday living, seeing a short bright light, and feeling of a change in atmospheric pressure. These effects may disorient/confuse subjects for a short time giving tactical teams the ability to apprehend that subject without using a higher level of force.

Lifespan: The lifespan of the CTS 7290 Diversionary Device is 5 years.

Manufacturer's Description: The CTS 7290 is the standard for diversionary flash-bang devices. The 7290 produces a 165-180 db and 6-8 million candela of light output. The patented design of

Berkeley Police Department

Law Enforcement Services Manual

Military Equipment

the 7290, incorporates a porting system that eliminates movement of the body at detonation even if the top or bottom of the device should be in contact with a hard surface. In addition, internal adjustments have greatly reduced smoke output.

Flash Bangs are used by special tactical units during hostage rescue and high-risk warrants. It is an ATF-controlled Class-C explosive device that emits a bright light and thunderous noise to distract potentially dangerous individuals.

PURPOSE and AUTHORIZED USE:

Purpose: The purpose of a diversionary device is to create a reactionary gap of a person by temporarily disorienting them. This gap gives tactical teams an opportunity to apprehend a suspect while using the minimal amount of force possible. They can also be used to safely invoke a response or redirect the attention of subjects who are either feigning injury, ignoring police commands or are unresponsive while posing a threat to the public.

Authorized Uses: The use of a diversionary device is to create a diversion in order to facilitate entry and enable arrest. Circumstances justifying the use of a diversionary device may include, but not limited to barricaded subject or hostage situations and high-risk search warrants services.

FISCAL IMPACT:

Initial Cost: Diversionary Devices cost approximately \$45 per unit and are purchased through LC Action Police Supply. Purchases for these tools are made when inventory becomes low, based upon critical incident usage and Special Response Team trainings that incorporate live devices.

Annual cost: See below training cost.

Training costs: Only trained and qualified personnel are permitted to deploy diversionary devices. These trained Berkeley Police officers are typically members of the Berkeley Police Department Special Response Team who receive monthly training which includes training in the deployment of diversionary devices. The cost of training is staff time.

Maintenance costs: The majority of diversionary devices are stored inside of a room in the basement within the Police Department. There are no additional storage costs. There are no associated costs to transporting, maintenance, or upgrades.

LEGAL AND PROCEDURAL RULES:

Authorized use must comply with state, federal laws, and Policy 353 Diversionary Devices.

TRAINING:

Only trained and qualified personnel are permitted to deploy diversionary devices. These trained Berkeley Police officers are typically members of the Berkeley Police Department Special Response Team who receive monthly training which includes training in the deployment of diversionary devices.

The Long-Range Acoustic Device (LRAD)(Description, purpose/authorized use, fiscal impact, legal and procedural, and training)

Description (type of equipment, quantity, capabilities, lifespan, and product description from manufacture)

Type: The Long Range Acoustic Device (LRAD)

Quantity: The Berkeley Department currently owns and maintains possesses 2 Long Range Acoustic Devices (LRAD) speakers. One is an LRAD 450XL and the other is an LRAD 100X.

Capabilities: Both of these speakers are able to focus sound in directional pattern allowing the user to make sound audible over distances much greater than conventional public address speakers. The LRAD 450XL is the larger of the two and designed to either be used in a fixed location or mounted on a vehicle to make it portable. It has a usable range of approximately 1 mile. The LRAD 100X is smaller and more portable. It can be carried or mounted to a person's chest for mobility or mounted to a vehicle. Its range is approximately 1/3 of a mile. Both of these systems allow for clear long-range communication, they are also able to play recorded messages.

Lifespan: The lifespan for both LRADs is 25 years.

Manufacturer's Description: LRAD 100x In addition to being 20 – 30 decibels louder than bullhorns and vehicle-based P.A. systems, the LRAD 100X is also up to 6X louder and much more intelligible than other hailing devices of comparable size and weight. Live or recorded broadcasts from the portable LRAD 100X easily overcome engines, sirens and noisy crowds to ensure every message is heard and understood. The LRAD warning tone safely alerts attention to the voice messages that follow, establishes large standoff zones, and is the safer crowd control alternative to non-lethal and kinetic measures.

LRAD 450XL- The LRAD 450XL utilizes technology developed and patented* by Genasys Inc. to provide the audio output of larger acoustic hailers almost twice its size and weight, while delivering the same outstanding vocal clarity inherent in all LRAD systems. The LRAD 450XL broadcasts powerful warning tones to command attention to the highly intelligible voice messages that follow, enabling operators to change behavior and enhance response capabilities with safe, scalable escalation of force. Lightweight and designed for use on tripods or mounted on vessels, vehicles, and Remote Weapon Stations (RWS), the LRAD 450XL is a highly effective, long range communication system in use around the world for public safety, law enforcement, maritime and defense applications.

PURPOSE and AUTHORIZED USE:

Purpose: The LRADs are designed for clear long-range communication. The LRAD's ability to communicate over a long distance is far superior to any megaphone or Public Address (PA) system mounted to a police vehicle. Additionally, LRAD's may be used to:

- Communicate lifesaving information to residents during disasters
- Communicate to large crowds during parades, festivals, concerts and sporting events

Berkeley Police Department

Law Enforcement Services Manual

Military Equipment

- Establish safety zones and perimeters
- Control traffic congestion
- Conduct Special Response Team operations
- Broadcast a dispersal order
- Communicate during hostage and barricaded subject situations
- Announce and serve high risk warrants
- Communicate to protesters
- Communicate to persons threatening suicide who are in an inaccessible location
- Conduct search and rescue operations

The ability to communicate with the public in a large area increases the safety of all members of the public and law enforcement. It allows everyone in a given area to know what is being communicated, gives more situational awareness to everyone in a given area and allows people to know where to go or not to go.

Authorized Uses: The LRADs are used to communicate with the community during natural disasters, crowd management and control situations, or when other forms of communications are ineffective or inoperable to unequivocally communicate messages from Police or Fire and safely resolve uncertain situations where communicating with the public is paramount.

FISCAL IMPACT:

Initial Cost: The LRAD 450XL and the LRAD 100X were purchased in 2018. The total cost for both LRADs, rechargeable battery packs and accessories was \$49,999.

Annual cost: BPD has not incurred any additional cost to date for this equipment.

Training costs: Training is conducted by Berkeley Police personnel who are trained in the use and procedures of the LRAD. The cost to train is staff time.

Maintenance costs: There are no maintenance or storage costs for this equipment.

LEGAL AND PROCEDURAL RULES:

Authorized use must comply with state, federal laws, and Policy 707 Long Range Acoustic Device.

TRAINING:

Training is conducted by members of the Berkeley Police Department who have extensively reviewed the product manual, become knowledgeable and familiar in the operations and procedures of the LRAD. All trainers have proven demonstrated proficiency and competency in the product through hands on training, these trainings are often referred to as a train-the trainer training.

Chlorobenzylidene malononitrile (CS) is one of the most commonly used "tear gases" in the world. It can be liquid, gaseous, or solid substance intended to produce temporary discomfort through being vaporized or otherwise dispersed in the air. Law enforcement (LE) agencies have found this agent invaluable when faced with combative suspects, for crowd/riot control, and for alleviating barricaded subject situations. LE use it to help control individuals or groups without the need for a higher level of force. There are four different deployment methods of chemical agents (Aerosol - most commonly used by police departments, Fogging, Pyrotechnics, and blast expulsion). All methods of deployment can be affected by certain environmental and physical conditions (wind, rain, temperature, distance, and proximity to others). At standard daily

temperatures and pressures, CS forms a white crystal with a low vapor pressure and poor solubility in water.

PURPOSE and AUTHORIZED USE:

Purpose: There are a variety of situations where peace officers may use chemical agents such as: self-defense, overcoming the resistance of a noncompliant individual, effecting an arrest, preventing escape, violent crowd or riot control, barricade or hostage situations and dealing with dangerous animals.

Authorized Uses: Use must comply with local, state, federal laws, and BPD Special Order 2020-0007 (Policy 1107).

FISCAL IMPACT:

Initial Cost: The cost for CS canisters ranges from \$20.00 to \$39.00 per unit.

Annual cost: See below cost of training.

Training costs: When purchased, each unit is given an expiration date which typically falls within a 2-3-year range. Every 2-3 years, new chemical agents are purchased to honor the expiration dates. The expired agents are then used during annual trainings thus minimizing the overall cost. Training is conducted by a Police Officer Standard Training (POST) certified Berkeley Police chemical agent training officer. The cost of training is staff time.

Maintenance costs: The majority of agents are stored inside of a marked chemical agent room within the Police Department, in the Special Response Team vehicle, or in the rescue Vehicle. There are no additional storage costs. There are no associated costs to transporting, maintenance, or upgrades.

LEGAL AND PROCEDURAL RULES:

Authorized use must comply with state, federal laws, and Policy 300 Use of Force, Policy 303 Control Devices, and Policy 428 First Amendment Assembly.

TRAINING:

Training is conducted by selected members of the Berkeley Police Department who have completed a Peace Officer Standards and Training (POST) certified course in chemical agent training.

Smoking pipes and syringes should not be placed in the Drug Drop Safe unless they contain a usable quantity of drugs and it is impractical to separate them or were used in a crime or suspicious circumstance. Employees needing to book syringes for evidence or analysis shall follow the following procedures:

1. Exercise due caution in this task. If there is a plastic shield over the needle, employees should remember that this is not puncture-proof.

- (h) In every instance where property in Departmental custody has been returned to its owner or finder, sold at auction, destroyed, or converted to agency or public use, the Property Officer, Property Clerk or Property Officer shall immediately update the AEGIS System. 802.27 FOUND PROPERTY TURNED IN AT THE FRONT COUNTER

When found property is brought to the Front Counter by a community member during business hours, Front Counter Professional Staff shall proceed as follows:

- (a) Complete a Found Property form to the best of your ability. The form should document the name of the community member, a description of the property, the location where it was found, and the circumstances surrounding its discovery. If the community member is hesitant in disclosing their personal information, try explaining the importance of a possible link to a crime and subsequent needed follow up. If they are still hesitant, do not insist and write "Declined" or "Refused" on the appropriate line. This will demonstrate to the officer that an attempt was made to obtain the information and it was not an oversight on your part.
- (b) Do not search backpacks or large bags. Professional Staff is not trained in handling the potential dangers sometimes hidden in bags. Items which need to be searched should be directed to a Community Service Officer (CSO) at the Jail Bail window during business hours.
- (c) Itemize the found property on the form. If cash or valuables are turned in, it is recommended that either the community member turning in the property or a co-worker confirm the form is accurate by signing the form as a witness.
- (d) Contact the Communication Center to obtain a case number and have an officer assigned to the call. The case number may be given to the community member reporting the found property.
- (e) Place the property and the Found Property form in the blue locker next to the break room in the Records Bureau. The code for the locker will be the same code used to enter the PSB parking lot.
- (f) The dispatched officer will retrieve the found property and handle it per normal protocol.
- (g) If the property is oversized and will not fit in the locker or needs to be searched, bring the completed Found Property form and the property to a CSO at the Jail Bail window.
- (h) After normal business hours, the Communication Center will direct the community member with the found property to a CSO at the Jail Bail window.

802.28 FOUND PROPERTY TURNED IN AT THE JAIL BAIL WINDOW

CSOs will adhere to the same procedures as Professional Staff, with the following exceptions:

- (a) Booking prisoners and assisting officers will take precedence to collecting found property.
- (b) Backpacks and large bags may be searched.
- (c) The found property will be stored in the secure Jail Bail window office, which will also be the location for the officer to pick up the property.

802.29 RETURN OF FOUND PROPERTY TO FINDER

- (a) Berkeley Municipal Code Section 2.64.110 provides that all found property or found money coming into the possession of any member of the Police Department shall remain in the custody of the Department for at least 90 days. Methods of disposing of such property (with the exception of returning found and unclaimed property to the finder) are set forth in the ordinance.
- (b) California law distinguishes between a police employee finding an article or money in the course of his/her employment and the usual case where the finder has superior title against anyone except the real owner. It is the duty of a police employee to forfeit all claim of title to any article found or surrendered to him/her in the course of employment.
- (c) When a citizen reports the finding of money or any article, he/she may request that this Department take custody of the item and stipulate that it be returned at the finder's expense if the rightful owner cannot be located. The citizen shall be advised:
 - 1. If no owner appears and proves ownership of the property within 90 days, the finder may take title to the property if requested within 30 days after expiration of the 90-day period.
 - 2. If the finder makes claim to the property within 30 days after expiration of the 90-day period, the Property Officer or Property Clerk can release the property to the claimant if the value is less than \$250.00.
 - 3. If the property value is \$250.00 or greater, the Property Officer or Property Clerk shall arrange for a notice of the found property to be published in a local newspaper of general circulation. The notice shall appear in at least one local newspaper for a minimum of one week and costs shall be paid by the finder.
 - 4. If, after seven days following the publishing of the notice, no owner appears and proves ownership, title to the property shall vest in the finder. The finder may claim the property upon presentation of valid (picture) identification, and reimbursement to the Police Department for the publication of the notice described in (c) above.
- (d) The Property Officer or Property Clerk shall be responsible for insuring that all necessary cancellations are made in Departmental files whenever property is released under this Order. These cancellations are usually restricted to firearms entries in AFS.
- (e) It is not mandatory that citizens turn in found property to this Department; however, the procedure set forth above should be complied with to protect the finder from being in violation of Penal Code Section 485. This Section states that a finder is guilty of theft unless he/she makes a reasonable effort to find and restore the property to its rightful owner.
- (f) Should the finder wish to retain the property and proceed to gain title as set forth in this Order, a numbered report shall be prepared, a complete description of the property obtained, and the description checked against all appropriate files and systems (Local, State, etc.) in an attempt to locate the owner.

Unclaimed firearms and other weapons shall not be sold at auction. They shall be destroyed as provided by law.

802.31 DESTRUCTION OF STOLEN OR EMBEZZLED PROPERTY

Where the Property Officer or Property Clerk has identified items of property for destruction, the Property Officer or Property Clerk shall request approval for destruction of the item from the Police Department Bureau responsible for the criminal investigation involving the item.

- (a) The Bureau Lieutenant or his/her designee shall determine if there are pending court actions regarding the item, whether the item should be returned to its owner, or whether the item is suitable for destruction.
- (b) If the owner can be located, the Bureau Lieutenant or his/her designee shall notify the owner that the item is available for recovery within 30 days from the Police Department Property Room. The Bureau shall in turn notify the Property Officer or Property Clerk that the owner is notified, and that the property shall be held for the owner.
- (c) If no owner can be located, the Bureau shall so notify the Property Officer or Property Clerk, and confirm that the item is suitable for destruction.

If there is a dispute as to the ownership of a piece of stolen property, all parties shall be advised to apply to the court of jurisdiction for a determination of ownership.

802.32 DESTRUCTION OF FIREARMS AND WEAPONS

Firearms and weapons defined as "nuisances" by the California Penal Code are subject to disposal. By June 30th of each year, the Property Officer shall apply for a court order authorizing the destruction of "nuisance" weapons. The application shall list the weapons to be destroyed by make, model, caliber, and serial number.

The California Penal Code defines "Destructive Devices" and "machine guns" and states that those which were unlawfully possessed, must be surrendered to the California Department of Justice unless a certificate signed by a Judge or District Attorney is filed with the Department of Justice. The certificate must state that the preservation of such destructive devices or machine guns is necessary to serve the ends of justice.

- (a) Destruction of firearms and weapons shall be accomplished in such a manner so as to render the weapons absolutely useless. The destruction process shall occur at a commercial location arranged by the Property Officer and shall be witnessed by the Property Officer and Support Services Division Captain or his/her designee. Civil Code Section 2080.4 and Penal Code Section 1411 provide that, if a City or county has enacted an enabling ordinance, certain unclaimed property held in the custody of the agency may be retained for agency or other public use, rather than being sold or destroyed. The California Penal Code provides the authority for acquisition of firearms for agency use.

- (a) Requests for acquisition for Departmental or other public use of unclaimed property held by this Department shall be made in memo format and forwarded to the Support Services Bureau Lieutenant. All requests shall include complete justification for acquiring the property and copies of all relevant agency documents describing how the requested property came into possession of the Department.
- (b) After a request has been approved by the Support Services Bureau Lieutenant, additional documents shall be obtained as described below when the property to be acquired is a firearm:
 - 1. A Certificate of Weapon Retention obtained from and signed by a Judge or District Attorney; and,
 - 2. A letter, describing the make, model, caliber, and serial number of the firearm, prepared for the signature of the Chief of Police, to the California Department of Justice.
- (c) Notwithstanding an order from the court to the contrary, money which is in the possession of the property section and which cannot be lawfully returned to its owner (after consultation with the appropriate prosecuting attorney), shall, at the direction of the Chief of Police, be transferred from the BPD Property Fund to the City General Fund. (Ref. Penal Code Sections 335a and 1418, and Health and Safety Code Sections 11488, etc.)
- (d) No property so acquired shall be used for personal or non-governmental purposes.

802.34 STORAGE OF SEIZED DRUG-RELATED FUNDS

Unless otherwise ordered by the District Attorney or Alameda County Superior Court, all seized drug-related funds shall be kept in the custody of the Police Department pursuant to Berkeley Municipal Code section 2.64.090, which requires a record be made thereof. Seized drug-related funds shall be kept a minimum of one year and ninety days from the date of seizure of the funds.

802.35 DISPOSITION OF UNCLAIMED SEIZED DRUG-RELATED FUNDS

If the District Attorney or Attorney General institutes forfeiture proceedings for seized drug-related funds, the funds shall be disposed of in accordance with Division 10, Chapter 8 (commencing with Section 11470) of the Health and Safety Code.

Non-withstanding Berkeley Municipal Code section 2.64.110, if forfeiture proceedings are not instituted and if seized drug-related funds are not ordered to be disposed by a court, the Police Department shall comply with any notice to withhold issued with respect to the funds by the Franchise Tax Board. If no notice to withhold has been issued with respect to the funds by the Franchise Tax Board, the funds shall be disposed of in accordance with the terms of this section.

No sooner than one year from the date of seizure of drug-related funds, the Property Officer shall send a certified letter to the last known address of the individual whose funds were seized. The Property Officer shall simultaneously publish a notice once a week for three successive weeks in a newspaper of general circulation in Alameda County.

802.36 INSPECTIONS OF EVIDENCE / PROPERTY STORAGE AREAS

A scheduled inspection of the Property Room will be made at least once every six months.

The Support Services Division Captain or his/her designee shall conduct these inspections to determine that:

4. Property accountability procedures are being maintained, and
5. Property having no further evidentiary value is being disposed of in accordance with the law and departmental policy.

The Support Services Division Captain or his/her designees shall include the nature and results of these inspections in his/her monthly management report to the Chief of Police.

Unannounced inspections of the Property Room will be conducted annually as directed by the Chief of Police. These spot inspections shall be conducted to determine that the Property Rooms are being maintained in a clean and orderly fashion, that the policies are being followed, that property accountability and security procedures are in compliance, that all property is being sent to the main Property Rooms as soon as possible, and that the main Property Rooms received the necessary paper work to dispose of evidence/property no longer having evidentiary value.

A random comparison of the records with physical property should consume most of the time allocated to the spot inspections. The Operations Division and Support Services Division Captains or their designees shall include the nature and results of these inspections in his/her report to the Chief of Police.

802.37 AUDITS

In December 2000, an automated property system was instituted. In order to ensure the credibility of this automated property system, a series of regular audits will be instituted. The following audits will be performed:

- (a) **Monthly Audits:** At least once each month, the Property Officer or Property Clerk will conduct a random audit of 25 items of property from various locations within the drug and property rooms. This monthly audit will examine the records for these items and confirm the status and location of each of these items is correct. The Property Officer will additionally conduct a "Cash" audit of the Property Room and determine the amount of cash currently stored within the Property Room. Once each month, the Property Officer or Property Clerk will check the "Chain of Custody" disposition records in AEGIS, or a manual log. When an article has been out of the Property Room for two weeks or more, the Property Officer will contact the employee that checked out the item of property and determine its status. Items out for more than two weeks shall have an explanation placed in AEGIS. The results of each of these audits shall be reported to the respective Division Captains.
- (b) **Bi-Annual Audits:** The Professional Standards Bureau Audit and Inspections Sergeant will be responsible for conducting audits of all of the Property Rooms at least twice a year. The Property Officer and Property Clerk will use portable barcode scanners to audit 100 pieces of property in their respective Property Rooms. The audit will check for the correct locations and status of each item. This audit will also check at least 5 different property locations and two drug evidence locations and confirm that those locations contain all the individual pieces of property that the AEGIS has assigned to those locations and ensure that there has been no tampering of the evidence.

The results of each of these audits shall be reported to the Chief of Police, via the Professional Standards Division chain of command. The results will also be shared with the Captain and Lieutenant of the Support Services Division.

Property and Evidence

Whenever a new Property Officer is appointed, outgoing and incoming personnel shall conduct a joint inventory. The purpose of the inventory is to ensure the continuity of custody and not require the accounting of every single item of property. The inventory should be sufficient to ensure the integrity of the system and the accountability of the property. The person assuming custody of the property should ensure that all records are current and any discrepancies are recorded and reported to the Support Services Division Captain prior to the assumption of property accountability by the newly appointed custodian.

Restrictions on broadcasting identifying information about individuals arrested for non-violent violations in conjunction with First Amendment Events shall not limit or diminish the City's obligation to release arrestee information as required by State law, subject to personal safety-based and other limitations. Each audio/video recording released should include the department name and to whom the record was released.

804.10 SEALED RECORD ORDERS

Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records, or his/her designee, shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Supervisor shall ensure that the required notations on local summary criminal history information and police investigative reports are made. The Custodian of Records should work as appropriate with the Chief of Police or the Internal Affairs Bureau supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

Berkeley Police Department

Law Enforcement Services Manual

Records Maintenance and Release

804.11.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

- (a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.
- (b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.
- (c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 6254(f)(4)).

804.11.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 6254(f)(4)):

- (a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.
- (b) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

804.11.3 REDACTION

If the Custodian of Records, in consultation with the Chief of Police or authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 6254(f)(4)).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 6254(f)(4)).

804.11.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE

If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 6254(f)(4)):

- (a) The person in the recording whose privacy is to be protected, or his/her authorized representative.
- (b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.
- (c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 6254(f)(4)).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 6254(f)(4)(A)).

805.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Berkeley Police Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

805.1.1 DEFINITIONS

Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Berkeley Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

805.2 POLICY

Members of the Berkeley Police Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

805.3 RESPONSIBILITIES

The Custodian of Records, or his/her designee, will coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

- (a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETS).
- (b) Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice's current Criminal Justice Information Services (CJIS) Security Policy.
- (c) Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.
- (d) Developing procedures to ensure training and certification requirements are met.
- (e) Resolving specific questions that arise regarding authorized recipients of protected information.
- (f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.

Protected Information

805.4 ACCESS TO PROTECTED INFORMATION

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Berkeley Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

805.4.1 PENALTIES FOR MISUSE OF RECORDS

It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

805.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Management to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

805.5.1 REVIEW OF CRIMINAL OFFENDER RECORD

Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

805.5.2 TRANSMISSION GUIDELINES

Protected information, such as restricted Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should not be transmitted via unencrypted radio. When circumstances reasonably indicate that the immediate safety of officers, other department members, or the public is at risk, only summary information may be transmitted.

Berkeley Police Department

Law Enforcement Services Manual

Protected Information

In cases where the transmission of protected information, such as Personally Identifiable Information, is necessary to accomplish a legitimate law enforcement purpose, and utilization of an encrypted radio channel is infeasible, a MDT or department-issued cellular telephone should be utilized when practicable. If neither are available, unencrypted radio transmissions shall be subject to the following:

- Elements of protected information should be broken up into multiple transmissions, to minimally separate an individual's combined last name and any identifying number associated with the individual, from either first name or first initial.
- Additional information regarding the individual, including date of birth, home address, or physical descriptors, should be relayed in separate transmissions.

Nothing in this policy is intended to prohibit broadcasting warrant information.

805.6 SECURITY OF PROTECTED INFORMATION

The Custodian of Records, or his/her designee, will oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

- (a) Developing and maintaining security practices, procedures and training.
- (b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.
- (c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.
- (d) Tracking, documenting and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

805.6.1 MEMBER RESPONSIBILITIES

Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

805.7 CALIFORNIA RELIGIOUS FREEDOM ACT

Members shall not release personal information from any agency database for the purpose of investigation or enforcement of any program compiling data on individuals based on religious belief, practice, affiliation, national origin or ethnicity (Government Code § 8310.3).

805.8 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

Protected Information

Computers and Digital Evidence

806.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

806.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).
- (e) Label each item with case number, evidence sheet number, and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Book all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
 1. Where the computer was located and whether or not it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.

Berkeley Police Department

Law Enforcement Services Manual

Computers and Digital Evidence

- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself, the corresponding power/charging cords, and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

806.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

806.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) When necessary, an exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

806.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) In general, do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property Room to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

Berkeley Police Department

Law Enforcement Services Manual

Computers and Digital Evidence

806.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

806.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

806.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

806.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be booked into the Property Room as soon as possible for submission into evidence, or
- (b) The media on the card shall be uploaded to the Department's Digital Evidence Database or an alternative storage media as soon as possible for submission into evidence.

806.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be either downloaded to storage media or uploaded to the Department's Digital Evidence Database.

806.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (b) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Computer Voice Stress Examinations

807.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of the Computer Voice Stress Analyzer (CVSA) as an investigative tool.

807.2 POLICY

All Berkeley Police Department CVSA examinations shall be conducted in accordance with regulations contained in the California Administrative Code, Business and Professions Code and Government Code.

807.3 THE COMPUTER VOICE STRESS ANALYZER (CVSA)

The CVSA is an excellent aid to law enforcement investigations; however, it should never be considered as a substitute or shortcut to an investigation.

- (a) The final result of a CVSA examination will be based, in great measure, upon the thoroughness of the investigation prior to having a subject take the examination.
- (b) In criminal investigations, examinations may be conducted upon suspects, victims and witnesses.

807.4 PROCEDURES

Requests may be made to a CVSA examiner verbally or in writing. Requests must be accompanied by sufficient data for evaluation of the subject. The decision to do an examination is based on the nature of the investigation and the characteristics of the person to be examined.

Examinations will only be conducted in criminal cases where criminal prosecution, not civil litigation, is the intended result of the investigation.

807.5 INTERNAL INVESTIGATIONS

In keeping with the California Peace Officers' Bill of Rights, CVSA examinations will not be offered, nor given to sworn members of the Department.

807.6 BACKGROUND INVESTIGATIONS

During the background investigation process, a CVSA examination shall be administered to each police officer candidate. CVSA examinations shall only be administered by specially trained CVSA examiners employed by the Berkeley Police Department. CVSA examinations shall be based on information provided by the applicant and discovered during the background investigation, including the Personal History Statement, Drug Use Questionnaire and Pre-Investigative Questionnaire.

At the conclusion of the examination, the examiner shall prepare a memorandum addressed to the Personnel and Training Sergeant outlining the results. This memorandum shall include whether

Berkeley Police Department

Law Enforcement Services Manual

Computer Voice Stress Examinations

or not deception was indicated, and if so, in what area. Any additional admissions or information developed during the interview shall be documented in the memorandum.

The results of the CVSA examination shall not be the sole determinant of any candidate's suitability for employment with the Berkeley Police Department.

Custodial Searches

901.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Berkeley Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

901.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Intersex - A person who's sexual or reproductive anatomy or chromosomal pattern does not seem to fit typical definitions of male or female. Intersex medical conditions are sometimes referred to as disorders of sex development (28 CFR 115.5).

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

Transgender - A person whose gender identity (i.e., internal sense of feeling male or female) is different from the person's assigned sex at birth (28 CFR 115.5).

901.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

901.3 FIELD AND TRANSPORTATION SEARCHES

An officer should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Berkeley Police Department

Law Enforcement Services Manual

Custodial Searches

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search.

901.4 SEARCHES AT POLICE FACILITIES

Custody searches shall be conducted on all individuals in custody, upon entry to the Berkeley Police Department facilities. Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

901.4.1 PROPERTY

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Berkeley Police Department identification number and information regarding how and when the property may be released.

901.4.2 VERIFICATION OF MONEY

All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

901.5 STRIP SEARCHES

Individuals in temporary custody for crimes that involve weapons and/or controlled substances may be strip searched.

Berkeley Police Department

Law Enforcement Services Manual

Custodial Searches

Individuals in temporary custody for crimes that involve weapons and/or controlled substances may be searched. Individuals in temporary custody for crimes other than those involving weapons and/or controlled substances may not be strip searched unless there is reasonable suspicion based upon specific and articulable facts to believe the individual is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include, but are not limited to:

- (a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.
- (b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.
- (c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).
- (d) The individual's actions or demeanor.
- (e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual's genital status. If the individual's genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

- (b) All members involved with the strip search shall be of the same sex as the individual being searched, unless the search is conducted by a medical practitioner.
- (c) All strip searches shall be conducted in a professional manner under sanitary conditions and in a secure area of privacy so that it cannot be observed by those not participating in the search. The search shall not be reproduced through a visual or sound recording.
- (d) Whenever possible, a second member of the same sex should also be present during the search, for security and as a witness to the finding of evidence.
- (e) Members conducting a strip search shall not touch the breasts, buttocks or genitalia of the individual being searched.
- (f) The results of a strip search shall be documented on the Berkeley Jail Detainee Confinement Record. If any contraband is located it shall be documented in a police report by the arrest or witness officer.
- (g) No member should view an individual's private underclothing, buttocks, genitalia or female breasts while that individual is showering, performing bodily functions or changing clothes, unless he/she otherwise qualifies for a strip search. However, if

Berkeley Police Department

Law Enforcement Services Manual

Custodial Searches

serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.

- (h) If the individual has been arrested for a misdemeanor or infraction offense, the written authorization from the Watch Commander shall include specific and articulable facts and circumstances upon which the reasonable suspicion determination for the search was made.
- (i) A copy of the written authorization shall be retained and made available upon request to the individual or the individual's authorized representative. A record of the time, date, place of the search, the name and sex of the person conducting the search, and a statement of the results of the search shall also be retained and made available upon request to the individual or the individual's authorized representative.
- (j) Strip searches involving transgender persons: All searches of the transgender inmate's person will be done by two officers of the gender requested by the transgender inmate. If the inmate does not specify a preference, then the search will be done by officers of the same gender as the transgender inmate's gender presentation (e.g., a female-to-male (FTM) inmate expressing no preference should be searched by a male officer). If gender presentation or identity is not clear to the inmate, the inmate will be searched by one female and one male officer.
- (k) If a person refuses to comply with a request for a visual body cavity search, the above "no touching" rule still applies. To require cooperation, the officer may either obtain a search warrant, not perform the search, or transfer the person to a higher security facility (Santa Rita Jail) as an uncooperative prisoner.

901.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES

A strip search may be conducted in the field only with supervisor approval and only in exceptional circumstances, such as when:

- (a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.
- (b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

901.5.3 LOCATIONS FOR SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHS

- (a) If the detention takes place in a building, a person may be strip searched in a private room in the building.
- (b) If the detention takes place on the street, a person may be strip searched in the type of police vehicle that can ensure complete privacy such as the mobile substation or the prisoner transport van.

Berkeley Police Department

Law Enforcement Services Manual

Custodial Searches

- (c) Do not transport said person to the police station solely for the purpose of conducting a strip search when there is no basis for an arrest, unless the person voluntarily consents to the transport in writing.
- (d) If a strip search is conducted in the field and the person is then brought to the Jail, e.g. due to the recovery of narcotics, a second strip search should not be conducted at the Jail, unless unusual circumstances are present indicating that the individual may have armed themselves or secreted controlled substances, other than marijuana, underneath his or her clothes after the initial strip search was conducted.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the sergeant authorization does not need to be in writing.

901.6 PHYSICAL BODY CAVITY SEARCH

Physical body cavity searches shall be subject to the following (Penal Code § 4030):

- (a) No individual shall be subjected to a physical body cavity search without written approval of the Watch Commander and only upon a search warrant. A copy of any search warrant and the results of the physical body cavity search shall be included with the related reports and made available, upon request, to the individual or authorized representative (except for those portions of the warrant ordered sealed by a court).
- (b) Only a physician, nurse practitioner, registered nurse, licensed vocational nurse or Emergency Medical Technician Level II licensed to practice in California may conduct a physical body cavity search.
- (c) Except for the physician or licensed medical personnel conducting the search, persons present must be of the same sex as the individual being searched. Only the necessary department members needed to maintain the safety and security of the medical personnel shall be present.
- (d) Privacy requirements, including restricted touching of body parts and sanitary condition requirements, are the same as required for a strip search.
- (e) All such searches shall be documented, including:

Except as otherwise required under a collective bargaining agreement, if an employee believes that he or she has a grievance as defined above, then that employee shall observe the following procedure:

- (a) Attempt to resolve the issue through informal discussion with immediate supervisor.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the Division Captain of the affected division or bureau.
- (c) If a successful resolution is not found with the Division Captain, the employee may request a meeting with the Chief of Police.
- (d) If the employee and the Chief of Police are unable to arrive at a mutual solution, then the employee shall proceed as follows:
 1. Submit in writing a written statement of the grievance and deliver one copy to the Chief of Police and another copy to the immediate supervisor and include the following information:
 - (a) The basis for the grievance (i.e., what are the facts of the case?).

Berkeley Police Department

Law Enforcement Services Manual

Grievance Procedure

- (b) Allegation of the specific wrongful act and the harm done.
- (c) The specific policies, rules or regulations that were violated.
- (d) What remedy or goal is being sought by this grievance.
- (e) The employee shall receive a copy of the acknowledgment signed by the supervisor including the date and time of receipt.
- (f) The Chief of Police will receive the grievance in writing. The Chief of Police and the City Manager will review and analyze the facts or allegations and respond to the employee within 14 calendar days. The response will be in writing, and will affirm or deny the allegations. The response shall include any remedies if appropriate. The decision of the City Manager is considered final.

1003.3 EMPLOYEE REPRESENTATION

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

1003.4 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to the Office of the Chief for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the City Manager's office to monitor the grievance process.

Anti-Retaliation

1004.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1004.2 POLICY

The Berkeley Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1004.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Berkeley Police Department

Law Enforcement Services Manual

Anti-Retaliation

1004.3.1 RETALIATION PROHIBITED FOR REPORTING VIOLATIONS

An officer shall not be retaliated against for reporting a suspected violation of a law or regulation of another officer to a supervisor or other person in the Department who has the authority to investigate the violation (Government Code § 7286(b)).

1004.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Professional Standards Division Captain.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1004.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.

Berkeley Police Department

Law Enforcement Services Manual

Anti-Retaliation

- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1004.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1004.7 WHISTLE-BLOWING

California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

- (a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member's supervisor or any other member with the authority to investigate the reported violation.
- (b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
- (c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
- (d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
- (e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Internal Affairs Bureau for investigation pursuant to the Personnel Complaints Policy.

1004.7.1 DISPLAY OF WHISTLE-BLOWER LAWS

The Support Services Division Captain shall ensure the display of a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

1004.8 RECORDS RETENTION AND RELEASE

The Support Services Division Captain shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

Reporting of Employee Convictions

1005.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

The Professional Standards Division shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this department (11 CCR 1003).

The Professional Standards Division shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

1005.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS

California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1005.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

Berkeley Police Department

Law Enforcement Services Manual

Reporting of Employee Convictions

1005.4 REPORTING PROCEDURE

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1005.5 PROCEDURE FOR RELIEF

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Employees shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm or ammunition as a part of the individual's employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned, or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee, or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

Drug- and Alcohol-Free Workplace

1006.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1006.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1006.3 SECTION TITLE

Intoxicant - Alcohol, a prescription drug, an illegal drug, or other substance that impairs a person's normal physical and mental capacity to act and reason.

Medical Review Officer (MRO) - A licensed physician designated by the City who shall conduct a validation review of any report associated with the drug analysis of blood or urine samples obtained pursuant to this policy.

Positive Test Result - An analysis report, evaluated and validated by a Medical Review Officer, indicating the presence of an intoxicant in a sample of blood or urine. The presence of any amount of alcohol shall be treated as a positive result.

1006.4 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed any amount of an alcoholic beverage, drug or medication, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see the Work Restrictions section of this policy).

1006.4.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Berkeley Police Department

Law Enforcement Services Manual

Drug- and Alcohol-Free Workplace

1006.4.2 USE OF MARIJUANA

Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1006.5 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Alcohol may be consumed by employees in a controlled training environment, such as a training class/workshop on the administration of Field Sobriety Tests (FSTs). Controlled substances may be manipulated by employees for authorized training purposes.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1006.6 EMPLOYEE ASSISTANCE PROGRAM

There is a voluntary employee assistance program available to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Peer Support Team, the Personnel and Training Bureau, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1006.7 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1006.8 REQUESTING SCREENING TESTS

The supervisor may request an employee submit to a screening test when the supervisor reasonably believes, based upon objective facts, that the employee is:

- (a) Under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

Berkeley Police Department

Law Enforcement Services Manual

Drug- and Alcohol-Free Workplace

- (b) Under the influence of alcohol or drugs and the employee discharges a firearm, other than by accident, in the performance of his/her duties.
- (c) Under the influence of alcohol or drugs during the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.
- (d) In possession of illegal drugs or controlled substances and reasonably believes that such possession is a violation of the law.

1006.8.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

If circumstances require, and when directed by competent authority, sworn employees shall surrender to the supervisor or command officer all weapons in their immediate possession.

A supervisor or command officer should designate an employee of equal or superior rank to the subject employee to remain in the immediate presence of the employee throughout the testing process.

1006.8.2 SCREENING TEST REFUSAL

An employee's refusal to cooperate, deliberate obstruction, delay, or failure to successfully complete testing authorized by this policy, including a refusal to sign consent or chain of custody forms, shall be considered a failure to obey an order from a superior officer, subject to disciplinary action, up to and including termination.

An employee may be subject to disciplinary action, up to and including termination, if he/she:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) Deliberately obstructs or delays completing the screening test.
- (c) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- (d) Violates any provisions of this policy.

The disciplinary action for refusal will include the same penalty as if the employee had tested with a positive result.

Berkeley Police Department

Law Enforcement Services Manual

Drug- and Alcohol-Free Workplace

1006.9 APPROVAL AND MANNER OF TESTING

The Chief of Police, or if unavailable, a division captain, must approve and order any alcohol and/or drug testing authorized by this policy.

The Chief of Police, or his/her designee, not the subject employee, shall select the testing method based on the circumstances, which shall be either a blood draw administered by a licensed medical professional, or a two-part urine sample, with individual samples taken 30 minutes apart.

The testing procedure shall occur as soon as practical at a location and time designated by the Department.

The subject employee may consult with a legal or police association representative as long as the consultation does not unreasonably delay the testing.

1006.10 SAMPLES

- (a) Two samples shall be taken with one preserved for any potential additional testing. The employee may, at his/her expense, elect to have a third blood or urine specimen collected and forwarded by the City's testing service to another DHHS-certified laboratory for independent supplemental analysis.
- (b) The City will use licensed technicians to collect all samples. The City's current service for administrative drug and alcohol testing, On Site Health and Safety, has technicians available to respond within one hour, 24 hours per day, 7 days per week at (510) 245-2700. In addition, Preferred Alliance may also be contacted at (877) 272-5227 to request a technician be dispatched.
- (c) If the subject employee is being treated at a hospital or other medical facility, arrangements may be made for a blood draw or the collection of urine samples by that facility or by having On Site Health and Safety send a technician.
- (d) The samples should be delivered without delay to a Department of Health and Human Services (DHHS) certified laboratory designated by the City.

1006.11 ADMINISTRATIVE MANAGEMENT

The supervisor or command officer supervising the testing process shall forward all relevant information and documents to the Chief of Police via the chain of command in a manner that ensures confidentiality.

Employees directed to submit to testing authorized by this policy may be subject to temporary reassignment or paid administrative leave pending final disposition.

The Director of Human Resources, or his/her designee, is responsible for the receipt of specimen analysis results and coordination of Medical Review Officer (MRO) review.

1006.12 TEST RESULTS

- (a) Positive test results indicating only the presence of alcohol in a blood and/or urine sample shall not require an MRO review.

Berkeley Police Department

Law Enforcement Services Manual

Drug- and Alcohol-Free Workplace

- (b) Positive test results associated with a drug-related analysis of blood and/or urine samples will be reviewed for validation by the MRO.
- (c) To evaluate whether or not the presence of a particular intoxicant found in the sample was caused by its lawful and appropriate usage, the MRO will contact the subject officer.
 - 1. The MRO may, with the express authorization of the subject employee, review relevant medical records and interview the subject employee.
- (d) A positive test result without satisfactory explanation to the MRO shall be considered a validated positive result.

1006.13 ADMINISTRATIVE REVIEW

Subsequent to the receipt of the specimen analysis and MRO review results from the Director of Human Resources, the Chief of Police will be responsible for ensuring timely administrative review and disposition.

- (a) An employee who has a positive test for alcohol and/or a validated positive test for a substance other than alcohol may be subject to disciplinary action.

Employees tested pursuant to this policy shall receive a copy of all available information, data and reports associated with the testing process and results.

Administrative alcohol and/or drug test results shall not be disclosed as part of a criminal investigation unless the employee has consented in writing or disclosure is required by law.

Nothing in this policy shall prevent a criminal investigator from requesting an employee voluntarily submit to an alcohol and/or drug test when the employee is the subject of the investigation.

Nothing in this policy shall prevent a criminal investigator from requiring an employee to submit to an alcohol and/or drug test when such testing is authorized by law based on probable cause.

1006.14 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1006.15 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.

Sick Leave

1007.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and the California Family Rights Act, and leave related to domestic violence, sexual assault, stalking or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1007.2 POLICY

It is the policy of the Berkeley Police Department to provide eligible employees with a sick leave benefit.

1007.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1007.3.1 NOTIFICATION

All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

Berkeley Police Department

Law Enforcement Services Manual

Sick Leave

1007.4 REQUIRED NOTICES

The Professional Standards Division Captain shall ensure:

- (a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.
- (b) A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.

1007.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
 - 1. Single or multiple uses of sick leave having an identifiable pattern (i.e., taken in conjunction with days off, holidays or vacation), or a questionable explanation provided by the employee, may be deemed abusive.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting the Personnel and Training Bureau as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties; or
 - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

1007.6 PHYSICIAN VERIFICATION - EMPLOYEE RESPONSIBILITIES

In order to ensure appropriate medical care, the supervisor may require the employee to submit a "physician verification" each time the employee is absent due to an apparent illness and/or injury.

- (a) A "physician verification" shall, at minimum, include the following information:
 - 1. The date and time the employee went to see the physician;
 - 2. A statement that a physician treated the employee, and that the physician determined that the employee was in fact ill and/or injured on the date of the absence;
 - 3. A return to work date; and,
 - 4. Whether or not the employee is able to fully perform his/her normal assigned duties.
- (b) A "physician verification" may also be required in cases of excessive absence due to injury or illness care for an employee's immediate family.

Berkeley Police Department

Law Enforcement Services Manual

Sick Leave

An employee required to submit a “physician verification” shall present it to his/her supervisor upon return to work, at the beginning of that day’s duty shift.

An employee’s failure to provide a required “physician verification” may result in the modification of his/her attendance record from “Sick Leave” to “Unauthorized Leave Without Pay”, and may result in disciplinary action.

1007.7 ATTENDANCE MONITORING

When a supervisor observes a single absence, or pattern of absences, that may be consistent with an abuse of sick leave, or the use of more than half of the employee’s sick leave accrual for the preceding twelve month period, he/she shall review the associated absence report record(s) to evaluate the reason(s) provided for the absence(s) of concern.

The supervisor shall advise the subject employee of the specific absence(s) in question and circumstances which revealed the issue, and determine if there was a valid reason for the absence(s) of concern.

In the event an employee provides a reasonable explanation for unplanned and/or seemingly excessive uses of sick leave (e.g., an employee’s care for him/herself or a family member regarding a serious medical condition), and where there is anticipation of a related future absence, the supervisor may recommend the employee apply for benefits provided by the Federal Family and Medical Leave Act (FMLA) and/or the City of Berkeley Employee Assistance Program (ref. City of Berkeley Administrative Regulation 2.4).

If the employee’s explanation for the subject absence(s) reveals a violation of this policy, or is questionable or inadequate, the supervisor shall counsel the employee against abusive use of sick leave and admonish him/her regarding possible disciplinary action should future abuse occur.

The supervisor may also initiate a Performance Improvement Plan (PIP) as a mechanism to monitor an employee’s attendance and use of sick leave.

The supervisor should inform the employee of their right to administrative representation at future progress report meetings, as any subsequent violation(s) of this policy could lead to discipline.

1007.7.1 FOLLOW-UP

Following the initial counseling meeting, the supervisor shall review the relevant attendance records with the employee every 30 days for a period of six months.

- (a) If an abuse of sick leave does not recur in the six month period following the initial counseling meeting, the supervisor shall inform the employee that his/her attendance will be reviewed quarterly for, at minimum, six months.
- (b) Attendance monitoring authorized by this policy, whether informal or as part of a PIP, will remain in effect no more than one year from the date of the initial counseling meeting, unless continued monitoring is necessary.

If during the six month monitoring period there is another incident of sick leave abuse, the supervisor shall document the matter as a formal personnel complaint and advise the employee:

Berkeley Police Department

Law Enforcement Services Manual

Sick Leave

1. If not already initiated, a PIP will be instituted and administrative monitoring will continue for a period of one year; and,
2. The failure to correct substandard performance with regard to sick time abuse may result in disciplinary action as prescribed in the Personnel Complaints Policy.

Upon the conclusion of an attendance monitoring program, the supervisor shall inform the subject employee and advise him/her that their attendance will be routinely reviewed in accordance with this policy.

1007.8 ADMINISTRATIVE DOCUMENTATION

The supervisor shall provide a written summary, in memorandum form, of the initial counseling session, including any corrective action plan implemented, to the employee for their review.

- (a) The employee shall initial the supervisor's memorandum as acknowledgement that he/she reviewed its contents.
- (b) An employee who disagrees with the content of, or wishes to provide additional information to, the supervisor's memorandum may submit to the supervisor their own memorandum containing such information.

The supervisor will submit the reviewed and initialed summary memorandum, and all attachments, to the Division Captain via the chain of command.

In accordance with the Performance Appraisal Report Policy, the supervisor responsible for the completion of a PAR for an employee counseled and monitored for suspected or confirmed inappropriate use of sick leave shall include within the PAR a summary of the administrative review that identified the issue and outcome of the associated performance improvement process.

Smoking and Tobacco Use

1009.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Berkeley Police Department facilities, buildings or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1009.2 POLICY

A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Lybarger* advisement. Administrative investigators should consider the impact that compelling a statement from the member

This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.
 - (i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - (j) All members shall provide complete and truthful responses to questions posed during interviews.
 - (k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).  - (l) Members may be photographed for purposes of a complaint investigation. This is to include photographing for purposes of formation/presentation of a photo line-up by Internal Affairs investigators.
 - (m) Members shall not be required to stand in a physical line-up for the purpose of complaint investigations.

No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor's *Brady* list or the name of the officer may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a *Brady* list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

1010.11.2 ADMINISTRATIVE INVESTIGATION FORMAT

Attachments - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1010.11.3 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of an officer were found to violate law or department policy (Penal Code § 832.8).

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1010.11.4 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation. Investigators or supervisor assigned to investigate these complaints should be mindful that the investigation, Board of Review, the Chief's initial decision, and employee notification should be completed within 240 days from the date of discovery by an individual authorized to initiate an investigation (BPA/COB MOU#37.4).

In the event that an investigation and subsequent processes cannot be completed within 240 days of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

1010.11.5 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

Berkeley Police Department

Law Enforcement Services Manual

Personnel Complaints

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and storage spaces may only be administratively searched in the member's presence, with the member's consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

1010.12.1 DISCLOSURE OF FINANCIAL INFORMATION

Subject employees shall not be required to submit financial disclosure statements or other items of personal property records in connection with complaint investigations.

1010.13 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to paid administrative leave. Absent an emergency, the City Manager's authorization is needed to place an employee on administrative leave. If unable to contact the City Manager, and it's an emergency, the City Manager shall be notified as soon as practicable.

Unless otherwise directed or authorized, any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) Shall refrain from engaging in work-related activity and/or exercising authority associated with his/her office.

- (e) Shall be required to report to his/her division captain every duty day for instructions.
- (f) Should remain at home during his/her assigned duty hours.

1010.14 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

Berkeley Police Department

Law Enforcement Services Manual

Personnel Complaints

The Berkeley Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1010.15 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (*Skelly*) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within 240 days (this time parameter only applies to sworn personnel) from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Police shall also provide the member with:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 2. If the member elects to respond orally, the presentation may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1010.16 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or his/her authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(e)).

1010.17 NOTICE REQUIREMENTS

The disposition of any civilian's complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

Berkeley Police Department

Law Enforcement Services Manual

These dispositions are not all inclusive and may be modified or expanded upon at the discretion of the Chief of Police.

1010.19 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1010.20 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1010.21 TERMINATIONS

When an employee terminates employment with the Department, his/her personnel complaint records shall be retained in accordance with the records management timetable set by the Department.

Berkeley Police Department

Law Enforcement Services Manual

Personnel Complaints

1010.22 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that an officer has been placed on a *Brady* list or is otherwise subject to *Brady* restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such *Brady* evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

1010.23 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.

Seat Belts

1011.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1011.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1011.2 POLICY

It is the policy of the Berkeley Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1011.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Members are required to wear seatbelts in all routine situations, with the following exceptions:

- Unusual situations where wearing a seat belt would endanger the member or the public, e.g. while evacuating members of the public in an emergency situation. Seatbelts shall be utilized as soon as practical when in the member's judgment it is safe to do so; or
- Where, based on specific facts, in the member's judgment, an exigency exists or may exist as they approach the location of call where the member reasonably believes they may need to take immediate enforcement or evasive action which could be hindered by a seatbelt.

Members must be prepared to justify any deviation from this requirement.

1011.4 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363). A vehicle without a cage should be used when feasible.

1011.5 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Berkeley Police Department

Law Enforcement Services Manual

Seat Belts

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1011.6 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1011.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1011.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1012.2 POLICY

It is the policy of the Berkeley Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1012.3 ISSUANCE OF BODY ARMOR

The Personnel and Training Sergeant shall ensure that body armor is issued to all officers when the officer begins service at the Berkeley Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Personnel and Training Sergeant shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1012.3.1 USE OF BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1012.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation.

1012.4 PERSONNEL AND TRAINING SERGEANT RESPONSIBILITIES

The Personnel and Training Sergeant should:

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (Evidence Code § 1043).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to a member's personnel records shall be logged in the corresponding file.

1013.10 RELEASE OF PERSONNEL INFORMATION

Personnel records shall not be disclosed except as allowed by law (Penal Code § 832.7; Evidence Code § 1043) (See also Records Maintenance and Release Policy).

Any person who maliciously, and with the intent to obstruct justice or the due administration of the laws, publishes, disseminates, or otherwise discloses the residence address or telephone number of any member of this department may be guilty of a misdemeanor (Penal Code § 146e).

The Department may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member's representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. 1013.11 MEMBERS' ACCESS TO THEIR PERSONNEL RECORDS

Any member may request access to the member's own personnel records during the normal business hours of those responsible for maintaining such files. Any member seeking the removal of any item from the member's personnel records shall file a written request to the Chief of Police through the chain of command. The Department shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member's request and the written response from the Department shall be retained with the contested item in the member's corresponding personnel record (Government Code § 3306.5).

Members may be restricted from accessing files containing any of the following information:

- (h) Records relevant to any other pending claim between the Department and the member that may be discovered in a judicial proceeding.

1013.12 RETENTION AND PURGING

Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

- (a) During the preparation of each member's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.

Berkeley Police Department

- (b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.
- (c) If, in the opinion of the Chief of Police, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

1013.13 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF OFFICERS

Personnel records and records related to certain incidents, complaints, and investigations of officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Chief of Police or the Internal Affairs Bureau supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(3):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against an officer in connection with an incident, whether the officer's action was consistent with law and department policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.
- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the *Skelly* or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(8) or other law, the following records (hereinafter qualifying records) shall be made available for public inspection no later than 45 days from the date of a request (Penal Code § 832.7(b)(1)):

- (a) Records relating to the report, investigation, or findings of:
 1. The discharge of a firearm at another person by an officer.
 2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by an officer.

Law Enforcement Services Manual

3. A sustained finding involving a complaint that alleges unreasonable or excessive force.
 4. A sustained finding that an officer failed to intervene against another officer using force that is clearly unreasonable or excessive.
- (b) Records relating to an incident where a sustained finding was made by the Department or oversight agency regarding:
1. An officer engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
 2. Dishonesty of an officer relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer, including but not limited to any false statements, filing false reports, destruction, falsifying, or concealing of evidence, or perjury.
 3. An officer engaged in conduct including but not limited to verbal statements, writings, online posts, recordings, and gestures involving prejudice or discrimination against a person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status.
 4. An officer made an unlawful arrest or conducted an unlawful search.

Qualifying records will be made available regardless of whether the officer resigns before the Department or an oversight agency concludes its investigation (Penal Code § 832.7(b)(3)).

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(4)).

When an investigation involves multiple officers, the Department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(5). However, factual information about the action of the officer during an incident or the statements of an officer shall be released if the statements are relevant to a finding of the qualified allegation against another officer that is subject to release (Penal Code § 832.7(b)(5)).

1013.13.1 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of qualifying records, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

- (a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.
- (b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that

Berkeley Police Department

Law Enforcement Services Manual

Personnel Records

disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.

1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:
 - (a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about misconduct or use of force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 7923.000, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(8)).

1013.13.2 DELAY OF RELEASE

Unless otherwise directed by the Chief of Police, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of qualifying records due to any of the following conditions (Penal Code § 832.7):

- (a) Active criminal investigations
 1. Disclosure may be delayed 60 days from the date the misconduct or use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
 2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who engaged in misconduct or used the force.
- (b) Filed criminal charges
 1. When charges are filed related to an incident in which misconduct occurred or force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.
- (c) Administrative investigations
 1. Disclosure may be delayed until:
 - (a) There is a determination from the investigation whether the misconduct or use of force violated law or department policy, but no longer than 180 days after the date of the department's discovery of the misconduct or use of force or allegation of misconduct or use of force

1013.13.3 REDACTION

The Custodian of Records, in consultation with the Chief of Police or authorized designee, shall redact the following portions of qualifying records made available for release (Penal Code § 832.7(b)(6)):

- (a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of officers
- (b) Information that would compromise the anonymity of whistleblowers, complainants, victims, and witnesses
- (c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about possible misconduct and use of force
- (d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(7)).

- 30 hours in any 2 day (48 hour) period or
- 84 hours in any 7 day (168 hour) period

Except in very limited circumstances members should have a minimum of 8 hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime and any other work assignments.

1015.8 APPEALS

An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty examination shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.

Meal Periods and Breaks

1016.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for meal periods and breaks during an employee's shift.

1016.1.1 MEAL PERIODS

Sworn employees shall remain on duty and subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Officers on patrol shall request clearance from the Communications Center prior to taking a meal period. Uniformed officers shall take their breaks within the City limits unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed.

1016.2 SPORTSCARE

Employees may, upon clearance by the on-duty supervisor, extend their lunch period by no more than thirty minutes in order to work out. Employees availing themselves of this opportunity will limit their workout within the Berkeley City limits and remain available and reachable by telephone during the entire period in the event of a specific need (COB/BPA MOU Section 18.3).

Lactation Break Policy

1017.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child (29 USC § 207 and Labor Code §§ 1030-1032).

1017.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207 and Labor Code § 1030).

1017.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify the Communications Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1017.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207 and Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

Berkeley Police Department

Law Enforcement Services Manual

Lactation Break Policy

1017.5 STORAGE OF EXPRESSED MILK

Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends her shift.

Payroll Record Procedures

1018.1 PURPOSE AND SCOPE

Payroll records are submitted to the Payroll Clerk on a daily basis (for patrol teams) and a weekly basis (for bureaus and details outside of patrol) for the payment of wages.

1018.1.1 RESPONSIBILITY FOR COMPLETION OF PAYROLL RECORDS

Employees are responsible for the accurate and timely submission of payroll records for the payment of wages.

1018.1.2 TIME REQUIREMENTS

All employees are paid on a bi-weekly basis, usually on Friday with certain exceptions such as holidays. Payroll records shall be completed and submitted to the Payroll Clerk no later than 1400 hrs on the payroll closing day, usually on the Monday after the end of the pay period, unless specified otherwise.

Overtime Compensation Requests

1019.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit an Extraordinary Duty Report as soon as practical after overtime is worked.

1019.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time (aka "comp time") in lieu of receiving overtime payment.

1019.2 TYPES OF OVERTIME AND COMPENSATION

Time spent in a pay status but not actually worked (e.g., sick leave, vacation leave, comp time, holiday leave, etc.) shall be considered "time worked" in computing the basic forty hour week. However, employees shall be eligible to work in an overtime capacity while actually on such absence, but only in accordance with the provisions of the current MOU between the City of Berkeley and the employee's working group.

When a City recognized holiday falls within the workweek, the employee's basic workweek is reduced by eight hours for each holiday.

If an employee commences or terminates employment with the City within the workweek or is on suspension or leave of absence without pay during the workweek, the employee is not eligible for overtime benefits until hours worked exceed forty hours during that week.

With the exception of court overtime situations, an employee's name and overtime worked shall be reflected on a time sheet.

Unless specifically stated otherwise, all overtime is awarded at time and a half.

- (a) Non-sworn personnel receive double time after 12 hours in any 24-hour period.

Berkeley Police Department

Law Enforcement Services Manual

Overtime Compensation Requests

- (b) Sworn personnel receive holiday overtime at the straight time rate;
- (c) Non-sworn personnel receive double time for Christmas and Thanksgiving.
- (d) An explosives technician shall receive double time for time spent (from call to completion) in dealing with explosives, whether on or off duty.
- (e) Special Response Team members shall receive an additional 5% pay when involved in an active SRT incident, either on or off duty.
- (f) Field Training Officers shall receive an additional 10% differential when actually working as a Field Training Officer.
- (g) The Field Training Program Sergeant shall receive a 5% salary differential while occupying that position.
- (h) The Homicide Sergeant shall receive a 4% salary differential. Homicide detectives shall receive a 3% salary differential.

Those holding the classification of Captain are excluded from overtime benefits.

1019.3 REQUEST FOR OVERTIME COMPENSATION

1019.3.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the Extraordinary Duty Reports immediately after working the overtime and turn them in to their immediate supervisor or the Watch Commander. Employees submitting Extraordinary Duty Reports for on-call pay when off duty shall submit the forms to their supervisor the first day after returning for work.

1019.3.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

After approval, the Extraordinary Duty Report shall be forwarded to the employee's Division Captain for final approval.

1019.3.3 DIVISION CAPTAIN RESPONSIBILITY

The Division Captain, after approving payment, shall then forward the report to the Payroll Clerk for review.

1019.4 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid, (e.g., four hours for Court). The supervisor will enter the actual time worked.

1019.4.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

TIME WORKED

INDICATE ON CARD

Berkeley Police Department

Law Enforcement Services Manual

Overtime Compensation Requests

1 to 15 minutes	.25
16 to 30 minutes	.50
31 to 45 minutes	.75
46 to 60 minutes	1 hour

1019.4.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation on the Extraordinary Duty Report.

1019.5 RECOVERY / COMPENSATORY OVERTIME (COMP TIME)

Recovery / Compensatory overtime (comp time) is overtime credited with time rather than pay.

To obtain comp time credit the employee shall promptly submit a completed Extraordinary Duty Report for approval by both the employee's supervisor and commanding officer.

It is City and Police Department policy that employees not be permitted to accumulate excessive comp time.

- (a) Sworn employees are allowed to accrue up to 120 hours of comp time.
- (b) Non-sworn employees are allowed to accrue up to 90 hours of comp time.

Employees may be allowed comp time off only when that amount of time has been previously accumulated.

An employee who wishes to use accumulated comp time shall make such request on an Absence Report submitted to his/her supervisor, who shall determine if the absence would hinder the unit's operation and either approve or deny the request. Within the Operations Division, the final decision rests with the Patrol Staffing Lieutenant.

1019.6 OVERTIME / SHIFT EXTENSION

Overtime shall be defined as time worked by an employee in excess of 40 hours per week. For paid overtime to be credited, an employee is required to submit an Extraordinary Duty Report immediately following the overtime assignment.

An Extraordinary Duty Report requires approval from the employee's supervisor and commanding officer, both of whom must check the report for accuracy, ensuring that the "reason" and the paid overtime budget designations are properly stated.

- (a) Completed Extraordinary Duty Reports must be routed to the Division Captain for final approval.
- (b) Completed reports must be routed to the Payroll Clerk no later than 1400 hours on the Monday before the payday in order to be included in that pay period.

Overtime Compensation Requests

1019.7 HOLIDAY OVERTIME

Holiday overtime is earned in lieu of taking the time off during the same week of a holiday or when an employee works any part of a recognized City of Berkeley holiday or has that day as a regularly scheduled day off.

Holiday overtime is awarded at time for time for sworn employees; for non-sworn employees it is awarded at time and a half, however on Thanksgiving and Christmas it is awarded at double time.

Holiday overtime may be received as either paid overtime or compensatory overtime (if the maximum accrual of compensatory overtime has not been reached).

- (a) Sworn employees have the option of either pay or compensatory overtime.
- (b) Non-sworn employees require Division Captain approval for compensatory overtime.

In lieu of pay or comp time, an employee may be allowed an alternative day off during the same calendar week as the holiday with supervisor approval.

When a holiday occurs during an employee's vacation leave, the holiday shall not be charged as vacation leave and the employee's leave may be extended accordingly, with supervisor approval.

The choice of comp time or holiday pay shall be computed by the Payroll Clerk from information provided on the timesheets.

1019.8 COURT OVERTIME

Court overtime is defined as that overtime worked in connection with an assigned appearance before any criminal or civil court, Police Review Commission meeting or Board of Inquiry, BPD Board of Review, and any other specially approved appearance on behalf of another City department or commission.

Unless otherwise approved by a Commanding Officer, all court overtime shall be paid.

A sworn employee who makes an off-duty court appearance shall receive a minimum of four hours overtime unless his or her scheduled duty reporting time, regular shift or overtime shift is less than four hours after the scheduled court appearance in which case the employee will receive overtime in the lesser amount.

Non-sworn employees shall receive a minimum of three hours overtime unless their scheduled duty reporting time is less than three hours after the scheduled court appearance in which case the non-sworn employee will receive overtime in the lesser amount.

Overtime spent conferring with the prosecuting attorney will be considered as court overtime and part of the court session only if the employee's presence is required in court shortly after the conference.

For off duty, out of town court appearances, travel constitutes court overtime and is determined by the round trip time from the Public Safety Building.

An employee required to attend two or more court sessions on the same day is eligible for overtime compensation during the period between the sessions if subpoenaed on his/her day off (limited to

Berkeley Police Department

Law Enforcement Services Manual

Overtime Compensation Requests

a maximum of two hours between each session) but is not eligible for session break compensation if court appearance falls on a regular duty day.

To receive court overtime credit an employee shall submit an Extraordinary Duty Report.

- (a) The subpoena should be attached and case number indicated if either or both are available.
- (b) The overtime report is to be completed by the employee and should specify the amount of time required for "testifying/conferring" or "time waiting" or indicate that they were "not needed".
- (c) The employee's supervisor shall review the report for accuracy and complete the lower boxed area, indicating the court paid overtime budget code, the activity code and the proper project designation.

1019.9 COURT OVERTIME - TELEPHONE STANDBY

- (a) Sworn employees who are placed on telephone standby for court will be given comp time (in accordance with the current MOU between the City of Berkeley and the Berkeley Police Association) as follows:
 1. Duty Day: One-hour minimum comp time and hour for hour thereafter.
 2. Day Off: Two-hour minimum comp time and hour for hour thereafter.
- (b) To receive compensatory overtime credit for telephone standby an officer shall submit an Extraordinary Duty Report.
 1. The subpoena should be attached and case number indicated if either or both are available.
 2. The report is to be completed by the officer and shall specify the case number and the name of the Deputy District Attorney placing him/her on telephone standby.

1019.10 TRAINING OVERTIME

Training overtime is earned when an employee is assigned to attend a class, conference or seminar during off duty hours. Training overtime shall be reported on an Extraordinary Duty Report. To receive credit for the time spent training, a Training Time Credit Record shall be completed and routed to Personnel and Training.

Employees attending schools or classes away from the PSB will normally be credited with an eight hour day even though the number of hours may vary due to the nature of the instruction, see also the Attendance at Conferences and Meetings Policy.

1019.11 EMERGENCY / EMERGENCY ON-CALL OVERTIME

An employee shall be paid or given comp time off for being placed on emergency on-call status as follows:

Berkeley Police Department

Law Enforcement Services Manual

Overtime Compensation Requests

- (a) An employee who is placed on emergency on-call status on his or her regularly scheduled work day shall be paid for a minimum of one hour and at a one quarter ($\frac{1}{4}$) time rate.
- (b) An employee who is placed on emergency on-call status on his or her regularly scheduled day off shall be paid for a minimum of two hours and at a one quarter ($\frac{1}{4}$) time rate.
- (c) Emergency Overtime - An employee is guaranteed at least three hours overtime when called to emergency overtime duty from his or her residence. If the employee's regular reporting time is less distant than the guaranteed overtime the employee will receive overtime in that lesser amount.

Outside Employment

1020.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1020.1.1 DEFINITIONS

Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

1020.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval from the City Manager. Failure to obtain prior written approval for outside employment or engaging in outside employment is prohibited by this policy and may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete a [Request to Engage in Outside Employment](#) Application which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Chief of Police and the City Manager.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Request to Engage in Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

1020.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Request to Engage in Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the City Manager.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1020.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

Berkeley Police Department

Law Enforcement Services Manual

Outside Employment

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline
- (c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked
- (d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status

1020.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Request to Engage in Outside Employment Application submitted by an employee seeking to engage in any activity which:

- (a) Involves the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department
- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department
- (d) Involves time demands that would render performance of the employee's duties for this department less efficient

1020.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

1020.3.2 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the division captain, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other

assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

1020.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1020.4.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1020.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1020.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work

Berkeley Police Department

permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Berkeley Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.

Occupational Disease and Work-Related Injury Reporting

1021.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health incidents, and work-related injuries.

1021.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease, or mental health issue arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

1021.2 POLICY

The Berkeley Police Department will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (Labor Code § 3200 et seq.).

1021.3 RESPONSIBILITIES

1021.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but in all incidents within 24 hours, to a supervisor, and shall seek medical care when appropriate (8 CCR 14300.35).

1021.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury shall ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded to the Personnel & Training Bureau via the injured employee's chain of command promptly. If this cannot be accomplished within 24 hours, the supervisor shall route original copies directly to the Personnel & Training Bureau and route copies to the employee's chain of command. Any related city-wide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification policy applies and take additional action as required.

1021.3.3 DIVISION CAPTAIN RESPONSIBILITIES

The division captain who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City's risk management entity, and the Professional Standards Division Captain to ensure any required Division of Occupational Health

Berkeley Police Department

Law Enforcement Services Manual

Occupational Disease and Work-Related Injury Reporting

and Safety Administration (Cal/OSHA) shall be within 24 hours of an employee being admitted into any hospital as a result of a work-related injury. Employee treatment occurring at a hospital facility without admittance does not require (Cal/OSHA) notification.

1021.3.4 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police or their designee shall review and forward copies of the report to the Personnel and Training Bureau. Copies of the report and related documents retained by the Department shall be filed in the member's confidential medical file.

A copy of the completed form shall be forwarded to the appropriate Division Captain through the chain of command.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1021.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible. The employee's supervisor shall forward the report to the Personnel & Training Bureau through their chain of command.

1021.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Uniform Regulations

Temporary Modified-Duty Assignments

1027.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1027.2 POLICY

Subject to operational considerations, the Berkeley Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1027.3 ASSIGNMENTS FOR TEMPORARILY DISABLED EMPLOYEES

Employees on Workers' Compensation Leave: The City may assign any employee on Workers' Compensation leave who is medically released to return to modified duty when feasible, to such work within the Police Department which is consistent with medical limitations as determined by the attending physician and the employee's skills and abilities at no reduction in the employee's regular rate of pay. Prior to changing the shift of a member who is medically released to return to work on modified duty, the Department shall make a reasonable and good faith effort to accommodate the member's personal/family scheduling for the duration of the period on modified duty. However, if the Department is not able to accommodate the member's personal/family scheduling for the period of the modified duty the Department is not precluded from changing the member's shift.

1027.4 NON-INDUSTRIAL INJURIES

The City may accommodate an employee disabled with a non-industrial disability by providing a modified work assignment. The City will periodically review such modified assignments in order to determine whether such assignments continue to meet the needs of the City.

The modified assignment may be in that employee's classification. To be eligible for such a modified assignment, the employee must initially, and subsequently at the request of the City, provide the Human Resources Department with a medical statement from his or her attending physician that clearly states the medical limitations and abilities of the employee and estimates when the employee will be able to return to a regular assignment. If modification of that assignment within that employee's classification does not serve the best interests of the City, other classifications may be considered, subject to the approval of the Director of Human Resources. Compensation will be provided at the level of the classification in which the temporarily

Berkeley Police Department

Law Enforcement Services Manual

Temporary Modified-Duty Assignments

disabled employee works during the disability. The employee must meet standards of satisfactory performance for the duration of the work assignment.

1027.5 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Berkeley Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1027.6 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

Employees seeking a temporary modified-duty assignment should contact their supervisor, who will make notifications via the chain of command.

The division captain will make a recommendation to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Personnel and Training Bureau or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the division captain, with notice to the Chief of Police.

1027.7 ACCOUNTABILITY

Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1027.9 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). All training requests need to be approved first through the appropriate staffing Lieutenant. Those assigned to attend training during their regular duty shift shall attend in an on-duty status.

Employees shall not flex or adjust their schedule in order to receive overtime or compensatory time.

If approved, the division captain shall forward the request to the Personnel and Training Bureau, indicating whether funds have been budgeted or are available.

Personnel and Training will prepare and submit the "Attendance and Travel Request" form to the Chief of Police for review. If approved, it will be forwarded to the Budget Officer in the City Manager's Office for final review.

- (a) Personnel and Training ensures appropriate notifications are made to the officer and his/her commanding officer(s) regarding status of the training class.

1028.7 TRAVEL TIME

Section 29 C.F.R. 785.39 of The Fair Labor Standards Act (FLSA), provides that travel time is compensable work time when it occurs during the employee's regular working hours. Under this regulation, compensable travel time includes travel time that occurs during the employee's normal working hours on nonworking days.

Berkeley Police Department

Law Enforcement Services Manual

Conference, Meeting and Training Attendance

When attending an approved conference/training, “travel time to” will be compensable from the time the employee leaves the PSB or their residence to the time they arrive at their destination (i.e. hotel, class). On the return, “travel time from” will be compensable from the time the employee leaves the conference/training to the time they arrive at the PSB or their residence.

When attending an approved conference or training, the time given for lunch is not compensable. Participation in social gatherings or meetings that are not required for the completion of the conference/training are not compensable.

For auditing purposes, when completing the “Training Time Credit Record”, the time spent traveling needs to be documented separately from the “times attended”. Therefore this travel time needs to be hand-written onto the Training Time Credit Record.

1028.8 MILEAGE

Mileage should be calculated by the distance from either the PSB or your residence to the event, whichever is less (i.e. for a class in Sacramento, mileage from the employee’s house in Vacaville would be used because it is closer to Sacramento than Berkeley). The number of miles will be multiplied by the daily mileage rate (determined by the IRS, see COB Admin Regulation 7.2 - Use of Private Vehicles). Mileage should be documented on the “Mileage Reimbursement” form.

1028.9 CLASS COMPLETION

Class time missed as a result of an excused or unexcused absence shall be made up with the instructor’s approval, prior to receiving a certificate of completion.

1028.10 DOCUMENTATION

All employees attending outside department sponsored training, shall complete and submit a [Training Time Credit Report](#), [Statement of Expense Form](#) and/or a [Mileage Reimbursement Form](#) and any received certificates to the Personnel and Training Bureau within five days of the completion of training. The Training Sergeant shall route the forms to the Personnel and Training Bureau's Assistant Management Analyst (AMA) to log the training credit and, if applicable, reimburse the employee, per COB Administrative Regulation 3.4 and POST requirements.

Employee Speech, Expression and Social Networking

1029.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1029.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1029.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Berkeley Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1029.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Berkeley Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

Berkeley Police Department

Law Enforcement Services Manual

Employee Speech, Expression and Social Networking

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1029.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Berkeley Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Berkeley Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Berkeley Police Department or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Berkeley Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches,

marked vehicles, equipment or other material that specifically identifies the Berkeley Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

- (h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:
 - 1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).
 - 2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees should take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1029.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Berkeley Police Department or identify themselves in any way that could be reasonably perceived as representing the Berkeley Police Department in order to do any of the following, unless specifically authorized by the Chief of Police (Government Code § 3206; Government Code § 3302):

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support or oppose any product, service, company or other commercial entity.
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or officer associations), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Berkeley Police Department.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.

Berkeley Police Department

Law Enforcement Services Manual

Employee Speech, Expression and Social Networking

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1029.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department. This includes the department e-mail system, computer network or any information placed into storage on any department system or device.

It also includes records of all key strokes or web-browsing history made at any department computer or over any department network.

The fact that access to a database, service or website requires a user name or password will not create an expectation of privacy if it is accessed through a department computer or network. However, the Department may not require an employee to disclose a personal user name or password or open a personal social website, except when access is reasonably believed to be relevant to the investigation of allegations of work related misconduct (Labor Code § 980).

1029.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

1030.6 HAZARDS

All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary personal protection equipment.

All significant actions taken and dates they are completed shall be documented via memo from the respective supervisor and should be forwarded to the Professional Standards Captain via the chain of command.

The Professional Standards Division Captain will take appropriate action to ensure the Safety Committee addresses potential hazards upon such notification.

1030.7.1 EQUIPMENT

Members are charged with daily vehicle inspections of their assigned vehicles and of their personal protective equipment (PPE) prior to working in the field. 1030.8 INVESTIGATIONS

Any member sustaining any work-related illness or injury, as well as any member who is involved in any accident or hazardous substance exposure while on-duty shall report such event as soon as practicable to a supervisor. Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

- (a) A visit to the accident scene as soon as possible.
- (b) An interview of the injured member and witnesses.
- (c) An examination of the workplace for factors associated with the accident/exposure.

Line-of-Duty Deaths

1031.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Berkeley Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy in situations where members are seriously injured in the line of duty.

1031.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1031.2 POLICY

It is the policy of the Berkeley Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1031.3 ON-DUTY DEATH / SERIOUS INJURY PACKET

Each employee will receive a packet titled "On-Duty Death/Serious Injury." The information provided by the employee is completed voluntarily and confidential. No one is under any obligation to fill out the form.

Once the initial information packet is received, it will be stored in a secure location in the Professional Standards Division. The packet will be available for updating at any time for the employee, but should be made available for updating during the employee's annual performance appraisal by the employee's supervisor. Once completed, the packet shall be returned to the Professional Standards Division.

1031.4 MEMBER RESPONSIBILITY

After a line of duty death, members must allow sufficient time for proper notifications to be made to the family and loved ones of the decedent. No member shall notify the decedent's family members or loved ones of the death unless directed to do so by the Watch Commander. No member

Berkeley Police Department

Law Enforcement Services Manual

Line-of-Duty Deaths

shall make notifications upon social media of the line-of-duty death. Members must allow time for Command Staff to determine and respect the wishes of the decedent in regards to the notification of his/her family members and loved ones.

1031.5 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Commander and the Communications Center.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Watch Commander or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1031.6 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Watch Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).

Berkeley Police Department

Law Enforcement Services Manual

Line-of-Duty Deaths

- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.
- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Berkeley Police Department members may be apprised that survivor notifications are complete.

1031.6.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

Berkeley Police Department

Law Enforcement Services Manual

Line-of-Duty Deaths

1031.7 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

1031.8 LIAISONS AND COORDINATORS

1031.8.1 DEPARTMENT LIAISON

The Department Liaison should be a Division Captain or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member's survivors and the Department. The Department Liaison reports directly to the Chief of Police. The Department Liaison's responsibilities include, but are not limited to:

- (i) Serving as a liaison with visiting law enforcement agencies during memorial and funeral services.

1031.8.2 HOSPITAL LIAISON

- (d) Arrange for survivors to have private time with the member, if requested.
 - 1. The Hospital Liaison or hospital personnel may need to explain the condition of the member to the survivors to prepare them accordingly.
 - 2. The Hospital Liaison should accompany the survivors into the room, if requested.
- (e) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.
- (f) If applicable, explain to the survivors why an autopsy may be needed.

Berkeley Police Department

Law Enforcement Services Manual

Line-of-Duty Deaths

- (g) Ensure hospital bills are directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member's residence address, insurance information and next of kin are not included on hospital paperwork.

Other responsibilities of the Hospital Liaison include, but are not limited to:

- Arranging transportation for the survivors back to their residence.
- Working with investigators to gather and preserve the deceased member's equipment and other items that may be of evidentiary value.
- Documenting his/her actions at the conclusion of his/her duties.

1031.8.3 SURVIVOR SUPPORT LIAISON

The Survivor Support Liaison should work with the Department Liaison to fulfill the immediate needs and requests of the survivors of any member who has died in the line of duty, and serve as the long-term department contact for survivors.

The Survivor Support Liaison should be selected by the deceased member's Division Captain. The following should be considered when selecting the Survivor Support Liaison:

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

The Critical Incident Stress Management (CISM) and Peer Support Program

1032.1 PURPOSE AND SCOPE

The Berkeley Police Department places the greatest possible value and emphasis upon the welfare of its members and recognizes public safety employees face situations which may create significant distress. The Berkeley Police Department's Critical Incident Stress Management (CISM) and Peer Support Program is designed to provide confidential emotional support during and after times of personal or professional crisis to members who express a need for assistance, or for whom supervisory staff feel could benefit from program involvement. The CISM and Peer Support Program shall promote trust, allow anonymity, and preserve confidentiality for all members utilizing the program.

1032.2 POLICY

It is the policy of the Berkeley Police Department to provide peer and psychological support for members involved in critical incidents, on or off duty. This will be accomplished through the use of the CISM and Peer Support Program.

1032.3 CRITICAL INCIDENT DEFINED

A critical incident is defined as any event that has a stressful impact which is sufficient enough to overwhelm the usually effective coping skills of an individual. An event is considered a critical incident based on an individual's unique, internal reaction to the event, not necessarily the external appearance or apparent magnitude of the event. A critical incident is not necessarily a life-threatening event. Common incidents that pose an increased potential for trauma include, but are not limited to:

- (a) Shootings
- (b) An actual or perceived threat to one's life or of grievous physical harm
- (c) Suicide or attempted suicide by a colleague
- (d) Serious injury inflicted on, or death of, a colleague
- (e) Serious injury or death of a non-member, especially a child
- (f) Cruelty/abuse to a child
- (g) Death or injury of a person resulting from duty operations
- (h) Perceived "failure" during a tragic/traumatic event
- (i) Large scale or prolonged disaster
- (j) Events with high media exposure
- (k) Any event that may have private or personal emotional significance to a member, particularly when the event is characterized by: relative surprise; intense negative emotion; and perceived helplessness.

The Critical Incident Stress Management (CISM) and Peer Support Program

1032.4 CRITICAL INCIDENT STRESS MANAGEMENT (CISM)

CISM is a crisis intervention program used to support employees involved in a critical incident. It is a formal, highly structured, and professionally recognized process for helping those involved in a critical incident to share their experiences, vent emotions, and learn about stress reactions and symptoms. The CISM program is facilitated by the Peer Support Team.

CISM encompasses the following components:

- (a) Critical Incident Stress Debriefing (CISD): A structured group discussion of thoughts and reactions resulting from the incident. Discussion of typical stress-related symptoms will also be included. It is designed to mitigate acute symptoms, assess the need for follow-up, and accelerate the normal recovery processes to provide, if possible, a sense of post-crisis psychological closure.
- (b) Defusing: A voluntary individual or group meeting held shortly after a critical incident aimed to educate, inform and assess the needs of the employees exposed to the incident. It is a brief process that, in most cases, is considered sufficient to assist the employee in coping with the aftermath. The defusing may be used to determine the need for a CISD and/or other services.
- (c) Rest Information Transition Services (RITS) {formerly known as "Demobilization"}:
The CISM intervention used during a major catastrophe in which large numbers of persons must be moved from a scene with the possibility of having to return to the scene for additional work. (i.e. natural disaster; major transportation accidents) RITS occur immediately after a member is removed from a scene and provides only the basic needs necessary at that point, such as food, water, rest and informational handouts regarding recuperation.
- (d) Peer/Individual Debriefing: A discussion between the affected employee and a Peer Support Team Member designed to help mitigate symptoms of stressful events and/or to make referrals as needed.
- (e) Peer Support: A process by which trained personnel provide emotional support and referrals to a colleague during a crisis or when they are under stress. Generally, peer support is sought by the employee in need or suggested by the employee's peer(s) or supervisor. Peer Support does not replace the need for structured group intervention following trauma.

All CISM components are intended to mitigate symptoms, assess the need for follow up and accelerate the normal recovery process.

1032.5 PEER SUPPORT TEAM COMPOSITION

The Peer Support Team is a formally established and CISM trained group of peers and mental health professionals capable of providing one-on-one support, referrals, assistance with stress awareness and reduction, along with guidance during defusings and debriefings.

1032.12 PEER SUPPORT CONFIDENTIALITY AND THE LAW

“Confidential communication” does not include a communication in which a BPD employee discloses the commission of a crime or a communication in which the BPD employee’s intent to defraud or deceive an investigation into a critical incident is revealed.

A BPD employee, whether or not a party to an action, has a right to refuse to disclose, and to prevent another from disclosing, a confidential communication between themselves and a Peer Support Team Member, when it was made while the Peer Support Team Member was providing peer support services.

The sought after employee may contact a Peer Support Team Member for guidance but should maintain the original employee's confidentiality. All employees should know that when you seek advice from another employee who is not bound by policy to confidentiality, there is no recourse to a breach in that confidentiality.

1032.15 PEER SUPPORT TEAM ACTIVATION

Trauma takes a variety of forms and cannot be accurately or exhaustively quantified in description. However, certain events are of such magnitude they should be considered disruptive to nearly anyone involved. 1032.16 DEFUSINGS

A defusing should be conducted immediately following the critical event and generally lasts no longer than one hour. A defusing is not a critique of the incident, tactical debrief, or investigative tool.

The defusing should be arranged and organized by the incident supervisor and/or their designee. The Peer Support Coordinator or Team Leader may be contacted for assistance and/or guidance.

A Defusing shall not be used in any officer involved fatal incident protocol incident, line of duty death, or other complex incident where a Defusing may adversely impact affected personnel's return to normal function.

1032.16.1 PERSONNEL

The defusing should be facilitated by a supervisor. Attendance at defusings should be mandatory for all employees directly involved in the critical incident; however, participation in the discussion is not required. If requested, a Peer Support Team member may be present at the defusing to give assistance and support.

1032.17 CRITICAL INCIDENT STRESS DEBRIEFINGS

A CISD should be conducted as soon as practical (within 24-72 hours) after a critical incident and may last 2 to 4 hours. It is not a critique of the incident, tactical debrief, or investigative tool.

The CISD should be arranged and organized by the Professional Standards Division Captain and the Program Coordinator, in coordination with the affected employee(s) chain of command.

The CISD is designed to provide an opportunity for employees to discuss their feelings or reactions to the stress resulting from exposure to a critical incident and to accelerate the normal recovery process. The CISD shall be conducted by a trained and experienced Peer Support Mental Health Professional.

1032.17.1 CISD PERSONNEL

The CISD should be facilitated by a Peer Support Team Member selected by the Peer Support Coordinator. Attendance at debriefings shall be mandatory for all employees directly involved in the critical incident; however, participation in the discussion is not required. CISD's should consist of a Peer Support Mental Health Professional, and generally one Peer Support Team Member for every 5 employees. 1032.17.2 CISD OBJECTIVES

The CISD should be conducted with the following objectives in mind:

- (a) Mitigating the impact of a traumatic incident;
- (b) Facilitating the normal recovery process;

The site selection is subject to the approval of the Peer Support Coordinator, who may request an alternate location if he/she determines the site to be unsuitable.

1032.18 ADDITIONAL FACTORS

If the employee has caused injury or death to another (i.e., vehicle accident, shooting, etc.), the employee's Commanding Officer may:

- (a) Schedule a mandatory appointment for the employee with a licensed psychologist.
 1. The mandated visit shall be educational and informative in nature and arranged through the Professional Standards Division Captain. The visit with the psychologist is to mean to provide the employee with the opportunity to discuss the incident in a completely confidential environment and to provide helpful information to the employee regarding possible psychological reactions to the incident. The psychologist shall not furnish information about the visit to the Department unless he/she determines the employee is experiencing complications which may result in danger to the employee or others. Any subsequent counseling would be completely voluntary.
- (b) Grant paid administrative leave to the employee for a period of time (as determined by the Chief of Police) if the employee is scheduled to work immediately following the incident.

The program monitors employee performance that may be inconsistent with professional police conduct and cooperatively engages employees to resolve areas of concern. The goal of EWS is early identification of employee performance issues and correction of these issues through constructive counseling sessions rather than the formal disciplinary process.

1041.2 POLICY

All employees shall participate in the EWS program and comply with the guidelines set forth in this Order.

Participation in the EWS program shall not be deemed punitive, nor a formal disciplinary process.

- (a) Notwithstanding the initiation of the EWS process, the Department retains its right and responsibilities with regard to investigation of policy violation and enforcement of employee discipline.

1041.3 PROCEDURES

The Racial and Identify Protection Act (RIPA) data will be available to supervisors in the form of an electronic data dashboard. This will provide supervisors and commanders with the ability to review stop data created by officers assigned under their span of control. The individual stop data for individual officers should be considered a personnel record as it may provide supervisory guidance for specific officer stop data, if necessary. The public release of any RIPA data will remain anonymized as previously agreed upon Meet and Confer with the Berkeley Police Association and provisions of Government Code 3300 et.al.

Berkeley Police Department

Law Enforcement Services Manual

Chapter 11 - Special Orders

Special Order 2018-0001

1100.1 PC 647(E) ENFORCEMENT AND 9TH CIRCUIT DECISION

The Ninth Circuit Court of Appeals recently held in *Martin v. City of Boise* that municipalities may not enforce general laws prohibiting sleeping on public property when there is nowhere else for a homeless individual to sleep. The Court noted that its decision did not address enforcement of ordinances "prohibiting sitting, lying, or sleeping outside at particular times or in particular locations."

Effective immediately and until further notice, officers shall not enforce PC § 647(e) (lodging on public property without the owner's consent) unless authorized to do so by the Chief of Police, such as when participating in a coordinated effort with City of Berkeley staff engaged in an encampment resolution activity.

This decision applies only to the enforcement of PC § 647(e). Officers shall enforce other provisions of Penal Code and Berkeley Municipal Codes using existing policy and discretion, including, but not limited to:

Laws relating to trespass on private property:

- 06.32.020 Park curfew violation 2200 - 0600 hrs;
- 06.32.030 No structures (including tents), large objects, or collection of objects covering over 10 square feet may be placed in city parks without a permit;
- 13.36.065 City building rules - remaining on curtilage without COB business; and
- 14.32.040 Standing in roadway, use of divisional islands; i.e., on the median

Comm Center personnel should dispatch officers to assess complaints called in by the public, and officers should evaluate calls on a case-by-case basis when attempting to address a complaint. Should a given incident have no other enforcement option (e.g. there is only a PC § 647(e) complaint) the officer should advise the reporting party of this issue.

This order is meant to clarify enforcement restrictions in light of the recent Ninth Circuit Court decision, and will be in effect until it is rescinded or issued in the form of a policy.

1101.1 PC 835; CHANGES IN PENAL CODE

On January 1, 2020, CA Penal Code 835a, which governs use of force by police officers, became law. Per Departmental Training Order 2019-00277, all sworn personnel were required to view POST's Training video, "AB 392: California's New Use of Force Standards: What You Need to Know", which can be found at <https://lp.post.ca.gov/activity/3023>. POST also created a publicly available resource page which includes this video and other resources, at <https://post.ca.gov/use-of-force-standards>.

BPD's current Use of Force Policy, General Order U-2, is being revised not only to incorporate provisions of PC 835a, but also as a result of a Council referral. The revised policy will be issued as Policy 300 in 2020.

Effective immediately, and until such time as the revised Use of Force policy is issued, General Order U-2 remains in effect, and sworn personnel shall further ensure their actions are in accordance with the new requirements of PC 835a, including but not limited to the provisions below:

PC 835a(b) amends the "reasonable force" standard to "objectively reasonable force."

PC 835a(c)(1) amends deadly force standards to include "totality of the circumstances" when:

- Defending against imminent threat of death or serious bodily injury to an officer or to another person.
- Apprehending a fleeing person for a felony
 - Involving threatened or actual death or serious bodily injury;
 - Where immediate apprehension is reasonably believed to be needed in order to prevent death or serious bodily injury to another; and
 - Which requires, when reasonable, that officers identify themselves and warn of intent to use force.

PC 835a(c)(2) prohibits using deadly force against persons who pose a danger only to themselves.

PC 835a(d) amends self-defense language to include "objectively reasonable" force.

PC 835a(e) adds definitions for deadly force, imminent, and totality of the circumstances.

This order is meant to highlight legal requirements pertaining to use of force by sworn personnel in light of the recent changes to CA Penal Code 835a, and will be in effect until it is rescinded or issued in the form of a revised use of force policy.

Issued: Jan. 3, 2020

Special Order 2020-0002

1102.1 ENFORCEMENT OF ISOLATION AND QUARANTINE ORDERS

The City of Berkeley Public Health Officer has the authority to issue civil orders for the isolation of persons diagnosed with or under investigation for having an infectious disease, and for the quarantine of persons who have been exposed to an infectious disease. This Special Order establishes Berkeley Police Department policy for the enforcement of such isolation and quarantine orders.

Isolation is defined as “separation of infected persons from other persons for the period of communicability in such places and under such conditions as will prevent the transmission of the infectious agent.” (17 CCR § 2515.) The Public Health Officer may require strict or modified isolation of an infected person. (17 CCR §§ 2516-17.)

Quarantine is defined as “the limitation of freedom of movement of persons or animals that have been exposed to a communicable disease for a period of time equal to the longest usual incubation period of the disease, in such manner as to prevent effective contact with those not so exposed.” (17 CCR § 2520.) If a disease requires quarantine of persons having contacts in addition to isolation of the infected person, “the local health officer shall determine the contacts who are subject to quarantine, specify the place to which they shall be quarantined, and issue instructions accordingly.”

Isolation and quarantine may be enforced pursuant to the order of the Public Health Officer without a prior court order based on the Health Officer’s determination that there is reasonable cause that a person is infected with or has been exposed to a communicable disease. (Health and Safety Code § 120130(d); *In re Application of Arata* (1921) 52 Cal. App. 380, 383.) The Health Officer’s order must inform the isolated or quarantined person of the right to seek administrative review of the order by the Public Health Division and the right to seek judicial review pursuant to Penal Code § 1473.

Any person who violates an isolation or quarantine order is guilty of a misdemeanor, punishable by a fine of not less than \$50 nor more than \$1,000, or by imprisonment for a term of not more than 90 days, or by both. (Health and Safety Code § 120295.) Each day of the violation may be charged a separate offense. (*Ibid.*)

The Chief of Police may enforce any isolation or quarantine order issued by the Public Health Officer. (Gov. Code § 41601.) If any person refuses to comply with the Health Officer’s order, a Police Officer or an authorized employee (as defined in General Order U-02) may arrest and/or detain the person to enforce the order. Any arrest of a person for a violation of an isolation or quarantine order shall be made in accordance with the Use of Force Policy (General Order U-02). The isolated or quarantined person shall be detained at home, in a medical facility, or at some other location consistent with the requirements of the isolation or quarantine order, as directed by the Public Health Officer. It may be necessary for a Police Officer or an authorized employee to remain present to ensure compliance with the terms of the isolation or quarantine order.

Berkeley Police Department

Law Enforcement Services Manual

Special Order 2020-0002

All Berkeley Police Department members assisting with the enforcement of an isolation or quarantine order shall comply with infection control procedures to control the risk of transmission of aerosol transmissible diseases. (8 CCR § 5199(c).)

Tuberculosis Isolation and Quarantine: It should be noted that special procedures apply for the isolation or quarantine of persons infected with or exposed to tuberculosis. Those procedures are outside the scope of this Special Order. Berkeley Police Department members shall direct inquiries regarding enforcement of an isolation or quarantine order arising from infection with or exposure to tuberculosis through their chain of command to the Chief of Police or his/her designee, who shall in turn consult with the Public Health Officer and the City Attorney's Office prior to issuing direction.

This Order will remain in effect until it is rescinded or issued in the form of a policy.

1103.1 COVID-19 WELLNESS SCREENING

Our top priority is to support the health of our staff and contractors in furtherance of our goal to provide emergency services to our community. The purpose of this Special Order is to support that priority by requiring all individuals who enter the Public Safety Building to complete a wellness screening. This procedure is consistent with guidelines provided by our Public Health Officer and the CDC to stop the spread of Covid-19.

It is critical for all staff and contractors to follow these guidelines to prevent the further spread of Covid-19. If you have any questions, please contact your supervisor.

Prior to, and upon, arrival at your work site ALL employees complete the following screening:

PRE-SCREENING PRIOR TO COMING TO WORK:

Evaluate yourself for any Covid-19 related symptoms (fever, cough, shortness of breath, uncontrollable runny nose, prolonged sore throat, or diarrhea) or any other seasonal cold/allergy related symptoms.

- (a) Take your temperature from home if you have an available thermometer.
- (b) Do not come to work if you are sick.
 - 1. Immediately notify your supervisor.
 - 2. Also, specifically notify your supervisor if you have a fever over 100.4 or Covid-19 related symptoms. Your supervisor will contact the DICO.

PRE-SHIFT / ARRIVAL AT WORK:

This procedure is required prior to the start of a shift. If personnel become symptomatic during their shift they should immediately notify their supervisor.

Upon arrival at your work site (and no later than within 30 minutes of arrival) all employees shall complete the following screening, which should be conducted by your direct supervisor for the day. In the event that your supervisor is not available, you should seek out an on duty supervisor.

For the interview portion of screening, the supervisor should keep social distance (or wear an N-95 or surgical mask if they are unable to maintain social distance).

Answer the following questions:

- (a) Do you feel like you are running a fever with or without chills?
- (b) Do you have respiratory symptoms such as cough or shortness of breath?
- (c) Do you have uncontrollable runny nose or prolonged sore throat?
- (d) Do you have diarrhea associated with acute illness?
- (e) Have you had close contact with a person infected with Covid-19 while on or off duty?

Berkeley Police Department

Law Enforcement Services Manual

Special Order 2020-0003

If yes to any of the above questions, the employee should immediately put a surgical mask on, and the supervisor will contact the DICO.

NOTE: if there is any suspected fever, the supervisor should obtain one of the below thermometers and complete the below screen. The EOC will also have a thermometer available.

Upon arrival at your work site (and no later than within 30 minutes of arrival) all Patrol, Communications Center, Traffic Division, and Jail employees shall complete the following additional screening:

Have your temperature checked.

At this time thermometers will be issued to the Traffic Substation, Communications Center, Jail (employee use) and Patrol. For the temperature portion of screening, the supervisor should wear an N-95 or surgical mask and latex gloves.

At least one temperature reading should be taken. If the result is anything above 100, a second temperature should be taken. Be aware that physical exertion or stress can elevate temperatures. If either temperature reading is above 100.4 degrees, the employee should immediately put a surgical mask on, and the supervisor will contact the DICO.

More thermometers are on order and will be made more available as they arrive. The ultimate goal is that each work area will have a dedicated thermometer. After the temperature readings are completed, the thermometer should be wiped down with the bleach and water solution, Clorox wipes, or the issued Sonos cleaning wipes.

FAQ and OTHER INFORMATION FOR ALL EMPLOYEES:

Specific procedures for conducting the above screening may be adjusted by your chain of command where necessary, but will follow these guidelines.

Any personal health information obtained during these initial screening procedures will not be tracked.

Individuals presenting symptom(s) of Covid-19, including a temperature of 100.4 degrees or higher, will be sent/stay home and will be referred to the Berkeley Police Department or Berkeley Fire Department Designated Infection Control Officer (DICO) for further investigation. The DICO will notify the employee's direct supervisor and chain of command that they have been sent home as soon as possible.

Supervisors do not need to don a new surgical mask for every individual screening, but should properly dispose of any mask that they believe may have been compromised.

If you have questions or concerns about any individual screening results contact the DICO.

BPD DICO Contact information: Sergeant Andrew Frankel (510-926-0007) or Officer Chris Waite (510-559-0523).

1104.1 COVID-19 RELATED PROTECTIVE GUIDELINES

REDUCING RISK OF TRANSMISSION

Wear a face covering . Face coverings do not prevent the inhalation of aerosolized transmissible disease, but coverings can slow the spread of the virus and help people who may have the virus and not know it from transmitting it to others. According to the CDC, face coverings should be worn in public settings where other social distancing measures are difficult to maintain. On duty BPD personnel should wear a face covering whenever unable to maintain isolation or social distancing.

- **Cloth face coverings:** The CDC advises the use of simple cloth face covering. These coverings should:
 - fit snugly but comfortably against the side of the face
 - be secured with ties or ear loops
 - include multiple layers of fabric
 - allow for breathing without restriction
 - be able to be laundered and machine dried without damage or change to shape
 - Individuals should be careful not to touch their eyes, nose, and mouth when removing their face covering and wash hands immediately after removing.
- **Surgical masks:** Like cloth face masks, surgical masks do not prevent the inhalation of aerosolized transmissible disease. An employee may wear a surgical mask in place of a cloth mask to help slow the spread of the virus but due to the high demand and limited supply, these masks should be reserved for prisoner transport and arrestees because they are disposable.

Practice proper hygiene by promptly washing or sanitizing hands:

- ◦ after coughing or sneezing
- before and after eating and/or
- after physically interacting with others

Disinfect regularly : Use provided cleaning supplies, or any antiviral disinfectant, to disinfect:

- ◦ Desk or workstation
- Gear including: Phone, Laptop/Tabletop Computer, Clipboard, Pens, and E-Cite Machine
- Patrol car equipment: Steering wheel, Gear shift, Radio, and Door handles

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Berkeley Police Department

Law Enforcement Services Manual

Special Order 2020-0004

Issued PPE: All officers and staff directed to work in the field have been issued the following PPE and provided training on donning and doffing. **Personnel are required to request replacement from their direct supervisor if it has been used or contaminated:**

- N95 Respirator- either flat or cupped model.
- Gloves- Do not use leather or neoprene gloves unless covered with Nitrile gloves.
- Goggles- Officers and field support staff may use prescription glasses or personally purchased glasses if they still prevent adequate splash protection.
- Gowns
- caps

Storage of PPE: PPE must be stored properly to ensure it remains effective

- N95 Respirators should be kept in their natural position in a clean, breathable container such as a paper bag between uses. They can be reused unless any of the following criteria have been met:
 - You suspect the mask was contaminated with blood, respiratory or nasal secretions, or other bodily fluids from contacts.
 - The mask is obviously damaged or becomes hard to breathe through.
 - The wearer is no longer able to maintain an adequate seal conducting a positive/negative pressure test.
- The gowns, caps and goggles were issued in a plastic Ziploc bag. The gown and cap should remain in the bag for protection until needed for use.
- The goggles may be removed for use if officers or support staff need them in place of personally purchased eyewear.

When to Wear PPE: The wearing of PPE will depend on the situation. The following are examples of a layered approach to wearing PPE and is not intended to be an inclusive list.

When in doubt, err on the side of wearing additional PPE to keep yourself safe.

- **N95 masks and Nitrile gloves** – Officers and staff should use their discretion regarding the wearing of an N95 masks and Nitrile gloves during their shift keeping in mind their ability to maintain social distancing.
- **N95 mask, Nitrile gloves and eye protection** – Officers and staff should wear this PPE in the following situations:
 - All medical calls including DBF's
 - When making entry into a building or potentially densely populated location such as nursing homes, shelters, encampments, and shared housing coops.
 - When making personal contact (within 6') with a subject / suspect. This includes all crimes in progress where apprehension of the suspect is possible and W&I 5150 calls.

Berkeley Police Department

Law Enforcement Services Manual

Special Order 2020-0004

- **N95 mask, Nitrile gloves, eye protection, gowns and caps** – Officers and staff should wear this PPE when you determine there is a suspected or known COVID-19 subject and you are required to be within 6' of the person or cannot ensure social distance can be maintained.

Officers and staff who have any questions regarding the wearing of PPE should consult a supervisor.

Doffing PPE: PPE items should be removed in the following order and placed into a biohazard bag. Be cautious not to shake the items:

- Gown and cap with gloves.
- Goggles
- N-95

Decontamination: PPE is considered contaminated if it was worn within 6' of a suspected or known COVID -19 subject.

- Remove gown first by pulling it from the shoulders over your gloved hands and away from the body. If you must handle the gown, try to do so from the interior of the gown (presumably where it is clean)
- Remove gloves and don a fresh set (To do so, pinch the first glove and pull it off of your hand. With the bare hand, reach under the 2nd glove and peel it off from the inside being cautious not to touch the exterior part of the glove.
- While keeping your mask, eye protection and gloves in place, decontaminate your protective equipment (external carrier, duty belt), remove them and place them on the table at the boot cleaning station in the North parking lot.
 - Use wipes or water and bleach solution on the belt
 - Use wipes or Lysol on your external carrier to spot clean (or wash external carrier during next opportunity)
- Remove eye protection and use alcohol wipes to decontaminate them.
- Remove mask and gloves.
- Place discarded gloves, gown, cap and respirator into a brown paper or plastic bag (the one it was issued in)
 - Discard bags in the biohazard barrels at the base of radio tower at the PSB when you return from the call for service
- Vigorously wash hands with hot water and soap

PPE Disposal: All PPE that has been doffed and placed in a bio-hazard bag can be disposed in the 55 gallon biohazard disposal containers located under the radio tower. The Department has a vendor who will pick up and dispose of the waste in these drums.

Special Order 2020-0005

1105.1 BMC CHAPTER 2.99--BAN ON FACIAL RECOGNITION TECHNOLOGY

The purpose of this Special Order is to (1) ensure all members are aware of the Berkeley Municipal Code's prohibition on the use of Facial Recognition Technology, including but not limited to use of the Clearview application, or any software service or application providing facial recognition search capabilities, and; (2) to provide a procedure to report the inadvertent or unintentional receipt of information obtained through Facial Recognition Technology to the Chief of Police.

On March 27, 2018, the Berkeley City Council enacted Berkeley Municipal Code (BMC) Chapter 2.99, Acquisition and Use of Surveillance Technologies. This ordinance governs the use and acquisition of certain described surveillance technologies by the Berkeley Police. The ordinance included "facial recognition software" among those surveillance technologies governed by the ordinance.

On October 15, 2019, the Berkeley City Council amended BMC Chapter 2.99, in order to formally ban the Department's use of any "Facial Recognition Technology", defined as "an automated or semi-automated process that assists in identifying or verifying an individual based on an individual's face."

It is a violation of BMC 2.99 and this policy for any employee to "obtain, retain, request, access, or use any facial recognition technology."

There are two exceptions to the ban, as provided BMC 2.99.030(5):

1. Facial recognition technology may be used to unlock personal communication devices, such as an cellular phone, iPad, or similar device, which is used in the regular course of conducting City business, whether city-owned or personally owned; and
2. The inadvertent or unintentional receipt, access to, or use of information obtained from Face Recognition Technology, provided that the BPD employee did not request or solicit the receipt, access to, or use of such information, and all copies of the information are promptly destroyed upon discovery of the information, and the information is not used for any purpose.
 - (a) However, in the case of inadvertent receipt of information received relating to the investigation of a specific crime that may have been generated from Face Recognition Technology, but which was not intentionally solicited, shall *not* be a violation of this ordinance, and may be used in connection with a specific criminal investigation.

Should any employee inadvertently or unintentionally receive information obtained from Face Recognition Technology, that employee shall report the receipt of the information through their chain of command to the Chief of Police, who shall ensure such receipt is reported in the Annual Surveillance Technology Report, as required by the ordinance (2.99.030(5)).

1106.1 BMC CHAPTER 2.99--PRIOR APPROVAL REQUIRED FOR TEMPORARY ACQUISITION AND USE OF NEW SURVEILLANCE EQUIPMENT; EXIGENT CIRCUMSTANCES EXCEPTION

The purpose of this Special Order is to (1) ensure BPD personnel are aware of department-owned surveillance technologies and policies; and (2) to provide a procedure to request the temporary acquisition and use of surveillance technology not already owned by the Berkeley Police Department, under the exigent circumstances exception to BMC 2.99, Acquisition and Use of Surveillance Technology.

On March 27, 2018, the Berkeley City Council enacted Berkeley Municipal Code (BMC) Chapter 2.99, Acquisition and Use of Surveillance Technologies. This ordinance governs the use and acquisition of certain surveillance technologies by the Berkeley Police Department.

The Department currently owns and utilizes the following three Surveillance Technologies: Body Worn Cameras, Automated License Plate Readers, and Global Positioning System Tracking Devices. Use of these technologies is governed by existing policies.

BMC Chapter 2.99.030(1) prohibits BPD from seeking, acquiring, sharing or using any new Surveillance Technology without obtaining authorization from the City Council, except in exigent circumstances, and as approved by the City Manager.

Surveillance Technology is defined in Section 2.99.020(1) as follows:

“Surveillance Technology” means an electronic device, system utilizing an electronic device, or similar technological tool used, designed, or primarily intended to collect audio, electronic, visual, location, thermal, olfactory, biometric, or similar information specifically associated with, or capable of being associate with, any individual or group. Examples of covered Surveillance Technology include, but are not limited to: cell site simulators (Stingrays); automatic license plate readers, body worn cameras, gunshot detectors (ShotSpotter); facial recognition software; thermal imaging systems, except as allowed under Section 1(d); social media analytics software; gait analysis software; and video cameras that record audio or video and can remotely transmit or can be remotely accessed.

Exigent Circumstance is defined in Section 2.99.020(5) as follows:

... a good faith belief that an emergency involving imminent danger of death or serious bodily injury to any person, or imminent danger or significant property damage, requires the use of Surveillance Technology or the information it provides.

The Exigent Circumstance exception for using new Surveillance Technology without prior City Council approval is set forth in Section 2.99.040 as follows:

... the City Manager may borrow, acquire, and/or temporarily use Surveillance Technology in Exigent Circumstances. In such cases, the City Manager must: (1) Provide written notice of that acquisition or use to the City Council within 30 days following the commencement of such

Berkeley Police Department

Law Enforcement Services Manual

exigency; (2) if the use of the technology is anticipated to continue beyond the exigency, the Department must submit an Acquisition Report and Use Policy to Council; and (3) include the surveillance technology in the next City Manager's Annual Surveillance Technology Report.

Effective immediately, any Department member wishing to use any new Surveillance Technology (not already in use at BPD) due to an Exigent Circumstance must, in writing, formally request permission to use the technology. This request shall describe the exigency, the new technology to be used, and how the new technology is anticipated to be successful. This request shall be made through the employee's chain of command, to the Chief of Police, who will convey the request to the City Manager for consideration and approval. If approved, the Chief will provide written authorization for the use of the new technology.

Should use be approved, the use shall be reported publicly to the Council within 30 days of the commencement of the exigency, and again in the following year's Annual Surveillance Technology Report.

This order is meant to highlight legal requirements pertaining to use of Surveillance Technology by Berkeley Police personnel in light of the recent changes to Berkeley Municipal Code. 2.99, and will be in effect until it is rescinded or issued in the form of a self-standing policy.

1109.1 RESPONSE TO AB 1950

AB-1950 (Kamlager) - Probation: Length of Terms

Penal Code 1203a and 1203.1 (Amend)

PURPOSE AND SCOPE:

This Special Order is intended to provide temporary guidance and clarity to the recently implemented AB 1950, which limits the term of probation to no longer than two years for a felony conviction, and one year for misdemeanor conviction, except for offenses that include a specific probation term in statute. Additionally this order provides an outline of the workflow for the alignment process with the stakeholders, the main highlights of AB 1950, the list of exceptions, and method for officers and dispatchers to apply AB 1950 to individuals with active Alameda County Probation terms. -

BACKGROUND:

AB 1950 was signed into law on Sept. 30, 2020. This new law amended PC 1203a and 1203.1, reducing probation terms for felony and misdemeanors. It is now being understood to apply retroactively to people already on probation, thus shortening their probation terms. At the Alameda County Chiefs of Police and Sheriff Association recent meeting the Alameda County District Attorney announced their interpretation of AB 1950. The Alameda County DA has chosen to apply the AB 1950 probation limits to pre-2021 probations. The DA's office will be compiling a list of eligible probation and dockets, ultimately terminating the applicable probations on the record. These will effectively be updated in CRIMS.

AB 1950 provides that the two-year probation limit does not apply to offenses defined by law as violent felonies, or to an offense that includes a specific probation term within its provisions. It provides that for these offenses, the court, in the order granting probation, may suspend the imposing or the execution of the sentence and may direct that the suspension may continue for a period of time not exceeding the maximum possible term of the sentence and under conditions as it shall determine

It should also be noted that there may be exceptions to this list in the future plea agreements post-2021, for example:

It's possible that post 1/1/21 a person commits a robbery (PC 211). The suspect agrees to a plea of PC 487 and may waive their right to AB 1950 and accept a 5 year probation. This would be reflected in CRIMS in the probation and dockets for cases resolved in 2021 and beyond .

PROCEDURES:

While the Alameda County District Attorney is addressing the modification to applicable active probationers and dockets, Officers and Dispatchers will need to take the following steps to ensure lawful applications of those with reduced 4th Amendment waiver conditions .

Berkeley Police Department

Law Enforcement Services Manual

Special Order 2021-0001

If an individual with an active probation term is detained for a lawful purpose, and an Officer elects to exercise their respective search clause, one additional step will be necessary. Officers and Dispatchers shall check the conviction date on the individual's active docket. Per AB 1950 Officers or Dispatch shall add two years from the conviction date on felony convictions, or one year from misdemeanor convictions in order to get an accurate term length on the individual's respective probation. AB 1950 only applies to the term length of probation, it does nothing to change any other terms of the probation.

AB 1950 provides the following two-year probation limit does not apply to:

- Murder or voluntary manslaughter
- Mayhem
- PC 261 and 262 rape
- Sodomy
- Oral copulation
- Lewd or lascivious acts
- Felony punishable by death or LWOP
- Felony with GBI infliction
- Robbery
- Arson
- Sexual penetration
- Attempted murder
- Kidnapping
- Assault with intent to commit a felony
- Child sex abuse
- Carjacking
- Rape, spousal rape, or penetration
- Extortion
- First degree burglary
- Some financial crimes – [convictions under PC 487(b)(3), 503 or 532a – where the amount of loss is > \$25,000.00]

AB 1950 provides the following one-year probation limit does not apply to:

- DUI probation, because they are outlined under VC 23600 as 3 and 5 year terms.
- Child endangerment
- Child abuse

Berkeley Police Department

Law Enforcement Services Manual

Special Order 2021-0001

- Domestic Violence (m 243(e)(1) and m 273.5)
- Violation of a protective or stay away order
- Elder and dependent abuse

Officers should document their review of the probationer's conviction date and application of AB 1950 in their police reports. Additionally Officers should document any search of a probationer that falls into one of the above exceptions.

This Order will remain in effect until it is rescinded or issued in the form of a policy.

1110.1 LAW ENFORCEMENT RESPONSE TO SHELTER SITES DURING COVID-19

This order is intended to clarify when Berkeley Police Department members may conduct law enforcement action at any of the shelter sites within the City of Berkeley during Covid-19.

TYPES OF SHELTER SITES DURING COVID-19

Traditional Congregate Shelters

- (a) Dorothy Day House Vet's Building, 1931 Center St-Basement
- (b) Dorothy Day House BESS Winter Shelter, 2134 MLK Way – OCH 1st Fl.
- (c) Berkeley Food and Housing Project Dwight Way Shelter, 2140 Dwight Way (Men's on the first floor, Women's on the 3rd floor)
- (d) BOSS Harrison House/Ursula Sherman Village Singles/Families, 711 Harrison St
- (e) BACS Stair Center, 2nd/Cedar

Respite Sites*

- (a) 1281 University Avenue: 6 RV Trailers
- (b) 701 Harrison Street: 12 RV Trailers
- (c) 1654 5th Street: 4 bedroom Single-Family Home

Safer Ground Hotels*

- (a) Rodeway Inn, 1461 University Avenue - Lease ends on 06/30/21

*Berkeley Food and Housing Project is the operator of the Respite Sites and Safer Ground Hotels. The Respite Sites and Safer Ground Hotels are funded through Alameda County.

REMOVAL OF SHELTER OCCUPANT AT REQUEST OF SHELTER EMPLOYEES

Shelter occupants are licensees who occupy real property at the permission of the operator of the facility (the owner, owner's agent, or person in lawful possession). If Officers are called to the scene of a shelter because a person refuses to leave and the person continues to refuse, that person can be cited and/ or arrested for trespass, as set forth in Penal Code 602(o).

Traditional Congregate Shelters have on-site managers who are available to speak to Officers and may often be the caller who initiated the police response. On-site managers may emphasize the fact that a rule violation is the reason for the removal of the shelter occupant. For legal purposes the relevant question is whether the elements of trespass set forth in Penal Code 602(o) have been met, namely that the person has refused to leave the property after requests to do so by the operator of the facility, and by the Officer(s) at the request of the operator.

The Respite Site RV trailers are equivalent to a congregate facility. If the operator of the site, Berkeley Food and Housing Project, requests that Officers remove a person who has refused

Berkeley Police Department

Law Enforcement Services Manual

Special Order 2021-0002

to leave the site, that person may be cited and/or arrested for trespass on private property as detailed above.

In the case of Safer Ground hotel sites, the existence of an on-site hotel operator and private rooms can create complications for law enforcement response. Where the hotel operator and any County designee disagree about the need for removal of an occupant, Officers should make an independent determination as to whether criminal conduct justifies a citation and/ or an arrest. Where the County designee seeks to remove an occupant for trespass (as detailed above), Officers should follow applicable protocols to secure permission for any property damage that may result from breaching a locked room or seek to obtain an arrest warrant for the trespasser.

(a) **Shelter Occupants Do Not Acquire Tenant's Rights Based Solely on the Type of Residence or Duration of Occupancy**

RV trailer residents generally have tenant's rights set forth in the Mobile home Residency Law (Civil Code 798 et seq.). However, this law has no applicability to our Respite Sites. The trailers at the Respite Sites are subject to the Shelter Crisis statute (Gov. Code 8698.4) which expressly exempts such temporary shelters from the protections otherwise offered by the Mobile home Residency Law. Officers who report to 1281 University Avenue or 701 Harrison Street should be advised accordingly; the occupants of those properties do not have a right to remain on-site after being instructed to leave by Berkeley Food and Housing Project staff.

Long-term guests in hotels in California acquire the right to exclusive possession of their room after the 30th consecutive day of their stay. However, this right is predicated upon the fact that they have made a contract with the hotel operator and paid the rent for their room. This "long-term guest" rule to the Safer Ground Hotel Sites, because the residents are not paying rent and do not have the lawful right to exclusive possession of the hotel rooms. They occupy the hotel rooms at the pleasure of the County designee, Berkeley Food and Housing Project, who may ask them to leave.

Where Officers encounter a situation in which an occupant of one of the Safer Ground Hotel Sites alleges that they have gained a right to remain because of the duration of their stay, Officers may request proof of payment for the duration, or they may request documentation from the County designee, Berkeley Food and Housing Project, that the occupant is occupying one of the Safer Ground Hotel Sites.

In the case of the Single-Family Home at 1654 5th Street, Officers may consider that an eviction notice is required to remove occupants and that such removal can only be accomplished by the Sheriff. However, as with the traditional congregate shelters, occupants do not have an ongoing right of possession of the property and can be removed at the option of the operator of the facility, Berkeley Food and Housing Project, and cited and/or arrested for failure to comply pursuant to Penal Code 602(o).

(b) **ENFORCEMENT PROCEDURES**

Berkeley Police Department

Law Enforcement Services Manual

Special Order 2021-0002

- (a) As set forth in Penal Code 602(o) it is a trespass for a person to refuse to leave private property not open to the public upon being requested to do so by the owner, the owner's agent or designee, or by a police officer acting on the owner's behalf.
- (b) The police officer who conducts the request must inform the person that they are acting at the behest of the owner and must give the person an opportunity to leave the premise. This pre-arrest warning is in accordance with our Council policy to seek voluntary compliance and provide sufficient notice to community members who may be part of a vulnerable demographic.
- (c) If the person refuses to leave after adequate notice to vacate, officers may arrest or issue a field citation for Penal Code 602(o) in accordance with BPD General Order C-10 (Citation Release).

The above provided information should not be construed to limit the ability of the Berkeley Police Department members in maintaining the peace at any of these facilities or otherwise sanctioning criminal conduct.

This Order will remain in effect until it is rescinded or otherwise issued in the form of a policy.

Chapter 12 - Training and Information

Social Host Ordinance

1200.1 BACKGROUND

In 2007, the Berkeley City Council enacted the Social Host Ordinance (SHO). By enacting the Ordinance, Council formally recognized the harm caused by the unsupervised and illegal consumption of alcohol by minors at unlicensed premises, public places and private property, including private residences.

The Council stated that parties, gatherings and/or events where minors are consuming alcohol can lead to physical altercations, drunk driving, binge drinking, unprotected or unplanned sex, sexual assaults, vandalism and excessive neighborhood noise. The control of parties, gatherings and/or events where minors are consuming alcohol is necessary when such activity is determined to be a threat to the peace, health, safety or general welfare of the public (BMC §13.49.030).

1200.2 PURPOSE

The purpose of the SHO is to address the problems identified above and protect the public health, safety and general welfare by enhancing the enforcement of laws prohibiting the consumption of alcohol by minors and reducing the costs of providing police services to parties, gatherings, or events requiring a response, by requiring hosts to ensure minors are not consuming alcoholic beverages (BMC 13.49.010B).

1200.3 DEFINITIONS

Minor: Any person under 21 years of age.

Gathering: A group of persons who have assembled or are assembling for a social occasion or social activity.

Host: The person or person(s) who permit, allow, or host a gathering under his/her/their control where minors will be present (e.g., resident tenant, owner, event organizer, house president, etc.).

Premises: Any residence or other private property, individual unit or place, including any commercial or business property.

Public Place: Any place to which the public or a substantial group of the public has access and includes, but is not limited to, streets, highways, and the common areas of schools, hospitals, apartment houses, office buildings, transport facilities and shops.

1200.4 THE STATUTE

BMC §13.49.030(A) provides it is unlawful for any person to:

- (a) Permit, allow, or host a party, gathering or event at his or her place of residence or other private property, public place, or any other premises under his or her control where alcoholic beverages are being consumed by any minor.

The SHO does not apply:

Berkeley Police Department

Law Enforcement Services Manual

Social Host Ordinance

1. If all minors consuming an alcoholic beverage are being supervised by their parents or guardians [BMC §13.49.030(B)]; or,
2. At any location or place regulated by the California Department of Alcoholic Beverage Control (i.e., bars, restaurants, special events with an issued 1-day ABC license.) [BMC §13.49.030(C)];

1200.5 CRIMINAL CHARGING AND PENALTIES

A violation of the SHO may be cited as either a misdemeanor or an infraction. However, a violation shall not be charged as a misdemeanor unless the citing officer observes egregious behavior or aggravating circumstances (BMC §13.49.040A). The fine for the first violation is \$250 and will increase for subsequent violations by the same person (BMC §13.49.040B).

1200.6 HOST SELF-REPORTING - NO CRIMINAL LIABILITY

A person hosting the gathering shall not be in violation if he/she seeks assistance from the Police Department or other law enforcement agency to remove any person who refuses to abide by the host's responsibilities imposed by this Ordinance, or end the event because he/she has been unable to prevent minors from consuming alcoholic beverages, despite having taken all reasonable steps to do so, as long as such a request for assistance is made before any other person makes a complaint (BMC §13.49.030E).

1200.7 RESPONSIBILITY OF THE HOST

The SHO requires the Host take reasonable steps to prevent the consumption of alcoholic beverages by any minor at the gathering.

To be held responsible for a SHO violation, the Host must have knowledge of the prohibited activity. The Host shall be deemed to have actual or constructive knowledge that a minor has consumed an alcoholic beverage under either of the following conditions:

- (a) If the Host is present at the premises of the gathering at the time any minor consumes an alcoholic beverage; or,
- (b) If the Host has **not** taken all reasonable steps to prevent the consumption of alcoholic beverages by minors, as set forth in BMC §13.49.030(D):
 1. Controlling access to alcoholic beverages at the gathering.
 2. Controlling the quantity of alcoholic beverages at the gathering.
 3. Verifying the age of persons attending the gathering by inspecting driver's licenses or other government issued identification.
 4. Monitoring the activities of persons at the gathering.
 5. Monitoring the conduct of minors at the gathering.

Berkeley Police Department

Law Enforcement Services Manual

Social Host Ordinance

1200.8 PROCEDURES

To successfully enforce the SHO, the prohibited activity and the standards of ‘reasonableness’ and ‘knowledge’, as related to any criminal liability on the part of the Host(s), should be identified and evaluated. Therefore, investigating officers should:

- (a) Make observations and conduct interviews that clarify the factual circumstances of a gathering or event wherein minors may be consuming alcoholic beverages.
- (b) Request the assistance of additional officers, if available, to ensure officer safety and accomplish desired detentions.
- (c) Interview detainees to verify their identity and age, and explore how they gained access to the event and came into possession of an alcoholic beverage.
- (d) Note the presence or absence of anyone collecting money at the door or checking identification cards, etc.
- (e) Document all relevant observations (i.e., dozens of minors running around with red cups attempting to elude officers, several high school age or other minors detained with alcohol on their person or breath, etc.)

If any of the detainee(s) are determined to be under 21 years of age, determine if the Host took reasonable steps (as outlined above in 1200.7(b)) to control their access to alcoholic beverages. If the Host is determined not to have taken reasonable steps, he/she should be issued a citation for a violation of BMC §13.49.030, or if necessary, taken into custody for a misdemeanor violation.

1200.9 DOCUMENTATION

An investigation of a Social Host Ordinance (SHO) violation shall be documented on a case report.

Enforcement of the SHO does not preclude enforcement of other observed criminal violations.

A SHO violation may also constitute a violation of the “Second Response” Ordinance (BMC §13.48.040), see the Second Response Policy for further.

Taxicab Enforcement

1201.1 PURPOSE AND SCOPE

The Professional Standards Bureau has prepared this enforcement guide to provide assistance in identifying, and enforcing the Berkeley Municipal Code (BMC), and California Vehicle Code (CVC) as they apply to taxicabs being operated in the City of Berkeley. It is intended to serve as a general summary of ordinances that pertain to taxicab enforcement, but is not an exhaustive list of enforcement options (use of non-taxicab related CVC statutes, or Penal Code statutes). The codes are abbreviated for ease of reading, and to focus on codes that are reasonably enforceable by BPD officers. There are other administrative codes that govern taxicabs, but it would not be feasible for BPD officers to enforce these codes.

1201.2 GENERAL GUIDELINES

There are three classes of taxicabs operating within the City of Berkeley: permitted taxicabs, non-permitted taxicabs, and illegal taxicabs.

Permitted taxicabs have been inspected for safety, have paid fees to the City, and are operated by permitted drivers. They are required to follow City of Berkeley taxicab regulations.

Non-permitted taxicabs are those with permits issued by other cities. Some City of Berkeley requirements also apply to them, such as, for instance the requirement that they not obstruct the right of way.

Illegal taxicabs are those not allowed to operate at all, whether or not they do so in compliance with Ordinance.

Permitted taxicabs may use taxi stands and pick up customers in the City, but are not allowed to create their own taxi stands by waiting near exits to crowded venues such as University of California football games, concerts, etc. Non-permitted taxicabs are prohibited from taking on any customers within the City, or attempting to do so.

When enforcing violations of the Ordinance by non-permitted taxicabs, specifically whether they have picked up a customer in Berkeley, the investigating officer should question both the taxicab driver, and the passengers independently to ascertain where the customer was picked up.

The following are examples of a driver's permit and vehicle permit:

Berkeley Police Department

Law Enforcement Services Manual

Taxicab Enforcement

A permitted taxicab is required to have these two items in the vehicle (see below for further detail), and to have a business owner permit on file with the City. A BPD officer is not expected to investigate whether a taxicab operator has a business owner permit, but can refer this matter to the Code Enforcement Unit (see contact information at the conclusion of this policy), if the officer suspects the taxicab operator is not in compliance with this ordinance.

1201.3 AUTHORITY TO ENFORCE

9.52.170 Enforcement--Violation--Public Nuisance--Penalty.

1201.9 CONCLUSION

Code Enforcement Officers are also available during normal business hours to assist in investigations or provide guidance. The Code Enforcement Unit is located at 2180 Milvia St. (City Hall) on the first floor. The supervisor of the unit is Wanda Drouillard, and she can be reached at 981-2482, or by email at wdrouillard@cityofberkeley.info.

Officers should use the appropriate citation forms (moving citation or parking citation) to cite for BMC violations. The violations will be handled in Traffic Court as infractions.

Second Response

1202.1 BACKGROUND

In 1993, the Berkeley City Council stated,

“Due to inadequate supervision, some large gatherings of people, such as parties, frequently become loud and unruly to the point that they constitute a threat to the peace, health, safety, or general welfare of the public as a result of conduct such as one or more of the following: excessive noise, excessive traffic, obstruction of public streets or crowds who have spilled over into public streets, public drunkenness, the service of alcohol to minors, fights, disturbances of the peace, and litter.

The City of Berkeley is required to make multiple responses to such unruly gatherings in order to restore and maintain the peace and protect public safety. Such gatherings are a burden on scarce City resources and can result in police responses to regular and emergency calls being delayed and police protection to the rest of the City being reduced. In order to discourage the occurrence of repeated loud and unruly gatherings, the persons responsible for the public nuisance created by these gatherings should be fined.”

1202.2 THE ORDINANCE

Berkeley Municipal Code §13.48.020 states it shall be unlawful and a public nuisance to conduct a gathering, which incorporates the following criteria:

- Ten or more persons are involved;
- The event is occurring on private property; and,
- The gathering is occurring in a manner which constitutes a substantial disturbance of the quiet enjoyment of private or public property in a significant segment of a neighborhood, as a result of unlawful conduct.

Examples of such unlawful conduct may include the following: excessive noise or traffic, obstruction of public streets by crowds or vehicles, public intoxication, the service of alcohol to minors, public urination, fights, disturbances of the peace and littering. A gathering constituting a public nuisance may be abated by all reasonable means including, but not limited to, an order requiring the gathering be disbanded, and citation and/or arrest of any law violators under any applicable local laws and state statutes.

The Ordinance explicitly prohibits targeted enforcement against student housing. However, nothing in the Ordinance precludes the City from setting priorities in the use of its resources by employing the Ordinance against events that are the most disruptive, against properties at which disruptive events are held most often, or on the basis of other similar legitimate factors.

1202.3 EXHIBIT A

When the police intervene at a gathering which constitutes a nuisance under the Ordinance, a “Notice” must be prominently posted at the premises at which the nuisance occurred. The Notice, referred to in the Ordinance as an “Exhibit A,” states that the intervention by the police has been

Berkeley Police Department

Law Enforcement Services Manual

Second Response

necessitated as a result of a public nuisance caused by an event at the premises. The “Exhibit A” also indicates:

- The date and time of the police intervention;
- Any subsequent police intervention at the same premises within a one hundred twenty-day (120) period, including an intervention on the same day as the posting of the “Exhibit A,” shall result in civil penalties; and,
- Liability may fall upon any guests causing the public nuisance, all sponsors of the gathering, all residents of the premises, all persons in control of the premises, and all owners of the premises that reside on or adjacent to the premises or are present at the premises when the notice is posted.

The residents or persons in control of the property, if present, must be consulted regarding a location where the Notice can be conspicuously and securely posted. When consulted, those persons, as well as sponsors of the nuisance event, if involved in the decision, become responsible for ensuring that the “Exhibit A” is neither removed nor defaced. If either occurs, those responsible for the security of the notice become liable for a civil penalty of \$100.00, in addition to any other penalties which may be due under the Ordinance.

1202.4 EXHIBIT B

Should the police intervene at a premises with an active “Exhibit A”, a new notice shall be posted and a fine imposed against the property by means of an administrative citation. The new notice, referred to in the Ordinance as an “Exhibit B,” states that the intervention by the police has been necessitated as a result of a public nuisance caused by an event at the premises. The “Exhibit B” also indicates:

- The date and time of the police intervention;
- Whether the nuisance is the second, third, fourth, etc. at the premises within the last 120 days;
- The fine amount associated with the violation (second - \$750, third - \$1,500, fourth and subsequent violations - \$2,500);
- The 120 day period is extended another 120 days from the date of the “Exhibit B” posting;
- Liability may fall upon any guests causing the public nuisance, all sponsors of the gathering, all residents of the premises, all persons in control of the premises, and all owners of the premises that reside on or adjacent to the premises or are present at the premises when the nuisance occurs.

For every subsequent violation of the Ordinance, a new “Exhibit B” form shall be completed and posted. The residents or persons in control of the property, if present, must be consulted regarding a location where the Notice can be conspicuously and securely posted. When consulted, those persons, as well as sponsors of the nuisance event, if involved in the decision, become responsible for ensuring that the “Exhibit B” is neither removed nor defaced. If either occurs, those responsible

Berkeley Police Department

Law Enforcement Services Manual

for the security of the notice become liable for a civil penalty of \$100.00, in addition to any other penalties which may be due under the Ordinance.

1202.5 PROCEDURE - OFFICER

An officer responding to a “loud party”, “unruly gathering”, etc. type call for service should:

- (a) Contact the resident, person in control of the property, or event organizer, and determine if Ordinance enforcement is appropriate.
- (b) Complete an “Exhibit A” or “Exhibit B” form.
- (c) Confer with the resident, person in control of the property, or event organizer and identify a conspicuous and secure location to post the “Exhibit” form. Should the resident, person in control of the property, or event organizer decline to confer, the officer should choose an appropriate posting location and inform the parties present that removal or defacement of the notice within the 120 day period may result in a \$100.00 fine.
- (d) Post the duplicate copy of the Exhibit form at the premises and retain the original for the report.
- (e) Complete a Case Report and document the following information
 - Known complainant’s identification and report information;
 - Identification of parties responsible for the property hosting the gathering;
 - The overall condition and/or general environment of the premises;
 - The number of people involved at the gathering;
 - Whether or not alcohol was a factor;
 - Any traffic conditions affected by the gathering;
 - Any other information that may be relevant to the Ordinance violation; and,
 - The exact location the Exhibit form was posted.
- (f) Submit the report in AEGIS, route the original Exhibit form to Records Management and place a copy in the CSB mailbox to ensure proper administrative follow-up.

1202.6 REPEAT VIOLATIONS

Officers should be aware of what properties in their assigned area have been posted for Ordinance violation(s) and should monitor them for repeat violations within the prescribed term. If, within 120 days of the initial posting, an officer investigates another unruly gathering as described in the Ordinance, the officer should replace the Exhibit A posting with an Exhibit B, document their observations and actions on a new Case Report and forward a copy of the report CSB for administrative follow-up.

It is important to know that with each subsequent occurrence of a nuisance at a previously posted property, the 120 day “clock” resets. For example, if an address was initially posted on January

Berkeley Police Department

Law Enforcement Services Manual

Second Response

1st, and there was a reported violation on March 1st, the 120 day period restarts and would conclude, absent a subsequent violation, on June 28th. As such, knowing the date of the most recent documented Ordinance violation at a posted property will allow an officer to determine if the 120 day term is still in effect or has expired.

1202.7 CSB AREA COORDINATOR FOLLOW-UP PROCEDURES

- (a) An Area coordinator receiving a follow up request for a Second Response violation should: Ensure a Premise Alert has been entered into CAD for the subject property: Minimally, the CAD entry should include: the date/time the Exhibit form was posted; the name and phone number of the liable person(s) contacted; and, the location where the notice form was posted. Additionally, if regarding an Exhibit B, the alert should include the violation number (second, third, fourth, etc.) and the fine amount to be imposed against the property. Having this information available in CAD will help patrol officers enforce the Ordinance should they respond to subsequent loud, unruly parties during the 120 day period. Additionally, requesting the Communication Center staff to revise the CAD event description to "2nd Response" will help with event tracking and future administrative research efforts.
- (b) Mail a notice of the police intervention to the property owner(s): BMC 13.48.030(B) requires a notice of police intervention be mailed to the property owner(s) on file in the City's property tax assessment records. The notice is a letter from the responsible Area Coordinator along with a copy of the Exhibit form, which advises the property owner(s) that any subsequent event within 120 days on the same premises necessitating police intervention shall result in liability of the property owner for all penalties associated with such intervention as more particularly set forth in the Ordinance.
- (c) Set a three week follow-up inspection: The Area Coordinator should set a three week follow-up in order to conduct an initial inspection visit of the site to examine the Exhibit A posting. In the event the form has been removed, a new Exhibit A form shall be posted. Observed violations of the Ordinance and related enforcement actions must be documented in a supplemental report, which will support a demand for the prescribed civil fine.
- (d) Conduct additional inspections to ensure Ordinance compliance and document any subsequent violations on a Case Report.
- (e) Mail an Exhibit B notice letter for each subsequent violation: For each instance wherein an Ordinance violation is identified, the Area Coordinator is responsible for mailing an Exhibit B notice letter to the person(s) liable for the civil penalty.
- (f) Provide the City of Berkeley Finance Department with copies of all reports and letters associated with any Ordinance violation to facilitate billing of the responsible parties.

1202.8 CIVIL PENALTIES AND COLLECTION PROCEDURES

Civil penalties may be assessed against all persons liable for the City's intervention to abate a gathering deemed a public nuisance. The schedule of penalties is as follows:

Berkeley Police Department

Law Enforcement Services Manual

Second Response

- For a second violation of the Ordinance during the 120-day period, the penalty shall be the sum of \$750.
- For a third violation of the Ordinance response during the 120-day period, the penalty shall be the sum of \$1,500.
- For any subsequent violation of the Ordinance during the 120-day period, the penalty shall be the sum of \$2,500 for each intervention by police.

Billed by the Exhibit B form, all persons liable for applicable civil penalties will be directed to remit payment within thirty days of the letter's postmark to the City of Berkeley Finance Department, who will be responsible for collections. If payment is not received within the stated term, the bill will be deemed delinquent, and all persons liable for the penalties will be subject to accrued interest at the maximum legal rate, as well as an additional penalty of \$100.

1202.9 SUMMARY

A tool wielded to quell public nuisances, the "2nd Response" Ordinance can improve, if not restore, the quality of life in neighborhoods adversely affected by loud and unruly gatherings. This result cannot occur, however, unless the Ordinance is used effectively. Knowing the elements of the statute and the role the police officer plays in its enforcement will help ensure success. Make and document detailed observations in your report, post the Exhibit A form appropriately, and route the report package properly so the administrative effort that follows may be readily accomplished.

Smoking Ordinance

1203.1 BACKGROUND

Numerous studies have found that tobacco smoke is a major contributor to indoor air pollution and that breathing secondhand smoke can cause lung cancer in nonsmokers. Those who are at special risk include elderly people, individuals with cardiovascular disease and individuals with impaired respiratory function, including asthmatics and those with obstructive airway disease. Other health hazards induced by breathing secondhand smoke include lung cancer, heart disease, respiratory infection, decreased respiratory function, broncho-constriction and broncho-spasm.

1203.2 PURPOSE

This policy describes the City of Berkeley Ordinance regarding smoking restrictions and tobacco control policies, and the expanded locations at which smoking is prohibited. The Berkeley City Council's findings are included as background and rationale for the Ordinance, and to promote an understanding of enforcement recommendations.

1203.3 SMOKING POLLUTION CONTROL ORDINANCE

1203.3.1 LEGISLATIVE INTENT

The intent of the City Council in enacting this Ordinance was to:

- (a) Protect public health and welfare by prohibiting smoking in public places, places of employment, and specially designated public play areas where small children are at risk of choking on or ingesting cigarette butts and other toxic tobacco litter;
- (b) Guarantee the rights of nonsmokers to breathe smoke-free air, and to recognize that the right to breathe smoke-free air shall have priority over the desire to smoke; and,
- (c) Promote self-enforcement through educational outreach regarding smoking prohibitions.

1203.3.2 DEFINITIONS

"Smoke" or "smoking" means and includes either (1) inhaling or exhaling upon, burning, or carrying any lighted smoking equipment for tobacco, nicotine or any other plant or product used for personal habit commonly known as smoking or (2) inhaling or exhaling upon, vaporizing, or otherwise using any electronic smoking device.

"Electronic smoking device" means an electronic and/or battery-operated device, the use of which may resemble smoking, which can be used to deliver an inhaled dose of nicotine or other substances, including but not limited to any device manufactured, distributed, marketed, or sold as an electronic cigarette, an electronic cigar, an electronic cigarillo, an electronic pipe, an electronic hookah, or any other product name or descriptor. "Electronic smoking device" does not include any product specifically approved by the United States Food and Drug Administration for use in the mitigation, treatment, or prevention of disease.

Smoking Ordinance

- See BMC §12.70.030 and 12.70.035 for more affected locations.

Appendix A offers maps specifying commercially zoned areas.

1203.3.4 PLACES NOT REGULATED BY ORDINANCE

The Ordinance does not regulate smoking in retail tobacco stores or private residences, unless the residence is used as a child or health care facility. Notwithstanding this exemption, the owner or person in control of the business may designate the entire establishment as nonsmoking.

1203.3.5 SMOKING MEDICAL CANNABIS AT DISPENSARIES

Notwithstanding anything to the contrary in this Ordinance, the inhalation of medical cannabis through the use of an electronic smoking device inside a dispensary and on the public right of way within 50 feet of such a Dispensary, by a member of that dispensary, is not prohibited by this Chapter. (Ord. 7369-NS § 3, 2014)

1203.3.6 VIOLATIONS AND PENALTIES

Set forth in BMC §12.70.110, any person who violates the provisions of this Ordinance shall be guilty of an infraction and subject to fine. The following subsections describe particular unlawful activity:

- (A) It shall be unlawful for any person who owns, manages, operates or otherwise controls the use of any premises subject to the restrictions of this Ordinance to fail to comply with its provisions.
- (B) It shall be unlawful for any person to smoke in any area where smoking is prohibited by the provisions of this Ordinance.

1203.4 ENFORCEMENT

The Ordinance states, “any owner, manager, operator or employee of any establishment controlled by this [Ordinance] shall have the right to inform persons violating this [Ordinance] of the appropriate provisions thereof.” Similarly, private citizens may “bring legal action” to enforce this Ordinance. Officers should be responsive to public requests for law enforcement assistance.

Keeping with the Council’s intent, gaining compliance through education and responsible party cooperation is the preferred method of enforcement. In most cases, advice and a warning should prove sufficient to resolve the complaint. Enforcement of this Ordinance is not intended to consume an inordinate amount of an officer’s time and should not be considered a high priority.

In some instances, however, the issuance of a citation may be necessary. For example, citing a chronic violator who has disregarded repeated warnings may be appropriate in order to abate a violation and convey the desired public health message. Similarly, a community member reporting an Ordinance violation may be insistent that a citation be issued. In such cases where the reported offense is observed by the investigating officer, a citation may be written.

Chapter 13 - Surveillance Technology

Surveillance Use Policy - Body Worn Cameras

1300.1 PURPOSE

This Surveillance Use Policy is issued in compliance and fulfills the requirements of Berkeley Municipal Code (BMC) Chapter 2.99, and incorporates by reference language from the Berkeley Police Department Body Worn Camera Policy #425- Body Worn Cameras and adds elements as required by BMC Chapter 2.99. Guidelines, procedures, and practices for the use of Body Worn Cameras by members of the Berkeley Police Department while in performance of their duties are fully set forth in the Berkeley Police Department Law Enforcement Manual Policy 425- Body Worn Cameras.

The Berkeley Police Department recognizes that video recording of contacts between department personnel and the public provides an objective record of these events, and that the use of a recording system complements field personnel in the performance of their duties by providing a video record of enforcement and investigative field contacts, which can enhance criminal prosecutions, limit civil liability, increase transparency, and enhance professionalism in the delivery of police services to the community. A video recording of an event or contact also enables the delivery of timely, relevant, and appropriate training to maximize safety for both community members and BPD personnel. (Ref. policy 425.2)

1300.2 AUTHORIZED USE

This policy is not intended to describe every possible situation in which the BWC should be used. Members shall activate the BWC as required by this policy in (a)-(f) below, and may activate the BWC at any time the member believes it would be appropriate or valuable to record an incident within the limits of privacy described herein.

The BWC shall be activated in any of the following situations:

- (a) All in-person enforcement and investigative contacts including pedestrian stops and field interview (FI) situations.
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops.
- (c) Self-initiated field contacts in which a member would normally notify the Communications Center.
- (d) Any search activity, including the service of search or arrest warrants; probation, parole, or consent searches where the member is seeking evidence of an offense, or conducting a safety sweep or community caretaking sweep of the premises. Once a location has been secured and the member is not interacting with detainees or arrestees, the member may mute their BWC when conducting a search for evidence.
- (e) Any other contact that the member determines has become adversarial after the initial contact in a situation where the member would not otherwise activate BWC recording.

Berkeley Police Department

Law Enforcement Services Manual

Surveillance Use Policy - Body Worn Cameras

- (f) Transporting any detained or arrested person and where a member facilitates entry into or out of a vehicle, or any time the member expects to have physical contact with that person.

At no time is a member expected to jeopardize his or her safety in order to activate a BWC. The BWC should be activated by members in anticipation of situations described above, and in any unanticipated, rapidly unfolding situation where activation becomes required, as soon as the member can do so safely.

Members should activate their BWC when conducting custodial interviews unless there are other recording devices being used. Members shall document and explain in their report the reason for not recording custodial interviews, should a BWC be de-activated while conducting a custodial interview or interrogation. (Ref. policy 425.7)

1300.2.1 PROHIBITED USE

Members are prohibited from using a department-issued BWC for personal use and are prohibited from making personal copies of recordings.

Members are prohibited from retaining BWC recordings. Members shall not duplicate or distribute such recordings, except for department business purposes. All such recordings shall be retained at the Department.

Recordings shall not be used by any member for the purpose of embarrassment, intimidation or ridicule. (Ref. policy 425.13)

1300.3 DATA COLLECTION

BWC use is limited to enforcement and investigative activities involving members of the public. The BWC recordings will capture video and audio evidence for use in criminal investigations, administrative reviews, training, civil litigation, and other proceedings protected by confidentiality laws and department policy. Improper use or release of BWC recordings may compromise ongoing criminal and administrative investigations or violate the privacy rights of those recorded and is prohibited. (Ref. policy 425.3)

1300.4 DATA ACCESS

Members are authorized to review their own BWC video files at any time in furtherance of official business. Such official business includes, but is not limited to, preparing written reports, prior to or while providing testimony in a case or being deposed. Members may review recordings as an evidentiary resource, except as stated in subsection 1300.4.1 below. Pursuant to 1300.2.1, members shall not retain personal copies of recordings. Members shall not use the fact that a recording was made as a reason to write a less detailed report. (Ref. policy 425.17)

1300.4.1 OFFICER INVOLVED INCIDENTS RESULTING IN GRAVE BODILY INJURY OR DEATH

- (a) In the event of a critical incident that results in grave bodily injury or death, including an officer-involved shooting or an in-custody death, the BWC of the involved member(s)

Berkeley Police Department

Law Enforcement Services Manual

Surveillance Use Policy - Body Worn Cameras

shall be taken from them and secured by a supervisor, commander, or appropriate investigator, as necessary. The involved member(s) shall not access or obtain their footage of the incident until such time as the criminal investigator(s) have reviewed the video files. It will be the responsibility of the investigation team's supervisor to coordinate with the involved member's supervisor to obtain footage of the incident on behalf of the member.

- (b) Personnel uploading secured BWC video files shall not view the files unless authorized.
- (c) No member involved in a critical incident may view any video recordings prior to an interview by the appropriate criminal investigative unit, and receiving command approval.
- (d) Prior to the conclusion of the criminal interview process, the involved member and/or the member's representative will have an opportunity to review the member's recording(s). The involved member may choose to provide additional information to supplement his or her statement by providing a supplemental statement or separate supplemental document. In no case shall a member alter a report made prior to reviewing the recording. Where both an original statement and supplemental statement or document have been produced, both the original statement, without alteration, and the supplemental statement or document shall be included in the report.
- (e) The Department acknowledges that recordings taken during critical incidents obtained from BWCs do not necessarily reflect the full extent of the nature of the event or the experience, analysis, training, threat assessment or state of mind of the individual officers(s) in a given incident. Moreover, the recordings, especially video, have limitations and may depict events differently than the events recalled by the involved officer. Specifically, it is understood that the recording device will capture information that may not have been heard and/or observed by the involved officer and that officers may see and hear events that are not captured by the camera.

Officers who are involved in any critical incident where video recordings exist depicting the involved officer, either as a subject officer or witness, shall be provided the following admonishment to the initial interview or submission of the initial written report:

"In this case, there is video evidence that you will have an opportunity to view. Video evidence has limitations and may depict the events differently than you recall, and may not depict all of the events as seen or heard by you. Video has a limited field of view and may not capture events normally seen by the human eye. The "frame rate" of video may limit the camera's ability to capture movements normally seen by the human eye. Lighting as seen on the video may be different than what is seen by the human eye. Videos are a two-dimensional medium and may not capture depth, distance or positional orientation as well as the human eye. Remember, the video evidence is intended to assist your memory and ensure that your statement(s) explains your state of mind at the time of the incident." (Ref. policy 425.17.1)

1300.4.2 SUPERVISORY REVIEW

With the exception of section 1300.4.1 above, supervisors are authorized to review relevant recordings any time they are reviewing and approving case reports from their subordinates. (Ref. policy 425.17.2)

1300.4.3 INVESTIGATORY REVIEW

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct, or whenever such recordings support review of the member's performance. (Ref. policy 425.17.3)

(a) Recorded files may also be reviewed:

1. Upon approval by a supervisor, by any member of the Department who is participating in conduct of an official investigation, such as a personnel complaint, an administrative investigation or a criminal investigation.

3. By personnel assigned to investigatory units who are authorized to view any BWC video file associated to their active investigations, unless otherwise prohibited by policy.
4. Upon approval by the Chief of Police, Internal Affairs investigators may review BWC video with a complainant.
5. Pursuant to 1300.9, access to recordings will be granted to the Police Review Commission Officer and/or Investigator investigating a specific complaint where BWC evidence files are available, and are not part of any ongoing criminal investigation of an officer.

(b) Investigators conducting criminal or internal investigations shall:

1. Advise the coordinator to restrict access to the BWC file in criminal or internal investigations, as necessary.
2. Review the file to determine whether the BWC file is of evidentiary value and process it in accordance with established protocols.
3. Notify the coordinator to remove the access restriction when the criminal/internal investigation is closed.

1300.4.4 TEACHING OR LEARNING TOOL

BWC files may also be reviewed by training staff regarding specific incidents where such files may serve as an internal learning or teaching tool. In the event that videos are intended to be used for training purposes, the involved officer(s) will first be consulted. If he/she objects to the use of the video, such objection shall be submitted to the person in charge of training who shall weigh the value of the video for training against the officer(s) objections and basis for the objection. Should the person in charge of training refuse to grant the request of the involved officer(s), the matter shall be heard by the Chief of Police, or his/her designee, prior to utilizing the video. (Ref. policy 425.17.4). Any member(s) of the public that appears in video footage used for outside training

purposes (e.g. if video footage is shown by an authorized member of the Police Department for training purposes outside of the Berkeley Police Department such as at a conference or other training), to the extent feasible, will be blurred out or redacted in a manner to protect the privacy rights of those involved in the incident.

1300.4.5 COB CIVIL CLAIMS AND LAWSUITS

BWC recordings may be reviewed and used by City of Berkeley counsel for civil claims and lawsuits. (Ref. policy 425.17.5)

1300.5 DATA PROTECTION

To assist with identifying and preserving data and recordings, members shall tag and download recordings in accordance with procedure, and document the existence of the recording in the related case report. Transfers must occur at the end of the member's shift, and any time the member is aware that the storage capacity of the BWC is nearing its limit. In circumstances when the officer cannot complete this task, the officer's supervisor shall immediately take custody of the BWC and be responsible for uploading the data. Officers shall tag each file with the appropriate case/incident number, provide a descriptive title, and select an appropriate category for each recording, using the Axon View app or via the Evidence.com site.

Members are prohibited from intentionally erasing, altering, reusing, modifying or tampering with original audio video recordings.(Ref. policy 425.14)

1300.6 CIVIL LIBERTIES AND RIGHTS PROTECTION

The Berkeley Police Department's mission is to safeguard our diverse community through proactive law enforcement and problem solving, treating all people with dignity and respect. The Berkeley Police Department recognizes the need to protect its ownership and control over shared information and to protect the privacy and civil liberties of the public, in accordance with federal and state law and City of Berkeley rules and regulations. The procedures described within this policy (Data Access, Data Protection, Data Retention, Public Access and Third Party Data Sharing) protect against the unauthorized use of BWC data. These policies will ensure the data is not used in a way that would violate or infringe upon anyone's civil rights and/or liberties, including but not limited to potentially disparate or adverse impacts on any communities or groups.

1300.7 DATA RETENTION

The Department shall retain all recordings for a minimum of 60 days. Incidents involving consensual contacts, and aid to citizens will be retained for six months, and cold reports will be retained for one year. Circumstances where this might arise in video include footage taken inside a home, a medical facility, the scene of a medical emergency, or where an individual recorded has a "reasonable expectation of privacy."

In the event that the Police Department or City intends to release or publish for any purpose video recordings where officers are captured on video or the video depicts actions taken by them in the course of the performance of their official duties, those officers shall be given written notice of the intention to release or publish said video at least 48 hours prior to such release.

RULE: Law enforcement may seize a digital device to prevent the destruction or loss of evidence pending

an application for a search warrant.

Berkeley Police Department

2021 Legislative Update

1502.19 CASE LAW: FOURTH AMENDMENT: DETENTION OF SUSPECT ON FOOT

(2019) 38 Cal.App.5th 617: Can a person be detained solely based on the facts that they are in a high-crime area and fled from law enforcement?

RULE: Flight from a high-crime area is not sufficient, on its own, to establish a reasonable suspicion to detain.

1502.20 CASE LAW: DETENTION VIA VEHICLE STOP

(2020) 53 Cal.App.5th 89: Was a suspect detained when an officer made a U-turn, parked 15-20 feet behind the suspect's legally parked car, turned his spotlight onto the suspect's car, and immediately got out and approached?

RULE: When an officer parks a marked patrol car behind a legally parked car and illuminates the car with a spotlight, the driver may well feel he or she is "the object of official scrutiny," but such directed scrutiny does not amount to a detention.

1502.21 CASE LAW: FOURTH AMENDMENT: REASONABLE SUSPICION FOR VEHICLE STOPS

(2020) 140 S.Ct. 1183: If an officer runs a license plate and learns that the registered owner's driver's license was suspended or revoked, may the officer stop the vehicle to confirm that the driver was the registered owner and, therefore, citable?

RULE: If the registered owner's license of a vehicle has been revoked or suspended, a vehicle stop is reasonable unless the officer has information (e.g., wrong sex or wrong race) negating the inference that the owner is the driver.

1502.22 CASE LAW: FOURTH AMENDMENT: VEHICLE SEARCH- MARIJUANA, PROBABLE CAUSE, AND THE AUTOMOBILE EXCEPTION

(2019) 45 Cal.App.5th Supp. 1: May officers search a vehicle upon finding cannabis flower in a closed container in the center console of a vehicle?

RULE: (1) Automobile exception permitting warrantless search applies when there is probable cause to believe evidence of a crime or contraband may be found; (2) Veh. Code, § 2322 prohibits possession of loose cannabis flowers "not in a container" while driving a motor vehicle.

2. FACTS: An officer conducted a traffic stop; Def. was driver. Officer noticed a strong smell of marijuana, both fresh and burnt, coming from his car. The officer asked Def. if he had marijuana, and he stated that he had "some bud" in the center console. The officer searched the car and discovered 1.14 grams of "dried flower" marijuana in a closed tube in the center console. Upon further search, the officer discovered a loaded pistol under the driver's seat.

3. HELD: Reversed. Vehicle Code, § 23222 prohibits the possession of "loose cannabis flower not in a container" while driving a motor vehicle. Because Def. possessed cannabis flower in a closed container, the possession was lawful and could not be relied upon to justify the search.

Berkeley Police Department

Law Enforcement Services Manual

2021 Legislative Update

Absent the discovery of the cannabis, there was no probable cause to search the vehicle under the automobile exception, and the firearm would not have been inevitably discovered.

1502.23 CASE LAW: FOURTH AMENDMENT: VEHICLE SEARCH- MARIJUANA, PROBABLE CAUSE, AND THE AUTOMOBILE EXCEPTION

(2020) 53 Cal.App.5th 796: Did officers have probable cause to search the vehicle after observing, in plain view, an open container of marijuana?

RULE: The presence of an unsealed bag of marijuana plainly visible on a passenger's person constitutes probable cause to search the vehicle, including containers.

2. FACTS: Officers initiated a traffic stop of the car Def. was driving for expired registration. After Def. pulled over, one officer approached the driver's side of the car and encountered Def., while his partner approached the passenger's side and encountered a female passenger. As they approached the car, both officers noted the scent of unburned marijuana. When asked about the scent, Def. denied having any marijuana in the car; however, the officer speaking with the female passenger saw an unsealed bag of marijuana in her cleavage. The officers searched the vehicle. On the passenger floorboard was a zipped purse, and inside was a loaded handgun. After warnings, Def. (a felon) admitted the gun was his and that he had placed it in the passenger's purse when he saw the officers behind his car.

3. HELD: Conviction affirmed. The search of the vehicle, including the passenger's purse, was justified pursuant to the automobile exception. While the mere presence of a lawful amount of marijuana is not sufficient to establish probable cause to search under the automobile exception, and there must be some additional evidence of illegality, here there was sufficient additional evidence because the officer observed an open container on the passenger's person (and possession of an unsealed or open container of marijuana in a vehicle is still illegal, no matter the amount). The presence of this contraband provided probable cause to believe the passenger possessed other open containers, and therefore the officers had probable cause to search the passenger and the vehicle for further evidence of contraband.

1502.24 CASE LAW: FOURTH AMENDMENT: VEHICLE SEARCH- MARIJUANA, PROBABLE CAUSE, AND THE AUTOMOBILE EXCEPTION

(2019) 40 Cal.App.5th 853: Does the seizure of a small amount of marijuana from Def.'s person constitute probable cause to search a vehicle? When may law enforcement impound a vehicle when a driver's license is suspended?

RULE: The warrantless search of a vehicle is allowed: (1) under the automobile exception when there is probable cause to believe evidence of a crime or contraband may be found; or (2) during a vehicle inventory properly conducted in the course of impounding an automobile. A vehicle may be impounded only if it serves a community caretaking function.

2. FACTS: When Def. failed to produce a license after a traffic stop and exiting the vehicle, officers conducted a pat-down search and found a small amount of marijuana and cash in Def.'s

2021 Legislative Update

pocket. When the officer began to handcuff him, Def. tensed up and leaned back in the car to tell something to his passenger. The officers learned that Def. was driving on a suspended license. They handcuffed Def., detained the passenger, and proceeded to search Def.'s car, telling Def. they were going to impound the vehicle due to his suspended license. During the search, officers found cocaine, a gun, and indicia of drug sales. Def. was charged with drug-and-weapon-related offenses and moved to suppress the evidence. The prosecution argued that the search was justified as an automobile search and a vehicle inventory prior to its impound.

3. HELD: Reversed. The officers lacked probable cause under the automobile exception. Finding a small (legal) amount of marijuana and money on Def. did not provide a reasonable basis to believe contraband would be found in the car. There was no evidence that would cause a reasonable person to believe the Def. had more marijuana than the legal amount he possessed (e.g. no odor, open container, or signs of illegal sales activity).

The decision to impound the vehicle was not justified because no community caretaking function was served by impounding the car. The car was parked in or next to an apartment complex. It was not blocking a roadway, the sidewalk, or a driveway. And the trial court reasonably found the officer's primary motive was to investigate, rather than inventory, the car.

- A motive to impound the vehicle was belied by how the search was conducted and the officer's repeated questions to Def. about whether there was anything illegal inside the vehicle. The officer who performed the search did not complete a required San Diego Police Department form (ARJIS-11) for towing and impound. And he did not assist the officer who ultimately completed the vehicle inventory (after discovery of the contraband).
- Although the Vehicle Code authorizes law enforcement to impound a car when a person is found to be driving on a suspended license, "the fact that an inventory search is authorized is not determinative of the search's constitutionality."

7. Participation in a law enforcement gang. For the purpose of this paragraph, a "law enforcement gang" means a group of peace officers within a law enforcement agency who may identify themselves by a name and may be associated with an identifying symbol, including, but not limited to, matching tattoos, and who engage in a pattern of on-duty behavior that intentionally violates the law or fundamental principles of professional policing, including, but not limited to, excluding, harassing, or discriminating against any individual based on a protected category under federal or state anti-discrimination laws, engaging in or promoting conduct that violates the rights of other employees or members of the public, violating agency policy, the persistent practice of unlawful detention or use of excessive force in circumstances where it is known to be unjustified, falsifying police reports, fabricating or destroying evidence, targeting persons for enforcement based solely on protected characteristics of those persons, theft, unauthorized use of alcohol or drugs on duty, unlawful or unauthorized protection of other members from disciplinary actions, and retaliation against other officers who threaten or interfere with the activities of the group.
8. Failure to cooperate with an investigation into potential police misconduct, including an investigation conducted pursuant to this chapter. For purposes of this paragraph, the lawful exercise of rights granted under the United States Constitution, the California Constitution, or any other law shall not be considered a failure to cooperate.
9. Failure to intercede when present and observing another officer using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances, taking into account the possibility that other officers may have additional information regarding the threat posed by a subject.

MEMORANDUM

Date: February 24, 2021
To: Communications Center Personnel
From: Captain J. Louis #C2 *JL C-2*
Subject: Captain's Instruction: Call-Taking

This Captain's Instruction on the Call-Taking procedure now includes a section on profiling by proxy. This instruction is effective immediately pending an update into the Communications Center Operations Manual.

CALL TAKING

SCOPE

The function of the Dispatcher working call taking is to provide 24 hour a day service to the public for information as well as routine or emergency assistance. Dispatchers shall follow these standardized procedures and expectations for call processing.

CALL TAKER EXPECTATIONS

1. **CONTROLLING THE CALL: Where, What, When, Weapons, Who:** The call taker should maintain control of the call in order to receive the answers to the most important questions in the shortest period of time.
2. **VERIFICATION AND ACCURACY: Verify details that are received through the initial line of questioning:** The call taker will use active listening and repeat back to the caller the information he/she provided in order to confirm the documented details.
3. **COMPASSION AND PATIENCE**
 - a. **Help the caller understand what is happening:** The call taker will use a firm yet reassuring tone of voice with the caller, stating that you are going to help and will need to ask a number of questions in order to do so.
 - b. **Commit the caller to staying on the line and working with you as long as it is safe to do so:** The call taker will state that it is very important for the caller to remain on the line as long as it is safe to do so, and to provide the best information possible in response to the questions being asked. The call taker will inform the caller that there will be some moments of silence or side conversations with other Dispatchers as the details are being entered, they are not being ignored, nor ending the call, and not to hang up during these periods.
 - c. **Explain what will happen next:** The call taker will remain on the line with the caller as long as practicable to continue information gathering. However, if it is necessary to end the call the call taker will advise the caller a call for service request has been completed. If the caller asks when officers might arrive, the call taker may state they cannot estimate the time and there may be delays due to higher-priority calls or high call volume.
4. **PROFESSIONALISM: Speak calmly and clearly and with enough volume for the caller to hear you.** The call taker should project authority, yet portray understanding and empathy through a steady and reassuring tone. Speak in clear and understandable terms; do not use departmental codes or jargon.

5. **RESPECT:**
- a. **Do not demonstrate an argumentative demeanor**, and do not question the integrity or validity of the caller or the reported incident. What may appear improbable or unlikely upon first report may in fact be what has occurred.
 - b. **Do not use sarcasm or diminish the caller's perceived importance/urgency of the reported situation. Do not patronize the caller.** All callers should be treated with understanding and dignity, regardless of how well they can articulate or explain what has occurred and/or how well they are able to cooperate/comply with the call intake process.

PROCEDURE FOR INFORMATION GATHERING

The call taker shall obtain the basic information from the caller using the **5 W's format (Where, What, When, Weapons, Who)**, as well as any secondary questioning necessary to provide pertinent information. When appropriate, the call taker may ask callers near the end of the call if there is anything they would like to add. All information must be documented in the narrative window of the CAD mask.

1. **WHERE (Location):** The call taker will make every attempt to enter an accurate location of **where** the Incident occurred into the CAD call mask.

The call taker shall request the exact location of the incident (structure addresses, intersections).

If the specific location is unknown, the call taker shall request landmarks or estimated proximity to landmarks.

The call taker will tell the caller and any witnesses to remain at their current location (unless determined unsafe) until officers arrive.

Address Verification. The call taker shall verify all addresses reported. This can be accomplished by matching the ALI display, repeating the address, and/or enunciating each digit of the address.

2. **WHAT (Nature of the Incident):** The call taker will question the caller in order to ascertain **what** happened.

Determine the appropriate call type.

Ask the caller if there are injuries or if anyone requires medical attention. If **medical attention is required, copy call to Fire, document the nature of the injuries and status of scene security in the call's narrative.** If there are injuries and no police response is required, the call taker will then transfer the caller to ACCREC for pre-arrival instructions (ref. EMD policy).

3. **WHEN (Time of Occurrence):** The call taker will question the caller to ascertain **when** the incident occurred. The call taker will determine if the incident is in-progress, just prior, or a cold report.

In Progress: Incidents occurring now or within past 2 minutes

Just Prior: Incidents occurring 2-10 minutes prior or incidents occurring more than 10 minutes prior and the responsible is still on scene or in the area.

Cold Reports: Incidents occurring more than 10 minutes prior and the responsible is no longer in the area.

If the call type is a priority 1 or 2 and the incident is in-progress, just prior (10 minutes or less), or if the suspect is still on scene, the call taker will make the call "**ready for dispatch**" as soon as practicable after the incident location is verified and the call type is determined.

4. **WEAPONS (First Responder/Citizen Safety Hazards):** The call taker will ascertain if there are any weapons involved or other potential on-scene hazards.

Weapons: The call taker will ask the caller if any weapons were seen, simulated or threatened.

Intoxicated or Mentally Disturbed Subjects: The call taker will ask secondary questions when a caller reports a subject behaving erratically or unusually.

The call taker will ask the caller if there are any other on-scene **hazards** that could potentially harm responding units.

5. **WHO (Descriptions of Involved Subjects):** The call taker will attempt to obtain full subject descriptions using the following questioning sequence:

Race and/or Complexion; Gender; Age (or Approximate); Height, Weight, Hair/Facial (Color, length, style); Eyes (Glasses); Headwear; Coat; Shirt/Dress; Pants/Shorts/Skirt; Shoes; and Other Distinctive Features

For in-progress or just prior priority 1 and 2 calls, the call taker will ascertain whether the subject is still in sight or if they have left the scene. If the subject has left the scene, the call taker will first ask the caller for the direction of travel, time element and a description of the method of transportation (i.e. foot, vehicle, or bicycle). The call taker will enter this information as soon as practicable into the narrative.

The following order should be used to document descriptions of **transportation methods**:

1. **Vehicles:** The call taker will use the CYMBAL format (Color, Year, Make, Body type, Additional Characteristics, License plate) to ask the caller for a description of a vehicle. The call taker will also ask the number of occupants, position of suspect (i.e. Driver, front or rear seat passenger) and direction of travel.
2. **Bus:** The call taker will ask the caller the Bus Company, coach number, route number and direction of travel.
3. **BART:** The call taker will ask the caller the BART station name, platform information and train destination information (i.e. Richmond, Fremont, San Francisco) and train direction
4. **Bicycle:** The call taker will ask the caller the bike color, type, brand (i.e. Black, mountain bike, Diamondback) and direction of travel.

PROFILING BY PROXY

Bias, racism or profiling by proxy occurs in a call for service when an individual calls the police and makes false or ill-informed claims about persons they dislike or are biased against. Dispatchers and Officers have a role in mitigating bias-based calls for service (CFS), and proper handling of these calls is important to maintain and build trust between the police and the community.

Call takers have a responsibility to do an initial screen and triage of all calls to ensure they are accurately entered as the correct CFS with the appropriate priority attached. Call takers should ask questions and explore whether there are concrete, observable behaviors that form the basis of the suspicious activity or crime the RP is reporting. Calls for service (CFS) should focus on behaviors of involved parties, not appearance. Reports of suspicious activity require the reporting party (RP) to articulate something criminal or reasonably suspicious about a person's behavior.

If a Call Taker believes an RP is making a bias-based call for service, they should:

1. **Create a call for service,**
2. **Enter the details** provided by the RP in the call narrative
3. **In the Nature of Call field enter: "Supervisor review required"** which will ensure that the call is not ready for dispatch, and
4. **Notify the on duty supervisor.** Supervisor will review the merits of the call for service and either approve for dispatching or notify a Watch Commander (or designee)
5. **Watch Commander** will determine if a response will be provided and/or follow-up with the RP for more information.

Outside Employment AR2-10.pdf

CITY OF BERKELEY ADMINISTRATIVE REGULATIONS

A.R. NUMBER:	2.10
ORIGINAL DATE:	1/1/95
POSTING DATE:	11/17/05
PAGE	1 OF 6 PAGES

SUBJECT: Outside Employment – All Employees Except the Deputy City Manager, Assistant City Managers and Department Directors

PURPOSE

The purpose of this policy is to:

1. Define outside employment; and
2. Identify who is affected by the policy; and
3. Outline the procedure to follow when a City of Berkeley employee seeks approval for outside employment.

POLICY

City Manager approval is required for all outside employment. Full-time City employees may not carry on, concurrently with their public service, any private business or undertaking, attention to which affects the time or quality of their work, or which casts discredit upon or creates embarrassment for the City government, including causing a perceived or real violation of internal controls. Written authorization to engage in any outside employment or gainful occupation must be approved, in advance, by the department director and City Manager, based upon written request of the employee.

Employees who engage in outside employment in violation of this administrative regulation may be disciplined, up to and including termination. This same standard also applies to other public service. Note: Policies affecting Department directors are to be found in Resolution Nos. 47,567, and 47,761 and A.R. 2.9.

DEFINITION OF OUTSIDE EMPLOYMENT

Outside employment includes self-employment and employment by others.

- a. Self Employment
Includes the offering for sale of goods or services on a regular or periodic basis or by contract as an independent contractor. Self-employment does not include the management of one's own investments.
- b. Employment by Others
Means the creation of an employer-employee relationship between the employee and an employer other than the City of Berkeley. An employer-employee relationship is considered to be established when the employee does not have individual control over

when, where, or how he/she works.

c. Exclusions from Outside Employment

Outside employment as defined above does not include those periodic services such as making speeches, which an employee may be called upon to perform by various outside groups for which an honorarium or expense is paid. Under normal circumstances, non-paid, voluntary involvement would not constitute employment under this policy. However, the City is under no obligation to honor volunteer commitments an employee may make prior to or during employment with the City.

d. Disclosure

Each City employee in the regular career service must, within 30 days of the effective date of this regulation, disclose to his or her supervisor whether he or she is employed outside of their City employment and seek approval by the City Manager, pursuant to this regulation. Any City employee hired after the effective date of this A.R. must disclose at the time of hire if he or she is, or expects to be, otherwise employed. Approval is required and employees may be directed to cease his or her outside employment, as a condition of continued employment with the City of Berkeley. Any City employee hired after the effective date of this A.R. must obtain written approval prior to engaging in any outside employment or gainful occupation by the department director and City Manager. Except that for the purpose of this A.R. an employee is not considered to be "otherwise employed" when hired, if he/she will cease the other employment within 30 days of beginning to work for the City.

e. Prohibited Outside Employment

The City will consider the following factors to determine whether an employee's proposed outside employment will be prohibited:

- 1) The employment involves the use for private gain or advantage of his/her City of Berkeley time, facilities, equipment and supplies, or badge, uniform, prestige, or influence of his or her position with the City; or
- 2) The employment involves receipt or acceptance by the employee of money or consideration from an employer, other than the City of Berkeley, for the performance of duties, which fall within the normal course of his/her assignment with the City; or
- 3) The employment involves the performance of an act in other than his/her capacity as a City of Berkeley employee, which act may later be subject directly or indirectly to the control, inspection, review, audit or enforcement by a representative of the City of Berkeley; or
- 4) The employment involves the time or other demands as would render performance of his/her duties as a City of Berkeley employee less efficient; or
- 5) The employment creates any real or perceived conflict of interest with his/her duties as a City of Berkeley employee, or in any way violates the internal controls of the

City government.

PROCEDURE

City employees engaged in outside employment, as defined above, are required to seek approval. Attachment 1 to this regulation is provided for that purpose.

- Step 1. Complete the attached form and submit to your department director.
- Step 2. Department director sends form to General Services Manager for determination of whether outside employer has business relationship with the City. General Services Manager signs and returns form to department director (should be completed within five (5) days).
- Step 3. Upon receipt from General Services, the department director completes the Recommendation section and sends form to Human Resources Department for review. Human Resources forwards form to City Manager for approval or disapproval. (Should be completed by department head within five (5) days and by Human Resources/City Manager within five days)
- Step 4. If approved or disapproved by City Manager, Human Resources Department files original copy of request form in the employee's personnel file.
- Step 5. Employee is required to submit a revised request form if there are any changes in the conditions of the approved outside employment; or to notify the department director if the outside employment has been terminated.

Outside Employment for Sworn Police Personnel

In addition to the policies and procedures described above for all City employees, sworn police employees must obtain written permission of the Police Chief to work in any outside employment that makes use of the skills and knowledge accrued to the employee by benefit of being employed as a sworn police officer. Because of the potential liability exposure that may accrue to the City, the Police Chief, or its officers and employees, the Police Chief has the right to refuse/deny/revoke applications for employment by sworn police officers working in an extra-duty capacity.

Sworn Police employees interested in working in outside employment are required to submit a written memorandum, directed to the Police Chief via the Administrative Division Captain describing the following:

- a. Full description of the outside employment, including terms and conditions of employment,
- b. Expected duration of the outside employment,
- c. The name, address and telephone number of the employer.

The Police Chief may deny any employment that may cause a conflict of interest for the City or the

Police Department, embarrassment to the City or the Police Department or conflict with the policy of the City for outside employment, as described above.

City Charter Provisions which bear upon outside employment:

Section 32 Compensation of officers and employees.

The Council shall fix the compensation of all officers and employees on recommendation of the City Manager, except as in this Charter otherwise provided. No officer or employee shall be allowed any fees, prerequisites, emoluments, rewards or compensation, aside from the salary or compensation as fixed by the Council, but all fees received by him or her in connection with his or her official duties shall be paid into the City Treasury.

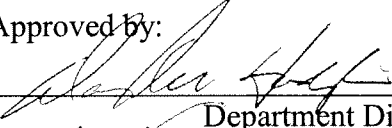

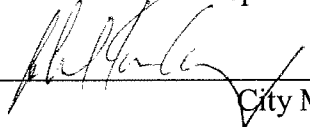

Section 36 Officers not to be interested in contracts or franchises.

No officer or employee shall be directly or indirectly interested in any contract, work or business of the City or in the sale of any article, the expense, price or consideration of which is paid for from the treasury or by assessment levied by any act or ordinance; nor in the purchase or lease of any real estate or other property belonging to the City or which shall be sold for taxes or assessments or by virtue of legal process at the suit of the City. No officer shall be in the employ of any public service corporation in the City or of any person having any contract with the City or of any grantee of a franchise granted by the City.

Any contract or agreement made in contravention of this Section shall be void.

Any violation of the provisions of this Section shall be deemed a misdemeanor.

The Council shall enforce the provisions of this Section by appropriate legislation.

PREFACE

As you read this; somewhere in California, a law enforcement agency is providing mutual aid to another. Mutual aid is an everyday occurrence in a state as large and diverse as California. This is the continuation of a Cal OES decades-long process of “neighbor helping neighbor.” The law enforcement mutual aid system is an ongoing cooperative effort among law enforcement agencies to ensure an effective and organized response to a wide range of emergencies. There may be a misconception that mutual aid is used only during a civil unrest and/or natural disaster; however, this system has been used successfully for many other situations, including large criminal investigations, deployment of special teams such as Special Weapons and Tactics Teams, Bomb Squads, etc.

How will your agency use the mutual aid system? Planning, preparation and operational activities of law enforcement agencies in support of the mutual aid system must be consistent with each department’s policies and procedures and must also comply with the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS).

All law enforcement executives, administrators, managers, and field supervisors should familiarize themselves with this plan and its application. The personnel of the Cal OES Law Enforcement Branch are available to assist you with planning, training and when necessary, emergency response coordination. It is important to note that Cal OES does not “own” the mutual aid system. It is a part of California law enforcement; and those that participate benefit and share in the concept of “neighbor helping neighbor.”

Mark N. Pazin, Chief
Law Enforcement Branch

INTRODUCTION

The Law Enforcement Mutual Aid Plan

This document delineates the current state policy concerning law enforcement mutual aid. It is consistent with, and describes state law concerning application of the Standardized Emergency Management System (SEMS) in law enforcement mutual aid situations.

It describes the standard procedures used to acquire law enforcement mutual aid resources and the method to ensure coordination of law enforcement mutual aid planning and readiness at the local, state and federal levels.

The law enforcement mutual aid system works best when there is expeditious receipt and dissemination of law enforcement incident information and situational intelligence related to unusual occurrences.

This document includes information regarding the statutory protections afforded responders under the Emergency Services Act, and provides legal background for law enforcement mutual aid.

New in this Revision

This edition takes the basic information included in prior versions and formats it in a more complete and usable manner. No changes have been made to the system, organizational relationships or the process. What follows is perhaps a more useful explanation of the process.

Updated information on the Law Enforcement Branch and its resources is included; as is updated information on state agencies that routinely provide law enforcement mutual aid. Lastly, a compendium of legal sections has been added. While this is not meant to be exhaustive, it will provide easy access to key sections of law dealing with these issues.

Cal OES Law Enforcement Branch

The Cal OES Law Enforcement Branch functions behind the scenes to maintain the Law Enforcement Mutual Aid System in California. Our peace officers can assist any California law enforcement organization in developing related plans, training, and exercises for their agency. The Branch welcomes input on the Mutual Aid System and suggestions for improvement of this plan, or emergency operations in general.

HISTORY AND AUTHORITY

The Law Enforcement Mutual Aid system has been used successfully for many years. Notable events involving use of this system include:

- Northern California Floods
- Firestorms of 2003, 2007
- Transportation accidents, air crashes
- Watts Riots
- People's Park – Berkeley Civil Unrest
- Huntington Beach “Surf” Riot
- Loma Prieta Earthquake
- East Bay Hills (Oakland) Fire
- Several Environmental Protests
- Los Angeles Civil Unrest
- Polly Klaas and other large searches
- Elem Indian Reservation SWAT Incident
- Hollister “Wild Bunch” Motorcycle Events
- Sund-Peloso Yosemite Murders
- Regional SWAT Mutual Aid Callout for Fresno Deputy's Killer
- Mehserle Shooting Protests
- 2011/2012 Occupy Demonstrations
- Bassler Manhunt - Mendocino County
- Dornier Manhunt – Southern California
- Rim/Clover Fires
- Miller Manhunt-Triple Homicide
- Roseville Mall Fire/Barricaded Subject
- LAX Active Shooter
- Montecito Mudslides
- Woolsley Fire
- Camp Fire

The statewide mutual aid system today is an outgrowth of the California Disaster and Civil Defense and the Master Mutual Aid Agreement (1950), the Emergency Services Act, Chapter 7 of Division 1 of Title 2 of the Government Code (GC), Governor's Executive Order W-9-91, is supported by the California Emergency Plan and by extension, the Law Enforcement Mutual Aid Plan.

The State of California Law Enforcement Mutual Aid Plan is issued and revised under the authority of Sections 8550, 8569, 8615 through 8619, and 8668 of the California Government Code, the California Emergency Plan, and the Master Mutual Aid Agreement.

LIABILITY ISSUES

The Emergency Services Act (the Act) provides law enforcement agencies limited immunity from liability when responding in support of a mutual aid request.¹ Albeit “limited,” when interpreting the immunity protections provided by the Act, the courts have regularly found that if the “state must take the steps necessary to quell an emergency, it must be able to act with speed and confidence without fear of incurring tort liability.”²

Therefore; the Act’s immunities are broader than the general immunities provided for discretionary governmental actions, i.e., for decisions made by the high ranking officers, the City Council, or Board of Supervisors regarding policy matters.³ Also, the protections afforded by the Act generally supplement the other statutory liability protections that may apply to the routine law enforcement role, such as immunities for failure to enforce the law.^{4,5} The liability protections of the Act extend to mutual aid provided during a declared state of emergency⁶ and non-emergency periods.⁷

The best way that a law enforcement agency can assure that its actions are protected by the Act is to:

- Act in accordance with this plan,
- Respond based upon a request by the Operational Area, Regional, or State Law Enforcement Mutual Aid Coordinator,
- Act in accordance with your local emergency plan approved by the local disaster council in accordance with local ordinance, and
- Verify that your department’s plans and procedures are consistent with this plan.⁸

DEFINITIONS AND CONCEPTS

Note: Some definitions are not verbatim text from related codes and regulations, but are paraphrased for clear understanding of the concepts involved.

Operational Area

A county, along with all the political subdivisions within that county constitutes an Operational Area.

Operational Area Law Enforcement Coordinator

The county sheriff is the Operational Area law enforcement coordinator, with the exception of the City and County of San Francisco, where the chief of police is the Operational Area Law Enforcement Coordinator.

Mutual Aid Region

A Mutual Aid Region is a geographic area comprised of multiple operational areas. A Mutual Aid Region manages and coordinates information and resources among operational areas within the mutual aid region and between the Operational Areas and the state level.

Regional Law Enforcement Mutual Aid Coordinator

A Regional Law Enforcement Mutual Aid Coordinator is an Operational Area Law Enforcement Coordinator elected by peers from within the mutual aid Region, to coordinate the collective law enforcement mutual aid response of agencies within the Region.

State Law Enforcement Mutual Aid Coordinator

The State Law Enforcement Mutual Aid Coordinator is the Chief of the Law Enforcement Branch of the California Governor's Office of Emergency Services (Cal OES). The state coordinator is responsible for mutual aid response coordination and administrative interaction between state and local law enforcement agencies during emergency and non-emergency situations, where the mutual aid system is, or could be, involved.

State of War Emergency

"State of War Emergency" means the condition which exists immediately, with or without a proclamation thereof by the Governor, whenever this state or nation is attacked by an enemy of the United States, or upon receipt by the state of a warning from the federal government indicating that such an enemy attack is probable or imminent. (Section 8558 (a) GC)

During a state of war emergency, the Governor has complete authority over all agencies of state government and the right to exercise within the area or regions designated, all police power vested in the state by the Constitution and laws of the State of California (GC, Article 12, Section 8620 and Article 13, Section 8627, "California Emergency Services Act"). During a state of war emergency, mutual aid is mandatory. (Discussed later in the Plan.)

State of Emergency

"State of Emergency" means the duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by such conditions as air pollution, fire, flood, storm, epidemic, riot, drought, sudden and severe energy shortage, plant or animal infestation or disease, the Governor's warning of an earthquake or volcanic prediction, or an earthquake, complications resulting from the Year 2000 Problem, or other conditions, other than conditions resulting from a labor controversy or conditions causing a "state of war emergency," which, by reason of their magnitude, are or are likely to be beyond the control of the services, personnel, equipment, and facilities of any single county, city and county, or city and require the combined forces of a mutual aid region or regions to combat, or with respect to regulated energy utilities, a sudden and severe energy shortage requires extraordinary measures beyond the authority vested in the California Public Utilities Commission. (Section 8558 (b)(GC))

During a state of emergency, the Governor has complete authority over all agencies of state government and the right to exercise within the area or regions designated, all police power vested in the state by the Constitution and laws of the State of California (GC, Article 12, Section 8620 and Article 13, Section 8627, "California Emergency Services Act"). During a state of emergency, mutual aid is mandatory. (Discussed later in the Plan)

Local Emergency

"Local Emergency" means the duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the territorial limits of a county, city and county, or city, caused by such conditions as air pollution, fire, flood, storm, epidemic, riot, drought, sudden and severe energy shortage, plant or animal infestation or disease, the Governor's warning of an earthquake or volcanic prediction, or an earthquake, complications resulting from the Year 2000 Problem, or other conditions, other than conditions resulting from a labor controversy, which are or are likely to be beyond the control of the services, personnel, equipment, and facilities of that political subdivision and require the combined forces of other political subdivisions to combat, or with respect to regulated energy utilities, a sudden and severe energy shortage requires extraordinary measures beyond the authority vested in the California Public Utilities Commission. (Section 8558(c), GC).

In periods of local emergency, political subdivisions (cities or counties) have the power to provide mutual aid to any affected area in accordance with local ordinances, resolutions, plans, or agreements. (It could be argued that having signed the Master Mutual Aid Agreement, the entity is bound to provide resources, if requested in accordance with the Mutual Aid Plan.)

During a local emergency, state agencies may provide mutual aid; including personnel, equipment, and other available resources, to assist local jurisdictions in accordance with mutual aid plans or at the direction of the Governor.

By proclaiming a local emergency, the governing body of a city or county expands its regulatory enforcement subject to constitutional constraints, increases its police power and may promulgate temporary emergency orders and regulations necessary to provide for the protection of life and property.

Response costs are absorbed by the responding agency notwithstanding any other agreements to the contrary, or availability of disaster reimbursement funds from another source.

A Proclamation of Local Emergency is not required before requesting law enforcement mutual aid.

Unusual Occurrence

An unusual occurrence is an event involving potential or actual personal injury or property damage arising from incidents such as natural and manmade disasters, acts of terrorism, and civil unrest.

Fifty Percent Guideline

No jurisdiction is required to unnecessarily deplete its own personnel, equipment and service capabilities in order to furnish mutual aid resources. When requested to provide mutual aid, it is generally accepted that a reasonable response will consist of up to 50% of available on-duty uniformed personnel.

Law Enforcement Branch

The California Governor's Office of Emergency Services Law Enforcement Branch (Cal OES LEB) is the state facilitator of inter-regional law enforcement mutual aid response resources to operational areas. The Law Enforcement Branch also provides ongoing liaison with operational areas, municipalities, and state and federal agencies during non-emergency periods to facilitate emergency preparedness planning and mutual aid awareness training. The branch also coordinates the state's search and rescue and coroner/medical examiner mutual aid programs, as well as other activities in support of local law enforcement mutual aid response. Additional information follows later in this plan.

Mission Numbers

The California Governor's Office of Emergency Services, Law Enforcement Branch, assigns Cal OES law enforcement mission numbers to track law enforcement mutual aid resources responding from outside the requesting Operational or Regional Area jurisdiction.

This most frequently occurs during searches and rescues involving registered Disaster Service Workers (volunteers) to ensure workers compensation coverage.

Search and Rescue incidents are recognized as an emergency, often requiring specialized resources from various parts of the state. A majority of SAR responders are volunteer professionals. It is recommended that any out-of-county SAR mutual aid mission requests be routed directly to Cal OES LEB for the assigning of a state mission number. This facilitates immediate Statewide SAR Mutual Aid (as defined in the SAR Annex), and identifies the existence of an authorized state mutual aid mission providing Disaster Service Worker (DSW) coverage for properly registered volunteer personnel.

Normal Law Enforcement Mutual Aid within a Region does not require a Cal OES Mission number although; mission numbers may also be issued at the request of the Regional Law Coordinator. If law enforcement resources (in the form of mutual aid) respond outside of their Region (SWAT from a county in Region 4 being requested by a County in Region 3) the Law Branch will issue a mission number and track those responding resources until the operation has concluded.

Mission Numbers (Cont.)

If a county within a region desires to have a Cal OES Law Mission number issued for county-to-county mutual aid requests, the request must be directed to the Regional Mutual Aid Coordinator (RMAC) for approval. Upon approval, the RMAC coordinator will contact the Cal OES Law Enforcement Branch Duty Officer and request that a mission number be issued. Any request for law enforcement mutual aid outside of the originating region must have the approval of and be coordinated by the Regional Mutual Aid Coordinator.

The existence of a law enforcement mission number also implies that the law enforcement duty officer queried the requestor to insure that mutual aid criteria were met prior to tasking an out-of-county mutual aid response.

It is suggested that any county routinely providing law enforcement mutual aid (typically a specialized resource, i.e. Bomb squad, SWAT) to another county within its region develop an internal "unusual occurrence" numbering system to document each deployment.

Mission numbers are not a mechanism to assure reimbursement of response costs, they are a database tracking tool to memorialize a mutual aid incident and its disposition.

A CalOES law enforcement mission number consists of three parts: the year (e.g. 2009), the letters "LAW" followed by a four digit sequential number, e.g. 2009-LAW0123.

Day-to-Day Mutual Aid

During the course of normal law enforcement smaller incidents occur that may require immediate assistance, such as: back-up on a traffic stop, perimeter control for a fleeing suspect or crowd control at a barricaded suspect location pending the arrival of additional local resources. Officers from nearby jurisdictions may respond to these emergency broadcasts on their own initiative (department policy permitting) without a formal mutual aid request.

LEVELS OF MUTUAL AID

Mutual aid response within the State of California is based on four governmental levels of increasingly justifiable mutual aid support. These levels are cities (or other similar local jurisdictions), operational areas, mutual aid regions, and the state.

Note: Throughout this segment of the Mutual Aid Plan, the terms chief of police/sheriff are used as the initiators of a mutual aid request. The volatility of some incidents necessitates immediate support. In fact, any designated command, management or supervisory-level officer/ deputy has the ability to request, or provide, law enforcement mutual aid on behalf of the chief/ sheriff, if so authorized by agency policy.

City

City police departments are charged with responsibility for the maintenance of law and order and protection of life and property within the municipal geographic boundaries.

The chief of police is the official responsible for determining the magnitude of a law enforcement emergency within the jurisdiction, the extent of locally committed resources and the necessity for requesting law enforcement mutual aid. In a contract city, the command-level manager from the contracted agency functions much as does a local chief.

Operational Area

The Operational Area (county sheriff) is the next level of law enforcement mutual aid responsibility (See Operational Area map). The Operational Area is a composite of its political subdivisions, i.e., municipalities, contract cities, special districts and county agencies. The county sheriff is the Operational Area Law Enforcement Mutual Aid Coordinator (or, in the case of San Francisco, the chief of police of the city and county of San Francisco).

Region

To facilitate coordination of mutual aid, the State of California is geographically divided into seven law enforcement mutual aid Regions (See Mutual Aid Regional map). Each mutual aid Region is comprised of multiple Operational Areas and has a Regional Law Enforcement Mutual Aid Coordinator.

The Regional Law Enforcement Mutual Aid Coordinator is granted the authority to coordinate the mutual aid response of law enforcement resources within the Region to support a mutual aid request from a jurisdiction within the Region. Requests for mutual aid resources between Regions are coordinated by the Chief of the California Governor's Office of Emergency Services, Law Enforcement Branch.

The Regional Law Enforcement Mutual Aid Coordinator is a sheriff from within the Region who is elected to the position by majority vote of the other Sheriff's of that Region. [See the appendix that describes this process.]

Note: Coroner's mutual aid is coordinated in the same manner as law enforcement mutual aid beginning at the Operational Area level. See the Cal OES companion document that describes Coroner/Medical Examiner Mutual Aid for further detail.

State

On behalf of the Governor, the Director of the California Governor's Office of Emergency Services, through the Chief of the Law Enforcement Branch, has the responsibility for coordination of state law enforcement mutual aid resources in support of local jurisdictions during times of emergency. Information on the resources available from state agencies appears later in this plan.

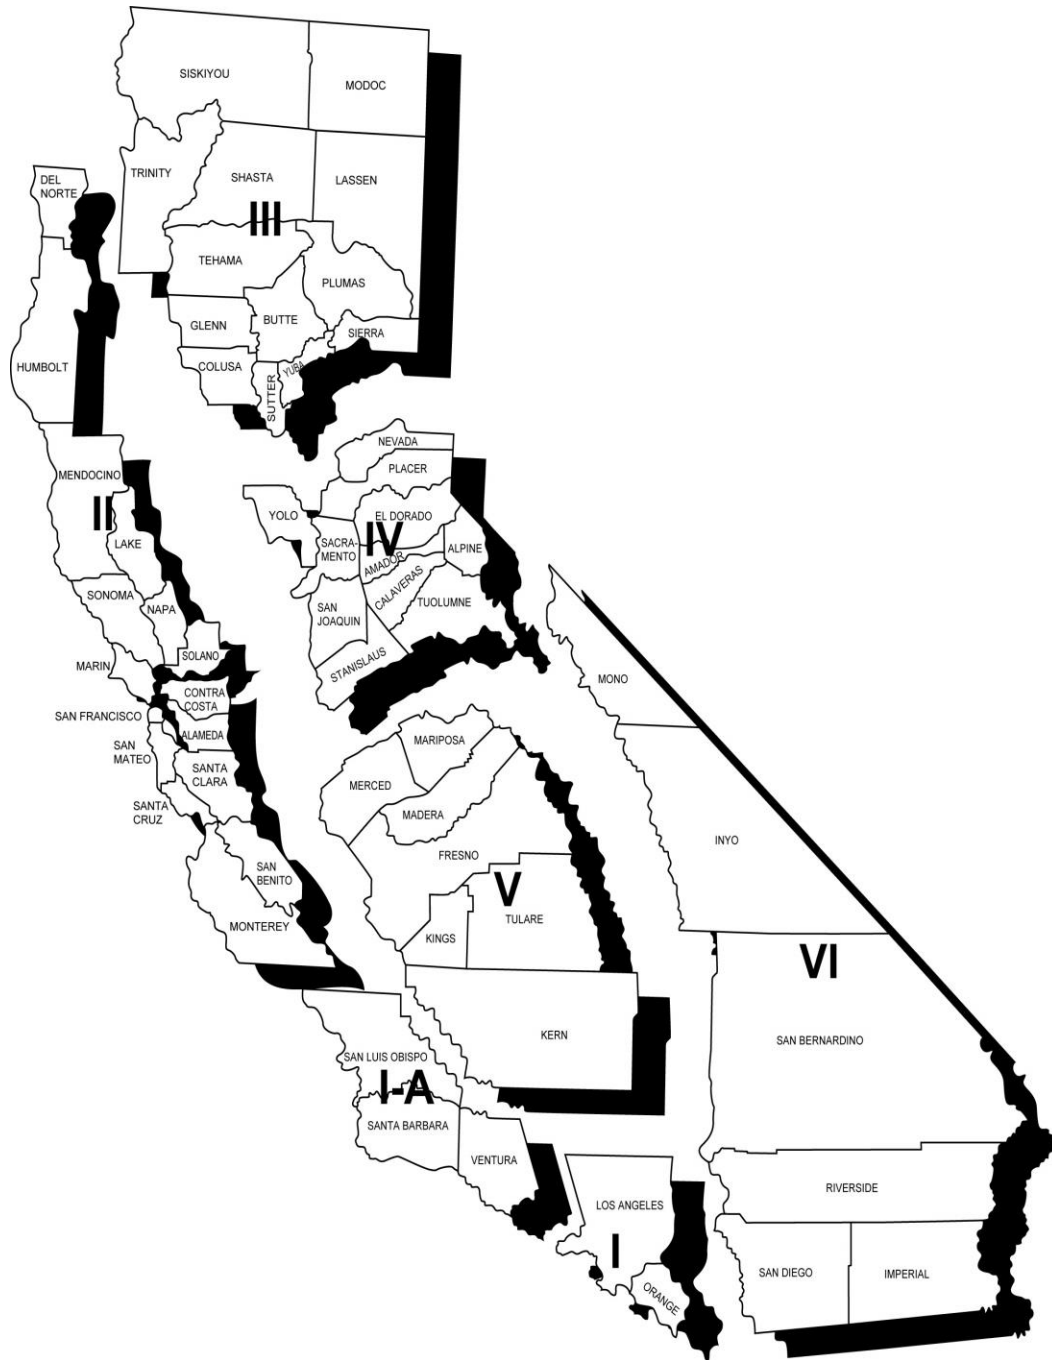

A number of state law enforcement agencies offer assistance on an "immediate need" basis – much as exists in "day-to-day" mutual aid response situations. Nothing in this plan should be construed to limit this process. Indeed, it is consistent with this plan. Use of state law enforcement resources for mutual aid beyond that level should, however, be coordinated through the Cal OES Law Enforcement Branch.

Federal

The Cal OES Law Enforcement Branch can also assist a local agency in seeking the assistance of federal law enforcement agencies or resources. Our peace officers can assist local law enforcement organizations with requests to the Federal Emergency Management Agency, the US Department of Justice, or other agencies. In some cases, federal reimbursement for response costs is available through these agencies – again accessed through Cal OES Law Enforcement Branch.

Law Enforcement Mutual Aid Plan

MUTUAL AID PROCEDURES

Note: Throughout this segment of the Mutual Aid Plan, the terms chief of police/sheriff are used as the initiators of a mutual aid request. The volatility of some police incidents necessitates immediate support. In fact, any designated command, management or supervisory-level officer/deputy has the ability to request, or provide, law enforcement mutual aid on behalf of the chief/sheriff, if so authorized by agency policy.

Local Request for Mutual Aid

When a chief of police of a local jurisdiction (or the sheriff, acting as chief law enforcement officer for the unincorporated or a contract area) determines that an unusual occurrence may become or is already beyond the control of local law enforcement resources, it is the chief's (or duly authorized representative's) responsibility to request mutual aid from the Operational Area Law Enforcement Mutual Aid Coordinator.

A declaration of local emergency may or may not be appropriate for the circumstances; however the chief of police may request mutual aid prior to the activation of an EOC or formal declaration of local emergency. Mutual aid request and response is not dependent on a declaration of local emergency.

Operational Area Mutual Aid

When an emergency develops or appears to be developing which cannot be resolved by a law enforcement agency within an Operational Area, it is the responsibility of the Operational Area Mutual Aid Coordinator to provide assistance and coordination to control the problem. (Section 26602 GC)

In response to a request for law enforcement mutual aid by a chief of police within the Operational Area, the sheriff will initiate procedures to activate the mutual aid. The sheriff will coordinate the Operational Area response of law enforcement resources including those of unaffected operational area municipalities, the local CHP, and other law enforcement agencies within the Operational Area, as well as the sheriff's resources in order to assist the affected local chief of police.

If it appears likely that the resources of an Operational Area will become depleted, the Regional Coordinator should be advised in advance.

Regional Mutual Aid

Should an existing or anticipated emergency be of such magnitude as to require the commitment of the resources of one or more Operational Areas, it is the responsibility of the Regional Law Enforcement Mutual Aid Coordinator to organize the notification and response of resources within that region.

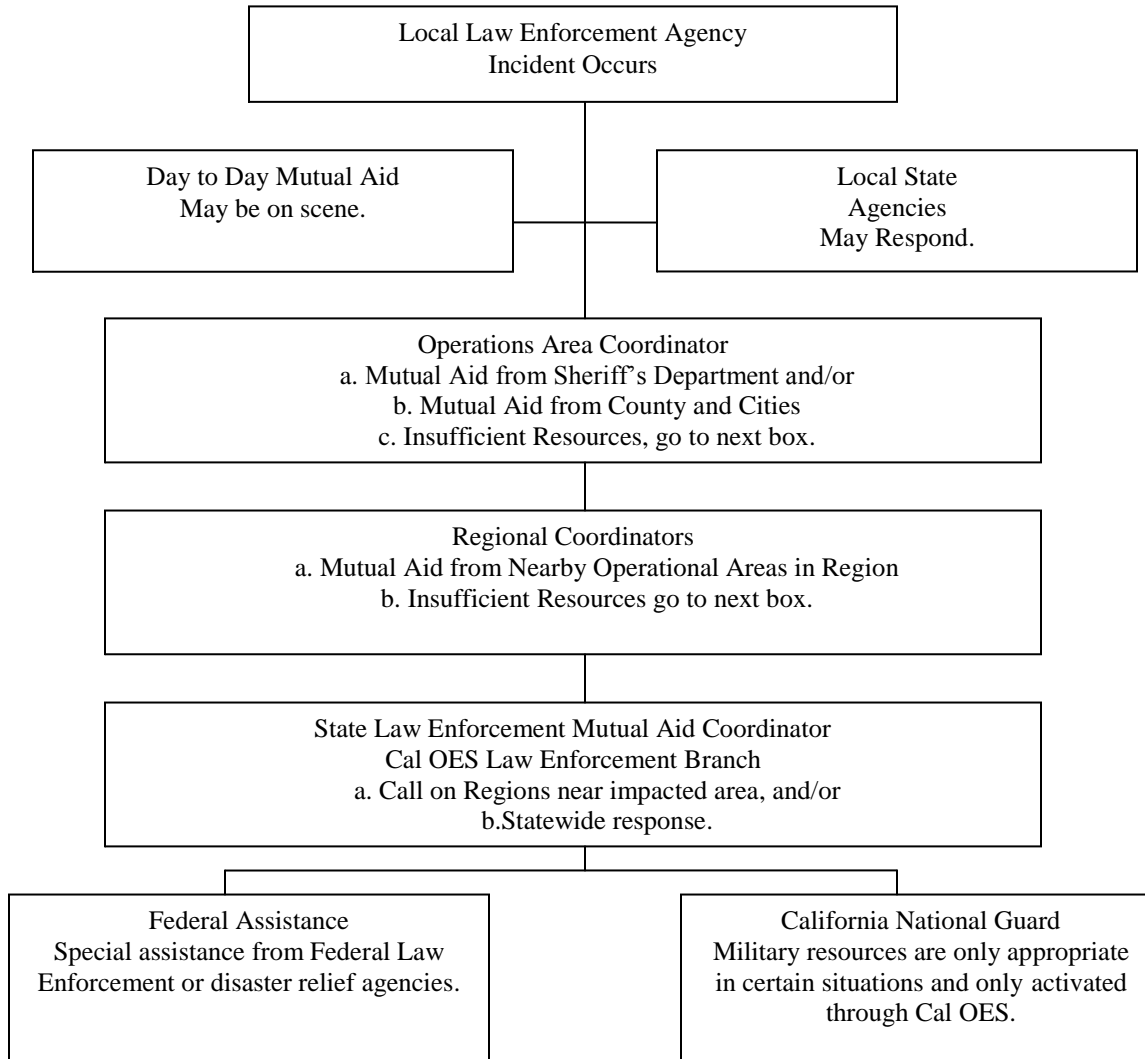

The Regional Coordinator will keep the State Law Enforcement Mutual Aid Coordinator, who is the Chief of the California Governor's Office of Emergency Services, Law Enforcement Branch, advised of the situation status. The State Law Enforcement Mutual Aid Coordinator may support the regional response by issuing mission numbers (see glossary, Mission Numbers) and tasking state agencies within the region. An unusual occurrence necessitating regional law enforcement mutual aid does not require a proclamation of a state of emergency.

Statewide Mutual Aid

If the combined resources of a region are not sufficient to cope with an emergency situation, the Regional Coordinator may request additional assistance through the State Law Enforcement Mutual Aid Coordinator. The State Law Enforcement Mutual Aid Coordinator may then task law enforcement resources from Regions statewide, via the Regional Law Enforcement Mutual Aid Coordinators, to assist.

Law Enforcement Mutual Aid Requests

PRACTICAL ISSUES

Mutual Aid Essentials

Reasonable commitment of local law enforcement resources prior to the initiation of a mutual aid request is a fundamental component of mutual aid operations. This does not require the jurisdiction to have expended all personnel resources, but does assume that the agency has reasonably committed the majority of available, on-duty personnel or resources to the incident.

A request for law enforcement mutual aid requires the approval of the chief law enforcement officer of the requesting jurisdiction. A duly authorized sworn staff or command officer acting on behalf of the chief/sheriff may make the request.

Unless otherwise expressly provided, or later agreed upon, the responsible local law enforcement official of the jurisdiction requesting mutual aid shall remain in charge. It is operationally essential that the local law enforcement official coordinate all actions with responding law enforcement agencies to ensure an effective application of forces (8618 GC).

The integrity of responding forces and the policies and procedures of their departments must be maintained. Exceptions will require approval of the concerned department. Refer to the Law Enforcement Guide for Emergency Operations for further policy guidance.

Situation reports should be shared with all interested parties and agencies, including the Regional Coordinator and the Cal OES Law Enforcement Branch on a timely and frequent basis.

The agency *requesting* mutual aid is responsible for the following:

1. Identifying numbers and types of mutual aid resources requested.
2. Identifying specific missions for mutual aid responder tasking.
3. Advising responders what equipment they should bring.
4. Establishing an assembly area for responding resources.
5. Identifying communications channels compatible with command and control of field resources.
6. Designating a liaison officer to facilitate a coordinated assimilation of responding mutual aid resources.
7. Preparing a situation briefing including local maps for responders.
8. Providing logistical support such as food, lodging, rest intervals and equipment maintenance as appropriate, for mutual aid personnel. (Cont)

PRACTICAL ISSUES (Cont):

The responding agency is responsible for the following:

1. Properly equipping its personnel.
2. When possible, assigning a supervisor to maintain unit integrity.
3. Completing response rosters.
4. Dispatching personnel to the staging area.
5. Providing relief for assigned personnel at protracted events.
6. Record keeping as to dates and times of arrival and departure, rank, timekeeping, mileage, damage and expended resources.

Mutual Aid within SEMS

Mutual Aid is intended to augment local resources that have become overwhelmed as a result of unplanned circumstances requiring an emergency response. In California the organizational structure adopted to manage responding resources for all disciplines is the Standardized Emergency Management System (SEMS). SEMS includes the field level Incident Command System (ICS). (8607 GC)

Incident Command

For a detailed description of the Law Enforcement Incident Command System (LEICS) including mutual aid operational procedures, it is recommended that the Law Enforcement Guide for Emergency Operations be reviewed. The five command staff functions of Incident Commander, Operations, Planning/Intelligence, Logistics, Finance/Administration and their subordinate components are discussed in detail.

Planned Events

Planned events are not mutual aid incidents for planning purposes. Scheduled events that by their nature are potentially beyond the ability of local control require the affected jurisdiction, as a matter of responsible planning, to meet with the promoters, the sheriff and any other appropriate government entity to ensure that the law enforcement presence is adequate and that public safety is protected. Such planning may result in a Memorandum of Understanding [MOU] or contract between the local government hosting the event, specific law enforcement agencies involved and the event promoter.

The mutual aid system is not intended to prevent MOU agreements between concerned parties to ensure an adequate law enforcement presence. Policing costs are frequently recovered through event revenues and this should be considered during the planning process. (Cont)

PRACTICAL ISSUES (Cont):

Even with adequate planning, some events are inherently more likely than others to develop into an unusual occurrence. During the planning process, it is not only appropriate but recommended that the mutual aid organization be alerted to this potential. By doing so, those agencies which can be expected to provide support in such an eventuality will be afforded the opportunity to plan and deploy accordingly during the dates of the event. Proper planning will ensure an optimum mutual aid response should it become necessary.

It is recommended that the pre-event planning participants be organized according to the SEMS organization structure. By doing so, each entity can see exactly where it fits in a well defined organizational relationship. At multi-agency events, all levels of event staffing must be knowledgeable of the command hierarchy. If addressed prior to the event, it minimizes confusion and creates a seamless transition from planning to operations.

These things having been said, an unforeseen emergency may occur at a planned event that results in a mutual aid response. Mutual aid does not occur until the local law enforcement authority with jurisdiction determines that an emergency is in progress, that local resources have been reasonably committed or are unavailable and mutual aid assistance is required to restore the peace.

Cal OES Law Enforcement Branch personnel are available for event planning consultation and will staff appropriate positions during the event to facilitate mutual aid response and ensure that the Governor's office is apprised of situational developments. Some events will be of a nature that the federal government will declare them National Security Special Events [NSSE]. In these cases, the US Secret Service will convene a multi-agency planning team, to include local law enforcement. The Federal Bureau of Investigation also assigns Special Event Response Levels [SERL] to certain events. Cal OES Law Enforcement Branch staff can describe the NSSE and SERL processes, and put local law enforcement officials in touch with appropriate officials for further information.

Reserve Officers

Mutual Aid normally consists of sworn officers, technical personnel (sworn and non-sworn) and other resources. Many agencies use reserve officers to augment local field policing. In a law enforcement mutual aid response, reserve officers may best be utilized within their own jurisdiction to backfill vacant positions created by regular officers who have been deployed to the emergency jurisdiction.

Those concerns notwithstanding, reserve officers, as defined by California Penal Code 830.6 (a) 1 & 2 and 836.2, as employed by a law enforcement agency authorized to field reserve officers, may be utilized to enforce the law anywhere in the State of California.

Communications

An essential need during any emergency is the ability of an agency to communicate both internally and with other agencies. With this requirement in mind, the problem of communications should be a priority in mutual aid planning before an incident occurs.

The State of California has established the California Law Enforcement Mutual Aid Radio System (CLEMARS) with special frequencies for emergency law enforcement mutual aid purposes. For a detailed description of the California Law Enforcement Mutual Aid Radio System, it is recommended that the CLEMARS Plan be reviewed. This system is intended for command and control purposes among agencies taking part in emergency operations. It is not to be used as a primary local channel. Local departments may be allowed to use these channels in their day-to-day operations as an auxiliary to their primary frequency upon approved request.

In addition to CLEMARS, Cal OES Telecommunications is able to deploy interoperability communications vehicles to incident command posts. These vehicles are capable of coordinating dissimilar radio frequencies to facilitate communications among responding agencies.

Cal OES Telecommunications is also able to deploy satellite trailers to an Incident Command Post that will permit a combination of up to ten satellite data and telephone links, even in remote areas.

The Cal OES Law Enforcement Branch maintains a cache of handheld radios that are available to law enforcement agencies for emergency deployment. These radios are programmable in the UHF and VHF frequency ranges. Caches of encrypted radios for sensitive situations, investigations or incidents are also available.

Financial Assistance

Law enforcement agencies may be eligible for disaster related financial reimbursement from the state and/or federal government. State financial assistance may occur through the California Disaster Assistance Act (8680 through 8692 GC) when the Governor proclaims a state of emergency. Federal financial assistance may occur under Public Law 93-288 as amended by the Stafford Act. This requires a Presidential declaration of major disaster.

The Fire Management Assistance Grant (FMAG) program was enacted to ensure that adequate resources are available to control a fire incident *before a major disaster occurs*. FMAG assistance must be requested by the local fire agency, through Cal EMA, and approved by FEMA while the fire is burning uncontrolled and threatens such destruction as would constitute a major disaster. If an FMAG is approved by FEMA, seventy five percent of direct emergency response costs, including local law enforcement, may be eligible for federal reimbursement. Authority for this program can be found in *44 CFR Parts 2, 9, 10, 204, and 206*, The Fire Management Assistance Grant Program, and in *Public Law 106-390, the Disaster Mitigation Act of 2000*. Cal OES Law Enforcement Branch staff can advise and assist if a local agency wishes to file a claim for these funds.

Should these proclamations occur, local agencies may be eligible for financial assistance to reimburse a percentage of response costs (i.e., overtime, mileage, etc.), and restoration and reconstruction costs for damage to agency facilities.

The California Governor's Office of Emergency Services Recovery Branch administers both state and federal claims for disaster assistance as a part of the state's disaster recovery program. Briefings on program eligibility are conducted periodically and immediately following disaster proclamations or declarations. Auditors from the State Controller's Office are also available at those briefings to assist agency personnel in documenting costs and identifying necessary records.

Claims for reimbursement must withstand future state/federal audits, or funds advanced as part of the initial assessment must be returned. Therefore, all responding law enforcement agencies should keep accurate and complete records concerning personnel timekeeping, mission tasking and resource expenditures during the period of any incident that may become eligible for future reimbursement. (Cont)

Financial Assistance (Cont)

An additional federal program, the Emergency Federal Law Enforcement Assistance Act (EFLEA) administered through the Department of Justice, Bureau of Justice Assistance (BJA) can assist state and local law enforcement agencies with funding, equipment, training, intelligence information, and personnel to help alleviate emergency situations. The program is not intended to be a routine source of federal financial assistance for criminal justice activities. Detailed information about EFLEA may be found at Title 28, CFR, Chapter 1, Part 65. It is codified at Title 42, USC, Section 10501. For details contact the Cal OES Law Enforcement Branch.

This document does not discuss other grant programs for preparedness activities such as those involving funds for terrorism equipment, training, and exercises. Contact the Cal OES Law Enforcement Branch for information about these programs.

Interstate Assistance

In accordance with the Interstate Civil Defense and Disaster Compact as the basis for mutual aid between states; the California Governor's Office of Emergency Services entered into a Memoranda of Agreement with the neighboring states of Oregon, Nevada and Arizona for law enforcement mutual aid under certain conditions. Most frequently, this form of mutual aid is exercised during Searches and Rescues (see the Search and Rescue Annex to this plan). When necessary, the chief of the Cal OES Law Enforcement Branch coordinates requests for out of state law enforcement mutual aid through the governor's office of the concerned neighboring state.

In 2005, Governor Schwarzenegger signed legislation adopting the Emergency Management Assistance Compact (EMAC) as the primary guidance for the exchange of resources between States. This document allows for the prompt responses of necessary resources to other States upon emergency declaration by the affected State's Governor.

These provisions are in addition to the authorities and procedures in place within the California Vehicle Code and California Penal Code for investigations, pursuits and other criminal matters near state boundaries.

Federal Resources

Acquisition of federal resources in support of local law enforcement emergency operations can be coordinated through the Cal OES Law Enforcement Branch. While day-to-day cooperation from federal law enforcement agencies need not involve this office, during emergencies or major unusual occurrences it is important to ensure that federal assistance is provided in a coordinated, equitable basis – often to multiple locations.

STATE AGENCY ROLES AND RESOURCES

Actions of State Agencies – In General

State law enforcement agency peace officers may be used at any level of law enforcement mutual aid – locally, as part of an operational area or regional response or when coordinated by the Cal OES Law Enforcement Branch as part of a statewide response.

Agency	California Department of Corrections and Rehabilitation
Authority	8598, 8628 Government Code
Roles	<p>Department of Corrections and Rehabilitation employees of the correctional series, responding under formal mutual aid, have the full powers of peace officers as defined under Section 830.2 of the California Penal Code. Therefore; when mutual aid response is authorized, missions accepted will not be limited to operation of detention facilities.</p> <p>Ensure that the mission tasking requested is consistent with the level of training and experience of the responders by consulting with the Department of Corrections and Rehabilitation Emergency Operations staff.</p>
Resources	Approximately 19,000 correctional peace officers at 92 facilities and institutions throughout the state. Additional support may be available from 1,600 parole agent personnel also stationed throughout the state. The Department of Corrections and Rehabilitation also maintains and operates a large fleet of prisoner transportation vehicles which may also be made available on official request.
Policy	It is the policy of the Department of Corrections and Rehabilitation to assist local law enforcement in a manner consistent with the California Mutual Aid Plan when sufficient resources are available.
Procedures	Contact the California Governor's Office of Emergency Services Law Enforcement Branch to request assistance from CDCR personnel during emergency or mutual aid conditions.

Agency	California Highway Patrol
Authority	California Penal Code, California Vehicle Code, Executive Orders
Roles	The California Highway Patrol's primary role is to ensure safety and provide service to the public as they use the state's highway transportation system, and to provide safety and security to state employees and state property. Additionally, its role is to assist local governments during emergencies or situations beyond their capabilities.
Resources	Approximately 8,000 peace officers assigned in eight geographic divisions throughout the state.
Policy	<p>Emergency traffic and officer-safety assistance can be requested at any time. This should be considered day-to-day mutual aid.</p> <p>Formal mutual aid will be granted on approval from the Commissioner of the California Highway Patrol. Division Chiefs and Area Commanders have authority to mobilize as many of their personnel as necessary for effective response prior to obtaining headquarters' approval.</p>
Procedures	Contact the closest CHP Area Office or Communications Center to initiate a request for assistance.

Agency	State Military Forces (California National Guard)
Authority	California Military and Veteran's Code
Roles	<p>To assist civil authority in the discharge of lawful responsibilities by performing tasks which include but are not limited to; restoration and maintenance of law and order, protection of life and property, limited removal of debris, medical evacuation and limited medical treatment, search and rescue, emergency communications, and general logistics support.</p> <p>Normally, the CNG will be placed in support of law enforcement agencies and will not usurp or accept the responsibility or authority of civil authorities. Military assistance once provided will be terminated at the earliest practical time at the restoration of law and order, or the resumption of control of local law enforcement.</p> <p>In order for the Adjutant General, CNG, to properly evaluate the emergency and the need to implement certain procedures that will reduce the reaction time of CNG forces upon call-up, it is essential that early and frequent evaluations of the disturbance or condition and its potential be made by senior law enforcement officials and forwarded through the normal Cal OES communication channels, or directly to the liaison detachment of the Military Department when on the scene.</p>
Resources	Resource availability is dependent on federal deployments and other commitments; numbers vary accordingly.
Policy	<p>The Governor may order the CNG to perform military duty of every description. The Governor will normally commit the CNG resources in support of civil authority, but only upon determination that emergency conditions exist or are imminent, that all civil resources reasonably available have been or will be committed, that civil authority cannot or will not be able to control the situation, and that military assistance is required and has been requested as provided in law. CNG resources cannot be used in violation of the Economy Act, which requires civilian or commercial resources to be sought before considering use of the Guard.</p> <p>Under the provisions of Section 143 of the California Military and Veterans Code, the Governor may commit CNG resources without a request from civil authority only under highly perilous conditions where local civil authority no longer exists or is unable or unwilling to employ available civil resources to control or mitigate a situation. (Cont)</p>

State Military Forces (California National Guard) (Cont)

CNG in support of local law enforcement will receive and execute broad mission-type orders of the civil officer in charge, but will at all times remain under the military chain of command. The provisions of Section 365 of the Military and Veterans Code assign all decisions as to tactical direction of troops, type and extent of force to be used, and particular means to be employed to accomplish the objective or goal specified by the civil officer in charge directly to the military commander.

Procedures **Any request for National Guard resources must be forwarded to the Governor through the Cal OES.**

Note: Under the stress of emergency conditions, local officials occasionally disregard the mutual aid system in requesting CNG assistance. This results in unnecessary delays in providing a response. Requests must be directed through the Law Enforcement Regional Coordinator to the Cal OES Law Enforcement Coordinator to ensure that all available manpower has been reasonably committed. If at that time it is determined that activation of CNG forces is the most appropriate and expedient means of meeting the requirement, a Cal OES mission number will be issued and military support rendered.

Response The CNG will make every effort to respond to the scene of an unusual occurrence in the most expeditious manner. Some responses may require the mobilization of additional personnel that are not on active duty at the time of the request. In such cases the CNG will respond initially with liaison personnel and upon gubernatorial approval, will expand deployment based on their assessment of the situation and its potential to worsen. Depending upon global and statewide commitments, additional CNG field resources can be expected to arrive on-scene no later than 24 hours after approval of the initial request.

The California Governor's Office of Emergency Services Law Enforcement Branch

Since 1960, the California Governor's Office of Emergency Services, Law Enforcement Branch has provided valuable services to California's law enforcement agencies. Staffed with experienced peace officers, the Cal OES Law Enforcement Branch works directly with California's Sheriffs and Police Departments. Additionally, division personnel maintain liaison with all federal agencies including the FBI, ATF, Secret Service, State Department, and all the state law enforcement agencies.

Law Enforcement Branch Programs

Within the Response Operations, the California Governor's Office of Emergency Services Law Enforcement Branch is responsible for several key programs:

- Law Enforcement Mutual Aid System
- Search and Rescue Mutual Aid
- Coroner/Medical Examiner Mutual Aid
- Special Resources for Mutual Aid

California Governor's Office of Emergency Services Law Enforcement Branch coordinator/peace officers meet with local law enforcement executives, managers, supervisors and others to ensure that the system is ready at any time to serve California law enforcement. Staff works alongside local counterparts to develop operational plans, design, and present training and exercises; and when appropriate, coordinate mutual aid services during actual events.

Each of our staff members has years of experience in emergency management as it relates specifically to law enforcement agencies and their personnel. There is always a staff member on call to assist local law enforcement. Immediate assistance can be sought from the Cal OES Law Enforcement Branch by calling (916) 845-8700.

Mutual Aid Manuals/Training

The Cal OES Law Enforcement Branch produces several manuals designed to assist law enforcement agencies in correctly applying law enforcement mutual aid. In addition to the Law Enforcement Mutual Aid Plan, the Law Enforcement Guide for Emergency Operations helps law enforcement agencies better understand the State's Emergency Management System, the Incident Command System and how to plan for law enforcement response to major emergencies. The Law Enforcement Mutual Aid Training Course is a P.O.S.T. certified modular course in the concepts and principles of Law Enforcement Mutual Aid which can include a tabletop exercise to assist students in integrating concepts into practical skills. The Coroner Mutual Aid Plan is also available, providing detailed information on concepts in the context of mass fatality operations. As an adjunct to effective mutual aid, the branch shares management of the California Law Enforcement Mutual Aid Radio System [CLEMARS]. The CLEMARS Plan documents application for, and use of, the system.

Search and Rescue

The Law Enforcement Branch is charged with the responsibility for coordinating state mutual aid for search and rescue in California. In addition, it receives and coordinates interstate requests under the auspices of the National Search and Rescue Plan. The branch also coordinates local requests for State and Federal Agency search and rescue assistance. Because Search and Rescue missions are often life threatening, requests for out-of-county, State or Federal resources can be made directly to Cal OES by calling (916) 845-8700, 24 hours a day.

Search and Rescue - Related Products

The Search and Rescue Annex to the Law Enforcement Mutual Aid Plan is a document that explains in detail, the organizations involved in search and rescue, their roles and capabilities, and the process for obtaining their assistance. The branch also offers a P.O.S.T. certified class for those persons responsible for search and rescue management: "Direction and Control of the Search Function" has been offered to law enforcement Search and Rescue Incident Commanders for more than 17 years. More than 2,500 students have completed this 40-hour supervisory course that provides valuable information on the management of wilderness search operations.

Equipment Loan

To assist California law enforcement, the Cal OES Law Enforcement Branch has developed an inventory of special resources. This equipment is available for short-term loan to local and state law enforcement agencies. Hand-held radios, portable radio base stations, mobile communications vehicles and other law enforcement items are available upon request.

THE ROLE OF THE OPERATIONAL AREA LAW ENFORCEMENT MUTUAL AID COORDINATOR

Background

The Operational Area Law Enforcement Mutual Aid Coordinator plays a critical role in California's Law Enforcement Mutual Aid System. It is a dual role, wherein the mutual aid activities of an individual's own department and those of all other law enforcement agencies within the operational area are coordinated.

Duties and Responsibilities

- ❑ The Coordinator must have a working knowledge of the Law Enforcement Mutual Aid System and the procedures that enable it to operate efficiently.
- ❑ One or more points-of-contact should be identified at the coordinator's employing agency. This individual should serve as the Coordinator's "subject matter expert" and should assist in the actual development and maintenance of the Operational Area's Law Enforcement Mutual Aid capability.
- ❑ The Coordinator should assess the mutual aid resources in the operational area, as well as the level of training related to mutual aid.
- ❑ The Coordinator should serve as a relay point for communication of threat, warning and preparedness information to all law enforcement agencies in the operational area.
- ❑ The Coordinator should ensure that links exist to share appropriate threat, warning and preparedness information with fire and emergency medical services agencies in the operational area as well.
- ❑ The Coordinator should organize and chair an operational area law enforcement coordinating group, composed of the police chiefs and law enforcement executives within the operational area. The group may include others as deemed necessary by the chair. This committee should meet at least once each year and hold additional meetings as necessary.
- ❑ This group should:
 - Aid and encourage the development of mutual aid protocols and uniform law enforcement response plans within the Area.

-
- Aid and encourage the development of countywide law enforcement communications networks. The communication nets should tie each law enforcement communications facility to the Operational Area Law Enforcement Dispatch Center, alternate dispatch centers, and allied agency centers, such as those for fire and EMS.
 - Develop a dispatching procedure for mutual aid use of law enforcement resources, both for in-county and out-of-county response.
- The Coordinator is responsible for coordinating response of all law enforcement resources within the operational area on major mutual aid operations.
 - The Coordinator also evaluates requests for assistance from local agencies; determines the resources within the operational area that can provide timely assistance, and initiates their response. This may consist of a response by any combination of Sheriff's personnel or local police from within the operational area. When resources within the operational area are insufficient, either for lack of timely response or the resource order is beyond operational area capability to fill, the request must be forwarded to the Region.
 - Justifies the need for ordered resources and monitors the length of time the resources will be deployed. Periodically evaluates the justification and commitment to the local agency of these resources, and keeps the Region informed.
 - The Operational Area Law Enforcement Mutual Aid Coordinator will advise the requesting jurisdiction of the origin of resources responding to the request for assistance.
 - The Coordinator must keep the Regional Law Enforcement Mutual Aid Coordinator informed of all operations.

The Operational Area Law Enforcement Coordinator is not responsible for direction of emergency operations except those that occur within the coordinator's employing agency jurisdiction. The local official in whose jurisdiction the emergency exists shall remain in full charge of all resources, staffing, and equipment furnished for mutual aid operations.

THE ROLE OF THE REGIONAL LAW ENFORCEMENT MUTUAL AID COORDINATOR

Background

The Regional Law Enforcement Mutual Aid Coordinator is *de facto* a member of the California's Law Enforcement Mutual Aid System's "board of directors." Even more complex than the role of an Operational Area Law Enforcement Mutual Aid Coordinator, the Regional Coordinator's role balances the needs and resources of the employing agency, but also those of the Operational Area and the other Operational Areas in the Region. The coordinator is also asked to provide guidance to other agencies in the system when appropriate.

Duties and Responsibilities

- ❑ The Regional Coordinator has all the duties of an Operational Area Law Enforcement Mutual Aid Coordinator, as well as the following:
- ❑ One or more points-of-contact should be identified at the Coordinators employing agency in order to assist with coordination of the mutual aid activities of the region. The Coordinator should assess the region's law enforcement mutual aid capabilities, and communicate this information to the State Law Enforcement Mutual Aid Coordinator.
- ❑ The Regional Coordinator should serve as a relay point for communication of threat, warning and preparedness information to all law enforcement agencies in the region, and to the operational area.
- ❑ The Regional Coordinator should meet periodically with the Operational Area Law Enforcement Mutual Aid Coordinators in the Region, to exchange information that would enhance the efficiency and effectiveness of mutual aid operations.
- ❑ The Coordinator is responsible for coordinating response of all law enforcement resources within the region, with the assistance of operational area coordinators, on major mutual aid operations.
- ❑ The Coordinator evaluates requests for assistance from an operational area; determines the resources from that operational area(s) within the region that can provide assistance, and initiates an appropriate response. When resources within the region are insufficient, either for lack of timely response or when the resource order is beyond regional capability, the request must be made to the state.
- ❑ The Regional Coordinator must keep the State Law Enforcement Mutual Aid Coordinator informed regarding all region-level operations.

REGIONAL LAW ENFORCEMENT MUTUAL AID COORDINATOR ELECTION PROCESS

Background

Consistent with the Standardized Emergency Management System, California's Law Enforcement Mutual Aid System consists of inter-related layers, from field operations through state coordination. Key in this process are the roles of the Operational Area Law Enforcement Mutual Aid Coordinator and the Regional Law Enforcement Mutual Aid Coordinator.

The responsibility for monitoring law enforcement activities within each Operational Area is vested in an Operational Area Law Enforcement Mutual Aid Coordinator. Similarly, the Regional Law Enforcement Mutual Aid Coordinator has the responsibility to monitor events and incidents in the region's operational areas, and to ensure timely coordination and provision of law enforcement mutual aid resources in the region.

Much of the success of any system depends upon the capabilities of the individuals serving at the various levels in the chain of command, and acceptance of their expertise by their peers. This document outlines the process for the election of Regional Law Enforcement Mutual Aid Coordinators.

Term

Elections for Regional Law Enforcement Mutual Aid Coordinators should be conducted at least once every four years, to coincide with the Regional Law Enforcement Mutual Aid Coordinator's term of office as Sheriff. If a Regional Law Enforcement Mutual Aid Coordinator leaves office as Sheriff during an un-expired term, notification must be made to the State Law Enforcement Mutual Aid Coordinator so that a special election may be held. When such a vacancy occurs, the State Law Enforcement Mutual Aid Coordinator will appoint an "Acting" Regional Law Enforcement Coordinator to serve until the formal election process is completed.

Election Process

Regional Law Enforcement Coordinator elections will be conducted by mail ballot, or at a special regional law enforcement mutual aid meeting called by the State Law Enforcement Mutual Aid Coordinator. Nominations will be sought from the Operational Area Law Enforcement Mutual Aid Coordinators. If the majority of nominations are for the same individual, that person shall be declared elected. If there is no clear winner, a written or voice vote will take place. In the event of a tie the State Law Enforcement Mutual Aid Coordinator will cast the deciding vote. Note that elections will be documented with written records of the proceedings.

SELECTED LEGAL SECTIONS

8550 GC (Government Code) The state has long recognized its responsibility to mitigate the effects of natural, manmade, or war-caused emergencies which result in conditions of disaster or in extreme peril to life, property, and the resources of the state, and generally to protect the health and safety and preserve the lives and property of the people of the state. To insure that preparations within the state will be adequate to deal with such emergencies, it is hereby found and declared to be necessary:

(a) To confer upon the Governor and upon the chief executives and governing bodies of political subdivisions of this state the emergency powers provided herein; and to provide for state assistance in the organization and maintenance of the emergency programs of such political subdivisions;

(b) To provide for a state agency to be known and referred to as the California Office of Emergency Services, within the Governor's Office; and to prescribe the powers and duties of the director of that office;

(c) To provide for the assignment of functions to state agencies to be performed during an emergency and for the coordination and direction of the emergency actions of such agencies;

(d) To provide for the rendering of mutual aid by the state government and all its departments and agencies and by the political subdivisions of this state in carrying out the purposes of this chapter;

(e) To authorize the establishment of such organizations and the taking of such actions as are necessary and proper to carry out the provisions of this chapter.

It is further declared to be the purpose of this chapter and the policy of this state that all emergency services functions of this state be coordinated as far as possible with the comparable functions of its political subdivisions, of the federal government including its various departments and agencies, of other states, and of private agencies of every type, to the end that the most effective use may be made of all manpower, resources, and facilities for dealing with any emergency that may occur.

8558. Three conditions or degrees of emergency are established by this chapter:

(a) "State of War Emergency" means the condition which exists immediately, with or without a proclamation thereof by the Governor, whenever this state or nation is attacked by an enemy of the United States, or upon receipt by the state of a warning from the federal government indicating that such an enemy attack is probable or imminent.

(b) "State of Emergency" means the duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by such conditions as air pollution, fire, flood, storm, epidemic, riot, drought, sudden and severe energy shortage, plant or animal infestation or disease, the Governor's warning of an earthquake or volcanic prediction, or an earthquake, complications resulting from the Year 2000 Problem, or other conditions, other than conditions resulting from a labor controversy or conditions causing a "state of war emergency," which, by reason of their magnitude, are or are likely to be beyond the control of the services, personnel, equipment, and facilities of any single county, city and county, or city

and require the combined forces of a mutual aid region or regions to combat, or with respect to regulated energy utilities, a sudden and severe energy shortage requires extraordinary measures beyond the authority vested in the California Public Utilities Commission.

(c) "Local Emergency" means the duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the territorial limits of a county, city and county, or city, caused by such conditions as air pollution, fire, flood, storm, epidemic, riot, drought, sudden and severe energy shortage, plant or animal infestation or disease, the Governor's warning of an earthquake or volcanic prediction, or an earthquake, complications resulting from the Year 2000 Problem, or other conditions, other than conditions resulting from a labor controversy, which are or are likely to be beyond the control of the services, personnel, equipment, and facilities of that political subdivision and require the combined forces of other political subdivisions to combat, or with respect to regulated energy utilities, a sudden and severe energy shortage requires extraordinary measures beyond the authority vested in the California Public Utilities Commission.

8560. (A) "Emergency Plans" means those official and approved documents which describe the principles and methods to be applied in carrying out emergency operations or rendering mutual aid during emergencies. These plans include such elements as continuity of government, the emergency services of governmental agencies, mobilization of resources, mutual aid, and public information.

(b) "State Emergency Plan" means the State of California Emergency Plan as approved by the Governor.

8568. The State Emergency Plan shall be in effect in each political subdivision of the state, and the governing body of each political subdivision shall take such action as may be necessary to carry out the provisions thereof.

8569. The Governor shall coordinate the State Emergency Plan and those programs necessary for the mitigation of the effects of an emergency in this state; and he shall coordinate the preparation of plans and programs for the mitigation of the effects of an emergency by the political subdivisions of this state, such plans and programs to be integrated into and coordinated with the State Emergency Plan and the plans and programs of the federal government and of other states to the fullest possible extent.

8607. (a) By December 1, 1993, the California Office of Emergency Services, in coordination with all interested state agencies with designated response roles in the state emergency plan and interested local emergency management agencies shall jointly establish by regulation a standardized emergency management system for use by all emergency response agencies. The public water systems identified in Section 8607.2 may review and comment on these regulations prior to adoption.

This system shall be applicable, but not limited to, those emergencies or disasters referenced in the state emergency plan. The standardized emergency management system shall include all of

the following systems as a framework for responding to and managing emergencies and disasters involving multiple jurisdictions or multiple agency responses:

(1) The Incident Command Systems adapted from the systems originally developed by the FIRESCOPE Program, including those currently in use by state agencies.

(2) The multi-agency coordination system as developed by the FIRESCOPE Program.

(3) The mutual aid agreement, as defined in Section 8561, and related mutual aid systems such as those used in law enforcement, fire service, and coroners operations.

(4) The operational area concept, as defined in Section 8559.

(b) Individual agencies' roles and responsibilities agreed upon and contained in existing laws or the state emergency plan are not superseded by this article.

(c) By December 1, 1994, the California Governor's Office of Emergency Services, in coordination with the State Fire Marshal's Office, the Department of the California Highway Patrol, the Commission on Peace Officer Standards and Training, the Emergency Medical Services Authority, and all other interested state agencies with designated response roles in the state emergency plan, shall jointly develop an approved course of instruction for use in training all emergency response personnel, consisting of the concepts and procedures associated with the standardized emergency management system described in subdivision (a).

(d) By December 1, 1996, all state agencies shall use the standardized emergency management system as adopted pursuant to subdivision (a), to coordinate multiple jurisdictions or multiple agency emergency and disaster operations.

(e) (1) By December 1, 1996, each local agency, in order to be eligible for any funding of response-related costs under disaster assistance programs, shall use the standardized emergency management system as adopted pursuant to subdivision (a) to coordinate multiple jurisdiction or multiple agency operations.

(2) Notwithstanding paragraph (1), local agencies shall be eligible for repair, renovation, or any other non-personnel costs resulting from an emergency.

(f) The office shall, in cooperation with involved state and local agencies, complete an after-action report within 120 days after each declared disaster. This report shall review public safety response and disaster recovery activities and shall be made available to all interested public safety and emergency management organizations.

8615. It is the purpose of the Legislature in enacting this article to facilitate the rendering of aid to areas stricken by an emergency and to make unnecessary the execution of written agreements customarily entered into by public agencies exercising joint powers. Emergency plans duly adopted and approved as provided by the Governor shall be effective as satisfying the requirement for mutual aid operational plans provided in the Master Mutual Aid Agreement.

8616. During any state of war emergency or state of emergency when the need arises for outside aid in any county, city and county, or city, such aid shall be rendered in accordance with approved emergency plans. It shall be the duty of public officials to cooperate to the fullest possible extent in carrying out such plans.

8617. In periods other than a state of war emergency, a state of emergency, or a local emergency, state agencies and political subdivisions have authority to exercise mutual aid powers in accordance with the Master Mutual Aid Agreement and local ordinances, resolutions, agreements, or plans therefore.

8618. Unless otherwise expressly provided by the parties, the responsible local official in whose jurisdiction an incident requiring mutual aid has occurred shall remain in charge at such incident, including the direction of personnel and equipment provided him through mutual aid.

8619. The Governor may on behalf of this state enter into reciprocal aid agreements or compacts, mutual aid plans, or other interstate arrangements for the protection of life and property with other states and the federal government, either on a statewide basis or a political subdivision basis. Prior to committing the personnel, equipment, or facilities of any political subdivision of this state, the Governor shall consult with the chief executive or governing body of such political subdivision. Such mutual aid arrangements may include the furnishing or exchange, on such terms and conditions as are deemed necessary, of supplies, equipment, facilities, personnel, and services.

8620. During a state of war emergency the Governor shall have complete authority over all agencies of the state government and the right to exercise within the area or regions designated all police power vested in the state by the Constitution and laws of the State of California in order to effectuate the purposes of this chapter. In exercise thereof he shall promulgate, issue, and enforce such orders and regulations as he deems necessary for the protection of life and property, in accordance with the provisions of Section 8567.

8627. During a state of emergency the Governor shall, to the extent he deems necessary, have complete authority over all agencies of the state government and the right to exercise within the area designated all police power vested in the state by the Constitution and laws of the State of California in order to effectuate the purposes of this chapter. In exercise thereof, he shall promulgate, issue, and enforce such orders and regulations as he deems necessary, in accordance with the provisions of Section 8567.

8655. The state or its political subdivisions shall not be liable for any claim based upon the exercise or performance, or the failure to exercise or perform a discretionary function or duty on the part of a state or local agency or any employee of the state or its political subdivisions in carrying out the provisions of this chapter.

8656. All of the privileges and immunities from liability; exemptions from laws, ordinances, and rules; all pension, relief, disability, workers' compensation, and other benefits which apply to the activity of officers, agents, or employees of any political subdivision when performing their respective functions within the territorial limits of their respective political subdivisions, shall

apply to them to the same degree and extent while engaged in the performance of any of their functions and duties extraterritorially under this chapter.

8657. (a) Volunteers duly enrolled or registered with the California Governor's Office of Emergency Services or any disaster council of any political subdivision, or unregistered persons duly impressed into service during a state of war emergency, a state of emergency, or a local emergency, in carrying out, complying with, or attempting to comply with, any order or regulation issued or promulgated pursuant to the provisions of this chapter or any local ordinance, or performing any of their authorized functions or duties or training for the performance of their authorized functions or duties, shall have the same degree of responsibility for their actions and enjoy the same immunities as officers and employees of the state and its political subdivisions performing similar work for their respective entities.

(b) No political subdivision or other public agency under any circumstances, nor the officers, employees, agents, or duly enrolled or registered volunteers thereof, or unregistered persons duly impressed into service during a state of war emergency, a state of emergency, or a local emergency, acting within the scope of their official duties under this chapter or any local ordinance shall be liable for personal injury or property damage sustained by any duly enrolled or registered volunteer engaged in or training for emergency preparedness or relief activity, or by any unregistered person duly impressed into service during a state of war emergency, a state of emergency, or a local emergency and engaged in such service. The foregoing shall not affect the right of any such person to receive benefits or compensation which may be specifically provided by the provisions of any federal or state statute nor shall it affect the right of any person to recover under the terms of any policy of insurance.

(c) The California Earthquake Prediction Evaluation Council, an advisory committee established pursuant to Section 8590 of this chapter, may advise the Governor of the existence of an earthquake or volcanic prediction having scientific validity. In its review, hearings, deliberations, or other validation procedures, members of the council, jointly and severally, shall have the same degree of responsibility for their actions and enjoy the same immunities as officers and employees of the state and its political subdivisions engaged in similar work in their respective entities. Any person making a presentation to the council as part of the council's validation process, including presentation of a prediction for validation shall be deemed a member of the council until the council has found the prediction to have or not have scientific validity.

8658. In any case in which an emergency endangering the lives of inmates of a state, county, or city penal or correctional institution has occurred or is imminent, the person in charge of the institution may remove the inmates from the institution. He shall, if possible, remove them to a safe and convenient place and there confine them as long as may be necessary to avoid the danger, or, if that is not possible, may release them. Such person shall not be held liable, civilly or criminally, for acts performed pursuant to this section.

8660. No other state or its officers or employees rendering aid in this state pursuant to any interstate arrangement, agreement, or compact shall be liable on account of any act or omission in good faith on the part of such state or its officers or employees while so engaged, or on account of the maintenance or use of any equipment or supplies in connection with an emergency.

8668. (a) Any disaster council previously accredited, the State Civil Defense and Disaster Plan, the State Emergency Resources Management Plan, the State Fire Disaster Plan, the State Law Enforcement Mutual Aid Plan, all previously approved civil defense and disaster plans, all mutual aid agreements, and all other documents and agreements existing as of the effective date of this chapter, shall remain in full force and effect until revised, amended, or revoked in accordance with the provisions of this chapter.

(b) Nothing in this chapter shall be construed to diminish or remove any authority of any city, county, or city and county granted by Section 7 of Article XI of the California Constitution.

26602. The sheriff shall prevent and suppress any affrays, breaches of the peace, riots, and insurrections which come to his knowledge, and investigate public offenses which have been committed.

19 CCR 2401 (California Code of Regulations) These regulations establish the Standardized Emergency Management System (SEMS) based upon the Incident Command System (ICS) adapted from the system originally developed by the Firefighting Resources of California Organized for Potential Emergencies (FIRESCOPE) program including those currently in use by state agencies, the Multi-Agency Coordination System (MACS) as developed by FIRESCOPE program, the operational area concept, and the Master Mutual Aid Agreement and related mutual aid systems.

SEMS is intended to standardize response to emergencies involving multiple jurisdictions or multiple agencies. SEMS is intended to be flexible and adaptable to the needs of all emergency responders in California. SEMS requires emergency response agencies use basic principles and components of emergency management including ICS, multi-agency or inter-agency coordination, the operational area concept, and established mutual aid systems. State agencies must use SEMS. Local government must use SEMS by December 1, 1996 in order to be eligible for state funding of response-related personnel costs pursuant to activities identified in California Code of Regulations, Title 19, §2920, §2925, and §2930. Individual agencies' roles and responsibilities contained in existing laws or the state emergency plan are not superseded by these regulations.

**CALIFORNIA DISASTER AND CIVIL DEFENSE
MASTER MUTUAL AID AGREEMENT**

This agreement made and entered into by and between the STATE OF CALIFORNIA, its various departments and agencies, and the various political subdivisions, municipal corporations, and other public agencies of the State of California;

WITNESSETH:

WHEREAS, it is necessary that all of the resources and facilities of the State, its various departments and agencies, and all its political subdivisions, municipal corporations, and other public agencies be made available to prevent and combat the effect of disasters which may result from such calamities as flood, fire, earthquake, pestilence, war, sabotage, and riot; and

WHEREAS, it is desirable that each of the parties hereto should voluntarily aid and assist each other in the event that a disaster should occur, by the interchange of services and facilities, including, but not limited to, fire, police, medical and health, communication, and transportation services and facilities, to cope with the problems of rescue, relief, evacuation, rehabilitation, and reconstruction which would arise in the event of a disaster; and

WHEREAS, it is necessary and desirable that a cooperative agreement be executed for the interchange of such mutual aid on a local, countywide, regional, statewide, and interstate basis;

NOW, THEREFORE, IT IS HEREBY AGREED by and between each and all of the parties hereto as follows:

1. Each party shall develop a plan providing for the effective mobilization of all its resources and facilities, both public and private, to cope with any type of disaster.
2. Each party agrees to furnish resources and facilities and to render services to each and every other party to this agreement to prevent and combat any type of disaster in accordance with duly adopted mutual aid operational plans, whether heretofore or hereafter adopted, detailing the method and manner by which such resources, facilities, and services are to be made available and furnished, which operational plans may include provisions for training and testing to make such mutual aid effective; provided, however, that no party shall be required to deplete unreasonably its own resources, facilities, and services in furnishing such mutual aid.

3. It is expressly understood that this agreement and the operational plans adopted pursuant thereto shall not supplant existing agreements between some of the parties hereto providing for the exchange or furnishing of certain types of facilities and services on a reimbursable, exchange, or other basis, but that the mutual aid extended under this agreement and the operational plans adopted pursuant thereto, shall be without reimbursement unless otherwise expressly provided for by the parties to this agreement or as provided in Sections 1541, 1586, and 1587, California Military and Veterans Code; and that such mutual aid is intended to be available in the event of a disaster of such magnitude that it is, or is likely to be, beyond the control of a single party and requires the combined forces of several or all of the parties to this agreement to combat.
4. It is expressly understood that the mutual aid extended under this agreement and the operational plans adopted pursuant thereto shall be available and furnished in all cases of local peril or emergency and in all cases in which a *STATE OF EXTREME EMERGENCY* has been proclaimed.
5. It is expressly understood that any mutual aid extended under this agreement and the operational plans adopted pursuant thereto, is furnished in accordance with the "California Disaster Act" and other applicable provisions of law, and except as otherwise provided by law that: "The responsible local official in whose jurisdiction an incident requiring mutual aid has occurred shall remain in charge at such incident including the direction of such personnel and equipment provided him through the operation of such mutual aid plans." (Section 1564, CA Military and Veterans Code.)
6. It is expressly understood that when and as the State of California enters into mutual aid agreements with other states and the Federal Government, the parties to this agreement shall abide by such mutual aid agreements in accordance with the law.
7. Upon approval or execution of this agreement by the parties hereto all mutual aid operational plans heretofore approved by the State Disaster Council, or its predecessors, and in effect as to some of the parties hereto, shall remain in full force and effect as to them until the same may be amended, revised, or modified. Additional mutual aid operational plans and amendments, revisions, or modifications of existing or hereafter adopted mutual aid operational plans, shall be adopted as follows:

-
- a. Countywide and local mutual aid operational plans shall be developed by the parties thereto and are operative as between the parties thereto in accordance with the provisions of such operational plans. Such operational plans shall be submitted to the State Disaster Council for approval. The State Disaster Council shall notify each party to such operational plans of its approval, and shall also send copies of such operational plans to other parties to this agreement who did not participate in such operational plans and who are in the same area and affected by such operational plans. Such operational plans shall be operative as to such other parties 20 days after receipt thereof unless within that time the party by resolution or notice given to the State Disaster Council, in the same manner as notice of termination of participation in this agreement, declines to participate in the particular operational plan.
 - b. Statewide and regional mutual aid operational plans shall be approved by the State Disaster Council and copies thereof shall forthwith be sent to each and every party affected by such operational plans. Such operational plans shall be operative as to the parties affected thereby 20 days after receipt thereof unless within that time the party by resolution or notice given to the State Disaster Council, in the same manner as notice of termination of participation in this agreement, declines to participate in the particular operational plan.
 - c. The declination of one or more of the parties to participate in a particular operational plan or any amendment, revision or modification thereof, shall not affect the operation of this agreement and the other operational plans adopted pursuant thereto.
 - d. Any party may at any time by resolution or notice given to the State Disaster Council, in the same manner as notice of termination of participation in this agreement, decline to participate in any particular operational plan, which declination shall become effective 20 days after filing with the State Disaster Council.
 - e. The State Disaster Council shall send copies of all operational plans to those state departments and agencies designated by the Governor. The Governor may, upon behalf of any department or agency, give notice that such department or agency declines to participate in a particular operational plan.

-
- f. The State Disaster Council, in sending copies of operational plans and other notices and information to the parties to this agreement, shall send copies to the Governor and any department or agency head designated by him; the chairman of the board of supervisors, the clerk of the board of supervisors, the County Disaster Council, and any other officer designated by a county; the mayor, the clerk of the city council, the City Disaster Council, and any other officer designated by a city; the executive head, the clerk of the governing body, or other officer of other political subdivisions and public agencies as designated by such parties.
 8. This agreement shall become effective as to each party when approved or executed by the party, and shall remain operative and effective as between each and every party that has heretofore or hereafter approved or executed this agreement, until participation in this agreement is terminated by the party. The termination by one or more of the parties of its participation in this agreement shall not affect the operation of this agreement as between the other parties thereto. 1300 BWC APPENDIX A.pdf

BODY WORN CAMERAS (BWCs)

A. DESCRIPTION

The BWC system consists of four main components: The camera, the docking station, and the Digital Information Management System (DIMS) and smartphone applications.

The first component, the Axon camera, is a system which incorporates an audio and video recording device. It is designed to record events in real time for secure storage, retrieval, and analysis. The camera is to be attached to an officer's uniform and is powered by an internal rechargeable battery. The camera features low-light performance, full-shift battery life, a capture rate of 30 frames per second with no dropped frames, HD video, pre-event buffering, multi-camera playback, and the ability to automatically categorize video using the police department's computer aided dispatch system. An officer can start and stop recording by pressing a button on the front of the camera. The camera does not contain a screen for footage review.

The second component of the system is the docking station. Once the Axon camera is placed in the docking station it recharges the camera's battery. The dock also triggers the uploading of data from the camera to a cloud based Digital Information Management System (DIMS) called Evidence.com. The dock does not directly provide functionality to view, modify or delete video data stored on Axon cameras.

The third component is the Digital Information Management System called Evidence.com. Evidence.com streamlines data management and sharing on one secure platform. The evidence management system is comprehensive, secure, and intuitive to use. The DIMS is located in a cloud-based data center for security, scalability, and ease of administration. Users can add

metadata to existing videos such as associated case numbers, incident type, incident dispositions, etc. to make the videos easier to find. However, the videos themselves cannot be altered by the user.

The fourth component of the system to be utilized are two Axon mobile applications, which allow officers to collect and review evidence in the field and more effectively use their BWCs. The applications use secure Bluetooth and Wi-Fi technology to access the BWC systems and footage. These applications are compliant with US Department of Justice evidentiary standards, meaning that they are both secure and are set up in a way that prohibits the altering or destruction of evidence. The applications are called Axon View and Axon Capture. Axon View allows users to change their camera settings, view live video, and review and tag recorded videos while they are stored on the BWC. Recorded videos remain in the BWC's memory, and cannot be manipulated or deleted. Axon Capture allows officers to use their city-issued smartphone's camera and microphone to take photographs, and record audio and video, and to upload this data directly to Evidence.com. These applications do not allow users to alter, manipulate, or edit any of the footage recorded by the BWC. These applications use secure technology to add value and efficiency to the BWC program.

B. PURPOSE

The primary objective of the BWC system is to document officer contacts, arrests, and critical incidents. Video footage collected by the BWCs will be used as evidence in both criminal and administrative investigations. Video footage not relevant to any investigation will be discarded after a defined retention period.

In instances where the officer might be expected to take law enforcement action of any kind, the officer is expected to record the encounter for the benefit of both the officer and the member of the public.

1. The BWC shall be activated in any of the following situations:
 - i. All in-person enforcement and investigative contacts including pedestrian stops and field interview (FI) situations.
 - ii. Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops.
 - iii. Self-initiated field contacts in which a member would normally notify the Communications Center.
 - iv. Any search activity, including the service of search or arrest warrants; probation, parole, or consent searches where the member is seeking evidence of an offense, or conducting a safety sweep or community caretaking sweep of the premises. Once a location has been secured and the member is not interacting with detainees or arrestees, the member may mute their BWC when conducting a search for evidence.

- v. Any other contact that the member determines has become adversarial after the initial contact in a situation where the member would not otherwise activate BWC recording.
- vi. Transporting any detained or arrested person and where a member facilitates entry into or out of a vehicle, or any time the member expects to have physical contact with that person.

At no time is an officer expected to jeopardize his or her safety in order to activate a BWC. The BWC should be activated in anticipation of situations described above, and in any unanticipated, rapidly unfolding situation where activation becomes required, as soon as the user can do so safely.

Officers should activate their BWC when conducting custodial interviews unless there are other recording devices being used. Officers shall document and explain in their report the reason for not recording custodial interviews, should a BWC be de-activated while conducting a custodial interview or interrogation.

2. Prohibited uses of the BWC system include:

- i. Officers shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police, or his/her designee.
- ii. Officers are prohibited from using a department-issued BWC for personal use and are prohibited from making personal copies of recordings created while on duty or while acting in their official capacity.
- iii. Officers are prohibited from retaining BWC recordings.
- iv. Officers shall not duplicate or distribute such recordings, except for department business purposes.

C. LOCATION

Officers may use BWCs anywhere where officers have jurisdiction to operate as sworn officers, in accordance with BPD policy #425.

D. IMPACT

With the introduction of BWCs, officers record all enforcement contacts with the public. To that end, an officer could find themselves engaged in their lawful duties in both public and private areas. Additionally, due to the nature of law enforcement work, an officer may be required to engage in sensitive conversations with individuals of all ages, including children.

The right to maintain someone's anonymity versus the need to gain information to maintain public safety is of paramount concern. The Department recognizes that all people have a right to privacy and is committed to protecting and safeguarding civil rights by adhering to the

strictest requirements of both state and federal law concerning release of audio/video recordings.

E. MITIGATION

In order to minimize violations of privacy, BWC policy provides that:

1. Officers should record any incident they feel would be appropriate or valuable to document. The BWC policy shall require officers to activate the BWC under the criteria listed above.
2. Officers should not activate the BWC and/or use caution when entering a public locker room, changing room, restroom, doctor's or attorney's office, or other place where individuals unrelated to the investigation are present and would have a heightened expectation of privacy unless the officer is investigating criminal activity or responding to a call for service.
3. BWC use is limited to enforcement and investigative activities involving members of the public. The BWC recordings will capture video and audio evidence for use in criminal investigations, administrative reviews, training, civil litigation, and other proceedings protected by confidentiality laws and department policy.
4. BWC footage will be retained or released in accordance with applicable state and federal law. Criminal defendants will have access to relevant BWC footage via the court discovery process.
5. Officers are prohibited from retaining BWC recordings, Officers shall not duplicate or distribute such recordings, except for department business purposes. All such recordings shall be retained at the Department.
6. Officers are prohibited from intentionally erasing, altering, reusing, modifying or tampering with original audio video recordings. Officers may request restriction and subsequent deletion of an accidental recording according to the BWC policy.
7. Access to recorded files will be granted for the purposes of review in response to a public records request, as permitted by law and department policy. Department policy does not authorize release of investigative files or documents that would constitute an unwarranted invasions of privacy. Circumstances where this might arise in video include footage taken inside a home, a medical facility, the scene of a medical emergency, or where an individual recorded has a "reasonable expectation of privacy"

F. DATA TYPES AND SOURCES

BWC use is limited to enforcement and investigative activities involving members of the public. The BWC recordings will capture video and audio evidence for use in criminal investigations, administrative reviews, training, civil litigations, and other proceedings protected by confidentiality laws and department policy.

The BWC collects video and audio recordings of events occurring in the user's presence. As each video is created, the system automatically stamps the video with the current date/time and the camera user's identity. The user has the option to add metadata manually to existing recordings after they are created. Such metadata may include but is not limited to:

1. Category of contact (from Department's defined list)
2. Disposition of contact (arrest, citation, etc.)
3. Associated case number

G. DATA SECURITY

To assist with identifying and preserving data and recordings, members shall tag and download recordings in accordance with procedure, and document the existence of the recording in the related case report. Transfers must occur at the end of the member's shift, and any time the member is aware that the storage capacity of the BWC is nearing its limit. In circumstances when the officer cannot complete this task, the officer's supervisor shall immediately take custody of the BWC and be responsible for transferring the data into the digital evidence management system. Officers shall tag each file with the appropriate case/incident number, provide a descriptive title, and select an appropriate category for each recording, using the Axon View app or via the Evidence.com site.

Members are prohibited from intentionally erasing, altering, reusing, modifying or tampering with original audio video recordings.

Improper use or release of BWC recordings may compromise ongoing criminal and administrative investigations or violate the privacy rights of those recorded and is prohibited. The Chief of Police, or his/her designee shall appoint a member of the Department to coordinate the use and maintenance of BWCs and the storage of recordings, including (Penal Code Section 832.18) (Ref. policy 425.14):

1. Establishing a system for uploading, storing and security of recordings.
2. Designating persons responsible for uploading recorded data.
3. Establishing a maintenance system to ensure availability of BWCs.
4. Establishing a system for tagging and categorizing data according to the type of incident captured.
5. Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.
6. Working with the City Attorney's office to ensure an appropriate retention schedule is being applied to recordings and associated documentation.
7. Maintaining an audit trail record for all access to evidence files, wherein access information for each evidence file is logged through use of a secure log-in system. The Department's storage system associates an audit trail record with each evidence file,

thereby logging the date, time, user name, activity and client IP address occurring during each evidence file access.

H. FISCAL COST

In 2017, the Berkeley City Council approved a resolution authorizing a contract between BPD and Axon. Axon was chosen after a competitive Request for Proposal (RFP) process. The contract will not exceed \$1,218,103 and includes the cost of 200 body worn cameras, charging stations, accessories, software licenses, training and unlimited storage for five years. The purchase also includes replacement cameras and charging stations during the third and fifth year of the contract.

There will be an annual cost of approximately \$250,000 to the police department's budget for a staff person to administer the body worn camera program beginning in FY 2019.

I. THIRD PARTY DEPENDENCE AND ACCESS

All BWC data will be uploaded and stored on Axon Cloud Services, Evidence.com. Axon complies with the EU-U.S. Privacy Shield Framework and the Swiss-U.S. Privacy Shield Framework as set forth by the U.S. Department of Commerce regarding the collection, use, and retention of personal information transferred from the European Union and Switzerland to the United States (collectively, "Privacy Shield"). Axon has certified to the U.S. Department of Commerce that it adheres to the Privacy Shield Principles.

J. ALTERNATIVES

Officers rely primarily on traditional policing techniques to gather evidence related to criminal investigations such as speaking to witnesses and suspects, gathering information from observations, and using standard data aggregation systems. These methods will continue to be employed as primary investigative tools that will be supplemented by use of BWCs to document police activity.

BWC technology provides video and audio documentation of policing activity in addition to the oral and written statements of officers, victims, and witnesses. Alternatives to the use of BWCs would be vehicle-based cameras and/or not utilizing BWCs. However, BPD sees the use of BWCs as an integral strategy to strengthen police transparency, prevent and resolve complaints against the police by civilians, document police-public interaction, and promote the perceived legitimacy and sense of procedural justice that communities have about their departments. There is a broad consensus – among community leaders, the ACLU, the Department of Justice, the Berkeley Police Department, and elected officials – that body-worn cameras can be an important tool for improving the high-quality public service expected of police officers.

K. EXPERIENCE OF OTHER ENTITIES

Numerous police agencies have adopted BWCs as a tool to help combat crime, to reduce citizen complaints and to reduce use of force situations. Many departments have developed their own usage policies which may include standards for required officer use, supervisory review, storage and data retention standards, and internal and public access.

A report for the U.S. Bureau of Justice Administration, https://www.bja.gov/bwc/pdfs/14-005_Report_BODY_WORN_CAMERAS.pdf - pages 6-8, cites a 2013 Rialto, CA study that showed that the use of BWCs led to a 59 percent decrease in UOF and an 87.5 percent decrease in citizen complaints. Likewise, the Mesa, AZ report noted in “Impact” Section above also points to large decreases in UOF and citizen complaints.

The 2017 Police Body Worn Cameras: A Policy Scorecard, <https://www.bwccscorecard.org/>, provides an analysis of how scores of different police agencies have employed BWCs through a defined list of metrics.

M4 Rifle and Associated Ammunition

(1) Description:

A. Background:

The “M4” was developed and produced for the United States government by Colt Firearms and was based off of the original Armalite Rifle (AR) patent purchased by Colt in 1959. Although Colt owned the trademarked name of “M4”, a number of other manufacturers offer M4-like firearms under various model names. The M4 and its variants fire 5.56×45mm NATO (and .223 Remington) ammunition, and are a gas-operated, magazine-fed firearm with a barrel length ranging from 11.5” to 16”.

The current Berkeley Police Department (BPD) rifle ammunition used is the .223 Remington, a rimless, bottlenecked rifle cartridge. The round was developed in 1957 by Remington Arms and Fairchild Industries. The .223 Remington is considered one of the most popular cartridges and is currently used by a wide range of semi-automatic and manual-action rifles as well as handguns. While the military uses the similar 5.56x45 NATO cartridge, BPD uses the more common and often regarded civilian cartridge of .223 Remington for all training and duty uses.

Currently, BPD uses two different kinds of .223 Remington ammunition: 55 grain FMJ (full metal jacket) for training purposes and 62 grain soft point for duty purposes. This is done for several reasons.

1. FMJ ammunition is cheaper to purchase. While many agencies use the same ammunition for training and duty use, the department saves a significant amount of money by using FMJ ammunition for training.
2. The observed performance between the two rounds is negligible for training purposes. Officers can use the FMJ ammunition in a training course and see no difference in operation and performance versus using 62 grain soft point duty ammunition.
3. The 62-grain soft point ammunition has been shown to have less over penetration and over travel compared to FMJ ammunition.

This means that rounds fired are less likely to hit unintended targets.

B. Quantity:

The Berkeley Department currently owns and maintains 96 rifles.

Quantity of rifle ammunition fluctuates significantly depending on training attended, including the standard basic police academy, officer assignments, and yearly mandate training cycles. For example, most police academy recruits are required to bring approximately 1,000 rounds to the basic POST approved academy. Most academies have a 16-24-hour rifle training course. The training is required for all officers who are issued a rifle and mandates between 800 and 1,200 rounds. As such, the inventory at the Berkeley Police Department fluctuates significantly depending on how many officers are attending state mandated training and can range from 10,000 round (our current inventory) to less than 1,000 rounds (our anticipated inventory at the end of December after scheduled department training in November.)

C. Capability:

The M4 pattern rifle is used only in situations when a potential life-threatening situation exists. While a pistol is the common firearm used by police in these dangerous situations, the M4 patterned rifle has numerous advantages over it. The ability to shoulder the rifle, coupled with the rifle's lengthened barrel and ammunition, result in higher accuracy and lessens the chance of officers missing the intended target. Additionally, due to the design of the rifle's bullet, the round is less likely to over penetrate commercial and residential walls should the officer miss the intended target. The rifle is also easier to use compared to a pistol because of the bullet's low recoil. Finally, as the rifle can be adjusted and customized, it can be configured to accommodate officers of any stature (hand size, strength, etc.).

The .223 Remington cartridge, depending on the weight of the bullet, 55 grain or 62 grain, travel at approximately 3,000 feet per second and 2,700 feet per second respectively. The round is highly regarded as having a high degree of consistency and accuracy, which is why it is the most common rifle round used in Law Enforcement around the world.

D. Lifespan:

Due to the rifle's ability to be maintained by department armorers, these rifles have a relatively long-life span if properly maintained. However, the design has

changed little in the last 60 years and we can expect new variations and designs to become the new industry standard in the coming years.

Like all ammunition, if kept cool and dry, ammunition lifespan can exceed ten years. Due to BPD's and State mandates on training, the majority of ammunition is cycled through within a year of purchase.

E. Use:

Used in the defense of life or great bodily injury to potential victims of violent crimes, general public, and officers.

F. How it Works:

The M4 patterned rifle works the same as a majority of all modern firearms. When the trigger is pressed, a firing pin strikes the primer of a bullet loaded into the chamber of the rifle. The ignited primer ignites gun powder contained in the bullet which pushes the bullet down the barrel and out the muzzle. As the bullet travels down the barrel, gas from the ignited powder also escapes from the muzzle. Some of that gas is recycled back into the chamber of the firearm which causes the firearm to cycle its action and load another bullet. From there the process repeats with each pull of the trigger.

The .223 Remington cartridge is made up of several parts, primarily the primer, casing, gunpowder, and bullet. The bullet is seated into the front or opening of the casing. Gunpowder is placed between the bullet and the interior of the casing and a primer is seated in the rear part of the casing. When the trigger of a firearm is pulled, it releases the hammer, which strikes the firing pin, driving it forward. The firing pin collides with the rear of the cartridge, where the primer is seated, which ignites the primer. The spark from the primer ignites the gunpowder. Gas converted from the burning powder rapidly expands in the cartridge. The expanding gas forces the bullet out of the cartridge and down the barrel with great speed. The rifling in the barrel causes the bullet to spin as it travels out of the barrel. The bullet's speed and escaping gases produce a "bang."

After the bullet exits the barrel, the spent casing which housed the bullet, gunpowder, and primer are ejected from the firearm.

(2) Purpose:

The M4 patterned rifle and associated ammunition is intended as a means to safely stop a lethal threat. While a pistol is the firearm that all officers are minimally

equipped with, the rifle is an ancillary firearm for situations where increased distance and accuracy are needed to safely resolve the situation.

(3) Fiscal Cost:

A. Initial Cost:

Rifle prices, like other firearms, will range depending on current market demand and availability. While M4 rifles purchased several years ago cost between \$1,000 and \$1,200 a piece, current rifles cost between \$1,400 and \$1,600. It should be expected that these prices will fluctuate and likely increase over time.

Ammunition costs fluctuate with the costs of components (brass, primers, gunpowder, and bullets) and supply/demand. Current costs for .223 Remington range from \$0.50 to \$0.75 a round for training ammunition (55 grain) and \$1.25 to \$1.50 a round for duty ammunition (62 grain).

B. Cost of Use:

Cost of use for all firearms should be based on the ammunition used in training and on duty. This will fluctuate based on whether the rifle is issued to a patrol officer, a firearms instructor, or a Special Response Team member as each assignment has different training requirements.

C. Cost of Potential Adverse Effects:

Adverse effects of improper use of a firearm are not calculable. It could lead to the loss of life or serious injury. Additionally, the improper use could result in civil liabilities.

D. Annual and Ongoing Costs:

See section B. above, these costs are determined based on the rifle's assignment.

E. Training Costs:

Every officer that is authorized to carry a rifle on duty must attend a 16-hour CA POST approved rifle instruction course before being authorized to carry the rifle on duty. This course may be administered by Berkeley Police Firearm Instructors or by other POST approved agencies. Tuition for the CA POST approved class is dependent on the hosting agency. If conducted in house the cost only includes the officer's hourly wage, range fee, and ammunition costs (all vary). Outside agencies charge between \$25 to \$500 depending on the range location and duration (some classes are 32-hours while POST only requires 16-hours.)

Additionally, all officers issued a rifle receive specific 8-hour rifle training every two years by POST certified BPD firearm instructors.

Typical round count for such classes range between 800 rounds and 1200 rounds per student. Additionally, all officers issued a rifle receive specific 8-hour rifle training every two years by a BPD firearm instructor which constitutes an additional 500 or so rounds per officer.

F. Maintenance and Storage Costs:

Maintenance costs vary depending on use over time. Traditionally, various springs and pins need to be replaced every five years and may cost between \$3 and \$30 per rifle. Other parts such as the barrel and bolt need replaced around ten years and range between \$150 and \$300 per rifle.

There are no costs associated with maintenance or storage of ammunition. All ammunition is stored in a climate-controlled room in the Berkeley Police Department.

G. Upgrade Costs:

Upgrade costs and Maintenance cost are synonymous due to the consistent design and lack of changes of the rifle over the last 60 years. Improvements in technology and new designs may be an additional cost but we can't predict what those will be at this time.

Should advancements be made in ammunition manufacturing, those upgrade costs are unknown at this time.

(4) Impact:

The Berkeley Police Department is committed to preserving and protecting human life and welfare. The M4 patterned rifle, which fires the .223 Remington cartridge, is a superior firearm to stop a lethal threat compared to the issued pistols to police officers, in that officers equipped with this firearm shoot less rounds, fire more accurately, and are less likely to fire errant rounds. Highly volatile and violent incidents, such as a hostage situation, can be more safely and efficiently resolved with a rifle.

The M4 patterned rifle, and the accompanying .223 Remington cartridge it fires, is intended as a tool to increase the safety and welfare of citizens and officers alike. The M4 patterned rifle and .223 Remington cartridge, both inanimate objects, have zero impact on things such as civil rights or civil liberties of the public. Any abuses of authority or power would be the result of an individual who violates the Berkeley Police Department's policies, including state and federal laws.

(5) **Mitigations:**

Per Policy 300, “Deadly force may only be used when it is objectively reasonable that such action is immediately necessary to protect the officer or another person from imminent danger of death or serious bodily harm.

Officers shall not use deadly force if it is objectively reasonable that alternative techniques will eliminate the imminent danger and ultimately achieve the law enforcement purpose with less risk of harm to the officer or to other persons.”

(6) **Alternatives:**

There are no suitable alternatives to the M4 rifle for the intended purpose. The M4 rifle is a law enforcement standard across the US and other countries due to its reliability, ease of use, ease of maintenance, and increased accuracy over other options.

There are no suitable alternatives to the .223 Remington cartridge, as the current BPD M4 rifle is designed for that particular cartridge. The .223 Remington cartridge is a law enforcement standard across the US and other countries due to its reliability, availability, and increased accuracy over other options.

(7) **Third Party Dependence:**

Berkeley Police Department armorers are trained and capable to handle any and all issues related to the maintenance or repair of the M4 rifles. Additionally, BPD firearm instructors are fully certified by state and private training institutes to fully educate and train BPD officers. No third party is required for maintenance, repair, or instruction.

All ammunition purchased by BPD, like all equipment, is dependent on Third Party vendors. Vendor stock and availability is outside BPD control or management. Once ammunition is purchased and in BPD custody there is no additional need for Third Party assistance.

Penn Arms 40mm Single Launcher

(1) **Description:**

A. **Background:**

The 40mm impact projectile was developed as an alternative to the 12-gauge bean bag round and other more indiscriminate less lethal options. Early 12-gauge

bean bag round designs had somewhat unpredictable flight patterns and could cause significant unwanted injury. The 40mm foam baton round was developed as a direct fire projectile designed to minimize the risk of unintended injuries. Currently, the Berkeley Police Department utilizes the CTS 4557 foam baton projectile and the Penn Arms L-140 single shot launcher.

B. Quantity:

The Berkeley Police Department currently owns and maintains 20 Penn Arms less lethal launchers.

C. Capability:

The Penn Arms single launcher is capable of firing a single projectile out to a maximum manufacturer recommended range of 45 meters. The Penn Arms 40mm projectiles are direct fire with a pliable “sponge” tip designed to mold to the body. The projectiles are about the size of a large egg. Upon impact, the projectile transfers kinetic energy to the body to gain pain compliance. Large muscle groups such as the upper legs or lower abdomen are approved target areas unless a higher level of force is justified. This level of force is considered to be similar to that of a baton strike.

D. Lifespan:

The manufacturer expected lifespan is about 10 years depending on use and regular maintenance.

E. Use:

The Penn Arms 40mm single launcher is designed to reduce the potential for a violent confrontation. Less lethal projectiles are less likely to result in serious bodily injury or death and can be used to de-escalate a potentially deadly situation.

F. How it works:

The Penn Arms 40mm single launcher is a double action, break open less lethal launcher. The launcher is capable of firing a single 40mm projectile. When fired, the hammer strikes the munition primer which ignites gun powder in the primer insert. Expelled gases propel the projectile through the rifled barrel. The projectile has a rear plastic portion called the ogive which catches the barrel rifling and provides spin. The spin provides a greater degree of accuracy and eliminates any potential the projectile will tumble when exiting the barrel.

The projectiles utilized by the Berkeley Police Department are the CTS 4557 40mm sponge baton round. The CTS 4557 has a maximum effective range of 45 meters. The tip of the projectile is a pliable rubber material which molds to the body upon impact. The projectile travels at an estimated 240 feet per second which is slower than the FN 303 projectile. However, the larger mass, about 60 grams, creates more kinetic energy upon impact which is similar to that of a baseball thrown by a pitcher. The additional kinetic energy becomes important when the suspect has on thick or layered clothing or demonstrates a high pain tolerance.

The Penn Arms single launcher is a basic design making it easy to operate and maintain.

(2) **Purpose:**

The purpose of kinetic energy impact projectiles, commonly referred to as “less lethal” is to preserve life, minimize the use of force and allow time for de-escalation. Less lethal projectiles allow the user to maintain a safe distance from a subject who is armed and/or demonstrates the intent to be violent. The ability to maintain a safe distance – while still providing a level of control over the subject – allows officers to employ de-escalation techniques, request additional resources and develop a plan to safely resolve the situation with the least amount of risk.

Violent or armed confrontations are inherently dangerous to all those involved. Officers are required to make split second judgments in circumstances that are tense, uncertain and rapidly evolving. An Officer’s threat perception of a person who is in close proximity as opposed to a person who is at a distance of 20 yards is naturally different. A person in close proximity intent on violence has the ability to immediately utilize personal body weapons, a bludgeoning device or cutting instrument. The immediacy requires the Officer to react instantly and there is a greater potential that a higher level of force will be needed.

On the other hand, a person at a distance of 20 yards may not be perceived as having the immediate ability to violently attack the Officer. The person must first close the distance before certain weapons can be utilized. This fact may allow the Officer time to decide the most appropriate course of action, such as the use of a “less lethal” projectile.

The projectiles are designed to provide a high level of accuracy which minimizes the risk of unwanted impacts. The ability to apply force from a distance reduces the

potential for violent confrontation and aides in reducing the level of force needed to safely resolve a conflict.

Additionally, it has been our experience that a 40mm projectile impact will almost always resolve a violent confrontation with 1 or 2 applications. The larger projectile produces more kinetic energy than the FN 303, which may require several applications to gain compliance.

Since 2015, there have been 31 incidents where Officers utilized less lethal applications. These applications have potentially prevented higher-level uses of force.

(3) Fiscal Cost:

A. Initial Cost:

Less lethal prices, like other equipment, varies depending on market demand and availability. The most recent Penn Arms purchased by the department cost \$815.00 each.

B. Cost of Use:

Cost for Penn Arms single launcher use should be based on the projectiles used in training and on duty. This will fluctuate based on department trainings, projectile availability and events that unfold in the city and surrounding region.

C. Cost of Potential Adverse Effects:

Adverse effects from improper use of less lethal are not calculable. Improper use could lead to serious bodily injury or death.

D. Annual and Ongoing Costs:

See section B above

E. Training Costs:

Every officer authorized to deploy a less lethal launcher must pass a certification course administered by a Berkeley Police Department Firearms Instructor. The certification class consists of classroom, range qualification and scenario application if the venue allows. This class is largely handled in house thus the cost only includes staff time, range fees, and projectile costs which all vary.

F. Maintenance and Storage Costs:

Maintenance costs vary depending on use. Generally, various springs and pins need to be replaced every 5 years which can cost \$3 to \$30.

G. Upgrade Costs:

There are no foreseeable upgrade costs. The Penn Arms single launcher has few working parts and is of a simple design.

(4) Impact:

The main function of a less lethal device is to preserve the sanctity of human life. The Berkeley Police Department is committed to reducing the potential for violent confrontations. Less lethal projectiles, when used properly, are less likely to result in serious bodily injury or death and can be used to de-escalate a potentially deadly situation. A less lethal application is an acknowledgment a given situation has the potential to elevate to lethal force and the Officers determined a less lethal application is not only objectively reasonable and objectively necessary, but hopefully the minimal amount of force needed to safely resolve the incident.

The Penn Arms single launcher, with its high level of accuracy can be utilized in a large violent group confrontation to specifically target those who are committing acts of violence on other members of the group, involved persons, or law enforcement personnel. It allows a more immediate action to stop a violent assault, overcome their resistance, and aid in the attempt to safely take them into custody. This tool does not require officers to overcome a hostile crowd to stop a violent assault.

(5) Mitigation:

Per Policy 300, "In all cases where physical force is used, officers shall use a minimum amount of force that is objectively reasonable, objectively necessary, and proportional to effectively and safely resolve a conflict." All uses of force require documentation that is completed by the supervisor in a use of force report and reviewed by the Chain of Command. Furthermore, all deployments of equipment outlined in the Police Equipment and Community Safety Ordinance are documented according to the reporting requirements as mandated in the ordinance.

Per Policy 303, "Officers are not required or compelled to use approved projectiles in lieu of other reasonable tactics if the involved officer determines that deployment of these projectiles cannot be done safely. Circumstances appropriate for deployment include, but are not limited to, situations in which: (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved

projectiles. (b) The suspect has made credible threats to harm him/herself or others. (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers. (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.”

The Berkeley Police Department also trains a recommended range of 3 to 30 meters. Berkeley Police Firearm Instructors recommend a minimum standoff of 3 meters to reduce the potential for unintended injury at a closer distance. The 30-meter maximum recommended range is intended to reduce the possibility of an unintended impact area if the suspect moves or the projectile trajectory begins to deteriorate.

Each officer is trained to aim for large muscle groups, such as the thigh or buttocks area, and avoid areas that may cause serious injury. The department also equips each launcher with a red dot optic. The optic greatly increases an officer’s ability to target approved impact areas.

(6) Alternative:

This is the only piece of less lethal equipment (other than the FN 303) that allows officers to address a potentially deadly threat from a distance. The TASER allows an officer to maintain distance but limits the range to about 15 to 25 feet. Furthermore, the TASER requires two prongs (barbs) to penetrate the subject’s clothing to be effective and if that is not accomplished the TASER will have no effect. Additionally, the TASER is not an approved less lethal device for the department.

(7) Third Party Dependence:

The Berkeley Police Department armorers are trained and capable of handling all issues related to the repair or maintenance of the Penn Arms single launcher. Additionally, Berkeley Police Department Less Lethal Instructors are fully certified by state and private training institutes to educate and train BPD officers. No third party is required for maintenance, repair, or instruction.

Milkor LTL Multi-launcher

(1) Description:

A. Background:

The 40mm impact projectile was developed as an alternative to the 12-gauge bean bag round and other more indiscriminate less lethal options. Early 12-gauge

bean bag round designs had somewhat unpredictable flight patterns and could cause significant unwanted injury. The 40mm foam baton round was developed as a direct fire projectile designed to minimize the risk of unintended injuries. Currently, the Berkeley Police Department utilizes the CTS 4557 foam baton projectile and the Milkor LTL multi-shot launcher.

B. Quantity:

The Berkeley Police Department currently owns and maintains 2 Milkor LTL less lethal launchers. One Milkor launcher is assigned to the Berkeley Special Response Team.

C. Capability:

The Milkor LTL is capable of firing six 40mm projectiles before reloading is necessary. The Milkor LTL 40mm projectiles are direct fire with a pliable “sponge” tip designed to mold to the body. The projectiles are about the size of a large egg. Upon impact, the projectile transfers kinetic energy to the body to gain pain compliance. Large muscle groups such as the upper legs or lower abdomen are approved target areas unless a higher level of force is justified. This level of force is considered to be similar to that of a baton strike.

D. Lifespan:

The manufacturer expected lifespan is about 10 to 15 years depending on use and regular maintenance.

E. Use:

The Milkor LTL multi-shot launcher is designed to reduce the potential for a violent confrontation. Less lethal projectiles are less likely to result in serious bodily injury or death and can be used to de-escalate a potentially deadly situation.

F. How it works:

The Milkor LTL multi-shot launcher utilizes a spring actuated cylinder allowing it to fire 6 individual 40mm projectiles. When fired, the hammer strikes the munition primer which ignites gun powder in the primer insert. Expelled gases propel the projectile through the rifled barrel. The projectile has a rear plastic portion called the ogive which catches the barrel rifling and provides spin. The spin provides a greater degree of accuracy and eliminates any potential the projectile will tumble when exiting the barrel. The spring assisted cylinder automatically turns and loads the next projectile.

The projectiles utilized by the Berkeley Police Department are the CTS 4557 40mm sponge baton round. The CTS 4557 has a maximum effective range of 45 meters. The tip of the projectile is a pliable rubber material which molds to the body upon impact. The projectile travels at an estimated 240 feet per second which is slower than FN 303 projectile. However, the larger mass, about 60 grams, creates more kinetic energy upon impact which is similar to that of a baseball thrown by a pitcher. The additional kinetic energy becomes important when the suspect has on thick or layered clothing or demonstrates a high pain tolerance.

The benefit to the Milkor LTL is its ability to provide a quick follow up less lethal application, if necessary. The Milkor holds 6 projectiles while the Penn Arms launcher only holds one. Reloading the Penn Arms single launcher can be time consuming and requires the officer to briefly change focus from the suspect to the reload procedure. The Milkor LTL on the other hand, allows the officer to maintain focus on the suspect and assess whether a follow up application is necessary. This ability is significant when the suspect is advancing, attempting to flee, or demonstrates a high pain compliance threshold.

(2) **Purpose:**

The purpose of kinetic energy impact projectiles, commonly referred to as “less lethal” is to preserve life, minimize the use of force and allow time for de-escalation attempts. Less lethal projectiles allow the user to maintain a safe distance from a subject who is armed and/or demonstrates the intent to be violent. The ability to maintain a safe distance – while still providing a level of control over the subject – allows officers to employ de-escalation techniques, request additional resources and develop a plan to safely resolve the situation with the least amount of risk.

On the other hand, a person at a distance of 20 yards may not be perceived as having the immediate ability to violently attack the Officer. The person must first close the distance before such weapons can be utilized. This may allow the Officer

time to decide the most appropriate course of action, such as the use of a “less lethal” projectile.

The “less lethal” projectiles utilized by the Berkeley Police Department are generally considered discriminate versus indiscriminate uses of force. The projectiles are designed to provide a high level of accuracy which minimizes the risk of unwanted impacts. The ability to apply force from a distance reduces the potential for violent confrontation and aides in reducing the level of force needed to safely resolve a conflict.

Additionally, it has been our experience that a 40mm projectile impact will generally resolve the violent confrontation with 1 or 2 applications. The larger projectile produces more kinetic energy than the FN 303, which may require several applications to gain compliance.

Since 2015, there have been 31 incidents where Officers utilized less lethal applications. These applications have potentially prevented higher-level uses of force.

(3) **Fiscal Cost:**

A. **Initial Cost:**

B. **Cost of Use:**

Cost for the Milkor LTL launcher use should be based on the projectiles used in training and on duty. This will fluctuate based on department trainings, projectile availability and events that unfold in the city and surrounding region.

C. **Cost of Potential Adverse Effects:**

Adverse effects from improper use of less lethal are not calculable. Improper use could lead to serious bodily injury or death.

D. **Annual and Ongoing Costs:**

See section B above

Furthermore, all deployments of equipment outlined in the Police Equipment and Community Safety Ordinance are documented according to the reporting requirements as mandated in the ordinance.

Per Policy 303, "Officers are not required or compelled to use approved projectiles in lieu of other reasonable tactics if the involved officer determines that deployment of these projectiles cannot be done safely. The safety of hostages, innocent persons

and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior. Circumstances appropriate for deployment include, but are not limited to, situations in which: (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved projectiles. (b) The suspect has made credible threats to harm him/herself or others. (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers. (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.”

The Berkeley Police Department also trains a recommended range of 3 to 30 meters. Berkeley Police Firearm Instructors recommend a minimum standoff of 3 meters to reduce the potential for unintended injury at a closer distance. The 30-meter maximum recommended range is intended to reduce the possibility of an unintended impact area if the suspect moves or the projectile trajectory begins to deteriorate.

Each officer is trained to aim for large muscle groups, such as the thigh or buttocks area, and avoid areas that may cause serious injury. The department also equips each launcher with a red dot optic. The optic greatly increases an officer’s ability to target approved impact areas.

(6) Alternative:

This is the only piece of less lethal equipment (other than the FN 303) that allows officers to address a potentially deadly threat from a distance. The TASER allows an officer to maintain distance but limits the range to about 15 to 25 feet. Furthermore, the TASER requires two prongs (barbs) to penetrate the subject’s clothing to be effective and if that is not accomplished the TASER will have no effect. Additionally, the TASER is not an approved less lethal device for the department.

(7) Third Party Dependence:

The Berkeley Police Department armorers are trained and capable of handling most issues related to the repair or maintenance of the Milkor LTL launcher. In the event of a catastrophic malfunction, the Milkor LTL will need to be sent to the manufacturer for repair. To date, there have been no significant repairs needed to the Milkor LTL. Additionally, Berkeley Police Department Less Lethal Instructors are fully certified by state and private training institutes to educate and train BPD officers. No third party is required for regular maintenance, repair, or instruction.

FN 303 and FN Pava Impact Projectile

(1) Description:

A. Background:

The FN 303 was developed in 2003 by Fabrique Nationale de Herstal as a less lethal option. The FN 303 is based on a concept developed by Monterey Bay Corporation. The development team consisted of designers and researchers from two paintball related companies. The FN 303 uses compressed air to propel a .68 caliber projectile similar to that of most manufactured paintball guns.

B. Quantity:

The Berkeley Police Department currently owns and maintains 8 FN 303 less lethal launchers.

C. Capability:

The FN 303 is capable of firing 15 projectiles out to a maximum manufacturer recommended range of 50 meters. The FN 303 projectiles are direct fire and designed to fragment upon impact to prevent penetration injury. Upon impact, the projectile transfers kinetic energy to the body to gain pain compliance. Large muscle groups such as the upper legs or lower abdomen are approved target areas. This level of force is considered to be similar to that of a baton strike.

D. Lifespan:

The manufacturer expected lifespan is about 10 years depending on use and regular maintenance.

E. Use:

The FN 303 is designed to reduce the potential for a violent confrontation. Less lethal projectiles are less likely to result in serious bodily injury or death and can be used to de-escalate a potentially deadly situation.

F. How it works:

An air reservoir attaches to the FN 303 through an air hose coupler and provides pressure through compressed air. When fired, the compressed air drives a piston that pushes the .68 caliber projectile through the barrel at approximately 280 feet per second. For comparison, the FN projectile is the size of a paintball and the velocity is the same as a commercially manufactured paintball gun.

The projectiles are 8.5 grams in weight and utilize a polystyrene fin stabilized body with a non-toxic forward payload to aid in stability and accuracy. The

projectile will deliver approximately 24-foot pounds of kinetic energy at the muzzle which is about double the kinetic energy of most paintball guns. Most paintballs have a mass of 3 grams while the FN 303 projectile has a mass of 8.5 grams which increases the kinetic energy produced.

Available projectiles are impact, impact + non-permanent marking, impact + permanent marking, and impact + PAVA (0.5% PAVA/Oleoresin Capsicum).

The impact + PAVA projectile is intended to be direct fired at an individual. In addition to delivering pain through kinetic energy upon impact, the PAVA projectile will deliver a secondary chemical irritant, which is the Oleoresin Capsicum (O.C.) payload. Oleoresin Capsicum generally causes irritation/burning at the application site, irritation to the eyes, and coughing. According to the National Institute of Health, the effects of O.C. power exposure tend to resolve on their own within 30 minutes.

Pain is highly subjective and other circumstances, such as heavy clothing, may render the impact ineffective. The application of a secondary chemical irritant may assist in gaining compliance and successfully resolving a potentially violent incident with the minimal amount of force necessary.

(2) **Purpose:**

The purpose of kinetic energy impact projectiles, commonly referred to as “less lethal” is to preserve life, minimize the use of force and allow time for de-escalation attempts. Less lethal projectiles allow the user to maintain a safe distance from a subject who is armed and/or demonstrates the intent to be violent. The ability to maintain a safe distance – while still providing a level of control over the subject – allows officers to employ de-escalation techniques, request additional resources and develop a plan to safely resolve the situation with the least amount of risk.

Violent confrontations are inherently dangerous to all those involved. Officers are required to make split second judgments in circumstances that are tense, uncertain and rapidly evolving. An Officer’s threat perception of a person who is in close proximity as opposed to a person who is at a distance of 20 yards is naturally different. A person in close proximity intent on violence has the ability to immediately utilize personal body weapons, a bludgeoning device or cutting instrument. The immediacy requires the Officer to react instantly and there is a greater potential that a higher level of force will be needed.

On the other hand, a person at a distance of 20 yards may not be perceived as having the immediate ability to violently attack the Officer. The person must first close the distance before such weapons can be utilized. This may allow the Officer time to decide the most appropriate course of action, such as the use of a “less lethal” projectile.

The “less lethal” projectiles utilized by the Berkeley Police Department are generally considered discriminate versus indiscriminate uses of force. Discriminate projectiles are designed to provide a high level of accuracy which minimizes the risk of unwanted impacts. The ability to apply force from a distance reduces the potential for violent confrontation and aides in reducing the level of force needed to safely resolve a conflict.

Since 2015, there have been 31 incidents where Officers utilized less lethal applications. These applications have potentially prevented higher-level uses of force.

(3) Fiscal Cost:

A. Initial Cost:

Less lethal prices, like other equipment, varies depending on market demand and availability. The most recent FN 303s purchased by the department cost \$800.00 each.

B. Cost of Use:

Cost for FN 303 use should be based on the projectiles used in training and on duty. This will fluctuate based on department trainings, projectile availability and events that unfold in the city and surrounding region.

C. Cost of Potential Adverse Effects:

Adverse effects from improper use of less lethal are not calculable. Improper use could lead to serious bodily injury or death. Only trained officers are authorized to use the FN 303.

D. Annual and Ongoing Costs:

See section B above

E. Training Costs:

Every officer authorized to deploy a less lethal launcher must pass a certification course administered by a Berkeley Police Firearm Instructor. The certification class consists of classroom, range qualification and scenario application if the

venue allows. This class is largely handled in house thus the cost only includes the officer's hourly wage, range fees, and projectile costs which all vary.

F. Maintenance and Storage Costs:

Maintenance costs vary depending on use. Generally, O-rings need to be replaced every 3000 rounds and cost \$30 per kit.

G. Upgrade Costs:

The overall design of the FN 303 has changed little since its initial release in the early 2000s thus anticipated upgrade costs will be minimal.

(4) Impact:

The main function of a less lethal device is to preserve the sanctity of human life. The Berkeley Police Department is committed to reducing the potential for violent confrontations. Less lethal projectiles, when used properly, are less likely to result in serious bodily injury or death and can be used to de-escalate a potentially deadly situation. A less lethal application is an acknowledgment a given situation has the potential to elevate to lethal force and the Officers determined a less lethal application is not only objectively reasonable and objectively necessary, but also the minimal amount of force needed to safely resolve the incident.

The FN 303, with its high level of accuracy can be utilized in a large violent group confrontation to specifically target those who are committing acts of violence on other members of the group, involved persons, or law enforcement personnel. It allows a more immediate action to stop a violent assault, overcome their resistance, and aid in the attempt to safely take them into custody. It also allows officers to prevent a more indiscriminate use of force, such as entering the group or crowd, to take a subject into custody.

(5) Mitigation:

Per Policy 300, "In all cases where physical force is used, officers shall use a minimum amount of force that is objectively reasonable, objectively necessary, and proportional to effectively and safely resolve a conflict." All uses of force require documentation that is completed by the supervisor in a use of force report and reviewed by the Chain of Command. Furthermore, all deployments of equipment outlined in the Police Equipment and Community Safety Ordinance are documented according to the reporting requirements as mandated in the ordinance.

Per Policy 303, "Officers are not required or compelled to use approved projectiles in lieu of other reasonable tactics if the involved officer determines that deployment of

these projectiles cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior. Circumstances appropriate for deployment include, but are not limited to, situations in which: (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved projectiles. (b) The suspect has made credible threats to harm him/herself or others. (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers. (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.”

The Berkeley Police Department also trains a recommended range of 3 to 30 meters. Berkeley Police Firearm Instructors recommend a minimum standoff of 3 meters to reduce the potential for unintended injury at a closer distance. The 30-meter maximum recommended range is intended to reduce the possibility of an unintended impact area if the suspect moves or the projectile trajectory begins to deteriorate.

Each officer is trained to aim for large muscle groups, such as the thigh or buttocks area, and avoid areas that may cause serious injury. The department also equips each launcher with a red dot optic. The optic greatly increases an officer’s ability to target approved impact areas.

(6) Alternative:

This is the only piece of equipment that allows officers to address a potentially deadly threat from a distance. The TASER allows an officer to maintain distance but limits the range to about 15 to 25 feet. Furthermore, the TASER requires two prongs (barbs) to penetrate the subject’s clothing to be effective and if that is not accomplished the TASER will have no effect. Additionally, the TASER is not an approved less lethal device for the Berkeley Police Department.

Unlike the Penn Arms 40mm single shot and the Milkor LTL multi-shot launcher, the FN 303 is capable of propelling 15 projectiles before a reload is required. The 15 round magazine allows for a quick follow-up application should the situation warrant with an effective range of over 160 feet; compared to the Penn Arms 40mm single shot and the Milkor LTL multi-shot launcher’s 100 feet. The FN303’s smaller and faster projectiles also generally allow for a higher level of accuracy compared to the 40mm foam baton rounds. The FN 303 rounds is also capable of carrying payloads such as paint or PAVA (Oleoresin capsicum).

(7) **Third Party Dependence:**

The Berkeley Police Department armorers are trained and capable of handling regular maintenance and most repairs. In the event of a catastrophic failure, the device will be sent to the manufacturer for repair. To date there have been 2 devices that required manufacturer repair, both of which were under warranty.

Additionally, department firearm instructors are fully certified by state and private training institutes to educate and train BPD officers. No third party is required for maintenance, most repairs, or instruction.

OC (oleoresin capsicum) Spray

(1) **Description:**

A. **Background:**

For the purposes of this portion of the Impact Statement, OC (Oleoresin capsicum) will be referred to in the spray form as opposed to the aerosol canister form. First Defense manufactures different sizes of OC sprays. OC is the chemical agent that is most widely used amongst Law Enforcement (LE) and the general public. OC has a pungent and irritating pepper odor. It is classified as an inflammatory agent. Besides being effective on humans, OC based chemical agents usually work on animals as well. In a liquid form, OC can appear as a clear, amber, or heavy dark red solution depending on the manufacturer. It is mixed with several types of solutions which act as carriers.

B. **Quantity:**

Qty 23 – First Defense MK-9 OC spray (13- ounces)

Qty 178 – First Defense MK-3 OC spray (3 ounces)

Most of the MK-3 OC sprays are issued to and maintained by individual officers; however, a small amount of these sprays is stored in a secured equipment room as spares in case of damage or new personnel issue.

C. **Capability:**

The First Defense MK-3 OC sprays are standard issued to all police officers and are worn on the police officers' belt. It has an effective range of 10-12 feet. The larger First Defense MK-9 OC sprays are 13 ounces and are used in violent crowd situations. It has an effect range of 18-20 feet.

The use of the First Defense OC spray can render a dangerous and violent situation safe without using a higher level of force.

D. Lifespan:

Aerosol products eventually lose pressure over time. The lifespan of both the MK-9 and MK-3 OC spray are dependent on how well the pressure in the can is maintained, but is recommended to be replaced after 5 years.

E. Use:

OC spray may be considered for use to bring under control an individual or groups of individuals who are engaging in or about to engage in violent behavior. OC spray should not, however, be used against individuals or group who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

F. How it Works:

A person subjected to OC can expect heavy tearing due to a burning sensation, involuntary closing or blinking of the eyes, burning/stinging skin sensation, redness of the skin, irritation and burning of the nose, runny nose, salivation and burning sensation of the mouth, cough, gagging sensation, shortness of breath, temporary paralysis of the larynx (person unable to speak) and nausea (caused by shock, not the OC itself). A person may also feel disorientated, anxiety, and/or panic. A complete recovery usually takes place within 45-60 minutes depending on the level of exposure.

(2) Purpose:

There are a variety of situations where officers may use OC spray such as: self-defense, overcoming the resistance of a noncompliant individual, effecting an arrest, preventing escape, violent crowd or riot control, barricade or hostage situations and dealing with dangerous animals.

(3) Fiscal Cost:

A. Initial Cost:

The MK-3 OC spray cost approx. \$19 per unit and the MK-9 OC spray costs approx. \$60 per unit. The manufacturer is Defense Technology and the Berkeley Police Department purchase each unit from Galls Police Supply or LC Action Police Supply. Purchases for these tools are made when inventory gets low which is typically determined by how many new officers are sworn in, as well as if they are utilized in dangerous situations.

B. Cost of Use:

The cost of each usage is unpredictable due to the unknown nature of crime, timelines of dangerous situations, and number of applications.

C. Cost of Potential Adverse Effects:

Adverse effects of improper use of OC spray are not calculable. It could lead to serious injury. Additionally, the improper use could result in civil liabilities.

D. Annual and Ongoing Costs:

See below cost of training.

E. Training Cost:

Training is conducted in the police academy and in-house by a Police Officer Standard Training (POST) certified Berkeley Police chemical agent training officer. The cost of training is staff time.

F. Maintenance and Storage Costs:

The majority of the MK-3 OC sprays are either stored within the Police Department or with each sworn police officer while they conduct official duties. All MK-9 OC sprays are stored in the basement. There are no additional storage costs or associated costs to transporting, maintain, or upgrade.

G. Upgrade Costs:

No upgrades exist for this equipment as of this report.

(4) Impact:

The physical effects of being subjected to OC may significantly reduce an individual's aggressive behavior. Reports have shown that the use of OC can reduce the amount of officer and arrestee injuries due to its effectiveness. Chemists assigned to the FBI Forensic Science Research and Training Center report no long-term health risks associated with the use of OC. The use of the MK-3 or MK-9 OC spray can render a dangerous and violent situation safe without using a higher level of force.

(5) Mitigations:

Law Enforcement Officers attend a Police Officer Standard Training (POST) approved academy before they enter into a Field Training Program and continue their training. During this academy they are taught about OC, how to deploy it, its effects, and the decontamination process. They are also subjected to OC to physically feel the effects themselves. After the academy, each officer is issued a MK-3 OC spray which they

are to keep on their person while on duty. If deployed and when practical, medical personnel should be summoned for the affected person(s) per policy 303. All uses of force require documentation that is completed by the supervisor in a use of force report and reviewed by the Chain of Command. Furthermore, all deployments of equipment outlined in the Police Equipment and Community Safety Ordinance are documented according to the reporting requirements as mandated in the ordinance.

(6) **Alternatives:**

Alternatives to utilizing OC sprays are tools such as expandable batons, less lethal launchers, and/or physical body weapons. The rationale to use OC spray depends on the circumstances of each individual incident and the individual officer involved in the incident. As mentioned above, reports have shown that OC spray may significantly reduce an individual's aggressive behavior which can minimize the amount of force necessary to apprehend that subject. Per our Use of Force policy (Lexipol 300), we shall use the minimal amount of force possible during each incident, thus making OC spray a valuable option.

(7) **Third Party Dependence:**

There is no third-party dependence for the First Defense OC spray. Once they are purchased, they are secured in their designated locations within the Police Department or with sworn police officers while they conduct official duties.

Chlorobenzylidene Malononitrile and Oleoresin Capsicum

(1) **Description:**

A. **Background:**

Chlorobenzylidene malononitrile (CS):

Chlorobenzylidene malononitrile (CS) is one of the most commonly used "tear gases" in the world. It can be liquid, gaseous, or solid substance intended to produce temporary discomfort through being vaporized or otherwise dispersed in the air. Law enforcement (LE) agencies have found this agent invaluable when faced with combative suspects, for crowd/riot control, and for alleviating barricaded subject situations. LE use it to help control individuals or groups without the need for a higher level of force. There are four different deployment methods of chemical agents (Aerosol - most commonly used by police departments, Fogging, Pyrotechnics, and blast expulsion). All methods of deployment can be affected by certain environmental and physical conditions (wind, rain, temperature, distance, and proximity to others). At standard daily

temperatures and pressures, CS forms a white crystal with a low vapor pressure and poor solubility in water.

Oleoresin capsicum (OC):

For this portion of the Impact Statement, Oleoresin capsicum (OC) will be referred to in the aerosol canister form. OC is the chemical agent that is most widely used amongst Law Enforcement (LE) and the general public. OC has a pungent and irritating pepper odor. It is classified as an inflammatory agent. OC is mixed with several types of solutions which act as carriers.

B. Quantity:

Inventory for CS canisters:

Qty 6 – 5230 CS Canisters

Qty 24 – 6230 CS Canisters

Qty 20 – 5230B CS Baffled Canister (flameless)

Qty 17 – 5231 CS Tri-Phaser Canisters

Qty 21 – 4630 CS Muzzle Blast (used with 40 mm less lethal launcher)

Qty 4 – 4530 CS Impact Rounds (used with 40 mm less lethal launcher)

Qty 19 – 4330 CS Barricade Projectile Rounds (used with 40 mm less lethal launcher)

Inventory for OC canisters:

Qty 54 - 9440 OC Tear Ball

Qty 19 - 5440 OC Flameless

Qty 20 - 6340 OC Vaper

C. Capability:

CS aerosols with microscopic particles which are potent sensory irritants becoming attached primarily to moist mucous membranes and moist skin.

Common effects are: coughing, increased mucous secretion, difficulty breathing, skin reactions, and excessive salivation. The onset of symptoms typically occurs within 20 to 60 seconds, and if the exposed individual is placed in fresh air these effects generally cease in 10 to 30 minutes.

A person subjected to OC can expect heavy tearing due to a burning sensation, involuntary closing or blinking of the eyes, stinging skin sensation, redness of the skin, irritation of the nose, runny nose, salivation, cough, gagging sensation, and shortness of breath. A person may also experience anxiety and panic. A complete recovery usually takes place within 45-60 minutes depending on the level of exposure.

Both CS and OC canisters can render a dangerous and violent situation safe without using a higher level of force.

D. Lifespan:

CS and OC canisters expire in approximately 5 years.

E. Use:

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Chief of Police may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

(2) Purpose:

There are a variety of situations where peace officers may use chemical agents such as: self-defense, overcoming the resistance of a noncompliant individual, effecting an arrest, preventing escape, violent crowd or riot control, barricade or hostage situations and dealing with dangerous animals.

(3) Fiscal Cost:

A. Initial Cost:

The cost for CS canisters ranges from \$20.00 to \$39.00 per unit. The cost for OC canisters ranges from \$36.00 to \$44.00 per unit. The Berkeley Police Department prefers the use of the Combined Tactical Systems (CTS) chemical agents and we purchase them from LC Action Police Supply.

B. Cost of Use:

The cost of each proposed use is unpredictable due to the demand, unknown nature and timelines of dangerous crowd/riots situations, dangerous barricade situations, and hostage situations.

C. Cost of Potential Adverse Effects:

Adverse effects of improper use of OC and CS are not calculable. It could lead to serious injury. Additionally, the improper use could result in civil liabilities.

D. Annual and Ongoing Costs:

See below cost of training.

E. Training Cost:

When purchased, each unit is given an expiration date which typically falls within a 2-3-year range. Every 2-3 years, new chemical agents are purchased to honor

the expiration dates. The expired agents are then used during annual trainings thus minimizing the overall cost. Training is conducted by a Police Officer Standard Training (POST) certified Berkeley Police chemical agent training officer. The cost of training is staff time.

F. Maintenance and Storage Costs:

The majority of agents are stored inside of a marked chemical agent room within the Police Department, in the Special Response Team vehicle, or in the rescue Vehicle. There are no additional storage costs. There are no associated costs to transporting, maintenance, or upgrades.

G. Upgrade Costs:

No upgrades exist for this equipment as of this report.

(4) Impact:

BPD is committed to preserving and protecting human life and welfare. These tools allow us to fulfill our commitment to our community.

Law Enforcement, under Penal Code 12403.1, is able to lawfully purchase, possess, or use chemical agents in the discharge of their duties. CS and/or OC canisters have been prominently used to resolve dangerous barricaded suspect situations and violent crowd control/riot situations.

Berkeley Police officers are trained to utilize time and distance to de-escalate dangerous barricaded situations in order to resolve each incident with minimal the use of force (per Use of Force Policy 300). In some circumstances when all other options are exhausted, CS and/or OC can be inserted into the structure in which the barricaded suspect is, denying access to certain areas inside. Unless exigent circumstances arise, all attempts to evacuate the structure are made prior to any deployment. When CS and/or OC are deployed into a structure the suspect may be forced outside allowing the situation to resolve safely with no use further use of force.

CS and/or OC chemical agents can be utilized to create order in dangerous crowd control/riot situations that have demonstrated violence or destruction. During these incidents, typically a clear and direct warning has been given to the crowd to disperse before the chemical agents are deployed. The ability to disperse crowds from a distance limits injury to Police Officers as well as damage to critical structures.

(5) **Mitigations:**

Regarding the already mentioned impacts, the decision to utilize chemical agents (unless there are exigent circumstances) flows through the chain of command and ultimately makes its way to the Chief of Police and the City Manager. If there are exigent circumstances, the Field Commander makes the decision and then advises the Chief of Police as soon as practical. All uses of force require documentation that is completed by the supervisor in a use of force report and reviewed by the Chain of Command. Furthermore, all deployments of equipment outlined in the Police Equipment and Community Safety Ordinance are documented according to the reporting requirements as mandated in the ordinance.

With these procedures incorporated in BPD's policies, this mitigates many potential negative impacts. Per Policy 428 – First Amendment Assemblies - The Field Commander shall determine the type and quantity of chemical agents to be used. After use of chemical agents, the Field Commander shall re-evaluate the scene to determine if additional chemical agents are needed. Less-than-lethal munitions (40 mm CS impact rounds), chemical agents (including OC spray), and/or smoke shall only be deployed in crowd control situations as outlined in the Use of Force Policy. For planned events, inventories shall be conducted before and at the conclusion of the incident. Outside agency inventories shall also be tracked.

In addition to the mitigations in place, the Berkeley Police Special Response Team also receives annual training on the use of chemical agents, the effects, and the decontamination process. Per policy 303, when practical, medical personnel should be summoned for the affected person(s).

(6) **Alternatives:**

There are no direct alternatives for CS and OC. They are the industry's leading way to resolve barricaded suspects while reducing the likelihood of injury to the subject, community, and officers. Additionally, it is one of the only tools that allows officers to stop acts of violence or regain order during crowd control/riot situations. They are very distinct in nature and have direct purposes. The rationale to use CS or OC depends on the circumstances of each incident. The Berkeley Police Department shall use the minimal amount of force per our Use of Force Policy 300. The use of CS or OC allows the police personnel to maintain distance, giving officers more time to react and avoid a potential need for a higher level of force to safely resolve the situation.

(7) **Third Party Dependence:**

There is no third-party dependence for CS and OC chemical agents. Once they are purchased, they are secured in their designated areas and stay there until they are either used during incidents or training.

Remington 700 Rifle

(1) **Description:**

A. **Background:**

The Remington 700 is a series of bolt-action rifles designed in 1962 by the Remington Arms Company. The “700” designator is the generic name for multiple models of rifles with various parts, barrel lengths, stocks, etc. The Remington 700 rifle has long been used by law enforcement agencies and continues to be an industry standard for issued equipment. The Berkeley Police Department utilizes a custom Remington 700 action, chambered in the common .308-caliber round, with a 20” barrel and an Accuracy International chassis/stock. The rifle also includes a Nightforce 3-15x magnified optic and bipod.

BPD utilizes Hornady .308-caliber ammunition. This particular ammunition is specially designed for law enforcement applications due to its increased and consistent accuracy and performance.

B. **Quantity:**

The Berkeley Police Department Special Response Team (SRT) currently possesses six Remington 700 rifles, all configured in the same manner.

Currently, BPD has approximately 1,800 Hornady .308-caliber rounds. That quantity of ammunition fluctuates depending on supply from distributors and training schedules of those trained officers.

C. **Capability:**

The Remington 700 rifle, with the appropriate ammunition, training, and practice, is capable of consistent and highly accurate shooting out to a distance of approximately 500-yards.

The Remington 700 is intended to be used in emergency situations where there is a high potential for violence, where the need exists to put distance between officers and a specific individual, such as an armed hostage situation.

D. Lifespan:

The Remington 700 bolt-action rifles have an expected life span of 10-years if properly maintained.

E. Use:

Used in the defense of life or great bodily injury to potential victims of violent crimes, general public, and officers.

F. How it Works:

The Remington 700 is a manually operated rifle. It requires the officer to physically maneuver a handle to expel a spent cartridge and to load another unspent round of ammunition in order to fire a second round. When the trigger is pressed, a firing pin strikes the primer of a bullet loaded into the chamber of the rifle. The ignited primer ignites gun powder contained in the bullet which pushes the bullet down the barrel and out the muzzle. The officer must then pull a handle attached to the bolt to the rear, ejecting the spent cartridge. The officer then pushes the bolt forward, which picks up another bullet from the magazine, and closes the chamber, making the rifle ready to fire again.

(2) Purpose:

This rifle is to be used in the defense of life or great bodily injury to potential victims of violent crimes, general public, and officers. This rifle provides police with the benefit of adding distance to a volatile situation which can increase the safety for community members and officers. This rifle is an ancillary firearm for situations where increased distance and accuracy is needed to safely resolve the situation.

(3) Fiscal Cost:

A. Initial Cost:

The initial cost to purchase this rifle with its associated components is approximately \$10,000 dollars each. Their average life span is 10-years at which time it will likely need to be replaced.

B. Cost of Use:

Cost of use for all firearms should be based on the ammunition used in training and on duty. This will fluctuate based on training.

C. Cost of Adverse Effects:

Adverse effects and improper usage of a firearm are not calculable. It could lead to the loss of life or serious injury. Additionally, the improper use could result in civil liabilities.

D. Annual and Ongoing Costs:

If this rifle is not cared for or maintained well, then a potential financial adverse impact would be the premature purchasing of a replacement rifle or replacement parts. However, authorized and trained Berkeley Police armorers service and provide regular maintenance of the rifles. The cost of maintenance is staff time.

E. Training Costs:

The cost associated with training is the staff time, range fees, and cost of spent ammunition. SRT members train once a month and, on average, each member shoots approximately 50-rounds. Currently, there are only 4 members shooting at each training day. This equates to approximately 2,400 rounds of ammunition being fired per year. This does not include special training days or attendance to training schools/classes. A single box of 20-rounds costs approximately \$20-dollars or \$1 dollar per round.

F. Maintenance and Storage Costs:

Maintenance costs vary depending on use over time. Firing pins need to be replaced every 5 to 7 years. The maintenance cost associated with this rifle is minimal.

There are no costs associated with maintenance or storage of ammunition. All ammunition is stored in a climate-controlled room in the Berkeley Police Department.

G. Upgrade Costs:

Upgrade costs and maintenance cost are synonymous due to the consistent design. Improvements in technology and new designs may be an additional cost but we can't predict what those will be at this time.

Should advancements be made in ammunition manufacturing; those upgrade costs are unknown at this time.

(4) Impact:

The primary purpose of this rifle is to further SRT's goal of adding time and distance when dealing with a violent and dangerous individual(s). The rifle may allow SRT additional time by increasing the distance between law enforcement and the specific individual, thereby increasing the likelihood of a more peaceful resolution. Like all tools, it has a time and place for its intended operational efficacy.

(5) **Mitigations:**

Mitigating impacts from this tool's primary purpose is done through regular training. The training includes accuracy, decision making, scenarios, and various other training points. All uses of force require documentation that is completed by the supervisor in a use of force report and reviewed by the Chain of Command. Furthermore, all deployments of equipment outlined in the Police Equipment and Community Safety Ordinance are documented according to the reporting requirements as mandated in the ordinance.

(6) **Alternatives:**

The Remington 700 rifle is an industry standard tool used to deliver precision accuracy on an intended target. This tool can deliver accuracy and predictability through intermediate barriers like glass windows. It can be used at distances greater than any other tool currently possessed or authorized. No alternate tool or method would accomplish the same goal.

(7) **Third Party Dependence:**

These rifles are fairly simple in their design and operation. They do require regular maintenance which is commonly performed by each individual member. BPD Armorers are also capable of performing additional maintenance. If an issue arises which is beyond the scope of our Armorers we would seek professional assistance from the manufacturer. However, the need for this is very rare.

ReconRobotics Recon Scout XT

(1) **Description:**

A. **Background:**

The Recon Scout XT is a throwable micro-robot manufactured by ReconRobotics for use in law enforcement applications. The Recon Scout XT enables officers to obtain instantaneous video footage and audio within indoor or outdoor environments. Designed to withstand repeated drops onto concrete, the Recon Scout XT robot can be thrown into hazardous situations (hostage rescue, barricaded subjects, natural disasters, etc.) in order to allow officers to quickly and safely make informed decisions when seconds count.

B. **Quantity:**

The Berkeley Police Department has two Recon Scout XT throwable robots, both purchased in 2010.

C. Capability:

The Recon Scout XT robot is designed to be able to crawl over a variety of terrain, clearing obstacles up to 2" (5 cm) tall. It could be thrown into hazardous situations, indoor and outdoor, and provide live audio and video feed back to the controller.

D. Lifespan:

Both Recon Scout XT robots are over 10 years old and ReconRobotics have developed and manufactured more advanced robots. ReconRobotics have stopped manufacturing certain parts for the Recon Scout XT, so the lifespan is dependent on what parts need to be replaced.

E. Use:

The Recon Scout XT robot may be deployed to help police officers safely view potentially dangerous environments before entering them.

F. How it Works:

The Recon Scout XT robot has a cylindrical body with a finned-wheel at either end of its body, and is stabilized by a rubber "tail". It measures approximately 6 ½" wide, and each wheel is about 5" in diameter (fin to fin) and weights just over one pound (1.2 lbs.). The Recon Scout XT robot sends digital video and audio back to an Operator Control Unit (OCU; controller with a screen and joystick), which allows the officer to control the robot, which provides a live feedback containing audio and visual feeds. The Recon Scout XT robot does not record audio or video footage; there is no data storage capability.

(2) Purpose:

The Recon Scout XT robot is intended to safely provide police officers valuable information during high-risk, rapid evolving situations via real-time audio and video footage. It can be driven a distance away from the OCU, creating space between the officer and potential danger, thus decreasing the likelihood of injury to those involved in the event, or even a violent encounter between police officers and a dangerous subject. This asset furthers our commitment to the sanctity of life by offering time and distance in critical incidents.

(3) Fiscal Cost:

A. Initial cost:

The initial cost for the Recon Scout XT robot was about \$12,500 per unit (2010 cost).

B. Cost of Use:

There is no "per use" cost of this equipment. The Recon Scout XT is powered by a rechargeable battery.

C. Cost of Potential Adverse Impacts:

The likelihood of adverse impacts due to the use of the Recon Scout XT robot is low – it is small, lightweight and is not likely to injure persons or damage personal property when deployed; however, there is a small chance that the Recon Scout XT robot might cause damage to personal property when deployed (thrown) into a structure. Due caution is used when it becomes necessary to throw, rather than place, the robot into a structure.

D. Annual and Ongoing Cost:

There are no ongoing or annual costs associated with the use of the Recon Scout XT robot. Being that it is battery operated, there is a nominal cost associated with charging the Recon Scout XT robot's batteries, and the batteries of the OCU. The Recon Scout XT robot is fairly simple to operate, thus there is no cost associated with training officers in its use. There are no costs with transportation or storage of the Recon Scout XT robot. While there are newer models of this robot available, there does not appear to be any upgrades available for the Recon Scout XT. The Recon Scout XT robot has been damaged on occasion, and there are costs associated with repair. But generally, the Recon Scout XT robot is robust and does not need regular repair.

E. Training Cost:

The Recon Scout XT robot is user friendly and simple to operate. Training is conducted by Berkeley Police personnel familiar with the operations and procedures of the Recon Scout XT robot. The cost of training is staff time.

F. Maintenance and Storage Costs:

There are no annual or storage costs.

G. Upgrade Costs:

There are no upgrades available at the time of this report.

(4) Impact:

The Recon Scout XT robot is used to safely gather information in situations where it may be dangerous to expose an officer, or officers, to gather the same information. Putting officers in such unknown, tense situations has the potential to create violent encounters, or otherwise place officers in unnecessary peril and danger that might otherwise be avoided by the use of a tool like the Recon Scout XT robot. The Recon Scout XT robot is not likely to have a negative impact on the welfare or safety of the public as its role is to gather real-time information during high-risk incidents such as hostage or potentially life-threatening situations. The Recon Scout XT robot is likely to improve the welfare and increase the safety of the public through its ability to gather real-time information and feed it back to police officers. The Recon Scout XT robot does not have the capability to record or store data.

(5) Mitigations:

The use of the Recon Scout XT robot is limited to sworn police officers, and guided by field supervisors (Lieutenants and Sergeants). Procedurally, the Recon Scout XT robot is used when exigent circumstances exist (hostage situation, barricaded subject, natural disaster

necessitating rescue, etc.) and real-time information is necessary to safely and effectively resolve the situation. The robot does not record or store data.

(6) **Alternatives:**

Unmanned aerial vehicles (UAV) are an alternative to robots such as the Recon Scout XT robot. However, the Berkeley City Council has prohibited the Berkeley Police Department from using UAVs. They are not constrained by obstacles on the ground and provide far superior perspective and situational awareness; at times, obstacles halt the Recon Scout XT robot's movement. There are several other robots on the market, however, the Recon Scout XT robot is compact, lightweight (weighing in at just over a pound), very maneuverable, and can easily be carried by an officer. It can also be introduced into structures by throwing it through any opening – an option not possible with other robot models.

(7) **Third Party Dependence:**

The Recon Scout XT robot does not currently rely on a third-party company or vendor for its use or maintenance. Should maintenance or parts be required beyond the scope of the members of the Berkeley Police Department, the robot would be sent to ReconRobotics for service.

Andros Remotec HD-1 Hazardous Duty Robot

(1) **Description:**

A. **Background:**

The Andros Remotec HD-1 Hazardous Duty Robot, hereinafter referred to as Remotec HD-1 robot, was designed to support a wide range of missions in demanding environments. The Remotec HD-1 robot is capable of lifting up to 125 pounds, tracked articulators stair climbing, and has an integrated Talisman radio system for a stronger radio wave connection between the controller and the robot.

Remotec has served explosive ordinance disposal units, hazardous materials units, and other first responders as a provider of mobile robotic systems for application into a variety of undesirable, hazardous and potentially life-threatening environments. The Remotec HD-1 robot allows individuals to approach hazardous devices to examine and manipulate the device without putting people in harm's way.

B. **Quantity:**

The Berkeley Police Department Bomb Squad has one robot, the Remotec HD-1 robot.

C. **Capability:**

Remotec HD-1 robot is used in situations where a potential life-threatening situation exists and is too hazardous for a bomb technician to approach in person. The Remotec HD-1 robot is also used to survey an area prior to a bomb technician approaching a

scene to check for trip wires and ascertain a good approach path. The Remotec HD-1 robot has three cameras and audio monitoring that stream live video and audio back to the control module; however, it is unable to record and does not have any data storage capabilities. It has several attachment mounting options as well. The Remotec HD-1 robot also has the ability to carry a variety of tools. Some of the tools are:

- 1) A spike to break glass and access vehicles or homes with potential explosive devices inside
- 2) An X-ray mount in order to remotely X-ray suspected explosive devices.
- 3) Percussion actuated non-electric disruptors which are smooth barrels that are filled with water and fired at high speed with a blank shotgun round to open backpacks, suitcases, and packages from a distance
- 4) A hook with cutting blades that are used to cut backpack straps, ropes, etc.
- 5) PAN rounds containing various fills, from sand to slugs, in order to open sturdier packages made from metal or other hard covers.
- 6) Electrical connections to connect explosives that can be detonated remotely and from a safe distance.

D. Lifespan:

The Remotec HD-1 robot has an expected life span of 10 years. It is currently 13 years old and has begun exhibiting issues. The Remotec HD-1 robot weighs just over 200 lbs. and has been near multiple explosions over the years and crossed a variety of off-road terrain

E. Use:

Used to examine and possible destroy hazardous materials such as an explosive device.

F. How it Works:

The Remotec HD-1 robot is piloted by a bomb technician into a hazardous area to locate, examine, and render suspicious packages and explosive devices safe by utilizing a variety of attachable tools.

(2) Purpose:

The Remotec HD-1 robot is used as a means to approach hazardous situations where a potentially lethal threat such as an explosive device exist. The Remotec HD-1 robot allows for the examination and manipulation of an object or potential explosive device without unnecessarily putting a bomb technician's life at risk.

(3) Fiscal Cost:

A. Initial Cost:

Procured in 2008 for \$214,496 including on-site training through a UASI Grant. (64,292-N.S.)

B. Cost of Use:

None. The robot is electric and operated through the City's electricity for charging.

C. Cost of Potential Adverse Effects:

The Remotec HD-1 robot interacts with inanimate objects. However, should it encounter a package that explodes, it could potentially destroy the robot and damage other property.

D. Annual and Ongoing Costs:

There is no annual cost. Maintenance of the Remotec HD-1 robot is conducted by Berkeley Police Bomb Technicians.

E. Training Costs:

Berkeley Police Bomb Technicians are trained during regular bomb squad training sessions and maintain their skills through training scenarios. The cost of training is limited to staff time.

F. Maintenance and Storage Costs:

Remotec offers occasional maintenance and upkeep workshops free of charge.

G. Upgrade Costs:

There are no costs for upgrades as the company has stopped manufacturing the robot and any applicable upgrades.

(4) Impact:

The Remotec HD-1 robot is used by the Berkeley Police Department Bomb Squad as a means to examine a potentially explosive device in order to keep the community safe. Since April 2020, the Berkeley Police Department Bomb Squad has responded to 14 incidents. The impact of the Remotec HD-1 robot has been to reduce and minimize the danger posed by calls of possible explosive devices to the Berkeley Police Department's Bomb Technicians.

(5) Mitigations:

The Remotec HD-1 robot is used in situations where a hazardous device exists. In these situations, the area is always evacuated in order to ensure community safety.

(6) Alternatives:

The Remotec HD-1 robot is 13 years old and there has been significant development in technology. There are several alternatives that are far superior than our current Remotec HD-1; Mark V-A1 robot developed by Remotec Andros, Caliber Flex developed by ICOR Technology, Digital Vanguard-S developed by Med-Eng and T7 and T4 developed by L3Harris Technologies. These are alternatives that have newer and better technology and capabilities than the Remotec HD-1 robot.

(7) **Third Party Dependence:**

Remotec representatives are the only ones used to diagnose and maintain complex issues on the robot that cannot be done in-house. Since it is proprietary technology, Remotec may void warranties on any repairs made by outside vendors or by untrained personnel. Therefore, all complex issues with the Remotec HD-1 robot must be repaired by Remotec.

Light/Sound Diversionary Device

(1) **Description:**

A. **Background:**

Light/Sound Diversionary devices also known as distraction device, flashbang, light/sound and noise/flash devices have been available for approximately 40 years and are a safe and effective tool for Law Enforcement (LE) to use during challenging tactical incidents. The device will be referred to a diversionary device throughout this document.

B. **Quantity:**

Qty 50 - CTS 7290 Diversionary Device

C. **Capability:**

When a diversionary device is deployed they create a loud noise, heat and brilliant light and create an effective diversion. They can create psychological and physiological effects such as: hearing a loud noise beyond that of everyday living, seeing a short bright light, and feeling of a change in atmospheric pressure. These effects may disorient/confuse subjects for a short time giving tactical teams the ability to apprehend that subject without using a higher level of force.

D. **Lifespan:**

The lifespan of the CTS 7290 Diversionary Device is 5 years.

E. **Use:**

The use of a diversionary device is to create a diversion in order to facilitate entry and enable arrest. Circumstances justifying the use of a diversionary device may include, but not limited to barricaded subject or hostage situations and high-risk search warrants services.

F. **How it Works:**

The main charge of a modern diversionary device typically contains flash powder which is sometimes called photoflash powder. Upon initiation, this chemical compound causes the device to deflagrate (not detonate). The powder mixture is

rapidly changed into gases that expand outward reaching upwards to 3,800 times the original volume of the charge itself. This process releases the desired effects of loud noise, bright light and the feeling of atmospheric pressure. Flash powder is typically made up of an oxidizer and some type of fuel. The oxidizer is needed to initiate and sustain the flash powder's rapid combustion. This is required since sufficient oxygen cannot be obtained from just the surrounding air.

(2) **Purpose:**

The purpose of a diversionary device is to create a reactionary gap of a person by temporarily disorienting them. This gap gives tactical teams an opportunity to apprehend a suspect while using the minimal amount of force possible. They can also be used to safely invoke a response or redirect the attention of subjects who are either feigning injury, ignoring police commands or are unresponsive while posing a threat to the public.

(3) **Fiscal Cost:**

A. **Initial Cost:**

Diversionary Devices cost approximately \$45 per unit and are purchased through LC Action Police Supply. Purchases for these tools are made when inventory becomes low, based upon critical incident usage and Special Response Team trainings that incorporate live devices.

B. **Cost of Use:**

The cost of each proposed use is unpredictable due to the unknown nature and timelines of dangerous barricade situations, critical incident, and hostage situations. The devices may be stored inside of the Police Department, in the Special Response Team Vehicle, or in the rescue vehicle. There are no additional storage costs. There are no associated costs for transporting, maintenance, training, or upgrades.

C. **Cost of Potential Advert Effects:**

Adverse effects of improper use of a diversionary device are not calculable. It could result in serious injury. Additionally, the improper use could result in civil liabilities.

D. **Annual and Ongoing Costs:**

See below training cost.

E. Training Cost:

Only trained and qualified personnel are permitted to deploy diversionary devices. These trained Berkeley Police officers are typically members of the Berkeley Police Department Special Response Team who receive monthly training which includes training in the deployment of diversionary devices. The cost of training is staff time.

F. Maintenance and Storage Costs:

The majority of diversionary devices are stored inside of a room in the basement within the Police Department. There are no additional storage costs. There are no associated costs to transporting, maintenance, or upgrades.

G. Upgrade Costs:

No upgrades exist for this equipment as of this report.

(4) Impact:

The Berkeley Police Department is committed to preserving and protecting human life and welfare. These tools allow us to fulfill our commitment to our community.

Diversionsary Devices may be utilized in many situations to include potentially dangerous barricaded subject situations, hostage situations, and critical incidents. Some criteria considered prior to a deployment is dependent upon whether the suspect is a dangerous felon, causes a life-threatening situation and/or other unique incidents where it appears to be a reasonable method in which to resolve the situation. When deployed appropriately these devices can assist in safely apprehending suspects and resolving high risk critical incidents with minimal or no injuries to suspects and/or officers.

(5) Mitigations:

Since Diversionsary Devices are considered low explosives, there are several protocols in place to mitigate possible negative results (i.e. minor or major injuries).

Only trained and qualified personnel are permitted to deploy diversionary devices; typically, members of the Special Response Team who receive constant training regarding the deployment, effects, and post deployment protocols.

Pre-deployment concerns are typically gathered and evaluated, such as:

- The number of people at a location and the individual location of suspects within the structure.

- Evaluation if there are children or elderly people present
- An evaluation of the suspect's mental and physical conditioning
- Evaluation of the building/room layout
- Possible combustible/flammable substances present
- Lighting conditions

When a diversionary device is deployed, the officer shall utilize a helmet, hearing protection, eye protection, body armor, and nomex (fire resistive) gloves.

If a diversionary device is used, a supervisor shall be notified, medical treatment/screening is conducted, and a collection of the deflagrated device is completed. Documentation utilizing the device serial number is recorded.

Per Policy 351 - Except in extreme emergencies (i.e., life-threatening situations), flash/sound diversionary devices shall not be used without prior authorization of the incident commander/on-scene supervisor. Whenever diversionary devices are carried by personnel in an actual situation or incident, that fact shall be noted in the after-action report or police report. In the event devices are deployed, the circumstances surrounding their deployment shall be fully described. The Chief of Police or his or her designee shall be responsible for reviewing any deployment of diversionary devices to ensure that policy was followed. Diversionary devices are registered by serial number with the Bureau of Alcohol, Tobacco, and Firearms (ATF). Typically, the police department's purchase of new devices is reported directly (by case-lot serial numbers) to ATF by the device manufacturer via ATF Form 5. The National Firearms Act requires the police department to notify ATF upon the use/expenditure of diversionary devices. A Special Response Team member shall be responsible for submitting written notification to ATF when all devices listed on a single ATF form 5 have been used/expended.

(6) Alternatives:

A possible alternative to a diversionary device (flashbang) is the Tactical Electronic Distraction Device (T.E.D.D.) which emits 2600 lumen light and high pitched 120 decibel sound to disorientate subjects. This could be a good tool as it is not a low explosive however it has its negative aspects as well:

- There is no feeling of atmospheric pressure, limiting the desired momentary physiological effect.
- A suspect could pick up and throw the device at potential victims and at police officers. The currently used diversionary devices are too hot to attempt this.
- In certain circumstances, a suspect could potentially steal the device during an escape.
- The individual cost per unit is approx. \$200 which is much more than a diversionary device
- This device is significantly less effective in disorienting subjects compared to a diversionary device.

(7) **Third Party Dependence:**

There is no third-party dependence for Diversionary Devices with the exception of communication with ATF of the purchase. Once they are purchased, they are secured within their designated locations where they are stored until they are either used during incidents or training.

Long Range Acoustic Device (LRAD)

(1) **Description:**

A. **Background:**

The Long-Range Acoustic Device (LRAD) is a high intensity directional acoustical array for long range, crystal clear notification system. The use of the LRAD is for communications.

B. **Quantity:**

The Berkeley Police Department possesses 2 Long Range Acoustic Devices (LRAD) speakers. One is an LRAD 450XL and the other is an LRAD 100X.

C. **Capability:**

Both of these speakers are able to focus sound in directional pattern allowing the user to make sound audible over distances much greater than conventional public address speakers. The LRAD 450XL is the larger of the two and designed to either be used in a fixed location or mounted on a vehicle to make it portable. It

has a usable range of approximately 1 mile. The LRAD 100X is smaller and more portable. It can be carried or mounted to a person's chest for mobility or mounted to a vehicle. Its range is approximately 1/3 of a mile. Both of these systems allow for clear long-range communication, they are also able to play recorded messages.

D. Lifespan:

The lifespan for both LRADs is 25 years.

E. Use:

The LRADs are used to communicate with the community during natural disasters, crowd management and control situations, or when other forms of communications are ineffective or inoperable to unequivocally communicate messages from Police or Fire and safely resolve uncertain situations where communicating with the public is paramount.

F. How it Works:

The LRADs are essentially a long-range speaker or long-range megaphone and operates as such.

(2) Purpose:

The LRADs are designed for clear long-range communication. The LRAD's ability to communicate over a long distance is far superior to any megaphone or Public Address (PA) system mounted to a police vehicle. Additionally, LRAD's may be used to:

- Communicate lifesaving information to residents during disasters
- Communicate to large crowds during parades, festivals, concerts and sporting events
- Establish safety zones and perimeters
- Control traffic congestion
- Conduct Special Response Team operations
- Broadcast a dispersal order
- Communicate during hostage and barricaded subject situations
- Announce and serve high risk warrants
- Communicate to protesters
- Communicate to persons threatening suicide who are in an inaccessible location
- Conduct search and rescue operations

The ability to communicate with the public in a large area increases the safety of all members of the public and law enforcement. It allows everyone in a given area to know what is being communicated, gives more situational awareness to everyone in a given area and allows people to know where to go or not to go.

(3) **Fiscal Cost:**

A. **Initial Cost:**

The LRAD 450XL and the LRAD 100X were purchased in 2018. The total cost for both LRADs, rechargeable battery packs and accessories was \$49,999.

B. **Cost of Use:**

There is no cost associated with each use of the LRADs. The systems run on batteries or can plug into a vehicle.

C. **Cost of Potential Adverse Effects:**

Adverse effects of improper use of the LRADs are not calculable. It could lead to hearing loss. Additionally, the improper use could result in civil liabilities.

D. **Annual and Ongoing Costs:**

BPD has not incurred any additional cost to date for this equipment.

E. **Training Costs:**

Training is conducted by Berkeley Police personnel who are trained in the use and procedures of the LRAD. The cost to train is staff time.

F. **Maintenance and Storage Costs:**

There are no maintenance or storage costs for this equipment.

G. **Upgrade Costs:**

No upgrades exist for this equipment as of this report.

(4) **Impact:**

The Berkeley Police Department is committed to ensuring the safety of our community. Having the ability to communicate efficiently and effectively in different situations is crucial in providing potentially life-saving information to the public. The LRAD provides BPD personnel the ability to communicate long distances to people that are in a given area, inside structures, or barricaded inside a structure. The LRAD is very effective any situation involving communicating information to large crowds, or entire communities.

(5) **Mitigations:**

The only potential negative impact of the LRAD's is that they are capable of producing a high pitched "deterrent tone" that is designed to disperse a potential threat. This "deterrent tone" does have the ability to cause hearing damage. BPD Policy 707 strictly prohibits any member of BPD from using the LRAD as a weapon. Additionally, the LRAD can only be deployed at the direction of a Watch Commander or Incident Commander and may only be used by personnel specifically trained in the use of the LRAD.

(6) **Alternatives:**

BPD is not aware of any other sound speakers that are able to clearly communicate over long distances of up to 1 mile.

(7) **Third Party Dependence:**

To date, BPD has not depended on any third party for the use or maintenance of this equipment.

36" Baton

(1) **Description:**

A. **Background:**

The Berkeley Police Department issues a knurled grip, polycarbonate, fixed-length straight baton for crowd control purposes. The baton is 36" long and 1.25" in diameter and weighs about 1.64 pounds. Polycarbonate is a thermoplastic, which means it is durable, resistant to splintering and heat.

B. **Quantity:**

In 2017, BPD purchased 175 polycarbonate 36" batons to replace aging wood batons of the same purpose. Additional polycarbonate batons were purchased over the past four years to ensure all sworn police officers as well as trained reserve police officers are equipped with the 36" baton. BPD possesses approximately 195 - 36" polycarbonate batons. Most of these batons are issued to and maintained by individuals. However, a small amount of these batons is stored in a secure equipment room as spares in case of damage or new personnel issue.

C. Capabilities:

The 36" baton is carried in a "baton ring" on an officer's belt just as any other baton. It is used as a safety tool and is a means for officers to defend themselves in certain crowd control or riot situations. Trained officers may employ particular applications of force with their 36" batons when directed by their chain of command. The 36" baton is the desirable baton in a crowd control situation as it is 7" longer than the standard 29" baton. The longer baton creates more distance between the officer and others, which is critical when dealing with violent or aggressive crowds.

D. Lifespan:

The manufacturer provides a lifetime repair or replacement guarantee.

E. Use:

The 36" baton is a less-lethal force tool and is intended to be used in crowd control situations in close quarters, where officers may defend an attack, or when engaging in physical contact with combative or aggressive crowd members. The 36" baton is only used for crowd situations.

F. How it Works:

There are a number of appropriate blocking or striking techniques an officer may use when force is justified and the decision is made to use the 36" baton to effectively gain control of a person or situation. The use of the baton requires the officer to continually monitor and assess effectiveness of any delivered strikes. The reason this type of force is administered is to stop a person's attack, threat or resistance, with the goal to place them under lawful arrest for their actions.

(2) Purpose:

The 36" baton is a less-lethal tool that may be used when a crowd becomes aggressive, hostile or violent. It is the most effective individual tool of choice when officers are in formation and engaged in crowd control duties.

When officers are deployed to maintain, disperse, or protect others from a violent crowd or civil disobedience, it is imperative that they have an adequate safety zone to protect themselves or others. The 36" baton provides officers additional distance from a potential threat than the standard issue 29" baton.

When the baton is used to strike a subject, kinetic energy transfer occurs. Kinetic energy is the energy of motion. The amount of translational kinetic energy which an object has depends upon two variables: the mass of the object and the speed of the

object. The desired effect is for the officer to apply a baton strike with the necessary energy to stop the threat as quickly and safely as possible. By targeting the large muscle areas of the arms or legs with sufficient kinetic energy, motor and sensory nerves can be affected. When the nerves are affected this will create momentary muscle dysfunction or pain, which will allow the officer the ability to gain control of the subject, while minimizing the possibility of long-term injury to the subject.

The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the person's conduct is creating an immediate threat of serious bodily injury or death to an officer or any other person as outlined in policy 303 and 300.

(3) Fiscal Cost:

A. Initial Cost:

The cost of the Monadnock MP36 2004 36" polycarbonate baton with knurled grip was \$53.00 per baton in September 2017. After tax, \$10,132.94 was spent for the purchase of 175 batons. The department placed an additional order for 20 batons in December 2019. It is anticipated that the cost of the baton will fluctuate a few dollars based on supply and demand over time.

B. Cost of Use:

The only cost associated with use that of ongoing departmental training to ensure officers are proficient in authorized baton techniques.

C. Costs of Potential Adverse Impacts:

Adverse effects from improper use of the 36" baton cannot be anticipated. Improper use could lead to serious bodily injury or death. Additionally, the improper use could result in civil liabilities.

D. Annual and Ongoing Costs:

There is no additional annual or ongoing cost associated with the 36" baton.

E. Training costs:

Training on the applications of the batons are conducted at the police academy. Police Office Standard Training (POST) requires "arrest and control" training every 2 years which includes portions of baton training. This training is conducted in-house by POST certified defensive tactics instructors.

F. Maintenance and Storage Costs:

There are no associated costs to transporting, maintenance, or upgrades.

G. Upgrade Costs:

No upgrades exist for this equipment as of this report.

(4) Impact:

Per Policy 300, “The Berkeley Police Department’s highest priority is safeguarding the life, dignity, and liberty of all persons. The Department is committed to accomplishing this mission with respect and minimal reliance of the use of force by using rapport-building communication, crisis intervention, and de-escalation tactics before resorting to force.”

At times, it may become necessary for police officers to use force in crowd control situations to move a crowd, stop violent behavior, overcome resistance or make a lawful arrest. Officers have been trained that they must do everything possible to avoid unnecessary uses of force, and minimize the force that is used, while still protecting themselves and the public. When deemed necessary, use of the 36” baton may be used as a tool to strike a person, create a barrier or used in formation in order to move a crowd in a certain direction. The use of the baton may cause discomfort, pain, blunt trauma and has the potential to cause serious injury. Their use is subject to the totality of the circumstances, proper training, department policy, as well as federal and state law.

Officers who use the 36” baton are trained to continuously assess each situation where force is used and only use the force that is reasonably necessary and proportional to respond to the threat or resistance to effectively and safely resolve the incident.

(5) Mitigations:

Per Policy 300, “In all cases where physical force is used, officers shall use a minimum amount of force that is objectively reasonable, objectively necessary, and proportional to effectively and safely resolve a conflict.”

Per Policy 303, “Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device. Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices. When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.”

Every officer who carries a 36" baton has been trained how to properly carry the equipment, its intended use, target areas and non-target areas. Large muscle groups such as the upper legs or lower abdomen are approved target areas and areas to be avoided at the groin and head. When a baton strike is directed at an intended target area and the subject moves simultaneously, it is possible for the officer to unintentionally strike a non-target area. Officers are trained to consider the placement of baton strikes, and to immediately render medical aid to the subject as soon as it is safe to do so.

All uses of force require documentation that is completed by the supervisor in a use of force report and reviewed by the Chain of Command. Furthermore, all deployments of equipment outlined in the Police Equipment and Community Safety Ordinance are documented according to the reporting requirements as mandated in the ordinance.

(6) **Alternatives:**

The alternatives to the 36" crowd control baton are the 29" standard issue baton and collapsible 26" Rapid Containment Baton (RCB). The standard issue baton and RCB are shorter in length and require officers to be closer to the person they are engaging, thereby increasing the risk of injury to the officer and the person. A longer baton provides an officer with more distance which creates a small safety zone and allows the officer time to react and assess the situation before making use of force decisions.

(7) **Third Party Dependence:**

There is no requirement for a third-party service provider to issue the 36" crowd control baton. Berkeley Police Department Defensive Tactics Instructors provide in-house training on the proper use of the baton.

Mobile Command Vehicle

(1) **Description:**

A. Background

The Berkeley Police Department owns one Mobile Command Vehicle (MCV). Our MCV is a 2003 Freightliner MT55. This vehicle's most common use is as a commercial delivery vehicle. Our 2003 Freightliner MT55 was converted into a MCV by adding desktop work stations, additional police radios and emergency lighting. The MCV is 30' long and has a gross vehicle weight (GVW) of approximately 23,000 pounds.

B. Quantity:

The Berkeley Police Department owns 1 MCV.

C. Capability:

The MCV is a mobile office that provides shelter and may be used as a mobile command and communication center.

D. Lifespan:

This vehicle is approximately 20 years old and is at the tail end of its serviceable lifespan. All emergency vehicles need to be completely dependable and vehicles of this age start to lose dependability as old parts start to fail without warning. The modern versions of this type of vehicle are typically converted motorhomes.

E. Use:

This vehicle is used as a mobile command post for large scaled events.

F. How it Works:

This vehicle operates and drives like other vehicles.

(2) Purpose:

This vehicle may be used as a mobile command post for any larger scaled events or as a communications center in the event the communications center in the Public Safety Building is inoperable. Some examples of large-scale events include Solano Stroll, Juneteenth, 4th of July, critical incidents or natural disasters.

(3) Fiscal Cost:

A. Initial cost:

The initial cost of the MCV (2003 Freightliner MT55) was \$230,800.

B. Cost of Use:

The cost of use is the cost of fuel from the City Corporation Yard.

C. Cost of Potential Adverse Effects:

Adverse effects of improper use of the MCV are not calculable, but is the same as improper use of any vehicles. The improper use could result in civil liabilities.

D. Annual and Ongoing Costs:

There is no annual or ongoing cost associated with this vehicle. Maintenance of the vehicle is conducted by the City's Corporation Yard.

E. Training Costs:

Training is conducted in-house by Berkeley Police personnel who are trained in the operation of the vehicle. The training cost is staff time.

F. Maintenance and Storage Costs:

There are no storage costs and maintenance would be conducted by the City of Berkeley Corporation Yard.

G. Upgrade Cost:

The MCV is almost 20 years old and upgrades would involve replacing different parts of the vehicle. This work would be conducted by the City of Berkeley's Corporation Yard. The cost would be staff time plus the cost of any necessary parts.

(4) Impact:

The MCV is used as a command post for any large scaled event. It works as a mobile central location where resources can stage and be deployed from. It provides the police department with on-site command, supplying a control and communications hub that is needed for large community events, or critical incidents such as natural disasters in order to maintain public safety.

(5) Mitigations:

The MCV shall only be operated by trained personnel that have demonstrated proficiency in the operations of this vehicle per Berkeley Police Department Policy 811.

(6) Alternatives:

The MCV is almost 20 years old. Current MCV from other agencies are large mobile homes converted into MCVs.

(7) Third Party Dependence:

All maintenance is completed through the Cities Corp Yard so there is no dependence on a third party.

Barrett Model 99 Rifle

(1) Description:

A. Background:

The Barrett Model 99 rifle is a single shot bolt-action 50-caliber rifle first

introduced in 1999. It is intended to be used in emergency situations where there is a high potential for violence.

B. Quantity:

Berkeley Police Department Special Response Team (SRT) currently possess 1 (one) of these rifles and is not looking to purchase any others.

Currently BPD has approximately 100 Summit Ammunition .50-caliber BNG rounds.

C. Capability:

This rifle is used only in situations where a potential life-threatening situation exists. The length of the rifle's barrel coupled with the ammunition result in precision accuracy. This rifle is capable of disabling any vehicle engine block because of the large caliber round.

D. Lifespan:

This rifle has been in our possession for almost 15-years and we expect it to last for an additional 20 years or more considering how in-frequently it's used.

E. Use:

This rifle is used primarily in emergency situations where a life-threatening situation exists, necessitating a vehicle to be disabled.

F. How it Works:

This is a bolt-action rifle that fires one round at a time and needs to be reloaded by hand after each round. The Barrett Model 99 rifle works similar to all modern bolt-action rifles. When the trigger is pressed, a firing pin strikes the primer of a bullet loaded into the chamber of the rifle. The ignited primer ignites gun powder contained in the bullet which pushes the bullet down the barrel and out the muzzle. The operator pulls the bolt back, ejecting the spent cartridge. The operator then loads another bullet into the breach, pushes the bolt forward, and closes the chamber, making the rifle ready to fired again.

(2) Purpose:

The Barrett rifle is a firearm that may be used to stop a vehicle which poses a lethal threat to the public, or to disable a vehicle which presents a threat to the safety of another person(s) by its continued use. There are vehicle disabling tools that may disable vehicles by slowly deflating the tires; however, even with tires deflated a vehicle has the ability to operate and remain a threat to the public. Furthermore,

these tools must be hand deployed and, in most circumstances, require officers to expose themselves to deadly threats. The Barrett rifle creates the ability to effectively disable vehicles instantaneously from a distance away.

(3) **Fiscal Cost:**

A. **Initial Cost:**

The Barrett Model 99 50-caliber rifle has a retail cost of approximately \$12,500 dollars. The Department of Justice provided the Barrett rifle to the Berkeley Police Department on 04/04/2007. There was no initial cost related to BPD taking possession of it.

B. **Cost of Use:**

The costs associated with its proposed uses is in the expenditure of its ammunition. The ammunition has a retail cost of approximately \$6 dollars per bullet; \$60 for a box of 10 and \$600 for a case of 10 boxes, plus shipping and handling. We currently possess 100 rounds of BMG ammunition.

C. **Cost of Potential Adverse Effects:**

Adverse effects of improper use of a firearm are not calculable. It could lead to the loss of life or serious injury. Additionally, the improper use could result in civil liabilities.

D. **Annual and Ongoing Costs:**

The annual cost of the equipment is minimal and includes ammunition expenditure, cleaning equipment, and possibly replacing the optics at some point in the future.

E. **Training Costs:**

The cost associated with training is the staff time, range fees, and cost of spent ammunition.

F. **Maintenance and Storage Costs:**

Maintenance costs vary depending on use over time and will vary. There are no costs associated with maintenance or storage of ammunition. All ammunition is stored in a climate-controlled room in the Berkeley Police Department.

G. **Upgrade Costs:**

Improvements in technology and new designs may be an additional cost but we can't predict what those will be at this time.

Should advancements be made in ammunition manufacturing; those upgrade costs are unknown at this time.

(4) **Impact:**

The Berkeley Police Department is committed to preserving and protecting human life and welfare. The Barrett rifle is a firearm the department would primarily use to stop a vehicle which poses a lethal threat to the public or used to disable a vehicle that presents a threat to the safety of another person(s) by its continued use.

The Barrett rifle is intended as a tool to increase the safety and welfare of community members and officers alike.

The Barrett rifle has minimal or no impact on civil rights or civil liberties as it will only be deployed in very specific situations, by very select members of the SRT. This is not a piece of equipment that is carried by an officer on routine patrol, and is highly unlikely that any members of our community would ever see this equipment due to its very selective use in the most critical of instances.

(5) **Mitigations:**

Only four BPD members are authorized to utilize this rifle. Authorized members are trained in its use as well as the very specific and limited circumstances where this equipment would be utilized.

(6) **Alternatives:**

There is no other alternative tool or asset available that could accomplish the same goal of this rifle. An alternative rifle to the Barrett model 99 is a different rifle of equal capability, such as a Lapua .338 caliber rifle.

(7) **Third Party Dependence:**

These rifles are simple in their design and operation. They do require regular maintenance which is performed by an SRT Team Leader. If an issue arises which is beyond the scope of our Armorers we would seek manufacturer assistance. However, the need for this is expected to be very rare.
