Up-coming Pier/Ferry Meeting

We look forward to seeing returning faces as well as new ones at our second public workshop on the Berkeley Municipal Pier and WETA Ferry Facility Planning Study this Tuesday, August 10, 2021 at 6:30 P.M. The goal of the workshop is a focused one – to solicit feedback from our community on the second round of landside and waterside design options. This specific feedback is necessary to inform the development of a Preferred Conceptual Alternative that will be honed in on over the coming months and shared at Community Workshop #3 later this year. Your voice as a current or future user of the Pier/Ferry/Waterfront is important. There is a new [Pier-Ferry Project FAQs](#) live on the [Project website](#) .

NBSC Update

We are still 6 months out until the North Berkeley Senior Center is ready to be occupied. The remaining tasks include an alarm system, public announcing system, landscaping, and architectural upgrades. The facility will be a beautiful state of the art facility with a solar system on the roof.
