**Subject:** FW: T1 Update  
**Attachments:** DeckingBeforeAfter.jpg; IMG\_3653.JPG; IMG\_2982.JPG

T1 update

Attached is a before/after photo of the Finger Dock Replacement project which just finished at the Waterfront, a photo of the Cazadero Camp Landside fix that was completed a couple years ago, a photo of Berkeley Tuolumne Camp cabins under construction and the ribbon cutting program for King Park next Thursday. At the bottom of the email there are 3 photos: an image of the ongoing construction of the Marina Streets project which includes University Avenue, Marina Blvd and Spinnaker Way in the Waterfront, an image of the Cazadero Jenson Dormitory construction (it was destroyed in the landslide); an image of the new 5-12 element that is part of the King Park project

### **Input on possible 2022 Bond Measure**

Many neighborhood and friends groups have signed-up for an infrastructure update with PRW and PW staff to discuss priorities for a possible Infrastructure focused revenue measure on the November of 2022 ballot. We will be engaging neighborhood and Friends groups through the end of the calendar year. **If you are interested in having City staff attend one of your meetings during that time period or want to create a meeting, please email Wanda Williams at [wwilliams@cityofberkeley.info](mailto:wwilliams@cityofberkeley.info).**
