T1 update

Attached is 60 % design image of the University Avenue (in the waterfront) which started this week and below is an amazing photo the new bridge, dining hall and a recreation hall at Berkeley Tuolumne Camp(BTC). The Marina Streets project should be complete in December and BTC should be complete in June 2022.

Input on possible 2022 Bond Measure

The City will be taking input on priorities for a possible Infrastructure focused Revenue measure on the November of 2022 ballot. We will be engaging many neighborhood and Friends groups to get feedback in October and November. **If you are interested in having City staff attend one of your meetings during that time period, please respond to this email.**
