Pursuant to the City Council Rules of Procedure and State Law, the presiding officer may remove, or cause the removal of, an individual for disrupting the meeting. Prior to removing an individual, the presiding officer shall warn the individual that their behavior is disrupting the meeting and that their failure to cease their behavior may result in their removal. The presiding officer may then remove the individual if they do not promptly cease their disruptive behavior. “Disrupting” means engaging in behavior during a meeting of a legislative body that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting and includes, but is not limited to, a failure to comply with reasonable and lawful regulations adopted by a legislative body, or engaging in behavior that constitutes use of force or a true threat of force.

**California Government Code Section 84308 (Levine Act)** Parties to a proceeding involving a license, permit, or other entitlement for use are required to disclose if they made contributions over \$500 within the prior 12 months to any City employee or officer. Parties and participants with a financial interest are prohibited from making more than \$500 in contributions to a decisionmaker for the 12 months after the final decision is rendered on the proceeding. The above contribution disclosures and restrictions do not apply when the proceeding is competitively bid, or involves a personnel or labor contract. For more information, see Government Code Section 84308.

## Minutes for Approval

*Draft minutes for the Committee's consideration and approval.*

### 1. Minutes - March 18, 2026

## Committee Action Items

*The public may comment on each item listed on the agenda for action as the item is taken up. The Chair will determine the number of persons interested in speaking on each item. Up to ten (10) speakers may speak for two minutes. If there are more than ten persons interested in speaking, the Chair may limit the public comment for all speakers to one minute per speaker. Speakers are permitted to yield their time to one other speaker, however no one speaker shall have more than four minutes.*

*Following review and discussion of the items listed below, the Committee may continue an item to a future committee meeting, or refer the item to the City Council.*

### 2. **Scheduling Hopkins Street for Paving with Pedestrian Safety Improvements From: Councilmember O'Keefe (Author), Councilmember Kesarwani (Author), Mayor Ishii (Co-Sponsor), Councilmember Humbert (Co-Sponsor) Referred: January 26, 2026 Due: June 15, 2026**

**Recommendation:** Refer to the City Manager to prioritize paving Hopkins Street from Sutter to San Pablo with pedestrian safety improvements by Fiscal Year 2026-27 or FY 2027-28 at the latest. Refer to the City Manager to work with the Department of Public Works to: 1. Perform an in-house safety assessment of Hopkins, west of Gilman Street to recommend appropriate pedestrian safety enhancements; 2. Incorporate pedestrian safety improvements into the paving project, including but not limited to additional and improved crosswalks, lighting enhancements, and traffic calming measures consistent with the City's Vision Zero and Pedestrian Plans; and 3. Return to Council by May 2026, as part of the biennial budget development process, for FY 2026-28 with a recommended timeline, scope of work, cost and funding source(s).

**Financial Implications:** See report

**Councilmember Shoshana O’Keefe, District 5**  
**Councilmember Rashi Kesarwani, District 1**

To: Honorable Mayor and Members of the City Council  
 From: Councilmember Shoshana O’Keefe and Councilmember Rashi Kesarwani (Co-Authors), Mayor Adena Ishii and Councilmember Mark Humbert (Co-Sponsors)  
 Subject: Scheduling Hopkins Street for Paving with Pedestrian Safety Improvements

**RECOMMENDATION**

Refer to the City Manager to prioritize paving Hopkins Street from Sutter to San Pablo with pedestrian safety improvements by Fiscal Year 2026-27 or FY 2027-28 at the latest.

Refer to the City Manager to work with the Department of Public Works to:

1. Perform an in-house safety assessment of Hopkins, west of Gilman Street to recommend appropriate pedestrian safety enhancements;<sup>1</sup>
2. Incorporate pedestrian safety improvements into the paving project, including but not limited to additional and improved crosswalks, lighting enhancements, and traffic calming measures consistent with the City’s Vision Zero and Pedestrian Plans; and
3. Return to Council by May 2026, as part of the biennial budget development process, for FY 2026-28 with a recommended timeline, scope of work, cost and funding source(s).

**CURRENT SITUATION AND ITS EFFECTS**

The overall pavement quality of the Hopkins corridor is poor. Of the 12 different segments that run from Sutter to San Pablo Avenue only two are considered in fair condition on a scale of 0 to 100, with zero being “failed” and 100 being “brand new.” Eight other segments along the corridor are considered in “poor” condition, ranging on the scale from 33 to 46, while two are rated as “failed,” with scores of 19 and 24 respectively.<sup>2</sup> The exact scores of each segment can

<sup>1</sup> The Hopkins Corridor Traffic and Placemaking Study originally only considered design improvements between Gilman Street and Sutter leaving the segments of Hopkins west of Gilman with no prior staff safety assessment.

be found in Exhibit 1 in the section below. This item is recommending doing only pedestrian upgrades because Measure FF, the sidewalk and street repairs parcel tax passed by the voters in November 2024 with 60 percent approval, specifically notes, “Proceeds of the tax may not be used to fund bicycle-specific safety improvements (such as cycletracks or protected bikes lanes) on Hopkins Street between McGee and Gilman.”<sup>3</sup>

## **BACKGROUND**

Hopkins serves as a major east–west arterial in North Berkeley, linking the Berkeley Hills to San Pablo Avenue and I-80. It is unique in that it combines dense residential neighborhoods with a neighborhood-serving commercial district centered around the intersection of Hopkins Street and Monterey Avenue. This area includes the Monterey Market, Magnanis Poultry, Hopkins Street Bakery, Gioia Pizza, the Berkeley Horticulture Nursery, Espresso Roma Cafe, and other long-standing small businesses that serve the neighborhood and also draw visitors from across Berkeley. The corridor is also home to the North Branch of the Berkeley Library, several schools including Mustard Seed, Hopkins Preschool, King Middle School, and St. Mary’s High School, as well as a high concentration of both families and seniors. It is also the most direct route used by northwest Berkeley residents to access these public services and amenities that are not readily available in their own neighborhoods.

The street has a documented history of pedestrian and bicycle safety concerns, and has been identified in Berkeley’s Vision Zero Plan as a high injury street.<sup>4</sup> Many intersections are outdated, lacking modern safety features and in the last several decades, the street has been home to fatalities and severe injuries. In 2017, a crash claimed the life of a Berkeley resident, prompting a referral from then Councilmember Sophie Hahn for a traffic and placemaking study for the corridor. In an April 2023 off-agenda memo, former City Manager Dee Williams-Ridley, cited vacancies within the Transportation Division of the Public Works Department as the reason for pausing the work previously directed by the City Council, which was to further develop designs for the Hopkins project.<sup>5</sup>

Although the City had previously set aside funding for the Hopkins Paving Project, City Council reallocated \$2.8 million of those funds on June 13, 2023, to close the Measure T1 funding gap.<sup>6</sup> An additional \$900,000 was later removed from the project during the adoption of the FY 2023-

24 budget. However, when the City Council approved the Street Rehabilitation Five-Year Plan for Fiscal Years 2024-2028, staff committed to completing Hopkins as soon as possible and no later than this five-year cycle.<sup>7</sup>

As of today, Hopkins Street from Sutter to San Pablo remains on the City’s 5 Year Paving Plan as a 2023 holdover.<sup>8</sup> The state of the street has only continued to worsen, with parts of Hopkins rated among the worst Pavement Condition Index scores in the City. From an asset management perspective, the current Pavement Condition Index (PCI) scores present a critical urgency.

**Exhibit 2: A Segment of Hopkins Street between Gilman and Sacramento with a PCI of 19, indicating a failing pavement condition**

Source: Councilmember Rashi Kesarwani

Along with paving, the pedestrian safety improvements proposed for this segment include:

- Reconstructed curb ramps
- Bulb-outs at Monterey/Hopkins (NW and NE corners with green infrastructure: 346 & 249 sq ft); Bulb-out at California/Hopkins (SE corner); Bulb-outs at all four corners at The Alameda/Hopkins, including approximately 556 sq ft of green infrastructure on the NW corner
- Relocation of the Hopkins/McGee crosswalk from west to east (requires a new north-side curb ramp)
- Raised crosswalk at Hopkins/Josephine (west side)
- Additional Rapid Flashing Beacons (RRFB), bulb-outs, pedestrian safety islands, stop signs and other types of improvements as recommended by staff to enhance safety at intersections and crossings west of Gilman Street

Given the safety concerns, the deteriorating condition of the street, and the fact that Hopkins Street has been on the paving plan for years, this referral asks the City Manager to follow through with the commitment the City made to the residents of Hopkins Street and move forward with paving the street with pedestrian safety and traffic calming measures.

### **REVIEW OF EXISTING PLANS, PROGRAMS, POLICIES AND LAWS**

Advancing paving and pedestrian safety on Hopkins will support citywide goals and address deferred maintenance, in accordance with the City's Vision Zero and Pedestrian Plans.

### **CONSULTATION/OUTREACH OVERVIEW AND RESULTS**

Councilmembers O'Keefe and Kesarwani met with the City Manager and Public Works, and both expressed interest in pursuing the project.

### **ENVIRONMENTAL SUSTAINABILITY**

The Hopkins Street paving project is subject to the City of Berkeley's Green Infrastructure (GI) requirements, which were established to comply with the San Francisco Bay Regional Water Quality Control Board's Stormwater Municipal Regional National Pollutant Discharge Elimination System (NPDES) Permit (MRP3).

### **FISCAL IMPACTS**

To be determined.

CONSENT CALENDAR

January 23, 2018

To: Honorable Mayor and Members of the City Council  
From: Councilmember Sophie Hahn  
Subject: Budget Referral: Hopkins Street Corridor Traffic and Placemaking Study

RECOMMENDATION

Refer to the Budget Process the funds necessary to undertake a traffic and placemaking study of the Hopkins/Monterey/Sacramento corridor; specifically, Sacramento Street from the southern approach of Rose Street to Hopkins, Hopkins from Gilman Avenue to Sutter/Henry, and the Monterey Avenue approach to Hopkins from the North. The study should include all intersections and use a “complete streets” approach to identify improvements to be integrated into the paving and bicycle infrastructure work already scheduled for this area, and to identify additional projects to be undertaken over time, with an emphasis on pedestrian safety, bike and vehicle safety and flow, community-building and placemaking, parking, support for local businesses, green infrastructure and aesthetics. Include cost estimates, potential sources of funding and a proposed timeline for implementation of recommended improvements.

FINANCIAL IMPLICATIONS

\$200,000 to supplement existing funds for planning in the corridor, and staff time to complete the studies.

BACKGROUND

In 2017, the City of Berkeley experienced two fatalities as a result of car accidents involving pedestrians or cyclists. Both occurred in the heavily trafficked Hopkins /Sacramento/Monterey corridor (the “Hopkins Street Corridor”), one at the intersection of Hopkins and Monterey involving a pedestrian<sup>1</sup>, and the other on Sacramento Avenue near Hopkins, involving a cyclist<sup>2</sup>. These tragedies are just two of the most recent and deadly incidents in this busy area, and highlight the need for a comprehensive traffic study of the Hopkins Street Corridor. Specifically, the area of study should include Sacramento Street from the southern approach of Rose Street to Hopkins Street, Hopkins from Gilman Street to Sutter Street, and the Monterey Avenue approach to Hopkins from the North, plus all major and minor intersections.

In addition to the recent deaths in this area, there are numerous impactful conditions in the Hopkins/Monterey corridor that support the need for comprehensive study of traffic conditions

and placemaking including, but not limited to:

- The busy neighborhood commercial area centered around the intersection of Hopkins Street and Monterey Ave, which attracts significant car, bicycle and pedestrian traffic on a daily basis, constant ingress and egress from parking lots and spaces, and associated delivery and other trucks;
- Numerous educational and recreational facilities in the area that involve drop-off and pick-up of youth, and/or youth pedestrians and bike riders, including at least four preschools (Mustard Seed at 1640 Hopkins St, Hopkins Pre-school at 1810 Hopkins, Sprouts at 1910 Hopkins, and Gay Austin School at 1611 Hopkins), King Middle School, King's playing fields and the adjacent park, pool, and tennis courts, St. Mary's High School and the North Branch Library;
- Two active churches;
- A high concentration of families and Senior Citizens living in the area, regularly crossing streets to access shops, recreational and ecumenical facilities and the North Branch public library;
- Hopkins and Monterey serving as major East/West access corridors with significant vehicular traffic to and from freeways and cross-town destinations (via Sacramento, San Pablo, The Alameda/MLK and Sutter/Henry/Shattuck);
- Hopkins and Sacramento serving as designated Emergency Access and Evacuation Routes<sup>3</sup>;
- California Street as a bicycle boulevard, and both Hopkins and Monterey scheduled for new bike infrastructure as part of the 2017 Berkeley Bicycle Plan;
- Several AC Transit bus lines travelling through the corridor;
- One of only two gas stations in North Berkeley located at Hopkins and MLK/Alameda, with vehicles regularly stacked in the street and intersection awaiting ingress;
- The area, in particular the commercial district at Hopkins and Monterey, serving as an important community gathering space; and
- Treasured local businesses along Hopkins that draw a neighborhood and regional clientele and benefit from pedestrian activity and lively café-seating and street-life.

In light of all of these conditions, a comprehensive planning process is warranted - if not overdue - to improve the safety and enjoyment of the corridor for all citizens and all uses.

The study should include robust community outreach and input, and address the following considerations, as well as others deemed advisable by staff or the public:

**Complete Streets/Traffic:**

- Pedestrian safety at all intersections along the corridor, in particular at Monterey and Hopkins, the site of a fatality in April of 2017;
- Bicycle lanes, parking and infrastructure, including elements anticipated as part of the 2017 Berkeley Bicycle Plan;

- Traffic flow into and out of the corridor, with special attention to the Gilman/Hopkins, Sacramento/Hopkins, Hopkins/Monterey and Hopkins/MLK/Alameda intersections;
- Ingress and egress from the Monterey Market and the Hopkins/MLK/Alameda gas station;
- Parking, pick-up and drop-off for schools, the public library, churches and recreational facilities, including consideration of traffic management at peak times;
- AC Transit and school busses, both public and private;
- Green Infrastructure
- Addition of signalized intersections and/or adjustment of timing, turning and other features of signalized intersections; and
- Parking for employees and customers and loading for commercial vehicles.

### **Community Building/Placemaking**

- Study to include the entire neighborhood commercial area of Hopkins Street from McGee Avenue to Hopkins Court;
- Exploration of means to create additional spaces for community gathering and to increase greenery and other placemaking amenities that harmonize with existing features in the corridor, with full access for all ages and abilities;
- Ensure design and style of improvements add to the charm and character of this highly valued and historic neighborhood commercial district; and
- Any other considerations that may further enhance placemaking and the safe and vibrant use of public spaces, including improvements to hardscape and greenery and enhancement of community-building and placemaking.

### **ENVIRONMENTAL SUSTAINABILITY**

This recommendation supports Berkeley's environmental sustainability and resilience goals by encouraging biking and walking, enhancing a neighborhood shopping district with locally owned businesses that source responsibly and locally, incorporating green infrastructure, and strengthening community.

Commission on Disability

ACTION CALENDAR  
06/03/2025

To: Honorable Mayor and Members of the City Council  
 From: Commission on Disability  
 Submitted by: Kathi Pugh, Chairperson  
 Subject: Enforcement of Public Right-of-Way Accessibility Guidelines (PROWAG)

RECOMMENDATION

The Berkeley City Council shall refer to the City Attorney the requirement to include, in all City of Berkeley contracts that impact the public right-of-way, a clause that obligates City contractors to comply with the Public Right-of-Way Accessibility Guidelines (PROWAG).

FISCAL IMPACTS OF RECOMMENDATION

Examples of PROWAG contract clauses are readily available to the Office of the City Attorney. Adoption of this recommendation should not require significant time or expense.

The City currently has a staff position assigned to investigate, monitor and enforce PROWAG. The job description of the City's ADA Program Coordinator states that "under general supervision" the position is tasked with "implementation of the City's ADA program which includes...receiving and investigating grievance, reviewing projects plans for accessibility, [and] training city staff."

CURRENT SITUATION AND ITS EFFECTS

Both the ADA Program Coordinator and 311 receive complaints when disabled pedestrians and wheelchair users confront hazardous conditions in the public right-of-way. City staff time, significantly by the ADA Program Coordinator, is already used to, in many cases, successfully secure compliance with PROWAG. In some cases, City contractors refuse to comply with accessibility guidelines—because the requirement to comply is not stipulated in their contract. This is often on large, months-long City projects that significantly alter and disrupt the public right-of-way.

Failure to comply with PROWAG creates serious safety hazards for people with disabilities. At times, wheelchair users are forced into busy streets when PROWAG is not followed. In 2024-2025, this occurred repeatedly at projects on Bancroft/Fulton, University and Shattuck Avenues.

In addition, Audible Information Devices that warn blind and low vision individuals about blocked and alternate routes are rarely used by City contractors or private construction companies. When employed, these warning devices are frequently useless. They are, with regularity, incorrectly placed, not operating and inaudible. The routine failure to address accessibility for blind and low vision pedestrians creates manifestly unsafe conditions.

The City of Berkeley Public Works Department must develop proactive and effective educational, monitoring and enforcement systems to ensure that disruptions in the public right-of-way, whether performed by the City, its contractors, or during private construction projects, conform to PROWAG standards. When the City is informed of potential violations, timely investigation and remediation must bring violations into PROWAG compliance.

With the passage of Measure FF and the significant street redesign projects that will result, complying with PROWAG technical standards—in both design and construction—is imperative. Over many years, significant resources will be devoted to improving the condition and safety of Berkeley streets and sidewalks. Attention to PROWAG must be the rule—and included in City contracts. When envisioning Berkeley's future, Safe Streets must include the safety of people with disabilities.

### BACKGROUND

PROWAG defines aspects of the ADA not specified at the time of the groundbreaking law's passage in 1990. The ADA never specifically addressed accessibility in areas deemed the "public right-of-way." To support implementation of the ADA, the U.S. Access Board, a federal agency charged with promoting "equality for people with disabilities through leadership in accessible design and the development of accessibility guidelines and standards" created PROWAG. These accessibility guidelines were developed over the past two decades.

PROWAG was entered into the Federal Register in 2023 and adopted by the U.S. Department of Transportation in 2024. The City of Berkeley's 2020 Pedestrian Plan, Appendix B: Engineering and Design Guidance references PROWAG numerous times. CalTrans uses its technical standards. It is considered best practice. Yet, it does not hold the force of federally-mandated law. Because of this, the City's ADA Program Coordinator has indicated that some City contractors are unwilling to follow PROWAG. This obstacle to securing the rights and safety of people with disabilities can be overcome by including a PROWAG clause in City contracts.

PROWAG will define the access standards expected by the City of Berkeley in the

Yet a contract clause, without monitoring and enforcement of its obligations, is meaningless. For implementation, this recommendation requires a Public Works Department committed to the principles and technical standards outlined in PROWAG. We expect—and the City should secure—this level of accessibility and safety for the disability community.

The Commission on Disability took the following action at its April 9, 2025 meeting:

Action: Motion(Fischer/Pugh):To approve the recommendation to City Council regarding the enforcement of PROWAG, with the ability to make small edits regarding Caltrans and the City's use of PROWAG.

Votes: Ayes: Walsh, Fischer, Pugh, Sun, Lewkowicz, Mann, and Holloway;.Nays: None Abstain: None; Unexcused Absence: None; Leave of Absence: Paz

#### ENVIRONMENTAL SUSTAINABILITY AND CLIMATE IMPACTS

None.

#### RATIONALE FOR RECOMMENDATION

The PROWAG Contract Clause recommendation is a Strategic Plan Priority Project, advancing the City's goals in multiple areas:

- provide state-of-the-art, well-maintained infrastructure, amenities, and facilities;
- create a resilient, safe, connected, and prepared city;
- champion and demonstrate social and racial equity.

#### ALTERNATIVE ACTIONS CONSIDERED

No alternative actions have been considered.

#### CITY MANAGER

The City Manager recommends referring this item to the FITES Committee to better understand the potential costs and time impacts of undertaking the recommendation to streetscape projects.

To: Honorable Mayor and Members of the City Council

From: Paul Buddenhagen, City Manager

Submitted by: Terrance Davis, Director, Public Works

Subject: Companion Report: Enforcement of Public Right-of-Way Accessibility Guidelines (PROWAG)

RECOMMENDATION

The City Manager recommends that the Public Right-of Way Accessibilities Guidelines item be referred to the Facilities, Infrastructure, Transportation, Environment and Sustainability Committee for discussion of potential impacts.

FISCAL IMPACTS OF RECOMMENDATION

An assessment of comparable jurisdictions that currently adhere to PROWAG would need to be conducted to begin to understand the costs for implementation and the potential long-term impact on contracting and timelines for streetscape infrastructure.

Additionally, staff time for the administration of the recommendation has not yet been calculated within the following potentially impacted departments: City Attorney, Public Works; Parks Recreation and Waterfront; Planning and Building; Health Housing and Community Services; and Finance. City staff across multiple departments acting as project managers serve as contract monitors and are not currently trained in PROWAG requirements. Training expenses have not yet been determined.

Time to develop the contractual language needed for implementation would additionally impact the City Attorney's Office, which has not been consulted to calculate the exact staff time required or the potential need for an outside contractor to draft the provisions.

CURRENT SITUATION AND ITS EFFECTS

The City Manager recommends that Council refrain from referring this matter to the City Attorney's Office at this time. Staff would first need to assess capacity to monitor contractors' adherence to PROWAG and to determine how to take remedial steps if contractors fail to comply with PROWAG.

PROWAG is not incorporated in state or federal guidelines to which cities are required to adhere, and there are no funds tied to citywide implementation. If a contractor was unwilling or unable to comply with PROWAG, staff do not currently have clear protocols for when or how to terminate the noncompliant contract. Currently, there are no

protocols for determining if qualified alternative contactors are readily available to fill any gaps created by non-PROWAG compliant contractors. Adding compliance with PROWAG as a contractual duty may result in contractors requiring additional compensation.

Staff have yet to analyze current budgetary constraints to determine if recommended implementation costs are feasible.

### ENVIRONMENTAL SUSTAINABILITY AND CLIMATE IMPACTS

All future potential City contractors for projects related to lowering carbon emissions through upgrading the public right of way to encourage pedestrian and bicyclist use, would be required by the City to adhere to the PROWAG requirements. While many already do, including this in the contractual language, rather than in the design phase, may increase costs.

### RATIONALE FOR RECOMMENDATION

Better understanding the PROWAG project and cost implications would be prudent ahead of mandating they be made.

### ALTERNATIVE ACTIONS CONSIDERED

Staff could begin the process to study the cost of implementation, but the time required for that study would necessitate an outside contractor to supplement current staffing. A working group consisting of the aforementioned departments impacted by PROWAG requirements could be convened to begin to determine feasibility. There are not currently any funds dedicated in the City Budget for a study by an outside contractor or an interdepartmental working group.
