Dear Design Review Committee members,

We are writing to express our fulsome support of the proposed building at 2403 San Pablo Ave. and the design which you are reviewing on August 18.

Our home occupies an adjoining lot on the 2400 block of Byron Street and will be directly affected by the construction of these residences. The Berkeley Moshav group has been diligent and open in communicating with neighbors in the vicinity. We are eager to see this important and unique project become a reality and to welcome them as new members of the Poets' Corner community.

We urge the DRC to approve this project and hasten its move through the ZAB process. Thank you very much.

Douglas Smith
